AGGIES TRIM AMES

SCORE IS A TIE WITH BUT THREE MINUTES LEFT WHEN HINDS TOSSES BASKET

BUNGER TIES THE COUNT

Iowa Aggies Come from Behind Following Kansas Aggie First Half, But Star Aggie Forward Rings Basket That Evens the Score—Ties Missouri For Valley Lead

Missouri Valley Standings		
	Won	Lost
Missouri	6	0
Kansas Aggies	3	0
Nebraska	3	1
Ames	2	5
Drake	1	2
Washington	1	4
Kansas	1	5

Ames, Iowa, Feb. 11.—(Special to The Collegian).—With less than a minute of play remaining and the score a tie, "Heinie" Hinds, Kansas Aggie right forward, made a difficult overhead shot here tonight that won a 20 to 18 game from the Iowa State five, and which kept the Kansas Aggie basket tossers in the race for the Missouri Valley title.

The Kansas began the game with a slight lead, though the Ames team, playing a rough game, at no time allowed to the visitors to draw away to a safe margin. Partly through the aid of Captain Clarke's free-throwing, the visitors won the first half, 8 to 4.

The second half was the real battle, for the Iowa Aggies, determined to win from their Aggie brothers, fought their way to a 14 to 14 tie with the Clevenger men. Ames had the punch to bring the score to 18 to 16, with the Kansans on the short end.

Behind for the first time in the contest, the Clarke men rallied. Bunker's difficult goal, shot from a scramble under the Ames basket, tied the count, with but three minutes to play. For the next two minutes each team shot widely, but it was the flip made by "Heinie" Hinds that finally won the battle.

The Kansas Aggies leave early in the morning for Des Moines, where they play the Drake five.

AT DES MOINES TONIGHT

The game yesterday at Ames was the only contest scheduled between the two teams, and the Aggies are now in Des Moines, where they begin a two-game series with the Drake Bulldogs tonight.

Drake is expected to show more opposition than Ames, although the Iowa Aggie five has been playing a fast brand of basketball this season. The Bulldogs gave Nebraska the only defeat the Huskers have suffered this season—a defeat, by the way, which may work to the advantage of the Clevenger five, for the Nebraska school claims to have a championship contender this year.

Now for Valley Race.

The season is far enough advanced that predictions regarding the outcome of the Missouri Valley titular race are in order. The Missouri Tigers, with six consecutive wins and a clean slate, are the favorites, but there is yet a splendid chance that the Aggies, or perhaps Nebraska, may wrest the laurels from the Columbia five.

If the race is to be a three-cornered one, the Aggies are fortunate in the arrangement of their schedule. Nebraska plays the Clevenger men on the large Nichols gymnasium floor, and it is expected that the size of the court will be advantageous to the Clarke troupe. Nebraska's floor is small, and is walled in by a stadium of bleachers. Every visiting team has complained that the size of the court places the visitors at a disadvantage.

Missouri meets the Huskers at Lincoln, and that is expected to be the Waterloo of the Tigers if they are to be stopped before the Aggies go into Columbia for that big final series. With Captain Jackson and Hubka in true form on the Nebraska court, the Missouri Millerites will be forced to show their real speed.

Aggies Know Tiger Court.

The Aggies have little trouble with

the Missouri court, a fact which the Columbia students remember. Two years ago, the Clevenger men went into Columbia with two games in the "lost" column & Missouri's slate was clean. The Aggies needed both bouts to win. How the Aggies, coming from behind in each of the tussles and nosing out the short-passing Meanwell five in the last minutes of each game, won the Valley championship, is remembered by every Aggie student who watched the fortunes of that 1917 team.

Clevenger's hopes center on the teamwork shown by the Aggies in the last Kansas game, and in the fight the Clarke men showed in the first Jayhawker combat. If these two important elements of basketball are shown, and if Bunker continues his basket-shooting the Aggie coach is optimistic over the outcome of the Drake series, and of the valley championship.

It is expected that the usual combination of Bunker and Hinds as forwards, Jennings as center and Captain Clarke and Cowell as guards will start in the contest at Des Moines tonight.

JAYHAWKERS EASY IN SECOND

Aggie Five Run Away From Kansas, 41 to 27.

The Aggies won the last game of the two game series with K. U. last Friday night by the score of 41 to 27. The game was better than the score would indicate and was exciting throughout.

Kansas started the scoring from a free throw, Bunker came back with the first field goal of the game, closely followed by another goal by Clarke. The Aggies started good and obtained a four point lead which they increased to seven points before the end of the half. Play during the first half was much better than in the game Thursday night. The half ended with the Aggies leading 20 to 13.

Bunker started the second half with a mad rush tossing three goals in as many minutes. Captain "Johnny" Clarke and Jennings each added a long goal from the side before the Jayhawkers started scoring. The play was ragged for the remainder of the half, each team spurring at times. Kansas substituted Harms for Miller and the Crimson and Blue team rallied near the end, dropping in four goals in the last five minutes of play. Bunker and Jennings came to the rescue and added four points to the Aggies' score and the game ended with the final score Kansas Aggies 41, Kansas 27.

At times both teams showed good form but they failed to handle the ball with the experience of veterans. The Aggies outplayed Kansas on floor work during the entire game, keeping the ball in their territory the greater part of the time.

Bunker was easily the star of the game gaining nine field goals for the Aggies. His team work was also very noticeable. Heinie Hinds showed up well on team work and passing the ball. Much credit for winning the game is due to Captain Clarke for it was he who stopped the mad rush of the Kansas five when they started their way to the basket. "Johnny" is noted for his coolheadedness and in this game he showed that quality to a perfection.

Bunn and Miller played the star game for the Jayhawkers, both showing good floor work and steady consistent playing.

The team has started on an extended trip in Iowa where they play Drake University at Des Moines tomorrow and Wednesday. The team has a good start now toward the championship and these two games added to the list will place the Aggies in first placed, tied with Missouri.

The score:

NEARLY 1000 FIRST DAY ADD NEW MILITARY UNIT

AT 5 O'CLOCK LAST NIGHT, 872 ASSIGNMENTS WERE CHECKED OUT

Spring Semester Brings Former Students, Many of Whom Have Been in The Service of Their Country.

Almost 1,000 students enrolled in various courses in K. S. A. C. by 5 o'clock Tuesday evening. When the assigners left the gymnasium 872 students had checked in their assignments and more than 200 others had taken out assignments but did not have time to have them checked in.

Many former students are enrolling again this semester, some having returned from other schools, some having been in military service and gotten discharged in time to return to school this semester, and others having been out in agricultural or other kinds of work.

There has been less confusion and long waiting in line this time than ever before since the college has been on the semester basis. Numbers were given out at the auditorium and the students were admitted to the gymnasium in the order of their numbers. At seven thirty yesterday morning three hundred students had secured their numbers.

Approximately the same number enrolled yesterday as were in the Students' Army Training Corps at the beginning of the first semester.

MISS WADLEY LEAVES COLLEGE

Editor-in-Chief of Collegian Resigns to Accept Position on K. C. Post

Miss Elizabeth Wadley has withdrawn from school to accept a position on the Kansas City Post. Having just five more hours of school work to complete for her B. S. degree in Industrial Journalism, Miss Wadley will finish her work by correspondence and graduate with the senior class this spring.

Miss Wadley was editor-in-chief of The Collegian and was a prominent figure in college activities. She was always a star promoter of any progressive activity in the college and her ability as a newspaper woman has been recognized by the Kansas City Post.

At a recent meeting of the Collegian board, Miss Ivy Barker was elected to fill the position left vacant by the Miss Wadley's resignation.

Percy W. Swain Home.

Percy W. Swain, a member of the third anti-aircraft battery from California, arrived at Camp Funston from Brest, France, via New York, January 24. He spent a few days last week visiting with Mrs. B. B. Smith and family. He was a student in K. S. A. C. in 1916-17. His home is at Soldier, Kan.

Miss Enola Miller of the Chi Omega house, returned today from a week end visit at her home in Belleville.

R. O. T. C. TO HAVE EITHER FIELD OR COAST ARTILLERY THIS SEMESTER

Training in Military Science to Be More Interesting Than Previous—Less Open Formations and More Class Work.

The R. O. T. C. is to have a unit of field artillery or of coast artillery, whichever seems to fit better into the environment, and probably other units later. At least that is the present plan.

Army officers, expert in this work will be assigned to the institutions to train these units. There will be one officer to every 200 men.

Training in military science will be quite different and certainly more interesting this term than it ever has been before. There will be less open formation and more class work along fundamental lines furnishing training valuable to the men in whatever field they may take up. Every effort will be made to make the military training thoroughly interesting and attractive, with less drudgery in the course.

Physical training will be stressed. Military drill will be required as usual of all college students although the military requirements have been shortened to three hours per week throughout the two years of the college course. The R. O. T. C. is open only to juniors and seniors.

The Professor of military science and the new instructors are expected within the next few days. Captain Kemper, who has been here during the last semester, will remain as one of the military directors.

NOT TO STOP THE "Y" MOVIES

Wallace Reid, Douglas Fairbanks and Mary Pickford Are Coming.

The Y. M. C. A. has arranged to continue for the rest of this month the five-reel photo plays which the organization has been giving in the college auditorium each Friday evening. They will begin promptly at 8:45 o'clock so as not to interfere with other engagements. Everybody is invited.

The series is as follows:

Feb. 14—"Believe Me, Zanthippe" Wallace Reid.
Douglas Fairbanks.

Feb. 21—"Say, Young Fellow" with Feb. 28—"Amarilly of Clothesline Alley" with Mary Pickford.

E. W. Frost has been in charge of the new student work for the Y. M. C. A. He and his committee have done a great deal along this line. The committee is composed of E. W. Frost, Lawrence Wheatly, C. L. Zimmerman, Nelson Boyle, Hilary Mather, E. J. Price, J. D. Brown, John Rust, Leonard Fellingham, D. C. Deputy, Mr. Barber, and Mrs. Zook.

THREE FROM HERE TO "Y" MEET

Strength of Delegation Proof of Worth of Local Association.

The Y. W. C. A. has proved itself one of the strongest organizations in the college and one of the strongest in the state, according to recognition given it by the national Y. W. C. A. council.

There is to be a national student conference at which every state in the union will be represented at Evanston, Ill., February 24. They students are to meet at the North Shore hotel.

Kansas, Colorado, Wyoming and Utah are each allowed 20 student and five faculty representatives. K. S. A. C. is considered strong enough to be allowed one student and one faculty representative besides the secretary, Miss Inskeep. Dean Mary P. Van Zile and Miss Elsie Cuthbert are the other two representatives chosen.

A national conference of all the national and local secretaries will be held between the sixteenth and twentieth, to plan a program for all colleges during the coming year with special stress on reconstruction work for this spring.

BOGUE TO LEAD 1919 ELEVEN

Star End Is Elected Captain of Aggie Football Team.

At a meeting of the 1918 football team in Coach Clevenger's office Friday afternoon Joe Bogue was elected captain of the 1919 pig skin chasers.

Bogue is a Vet and like all Vets has the old stuff behind him. He has played two years of football at end and has been one of the mainstays of the Aggie team. This year he played on the S. A. T. C. team, which will not disqualify him from playing two more years of Aggie football.

The future of the football team of 1919 is exceedingly bright, according to Coach Clevenger and under the able guidance of Bogue should show the Valley some of the old time Aggie football.

CANADIAN HERO ENTERS K. S. A. C.

Lieutenant Will Buckley, Twice Wounded in France, Enrolls in Electrical Engineering.

Lieutenant Will Bucklee, twice wounded in France and holding the Canadian distinguished service medal for bravery, is a new student in electrical engineering in the agricultural college. Mr. Bucklee who had had several years of work in one of the Canadian colleges, enlisted in the Canadian army between two and three years ago. Through bravery, he won his commission as lieutenant. Mr. Bucklee's home has been in Wichita since his discharge from the army, but he and his mother are now living in Manhattan.

GIRLS ORGANIZE CLASS TEAMS

Feminine Basketball Teams Prepare for Tournament.

Girls' basketball practice will start again next week, full force. The teams will be picked immediately and the captains elected. Schedules for the games will then be made out by Miss Bond and posted on the bulletin board in the gymnasium.

The teams will be strong and close competition is expected. The freshmen have some splendid players, many of the girls having played on good high school teams. There is especially good material for guards and center.

The sophomore girls have almost the same material, with a few exceptions, that they had last year as freshmen. Florence Banker of Baker has been doing some excellent work as forward. Edna Chapin, one of the sophomore star forwards of last year, who has been attending college at Washburn, has returned to school this semester and is trying again for the team.

The junior and senior girls have less material to choose from but what they have is good and they have enough pep to make up for the balance.

The girls should come out to practice this week and next, and work for the team and the loving cup.

Bunker seems to think he was slighted in the K. U. game. He has been kicking himself ever since for not getting an even dozen baskets rather than only nine.

AGGIES HAVE SPEEDSTERS

PURPLE TRACKSTERS STRONG ON RUNS BUT WEAK IN FIELD

Gallagher Expected to Make Most Points in Meet with Kansas Jayhawkers in Nichols Gym Monday

The Kansas Aggies will be strong in the runs but weak in the field events in the meet with the Kansas Jayhawkers in Nichols gymnasium on Monday night. In Captain Foreman, Gallagher, Watson, Beckett and Neely Coach Schulz has a troupe of runners who may be counted on for points against the Lawrence squad.

Captain Foreman probably is the most consistent, as well as the most experienced, runner on the squad. The lanky two-miler has been competing in Missouri valley meets for two years, and he is known as a sure point-winner. In a meet held by the Kansas City Athletic Club last winter, Foreman was the only athlete to show Jole Ray, well-known Chicago runner, competition in the special mile race.

Gallagher Wins Points.

Probably the high-point winner of the meet will be Cliff Gallagher, dash man and hurdler. Gallagher is down on the "dope sheet" for first in the 30-yard dash and in the 30-yard low hurdles. He also is a quarter-miler of merit, and a high hurdler. In addition, he probably will be the anchor man in the mile relay, an event which the Aggies may need to capture if they are to win the meet.

Watson is the surprise of the year. He is slightly, almost delicately, built, but possesses an enormous amount of grit and determination. He has been trotting the mile in time which Coach Schulz believes is good enough to keep him ahead of any athlete in the valley. He is a former Wichita high school trackster.

The half-mile should be a race between Beckett of the Aggies and the Hawker runner, who may be either Rodkey, brother of the famous Captain Rodkey of two years ago, or DeWall, another Hamilton middle-distance man. In last year's indoor meet Beckett lead Captain Murphy of Kansas to within five yards of the tape, when Beckett collapsed. He is expecting no such opponent as Murphy this year, however, and the event is fairly sure to bring the Aggies five points. Corbett also runs the event with Beckett, and may be good for a second.

The Quarter To Be Close.

The quarter-mile dash should develop into a three-cornered race between Captain O'Leary of Kansas, Missouri valley champion, and Neely and Gallagher of the Aggies. O'Leary only recently has returned to Lawrence, and it may be that Neely or Gallagher can outpace the Jayhawker captain. Neely holds good high school records in the quarter, but is not at his best on the indoor track.

Frost is the hope of the Aggies in the pole vault. As the Kansas strength in this event is unknown, "Jack" is doped as having a good chance in his favorite event. "Pody" Robison is another promising pole vaulter. Both have been working under the tutelage of Powell, a former Missouri Tiger vaulter with a record of 12 feet six inches, and now a first lieutenant in the 41st Infantry, stationed at Funston.

Aggies Have "Dark Horse."

Works and Frost are good bets in the high jump, and Works also is a good performer in the two hurdle events. In this event, also, the Jayhawker strength is unknown.

The big "dark horse" of the meet from an Aggie standpoint is Cooke, a promising shot putter, who at times heaves the iron ball a goodly distance. If Cooke happens to be in form the night of the meet, Haddock, the star Kansas weight man, will be pushed in his event.

The relay probably will see Neely, Foreman, Watson and Gallagher of the Aggies competing against Haddock, Cliff, Rodkey and O'Leary of the Lawrence squad. It is expected to be a close event, and may decide the meet.

C. O. Frankenoff, '18, was a college visitor last week-end. He is a member of the naval reserve and will leave soon for Pennsylvania to take a position as engineer with the New York Central lines.

The Kansas Aggie basketball team, now on an Iowa invasion, has been spoken of as a "green team," but there are two veterans on the five, and each is a good basketball man. Johnny Clarke, captain, is a guard who really guards who shoots baskets tosses free throws and plays the en-

tire floor. "Heinie" Hinds, the veteran forward, is the boy who always stirs up excitement when the game lags. When "Heinie" makes up his mind to travel, he loses little time in attaining his objective, and it is his speed which makes him a valuable man to the team.

POSTMORTEM KINDNESS.

Do not keep the alabaster boxes of your love and tenderness sealed up until your friends are dead. Fill their lives with sweetness. Speak approving, cheering words while their ears can hear them, and while their hearts can be thrilled and made happier by them; the kind things you mean to say when they are gone, say before they go. The flowers you mean to send for their coffins, send to brighten and sweeten their homes before they leave them.

If my friends have alabaster boxes laid away, full of fragrant perfumes of sympathy and affection, which they intend to break over my dead body, I would rather they would bring them out in my weary and troubled hours and open them, that I may be refreshed and cheered by them, while I need them. I would rather have a plain coffin without a flower, a funeral without an eulogy, than a life without the sweetness of love and sympathy.

Let us learn to anoint our friends beforehand for their burial. Postmortem kindness does not cheer the troubled spirit. Flowers on the coffin cast no fragrance backward over life's weary way.

THE AMERICAN SOLDIER IN FRANCE.

Praise enough has been bestowed upon our troops in France to turn the heads of less sensible men. Kings and presidents and premiers and field marshals have paid tribute to their skill, their valor, their discipline, and their fine spirit.

All of this is fine and stirring. But to many a mother back home, nothing Foch can say will seem quite so fine as this—that the children of France love the doughboys.

The school master of an unnamed French village near the front asked his pupils to write without preparation, little compositions describing the American soldiers billeted in the hamlet. A captain of engineers obtained the artless manuscripts and sent them along to an English publication. They are good reading, all 13 of them, but a few extracts must suffice:

THE COLLEGE LOSES

The Collegian has lost an excellent editor. The college has lost a valuable student, one who was interested in every college activity and showed her interest. The students of K. S. A. C. have lost the companionship of one who was always cheerful and who had a pleasant smile for everybody she met, no matter how many personal worries she had.

And she had her grievances, too. Miss Wadley took charge of the Collegian when there were few students in the journalism department who were taking Collegian practice and she made the best of a difficult situation.

The Collegian extends congratulations to Miss Wadley and wishes her happiness in her new position.

Notes at Great Lakes.

The man who pulls will beat the man with a pull.

Trifles make perfection but perfection is no trifle.

Life is like baseball: The hits you made yesterday won't win the game today.

A hat full of hot air may weigh as much as a bullet, but you can't shoot it through an oak plank.

The man who never made a mistake never did anything; the man that made too many lost his job.

Keep your temper nobody else wants it.

Late to bed and early to rise makes dark circles under the eyes.—University Kansan.

HALF-MINUTE INTERVIEWS.

"A-I-a-was-q-over V Mr. Davis's a-last night and we played bridge."—Prof. N. A. Crawford.

"Many students cut down their efficiency 40 per cent through a fatal weakness for pie and chocolate fudge."—Charles Dillon.

"Say, you know Velma Carson's neck? Well, she got into trouble clear up to it when that scandal sheet came out."—College Gossip.

COLLEGE LOYALTY

When Daniel Webster was arguing the Dartmouth College case before the Supreme Court of the United States,—one of his greatest forensic efforts,—he uttered these words, in a voice broken with emotion: "It is sir, as I said, a small college. But there are those who love it." Dartmouth is not so small now, but it is still the object of love; all the more because now it numbers its graduates by thousands. And what is true of Dartmouth is true of every college and every university, large or small, throughout the land.

This is the season of local college reunions, Yale men, Harvard men, Michigan men—alumni of hundreds of institutions scattered over the country—meet annually to renew their acquaintance and quicken their friendship; to laud the college from which they took their education, and to devise means to make it bigger and better. A little association, which can muster only a handful of graduates, in a city far removed geographically from their Alma Mater, is as enthusiastic and as devoted in its loyalty as the largest gathering of alumni of the greatest university in the land.

Not so do the alumni of foreign colleges act. Who ever heard of a gathering of graduates of Trinity College, Cambridge, or of any other similar institution outside the United States? The graduates of those foreign seats of learning are proud of their famous alumni, and praise the learning that has made their professors men of mark; but they do not assemble for the purpose of pledging loyalty to their Alma Mater. They have nothing that corresponds to the class friendships of this country. Although they may become wealthy, they never think of bequeathing anything to their college. They have no college yells. In short, they do not in any sense personify the college as something, or rather someone, to be loved and cherished and repaid for what it has done for them.

For us, at least, our way is the better. It enlarges our sympathies, gives us group-friendships that otherwise we should not know, and leads directly to the enlargement of the funds, and consequently the opportunities for usefulness, of our higher institutions of learning. What college man would willingly give up his college friendships, the earliest and most lasting of all outside his own family? College loyalty is one of the most precious of "Americanisms."—Youths Companion.

An Ode to Lucy.

If all the words in diction's ken
Were one word, Lucy dear,
Sweet "love" 't would be for you and me—
My darling, lend an ear.

If all the sighs that e'er were sighed
Were one sigh, Lucy mine,
To heave that sigh I'd madly try—
(This poem is going fine.)

If all the pangs that have been punned
Should grip my heart, my sweet,
That stricken heart with vengeful art
I'd place at thy two feet.

—Percy Weir.

Ed. Note: After calling attention to the fact that Percy has got the number of Lucy's feet down pat, we wish to remark that this effort of his—meaning the poem—is undoubtedly a result of Miss Wadley's recent appeal for rime worship. Percy, as a rimester, is certainly all there. He appears to have everything in the poetic line, except adenoids.

K. U. Freshmen Hard Hit.

At K. U. the little green caps have come back. The upper class rule at the University of Kansas that all freshmen must wear skull caps has been revived and will be enforced by the upper classmen. This was the decision of the law school last week in regard to the freshmen in that part of the university. It is expected that the rule will spread to the other departments of the school. With the ending of the war freedom ends for the K. U. freshmen.

Dr. Honeywell Transferred.

Dr. C. H. Honeywell, '18, who has been in the enlisted medical reserve corps during the past year, has been transferred to the biological division and is now stationed in St. Louis.

While in the medical reserve corps his special duty was inspecting the army meat. Dr. Honeywell says he is well satisfied with his new position.

Famous Story Filmed.

The most popular of all stage stars, John Barrymore, in the thrilling detective story, "Raffles," is the offering at the Wareham theater tonight and tomorrow.

You will find the Fountain Pen you want at the Co-Op Book Store. 12-2

THE HOME PAPER

When the evenin' shade is fallin' at the endin' o' the day,
An' a feller rests from labor smokin' his pipe o' clay,
There's nothin' does him so much good, be fortune up or down,
As the little country paper from his ol' home town.

It ain't a thing o' beauty an' its print ain't always clean,
But it straightens out his temper when a feller's feelin' mean;
It takes the wrinkles off his face an' brushes off the frown,
That little country paper from his ol' home town.

It tells of all the parties an' balls of Punkin row,
'Bout who spent Sunday with his girl an' how the crops'll grow;
How it keeps a feller posted 'bout who is up an' who is down,
That little country paper from his ol' home town.

Now I like to read the dailies an' the story papers, too,
And at times the yellow novels an' some other trash—don't you?
But when I want some readin' that will brush away a frown,
I want that little paper from my ol' home town.

—Chloride Furnace News.

Herolsm.

"How is it that you are the only man at the ladies' bridge party?"
"My wife got sick at the last minute, and the hostess couldn't find a substitute. I just had to come."

Her Ideal Man Found.

"My ideal husband," said the girl who had been reading novelettes, "must be a strong, silent man, full of grit, and able to bear the heat and burden of the day without flinching; one who will not hear a word said about me, and will never utter a word against me himself."
"What you want," answered her friend, "is a deaf and dumb coalheaver."—Winnipeg Telegram.

His Talent.

I wonder, said the student,
In what my talents lie,
At Algebra I'm hopeless,
Though some loath I do spy:
I'm not a shark at physics,
In fact, I'm quite a fish,
Zoology affrights me,
When bugs and worms we "quish."
Psychology is better
But in its endless maze
Of motions and emotions
My poor brain stands adaze.
Each place I turn seems fruitless,
And ever it appears
My melody makes faulty,
The music of the spheres.
But there is one vocation
To buoy my weary soul
The gentle art of bluffing
Small lackings doth console.
—D. U. Clarion.

A Song of Peace.

All hail the flag, the starry flag,
Returning o'er the sea
With added glory on its folds
From fields of victory.
Fling out its colors to the morn
From balcony and street,
Its spangled splendor lights the world,
It never knows defeat.

No more red terror rules the earth
And frightfulness the deep,
No more the pirates of the air
Shall soar to murder sleep.
Stack arms, and with the joyful news
Let wires and cables hum.
For Peace has laid the weary sticks
To rest upon the drum.
—Minna Irving in New York World.

THIS IS A GREAT COUNTRY

Did you know that—
The greatest cataract in the world is the Falls of Niagara?
The greatest cave in the world is the Mammoth Cave, in Kentucky?
The greatest river in the world is the Mississippi, 4,100 miles long?
The largest valley in the world is the Valley of the Mississippi?
The largest lake in the world is Lake Superior, which is truly an inland sea, being 430 miles long and 1,000 feet deep?
The longest railroad in the world is the Southern Pacific, which is more than 3,000 miles in length?
The greatest natural bridge in the world is the natural bridge over Cedar Creek in Virginia?
The greatest mass of solid iron in the world is the great Iron Mountain in Missouri?—Sons and Daughters of Justice.

Miss Syford at Yale.

Miss Constance Syford, formerly of the English department at the agricultural college, is taking graduate work in English literature and romance at Yale university this semester.

SUNFLOWERS

By H. W. D.

After all, it wasn't such a long cry from Carrie Nation's hatchet to January, 1919.

Here's Your Chance, Oswald
BUTCHER WANTED—nice young man with good appearance.—Kansas City Star want ad.

It it were not for the prices, nobody could tell the difference between a hat that sells for \$15 and one that is marked down to \$2.99.

A great many good people who are today earnestly striving to get a world viewpoint have never even looked across the alley back of their homes.

Information is surely a priceless thing. For instance, how could we ever get along if we didn't know just how cold it was a year ago this morning?

These big millionaires are a thankful lot. Louis F. Swift has even forgotten the name of the man who sent him inside dope on what the food administration was going to do next.

Another disadvantage of prohibition will be the suspension of publication of the Brewers' Handbook, which we have always regarded as the really best humorous thing ever attempted.

Bluebirds were seen in Sedalia, Missouri, on January 31, and violets are reported to be blooming all around there, too. All of which makes us feel that prohibition isn't coming a bit too soon.

We acknowledge with thanks the kind, quarter-page invitation of the Hotels Maryland, Huntington, and Green to come to Pasadena. However, after a careful examination of our bank balance, struck February 1, we are convinced that our health will not permit us to take the trip.

John Barleycorn is down and out. All signs point to a shifting of the attack to Lady Nicotine. If it were not for the fact that they have influential friends in high places, we might propose the names of Dame Gossip, Imsa Pious, and Ultra Respectability. But these, we fear, will be the last to go.

The New Stenographer.

I have a new stenographer—she came to work today;
She told me that she wrote the Graham system;
Two hundred words a minute seemed to her, she said, like play,
And word for word at that; she never missed 'em.
I gave her some dictation, a letter to a man,
And this (as I remember, was how the letter ran:
"Dear Sir:
I have your favor, and in reply would state
That I accept the offer in yours of recent date.
I wish to say, however, that under no condition
Can I afford to think of your free lance proposition.
I shall begin tomorrow to turn the matter out;
The copy will be ready by August 10th about.
Material of this nature should not be rushed unduly.
Thanking you for the favor, I am
Yours very truly."
She took it down in shorthand with apparent ease and grace.
She didn't call me back, all in a flurry.
Thought I, "At last I have a girl worth keeping round the place!"
Then said, "Now write it out; you needn't hurry."
The Remington she tackled; now and then she struck a key,
And after thirty minutes, this is what she handed me:
"Dear sir, I have the fever and in a Pile I sit,
And I accept the offer as you have reasoned it.
I wish to see, however, that under any condition
Can I afford to think of your free lunch proposition.
I shall be in tomorrow to turn the Mother out.
The Cap will be red and will Cost \$10 about.
Material of this nation should not rust N. Dooley.
Thinking you have the fever, I am yours very truly."

HIGH GIRLS IN Y. W. FARCE

Visitors to Entertain at Association Meeting Thursday.

If the K. S. A. C. girls wish to show that they have their share of real live pep, they should come out and see the enthusiasm which the Manhattan high school girls are showing in the farce which they will present at the Vesper Service in the Y. W. C. A. rest room Thursday afternoon at 4 o'clock. The college glee club will furnish music and an exceptionally good meeting is expected.

Elsie Ferguson.

The beautiful Elsie Ferguson will be seen at the Wareham theater Thursday in "The Danger Mark," Robert W. Chambers' famous story.

JANE JONES.

Jane Jones keeps talkin' to me all the time.

An' says you must make it a rule To study your lessons 'nd work hard 'nd learn,

An' never be absent from school. Remember th' story of Elihu Burritt An' how he clum up to the top, Got all the knowledge 'at he ever had Down in a blacksmithing shop? Jane Jones she honestly said it was so!

Mebbe he did—I dunno! O' course what's a-keepin' me 'way from the top Is not never havin' no blacksmithing shop.

She said 'at Ben Franklin was awfully poor, But full of ambition an' brains; An' studied philosophy all his hull life,

An' see what he got for his pains! He brought electricity out of the sky, With a kite an' a bottle an' key, An' we're owing him more'n any one else

For all the bright lights 'at we see, Jane Jones she honestly said it was so!

Mebbe he did—I dunno! O' course what's allers been hinderin' me Is not havin' any kite, lightning, 'er key.

Jane Jones said Abe Lincoln had no books at all An' used to split rails when a boy; An' General Grant was a tanner by trade

An' lived way out in Il'nois. So when the great war in the South first broke out He stood on the side o' the right, An' when Lincoln called him to take charge o' things,

He won nearly every blamed fight. Jane Jones she honestly said it was so!

Mebbe he did—I dunno! Still I ain't to blame, not by a big sight, For I ain't never had any battles to fight.

She said 'at Columbus was out at the knees When he first thought up his big scheme, An' told all the Spaniards 'nd Italians too,

An' all of 'em said 'twas a dream. But Queen Isabella jest listened to him, 'nd pawned all her jewels o' worth, 'nd bought him the Santa Maria 'nd said,

"Go hunt up the rest o' the earth!" Jane Jones she honestly said it was so!

Mebbe he did—I dunno! O' course that may be, but then you must allow They ain't no land to discover jest now!

—Ben King.

Mallory Hats

Young man—
you can buy a hat in any store that sells them, and then you have just a hat—something to wear.

You should get something more than that.

You are entitled to style—distinctive style—in a hat that becomes you and makes you appear as young as you should be, and

Mallory Hats

are the very hats to wear because they afford the dash and sprightliness that go with youth. That's why older men like them, too.

The Alpha Psi and Acacia fraternities entertained with an informal house dance Saturday evening. There were 19 couples present, with Dr. and Mrs. L. W. Goss as chaperones. Black Java, sandwiches and mints were served.

The Parisian Cleaners, Leach and Kellar. Quality service. 1214 Moro St. Phone 649.

Notice, New Students

For the benefit of those who are now entering college for the first time this year, the management of The Kansas State Collegian, is offering you an opportunity to subscribe for this paper, (the college paper) for the second semester, for \$1.25.

Every college student should take their college paper, and this is your opportunity to fall in line, and keep in touch with all college activities.

Fill out the attached slip, and mail it to The Kansas State Collegian.

Business Manager,
The Kansas State Collegian,
Kansas State Agricultural College.

Dear Sir:

Find enclosed \$1.25 for the Collegian for the remainder of this college year.

Name

Address

Sigma Phi Epsilon.

Sigma Phi Epsilon entertained at dinner on Sunday the pledges of the Chi Omega sorority. The guests were Miss Margaret Bondurant, Miss Alice Mitchell, Miss Enola Miller, Miss Gladys Peterson, Miss Edith Ralston and Miss Elsa Brown.

Mr. Raymond Nichols was a guest over the week end at the Sigma Phi Epsilon house. He received his discharge from the service on Friday and will enter school at the beginning of the semester.

Lieut. Ray Vermette of Camp Funston was a dinner guest Friday evening.

Delta Delta Delta.

Miss Mildred Sterling has returned to school this semester after having withdrawn on account of illness.

Miss Dorothy Potter will attend the Colorado University this semester as her parents have moved to Boulder.

Miss Ethel Varner of Augusta is a guest at the Tri-Delta house this week.

Miss Vivian Heath has withdrawn from school.

Miss Helen Neiman has withdrawn from school to spend the remainder of the winter with her parents in the south.

The Delta Delta Delta sorority entertained the local chapter of Pi Kappa Alpha this morning from nine thirty until eleven thirty with a morning dance. Ferns and roses were used in decoration and a two-piece orchestra furnished the music.

Chi Omega.

Miss Enola Miller went to Belleville to spend the week-end with home folks.

K. U. has a good little free throw tosser in Bennett, their right guard. In the first game he tossed eight out of ten attempts and in the last game he threw five straight baskets without a miss. It seems to be the custom for right guards to toss the free throws. The rest of the teams in the Valley should take note and do likewise.

Manhattan Business College. Ph. 64.

Johnny Clarke is certainly living up to the reputation he has built up for himself in the past two years. His guarding is the feature of every game in which he plays but that is not all that Johnny does for the team. It is becoming one of his habits to sneak down the floor and drop in two or three baskets during the course of the evening as sort of a change.

War Has Just Begun.

For those who are not prepared to fight the "Battles of Peace."

Prepare at the Manhattan Business College to fight these "Battles."

SHATTUCK PIANO RECITAL PLEASES LARGE AUDIENCE

One of Most Successful Numbers of Artists' Series Given Last Night At College Auditorium

From an artistic standpoint, what was probably the most successful concert of the entire series was the one given last night, when Arthur Shattuck, the famous American pianist, appeared in recital at the college auditorium. The audience responded in a manner not common to Manhattan audiences and the continued applause brought forth two most unusual encores.

Mr. Shattuck possesses a brilliant technique which carries him with ease from the stupendous scale and octave work in the Liszt rhapsodies and Nocturne.

He paid the Manhattan audience of last night one of the highest compliments that has yet been passed them by any visiting artists, that of never departing, even in the matter of his encores, from the highest standard of musical good taste.

The following is the program:

Prelude and Fugue—D Minor Glazounoff
Ballet Music from "Alceste" Gluck-Saint-Saens
Nocturne in D Flat.....Chopin
Two Preludes.....Chopin
Mazurka in D Major.....Chopin
Ballade in A Flat.....Chopin
Intermezzo Op. 117 No. 2.....Brahms
Waltz.....Brahms
Silhouettes.....Rebikoff
The Strolling Musicians
The Lame Witch
The Music Box
The Rain.....Whithorne
Concert Etude.....Poldini
Nocturne No. 3.....Liszt
Legende—"St. Francis".....Liszt

Edward Secrest.

Edward Secrest, a former regent of the college, died at his home on Fancy creek, near Randolph, Sunday, February 2, at the age of 86 years. Mr. Secrest was a pioneer in this part of Kansas, a veteran of the Civil War, and a legislator. He was always a promoter of educational work and was widely known for his writings on early local history.

The funeral was held at the home last Wednesday afternoon. The invocation was by Rev. Edwin S. Secrest. Prof. J. D. Walters of the college, who has been an intimate friend of Mr. Secrest for the past 30 years, gave a sketch of the life of Mr. Secrest and told of the good work he had done as a regent of the agricultural college.

Mr. Secrest's sons and daughters, all of whom attended college here, were present. Jacob and Otto Secrest, who live near Randolph, Mrs. Florine Linderman and Mrs. Lillian Rolf of California, Miss May Secrest of the extension department of the Minnesota university and Edmund R. Secrest, state forester of Ohio.

HOLD FACULTY MEETING MONDAY

Plans Will Be Made for Curricula To Be Followed Next Year.

The general faculty of the college will hold a meeting at 4 o'clock on Monday afternoon in the office of President Wm. M. Jardine. Changes in curricula—most of them comparatively slight—will be taken up in preparation for the issuance of the annual college catalogue.

Certain curricula in special lines of chemistry, recommended by the general science faculty, will come up for consideration. These courses are for students expecting to follow applied or industrial chemistry.

PRODUCT OF WESTERN RANCH President Jardine Comes From a Family of Farmers.

Dr. William M. Jardine comes from a family of farmers. His parents were engaged in farming in Oneida county, Idaho, in 1879, when he was born.

Brought up on farms and ranches, Doctor Jardine acquired a practical knowledge of agriculture before attending college. He still owns a farm and directs its operation. His brother is likewise a practical farmer, and is engaged in work for the United States department of agriculture.

Doctor Jardine was graduated from the Utah Agricultural college in 1904, and immediately became instructor in agronomy in that institution. In the following year he became professor of agronomy, resigning that position to take charge of dry land investigations for the United States department of agriculture. In 1910 he came to the Kansas State Agricultural college as professor of agronomy, and three years later became dean of agriculture and director of the agricultural experiment station.

In 1912 Doctor Jardine was lecturer in the graduate school of agriculture, which was held that year at the Michigan Agricultural college. From 1908 to 1915 he was a director of the Northern Tc-12J shrdlu hfh hnh h Northern Pure Seed company. He is a fellow of the American Association for the Advancement of Science. In 1915-1916 he was president of the International Dry Farming congress, and in the following year he was elected president of the American Society of Agronomy. He is vice-chairman of the Kansas council of defense and chairman of its committee on agricultural production. In 1916 Campbell college conferred upon him the degree of doctor of laws.

Doctor Jardine was married to Miss Effie Nebeker in 1905. They have three children.

Doctor Jardine is recognized as one of the world's principal authorities on dry farming, and his papers and bulletins on this subject are read in foreign countries as well as in the United States. He is in wide demand as a public speaker on all agricultural subjects and as an adviser in agricultural conferences.

John Barrymore as "Raffles."

"Raffles, the amateur crackman," with John Barrymore, is one of the greatest detective stories ever written. It is packed full of suspense, action and good acting. At the Wareham theater tonight and tomorrow.

War Has Just Begun.

For those who are not prepared to fight the "Battles of Peace." Prepare at the Manhattan Business College to fight these "Battles." Phone 64. Aggieville. 12-2

PRICE FIVE CENTS

DRAKE PROVES EASY MARK

AGGIES SCORE AT WILL—FILE UP BIG SCORE OF 43 TO 24

Drake Team Unable to Solve Aggie Teamwork—Purple Five Found Basket Unerringly—Cleveland Quintet Started on Trail of M. V. Cham. In Earnest.

In the second game played away from home the Aggie basketball team defeated the Drake University team by the score of 43 to 24.

After the win of the night before from Ames the Aggies were going good and their team work was the best that they have shown so far this season. They were showing the Des Moines crowd some of the real Kansas type of basketball from the start. The Aggies started the game with a rush, taking the Drake players from their feet. This spirit was shown throughout the entire game and at the end of the game the crowd admitted that the Aggies had the best of chances for the Missouri Valley title.

For the first time during the season the entire team was shooting baskets with unerring accuracy. Before, it was either Bangers night or Jennings' night or Hind's night, but Wednesday seemed to be the night for all of the team to hit the basket. "Johnny" Clarke came down the floor time and again helping the forwards with their team work and slipped in a few baskets for himself. Cowell, the other guard, who is improving fast in the art of guarding, played a good game. Hinds not only got his share of the baskets but was the star of the game in the floor work.

- All college classes will nominate class officers next Monday night. Let's have every college student at one of these meetings.
- Big general election under the new plan will be held next Thursday. Watch Thursday's Collegian for full details of the plan.

SENIOR INVITATIONS SELECTED

Programs Both Leather and Paper—Sell on Cash Basis Only.

The Senior Class Committee on Commencement Invitations have selected the invitation to be used at the commencement this year. The design of the invitation and program is very unique and clever in its arrangement. There will be two programs, the leather and the white paper, as before.

The committee will have the windows opposite the Post Office open for every Senior to place his order for these invitations some time early next month. The invitations will be sold on a cash basis, that is they will be paid for as they are ordered as has been the custom in former years. Watch The Collegian for an announcement as to when the windows will be open.

HIGH SCHOOL TEAM GOING GOOD

Have Lost Only One Contest—Play a Good Fast Game.

While the Kansas Aggies have a team that will make a strong bid for the Missouri High school also has a team that is making a strong bid for the state honors.

The high school team this year is playing a wonderful game of basketball for a high school team, and have had little trouble in defeating the teams they have gone up against so far this year. They have a team that plays a fast heady game of ball, and several of the men are showing up now like probable college material.

The high school games are played in the afternoon, and in this way do not interfere with the college games. The college students who are fond of basketball thus have a good chance to see a good game some afternoon at the high school when they have no classes. The games are good, and, according to those who have seen them, are well worth the attendance of the college men.

line; playing around his opponents with ease. The Aggies after their game last night will return to Manhattan and play the Kansas State Normals on the home court Saturday, February 22. At the time of going to press nothing had yet been heard from the second Drake game.

PROF. MACKIE VISITS COLLEGE

Came To Look Into Cereal Disease Work Being Done by Melchers Professor W. W. Mackie of the University of California was a recent visitor at this College, having come for the special purpose of looking into the cereal disease work that is being done by Professor Melchers of the botany department. Professor Mackie's work in California is in the agronomy-pathological line, where he is starting work in the breeding for resistance to plant diseases in cereals, particularly to the stem rust and smuts. The botany department is cooperating with the U. S. Department of Agriculture in this work.

Half Minute Interviews
"Don't be academic or try to kid the persons in the professions you are writing about."—Prof. N. A. Crawford.

YOU ARE CHALLENGED

We are living in the greatest transitional period in the history of the world, and this semester marks the beginning of a new era in the history of our college. It is my earnest desire that every man in the institution hear the message which Edward R. Bartlett will bring to us next Sunday afternoon at three o'clock in the Auditorium. His address on "The Strength of the New Republic" is assisting hundreds of men in the readjustment of their own lives to the new conditions which surround us.

W. M. JARDINE,
President of the Kansas State Agricultural College.
The men of the college have an exceptional opportunity here to listen to an address of the highest importance at this time on "The Strength of the New Republic," by Dr. Edward R. Bartlett of Topeka. The meeting will be at the college auditorium on Sunday afternoon, Feb. 16, at 3 o'clock.

The music will be conducted by Mr. Chester H. Guthrie, Camp Funston song leader, who is taking up work with the extension department of the college in community singing organization and leadership. It is planned that a quartette from Camp Funston will furnish special music.

EURODELPHIANS ELECT OFFICERS

Miss Pearl Miltner Is President—Miss Crumbaker, Vice President

At a called business meeting of the Eurodelphian Literary society last Wednesday, officers for the second semester were elected.

The new officers are Miss Pearl Miltner, president; Miss Mary Crumbaker, vice-president; Miss Pearl Hoots, recording secretary; Miss Edna Wilkins, corresponding secretary; Miss Marian Clarke, treasurer; Miss Sarella Harriett, critic; Miss Mary Mason, marshal; Miss Charlotte Ayers, assistant marshal; Miss Irene Miller, first member of program committee; Miss Jessie Evans, third member of program committee; Miss Helen Jones, Collegian reporter; Miss Marcia Seiber, third member board of directors; Miss Gladys Ritts, pianist, and Miss Fay Williams, song leader.

Meeting of Science Club.

The Science club will meet next Monday evening in the domestic science rest room. The club will be addressed by Captain R. A. Seaton on the subject, "Washington in War Times."

Persons interested in science are eligible to membership in the club.

Social.

There will be a Christian Endeavor social at the Presbyterian Church on Friday evening, February 28.

A New Deal.

Tommy: "Why can't they play cards in the navy?"
Rot: "Cause the sailors stand on the deck."

SOCIETIES PLAN DEBATES

HAMILTONS AND ATHENIANS WON FIRST PLACE IN FORMER CONTESTS

Program Is One of the Big Literary Events of the Year—Is Recognized As On a Par With Inter-Collegiate Debates.

The annual inter-society oratorical contest this year will be held on March 29. Each of the eight Literary societies has expressed its intentions of entering the contest.

This contest is one of the big literary events of the year, and is recognized by the honor forensic organizations as being on a par with inter-collegiate oratorical contests.

The program will consist of eight orations, and plans are being made to have at least four stunts. The Athenians won first place last year and the Hamiltons won first year before last.

A copy of all the orations must be in the hands of the oratorical board by February 27. Any of the orators who wish information as to the restrictions placed on orations may get a copy of the oratorical board constitution by applying to Miss Vera Samuels.

- Monday night, Feb. 17, the first track meet of the season takes place in the Nichols gym against Kansas University.
- Kansas is entertaining high hopes of defeating the Aggies in this contest but Coach Schulz has a team that will be hard to beat and he expects his trackers to show up in good form at this meet.
- Captain Foreman and Gallagher are expected to take their events without trouble and Watson, Beckett, and Neely are looked upon as sure point winners for the Aggies.

DOUGHNUTS POPULAR IN FRANCE

Unfiring Efforts of Salvation Army Give It Deserved Homage.

The humble doughnut, alias the cruller, alias the fried cake, alias the "sinker," finally has won a niche among the illustrious in the Hall of Fame. As long ago as the oldest ancestors among us could remember this more or less digestible bit of fried dough has occupied a distinct place among American foods, but, though it has survived many more pretentious offerings of the culinary art, it remained for the great war to give it opportunity to achieve the post of distinction it now holds. And it gained this position only thru the untiring efforts of the lassies of the Salvation Army to place it upon a pedestal, that all might gaze and render deserved homage. Just as soon as this country declared war against the Huns the Salvation Army in the United States determined to play an important part in looking after our boys in the war zones, and arrangements quickly were made to send considerable forces of men and women to Europe to open canteens and minister to our men at arms in every way possible. Even in those early days the programme of helpful endeavor was made to embrace the cooking of innumerable doughnuts and their distribution among our fighting boys; and later the "kind of pie which mother used to make" was added to the menu. With this plan in view it was obvious that all Salvation Army lassies sent abroad must be able to cook, and a qualification necessary to remain near the front, was that the young women must be able to turn out a certain number of doughnuts and pies a day. Three lassies—they work in shifts of three, one mixing, one cutting and one baking—must be able to turn out about 250 appetizing pies or about 2500 doughnuts a day. When the first detachment of lassies arrived near the firing lines and began to turn out doughnuts by the thousand, the French soldiers stood about watching in amazement. The dexterity of the cooks they characterized as juggling, and "Le jongleur" was heard on every side. The American soldiers think it is the greatest fun to assist in cooking the doughnuts and they carry wood and water, and helped mix the dough.—Leslie's.

R.O.T.C. ENROLMENT LIGHT

NEW PLANS JUST OUT MAKE COURSE MORE ATTRACTIVE THAN EVER

Students Will Have All Equipment Furnished—Uniform Included—All Men in Course Will Receive Full College Credit for Work.

The enrolment in the R. O. T. C., especially in the advanced courses has not been up to expectations. The reason is probably due to lack of information, regarding the new status of the organization. There are yet many questions of importance to be answered but the visit of Colonel Palmer, the District Inspector, to the college on Wednesday has made possible the answering of many questions. All must realize that the condition in the R. O. T. C. and military establishment every where is unprecedented and that much is left for final decision. However, whatever is done it is certain that all will be for the betterment of the student and the college in their relationship towards one another. It is the policy of the War Department to make the courses in military science so attractive that the taking of the work will be a pleasure to all not a thing to be "killed."

Letter from Col. Palmer.

A letter (extracts of which are printed below) was dictated by Colonel Palmer just before he started for K. S. A. C. and answers many questions in the minds of the students. Note this, that no one will be required to purchase a uniform or pay a dollar towards equipment. All will be fully equipped both those in the basic course and in the advanced courses.

Headquarters Ninth District Bulletin No. 1.

The R. O. T. C. should not be confused with the S. A. T. C. The S. A. T. C. grew up as a war emergency measure and the members thereof were legally enlisted in the Army. The functions of the S. A. T. C. have now ceased and all of such units have been mustered out of the service.

Some of the advantages are. Uniforms to value of approximately \$45 (Government price) will be furnished each student annually by the government. A further issue of uniforms amounting to \$15 will be made to those students who volunteer to attend the summer camp. Each man will receive the following articles: woolen uniforms, shoes, woolen shirt, short overcoat, leggings, hat, collar ornaments, hat cord, waist belt, chevrons. Those attending camps will be issued each year, additionally, two breeches (khaki), shoes, shirt, leggings, hat and cord. In addition the student will be given the privilege of purchasing other articles of uniform from the Quartermaster at Government price. New and complete arms and equipment will be furnished. The uniform may be worn at all times by members of the R. O. T. C.

Other Branches Established.

Universities and technical schools which establish units of the Signal, Engineering, Motor Transport, Artillery or other Corps will be furnished special technical equipment and material. Members of the R. O. T. C. may, but are not required to attend a camp in summer at the expense of the Government. An ample supply of ammunition will be furnished for gallery and out-door rifle practice.

Neither the parents or school authorities lose any of their ordinary control over the students; except, that after a student has once entered upon the course and agreed to take it, the two years course must be completed as a prerequisite for graduation. The student is not enlisted in the service and enters into no contract with the Government other than to pursue the course of instruction prescribed.

Special emphasis will be placed on mass athletics and other scientific methods of physical training that have proven so successful during the past year and a half in making our soldiers physically the best trained soldiers in the world.

Students who have successfully completed the first two years, or basic part of the training, and who agree to take an advanced course of

five hours per week and agree to attend one six week camp in summer during the last two years at college will be furnished with commutation of rations by the Government amounting to \$12.00 per month at the present rate.

Movies to Play Part.

Moving picture films of educational value will be issued by the Historical Branch of the General Staff for use in illustrating lectures and imparting instruction in R. O. T. C.

The General Staff has recommended that Congress make more liberal appropriations for payment of increased commutation and that credit may be allowed men who have had military training during the past year and a half in the Army.

It is believed that whatever be our future military policy, the R. O. T. C. will soon establish an important and permanent place in our national life by becoming a means of helping in the fuller development of our young men at educational institutions.

R. P. PALMER, Lt. Col. S. C., District Inspector.

All Questions Not Settled.

Other questions were asked by the Commandant and rulings and opinions given by the Inspector. Many are still upon but the following is given here for the benefit of those concerned.

If you contracted with the government a year ago in order to obtain commutation of subsistence call at the Commandant's office as soon as possible.

Reserve officers may take the advanced courses and are eligible to commutation of subsistence if they accomplish the necessary forms.

General Orders 49, which govern R. O. T. C., but which are up for modification, provide for two years academic work and one summer camp in order to complete the advanced course. If you are a sophomore and have fulfilled drill requirements you may see what is expected of you. However, your military training must be equivalent to the basic courses as prescribed in college catalogue.

May a student who will not be in school long enough to complete the course take advance work and get commutation? Yes, if he can qualify.

Students who have been given credit for drill should if possible, continue in military science, thus preparing for entering advanced courses.

Attendance at summer camps is required only when a commutation of subsistence (\$12.00 per month) is desired. Thus you may enter advanced courses and not go to camp.

If you wish to enter any of the courses in military science, it is not too late. See the proper authorities. Watch the Military bulletin board in Anderson Hall.

FORMER AGGIE GETS CITATION

Lieut. Hudson Attacked by Germans—Downs Three Planes.

Donald Hudson, former student in industrial journalism in the Kansas State Agricultural college, has been cited for extraordinary heroism in action.

Lieutenant Hudson, it had been previously announced, was one of only three men in the American forces who had downed five German aeroplanes. The citation for heroism was published last week. Hudson became separated from the patrol of which he was a member and was attacked by four enemy planes. He shot down one, drove off the other three, and started back to the American lines. He was again attacked by two enemy planes. Though his machine was damaged he shot down both of the planes and got back to the American lines.

MR. QUIGLEY IN SPECIAL WORK

He Will Do Field Demonstration Work in Eradication of Oat Smut

Mr. J. V. Quigley who has recently been appointed by the Office of Cereal Investigations as a field man with headquarters in the botany department, is starting out in field demonstration work in the eradication of oat smut.

He will start in the southern part of the state and give demonstrations of the dry formaldehyde method. This work is being carried out in connection with the extension department and the department of botany. Mr. Quigley, while in Manhattan, will have his headquarters in the laboratory of Plant Pathology, botany department.

PAPER HANGS IN BALANCE

UP TO STUDENT BODY WHETHER COLLEGIAN SUCCEEDS—STAFF OVER-WORKED

Journalism Department Offers Special Encouragement to Students To Take Collegian Practice But Gets Little Response.

The Kansas State Collegian, which for years has represented the ideals and opinions of the students of the Kansas State Agricultural college, may have to suspend publication unless the student body furnishes it much stronger support than it has had during the first part of the school year.

Are the students interested in the college paper? That is the question which is on the lips of every student enrolled in journalism work. If they are interested, why will they not help support it?

Supporting the college paper does not mean simply buying a copy or subscribing to it for the school year. That helps. But every student in the college is partly responsible for the success or failure of the paper because it is an all-college paper, and it is his duty as a loyal Aggie to help the Collegian get the news.

If a reporter does not happen to come to you, and ask you for news do not feel that it is because The Collegian does not want it. There may be, as there was for the last issue, only two reporters to cover the whole campus. With only three or four persons to gather in all the news, write it, copy—read it, proof read it, edit it, and see that the paper is properly made up, besides doing all of their regular school work, the college paper has been an enormous problem for the few faithful workers who have been publishing it.

Many students are under the erroneous impression that the paper is published for the benefit of the journalism students who are taking practice work, but it is not. The Collegian is not even under the supervision of the journalism department and is published under an independent contract at the Mercury office, instead of in the college printing rooms. What help the journalism department gives The Collegian is through courtesy and encouragement of college spirit and enterprise.

As special encouragement along this line the journalism department sent out last week, a letter to each organization on the hill, asking that one student from each organization report the news from that organization and be willing to take a special assignment once in a while for one hour's credit in Collegian practice. Two organizations out of thirty-eight responded.

If each person on the Hill would give The Collegian seven lines of news each month, there would be an abundance of material on hand for each issue and everyone would be surprised at the difference in the paper as well as the difference in college spirit. How about it, Aggies, will you help? Or will K. S. A. C., the second largest agricultural college in the world, have to give up its college paper for lack of support from the student body?

ALPHA DELTA PI IS IRISH

Find Pig in Parlor—But Take Him to Kitchen to Feed.

A pig was found wandering about in the rooms of the Alpha Delta Pi house Friday night. The pig did not herald his arrival and it was only when one of the Alpha Delta Pi girls stumbled over him in the dark that he voiced his disapproval of the place as a home for pigs.

After he was caught a pink ribbon was tied about his neck and he was escorted to the kitchen, where he was tied and fed on the best food in the house. The girls intended to keep him as a mascot and also as a guard against the high cost of meat.

One of the sisters noticed a story telling how a Negro cafe owner had lost a pig and had appealed to the police. A sorority meeting was called and committee appointed to see the owner of the Daily Bell Cafe. The cafe owner easily identified the pig and regained possession of him. And the Alpha Delta Pi sorority still pays a high price for meat.

COURTESY

Have you noticed that the fellows that run most of the big concerns of the manager. He will talk pleasantly and give you the correct information. But happen to get in the way of the gaudy young fellow who is cleaning the windows and he will hand you a package that will make your blood boil.

The presidents of the railroads and the managers of the big concerns are the fellows who in the days of their youth acquired the habit of returning kindly, courteous answers. That is one of the reasons they became railroads presidents and managers of the big concerns of the country.

Every time a person returns a discourteous answer he lessens his own opportunities and cheapens himself. Let us be courteous even though we ourselves are convinced that the grade is unfair or that we did not deserve the reproof. If the other fellow is in the wrong the contrast will be in our favor.

Believe in yourself! Pick out a high goal and march straight forward to it. You will find a hundred difficulties in the way. They are put there only to prove your strength—to test your self-confidence. Don't waste your time. Don't scatter your energies; concentrate on the one great object. One by one clear the difficulties out of the way. If you are ignorant—study. If you are awkward—observe and imitate the manners of those who are better trained. Above all, take yourself and your work seriously.—Henry M. Hyde.

A successful man is one who has tried, not cried; who has worked, not dodged; who has shouldered responsibility, not evaded it; who has gotten under the burden, not merely stood off, looking on, giving advice and philosophizing on the situation.—Elbert Hubbard.

In battle or business, whatever the game,
In law or in love it is ever the same;
In the struggle for power or the scramble for pelf,
Let this be your motto: Rely on yourself!
For, whether the prize be a ribbon or throne,
The victor is he who can go it alone.
—John G. Saxe.

Points of Similarity.

Robert had a new brother about 3-weeks old.
Whom does your little brother Jack look like?" asked one of the neighbors.

"I don't know that he looks much like anybody," replied Robert. "He looks a little like President Taft in the back of his neck."—Dallas News.

OPPORTUNITY

They do me wrong who say I come no more
When once I knock and fail to find you in,
For every day I stand outside your door
And bid you wake and rise to fight and win,
Wait not for precious chances passed away!
Weep not for golden ages on the wane!
Each night I burn the records of the day:
At sunrise every soul is born again.

Laugh like a boy at splendors that have sped;
To vanished joys be blind and deaf and dumb;
My judgments seal the dead past with its dead,
But never bind a moment yet to come.
Though deep in mire, wring not your hands and weep;
I lend an arm to all who say: "I can!"
No shamefaced outcast ever sank so deep
But yet might rise and be again a man.

Dost thou behold thy lost youth all aghast?
Dost reel from righteous retribution's blow?
Then turn from blotted archives of the past
And find the future's pages white as snow!
Art thou a mourner? Rouse thee from this spell;
Art thou a sinner? Sins may be forgiven!
Each morning gives thee wings to flee from hell;
Each night a start to guide thy feet to Heaven.
—Walter Malone, of Mississippi.

At Chateau Thierry

Instead of the gray-green legions that not so long ago poured into Chateau Thierry, there is a different army fast occupying the famous little French town. The American Red Cross, that practical institution, is shipping ducks, chickens and rabbits into the "shell shocked" city that is fast returning to normal life. Barn yards, whose population had been evacuated along with other refugees, are once more lively. Cheerful and significant "cackles" greet the French housewife and chattering once more summons the rosy dawn.
—Red Cross Bulletin.

Suspicion.

A man in evening dress went up to the box office and said eagerly:
"Have you got two front row seats on the aisle for tonight?"
"Yep. Here you are," said the box office man.
But the chap in evening dress frowned.
"Keep 'em," he said. "The show can't be any good."—Washington Star.

On Guard.

The rookie was doing his first "bit" of guard duty. Along toward midnight he heard a crackling sound in the brush.
"Halt! Who goes there?"
"Officer of the day! What in blazes are you doing out this time of the night?"

In The Future.

"There is one time coming when men will really enjoy their wives' biscuits and rolls."
"What time is that?"
"When we look back and remember the war bread mother used to make."

Those Dear Girls Again.

Miss Muddle: Do you know anything that is really good to preserve the complexion?
Miss Knox: Why, dear? Are you interested in somebody who has one?
—Boston Transcript.

A Case of Heredity.

"No one understands me."
That is not to be wondered at, girlie. Your mother was a telephone girl before she married, and your father was a train announcer."—Louisville Courier-Journal.

Discard.

Kerrigan: "Do ye think, Kelly, that ather th' war th' wur-rkin' payble iv Europe will git a square deal?"
Kelly: "They will if they discard th' kings, quanes, an' knaves!"

A Harry Call

Wife. John, there's a burglar at the silver and another in the pantry eating my pies. Get up and call for help.
Hub (at window): Police! Doctor!—Boston Transcript.

A Poetic Smile.

A Chicago man, with his two little boys, was visiting a Boston man of his acquaintance. The Bostonian was delighted by the affection of the two kiddies.
"What a beautiful sight," he exclaimed, "to see your two little boys thus! Such brotherly love is as rare as it is exquisite."
The Chicagoan nodded in assent. "Yes," said he, "those boys are as inseparable as a pair of pants."—Harper's.

Preferred Uppers

The second course of the table d'hote was being served.
"What is this leathery stuff?" demanded the diner.
"That, sir, is fillet of sole," replied the waiter.
"Take it away," said the diner, "and see if you can't get me a nice tender piece from the upper part of the boot, with the buttons removed."—Dallas News.

Why He Waited.

An elderly gentleman, clad in an immaculate suit of black, was seated on a bench in the park enjoying the lovely spring day.
A small boy lay on the grass not far away and stared intently at the man. For a while the man said nothing.
"Why don't you go and play with the other children?" he asked at last.

Give 'Em Rest

Wiggins: "Why do they call American soldiers 'doughboys'?"
Hann: "Why, don't you know that their secretary is a Baker?"—Central Collegian.

A Proper Retort

This story is from London: A young woman in khaki uniform and cap met a Scotch kiltie. She saluted. He curtled.—The World.

Figures Wanted.

Editor. This poem is capital.
Poet: I hope so—how much?
—Boston Transcript.

The Irish sergeant had a squad of recruits on the rifle range.
He tried them on the 500 yard range, but none of them could hit the target. Then he tried them on the 300 yard, the 200 yard, and the 100 yard ranges in turn, but with no better success. When they had all missed on the shortest range, he looked around in despair. Then he straightened.

"Squad, attention!" he commanded. "Fix bayonets! Charge the target!"

Endeavor to be patient in bearing with the defects and infirmities of others, of what sort soever they be; for that thyself also hast many failings which must be borne with by others. If thou canst not make thyself such an one as thou wouldst, how canst thou expect to have another in all things to thy liking.—Thomas a Kempis.

Ted: Is that artificial ceremony system you took up any good?
Ned: It has its limitations, of course. It would never teach you to remember the name of the Vice-President or the words of the Star Spangled Banner.—Life.

You remember William Hohenzollern. He's the chap who wasn't going to stand for any foolishness from the United States, after the war. He'll not be called upon to endure any "foolishness."

"Are they seasoned troops?"
"They ought to be. They were first mustered in by their officers and then peppered by the enemy."—Baltimore American.

Our idea of a soft snap would be the position of road overseer of the proposed aerial routes.—Minneapolis (Kas.) Messenger.

Have that new suit tailored to order by Shute, the Tailor. 324 Houston St.

DID YOU EVER DO THIS?

We were coming from the picnic, And wandering o'er the land;
The moon was shining brightly, I held her little—shawl.

Yes, I held her little shawl, How fast the evening flies!
We spoke in gentle tones of love, I gazed into her—lunch basket.

I gazed into her lunch basket, I wish I had had a taste,
Here sat my lovely charmer, My arm around her—umbrella.

Embracing her umbrella, That charming little miss,
Her eyes so full of mischief, I slyly stole—a sandwich.

Reverse in Verse.

Jake and Louie owned a store
Small money did they make;
The draft called Louie off to war—
He left the store with Jake.

When Louie landed over there,
Jake wrote this letter sad:
"Dear Louie. I am blue for fair
To tell you news so bad.

"Our business, it went up in flames;
Insurance I collected;
No use to mention any names,
But, nothing was neglected."

Wrote Louie: "Jake, no need to tell
How much I am elated;
I can't say much—the censor—well,
Just be congratulated.

"And Jake, I have but one request,
As home, my thoughts are turning
Send me that song we like the best:
"Just Keep the Home Fires Burning,"
Scotty in San Francisco Chronicle.

A Hat Trick.

It isn't easy living up to the reputation of being a wit, but Jimkins did his best.

Meeting a friend one morning, he said suddenly:
"I say, old friend, have you heard about the girl who poured a tub of water into her fiancé's top hat?"
"No," replied his friend, getting ready to hear an excellent little anecdote.

"Neither have I," said Jimkins, as he began to walk quickly away. "It hasn't leaked out yet."—Minneapolis Journal.

Deference Transferred.

"Don't you think prohibition has improved the town?"

"Yep," replied Three Finger Sam. "Crimson Gulch is some uplifted. People now show the mayor and the superintendent of schools as much profound deference as they used to show the bartender that did a credit business."—Washington Star.

Almost Broke.

Private Smith: "Any chance for a touch of a few francs, Buddy?"
Private Jones: "Say, Man! All I've got that looks like money is my identification tag!"—Judge.

"The Home of Standard Merchandise"

In College Society

Delta Zeta.

Miss Leah McIntyre returned Tuesday from her home in Topeka, and will be in school this semester. Miss McIntyre had not expected to return to college until next fall.

Miss Estelle Woolman is the guest of Miss Edith Wakefield this week. Miss Woolman was in college last year.

Miss Ethel Roup spent the week end at her home in Wakefield.

Miss Barbara Murray was the guest of friends in Gardner over the week end.

Miss Ruth Hutchings, '16, of Manhattan, and Miss Kate Summers, '16, who is teaching in Coffeyville, were luncheon guests Saturday.

Miss Georgia McBroom, who is teaching in Morrowville, spent Saturday at the Delta Zeta house.

Miss Mary Hazel Phinney and Miss Bess Sloan will spend the week end here.

Shamrock.

Mr. Albert Hancock is sick with the influenza at his father's home near Kansas City.

Mr. Jean Tebow left Tuesday for his home at Jamestown, Kansas.

Mr. Ross Hill, who has been very ill of pneumonia at his home near Manhattan is now much better.

Picnic Supper.

The Elkhart Club liked to "Wild Cat" Tuesday evening where they enjoyed a picnic supper. They spent the evening singing songs and telling stories. Twenty-five couples went. They were chaperoned by Prof. F. Stewart.

Social Club.

The social club held its regular monthly meeting Monday afternoon, between 3 o'clock and 5 o'clock in the domestic science parlors. Miss Caroline Bower of the home study department of the extension division gave a very interesting illustrated lecture on costume design. After the program ice cream was served by the hostesses. Eighty ladies were present.

Alpha Delta Pi.

Miss Mildred Arends of Kansas City has returned to school this semester.

Miss Elithe Kaul of Kansas City who withdrew from school several weeks ago on account of illness has returned to continue her college work.

Mrs. Maude Wynn and Miss Jamie Cameron went to Camp Funston on Sunday to hear Maude Powell play.

Miss Bernice Klotz and Miss Lenore Edgerton of the Delta Zeta house were dinner guests at the Alpha Delta Pi house Wednesday evening.

Mrs. Lowell Dyer and Miss Pearl Hoots were Sunday dinner guests at the Alpha Delta Pi house.

Mrs. R. B. Drew of New Orleans, Mississippi, arrived Tuesday to take Mrs. Maude Wynn's place as chaperon at the Alpha Delta Pi house. Mrs. Wynn left today for Austin, Texas, to take care of her mother who is very ill.

Miss Laura Ramsey, '16, visited on Wednesday at the Alpha Delta Pi house.

Miss Ruth Borthwick and Miss Greeta Gramse returned Monday from Kansas City where they spent their vacation visiting friends.

Artez.

Mr. Franklin Boon of K. U. was a guest at the Artex house Monday. Mr. Boon has enrolled in K. S. A. C. this semester.

Captain Montgomery of Camp Funston was a guest at the Artex house Monday.

Mr. Mike Gardner, who has just been discharged from the army, has returned to Manhattan and enrolled in college this semester. He has been attending the University of Oklahoma.

Captain G. Hancock of Alabama, was a guest at the Artex house, last Wednesday.

Mr. J. Hancock of Westphalia, visited at the Artex house last Wednesday.

Alpha Theta Chi.

Sergeant Edson Shaw of Camp Funston was a week end guest at the Alpha Theta Chi house.

Alpha Theta Chi announces the pledging of Elmer D. McCollum, of Bogard, Mo., sophomore in animal husbandry.

Mr. Ralph Murray and Mrs. Russell Fuller of Protection, Kansas, have withdrawn from college.

Alpha Theta Chi gave a dance last Saturday night, Feb. 8, at Elks hall. The guests were: Captain Bond and Sergeant Shaw of Camp Funston. Professor Wendt, Mr. William Tuttle and Lieutenant Goldsmith.

Entertainers Class.

Professor and Mrs. Otis Hall entertained the good fellowship class of the Methodist Episcopal church at their home Tuesday evening. The evening was spent in playing games. During the evening Mrs. Hall served a delicious luncheon. She was assisted by Mrs. Limper, Mrs. W. E. Grimes, and Mrs. Fehn. About twenty-five guests were present.

Chi Omega Banquet.

The Chi Omega sorority entertained with a banquet Tuesday evening at the Gillett hotel. Covers were laid for twenty-two. The guests of the sorority were Mrs. S. C. Pettit, Miss Lucy Inge, Miss Mary Kirkpatrick, and Miss Helen Colburn.

What Saved The Baby

The family were entertaining callers one afternoon, and while the grown-ups were talking, the baby crept on the floor. Suddenly there was a loud bump and wild wail. It came from the direction of the piano.

"Oh, the baby has hurt himself!" cried the mother. "Run quick dear!"

The young father had already dashed toward the piano. He dropt on his knees and groped under the piano for his injured offspring. Presently he returned.

"He fell down and bumped his head on one of the pedals," he reported.

"Oh, the poor darling! Is it a bad bump?" asked one of the guests.

"No," he answered. "Fortunately his head hit the soft pedal!"—Tit-Bits.

Pi Kappa Alpha.

Mr. Ralph Nixon of Council Grove is visiting this week at the Pi Kappa Alpha house.

Mr. Loren Van Zile and Mr. Cecil Moore have taken out assignments for the spring semester.

Sigma Alpha Epsilon.

Mr. Halford Moody has withdrawn from school and returned to his home in Riley.

Captain Montgomery and Paul Martin of Junction City were guests at the house Sunday.

Mr. Henry J. Kleiver is now at the marine hospital at Great Lakes. Mr. Kleiver was in the battle of the Argonne, St. Mihiel, and Chateau-Thierry, being wounded seven times.

First Lieutenant Ary C. Berry is now in Germany. Lieutenant Perry was wounded during the drive at St. Mihiel.

First Lieutenant Vernon F. Bates was cited for bravery in action when he was cited for bravery in action. The report that Lieutenant Bates, was killed has since been changed to severely wounded.

Sergeant Harold Bates, 117 Amm. Train was wounded in the Argonne Drive.

Mr. John R. McCloung, Tennessee Omega chapter, Swannee, is now instructor in bacteriology in K. S. A. C. Mr. McCloung was a member of the old local Phi Alpha Theta fraternity.

Mr. Paul Tupper has withdrawn from school, and will work for the Standard Oil Company at Eldorado.

Pi Beta Phi.

Miss Elizabeth Adams spent the vacation at her home in Maple Hill.

Miss Ernestine Biby and Miss Sarella Herrick spent Sunday and Monday at their homes in Topeka.

Miss Marie Haynes went to her home in Emporia during vacation.

Miss Lois Hanna spent Sunday in Clay Center.

Dinner guests at the Pi Beta Phi house Wednesday evening were Miss Margaret Epperson, Miss Nita Clark, Miss Louise Camp and Miss Gladys Scott.

Doctor Miller of Salina spent Sunday with his daughter, Miss Marguerite Miller, at the Pi Phi house.

Tri-K Smoker.

Professor I. R. Throckmorton entertained the Tri-K honorary agronomy society, Wednesday evening with a card party and smoker at his home. During the evening refreshments of ice cream and cake were served. About twenty guests were present.

Dean Harry Umberger of the extension division was the guest of the society. He gave a short talk to the boys on the "Qualifications of a good County Agent."

Astex Alumni.

Mr. R. E. Blair, '10, of Bard, Cal., is superintendent of the U. S. Experiment Station there.

Mr. David E. Lewis, '10, of Kansas City is vice president of the Central State Orchard Company of Missouri.

Mr. Stanley Van Smith is engaged in county agent work at Albany, Oregon.

Mr. Harrison Ray Anderson, '11, is a captain with the army in France.

Mr. Johnny Z. Martin, '11, is in government nitrate work in Sheffield, Ala.

Mr. I. Loren Fowler, '12, is a Lieutenant in the Army at Camp Pike, Ark. He was recently taken the examination for captain in the regular army as permanent work.

True to Tradition.

An English, Irish and Scottish soldier were returning to camp after a stroll. They were footsore and tired and a kindly farmer on his way home from market gave them a lift on the road. The soldiers were very grateful and wished to reward the farmer for his kindness.

Said the Englishman. "Let's stand him a drink!"
"Sure," said Pat, "that is agin the law. Let's give him some baccy!"
"Hoot, ma laddies!" interjected the Scot. "Don't be extravagant. Let's shake hands with the mon and wish him good night."

Got Her Lesson

"Do you think you could learn to love me?" asked the young man.
"Well—I don't—know," replied the sweet young thing, thoughtfully.
"I have five thousand dollars in Liberty Bonds, ten thousand dollars invested in good paying stock—"
"Go on; I'm learning."
"And fifty thousand dollars in well paying real estate."
"All right, dear; I've learned. Believe me, you're some teacher!"
—Yonkers Statesman.

Sometimes, Stuff Like This Goes Over

(By Treve Collins, Jr.)
The Editor was deep in thought and frowned bewildered.
"I want to get some brand new stuff—some breezy notes," said he.
The column writer thought awhile then grabbed his pen and grinned.
"Why that's a lead-pipe clench," spake he, "I'll write about the wind!"

A War Gift.

A "Tommy," lying in a hospital, had beside him a watch of curious and foreign design. The attending doctor was interested.
"Where did your watch come from?" he asked.
"A German gave it to me," he answered.
A little piqued, the doctor inquired how the foe had come to convey this token of esteem and affection.
"E' ad to," was the laconic reply.
—Toronto Globe.

Brother Recruits.

A recruit having enlisted with the first rush of applicants, was walking down the company street when he passed an officer whom he failed to salute. The officer stopped him and asked: "How long have you been here?" The recruit smiled a friendly smile and answered. "Three days. How long have you?"—Exchange.

Then He Fell In

Sergeant Major: Fall out, anyone that knows anything about motor-cars. (Cadet falls out). Now, then, what do you know about 'em?
Cadet: Well, sir, I own a twin six.
Sergeant Major: Oh, you do? Well go and clean the adjutant's motor-cycle.

Jealousy

A raw recruit crossing the parade ground, making for the photograph studio to have his picture taken in the uniform he had just received, encountered a captain coming towards him, whom he stopped. Looking at his own uniform, and then at that worn by the officer, he said, "Gee, you're a lucky son-of-a-gun to get them swell leggings."

An Inconsistency.

When we have company to grub, And he despoils our table cloth, So that it's due to have a scrub To free from specks of broth— My sister's almost sure to break The silence, painful and intense, By claiming that it doesn't make A speck of difference! —Ex.

Putting Him Right

A new recruit, placed on guard for the first time, about midnight observed a shadowy form approaching from the distance. Following his instructions, he called out:
"Halt! Who goes there?"
"Shut up!" a husky voice replied: "I ain't going; I'm coming back."

DEAN WORKING VISITS COLLEGE

Confers With Executive Officers and Renewing Acquaintances.

Daniel W. Working, '88, visited the college February 10th and 11th for the purpose of conferring with a number of the Executive Officers and renewing his acquaintance with those who were here during his student days.

Mr. Working has just been elected Dean of Agriculture and Director of the Agricultural Experiment Station in the Arizona College of Agriculture, Tucson, Ariz. He enters upon the duties of his new position March 1st. Mr. Working has been employed for some time in the States Relations Service of the Department of Agriculture, being especially occupied in supervision of extension work under the Smith-Lever Act.

Dean Working has had a wide and varied experience in administrative positions which will, undoubtedly, enable him to perform the duties of his new position with distinguished success.

Full Dress Suits for sale or rent. Kittells.

There was once a doctor named Phil. Who boxed with remarkable skill. The patients he'd box were planted in flocks, And sleep near the church on the hill. —Ex.

It was a cold morning at a roll call in a Russian-American company. The top sergeant, who was calling the roll, sneezed.

"Here!" shouted four privates simultaneously.

Mens Shop, Lab. and dairy clothes at Kittells.

Farmer (to soldier son just returned from the front): Well, Dick, what be these tanks like that there's so much talk about?

Son:—Why, they're just wobbling thingmabobs, full o' what you may call 'ems, and, they blaze away like the dickens!

Farmer: Ay, I heard they was wonderful things, but I never could get any details before.

Shute, the Tailor has a new stock of spring suits. Don't fail to see him.

A pupil was required to write an essay of about two hundred and fifty words about a motor car. The following was submitted:

"My uncle bought a motor car. He was riding in the country when it busted up a hill. I guess this is about fifty words. The other two hundred are what my uncle said when he was walking back to town, but they are not fit for publication." —Ex.

Mens' Gym Outfits, Kittells.

The same note runs throughout; the strangers are remarkably fond of baths, they are greedy for candy, and, strangest of all, they smile!

Thus with pathetic unconsciousness the infants write their terrible indictments of the foe.

We might forget much else in time, but not this—that the little children of France remarked upon it when they saw soldiers who smiled.—New York Sun.

Girls Gym Outfits, Kittells.

Passing through a military hospital, a distinguished visitor noticed a private in one of the Irish regiments who had been terribly injured.

To the orderly the visitor said: "That's a bad case. What are you going to do with him?"

"He's going back, sir," replied the orderly.

"Going back!" said the visitor, in surprised tones.

"Yes," said the orderly. "He thinks he knows who did it."

Don't fail to see Shute, the Tailor, before buying your new spring suit.

Had Columbus, half seas o'er, Turned back to his native shore, Men would not, today, proclaim Round the world his deathless name.

So must we sail on with him Past horizons far and dim, Till at last we own the prize That belongs to him who tries With faith undying!

Own the prize that all may win Who, with hope, through thick and thin Keep-a-trying.—Nixon Waterman.

SHAMROCKS ADOPT PRINCE

Wandering Royal Pup Goes In For Fraternity Life.

"Oil Town Prince" has arrived on the hill and has been initiated into the royal order of the college "frat." dogs. He made his debut one day last week at the back door of the Shamrock fraternity.

Prince, in the disguise of an ordinary pup, was begging for a bone when the boys recognized his royal blood and knew that he must be a pure blood Airdale with a lost pedigree. They immediately decided to adopt him, and adopt him they did.

Prince is rather thin at present but it is hoped that with care and good feeding he will gain rapidly. The dog is a genuine good pup now with a pedigree fourteen inches long which the boys have bought especially for the wandering Prince.

He is too young to be a good fighter, but after attending the neighborhood fights he probably will learn a few things and start in for himself. It is expected that some day he will hold the college championship in old Toga's place as a sure winner at the big rallies.

Mrs. Mary Lane Bowman.

Mrs. Mary Lane Bowman died at her home here February 1, of pneumonia following influenza. Mrs. Bowman received her degree here with the class of 1916 and at the time of her death she was connected with the extension department of the college.

Mrs. Bowman worked her own way through the high school and through college. From the time she enrolled as a student in K. S. A. C. she worked long and hard. She would alternate between college and teaching. Altogether she taught eight years.

ATTEND COLLEGE IN FRANCE

AMERICAN BOYS RECEIVE SAME COLLEGE CREDIT AS AT HOME

Many K. S. A. C. Men Are Enrolled in College Work That Is Offered by The American University Union.

Many K. S. A. C. boys have enrolled in college work which is offered by the American University Union in Europe. The University has headquarters established in Paris, London, and Rome, and is proving a great benefit to the American soldiers in Europe, especially since the signing of the armistice.

The Union is trying to give the American college boys in Europe the same college training, with full credit, that they would be getting at home if they could be here to go ahead with their college work.

The list of K. S. A. C. men enrolled in the American university in Paris is as follows: Second Lieutenant Paul L. Findley, '18; First Lieutenant Charles E. O'Neal, '16; Arthur N. Templin, '16; Second Lieutenant Clifford C. Stevenson, '14; Colonel Edmund C. Abbott, '33; Second Lieutenant Franklin A. Adams, '09; Second Lieutenant Fred G. Austrom, '12; Herbert N. Baker, '18; First Lieutenant Ary C. Berry; Captain Lawrence Bixby, '18; First Lieutenant Raymond Bolselle, '10; Second Lieutenant Clairmont B. Boshart, '15; Sergeant William N. Caton, '17; Sergeant Rexford B. Cragg, '17; First Lieutenant C. I. Dagne, '12; Captain Hugh B. Dudley, '17; W. G. Edwards, '19; Lieutenant Frank Elliott, '11; George C. Ferrier, '16; First Lieutenant W. G. Fitzgerald, '16; Corporal Floyd L. Fletcher, '19; Second Lieutenant Dewey M. Fullington, '19; Second Lieutenant J. L. Garlough, '16; Second Lieutenant John C. Gist, '14; Walter A. Goldtrap, '16; Second Lieutenant F. H. Graham, '13; First Lieutenant Alfred A. Grant, '18; First Lieutenant Edman R. Greenfield; Second Lieutenant Lawrence G. Gross, '16; L. A. Guilfoyle, '21; Harry A. Gunning, '16; Second Lieutenant William W. Haggard, '15; Captain Charles T. Halbert, '16; First Lieutenant Harry V. Harding, '09; First Lieutenant Donald D. Hughes, '17; Second Lieutenant J. C. Jones, '13; Vincent Meche, '10; Captain Rolla W. Miller, '15; Captain Edwin C. Morgan, '08; John Williams Pattison; Second Lieutenant Amos O. Payne, '20; Lieutenant Stanley R. Scott, '15; First Lieutenant Wilbur N. Skourup, '15; First Lieutenant William E. Stanley, '12; First Lieutenant Harlan R. Sumner; Second Lieutenant Harold A. Thackrey, '14; Second Lieutenant E. D. Wells, '18; Willard Welsh, '18; and Captain C. Earl Whipple, '07.

The first four men in this list registered since December 11, 1918. The others were all registered before December 11. The address of each man in the list is filed in the office of the registrar.

GIRLS LOOK HERE!

Are you comfortable in the presence of a person who knows something? Can you talk about how your own beloved land jumped from isolation to leadership? Do you know what Uncle Sam and John Bull really think of each other? Could you look intelligent if someone were to tell you that wars are epoch markers?

Well then, here is your chance—perhaps your first, maybe your last—to find out some mighty interesting things that every girl who expects to vote someday ought to know. Professor Ralph R. Price, head of the department of History, is going to make three talks to all the Y. W. girls, and any others who can squeeze into the room. The first one comes on Thursday at four—in the H. E. rest room, the second one a week later, and so on.

It's a foregone conclusion that these talks will be worth double your time. Cancel that conflicting date today. Every girl that really wants to be a worthwhile American will be there—along with you.

Y. W. C. A. Vesper Service

Thursday, the twelfth, was a red letter day for those who attended the Y. W. C. A. vesper service. The program was entirely in charge of girls from the Manhattan High school. They presented a farce showing the work of their association. This was followed by "A Typical Business Session," which proved to be very comical. The meeting was full of life, and much appreciated by the K. S. A. C. girls.

There will be an important meeting of the Young Womens Athletic Association the latter part of the week. Watch the bulletin board for further notice.

POPULARITY CONTEST BEGINS

Winners Not To Be Announced Until Night of Ball.

The winners of the Aggie girl contest which begins this morning, will be announced this year at a popularity ball. The contest will close at 6 o'clock Saturday night but the results will be kept a secret until the big party is held.

In former contests the placing of the candidates has been announced as soon as the votes were counted, but this year no one but the business manager, assistant business manager, Aggie Girl editor, and a fourth disinterested party will know until the college public is let in on the secret at the dance. The six girls who win places in the book will be announced then in some novel way. They may lead the grand march, they may have to give a song and dance, or they may have to do something different, but it promises to be exciting and interesting.

It is planned to make the popularity ball one of the big affairs of the college year. Definite details have not been worked out yet but a committee is seeing about what can be done about either renting the community house down town, or fixing the gym floor. A possible date is March 8 though some other date may be chosen, if it conflicts with other events.

AGGIES LEAD MISSOURI VALLEY

Winning Second Game from Drake Gives Team First Place.

The Aggies, by winning the second game from Drake university at Des Moines Thursday night, by the score of 37 to 19, won the lead in the Missouri valley championship race. Missouri university lost two to Nebraska university on the Nebraska court.

After two wins to their credit, one over Ames, by the score of 22 to 18, and the other over Drake by the score of 43 to 24, the Aggies started into the last game of their trip with the real Aggie spirit. Playing hard from the start, the Purple five succeeded in building up a lead in the first few minutes and retaining it throughout the entire game. The first half ended with the Aggies in possession of the long end of a 22 to 7 score. The second half was almost an even break, the Aggies having the advantage over the Drake quintet by only three points.

A star for this game would be hard to pick out. Bunker and Hinds, playing at forward, both showed up well, each covering the floor well and playing the best of team work. Clarke and Cowell, at guard, each succeeded in dropping in three baskets. Jennings, at center, played his usual steady game, dividing his baskets equally between halves.

The clean playing of both teams was a feature of the game. Either side showed but few signs of roughness, only 13 fouls being called on both sides.

Score: Aggies G FT F Hinds, rf 2 1 1 Bunker, lf 4 0 1 Jennings, c 4 0 1 Clarke, rg 3 2 2 Cowell, lg 3 0 1 Kecker, lf 1 0 0 Blair, rg 0 0 1 Drake G FT F Baker, rf 0 3 0 T. Payseur, lf 1 0 0 McKinley, c 0 0 1 Lamar, rg 0 0 2 Ebert, lg 2 2 2 Shawver, rf 4 0 0 P. Payseur, lf 0 0 0

CANVASS STUDENT NEEDS

PROF. BRAINARD HITS METHOD OF FINDING WHAT ACTIVITIES STUDENTS WANT

Every Student Requested to Fill Out Blanks—Must Put Down Activities He Enjoys—All Sides of School Life Covered—Same Plan Suggested for Faculty.

"What does the student want?" was the question that Prof. P. P. Brainard of the Home Study division of the college asked when he was put in charge of some of the student activities. In nearly every case the answer was "I don't really know." Even in the cases where the question was answered the replies varied so greatly that no definite end as to the needs of the students could be reached.

Blanks Only Solution

The only real way to get at the problem, decided Professor Brainard, was to ask the student, and the result was the blank form that was handed to each student a few days ago, with the instructions to fill out carefully. The final result, as given to the student, was a composite form of the ideas of several teachers in the different divisions who are actively interested in school activities.

The real purpose of the campaign is to give the different organizations, such as the Y. M. and the Y. W., and similar organizations, a real basic foundation upon which to organize functions and parties that will meet the social and physical needs of the student body. It will give quite a few organizations that simply sit around and do nothing a chance to either do something, or get out, because from now on, after the tabulation of the results of the campaign, they can give no excuse such as "The students don't seem to respond to what we plan for them." They now will have something to go on, so they won't make such mistakes.

All Activities Represented.

The subjects were covered thoroughly, and nearly every possible phase of school activity was covered. It is now up to the student to stand back of what he put on the paper, and if something is organized through which he can do the things he desires, that he will not fall down on his part of the bargain, is the way Professor Brainard looks at the problem.

Everybody Required to Answer.

About 700 boys and 500 girls have answered the questions, and blanks will be mailed to the rest of the men and women, about 300 in number. All the people who did not take the matter seriously and failed to answer the questions, will also be called upon personally and requested to fill out the forms to the best of their ability.

Good Thing for Faculty, Too.

It is also being hinted by a few faculty members, that it wouldn't be a bad idea to put out just such a form among the faculty, and see if a little pep and zip couldn't be raised among the members of the faculty as well as among the students.

MISS PADLEFORD WINS

Second in Collegian, Mrs. Moore—in Industrialist, Miss Lund.

Miss Clementine Padleford, sophomore in industrial journalism, is the winner of both the Collegian and the Industrialist contest for the first semester, having almost twice the number of inches in each contest as the person who won second place.

The standing in each contest is rated according to the number of inches of acceptable copy turned in to the paper. Members of the staff of the paper are ineligible to compete.

The standing in the Collegian contest is as follows: Miss Padleford, 626 inches; Mrs. L. Moore, 332; Miss Caroline Sloop, 101; Mrs. Sara Yost, 99; Miss Helen Colburn, 51; Miss Ione Leith, 48; Miss Geta Lund, 31; Miss Florence Rowles, 17; and Miss Blanch Lea, 16.

The standing in the Industrialist contest is as follows: Miss Padleford, 205 inches; Miss Geta Lund, 102; Mrs. L. Moore, 65; Mrs. J. W. Ousley, 57; Mrs. N. Corby, 40; Miss Blanche Lea, 17; Miss Helen Colburn, 14; Miss Florence Rowles, 13; and Miss Caroline Sloop, 3.

CLASS POLITICS ON BOOM

ALL CLASSES NOMINATE OFFICERS—ELECTION WILL BE THIS THURSDAY

Black List Will Show Who Has Voted And Who Has Paid His Class Dues—Chance Will Be Given All to Pay Back Dues and Vote.

College pep and class politics is again on the boom and will reach a climax next Thursday in the big general election. Each class has nominated officers and Thursday will be election day for all classes. Regular election booths will be placed in Main hall, one or two for each class, and space will be marked off inside of which there can be no electioneering.

A black list is to be put up in order to show just who has voted. It will also show whether all dues have been paid and an opportunity will be given to pay back dues and thus become eligible to vote.

The plans for the new system of election were made by a committee from each class which met last Thursday. Seibert Fairman, chairman, Mary Mason and Gordon Hamilton were the representatives from the Senior class. The Juniors were represented by Pete Hixon, Dora Cate, and Paul Fetzner. Mary Dudley Lloyd Hamilton represented the sophomores and Harvey Howard and Arthur Graves talked for the freshmen.

The plan adopted is one similar to that used in most colleges, and the movement for its use here was started by Bruce Brewer. All classes were enthusiastic to take up the plan as it is fair to make class elections the peppy affairs they should be, and to represent the voice of the entire student body rather than the small circle from each class which in general has done the voting heretofore. It will give every one a chance to see how he stands on the treasurer's books.

The election committee provided for in each class constitution will take charge of the election for the respective classes, handle the ballots, collect dues, and mark names from the black list.

Every student in college will be voting in Main hall next Thursday for one set of the class officers, while before only a few have voted each time. The student body is taking hold of this with their good old "before war" pep and it is expected that every student will pay his dues, mark his ballot and have his name marked from the black list early in the day next Thursday.

These are the nominations for the officers in the different classes.

Seniors—President, Gordon Hamilton; vice president, Miss Hattie Droll; secretary, Miss Lucille Halleck; treasurer, Seibert Fairman and Mr. Janfen; assistant treasurer, Miss Esther Latzke; chairman of social committee, Miss Fayne Bondurant; marshal, Miss Ruth Borthwick and W. W. Bell; assistant marshal, Miss Sarella Herick and Mr. Foreman.

Juniors—President, Ralph Hixon; vice president, Miss Anne Lorimer; recording secretary, Miss Elithe Kaul; treasurer, Mr. Slaegal; boys' athletic director, Mr. McGrath; girls' athletic director, Miss Laverne Webb; marshal, Mr. Works; assistant marshal, Ted Hall; historian, Miss Edna Wilkin; corresponding secretary, Lieutenant Woodward; assistant treasurer, Miss Dora Cate; chairman of social committee, Mr. Robinson.

Sophomores—President, D. Burton; vice president, Miss Ruth Gillis, Miss Mary Frances Davis and Miss Henrietta Jones; secretary, Miss Josephine Shoemaker, Miss Marguerite Hammerly and Miss Katherine Hunter; treasurer, Merton Otto and Marion Clark; marshal, Oscar Cullen; student council member, Miss Gladys Ross and Sheridan Spangler.

Freshmen—President, Mike Ptacek, Fred Miller, Everett Willis and M. A. Graham; vice president, Morris Salisbury and Arnold England; secretary, Miss Burdette Tegmeier, Miss Gladys Bartley and Samuel Simpson; treasurer, Earl Raymond, Miss Elizabeth Brown, Wheeler Barger and Varian Whan; sergeant-at-arms, Fred Russell, George Smith, and Horace Randell; student council, Clarence

Buckley, Eugene Sweet, Miss Madge Locke and Miss Esther Waugh; social committee, Miss Winifred Varner, Miss Evelyn Glenn, Harold Combs and Miss Alice Mitchell.

Forty-two students are taking work in the new department of industrial journalism, Oregon Agricultural college. Nearly 50 per cent of these are from the division of engineering. Prof. Frank L. Snow, formerly of the Kansas State Agricultural College, is head of the department.—Kansas Industrialist.

Katharine Conklin of Topeka, who has been visiting Elsie Cuthbert, has returned to her home.

MANHATTAN HIGHS LOSE, 26-38

Play Good Uphill Game—Lawrence Lead Too Big to Overcome.

In the fastest game of the season on the local high school court, the Lawrence High school basketballers succeeded in defeating the local high school basket tossers by a score of 38 to 26. Although there was 12 points difference between the teams at the end of the game, the contest was much closer than the score indicates, as the Manhattan boys were fighting all the time, and made Lawrence work for every point.

The Lawrence boys sprang a surprise in the first half, and before the local boys woke up and started, they had scored eight points. At this point the Manhattan boys began coming back strong and the half ended with Lawrence leading by only three points 20-17.

The Lawrence boys started out strong again in the second half and got back their lead, but some fast goals by Captain McKee of Manhattan again brought the blue and white within striking distance. At this point the Manhattan boys called time out, and when they went back they seemed to have lost their spirit and pep, and consequently Lawrence increased their lead until the final score stood 38 to 26.

Captain McKee played a star game for Manhattan, getting three baskets, and playing the floor well. Beeler also helped the scoring greatly by tossing 12 out of 16 chances via the free throw route. The Manhattan line-up was Captain McKee, center; Currie and Warham, forwards; Kerr and Beeler, guards. Referee, Mike Ahearn, K. S. A. C.

Fresh Win One and Lose One.

The Aggie Freshman squad broke even on their trip to Salina Friday and Saturday of last week. They lost the first game to the Salina Y. M. C. A. team Friday night by the score of 24 to 19 and won the second from the Kansas Wesleyan, 29 to 13.

The first game played Friday night with the Y. M. C. A. team was featured by the rough playing of the veteran Y. M. C. A. team. According to "Bill" Tuttle, who was the guardian of the Freshies on their trip, the Y team was composed of a picked team of the city including the athletic director of both the Y. M. C. A. and the Salina High School. Christman and Sears at guard played the feature game for the Aggies. Morris the lanky center of the Freshmen in trying to outplay his opponent was put out of the game on personal fouls. Brown substituted in Morris' place played a good game.

The second game, with the Kansas Wesleyan college, was a clean hard game. The Aggie team gained the lead in the first few minutes of play thru the efforts of Cowles and forward and kept it throughout the game. Tippen and Gross at forward also played a consistent game at the other forward. Morris in this game succeeded in adding eight points to the Aggie score thru field goals.

BARGER LEADS SOCIETY

V. S. Crippen Elected Vice President For This Semester.

The Athenian Literary society elected the following officers for this semester: President, T. Barger; vice president, V. S. Crippen; corresponding secretary, E. J. Price; recording secretary, I. D. Thompson; treasurer, R. B. Wilson, critic, S. Fairman; Marshal, C. C. McPherson; assistant marshal, A. B. Cullom; board of directors, M. P. Scheagel, O. L. Cullen, and C. D. Weber; program committee, C. J. Medlin, W. W. Bell and G. M. Brown.

AGGIES DEFEAT THE JINX

PURPLE RUNNERS OUTDISTANCE HOODOO, AND WIN FROM K. U. 46 1-3 TO 38 2-3.

Gallagher Wins Four Firsts—High Score Man with 20 Points—Watson Springs Surprise in Mile—Aggies Lost Relay by Mix-Up in Counting Laps.

In the first Missouri Valley meet of the season the Aggies defeated the Kansas Jayhawkers by the score of 46 1-3 to 38 2-3.

The Kansas team won only three firsts in the meet, the quarter mile the half mile and the relay. The Aggies won firsts in the 30-yard dash the 30-yard low and high hurdles, the one mile run, the two mile run, the shot put, the high jump and the pole vault. The Aggies would have won the relay had it not been for the fact that the first man to run the quarter, Gallagher ran only three laps instead of the required four.

Cliff Gallagher, the speedy dash man was the individual point winner of the meet gaining twenty points for the Aggies. He won firsts in the thirty yard dash, the thirty yard low and high hurdles and shot put. His time in the dash was the same as that of the low hurdles and the time of the high hurdles was a very little more.

Rodkey of the Kansas team was the second in number of points getting eight points. His points were gained by a first in the half mile and a second in the high jump.

Captain Foreman of the Aggies showed exceptional form in the two mile race out distancing his opponent, Oglevie by two and one half laps. Foreman has a long easy stride and at the end of the race looks as if he could easily travel another two miles at the same rate of speed. Germany Schulz looks for Foreman to take every two mile race in which he is entered this season.

Watson, in his first inter-collegiate race, showed up in excellent form easily taking the mile race from his opponent, Dewald. Watson is expected to show real speed if he runs against anyone that will push him this season.

"Jack" Frost showed good form in the high jump although he did not need to exert himself to defeat his opponent. Frost was also entered in the pole vault and tied with Robinson and Heizer for first place, thus gaining seven and two thirds points for the Aggies.

Beckett took an easy second in the half mile running against Rodkey. "Tom" Neely showed his speed in the thirty yard dash and in the relay. His second in the thirty won over McGinnis and Torrey was done in good time.

Summary. 30-yard dash—Won by Gallagher, Aggies; Neely, Aggies, second. Time :03 4-5 seconds.

One Mile Run—Won by Watson, Aggies; Dewald, Kansas, second. Time, 4 minutes, 48 1-5 seconds.

30-yard high hurdles—Won by Gallagher, Aggies; Hobart, Kansas, second. Time :04 3-5 seconds.

440-yard dash—Won by Cliff, Kansas; O'Leary, Kansas, second. Time, 56 3-5 seconds.

30-yard low hurdles—Won by Gallagher, Aggies; Hobart, Kansas, second. Time, :03 4-5 seconds.

880-yard run—Won by Rodkey, Kansas; Beckett, Kansas, second. Time, 2 minutes 9 3-5 seconds.

Two mile run—Won by Foreman, Time, 10 minutes 47 3-5 seconds. Aggies; Oglevie, Kansas, second.

One Mile Relay—Won by Kansas, no time.

Shot put—Won by Gallagher, Aggies; Liggett, Kansas, second. Distance, 35 feet, 2 inches.

High Jump—Won by Frost, Aggies; Rodkey, Kansas, second. Height, 5 feet, 4 inches.

Pole Vault—Tie between Frost and Robinson, Aggies, and Heizer, Kansas, for first place. Height, 10 feet.

Officials: Starter, Dr. J. C. Grover, Washington University.

Judges, Dr. Outland, Penn. U., Prof. Cortelyou, Prof. Ahearn.

Timers, Prof. Wendt, Prof. Hamilton, Mr. Powell.

RESPONSIBILITY

If you were to ask us for a definition of responsibility, there are days when we would be inclined to tell you that it is something that almost everybody avoids. People seem to be afraid of it. They like to pass it on to someone else. They dread to make decisions and stand by them. Now that is a mean sort of business—that being afraid of consequences. Our idea of a man is one who dares make up his mind upon a point, and then is willing to go ahead and be responsible for it. We mean a man who will go ahead and say: "I think this is right. I have studied this and believe I ought to do it, and I can depend on my judgment. I am willing to take the consequences." He is the kind of a man you find in a great position making a great success. —American Boy.

Where is the Student Council? Can anyone answer the question? Think, were you elected to that staid and august body at the last class election? Are your meetings held in secret at Johnny Harrison's or what is the matter? The results of your meetings have not yet been published. The Collegian has been searching in vain for someone that knew who composed the Council in order to ascertain their opinion on certain matters of serious moment to the school.

"Happ" O'Brien seems to be the only man on the Hill who will admit that he belongs to the organization, if it could be called such, and he has never been notified of a meeting. No, don't blame "Happ," he was elected by the Senior class only a few weeks ago and hasn't yet gotten onto the ropes. Give him a chance, but prod the other members, if you can find out who they are, and see if you cannot get results.

Bridget had proved to be all that a servant should be in regard to her duties; but, unfortunately, her energies never seemed to extend to keeping her own face clean.

Her mistress desired to tell her to wash her smutty countenance, but, not wanting to offend such a treasure, she resorted to strategy.

"Do you know, Bridget," she remarked, in a confidential manner, "that if you wash your face in hot, soapy water it will make you beautiful!"

"Shure, an' it's a wonder ye niver tried it yerself, ma'am," was Bridget's surprised, and surprising, answer. —Sketch.

And men relate that Mrs. Newlywed went to a grocery store to do her morning marketing. And she was determined that the grocer should not take advantage of her youth and inexperience.

"These eggs are dreadfully small," she criticized.

"I know it," he answered. "But that's the kind the farmer brings me. They are just fresh from the country this morning."

"Yes," said the bride, "and that's the trouble with those farmers. They are so anxious to get their eggs sold that they take them off the nest too soon." —Cleveland Plain Dealer.

A physician was examining a class of nurses. He described the condition of a patient, and asked one nurse how much morphine, in her opinion, should be administered to the sufferer.

"Eight grains," promptly replied the nurse. The doctor made no comment, and the girl passed on. When her turn came again she appeared greatly confused, and said to the examiner:

"Doctor, I wish to correct the answer I made last time. I meant to say that one-eighth of a grain should be given to the patient."

"Too late," remarked the physician, without looking up from his question paper. "The man's dead."

—Passing Show.

Clever Science Freshman: Oh, yes, y'know, they make almost all our books now out of wood pulp.

R. V. C. '19: "Yes, logbooks, I suppose." —McGill Daily.

SUNFLOWERS

By H. W. D.

Moral authority is the kind a man exercises when his wife takes him to a bargain sale.

People who wish to go into uplift work can get a lot of good practice on their own boot straps.

On Sundays we eat big dinners and read extra large editions so that we may be bilious all over.

There are only two kinds of picture shows left, those that pretend to be farces and those that don't.

Thank goodness, most of our really serious faults can be laid at the door of our wives—or our husbands.

Gertie, our steno, says that the demoralization of the soldier boys is proceeding more rapidly than she had intended.

Bolshevism is not so new. Married people have been acquainted with it in one form or another for the last 10,000 years.

Long Live Literature, Boys

The members of the Literary Review club will entertain their husbands Tuesday night at the home of Mr. and Mrs. George E. Bowling, 415 Gladstone boulevard.—Kansas City Star.

A Contrast.

No bold man's lips have e'er touched mine.

Through I am almost twenty;
Some girls I know have kissed 'em all,
And kissed 'em good and plenty.

—Lucy Wonder.

If you contemplate writing a story—one of these war reminiscence affairs—for the Saturday Evening Post, don't forget to mention with ardor in paragraphs 1, 4, 11, 16, 20, 23, 25, 30, 31, 32, 33, and 59 the impressive fact that you, with your own eyes, have seen hell in all its awful forms. If you fail to do this, people will know that you have never been farther than Paris, London, New York, or Little Rock, Ark.

Here's Something Free.

We have in mind subjects for at least six good sermons. Any preacher with a moderate amount of gray matter and a little backbone is welcome to them. Homiletics and other kinds of all-over philosophy are barred, however, and only specific details are to be used. The first subject is this: How the True Christian Acts on Monday. The other five sermons deal with the rest of the unholy days of the week.

Milady's Artistry.

A button on Milady's shoe is off.
Don't scoff.
And say it can't be on and off;
It may be off and on again,
As Finnegan
Said of the train.

Milady's shoes were cloth of gray;
The buttons gay
Did play
Twelve in a row.
But one did go,
The sixth or eighth
(I reckon from her toe.)

"Twill ne'er be on again—
I fear Milady dear
For things like that
Gives not a care.
Besides, her hair
Is new
So look up there, old Toff
If you
Don't like the button on her shoe.
That's off.

—The Kansas Industrialist.

Half Minute Interviews.

"Well," said Ted Hall, "it's just this way.

"A kiss—a sigh—a long good-bye and she is gone;
A glance—a curl—another girl—and life goes on."

Half Minute Interviews.

"How did it happen—?"
"Well, it was this way:
He asked me if he could kiss me, I let him kiss me twice.
I know I shouldn't have done it, But, G— he smelled so nice." —College Flirt.

Rus—The government sure tries to make its men happy.
Gus—Yes, my last underwear tickled me to death.—Chapparral.

Said Q2B

"I C U R

Inclined 2 B A J."

Said B 2 Q

"UR mind I C

Shows signs of slight D K."

—Exchange.

K. S. A. C. Social Opportunities.

"There are many interests now that have no organizations to back them. Let some interested party who feels the need of some particular organization start one. There is always something to 'belong to.'"

"Here are a few suggestions for clubs that occur to us:

"A Snow-shovelers Union, for freshmen only.

"A Shining Light Society, for all red-headed students.

"A Society for Protection of Cats: to keep Vets. from abusing members of the feline family.

"A B. B. Club: for blighted buds who have broken their engagements.

"A Mid-night Prowlers Club: for those who find sleeping entirely outside of their curriculum.

"A Sorority Devoted to Hair-dressing Styles: for young women who are interested in the latest thing in bangs, spiccurls, etc.

"A Manners Club: with the purpose of teaching students to eat noiselessly and calmly without losing out on the food.

"A Physical Exercise Organization: for girls who live down the Hill and do not get enough exercise.

"There are many more that could be mentioned, but you can think them up for yourself."

Plain Tales From The Hill.

Do you know why she keeps saying 'Wait just a minute, please,' when you call up for a date?

If you could hear the variety of remarks, and the advice that is hurled at her free of charge, you would wonder that she could talk at all. This is just a sample.

"He's a nut. Be careful."

"Go on and give it to him. You will be missing something if you don't."

"Stay at home with me tonight. I'm having a party."

"Really he isn't bad and he always brings you home in a taxi."

"If that is Ray, tell him I want to speak to John when you get through."

"Oh, I'd go to that party with any man."

"That poor fish. You are the fifth girl he has called the last hour."

"Why, he is just as nice as he can be and he is lovely to his sister."

After hearing all this, she most likely will tell you that she would just love to go, but don't think that it is just because you asked her. —University Daily Kansan.

OVER THE TELEPHONE

The manner in which you use a telephone indicates largely what you are.

Many a man has dug his grave with his tongue.

Discourtesy hurts the person who uses it more than the person toward whom it is directed.

You cannot get away from that truth by drawing a herring across the trail.

We have proved to our satisfaction that courtesy is a good investment.

One discourteous action by you over the telephone to a patron or prospective patron does an injury to every man whose name is on the payroll; and a place on the payroll beats one in the breadline.

It is not always what a man knows. It is what he does that counts. Opportunity plays no favorites.

Knockers do not kill men; they kill business. They are the persons who sift sand into the gear boxes of progress.

Wounds inflicted by a knife heal more quickly than those inflicted by a sharp tongue.

Chickens come home to roost; so do harsh words.—Ladies Home Journal.

Thoughtful William.

"William," snapt the dear old lady, viciously, "didn't I hear the clock strike two as you came in?"

"You did, my dear. It started to strike ten, but I stopt it to keep it from waking you up." —Tit-Bits.

A Poor Adviser

"I shall never ask Hobbs for his advice again."

"What's the matter?"

"He never thinks what I have made up my mind to do is right." —Boston Transcript.

Meaning of K. P.

The Kirksville Normal Index says that according to Feminine authorities K. P. means;

Khaki Pants; Korn Pancakes; Kaiser Punctures; Knave Parole; Keen Practice; Kirk Patriots; Kettle Polishers; Kayenne Pepper; Knotty Problems; Kiss Please; And it may mean Kitchen Police.

The Seniors were born for large things.

The Freshmen were born for small, But it hasn't been recorded why.

The Sophomores were born at all.

—Awwgan.

"Well, Sammy, how is everything getting along up at your house?"

"Oh, she's getting along all right!" —Judge.

"Effie, come here and let me cut your nails."

"But I want 'em long, Mother, in case I get a chance to scratch that German boy across the street."

—Life.

The pessimistic student says that whenever he is not feeling good and his appetite is gone, somebody is certain to ask him into a drug store to have a banana split.—Rocky Mountain Collegian.

Mrs. Jones: "Fred, dear, mamma says she has made up her mind to be cremated."

Jones (absent-mindedly): "All right. Tell her to put on her things and I'll take her along." —London Fun.

The Man Who Names Pullman Cars sprang at The Man Who Names Col-lars.

"Wshdgcgvthgdf," he hissed.

"Gbcvdfsrseujk," was the withering reply.

"Come, come, boys," expostulated the gentle-voiced keeper, "you were not to talk shop, you know." —Puck.

A large black lady boarded a crowded car and a dark gentleman in the rear promptly arose to offer her his seat.

"Hab dis seat, mam," he said, politely waving toward the seat.

"I hate to deprive you," said the lady, taking the seat.

"I insure you, mam, dat hits do deprivity,—no deprivity." —Judge.

First Tommy: "My wife writes she 'opes as 'ow I won't be getting any 'billet doux.' Now, wot's that mean?"

Second Tommy (proud of his French): "Well, 'billet' is a billet, see? and 'doux' is soft. Soft job, I take it, she means."

First Tommy: "Oh! Does she? I'll soft job 'er when get 'ome."

—Passing Show.

"You're under arrest," exclaimed the officer with chip whiskers, as he stopped the automobile.

"What for?" inquired Mr. Chug-gins.

"I haven't made up my mind yet. I'll just look over your lights, an' your license, an' your numbers, an' so forth. I know I can get you for somethin'." —Washington Star.

Asked by his Sunday-school teacher to write an essay upon Elisha, a boy brought the following effusion to his class on the next Sabbath:

"There was a man named Elisha. He had some bears, and he lived in a cave. Some boys tormented him. He said, 'If you keep on throwing stones at me I'll turn the bears on you, and they'll eat you up.' And they did, and he did, and the bears did." —London Fun.

"My dear," said Mr. Skinfint to his wife, "where did all those books on astronomy come from? They are not ours."

"A pleasant little surprise for you," responded the lady. "You know you said this morning that we ought to study astronomy, and so I went to a bookseller's, and bought up everything I could find on the subject."

"My dear," said Mr. Skinfint, in a voice choked with emotion, I never said we must study astronomy; I said we must study economy." —Tit-Bits.

A penitent-looking man was on trial for vagrancy and disturbance of the peace. The judge seemed inclined to be lenient with him.

"What was the prisoner doing when you arrested him?" he said to the policeman.

"He was having a very heated argument with a cab-driver, Your Honor."

"But that doesn't prove that he was the worse for liquor," the judge said.

"Many sober people have arguments with cab-drivers."

"So they do, Your Honor," said the policeman, "but in this case there was no cab-driver." —New York Times.

Hints and suggestions are often more efficacious than heroic measures. A man in a barber's chair had a big claw on his watch chain.

"Bear's claw?" said the barber.

"Yes."

"I suppose you killed it yourself, sir?"

"Yes."

"How many balls did it take to kill him?"

"None?"

"My goodness, did you kill him with a knife?"

"No."

"Then—then, er—"

"I talked him to death," said the man in the chair significantly.

—London Notes.

R. Crusoe.

When Robinson Crusoe was wrecked all alone

On an island far out in the sea,
He didn't sit down on the sands with a groan,

And murmur, "Poor, unlucky me!"

He started to work right away with a will

And bullded the first bungalow;
And he fashioned some tools and so

managed to till

Some ground that a garden might grow.

Whatever he needed he made for himself

From things that were lying at hand—

Umbrella or shoes or a head-bumping shelf

For the winter preserves he had

canned.

Some people, thus stranded, would lie

down and sob

And presently perish, no doubt.

'Twas the way Mr. Crusoe got down

to his job

That made him worth writing about.

—Walter G. Doty, in Current Events.

Officer: "This gun shoots five hundred times a minute."

Rastus: "Lan' sakes, a man could do some might fast crap-shootin' wif dat instrument, couldn't he?" —Puck.

Bank Cashier: "You will have to be identified, madam."

Lady: "My friend here will identify me."

Cashier: "But I don't know her."

Lady: "Oh, well, I'll introduce you."

—Boston Transcript.

With continual reminder, Johnny's manners had been improved at home, but at what a cost to his appetite

when he had an invitation to dine at a boy's friend's house! His hostess said, conceredly when dessert

was reached, "You refuse a second helping of pie? Are you suffering from indigestion, Johnny?" No, ma'am; politeness." —Christian Evangelist.

A Frenchman, boasting in company that he had thoroughly mastered the

English language, was asked to write the following dictation. "As Hugh

Hughes was hewing a yule-log from a yew-tree, a man dressed in clothes

of a dark hue came up to Hugh and said, 'Have you seen my ewes? If

you will wait until I hew this yew, I will go with you anywhere in Europe to look for your ewes,' said

Hugh." —Tit-Bits.

—Tit-Bits.

She took a course of first aid to the injured, and, after long and anxious waiting, the street accident she had earnestly wished for took place.

It was a bicycle accident, the man had broken his leg; she confiscated the walking stick of a passerby and broke it in three pieces for splints;

she blushing took off her undershirt for bandages and she was enthusiastically cheered by the crowd.

When all was completed she summoned a cab and took her patient to the hospital.

"Who bandaged this limb so creditably?" inquired the surgeon.

"I did," she blushing replied.

"Well, it is most beautifully done,"

said the surgeon, "but you have, I see, made one little mistake.

She felt terribly self-conscious.

"You have bandaged the wrong leg," he said quietly. —Baltimore Sun.

TEACHERS WANTED

Delta Zeta.

Delta Zeta held formal initiation on Friday evening for Miss Marguerite Collins Haeg, of Belleville; Miss Winifred West, of Kinsley; Miss Madeline Locke, of Erie; Miss Ethel Roop of Wakefield; Miss Nettie Dubbs, of Ransom; Miss Barbara Murray, of Ash Grove, Mo.; Miss Ollie Klotz and Miss Bernice Klotz, of Wilson; and Miss Marian Clarke, of Paola.

Miss Edythe Wilson left Saturday for Lincoln, Nebr., to take up her work as dietitian in Green Gables hospital.

Miss Dorothy Gleason returned on Saturday from a visit with Zeta chapter in Lincoln, Nebr., and with her parents in Kansas City.

Mr. P. Brainard of Kansas City was the guest of his daughter, Miss Viola Brainard, Saturday evening.

Lieutenant Braden, recently returned from France, was a dinner guest Saturday evening. Lieutenant Braden was on his way to California.

Delta Zeta pledges were guests at a Valentine dinner Friday evening.

The tables were lighted with shaded candles and were decorated in keeping with Valentine's day, the sorority colors also being used in the decorations. At each plate was a corsage of sweet peas. At the conclusion of the dinner the pledges presented an original program.

Chi Omega.

Miss Ruth Bomgardner of Topeka, was a guest at the Chi Omega house last week end.

The Chi Omega sorority announces the pledging of Miss Helen Aulsey of Independence.

Miss Lucile Bomgardner who is attending school at K. U. this year will spend the week end at the Chi Omega house.

Miss Lucy Inge and Miss Helen Aulsey went to Lawrence Friday to be guests at the Phi Gamma "Pig Dinner" Friday evening.

Sigma Alpha Epsilon.

Sigma Alpha Epsilon announces the pledging of Mr. Harold Layton of Osborne, Kansas.

Mr. Everett S. Stephenson of Wichita is visiting the house this week. Mr. Stephenson has been employed as traffic manager for the Pratt Milling Co., at Pratt, Kansas.

Dr. Ted Drew, Colorado Zeta, was a guest at the house last week end. Dr. Drew is a dentist from Kansas City, Mo.

Alpha Theta Chi.

Sergeant Edson and Sergeant L. Garden of Camp Funston were week end guests at the Alpha Theta Chi house.

Mr. N. P. Woods of Ellsworth has taken out an assignment for this semester.

Mr. J. B. Angle who finished his course last semester has returned to his home at Courtland, where he will manage his father's farm.

Sigma Nu.

Mr. Charles S. Ebenstein, Mr. Sylvester Joy Coe and Mr. Raymond C. Phyley were dinner guests at the Sigma Nu house Wednesday.

Miss Lucile Baumgardner, Miss Ruth Rider Baumgardner, Miss Alice B. Mitchell and Mr. F. B. Welsh were dinner guests Sunday.

The Sigma Nu fraternity announces the pledging of Mr. Sylvester Joy Coe, of St. Augustine, Florida.

Shamrock.

Lieutenant C. O. Braden, a Kappa Sigma from Baker, was a week end guest at the Shamrock house. Lieutenant Braden is on his way to Denver, Colo., where he will visit friends.

Mr. G. E. Manzer was a week end guest at the Shamrock house. Mr. Manzer left for Kansas City Monday.

Masquerade Dance.

The Alpha Delta Pi pledges gave a masquerade Valentine dance, Friday night, February 14, at the chapter house in honor of the older members of the sorority.

The rooms were decorated with red and white carnations, red candles and hearts. A special Valentine dance was given by little Miss Mary Louise Harrison. After dancing she gave red and white carnations to the dancers as favors.

The music was furnished by a three piece orchestra. After the dance, refreshments of mints, brick ice cream and cake was served by the pledges. The color scheme was car-

ried out in red and white. Ukelele's were brought out while the party was being served and music and singing proved as popular as dancing. Twenty-five couples were present.

Card Parties.

Mr. and Mrs. Z. G. Clevenger entertained Saturday night with a bridge party at their home at 327 N. 15th. The decorations were pink and white carnations and ferns. Mrs. Clevenger served a two course luncheon to the guests.

Mrs. Clevenger also entertained on Thursday afternoon with a Valentine bridge party. The four tables were decorated with hearts and red carnations. During the afternoon a one course luncheon was served. The guests were all ladies of the faculty.

Chi Omega Tea.

Mrs. Grace Bowman entertained at her home at 608 Bluemont, last Thursday afternoon with a tea. The guests were Miss L. Howe and Miss Dorris Wauh of Topeka; Miss Mildred Champion of St. Louis, Mo.; Miss Helen Hulseley and Miss Lucy Inge of Independence; Miss Helen Colburn, Miss Prudence Stanley, Miss Ruby Crocker, Miss Bess Curry, Miss Alice Rice, Miss Marguerite Bondurant, Miss Gladys Peterson, Miss Jo Shoemaker, Miss Alice Mitchell, Miss Enola Miller, Miss Arria Neal of the Chi Omega chapter.

Slumber Party.

Mrs. M. H. Ginter gave a slumber party for Miss Mattie Washburn who was in college last semester but who, owing to the illness of her mother, cannot continue her school work this semester. Breakfast was served to the girls at seven the next morning.

Those present were Miss Margaret Eizold, Miss Gladys Carson, Miss Gladys Bushong, Miss Hettie Carris, Miss Elva Price, Miss Elam Stewart, Miss Mable Ginter and Miss Irene Lynch.

Yetta Seekert Dance.

The Yetta Seekert Society gave their annual dance, Friday evening in the Domestic Society hall. Each girl in the society invited an outside girl as her guest for the evening. The hall was decorated with red hearts and red and white candles. Punch was served to the dancers throughout the evening.

Dean Mary P. Van Zile, Mrs. J. V. Cortelyou, and Mrs. A. M. Rogers chaperoned the party.

Dinner Party.

The Tuesday Afternoon club entertained with a 7 o'clock dinner Tuesday evening for their husbands, at the home of Mrs. J. A. Koller at 612 Houston street. The table and dining room were decorated with red and white carnations.

The club is a literary organization and about half of its members are college faculty women.

Slumber Party.

Miss Viva Jones gave a slumber party at her home on Bluemont Friday night in honor of her guest, Miss Rita Myers of Wichita. The girls attended the Marshall theatre after which a 10 o'clock four course dinner was served. Covers were laid for ten guests. A three course breakfast was served in the morning by Mrs. Jones.

To Alpha Phi Party.

Miss Florence Rowles of the Alpha Phi sorority at Baker and Mr. Fred Miller of the Sigma Nu fraternity here, attended the Alpha Phi party Friday evening given at the chapter house of the Alpha Phi sorority at Washburn.

Tobacco Dance.

The Tobacco dancing club gave a dance Saturday night at Elk's Hall. Forty couples were present. The music was furnished by a fine orchestra.

House Dance.

The Sigma Phi Delta fraternity entertained with a house dance Saturday night. A two piece orchestra furnished the music. Twenty couples were present.

Matinee Dance.

The freshman girls panhellenic gave a matinee dance Saturday at the Alpha Delta Pi house. The decorations were hearts and candles. Fifty two girls enjoyed the party.

House Dance.

The Alpha Delta Pi sorority entertained Saturday evening with a house dance between 6:30 o'clock and 8 o'clock for the Sigma Nu fraternity.

Consider this you College Men, Society Brand and Kuppenheimer Clothes, Manhattan Shirts, Stetson Hats, Held Caps, only better makes of wearing apparel at Knostmans.

STUDENT MIND

Dear Editor:

What's the matter with the men students of K. S. A. C.? Do they lack pep? Have they less pep than the women students? Well, if the men are behind in matters of pep, let's pep up a little, men! The whole school's getting its athletic pride brought back by recent pep meetings and recent steady successes made by our basket ball five. But if it can be contended at all that the women lead in matters of pep let's look 'em over men and follow suite.

Can anyone tell me just what would be the matter with the men having a little Popularity contest this Spring in connection with that being staged by the women for the benefit of Royal Purple sales? I propose, therefore, that each class elect the same number of men candidates for a Mens' Popularity Contest as are now elected for the same contest among the women students, and that each person who buys a Royal Purple shall be given one vote in the contest, the votes being cast at the same time votes are cast in the womens' contest. Men who are offered as candidates in the contest should have proved by their presence in school to be well known among the students. They should have been active in one or more college activities. They should be POPULAR, WELL KNOWN, WELL LIKED, KANSAS AGGIES.

—Anon.

Spring styles of Manhattan Shirts just in at Knostmans.

Websters Elect Officers

The Webster Literary society met in Web-Euro Hall, Saturday night, February 15th, and elected the following officers for the spring semester: President, R. D. Nichols; vice president, John Keene; recording secretary, Walter Rolfe; corresponding secretary, Chester Bradshaw; treasurer, A. C. Ramsey; critic, Charles Thresher; marshal, W. F. Foreman; assistant marshal, H. B. Hunt; program committee, Frost, Means and Whearty; board of directors, A. C. Ramsey, and A. B. Schmidt.

The retiring president, W. F. Foreman deserves great credit for his untiring work in keeping up the society during the past trying months.

The following men were elected to membership in the society: Bruce Brewer, Roy Clegg and Carl Conrad. Society seemed like old times with Frost, Keene, and Ramsey back in the harness.

Some small sizes in serge uniforms at almost half price at Knostmans.

Lincolns Elect Officers.

At the meeting of the Lincoln Literary society Saturday night the officers for the second semester were elected. The new officers are Homer Sloop, president; R. V. Barrington, vice president; Glenn Betts, recording secretary; J. K. Muse, corresponding secretary; Herman Metz, treasurer; V. E. Fletcher, marshal; J. R. Smithheiser, critic; Carl Bowers, chairman of the board of directors; E. Ramsey, second member, and H. B. Humburg, third member; Clarence George, chairman of the program committee, R. C. Hill, first members, J. W. Honeywell, second member, and E. Hedstrom, third member.

First shipment of the keen styles of Spring Suits from Society Brand; just in and some real nifty waist-line models for you College Men. See them at Knostmans.

Brownings Hold Meeting.

Two members were voted into the Browning Literary society and officers for the second semester were elected at a called business meeting of the society Saturday at three o'clock.

The new members are Miss Lula Delst and Miss Gertrude Flowers. The officers for this semester are Miss Myrtle Gunselman, president; Miss Nell Shoup, vice president; Miss Lee Winter, recording secretary; Miss Elva Price, corresponding secretary; Miss Helen Dawley, treasurer; Miss Lola Sloop, marshal; Miss Ethel Mitchell, assistant marshal; Miss Caroline Sloop, prosecuting attorney; Miss Vera Cates, critic; and Miss Ruth Phillips, pianist.

The East-end doctor was attending an injured woman who had come to his surgery with her arm severely bitten.

He dressed the wound, and as he did so he remarked:

"I cannot quite make out what sort of animal bit you. The wound is too small for a horse's bite and too big for a dog's."

"Oh, it wasn't an animal!" exclaimed the patient. "It was another lady."

Matinee 15c (Plus War Tax) Evenings 10-20-30c

Presiding Officer of Court-Martial. "Twenty days in prison for boiling eggs in your helmet!" —Life.

"Why do you have an apple as your trade-mark?" asked a client of the cash tailor.

"Well, well," replied the man, rubbing his hands, "if it hadn't been for an apple where would the clothing business be today?" —Tit-Bits.

"What do you think of the gas stove, Bridget?"

"Sure, mum, it's a great invention. When you and the master was away for over Sunday, mum, I burned it all the time, mum, and there seems to be plenty of gas still left." —New York Sun.

Inquisitive Old Party: "What is the cause of that peculiar upward twitching of your nose every time an officer passes?"

Tommy: "Well, if ye must know, I 'ad a bit of me nose blown off, an' they grafted some flesh off me arm, an' now it's always gettin' up to salute." —London Opinion.

One medic certainly pulled a bone the other day. The instructor left his class-book on the desk when he went out of the room, so the said medic thought he would see how he stood in the course. The only thing he saw was a cross against his name, which he decided was to show his incomplete work so he erased it—oh, so neatly.

The next day to his dismay he learned that the cross was merely to show that he had paid his laboratory fee.—University Kansan.

Geraldine: "Why didn't you enlist?" Gerald: "I had trouble with my feet." Geraldine: "Flat, or cold?"—Judge

Johnny: "Sis think a lot more of you than she did." He: "Fine? What makes you think so?"

Johnny: "Well, she told Ma that with everybody that amounts to anything gone to the war she didn't see where she could do better." —Judge.

Stranger: "How many machines pass here a day?"

Farmer: "I couldn't tell ye, exactly, sir."

Tourist: "Oh, about hom many?"

Farmer: "It all depends."

Tourist: "Well, on the average?"

Farmer: "Wal, stranger, the average varies." —Gargoyle.

J. W. Gerard had a happy way in Berlin of chaffing the great war lords and dictators. A grand duke said to the ambassador at a reception:

"Germany will win this war. Then let America look out."

"How will Germany win?" said Mr. Gerard, calmly.

"With her submarines, with her gases, and, above all," said the grand duke, "with perseverance. Perseverance, Mr. Ambassador, always conquers."

"Always?" said Mr. Gerard, winking at a fellow-countryman. "How about the hen on the china egg?" —Tit-Bits.

Just think of it, all wool serge and worsted suits at twenty-five dollars at Knostmans.

Ladies

We have a specialist at the head of our dry-cleaning department who thoroughly understands cleaning and pressing the most delicate garments. Let us make that old silk dress or coat look like new.

The A. V. Laundry Co.

Miss Lillie Cilly is in Kansas City on business.

Miss Grace Derby visited in Lawrence over Sunday.

Largest stock of soft collars in town at Knostmans.

"Doc" Wagner, former custodian at the college, was visiting on the Hill, Saturday.

Miss Mildred Inskeep left Saturday for the national Y. W. C. A. conference in Chicago.

Get ready for the events in time, don't wait until the last moment and be disappointed. Evening clothes in stock, also everything else you may need, better make your selection today at Knostman's.

When you can, use discretion; when you can't use a club.—Woman's World.

Will You Walk Into My Parlor?
A Mr. Cobb has married a Miss Webb. He knew that they were meant to be joined as soon as he spied her.—Tit-Bits.

An interested visitor, who was making her final call in a tenement district, on rising, said:

"Well, my good woman, I must go now. Is there anything I can do for you?"

"No, thank ye, mum," replied the submerged one. "Ye mustn't mind it if I don't return the call, will ye? I haven't any time to go slummin' myself."—Tit-Bits.

Assemble Town Cats To Clean Up Spilled Cream

Butler, Mo., Feb. 12.—A careless driver for a produce company spilled a 10-gallon can of cream on a railroad station platform here and flooded the premises with cream. Station employees decided the best way to clean up was to assemble all the cats in town. A hurry call was sent to homes for cats and soon every cat in town was enjoying the feast. More than 500 of every kind and description were present. By afternoon the place was clean.

Unsafe Experiment

The party of tourists were watching Prof. X as he exhumed the wrapped body of an ancient Egyptian.

"Judging from the utensils about him," remarked the professor, "this mummy must have been an Egyptian plumber."

"Wouldn't it be interesting," said a romantic young lady, "if we could bring him to life?"

"Interesting, but a bit risky," returned the professor. "Somebody might have to pay him for his time."—Browning's Magazine.

"What sort of fellow is he?"
"I'll tell you in a few words. He's one of those 'if-I-were-running-this-war kind.'"—Detroit Free Press.

Mrs. Mean: "This is not a full box of berries!"

Peddler: "There won't be enny at all, mum, if you kape on atein' them!"—Judge.

Officer: "By Gad, y'know, the devotion of our brave fellows is magnificent."

Flapper: "Um—yes—I suppose so. But a lot of them are frightful flirts."—Signey Bulletin.

First Soldier (looking at pictures of himself): "Which do you think is the best, Mike?"

Second Soldier: "Well, personally, I think the one of you in the gas mask is best."—Froth.

Consistent Performance.

Shoeless, he climbed the stairs, opened the door of the room, entered, and closed it after him without being detected. Just as he was about to get into bed his wife, half-aroused from slumber, turned and sleepily said:

"Is that you, Fido?"
The husband, telling the rest of the story, said:

"For once in my life I had real presence of mind. I licked her hand."—Tit-Bits.

As She Is Spoke.

"Wheurygo last night?"
"Nowrs, Staydat home."

"I seen Mary Pickford in a swell play. Jim come overn picked me uppin the Lizzie."

"Heeza live one, ainty?"
"Buhlieve me."

"Goan out t'nigh?"
"Huh-huh. Hean Cora giantuh Gert's. Jye wer go over there?"

"Uhuh. Slong. Gottagitoff next-top."

"Slong."—The Marine's Magazine.

Hooveresque Delicous.

"Neurasthenia," said Mrs. Biggums to her cook, "I think we will have some chicken croquettes today out of that left over pork and calves' liver."

"Yes'm," said Neurasthenia, called Teeny for short. "An' we got a little bread dressin' what went with the pork, mum. Shall I make some apple sauce out'n hit, mum?"

—Richmond Times-Dispatch.

Disillusionment.

Her form was Venus-like.
Her hair was golden.
Her ankles and her feet
Were perfect.

She seemed a dream
As she walked before me.
I hastened to overtake her,
I spoke to her, she turned—
Ye Gods! It was
My wife!

—Roller Monthly.

Wasted Smokes.

"Don't you think the money you spend for cigars is wasted?" asked the sweet young thing.

"Some of it is, dear," replied the steady.

"Some of it?"
"That's it. I always find a couple of busted ones in my vest pocket after I've spent an evening with you, dear."—Judge.

Cure for Sleeplessness

Servant Girl—"I'm so awfully sleepy in the mornings, doctor."

Doctor—"Ah! Have you a sweet-heart, may I ask?"

Servant Girl (blushing)—"Yes."

"Who is he, may I ask?"

"He's the night policeman."

"Aw, then, give him up and fall in love with the milkman."—Tit-Bits.

Foolishment.

They waited for a nibble.
Did Margery and Jack,
She nestled close and asked him
To explain a fishing smack.

Without delay he kissed her.

Then answered, sly young Jack:

"There, dearest, since we're angling,
Why that's a fishing smack."

"I think it decidedly unfair."

"What?"

"My boy writes that the cooties give him no rest at night at all. It seems to me those Scotch bagpipers ought to be made to stop playing when the boys want to sleep."—Detroit Free Press.

Something Sweet.

Waiter—Anything more, sir? A little something sweet?

Stude—Yes, you can bring me that girl over there in the black hat.

—Orange Peel.

A Literary Problem.

A Philadelphia periodical prints a line. "With apologies to the author of Gray's Elegy." Let's see! Who the dickens was the author of Gray's Elegy?—Boston Transcript.

"A Pair of Silk Stockings."

You should see the popular comedienne, Constance Talmadge, in "A Pair of Silk Stockings," her latest comedy success, at the Wareham theatre tonight.

Defined.

He spoke feelingly (groping for a word)

The wind groaned about the eaves (It was an ill wind).

Attention!

The star, Douglas Fairbanks, attraction, "Mr. Fix-It," time Wednesday and Thursday, place, Wareham theatre. Nuf said.

Constance Talmadge.

See captivating Constance in "A Pair of Silk Stockings," at the Wareham theatre tonight.

The best gift carries no price tag.

"Shorty" Cowles seems to be learning the art of tossing baskets from the guard position rapidly. In the last Drake game he obtained three and in the first game one of that specie.

Bunger in each of the three games played on foreign soil tossed four baskets from the field thus increasing his record by an even dozen.

Nebraska slipped up on the powerful Missouri machine while it was asleep and "wopped" them a good one. Thanks, Nebraska, that puts the Kansas Aggies in the lead in the Valley.

Now the thing for every loyal Aggie to do is to boost our team for the Valley championship. We can claim it with a clear title if we win the remaining six Valley games.

Remember gang we are scheduled to play K. U. the 27th and 28th of this month at Lawrence. Talk it up and we'll have the Jayhawk's pin feathers out by the roots.

The Aggies seemed to be playing a team of brothers on the trip last week. The Ames team had two Millers and the Drake team two Payseurs.

Which develops the theory that brotherly love can't win basketball games.

The Aggies have recovered from their stage fright. Come out to the game with the Normals Saturday and see the veterans at work.

Hinds broke into the public eye again by starring in the first Drake game.

The second Missouri-Nebraska game proved as disastrous for the Tigers as did the first—score 20 to 14 in favor of the Cornhuskers.

Kansas University has an excellent record this season. They have played six Valley games and have lost five of them.

Shute, the Tailor has a new stock of spring suits. Don't fail to see him.

Douglas Fairbanks in "Mr. Fix-It."

Douglas Fairbanks, the smiling athletic screen favorite, will be seen in his latest Aircraft picture, "Mr. Fix-It," at the Wareham theatre Wednesday and Thursday of this week.

Rookie Rhymes

Who is that man of haughty mien,
With ample chest and peanut bean
And movement like a Ford machine?
Why, soony, that's the Sergeant!

Who's busy as a bumblebee,
To get you up at reveille,
And shouts your name in strident key?

Why, bless you! that's the Sergeant!

Who yells, "Right Dress" and "Right by Fours,"

And gets as mad as all outdoors—
And sends you out to do the chores?
You're right, that is the Sergeant!

Who carries all the world's disgrace
Writ in furrows on his face,
And looks for trouble every place?
Why! That must be the Sergeant!

Who cries "Fall in," and when you do,
Says, "As you were, you rough-neck crew!"

"Squad right about!" "I'll put you through!"

Why sure, that's like the Sergeant!

Why does the poor boy act this way?
Will he be General some day?

No, sonny, quite the other way,
For Hell is full of Sergeants.—Puck.

Our boys in France are no longer called "Doughboys". They have earned the name "Dutch Cleansers."—Silver and Gold.

A lady recently selecting a hat at a milliner's asked, cautiously:

"Is there anything about these feathers that might bring me into trouble with the Bird Protection Society?"

"Oh, no, madam," said the milliner.

"But did they not belong to some bird?" persisted the lady.

"Well, madam," returned the milliner, pleasantly, "these feathers are the feathers of a howl; and the howl, you know, madam, seein' as 'ow fon' he is of mice, is more of a cat than a bird."—Tit-Bits.

TO LIEUT. EDWARD D. WELLS

I've just heard of your sacrifice Ed-die,

You are listed amongst those who gave,

And knowing you as I did, comrade,

I know how you went to your grave.

If you fought like you used to play football—

And somehow I'm certain you did—

Bet you played hell with the Germans that faced you,

And at that you were only a kid.

Won't forget old Fort Riley days, Ed-die,

When they taught us squads left and squads right,

And hiked us and marched us 'till sundown,

And lectured us half of the night.

I knew you'd make good from the start, comrade,

Could see that you had the right stuff—

With an army of men such as you, Wells,

No wonder the Huns got enough.

I had hopes, Ed, of soldiering with you,

And help drive the Hun out of France,

But somehow the fates went against me—

God knows all I asked was a chance.

Now since you've made your trip westward,

And are resting in peace from your toil,

You know that you died for a purpose—

No Hun army has transgressed our soil.

Would that I could write on your tombstone,

It wouldn't take many lines, Ed,

Just "Here lies a Man, Friend and Patriot",

Can a man be much more when all's said?

Since I heard that you gave all, dear comrade,

The Flag seems much brighter to me.

So I've wrapped the Flag 'round your picture—

They are both among things dear to me.

So here's to you, my brave comrade,

You who died amongst gas bombs and shells,

One more name's engraved among heroes—

Lieutenant Edward D. Wells.

—Lieut. Andrew L. Cooley, 43rd Inf. Camp McArthur, Texas.

Mrs. Commuter had lain awake with a headache till one o'clock. Then in the balance of the night she had responded to several calls for a drink, a doll, and all the other nocturnal infantile orders. At five in the morning, as she was just beginning to round out the first continuous hour of slumber, the little six-year-old girl called softly from her near-by crib:

"Mother."

No answer. Again, a little louder:

"Mother."

Mother said nothing. Again, the child's voice, this time mezzo-forte:

"Mother."

"Well, what is it?"

"Mother, isn't it too bad that one of Harry McCole's polliwogs died?"

—Turner's Magazine.

Teachers Wanted.

For all departments of school work School officials will soon elect teachers for next year. A Maximum of Service at a Minimum Commission Rate. Commission 4 percent. Territory, Central and Western States. Write today for blanks.

INTER-FRAT GAMES GOING

SIGMA PHI EPSILONS WALLOP SIG. ALPHAS BY A SCORE OF 21 TO 7

Betas Defeat Sigma Nus 15 to 9 Last Tuesday Evening—Game Every Tuesday and Thursday Evenings.

The Sigma Phi Epsilons walloped the Sig. Alphas, by a score of 21 to 7, last night in one of a series of inter-fraternity basketball games which are being played every Tuesday and Thursday evening in the gym.

Winters and MacGregor starred for the Sigma Phi Epsilons and Quinlan for the Sigma Alpha Epsilons. The game was fast and the Sigma Phi Epsilons showed a lot of team work.

Betas Defeat Sigma Nus.

In the first of the inter-fraternity basketball games this year the Betas defeated the Sigma Nus by the score of 15 to 9, last Tuesday night. The game was hotly contested throughout, both teams playing rough ball. A great many fouls were made and both teams took advantage of them.

Gross and Smith for the Betas starred. Gross was good on free throwing getting seven out of nine attempts. Smith got into the game in the last six minutes of play and got six points, from field goals for the Betas. Carl Miller at left forward and his brother, Lloyd Miller, at guard played the best games for the Sigma Nus.

The lineup follows. Betas—Haag, Bruce, forward; Smith and Turley, center; Myers, Placek, Gross and Enns, guards. Sigma Nus—Burton and C. Miller, forwards; Epperson, center and L. Miller and Coe, guards.

There will be an inter-fraternity game every Tuesday and every Thursday night in the gymnasium until the middle of March and everyone is invited to attend these games. No admission charged.

E. E. DALE IN GARDEN WORK

Is Third Horticulturist to Leave College Within Last Year.

E. E. Dale, formerly a fellow in the horticultural department has been elected supervisor of the Wichita school gardens, according to a letter received by Louis C. Williams of the extension department.

Mr. Dale is a graduate of the University of Nebraska, and came to K. S. A. C. in 1915 to take a fellowship in the horticultural department. He attended the first officers' training camp in 1917 where he received a commission as second lieutenant. He was released from the army in December.

Mr. Dale is particularly well suited for his new position as he is especially successful with students of grade and high school age. While in the horticultural department his teaching work was mostly with school of agriculture classes. His work in Wichita is financed by the Chamber of Commerce.

The loss of Mr. Dale will be keenly felt in the department. Professor Albert Dickens says of Mr. Dale, "He was one of the most earnest workers that we have ever had on the staff. He proved himself absolutely faithful, honest and reliable."

Mr. Dale is the third horticulturist to leave the college within the year. George Green, formerly horticultural extension worker, is now farming near Paradise, Kansas, and Fred Merrill, formerly assistant professor is now doing commercial work.

Mrs. W. C. Stein is enrolled in school again this semester. Her husband, W. C. Stein, is now teaching in the Manhattan high school. Mrs. Stein expects to finish school this year.

Dakton R. Hooton, a former student in horticulture here, who went to France in September of 1917 with the 10th engineering division is now in Funston awaiting his discharge. At present he is under quarantine.

Sergeant Ralph Heppie, '17, formerly Associated Press correspondent in Topeka, is now with Company B, 340th machine gun battalion, 89th Division, with the army of occupation in France.

Lieutenant Jordan Home.

Lieutenant Norwood Jordan, a former student in the college, has returned from France, to his home in Manhattan. Lieutenant Jordan was with the 356th Infantry of the 89th Division in all the battle in which they were engaged, and was wounded the morning of November 11 while leading his company in a charge over the Meuse river. He received several shrapnel wounds in the back and a wound in the left hand. He was taken to a hospital and was not discharged until the day of sailing, January 26. Lieutenant Jordan will visit his parents in Manhattan for some time.

W. D. Wendt, associate professor of applied mechanics, has returned from Chicago where he represented the state at the conference of engineers concerned with road building. Mr. Wendt has been mainly responsible for the testing of road materials which were carried on in the engineering laboratory for the State Highway Commissioner.

IS HOME FROM GERMAN PRISON

Lieutenant Harlan Sumner Says Huns Have Great Respect for Officer

Lieutenant Harlan Sumner, '16, of the 139th Aero Squadron who spent several months in a German prison camp, arrived at his home in Manhattan Sunday.

Lieutenant Sumner graduated from the first officers' training camp at Fort Riley after which he transferred into the air service and was sent to Canada. After training in Canada for some time he was sent to Texas in November, 1917, and remained there until he sailed.

He landed at Liverpool, England, in February, and then sailed for Harve, France. The squadron trained at Issoudun until May 26, when they were sent to the Toul front. They were moved to the Verdun front September 20 after the St. Mihiel drive.

On the morning of September 26, while flying over the German trenches engaged in battle, Lieutenant Sumner's plane was shot down. He was sent to Monmidy and held there a couple of weeks after which he was sent to Karlsruhe for a two weeks and then to Landsbut, Bavaria. At Landsbut there were 25 other men of the air service all of whom were kept over a month. Lieutenant Sumner said that officers in the prison camps were treated a great deal better than the privates and non-commissioned officers among the Germans have a great respect for an officer.

When released on December 1, Lieutenant Sumner was sent out of Germany by way of Switzerland to France. He left France on January 26th.

Lieutenant Sumner will visit in Manhattan for several weeks.

DIRECTS PHYSICAL TRAINING

C. C. McPherson in Work for E-Soldiers, Sailors, Marines, Etc.

C. C. McPherson, a sophomore in engineering, has been added to the community house staff in the war camp community service as director of physical education for the ex-soldiers, sailors, marines, Boy Scouts and the young men of the city.

Mr. McPherson comes from Iola, where he was active in the Y. M. C. A. and has been connected with the same work here. He entered the officers' training school at Ft. Sheridan last summer and received his commission as a second lieutenant. During the life of the S. A. T. C. he was engaged as an adjutant in Cleveland, Ohio, having been sent there from Sheridan. Upon receiving his discharge from the army he returned to his school work here and resumed his work as student assistant in the department of chemistry, which he gave up to take charge of his new work.

While continuing his studies, he will be able to help extensively in this community athletic work, that returned soldier and sailors may have the physical recreation they received while in the service. Through the college Y. M. C. A. the use of the gymnasium and basement of the Y. M. C. A. building at the corner of Eleventh and Fremont has been secured. Here volleyball, basketball, boxing, and wrestling, together with shower baths may be enjoyed by the men.

PLAY PROGRESSING WELL

PURPLE MASQUE WILL GIVE A DIFFICULT PLAY

Members of the Cast Will Be Announced The First Week in March—Architectural Department Helps with Equipment.

"Work on the Purple Masque play to be given the last night of the Festival Week in March is progressing nicely," said Miss Helzer, coach of the play. "The cast has not been chosen definitely as yet, although the leading characters are decided upon."

The members of the cast will not be announced until the first of March. The name of the play is "The Road to Yesterday," and is a more difficult play than is usually given by amateurs.

"We may be attempting too much," continued Miss Helzer, "but I feel that we are justified in aiming high. The play has not yet been published and has been given by none but professional players, with one exception alone, that of the Chicago University Purple Masque."

The architectural department has offered to assist in making in their department all the furniture and stage equipment needed for the production of the play.

OFFERS BIG PRIZE FOR ESSAY

Industrial Conference Board Wants Monographs on Economic Subjects

The National Industrial Conference Board offers \$1000.00 for the best monograph on any one of the following subjects:

1. A practicable plan for representation of workers in determining conditions of work and for prevention of industrial disputes.
2. The major causes of unemployment and how to minimize them.
3. How can efficiency of workers be so increased as to make high wages economically practicable.
4. Should the state interfere in the determination of wage rates?
5. Should rates of wages be definitely based on the cost of living?
6. How can present systems of wage payments be so perfected and supplemented as to be most conducive to industrial efficiency and to the contentment of the workers?
7. The closed union shop versus the open shop: their social and economic value compared.
8. Should trade unions and employers associations be made legally responsible?

The contest is open without restriction to any person, and the papers are not limited to any length. Social weight will be given to English and skill in exposition.

All manuscripts are to be signed with an assumed name, the real name being placed in a sealed envelope subscribed with the assumed name. These are to be mailed to the National Industrial Conference Board, 15 Beacon street, Boston, Massachusetts, marked "For Prize Essay Contest in Industrial Economics," and must be presented not later than July 1, 1919.

REPORTERS HAVE NERVE, BUT—

Bees Have More, Think Co-Ed Who Gets Buzzed Out.

The green-hungry reporter opened the green house door and asked if the green house run was covered regularly by a reporter.

The green house foreman grinned. "Why, there used to be a girl that covered this run," he said, "but lately she hasn't."

Buzzzz, and one of those small unpleasant insects popularly supposed to play such a large part in the pollination of flowers, raspingly carressed the reporter's ear. A second bee hastened up and the two merry little honey gatherers played an animated game of hide and seek about the journalist's head.

The reporter began to get decidedly uneasy, but when a particularly affectionate little creature deposited a bit of pollen on the tip of her nose she left the green house precipitately—and she fondly hoped never to return. As the door slammed behind her she was heard to exclaim, "It's a put up job."

CONTEST IN FULL SWING

BIG PARADE THURSDAY NOON—MANY VOTES GIVEN OUT

Aggie Ball Will Reveal Final Vote—Pictures of The Winners Will Be Thrown on The Screen.

Much excitement and enthusiasm is being made manifest during the present popularity contest. Everybody wants to vote and the windows opposite the Post Office are kept busy. Although many votes will be withheld until the last afternoon, votes are coming in fast, and eager students are paying up class dues and Royal Purple assessments with alacrity that they may vote for their favorite Aggie girl.

It is expected that Friday will be the most exciting day of the contest. The contest will go forward as scheduled, closing at 6 o'clock Saturday evening, regardless of the holiday on Saturday. The windows will be open all day Saturday to collect Royal Purple dues and assessments and look after votes. The exact standing of the contest will be announced up until Saturday noon, but the final decision will not be known until the night of the Aggie Popularity Ball, on Saturday evening, March 1.

A big parade was staged at 12:45, Thursday noon when boys dressed in the coats and hats of the girls showered peanuts upon the crowds. A total of 5000 votes was concealed in the peanuts. Some of them contained no votes, but in others votes ranging from 25 to 1000 were found by the lucky finders to aid them in voting for his favorite Aggie Girl.

The votes for the Royal Purple assessments for the sophomore, junior and senior classes have been given out at the window all week to those who have called for them. Those that are not called for will be mailed Friday noon. It is hoped that each Aggie will show his spirit by calling for his votes and supporting his Aggie Girl.

Special inducement is offered for the sale of Royal Purples. Each seller will receive 100 extra votes for every dollar that is turned in from the book sales, during the remainder of the contest. For every twenty books sold, the salesman will receive 5000 extra votes. All of this is in addition to the votes that are attached to the Royal Purple receipts. Furthermore, do not forget that one Royal Purple will be given to each person who sells twenty books.

Book sales are coming on fine, but there is sufficient opportunity for selling many more books among the student body, faculty, and towns people. Check Royal Purple receipt books out at the window opposite the post office and work for your favorite Aggie Girl.

Absolutely no Royal Purple Books will be ordered after the book goes to press.

The Aggie Popularity Ball with reveal the final vote when the pictures of the winners will be thrown upon the screen. The decision will be a complete surprise to all except those who count. Even the girls will have no intimation of the outcome until they see their pictures on the screen.

This Ball will be the most exciting, most interesting and most novel ball ever given on the campus. There will be feature dancing and exceptionally good music. If given in the gymnasium the floor will have a thorough treatment and will be all that can be desired for dancing.

The six winners announced that evening will be taken to Kansas City, all expenses paid, and have their pictures taken in the Hixon and Connelly studios at the Baltimore Hotel, at which place the girls will be entertained for luncheon.

Last night the standing of the girls in the contest was as follows:

Lola Sloop	34,524
Hazel Taylor	20,050
Mary Mason	18,375
Velma Carson	16,525
Dora Cate	15,375
Ada Robertson	12,175
Marjorie Fisher	11,550
Ruby Crocker	11,025
Frances Wescott	10,625
Ruth Blair	9,575
Martha Webb	8,200
Mary Gorham	7,100
Irene Seery	6,000

Philomathians Elect Officers.

The Philomathian Literary society has elected the following officers for the spring semester: President, Ethel Ruthruff; vice president, Irene Pieratt; recording secretary, Stella Horchem; corresponding secretary, Avis Wickem; treasurer, Emma Stutz; critic, Hazel May; marshal, Lois Schlaegel; assistant marshal, Wilma Hartley; pianist, Mary Frankhauser.

Professor Burns, of the department of public speaking has recently received a letter from Dr. J. G. Emerson, formerly instructor of that department. Dr. Emerson gave up his work here to enter the army, and is now in Germany with the signal corp work.

The irrigation and drainage department of the college has recently received a list of questions, from a man living in New York, regarding western Kansas irrigation. This shows that the work done in irrigation in Kansas has been recognized in New York City.

PREPARE FOR TRACK MEET

Sixty Girls Chosen from Each Class To Take Part.

The girls physical training classes are now beginning to prepare for spring track meet which will be given in the big gymnasium some time in April.

This track meet is between the freshmen and Sophomore girls. It consists of contests in marching, vaulting, jumping, running and dancing. Sixty girls are chosen from each class to take part in the meet. Points are awarded by judges who grade upon the swiftness, accuracy and form of the exercises.

Last year the freshmen girls won the most points. They won twenty-five points on the high jump. Miss Helen Sloan jumped four foot and five inches.

Folk dances and esthetic dances are given by the dancing classes. All of the girls take part in the marching and vaulting. A relay race which proved to be the most interesting thing on the program last year is to be given this spring. For this race ten good runners are chosen from each class and the girls race on the track in the big gym.

The judges at the meet will be Coaches Clevenger and Schulz, and Captain Kemper. This track meet promises to be as interesting as the big spring meets put on by the boys.

The students of the graduating class, the third year students in the School of Agriculture, met Friday afternoon and chose their class colors, class flower, and class motto. The colors are blue and gold, the flower the chrysanthemum, and the motto, "Be Sharp, Be Natural, but Never Be Flat."

TO ENTERTAIN BOYS AT CAMP

Folk Dances, Boy Scout Stunts, Boxing and Squad Drill Featured.

The War Camp Community Service with headquarters at the community house has arranged a Hospitality Week end for the soldiers at Camp Funston and Ft. Riley for this coming week end. In the afternoon the men will be entertained at the theaters free. The Chambers of Commerce has made arrangements for 500 of them to be entertained in the homes for supper. In the evening there is to be an athletic carnival at the community house, consisting of folk dances, boy scout stunts, a boxing exhibit from Camp Funston, and a squad drill from the 41st Infantry.

The squads three in number are being selected from the three battalions in the regiment. Officers have been selected to judge the best drilled. Several fancy drills will be put on and several fancy dances. After the carnival there will be dancing. A capacity attendance is expected.

Ira E. Taylor, assistant drainage and irrigation engineer, has gone to Lawrence and Fairview where he will make farm surveys for drainage improvements.

Lieut. Harlan Sumner, '17, is at his home near Manhattan now after receiving his discharge from the aviation corps. Mr. Sumner has been across the water and was for a time interned in a German prison camp.

AGGIES SET SPEEDY PAGE

MEET KANSAS NORMALS SATURDAY—EXPECT SPEEDY GAME—NORMALS GOING GOOD

Aggies Have Confidence—Missouri Defeats K. U. Again, Shows Black and Gold as Logical Contenders against Clevenger Five—Tiger Defeat by Nebraska Upsets Dope

After a most successful invasion of the enemy's camps (the enemies being Drake and Ames), which resulted in three more marks in the win column of the Aggie percentage in the Missouri Valley race, the Purple five are again to have a game on the home court. The Kansas State Normals play the Aggie quintet here Saturday evening.

Although not much is known about the strength of the Normal aggregation, rumor has it that they have a speedy bunch and should show the Aggie basketeers a good fight. Their successes in the Kansas conference also point in this direction.

The Aggies are at the point now, though, where it is going to take a championship team of unusual caliber to down them. The greenness that always goes with a new team such as the Aggies started the season with has worn off with the hard work of the games on foreign courts, and a spirit of confidence is prevalent among Clevenger's men.

The Jayhawks invaded Missouri, and received a drubbing at the hands of the Gold and Black to the tune of 31 to 29. This is just one more little event that points to Missouri as the logical competitor of the Aggies for stellar valley honors. That makes it all the better, though, to quote the Wildcat players, for the better the Missouri team is considered, the more honor it will be for the Purple five to take their measure, which, in their minds, is the only possible solution of the problem.

The defeat of Missouri by the Nebraska University five was pretty much of an upset in dope, but it was generally conceded that it was not so much the stellar playing of the Cornhuskers as it was the small court and inadequate playing facilities that caused the defeat of the Meanwell men.

However, a win over the Nebraska team is looked for by Aggie supporters when the Purple five visit the Cornhuskers upon the large Aggie court.

The Cornhuskers are used to playing on a small court where it is possible for two guards to completely smother nearby and offensive tactics, but on the Aggie court such a thing is impossible, which makes things point to two team victories.

By winning all the rest of the conference games up to the Missouri series, the Aggies will be able to split with Missouri and still keep the championship, but from the feeling of the Purple five, there is no "splitting". "There ain't goin' to be no splitting", but simply a clean sweep and an all-victorious team for Kansas State.

WILL TRAIN WOUNDED SOLDIERS

College Already Has Two of These Men Enrolled.

The War department's recent measure providing for the rehabilitation of wounded soldiers, presents an interesting phase of the part K. S. A. C. is doing in the work.

Two discharged soldiers, Flieger S. Pemberton and Elmer S. Palmer are attending school here now under government contract. Not having had a high school preparation, the men have enrolled in the school of agriculture, and are specializing along agricultural lines. Mr. Palmer is specializing in poultry and hog raising, and Mr. Pemberton in live stock and farm management.

Representatives of the rehabilitation department of the federal board of vocational education, have been here inspecting the school and the courses offered and have expressed themselves very much pleased with the college facilities for vocational work.

Professor Zahnley of the school of agriculture, is required to send in a report recording the grades and progress of the men, every thirty days.

THE KANSAS STATE COLLEGIAN

The Students' Publication

Published every Tuesday and Friday of the college year.
Entered at the Postoffice of Manhattan for transmission through the mails as second class matter.

THOSE YELLS

What has become of those yells that were to have been in the hands of Ike Gatz before the 20th of February? Today is the twenty first and Ike has only received four yells up to this date. Haven't some of the literary geni of this school thought of a yell good enough to use at a football game, at a track meet or at a basketball game? Can't you remember that old high school yell? Work it over and send it in, it may win you twenty-five hard plunks and who is there who wouldn't take that much if it was given to him? Yes, that is all it amounts to as far as the work is concerned for the amount of work required to write a winning yell would not be equal to that required to turn the page of this paper and read the Society notes.

Get busy, all of your loyal Aggies and win enough money to take you to Kansas City before the first of July.

Ask The Boy Who Knows!

Isn't it rather embarrassing to have those "spiral" leggings come "unspiral"? For instance, if one's best girl happened to be in sight, or if one were on drill field?

Either of these "ifs" would be bad enough, but what if they both happened at once? Well, that's exactly what did happen the first Monday morning of the new term. Three sprightly companies, under the critical eye of Captain Kemper, were drilling up and down the campus and adjacent streets. Co. "X" (for the sake of convenience, not really knowing which one it was) was marching up and down 13th street—mostly to the tune of "Forward march" and "To the rear." One boy turned so quickly that—whirl—whirl—whirl—the "wrappin's" spread like a lasso over the street. Thus inconvenienced, the young man was forced to retire to the nearest curb.

While he was busy winding up the wandering O. D. strip, he heard a merry trill and stifled giggles, and looking up, he beheld the "peach" of a date, whom he had taken to church the night before! She had seen it all!

Will the horrors of war never cease?

Representative Cooper, of Wisconsin, was talking about Prussian militarism.

"Prussian militarism," he said, "prepared for this war since '71 as frankly and openly as—as well, as the club."

"A lady, you know, rang up the club the other evening."

"Please call my husband to—", she began, but she was interrupted.

"Your husband ain't here, ma'am, said the attendant, blandly."

"My goodness gracious me!" the lady exclaimed. "You're mighty sure about it, aren't you? And I haven't told you my name yet, either. Look here, mister, how do you know my husband isn't at the club when I haven't told you my name?"

"The attendant answered more blandly than ever:

"Nobody's husband ain't never at the club, ma'am"—Washington Star.

Regarding the pacifists, Rastus, a wide-awake colored man, gives a tip when his friend Ned asks:

"Mornin', Rastus! Yo' coming to de pacifist meetin' tonight?"

"I doan' think so. I done misplaced my razor."—Pickings.

"How's your brother Bill getting on?" asked a neighbor of a small boy.

"Oh! he's gone to the Front," was the answer.

"And your brother Bert?"

"He's gone to Africa."

"And what about Jack?"

"They've sent him to Egypt."

"And what are you going to do, my little man?"

"Well, I've written to ask if they'll let me mind India."—Tit-Bits.

On The Quiet

Don't fail to see John Barrymore in "On the Quiet" at the Wareham Theatre Monday next.

SOCIETY

K-Banquet.

Tuesday evening the K fraternity held initiation ceremony in Nichols Gymnasium for 13 new men. The new men are: M. S. Winters, Cliff Gallagher, K. H. Kecker, Acting Captain Ike Gates, P. Hixon, H. Randall, D. Burton, F. K. Young, Dewey Huston and Lloyd Miller, who have won the football letter; Captain Foreman, E. W. Frost, and C. E. Beckett, who have won the track letter in outdoor meets.

After the initiation a banquet was served at Harrison's. Those present were Coach Schulz and the old letter men. Mr. H. Fairman, Mr. E. F. Whedon, Mr. Leo Ptacek, Captain J. A. Clark, Mr. J. A. Foltz, Mrs. H. Ginery, Mr. J. A. Bogue, Mrs. L. A. Macgrath, Mr. G. W. Hinds, and Mrs. C. O. Roda.

The toastmaster of the evening was Mr. Hobart Fairman. Germany Schulz gave a toast upon the meaning of the athletic letter and its significance. The team captains and several other K men gave short talks on how K. S. A. C. can be brought to the front in athletics and on how to instill more pep into the school.

The K Fraternity is an honorary fraternity with membership open to men who have won letters in athletic competition. The purpose is to promote everything which means more college spirit and to have the best athletes enrolled in K. S. A. C.

Party.

Saturday evening the Franklin Literary society entertained their new members and friends with a "k.d" party. A program and valentine box was a part of the entertainment.

A number of new members were initiated Saturday evening. They were Miss Nora May Dappen, Miss Margaret Dubbs, Miss Corinne Thiel, Miss Myrtle Carey, Miss Mabel Swanson, Miss Edith Muir, and Mr. Sidney Welton.

Lieutenant Earl Ramsey and Lieutenant C. A. Goldsmith, former Franklins, were visitors at society Saturday night. Members back in society again after service in the army are Floyd Work, Thomas Baumgartner, Francis Nettleton and Earl Burk.

A Washington's Birthday program will be given in society next Saturday evening.

Reception.

The Eurodelphian Literary society held a reception in the Home Economics rest room last Saturday afternoon in honor of Miss Florence Hunt and Miss Grace Averill, the new sponsors of the society.

The guests were alumna of the Eurodelphian society, and all literary society girls on the hill. The alumna members present were Mrs. Louie Fiedling, charter member, and Miss Grace Rudy, '16 Mrs. W. M. Jardine was also present.

Two vocal solos were given by Miss Pearl Hoots. New members served the guests with punch and pink heart cakes. The room was decorated with hearts and red carnations.

Dinner Party.

Miss Mary Ann Water of the Pi Beta Phi sorority entertained with a four course dinner party at the Pines Food Shop Tuesday evening in honor of her mother, Mrs. L. Mateer who is visiting here from Meridian, Idaho. The decorations were carried out in a pink and white color scheme. A basket of pink sweet peas was used as a centerpiece for the table.

Covers were laid for Mrs. L. Mateer, Mrs. George Wilcox, Mrs. Fred Williams, Mrs. Otis Hall, Mrs. P. Buck, Mrs. Mary McFarland, Miss Mary Ann Mateer, Miss Ann Wilson, Miss Francis Brown, Miss Mattie Malam, and Miss Jeanette Long.

McLeod-Robertson.

Mr. and Mrs. Nell McLeod, of Valley Falls, announce the marriage of their daughter, Martha Mae, to Mr. Raymond Wilkes Robertson, which occurred in Chicago, Sunday, February 9.

Miss McLeod, who is a graduate of the Kansas State Agricultural college, was home demonstration agent for Reno county during the war. Mr. Robertson is in the Great Lakes Naval Training school.

Eurodelphians Sell Costumes.

The Eurodelphians have sold the costumes used in their Pop Night stunt "The Wedding in the Wilds". The Kansas State Normal Y. W. C. A. The Normal association expects to give the stunt at Emporia soon. The arrangements for selling the costumes were made through Professor Gilson of the Normal who was one of the judges at Aggie Pop Night. The

Euros received \$15.00 for seven of the costumes.

Valentine Party.

The Philomathian and Lincoln Literary societies gave a joint program and Valentine party at their hall last Friday evening. Decorations appropriate to a Valentine's day were used. Light refreshments were served.

Websters Give Program.

The Webster Literary Society will give a special "Bertha's Work Day" program in their hall after the basketball game Saturday night. Visitors are cordially invited.

A dear old lady had been presented with a parrot from the Congo, and she was showing it to her old gardener.

"You know, Joseph, that this parrot comes from the Congo, and the Congo parrots are so intelligent that they are almost human. This bird whistles 'Home, Sweet Home' so beautifully that the tears run down his beak."

"Yes, mum", continued Joseph, "I know them parrots from the Congo. I used to have one, and it whistled 'The Village Blacksmith' so beautifully that sparks used to fly from its blooming tail."—Buffalo Commercial.

Stella: "Molly told me you told her that secret I told you not to tell her."

Bella: "It's beastly of her to have told you that! Why, I told her not to!"

Stella: "Well, I told her I wouldn't tell you she told me. So don't tell her I did." —Tit-Bits.

Half Minute Interviews.

"When you wish to take out a book for reference, remember there are others besides yourself who may wish to use that book, and do not keep it any longer than absolutely necessary. If the reference only requires an hour of time to read it, return the book the next day, and do not keep it the full time just because you can." —Professor Kammeyer.

Who Is It?

Who is it? Who has the best clothing store in K. C.? These are the questions being asked on the hill after Kittell's announcement that a K. C. Clothing firm was to send some nifty clothes to Kittell's stores for the Aggie boys.

Kansas City Clothing Firm.

To Open Manhattan Brand at Kittell's stores. Who is it?

Guess Who?

What K. C. clothier is to put in a stock of nifty clothes and furnishings at Kittell's, of Course.

Trunk Full of Full Dress Clothes, from K. C.'s leading clothier at Kittell's now.

For Feb. 28, Etc.

Full dress accessories at Kittell's stores.

For Rent for Feb. 28th.

You must get your full dress rental orders in at Kittell's right away if you want yours.

Samples made to measure shirts arrived at Kittell's stores \$2.50 to \$20.

Military goods at a discount at Kittell's 2 stores.

Sweater Coats and Jerseys, Kittell's.

"Liberty", the new Arrow Collar at Kittell's, of Course.

"Okeli" a new arrow collar at Kittell's, of course.

LOST—A diamond ring in D. S. building. Finder please return to Y. W. C. A. office and receive \$5.00 reward.

STUDENT MIND

To The Writer of "What's The Matter With The Men."

In the last issue of this paper there appeared in this column an article referring to the college spirit and pep shown by the women students in contrast to that shown by the men students of this institution. The young lady who wrote that article has been either sadly misinformed concerning her subject or she has been very unobserving.

In the first place, can you imagine, men, such a thing as the men students of this institution posing for a picture to be used as a full page cut in the Royal Purple. No, they are not concealed enough. They are not so desirous of getting their name and face before the public as to go about it in this manner. Would they or any one of them consent to go to Kansas City, be outfitted in the best that Wolf Brothers or Gordon and Kopple had in their show windows, in order to be made to appear handsome or popular. No, positively no, they would think of no such thing.

In the second place the writer of this article was misinformed as to the enthusiasm shown at pep meetings, at basketball games, at track meets and in fact at any sort of student gathering, by the men students. Did she ever attend a track meet? Did she ever attend a basketball game? I doubt it very much.

If she had, she would have noticed that the only girls present were those who were chaperoned by some brave member of the male student body. Why can't those and other girls come to these contests unchaperoned? Athletic contests as a general rule are completed before ten o'clock and it is not once but several hundred times that the writer of this article has caught girls—perhaps I should say young ladies—supping chili or knowing on a "ham and egg" at George's without concern in the wee small hours of the night.

Now, my dear young authoress, before you leave your own midst to venture into the unknown realms of "mandom" it is my advice to you that you work on the girls in your own midst and see what you can do to better the female attendance at athletic contests. Try this little scheme and see if you don't have a few more POPULAR, WELL KNOWN, WELL LIKED, KANSAS AGGIETTES.

To The Editor of The Collegian:

The Students Council is not extinct. That mysterious organization always alert, knowing all, seeing all, yet acting so on the "q. t." that no one suspects its presence on the Hill, has its "eye on you!" So watch your step.

At a recent meeting the resignation of Homer Cross was accepted and Hap O'Brien was elected president of the council. Several matters of business were handled by the council, such as election of officers, voting to have the members' pictures

NUMBER 38.

KANSAS STATE AGRICULTURAL COLLEGE, MANHATTAN, TUESDAY, FEBRUARY 25, 1919.

FOUR PAGES

PRICE FIVE CENTS

FESTIVAL BEGINS SOON

MARCH 17 TO 23 IS DATE SET FOR THIRD ANNUAL FESTIVAL WEEK

Program Promises To Be Better Than Ever Before — More Musical Talent In College—Y. W. C. A. To Have Charge of Ticket Sales.

The third annual festival week, will begin March 17. The first number will be the annual orchestral concert, under the direction of Prof. R. H. Brown, assisted by the college faculty quartette. Mr. Brown's concerts have never failed to please either in the selections rendered or in the manner of rendition.

The second entertainment will be the Opera "Naughty Marietta" by Victor Herbert. "This is more difficult than any opera we have put on before," said Professor Westbrook, "as Victor's Herbert's work is difficult to give, being very catchy but very effective. I feel that we could not have given anything as difficult as this three years ago," continued Mr. Westbrook, "but the strengthening of our musical courses, has given us many strong voices we would not otherwise have had."

The third number will be the Purple Masque play, "The Road to Yesterday," which is also a more difficult play than is usually put on by amateurs.

The Sunday afternoon entertainment will be the Oratoria given by the choral society and visiting artists. This was given here by the choral society, under the direction of Professor Westbrook three years ago this spring.

The concluding entertainments will be given by Madame Lucy Gates on Sunday evening and will be a fitting climax to the week of good things.

Festival week has been a success each year since its beginning, and the increasing interest has been gratifying to Professor Westbrook, who has labored untiringly for the enrichment of the musical atmosphere of the college community. He gives much credit for the tremendous change that has been effected in the musical atmosphere of the community to the fact that a three years' musical course has become a part of the college work offered here, and that with the public music course has attracted students here with musical talent and time to enable them to take up really difficult work. Prior to the coming of Professor Westbrook as the head of the music department very little college credit was given for work done in music, and naturally not many students pursued music with an idea of really excelling in that art.

The tickets for festival week will soon be on sale by the Y. W. C. A. The program is as follows:

March 17, Annual Orchestral Concert, assisted by the Music Faculty Quartette.
March 21, Opera, "Naughty Marietta," by Victor Herbert.
March 22, Purple Masque Play, "The Road to Yesterday."
March 23, (Sunday P. M.) Oratoria, Elijah, by the Choral Society.
March 23, (Sunday Evening) Recital by Madame Lucy Gates.

Save a Semester or a Year.

After two or three years at college students frequently find themselves deficient in some subject which is an important prerequisite and this usually results in the loss of a semester or even a year.

Such cases are frequent with engineering students who must pursue definite mathematical courses each one of which has prerequisites. By making up such a prerequisite in the summer or by watching the assignment carefully such loss of time can be reduced. The loss of a year or a semester is of concern not only to the student but also to the state and nation. It is to the interest of every student to complete his education in the most effective manner without loss of time. Students should think this over and consider it seriously.

Mrs. Mary Pierce Van Zile attended the Y. W. C. A. conference in Chicago last week. This week she is attending the national conference of the Deans of Women.

Professor Price Lectures.

Prof. R. R. Price addressed a large crowd of girls Thursday afternoon on the subject of "From Isolation to Leadership." His theme was the Monroe doctrine in the history of the United States. He spoke on our relation in the world, to the family of the league of nations. By the Monroe doctrine, our nation was isolated; but the time came when to be neutral was wrong.

Professor Price applied this argument to the college girls' life. Those who have the chance of a college education are expected to be leaders in their communities. "They will be leaders either for the right or against it," declared Professor Price.

"GERMANY" NEEDS DISTANCE MEN

Have Only One Entry for Half Mile, Mile, and Two Mile Events.

"I want more long distance runners," declares "Geramny" Schulz. It wasn't just a request, it was a command, declares "Geramny" Schulz. He said. If one will review the track meet against K. U., the reason for the call is easily seen.

In the two mile race, the Aggies were compelled to give K. U. three undeserved points. Foreman left Ogilvie of K. U. two or three laps behind, but still as there was only one Aggie entered, K. U. was assured of second place if they had a man who could simply finish. They did, but he was not a strong runner, and if some of the fellows around school would come out and train, we would at least give opposing teams a scrap for second place in that race, and every three points help.

The game thing was true in the mile and half mile. The Aggies had only one man entered, against two for K. U. These three points count up heavily in the final score, and it is up to the Aggies who have ever run to come out and give themselves a chance to do something for their school. "Germany" is also in need of more men in the quarter and the weights. This is a good chance for anyone with track ambitions, and is a fine chance to make a berth on a winning Aggie track team.

DePUE TELLS OF RADIO WORK

Former Aggie Stationed in Manila Islands—Still Keep Men Busy.

C. E. De Pue, former student in college, is now stationed at the United States Naval Radio Station at Guam, M. I.

In a letter written January 21st, Mr. De Pue tells of his work and the station there.

"The end of the war has not slackened work in the Radio and Communication department. Every time President Wilson or one of the heads of the Allied nations makes a speech or a short talk I have to make eleven copies of it. In addition to the government messages we now handle commercial traffic. The cable between Guam and Manila is broken at present and the Radio is relaying some of their business.

"Influenza carried off about two and one half per cent of the native population of the Island and only one American, a sailor.

"There are not enough sailors here for the government to put up a large building for us although they are now building a small one. We draw two dollars a day, rations and quarter allowance and live where ever we can. One Electrician, two Electricians, first class, and myself, yeoman first class, live together in a small modern stone house and native but combined. We have one large room to sleep in. Over the kitchen and dining room is a native roof built of bamboo rafters and coconut palm leaves.

"We have a native boy twelve years old to do the cooking and house work and a native woman to do the washing. We have put in electric lights since moving to this house two months ago. It does not take quite all of our ration allowance to keep us so we put the rest of it in a victrola and we are still buying records.

"My plans are still in favor of returning to K. S. A. C. although it is likely to be two more years before I can do so."

Dr. Helen B. Thompson left Monday night to attend the home economics convention being held in Chicago this week.

ELECTION RETURNS POSTED

RESULTS IN SENIOR, SOPHOMORE AND FRESHMAN CLASSES

Students Enthusiastic Over New Plan — More Pep Displayed Than Ever Before—Plan Had a Few Hitches But Worked Well On Whole.

The seniors and sophomores held class elections Friday in Anderson hall and the following officers were elected.

Senior—President, Gordon Hamilton; vice president, Hattie Drell; secretary, Lucile Halleck; treasurer, Sibert Fairman; assistant treasurer, E. Latzke; chairman of social committee, Fayne Bondurant; Marshal, Ruth Borthwick; and assistant marshal, Sarella Herrick.

Sophomore—President, D. Burton; vice president, Mary Frances Davis; secretary, Josephine Shoemaker; treasurer, Merton Otto; marshal, Oscar Cullen; student council member, Sheridan Spangler.

College pep was stirred up and all classes seemed enthusiastic about taking up the new plan of holding all class elections at the same time but when election day came only the seniors and sophomores were present. The freshman ballots were not ready in time for the election Friday so their election was held last night and the following officers were elected:

President, Mike Ptacek; vice president, Morris Salisbury; secretary, Burdette Tagmeier; treasurer, Earl Raymond; sergeant-at-arms, George Smith; social committee, Alice Mitchell. Everett Willis, will continue in office as member of the student council.

Farm Work Popular With Co-Eds

The farm machinery work is becoming quite popular with the co-eds but this is not startling; it is really very logical. When Uncle Sam asked all the boys to fight for him the girls had to remain at home to do their work.

To do farming efficiently they had to learn something about the machinery. Last summer two girls enrolled in the farm motors course here. They enjoyed the work and found it was not difficult for women to do. On the contrary it proved very interesting to learn how the tractor engine worked and what was the trouble when it would not work. When they went back to the farm the work lost none of its fascination.

Other girls saw and heard of their work so last semester there were other girls enrolled in the course. At first the Dean shook his head and said no credit could be given as that was not women's work, but he knows a good thing. The women have made good, so now credit is given to them the same as to boys.

This semester the enrollment has reached its highest. A fourth of the students now enrolled in farm motors are co-eds.

A new era is now coming when the wife will not have to sit in the house and read the magazine or play the piano while her husband is discussing what new machinery is needed or what made his engine stop. They will be co-workers and this will bring a closer union. They will each understand the problems to be met by the other.

"The Jayhawker Infrance."

An interesting little newspaper has just arrived in the United States. It is called "The Jayhawker Infrance". It is an unofficial organ of the 137th Infantry, and the first edition was published at Simpnign, France on Kansas Day, January 29th. The editor is Sergeant W. J. Studer. He is assisted by W. Y. Morgan, former Lieutenant governor of Kansas, and Sergeant Henny, both former newspaper men. Kansas Day was observed in the Infantry by a "get-together" meeting of all men who have lived in Kansas. The paper contains a history of the 137th Infantry from August 5, 1917, when the First and Second Kansas Infantry was called into service, to January 29, 1919.

Quill Club Meeting.

The Quill club will meet this evening in K-57. Every member should be present.

STUDENT UNION SUGGESTED

CONSIDER BIG SOCIAL CENTER FOR MEN STUDENTS

Will Take Place of Y. M. C. A.—Plan Used with Great Success in Many Other Schools—Will Bring Men Students in Closer Co-Operation.

Whether K. S. A. C. is to retain its present Y. M. C. A. or abandon it for a Students' Commons is a vital question being put to the student body.

It is a question involving serious consideration. In all schools the "Y" plays an important part—fills a mission which no other organization can apparently do. At K. S. A. C., however, it has possibly been the least active and influential of any of the various activities on the hill. It fails to reach the leading class of students. As one person remarked: "Why, the Y. M. C. A. is the last thing one hears about among students."

Its members and those belonging to Greek letter societies are constantly at odds with each other. Greek letter folk accuse the "Y" of opposing fraternities, dancing, and other social activities; while, on the other hand, "Y" members often look upon the frat men as snobs, devoid of religious inclinations, and strictly useless to the world in general. Isn't it possible that both views are a little radical and narrow-minded?

One of the predominant advantages of the Students' Commons is that it affords a meeting place for all classes of students on an equal social basis.

"Nothing," according to one professor, "is seldom more beneficial than the intermingling of the social and studious, the officer and private, the duds and the rube. Each party comes up against qualities that differ from those found in his daily associates. The duds learn to envy the serious layman and the rube to envy the easy manners and handsome clothes of the other. Each is instilled with an ambition to attain what is natural to the other. Mutual appreciation and understanding often follows."

A building capable of meeting adequately the needs would comprise a large lounging room with easy chairs, tables, magazines, piano and victrola, several small social rooms available for dances, smokers, mixers to be given by private organizations; a cafeteria in the basement with separate banquet rooms; and a large room occupying the entire second floor to be used for class dances and socials.

Many colleges have discovered the need of a Students' Commons. In fact, all large eastern colleges and universities are provided with one, while a few of the southern and western schools have followed suit. President Wilson, as president of Princeton, advocated something of the sort, although along more extensive lines. Possibly the most famous building of its kind is at the University of Wisconsin where it receives the support of the entire student body and has proved a vast success.

One college student was arrested last week and fined twenty five dollars and costs for breaking quarantine. "Quarantines must be enforced," says Dr. Seiver.

After staying in the house five days under quarantine because one of the boys at the house had diphtheria, the young man decided it was time for a change. He packed up his grip and left that night. But a quarantine is no dream. It is a stern reality. The next day the county health officers had him arrested and put in the pest house. Here he remained until two negatives could be taken of his throat and tested. It was proved that he did not have the disease so he was taken to court where the verdict was \$25 and costs. In all it amounted to \$32.25. Was it worth it?

The Short Course Men held their annual dance in the gymnasium Friday evening. There were about a hundred couples present. The Community House orchestra furnished the music. Prof. and Mrs. H. Durham, Prof. and Mrs. S. C. Salmon, and Prof. and Mrs. W. E. Grimes were the guests of honor.

Lucile Ludvickson, sophomore in general science, spent the week end in Kansas City.

Class Learns How to Manage Farm.

The class in advanced farm management, under the supervision of Professor W. E. Grimes, made a trip to Juniata, the Casement farm, Friday afternoon. This class makes frequent trips to nearby farms for the purpose of learning how to efficiently manage a farm. In the spring semester several trips of considerable distance are contemplated. While it has not been definitely decided just where the class will go, it is certain that Hays Station will be one of the places visited. Many students declare this class in farm management to be one of the most practical courses in the "Ag" department.

DEBATE—WASHBURN VS. K. S. A. C.

Teams Being Coached by Professor Burns—Ottawa University Has Withdrawn.

A dual debate between Washburn university and K. S. A. C. will be held in the Athenian-Browning hall next Friday night. This was to have been a triangular debate but Ottawa University has withdrawn from the league, and a dual debate has been arranged with Washburn.

The teams have been selected and are being coached on delivery by Prof. O. H. Burns of the department of public speaking. The members of the affirmative team are Miss Myrtle Gunselman, Miss Florence Mather, and Miss Dorothy Moseley. The negative team is composed of Miss Christine Cool, Miss Blanche Sappenfield, and Miss Lola Sloop.

The question to be discussed is, "Resolved, that the league to enforce peace is a practical method of insuring world peace."

Daniel Blanchard, former student in college and a member of the Aztec fraternity, who is stationed at Denver, has been visiting in Manhattan.

Mass Meeting.

There will be a girls' mass meeting in the old chapel Wednesday at four. Miss Abbie Graham of New York City, who will address the girls, has a message for every girl interested in recreational leadership.

CO-EDS ADMIRE SAILOR MIDDIES

Navy Boys Besieged by Girls Wanting Blue Jumpers.

From the surprisingly large number of blue sailor middies worn by the girl students of K. S. A. C. one should not be amiss in concluding that they are a welcome addition to the wardrobe of any co-ed.

Indubitably, should a young man mention in the most casual way, his recent connection with the navy, he is at once flooded with requests for any blue jumpers he might have on hand.

The reasons for this popularity of the sailor middies with the white stripes on the cuffs and collars, and red rating chevrons on the sleeve, are many. They are not only serviceable, being practically indistructible, but handy to put on in the morning. They have settled the daily dress question for more than one girl. Then too, girls have always had a mania for wearing anything previously worn by some masculine friend.

The most practicable reason, however, was more than likely revealed in the following conversation:

"Why, you know," one girl chanced to remark to another within the hearing of a sailor friend, "I'd give anything in the world for a sailor middy. They are so nifty looking."

"Well, replied the other girl, "they are mighty nice to have. But then, the reason I am so wild to have one is that they save the laundry bill. Laura May tells me that she has worn hers three months and hasn't had it washed yet."

The Tri-Angle class of the Congregational church have elected for the semester the following officers: President, O. Stinson; vice president, H. Cross; secretary-treasurer, K. D. Thompson; Chairman social committee, V. S. Crippen; Dr. Theodore Macklin, head of the department of Agricultural Economics is the class leader.

William Klooz, '18, visited friends at college and at camp Tuesday. Mr. Klooz has received his discharge from the army and will visit his parents at Kincaid, Kansas, before returning to his position in New York.

AGGIES WIN IN SLOW GAME

EMPORIA NORMALS BADLY DEFEATED IN LOOSELY PLAY—ED CONTEST—31-14

Jennings Started with Four Goals From Field—Game Slow, Neither Team Showing Good Form—Aggie Subs Show Up Well—Meet Jayhawks This Week.

The Emporia Normal quintette were defeated Saturday night on the local court by the score of 31 to 14 in one of the slowest games of the season. Neither team showed the usual life and the game proved an uninteresting one to the spectators.

The Teachers started the scoring when Workman tossed a free throw on an Aggie foul. The Aggies scored the first field goal and gained the lead by one point. The lead was increased from then on through the game and at no time was the outcome of the game in doubt. The score at the end of the first half stood 14 to 9 with the Aggies in possession of the long end.

In the second half while the Aggies were not playing their usual game they showed the Normals how to guard the basket, allowing them to make only five points while the Purple quintette succeeded in annexing 17 additional points. During the last few minutes of play the second string men got a chance to show themselves up, Clarke being the only regular in the lineup who played the whole game. Kecker in the five minutes he played added four points to the Aggie score by making two difficult goals from the field.

Krehbell for the Normals played the best game for the visitors obtaining two out of three field goals made by his team. Rehm at guard played a good game. Culter, the old star of the Normal team did not play in Saturday's game. He has been out for practice only a week and was not in his old form.

The game was slow and did not show the best qualities of either team. A great many fouls were called on both teams on account of unnecessary roughness and running with the ball. It was the first game in which the Aggies have appeared on the home court this season that they have not been going at top speed throughout the entire contest.

This week the Aggies meet the Jayhawkers again, this time on the Hawker court and the dope which at present favors the Aggies, could be easily upset, for the Crimson and Blue team is always ready to fight to the finish when battling the Aggies. These two games seem to be the only obstacle in the way of the Aggies in the Missouri-Valley championship race, for Missouri lost one game to Kansas last week, making three games in all that they have lost while the Aggies at present have a clean slate and hope to defeat Nebraska on the home court with comparative ease.

The score.

Becomes Manager of Dairy Farm

Charles Wilson, who has been in charge of the college dairy for the last four years, has resigned his position to become farm manager of a large dairy farm near Oswego. The farm contains 750 acres and keeps 75 head of Holsteins.

Sam Carpenter, the owner of the farm owns a department store and a garage at Oswego, and is interested in oil stock.

EVERYBODY TAKE FULL WARNING

The scandal sheets have taken on a serious aspect, and if the publishers are not careful, trouble is liable to result from their efforts. The Collegian staff believes that the paper was published with the idea of stirring up some pep in the student body, but it has gone beyond that.

The facts of the matter are that the papers have been sold to the soldiers and men from Camp Funston, with the result that several girls in the school have been called up by strange men from the camp, and asked for dates. This is going a little too far, and out of respect to the girls of the school the publishers should see to it carefully that the paper does not get out to the soldiers. Some of the things published, while taken all right within the school, take on a different aspect when such results follow.

As long as the papers are published and put in circulation among the college students, the Collegian staff is willing to let the matter rest, but if things are carried to the extreme in the future, and the soldiers act in such a manner as they have done, the Collegian will fight the paper to a finish, and not rest until the guilty parties are found.

As far as the paper is concerned, most of the college students look upon it in the right manner, but the last edition got among the soldiers. A repetition of such a thing as this will mean that somebody will probably get a ticket home, and take the first train leaving Manhattan. As long as the paper is restricted to its proper place—which is in the college—things will go along all right. But if it doesn't—well, lookout, whoever is publishing it.

"The interest shown in the community house athletic program has been very favorable, as shown by the number of cards signed by the business men of the town, and others, especially the children in the schools, who have fallen in with the idea splendidly. This promises to be the most efficient supervised play for the children, as well as offering many games, such as boxing, indoor baseball, volleyball and other games to older men and boys.

This work under the supervision of C. C. McPherson, a student of the college, offers the following schedule for the week: Every discharged soldier, sailor or marine who is interested in any form of athletics is asked to come Monday evening from 7 to 9 o'clock. Boys of the Junior High School who are 12 or 13 years of age will meet Tuesday afternoon from 4 to 6 o'clock. Junior high school boys who are over 13 years of age meet Thursday afternoon at the same time. Wednesday evening from 7 to 9:30 o'clock will be the time when the employed boys of the town will be expected to come. Thursday evening will be the first business men's meeting. Friday evening all Boy Scouts are to meet in the gym to organize a league, and Saturday morning at 9 o'clock all school boys over 12 years of age will meet.

"George has written a patriotic song to help the war."

"So I hear. Aren't the modern methods of warfare horrible?"—Yale Record.

"Sometimes," said the patient woman, "I think my husband is getting to be a socialist."

"What are the symptoms?"
"He wants to do all the talking and none of the work."—Washington Star.

Isabel—"But when we're married, how are you going to keep me?"

Isadore—"We can live on love."

Isabel—"Love's tender, I know, but it isn't legal tender."—Medley.

"The one that I know is tall, well built. He is very amiable and kind to children. Whenever he meets one on the road he will stop his horses and take him along. He is a horse driver. When it is raining he does not care, he will then whistle with all his might."—Ernestine Cabannes.

STUDENT MIND

Dear Editor:

Professor Limper has expressed accurately the attitude of some of the students in regard to chapel exercises. "Revival meetings are very well in their time and place," says L. H. Limper, assistant professor modern languages, in referring to the chapel exercises of last Tuesday, "but a revival meeting should not be substituted for a French lesson."

Professor Limper thoroughly believes that the present system of having chapel instead of the meeting of a class is neither practicable nor satisfactory and that there should be a definite time assigned to chapel which will not conflict with regular class work.

The present system, he believes, is fair neither to the student nor the professor. A class cannot be expected to make good progress in French when two recitations out of three are missed in one week, one on account of chapel, and one on account of a holiday. "I should think that the students would protest," says Professor Limper, "for it is a matter that concerns them more vitally than it concerns the teachers."

Scene in Foods Lab. Class

Scene—Y. W. C. A. office.

Characters—The Y. W. secretary and any girl taking Foods I.

Time—Before the first meeting of the Foods Lab. Class.

The costume of the Y. W. secretary is a dark wool dress. The apron buyer is enveloped in a long white Foods apron with two inches of the skirt gracefully coiled on the floor about her toes. Just a hint of pink finger tips should be seen at the bottom of the sleeves. The pockets are in such a position that the audience wonders why knee protectors are worn in a Foods laboratory class.

Y. W. Secretary (apologetically): "The association really had no idea that the freshman class was so small, (I mean in stature), this year."

Miss Apron Buyer (wistfully): "It does seem as if Hoover might have devoted a little time to a publicity campaign on the conservation of aprons."

Y. W. Secretary (cheerfully): "Oh my dear I assure you that your landlady will simply fall over herself to lend you her sewing machine to remodel the apron. It will be a simple process to make it over, too. Just shorten the sleeves a couple of inches cut off a foot or so of material at the bottom of the skirt, move the pockets up high enough for you to reach them, and take six or eight darts around the waist, and the apron will look as if it had been made for you."

Miss Apron Buyer (disconsolately): "I don't blame you of course, but it does seem as if the college should mention in the catalog that Dress Remodeling is a prerequisite of Foods I."

"They like sweets very much. They are clean; they wash all their body with cold water. They are very polite. They do not have the same religion as we have, but it does not matter; they are free to practice the one they choose, or none."—Camille Duboris.

Two men were hotly discussing the merits of a book. Finally, one of them, himself an author, said to the other: "No, John, you can't appreciate it. You never wrote a book yourself."

"No," retorted John, "and I never laid an egg, but I'm a better judge of an omelet than any hen."—Philadelphia Star.

A truly eloquent parson had been preaching for an hour or so on the immortality of the soul.

"I looked at the mountains," he declared, "and could not help thinking, 'Beautiful as you are, you will be destroyed, while my soul will not.' I gazed upon the ocean and cried, 'Mighty as you are, you will eventually dry up, but not I.'"—Tit-Bits.

The Girl (telling her father about his love): "He said it was like a gushing brook."

Father: "Dam it." —Ex.

Good and Sufficient.

"She's giving a very elaborate party."

"Gotten up solely on my account."

"I thought you two were on the outs."

"We are. And that's the reason she got up the party."—Kansas City Journal.

For Rent for Feb. 28th.

You must get your full dress rental orders in at Kittells right away if you want yours.

Mr. Saphead. "On my army application there is a place to tell the condition of my mind. What would you advise me to answer?"

Miss Kutting: "Leave it blank,"—Judge.

Our Condolences, Madam

Society note from Atchison—"Mrs. A. E. Hobbs was called back home from St. Joe by the death of her pet goldfish, Oscar."

Mrs. Nuwed—"Mary, for dinner I think we'll have boiled mutton with caper sauce. Are there any capers in the house?"

Mary—"No, ma'am."

Mrs. Nuwed—"Then, go out in the garden and cut some."

—Harvard Lampoon.

Uncle Bill, hearing an explosion in the immediate neighborhood, said to his small nephew, sitting in the automobile beside him, "Get out Jimmy and look at the tire, and see if it's flat."

"It looks pretty good," said Jimmy upon inspection. "It's only flat on the bottom side."—Everybody's Magazine.

"You've made a mistake in your paper," said an indignant man, entering the editorial sanctum of a daily paper. "I was one of the competitors at that athletic match yesterday, and you have called me 'the well-known light-weight champion.'"

"Well, aren't you?" inquired the editor.

"No, I'm nothing of the kind, and it's confoundedly awkward, because I'm a coal merchant." —Tit-Bits.

The politician rushed past the official Cerberus into the editorial sanctum.

"What do you mean?" he roared.

"What do you mean by insulting me as you did in last night's Clamor?"

"Just a moment," replied the editor. "Didn't the story appear as you gave it to us, namely, that you had resigned as city treasurer?"

"It did. But you put in under the head of 'Public improvements.'"

—Sacramento Bee.

"Father," said the small boy, "is there really a Santa Claus?" "Why, I believe so, my son." "But as a boy grows older, doesn't a boy's own father come to the front and choose the gifts himself?" "I shouldn't be surprised if that were the case," "Well, I hope it is. I haven't said much about it, but after thinking over the presents I've been getting for two or three Christmases past I'd rather cut out Santa Claus and take my chances with you."

"Now," said the bridegroom to the bride, when they returned from their honeymoon trip, "let us have a clear understanding before we settle down to married life. Are you the president or the vice president of the society?"

"I want to be neither president nor vice president," she answered. "I will be content with a subordinate position."

He: "What position is that, my dear?"

She: "Treasurer." —Clippings.

Hymn of Hate.

(Reprinted at Mr. Hoover's request.)

Cranberry pie, or apricot—

We love them not, we hate them not.

Of all the victuals in pot or plate,

There's only one that we loathe and hate.

We love a hundred, we hate but one,

And that we'll hate till our race is run—

Bread Pudding!

It's known to you all, it's known to you all.

It casts a gloom, and casts a pall;

By what's name they mark the mess,

You take one taste and you give one guess.

Come, let us stand in the Walling Place,

A vow to register, face to face.

We will never forego our hate

For that tasteless fodder we ex- crate—

Bread Pudding!

Cranberry pie, or apricot—

Some folks like 'em and some folks not.

They're not so bad if they're made just right,

Though they don't enkindle our ap- petite.

But you we hate with a lasting hate,

And never will we that hate abate;

Hate of the tooth and hate of the gum,

Hate of palate and hate of tum,

Hate of the millions who've choked you down,

In country kitchen or house in town.

We love a thousand, we hate but one,

With a hate more hot than the hate of Hun—

Bread Pudding!

—Chicago Tribune.

SOME MILITARY DEFINITIONS

Listening Post—A part telephone in Anywoman's house.

Code—The hard look your wife gives you when you have company at dinner and you ask for more chicken.

Flank Attack—What little Willie gets for putting flypaper on baby's head.

Over the Top—Your wife's hints to you concerning her lack of anything to wear.

Gassed—The result of listening to a chatty neighbor's detailed description of her appendicitis operation.

Allies—Three late commuters making up a set of excuses for home consumption.

Liquid Fire—Prohibition whisky.

Raging Party—1 a. m. at the ice-box.

Observation Post—The front room window.

Relieving Party—Friend wife on pay day.

Reveille—Shrill voice exclaiming, "It's 7 o'clock."

Camouflage—Rouge, poudre de riz, peroxide, etc.

Prisoners—Married men.

Recruit—A wouldbe rookie with the "gimmies."

Rookie—A buck private in the making.

Buck Private—Buck a day; million day, million bucks.

First Class Private—Gets three bucks a month more than a buck private, and don't talk to him any more.

First stages of hard boiled.

Corporal—Sergeant's orderly. Second stage of hard boiled.

Noncoms—Completely hard boiled.

Independent as a Swede immigrant when you ask him for a match.

Lieutenant—Holds conversation with captain. Sometimes talks to buck privates.

Captain—A god man to see for a furlough. Usually has rheumatism of the hand when asked.

How He Got By.

"What became of Plute Pete?" asked the visitor at Crimson Gulch.

"He joined the army," answered Broncho Bob.

"Thought he was too old to fight."

"He was. But he was such a fighter that nobody dast tell him so."—Washington Star.

Up-To-Date.

Little Johnnie, aged seven, was being admonished by his father for fighting with the boy next door.

"I never got into a fight when I was a boy," said his parent.

"I know, dad," said Johnnie: "But these are war times."

What More Could He Wish

"You ask for my daughter? What are your prospects young man? Do you own the house you live in?"

"No, I rent it, but I have five tons of coal in the cellar."

"Take her."—Louisville Courier-Journal.

Wasn't He Cute?

Wife: "You must not expect me to give up my girlhood ways all at once."

Hubby. "That's all right. Go on taking an allowance from your father as if nothing had happened." —Brooklyn Citizen.

His Reason.

The minister's youngest son was taken to church for the first time, and on his return remarked, "Father, I am going to be a preacher!"

"Why so, my son?"

"Because it is a lot harder to listen than to talk."

Passing the Buck.

The Colonel tells the Major

When he wants something done,

And the Major tells the Captain,

And he gets him on the run.

Writ Sarcastic.

"The modern hired girl allows the family to sit down at the table with her if they are respectful," says the Enid-News.

Horse and Horse

When you are arguing with a fool, remember that the fool is doing the same thing.—Boston Transcript.

Officer: "What military training have you had?"

Rookie: "I'm a gunman by profession."—Judge.

He: "Most girls, I have found, don't appreciate real music."

Second He: "Why do you say that?"

He: "Well, you may pick beautiful strains on a mandolin for an hour, and she won't even look out of the window, but just one honk of a horn and—out she comes!"—Burr in the Bellman.

"Here! Walter, where's my portion of sugar?"

"That must be that beastly fly again, sir—as soon as I puts down a portion of sugar, along 'e comes and sneaks it!"—London Opinion.

"Bobby, did you take that message to Mrs. Turner, as I told you?"

"Yes'm."

"And what did you find out?"

"Mrs. Turner."—Topeka Capital.

Mistress (engaging new maid):

"You say the last family you worked for were Germans?"

Maid (apologetically): "Yes'm—but they were sterilized when war broke out."—Snap-Shots.

Uncle Eben: "How far did your son get who went abroad to fight?"

Uncle Ezra: "Well, he got 'somewhere in rance!'"

Uncle Eben. "That's good. He never got anywhere in America." —Puck.

Great Pianist: "But, madame, you know my price is two hundred and fifty dollars, and that I never perform for less."

Mrs. Munitions: "But you needn't play quite so well as you usually do!" —Puck.

First Youthful Naturalist (at the Zoo): "Sneagle."

Second Ditto. "Snotensneagle, 'Snork."

First Ditto: "Snotanork, 'Snowl."

Second Ditto: "Sneither, 'Snos-trich."—Clippings.

Two young Irishmen in a Canadian regiment were going into the trenches for the first time, and their captain promised them five shillings each for every German they killed.

Pat lay down to rest, while Mick performed the duty of watching. Pat had not lain long when he was awakened by Mick shouting.

"They're comin'! They're comin'!"

"Who's comin'?" shouts Pat.

"The Germans," replied Mick.

"How many are there?"

"About fifty, thousand."

"Begorra," shouts Pat, jumping up and grabbing his rifle, "our fortune's made!" —London Opinion.

Sister: "What on earth have you been doing, Robert?"

Robert (aged ten, badly scarred and torn): "It was my turn to be the German army today."—Judge.

Willie Willis: "What are 'pieces of artillery,' pa?"

Papa Willis: "I think they must be the kind that the girl next door plays on the piano."—New York Times.

An official who has scrutinized the reports made by German diplomatic representatives to their government before the declaration of war furnishes this extract from one of them:

"The Americans are very rough. If you call one of them a liar he does not argue the matter after the manner of a German gentleman, but brutally knocks you down. The Americans have absolutely no Kultur." —New York World.

387 TEACHERS NEEDED IN 3 DAYS
March 26-28, 1918, employers asked
us to recommend 387 teachers for the
best schools in twenty states and
Hawaii. Before and after this date
the most progressive Colleges and
foreign countries used our service
because they have learned to appreciate

Murphy. "Who was it that came
between Kelly and his wife?"
Hooly: "Well, at the finish it was
a policeman."—Clippings.

"Let's go to the movies and kill
time."
"I've too much respect for time to
execute it in that manner."—Puck.

Corporal: "Ye're takin' things cool,
McCarthy, d'ye think ye're at a straw-
berry festival?"
McCarthy (smoking pipe during the
mendous bombardment): "No, but OI
had me fortune told yist'rd'y an'
Qive been promised seven years bad
luck!"—Judge.

A slater who was engaged upon the
roof of a house in Scotland fell from
the ladder and lay in an unconscious
state upon the pavement.

One of the pedestrians who rushed
to the aid of the poor man chanced
to have a flask of spirits in his pocket,
and, to revive him, began to pour
a little down his throat.

"Canny, mon, canny," said a man
looking on, "or you'll choke him."

The "unconscious" slater slowly
opened his eyes and said, quietly:
"Pour awa', mon, pour awa'; ye're
doin' fine."—London Fun.

In College Society

Beta Theta Pi

The Beta Theta Pi fraternity held
its seventh annual Pig Dinner, Dance
at Harrison's Hall, Friday evening,
February 21. The guests gathered
about six-thirty in the dance hall,
which was prettily decorated in blue
and pink and danced till eight o'clock
when they all went down to the banquet
room. A five course dinner was
served and numerous Beta songs were
sung.

After the dinner the guests assembled
in the dance hall and danced till
one o'clock. During the evening several
novelty dances were given, one
being a moonlight dance. In one
corner of the room there was a large
harvest moon which furnished the
light for the dance.

Miss Millie Margaret Carey, Miss
Mildred Miller, Miss Helen Brown, Mr.
William Sexton, Mr. Robert Stevenson,
Mr. Bryan Murphy, Mr. Harry Robinson
and Mr. Ferdinand Helwig were
guests from the University of Kansas.

The chaperones were Prof. and Mrs.
H. H. King, Professor Westbrook and
Miss Mills, Mr. and Mrs. H. J. Smith
of Pawhuska, Okla., and Mr. and Mrs.
F. F. Ross of Wichita. The music
was furnished by the Deep River Novelty
company of Salina.

The hall and banquet room were
decorated in blue and pink crepe
streamers, in the dance hall the
streamers were gathered in the center
to a large hoop and from there to
all parts of the hall. The orchestra
platform was set off from the rest
of the hall by a lattice work which
was decorated with sweet peas. The
small hallways and the stairway were
decorated also by the blue and pink
crepe streamers and were gathered
at the top in such a manner as to
form an arch way.

Pi Kappa Alpha

Lieut. L. P. Whitehead, who has
received his discharge from Camp
Taylor is now at the Pi Kappa Alpha
house. Lieutenant Whitehead has
accepted a position in the zoology department
of the college.

Lieutenant Gress of Topeka, was a
guest Thursday night. Lieutenant
Gress was a Sigma Chi at Kansas
University.

Mr. George Dehn of Topeka is visiting
the Pi Kappa Alpha house this
week. Mr. Dehn was in the S. A. T. C.
this fall at Washburn college.

Mr. Loren Van Zile and Mr. Cecil
Moore were dinner guests Friday evening.

The Pi Kappa Alpha fraternity announces
the pledging of W. E. Grimes
assistant professor in farm management.

Alpha Delta Pi

Miss Georgia Moffitt was a Sunday
dinner guest at the Alpha Delta Pi
house.

Miss Swenson who is attending
school at Lindsborg spent the week
end with Miss Inez Backman. Miss
Swenson came to attend the Beta Pig
dinner.

Miss Essie Graham of Dallas, Tex.,
who is secretary of the southwestern
field of the Y. W. C. A. and Miss Mildred
Inskip were dinner guests at the
Alpha Delta Pi house, Monday night.

Miss Gladys May who has been at
her home in Kansas City for the past
week because of her mother's illness
will return Wednesday.

Miss Mary Sullivan and Miss Grace
Sullivan spent Friday with Miss Josephine
Sullivan.

Sigma Phi Epsilon

Formal initiation services were held
by Sigma Phi Epsilon on Friday evening.
The men initiated were Selbert Fairman,
K. H. Kecker, Karl Abbott, Claude Owen,
Ross Stice, Claude Beckett, Jack Hill, Carl McCaslin,
Phil Platt, Earl Raymond, Morse Salisbury,
Arthur Williamson, and Maurice Sears.

Mr. Ross Stice of Alta Vista was a
guest at the Sigma Phi Epsilon house
over the week end.

Sigma Alpha Epsilon

First Lieutenant Vernon E. Bates,
wounded in the Argonne, is now on
his way back to the States.

Mr. Winfield F. Liggett and Mr.
Walter E. McGinnis, Jr., both members
of the Jayhawk track team, were Sigma
Alpha Epsilon guests on last Monday.

Mr. Fred Wilson has been commissioned
second lieutenant in the Field Artillery
branch of the service. Mr. Wilson is now
at his home in Kinsley.

Kappa Kappa Gamma

Dr. and Mrs. Hobbs and Mr. and
Mrs. Stevenson were dinner guests at
the Kappa house Wednesday evening.

Miss Isabell Hamilton returned on
Wednesday from a visit at her home.
Miss Norine Weddle spent Tuesday
in Army City visiting her father.

Miss Gladys Ross was absent from
classes Tuesday on account of illness.
Mrs. Ruth Hill Hobbs and Mrs. Wilbur
Shorup called at the Kappa house
Tuesday.

Miss Orpha Maust and Miss Alta
Adams were dinner guests at the Kappa
house Tuesday evening.

Mr. Edwin Whedon was a dinner
guest at the Kappa house Monday evening.

Miss Helen Lawson is here for the
rest of the semester.

Mrs. Hazel Merillat Williams visited
at the Kappa house last end.

Shamrock

Mr. Mark F. Upson of Sabinal, Tex.,
has taken out an assignment this semester.

Mr. Edgar L. Hollis and Mr. Edward
Colene, Kappa Sigmas from K. U., were
week end guests at the Shamrock house.

Sergeant Earl Killarney of Camp
Funston, was a dinner guest Friday.
Mr. Elmer Krinkle, Mr. Floyd Betts,
Mr. Bryon Hoffman, and Mr. Clay
Baker, Kappa Sigmas from Washburn,
were week end guests at the Shamrock
house.

Mr. Fred Gipey was a dinner guest
at the Shamrock house Friday.

Corp. Carl Snyder, recently discharged
from the radio signal corps, at Camp
Taylor, was a week end guest.

Corporal Snyder has just returned
from France. He left Sunday for his
home in Norton.

Delta Delta Delta

Mrs. Maude Kelly Deal, '08, of Kansas
City, Mo., was the week end guest
of Miss Fay Young.

Miss Helen Calkins of Burlingame,
has enrolled in college for this semester.

Miss Grace Ratliff of Ogden, visited
at the Tri Delta house from Friday
until Sunday of last week.

Miss Winifred Varner spent the vacation,
between semesters at her home in
Burlingame.

Delta Delta Delta entertained the
Acacia and the Alpha Psi fraternities
Saturday afternoon from four till five
thirty with a house dance. Ferns and
journals were used in carrying out the
color scheme of gold and green.

The evening was enjoyed by all present.

Sigma Alpha Epsilon

Mr. Charles Cordts spent the week
end at his home in Overbrook.

Capt. H. B. Rannels, battery E.,
61st F. A. has arrived from overseas
and is stationed at Camp Stewart, Va.
He is expected here for the annual
Founders Day party on the 7th of
March.

Sergeant Carlyle, Georgia Beta, of
Camp Funston was a guest of the
house last week end. Sergeant Carlyle
expects his discharge from the army
this week.

Mr. Charles Waldo will attend the
Motor Show in Kansas City this week.

Delta Zeta

Miss Elizabeth Meyers was a guest
at dinner Wednesday evening.

Miss Trixie Una Knight, who is
now attending the State Normal at
Emporia, visited at the chapter house
a few days this week.

Miss Carrothers was a dinner guest
of Miss Leona Hoag Thursday evening.

Miss Bernice Elkins of Wakefield,
was the guest of Miss Ethel Roop for
the week end.

Dancing Party

Mr. M. J. Lucas gave a dancing
party in the domestic science hall on
Friday evening for his friends. The
music was furnished by a two piece
orchestra. Twenty five couples were
present.

Alpha Theta Chi

Mr. Walter Rodgers, a former student
in the college, was a week end
guest at the Alpha Theta Chi house.
Mr. Rodgers was a master gunner in
the Coast Artillery and saw service
in France. He expects to enrol for
the second semester.

Beta Theta Pi

Beta Theta Pi announces the pledging
of Mr. Joe Haag of Holton.

Mr. F. H. Welsh was a dinner guest
at the Beta house last week end.

Hunt-Converse

Miss Nellie E. Hunt and Mr. Merle
Converse were married Thursday
morning by the Rev. W. I. Jones at
the home of the bride's mother, Mrs.
Annie Hunt. Both Mr. and Mrs. Converse
are graduates of K. S. A. C., '18.
Mrs. Converse has been employed by
the botany department of the college
since her graduation from college.
Mr. Converse has recently returned
from Camp Taylor where he was a
lieutenant in the Field Artillery. After
a short trip they will live on the
Converse ranch near Eskridge.

The following relatives were present.
Mr. and Mrs. C. I. Converse and
Mr. and Mrs. E. L. Converse and Mr.
and Mrs. L. H. Converse of Harveyville,
Miss Nellie Brindle of Fredonia,
Mr. William Brindle of Great Falls,
Mont., and Mr. Franz J. Maas of Alta
Vista.

Banquet

The first anniversary banquet of
Kansas Beta of Eligma Phi Epsilon
was held at the chapter house Saturday
evening at nine o'clock.

The men from out of town were C.
Lee Reeve, Garden City; W. R. Eslick,
Kansas City, Mo.; Lieut. Ray Vermette,
Camp Funston; Mr. Albert Metz,
Anthony; B. B. Brookover, Eureka;
and Mr. Willard Howe, Garrison.

The dining hall was decorated with
the fraternity flowers, American Beauty
Roses and Violets; and the fraternal
colors, purple and red. Toasts
were given by several of the men.

To Manage Tea Room

Miss Mary Ward has gone to Wichita
to take a position as manager of the
tea room in the Inness Dry Goods
house. Miss Ward is well known here
and in Topeka, having served last
year as home demonstration agent
for the food administration, under the
auspices of the Woman's Club. During
the present year she has worked
as state food advisor with the extension
department of the State Agricultural
college.

Miss Ward spent the week end with
her sister, Mrs. L. C. Harbaugh, in
Topeka, and went from there to Wichita.

Miss Haggart Entertains

Miss Margaret Haggart, professor
of domestic science, entertained her
institutional management class with
a dinner at her home at 1412 Leavenworth.
After dinner a talk was made
by Miss Florence Monroe, manager
of the cafeteria, on "Penny luncheons
and Y. W. C. A. work." Later the
girls toasted marshmallows. The
evening was enjoyed by all present.

Engineers' Mixer

The engineering students had a
mixer recently in the engineering
building. They were entertained by
talks from the faculty and a musical
sextette composed of four students
and two of the professors. This was
the annual entertainment by the upper
classmen for the lower classmen.

Washington Party

Miss Phoebe Lund of the dairy department
and Miss Ruth Aliman entertained
Friday evening with a Washington
party at the Lund home, 1414
Fairchild Ave. The evening was
spent in playing games and singing.
Refreshments were served by the hostesses.

Professor Westbrook Entertains

Prof. A. E. Westbrook was host last
Wednesday evening at a 7 o'clock dinner
given in honor of the college glee club
at The Pines. A four course
dinner was served.

House Dance

The Alpha Delta Pi sorority entertained
Friday evening between 6:30
o'clock and eight o'clock with a house
dance for the Pi Kappa Alpha fraternity.

Dinner Guests

Mr. and Mrs. Jacob Lund entertained
at dinner Saturday evening at
their home, 1414 Fairchild, six
soldiers from the base hospital at
Fort Riley.

Short Course Dance

The short course students at the
college gave a dance in Nichols gymnasium
Friday evening.

A sergeant was grilling an awkward
squad. Company! Attention
company, lift up your left leg and
hold it straight out in front of you!"

One of the squad held up his right
leg by mistake. This brought his
right-hand companion's left leg and
his own right leg close together. The
officer, seeing this, exclaimed angrily:

"And who is that blooming, galoot
over there holding up both legs?" —

Prospective Employer: "Have you
a letter from your previous mistress?"
Dinah: "No, mam, I ain't expectin'
to hear from her. We parted right
friendly, mam, but we ain't carrying
on no reg'lar correspondence."—Puck.

Son: "Father, I'm thinking of taking
the political economy course at
college."

Alderman Clancy: "All right, me
son; but remember this: ye can't niver
depend awn a vote ye buy cheap."—
Life.

A man, overtaking a couple of
friends, heard his own name mentioned,
and asked what it was they were
saying of him.

"Well," answered one of them, "to
tell the truth, we were disputing as
to whether you are more fool or
rogue."

Taking an arm of each he said. "I
think that I can best settle that—I
believe I am something between the
two."—Tit-Bits.

Two English workmen were discussing
the war.

"It'll be an awful long job, Sam,"
said one.

"It will," replied the other.

"You see, these Germans is takin'
thousands and thousands of Russian
prisoners, and the Russians is takin'
thousands and thousands of German
prisoners. If it keeps on, all
the Russians will be in Germany and
all the Germans in Russia. And then
they'll start all over again, fightin'
to get back their 'omes."—Tit-Bits.

The captain and the mate on board
the Pretty Polly were at loggerheads.
They scowled whenever they met, and
seized opportunities of scoring off
each other with fearful glee. Each
took a turn at making the day's
entries in the log, and the mate, when
making his entries, was very surprised
to find, in the captain's handwriting,
the words:

"June 2nd, 1917.—Mate drunk."

He stared at it wrathfully a moment,
then a slow grin broke over his
face. He took his pen and wrote:

"June 3rd, 1917.—Captain sober."

Now, gang, what do you think of the Aggies' chances for a championship team? Missouri has lost three Valley games to date and the Aggies still lead with a clean slate.

For the first time this year Kecker the old "K" man of two years ago got into his old stride. "Keck" threw two field goals in a many minutes and played a fine floor game during the time he was in the game.

"Ship" Winters made his debut in basket ball circles for the Aggies, Saturday night and was there with the old fight from the time he got in the game until the last pistol shot. The Aggies are looking for great things from this "youngster" before he is out of school.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

AGGIES KEEP LONG LEAD

WIN GAME WITH K. U. BY SCORE OF 37 TO 22

Kansas Team Showed Weak Spots In The Guard Positions—Aggie Substitutes Showed Up Well

The Kansas Aggies still lead the valley. Another win was added to the Purple team's record last night when they trounced Kansas University on the Kansas court 37 to 22.

The crowd that witnessed the game was a peppy bunch and that is given by the Kansas people as the reason that the Aggies won the first of the two game series. The Aggies started with their old time fire every man playing like a veteran. The Kansas team showed some very noticeable weak spots especially in the guard positions and the Aggie basket tossers dropped the ball through the hoop almost at will.

The basket shooting and the floor work of Jennings, the husky center of the Aggies was the feature of the game. Time after time "Al" obtaining the ball above the heads of his opponents tossed it into the basket with three or four men standing around him. Clarke and Cowell showed their old form in the guard positions. Kecker, substituted for Bunker in the last half, played a fine game obtaining two field goals before the final pistol shot.

The game was easily in the possession of the Aggies from the start. Starting with a lead of several points in the first few minutes, the Aggies piled up a lead of five points at the end of the first half. At this point of the game the score stood 15 to 10.

The Aggies started the second half with the determination to double the score on the Jayhawkers. During the second half the Aggies counted 22 to the Crimson and Blue 12. The entire list of substitutes were allowed to play in the last few minutes of the game and they all showed up well.

Winning this game puts the Aggies in a position to claim the championship of the Valley. Only five more games remain to be played, one more with Kansas tonight, two with Nebraska on the local court, March 7 and 8 and two with the Missouri quintette at Columbia, March 14 and 15. Breaking even on the two latter series will place the Aggie team in the lead with nine wins to their credit and only two losses on other side of the column. However, from the dope at present it is highly probable that the Aggies will win all of the remaining games and end the season with a perfect record. A better line on the possibilities of the termination of the season will be available at the end of the week after the Aggies have finished the present series with Kansas.

The score:

AGGIES	G	FT	F

BETAS AND SIG EPS LEAD

Inter Fraternity Games Promise No Little Interest.

Standing of inter-fraternity games.

	W.	L.	Pct.
Beta Theta Pi	2	0	1000
Sigma Phi Epsilon	2	0	1000
Sigma Nu	1	1	500
Pi Kappa Alpha	0	2	000
Sigma Alpha Epsilon	0	2	000

The Betas and the Sigma Alpha Epsilons lead in the interfraternity bas-

ketball race with two wins to the credit of each. The Betas last night defeated the Sig Alphas by the score of 15 to 6 and the Sig Eps. defeated the Pi Kaps by the score of 21 to 8. This is about half of the games that are being played each Tuesday and Thursday evening. Both of the leaders have strong teams and the race for the championship promises to be interesting.

In the first game last night the Sig Eps. easily defeated the Pi Kaps. Cliff Knitsely playing the last half for the Sig Eps. was the star of the game obtaining four field goals in the ten minutes that he played. "Hobe"

LUCY GATES HERE MAR. 23

PREMIER AMERICAN DIVA TO APPEAR IN RECITAL SUNDAY EVENING, MAR. 23.

Musical Critics Rank Miss Gates As Greatest American Soprano—Some Rank Her Equal to Galli-Curci—Recital Comes As Climax to Festival Week.

Miss Lucy Gates, said to be America's greatest soprano, has consented to appear on the program of Festival Week, the college's musical and dramatic presentation which annually draws a large number of visitors to Manhattan.

Announcement that the artist has been secured for a recital Sunday evening, March 23, was made by A. E. Westbrook, director of music, under whose supervision the program for the Festival Week is being arranged. "We are fortunate in securing Miss Gates," said Mr. Westbrook. "Her recital should be one of the best ever given in Manhattan, and undoubtedly will prove an attraction to lovers of music throughout the state."

Miss Gates has substituted repeatedly during the last two years for Mlle. Galli-Curci, and is rated by many critics as fully as great an artist as the famous Italian diva. The announcement that Walter Damrosch had chosen Miss Gates to replace the Italian singer who was to have appeared with the New York Symphony Orchestra, in Philadelphia, Baltimore and Washington, came as a special joy to all those who favor the indorsement of the native artists, many of whom labor under the sole artistic handicap of having been born Americans.

Twice before, at the Newark, N. J., and the Ann Arbor (University of Michigan) Festivals last year, this particular American singer has replaced the Italian diva with the most outstanding success. In Newark, an audience of more than ten thousand was so enthusiastic that Lucy Gates has been engaged again for this year.

Recently when the Galli-Curci furore was at its height in New York, Henry T. Fink, in the New York Evening Post, expressed himself as considering Lucy Gates "Not only equal but superior to Galli-Curci"—a verdict which has since been copiously discussed by hundreds of newspapers from coast to coast.

Other numbers of the Festival in Week are an orchestra concert on March 17, the student opera, "Naughty Marietta," Friday, the Purple Masque play, "The Road to Yesterday," Saturday, and a choral society concert Sunday afternoon, preceding the Lucy Gates recital.

Party for Miss Graham.

The Y. W. C. A. gave a party for Miss Abbie Graham Tuesday night from six to eight in the girls' gymnasium. Miss Graham entertained the girls first by telling them humorous stories such as the Fights of Gastric Juice. Then there was an athletic contest. Great pep and enthusiasm was shown, especially in the ball game. Ice cream cones were served and the crowd dispersed only to meet again Wednesday, eighth hour, with Miss Graham.

Frank C. Harris, '17, former assistant professor in the department of architecture, has been visiting in Manhattan. Mr. Harris resigned his position here to take employment with the Fuller construction company and is now at Leland Stanford university.

HELP STUDENTS THROUGH

BUSINESS MEN OF CITY GIVE FINANCIAL AID TO WORTHY STUDENTS

Revolving Fund Being Raised—Details of The Plan Are Not Fully Decided As Yet—Probably Four Per Cent and Two Years' Time.

The Chamber of Commerce has appointed a committee of Manhattan business men to canvas the banks of Manhattan for contributions for a students loan fund in the college. This money is to be loaned to worthy students, particularly juniors and seniors, who lack just a little of having enough to take them through school.

Although the details of the plan have not been definitely decided as yet, four per cent interest probably will be charged and the money required to be paid back into the revolving fund within two years after the student has graduated.

The amount to be raised was at first set at \$5,000 but will probably be raised to \$10,000. One half of the \$5,000 was contributed within two hours after the canvassing began last Wednesday afternoon. The names of the contributors will be announced later.

AGGIES HAVE SERVICE RECORDS

Registrars Office Has Book With Information About 1300 Former Aggies.

The most interesting book on the campus, from the standpoint of the college at least, is not listed in the library's card catalog. It isn't the fault of the library, for the book is not in the library but in the office of the registrar. The book is the military service record of the college. The information set forth in the Record has been given almost exclusively by the parents of Aggie soldiers, although newspapers ranging in importance from the smallest country weekly to the largest city daily are contributors.

The Military Service Record is composed of two large volumes having a page for each former college student who has served in the army during the war. The college has the names of nearly 1300 soldiers and it is the opinion of Miss Jessie Machir, the registrar, that there were college men in the army whose names she does not have. On each page space is given for the following information: name, home address, degree (if a graduate), date of birth, college course, class (if an undergraduate), years of attendance, date of withdrawal, enlisted, drafted and branch of service. Some of the pages contain only the name of the student, others contain copies of letters sent from France or from training camp, and newspaper notices concerning the soldier and his activities while in the service. On account of the absence from school of the girl who was helping to compile the Record, Miss Machir has a great deal of material which has not yet been put in the Record.

Some of the most striking material in the Record is found on the page devoted to Donald Hudson, a special student in 1916. A clipping from the Kansas City Star which is given on Mr. Hudson's page of the record gives a vivid account of an air encounter in which he downed three German planes in ten minutes.

A full account is given in the Record of Captain Willis Edwin Comfort, a graduate of K. S. A. C. in 1914. Captain Comfort was killed July 18, while leading his company in the first real clash between the Americans and Germans. A clipping from the Denver Times enclosed in the Record gives the following extract from a letter written by Captain Comfort shortly before his death, "If it should happen that I should receive the highest of decorations, one of the little white wood crosses which now dot the hills of France, I want you to meet it cheerfully. I think I can meet death with a smile and I want you to feel the same way about it."

W. H. Hanson of Concordia, Kan., stopped on his way home from Kansas City to visit his son Harvey Hanson who is here in school.

PRINTS MUSIC BY PROF. BURK

Music Concern Publishes Violin Compositions by Former Professor.

Word has been received by Mrs. Wilhelmina Burk, instructor in English, that the Breitkopf and Hartel, International Music Publishing house has published 14 pages of music written by the late Prof. Don L. Burk.

The music is violin and piano accompaniment, and was completed only a short time before Professor Burk's death. The music is called "Elgie." Arthur E. Uhe, head of the violin department at Bethany college while on his trip to New York, used Prof. Burk's Italian violin to make records for the Victor.

EVERYONE TO AGGIE BALL

ALL-COLLEGE PARTY IN GYMNASIUM ON SATURDAY EVENING

Names of Winners in Royal Purple Contest To Be Disclosed For First Time—Special Entertainment Features Are Planned.

The Aggie Girl ball which is to be held Saturday night March 1, promises to be one of the most novel and interesting of the college year.

This is the first time such an event has ever been given in this college and it is hoped to make it an all college affair. The ball is for anybody connected with the college in any way, and contrary to prevailing rumors it is to be strictly an informal affair.

During the evening pictures of the thirteen contestants will be thrown on the screen after which the pictures of the six girls who placed in the contest will be shown in order of their rank in the contest. No one except the four persons who counted the votes, will know who the winners are until this time. Various opinions have been expressed as to who the lucky girls are but no one has guessed them all correctly.

Some of the features of the entertainment will be the Denver Four quartette, which put on a stunt for Aggie Pop night; Sergeant Newmeyer one of the best pianists that has ever been at Funston; Sergeant Greenberg, a reader of exceptional ability; and Mrs. Gretchen Drake who will dance a Hungarian Rhapsody and Basket Dance in costume.

The guests of the evening will be President and Mrs. Jardine, all of the deans and their wives, and Miss Machir.

The chaperones will be Professor and Mrs. Price and Professor and Mrs. Cortelyou.

The program committee wants the public to know that the gymnasium floor has been fixed and is in good condition for the dance. The music will be furnished by the Deep River Jazz Band Orchestra, composed of seven pieces. Admission is one dollar for each couple.

After the expenses of the ball are paid the remainder of the proceeds will go towards paying the expenses of the Aggie girls to Kansas City.

To Train Wounded Soldiers.

The war department's recent measure providing for the rehabilitation of wounded soldiers, presents an interesting phase of the part that the college is doing in the work.

Two discharge soldiers, Fligor S. Pemberton and Elmer S. Palmer are attending school here now under government contract. Not having had a high school preparation, the men have enrolled in the school of agriculture, and are specializing along agricultural lines. Mr. Palmer is specializing in poultry and hog raising, and Mr. Pemberton in live stock and farm management.

W. Zahnley, principal of the school of agriculture, is required to send in a report recording the grades and progress of the men every 30 days. Representatives of the rehabilitation department of the federal board of vocational education, have been here inspecting the college and the courses offered and have expressed themselves as being very much pleased with the college facilities for vocational work.

FINISH ENGINEERING HALL

COMMITTEE FROM LEGISLATURE VISITS COLLEGE AND SEES THE REASONABLENESS OF THE INSTITUTION'S REQUESTS FOR FUNDS FOR NEXT TWO YEARS

Aggie Interests Are In Safe Hands, Declares President Jardine, Who Looks Also For Substantial Increases In Appropriations For Faculty Salaries and Repairs on Buildings—Mechanical Engineering Building Started in 1909

RESERVED SEAT SALE

Reserved seats for the Aggie-Nebraska game to be played in the Nichols Gymnasium, on March 7 and 8 will be placed on sale in the Athletic Office, west end of gymnasium, Monday morning, March 3. Get yours while they last.

Presbyterian Party.

The Christian Endeavor of the Presbyterian church will give a party this evening at seven thirty in the social room of the church. A good time is promised. All students of Presbyterian preference are invited.

Miss Rose Baker, '17, spent the week end here. Miss Baker is now living in Topeka.

GIRLS START DEBATES FEB. 28TH

Aggie Affirmative Team Meets Washburn Negative in Auditorium.

The first debate of the school year will be held in the college auditorium, Friday evening, at eight o'clock. This is a girls' debate between Washburn College and K. S. A. C.

In order to encourage a large attendance the debate council has decided not to charge an admission fee. The affirmative team which will debate here is captained by Miss Myrtle Gunselman, senior in home economics. The other members of the team are Miss Florence Mather, sophomore, home economics, and Miss Dorothy Mossley, sophomore, home economics. This is the first inter-collegiate debate that the girls have taken part in, but several members of the squad worked on a debate against Salina Wesleyan last year, which that school called off.

The negative team which leaves today for Washburn has for its captain Miss Lola Sloop, senior in home economics. This is Miss Sloop's third college debate. The other members of the team are Miss Blanche Sappenfield, junior, general science, and Miss Christine Cool, sophomore in home economics. Miss Sappenfield debated for K. S. A. C. two years ago.

"The girls have worked under difficulties," said Miss Elizabeth Maclean, debate coach, "because the question is constantly changing on account of actions taken by the peace conference. We have, however, a well balanced team, and can expect a live fight."

The question to be used is, "Resolved, that the league to enforce peace is a practicable method of insuring permanent peace." J. E. Kammeyer, professor of economics will preside at the meeting. The debate will follow immediately after the motion picture show to be given in the auditorium, Friday evening.

Zeta Kappa Psi, honorary forensic sorority, will entertain the debaters and judges after the debate.

Alfred A. Grant in Movies.

Alfred A. Grant has not become a movie actor although he was seen on the screen at one of the Manhattan picture shows Wednesday and Thursday of last week. His college friends were watching the decorating of Eddie Rickenbacker, the American Ace of Aces, and when the picture was brought up close they were surprised to see that the man standing next to Rickenbacker was Captain Alfred A. Grant.

After graduating from the first officers' training camp, Captain Grant transferred into the air service and was sent to Canada. Later he was sent to Fort Worth, Texas, and from there to France in February, 1918.

Captain Grant was a junior at the time he left college and a member of the Sigma Nu fraternity. He is expected home at any time now.

A committee of men from the state senate and house of representatives were in Manhattan this week looking over the needs of the college, and by the time the legislature adjourns a definite announcement may be made as to the results of that visit.

President Comments on Visit

"We hope to be able to announce before long," said President Jardine, "that an appropriation has been made for the completion of the Engineering building, and a substantial increase in the appropriation for salaries, and the maintaining, repairing, and upkeep of buildings."

"The committee saw enough to convince them of the reasonableness of the request made for an increased appropriation for another year," added Doctor Jardine, "and our interests are in safe hands."

To Build Central Part.

The Mechanical Engineering hall, as it now stands, was built in 1909 and cost \$80,000. However, this is only the east wing of the building as it will be when completed. Another large wing is to be built west of the present structure and a central part with a beautiful columned entrance will connect the wings.

The appropriation now asked for is for the building of the central part only. The amount needed will be approximately the same as that for the one wing. The other wing probably will not be added for several years.

Increase in Students, 1730

At the time the present building was erected there were 200 students in engineering courses. The number of students last year, exclusive of soldiers and short course men was 826. This year the number, including soldiers and short course students, was 1930.

At present the department has all the equipment in can use in the limited quarters; but more equipment will be added as the room permits.

The new building will give more latitude in the number of courses offered in the department. Freshmen will be given practical courses in steam and gas, civil, and electrical engineering. Other courses will be added as demanded.

DR. KURTZ PICTURES AUTOCRACY

Democracy Means Righteousness, Honesty, The Square Deal and Brotherhood

"Democracy means righteousness, honesty, the square deal, and brotherhood," declared Dr. D. W. Kurtz, president of McPherson college, when speaking before the students of the Kansas State Agricultural college, yesterday.

Dr. Kurtz chose for his subject "Ideals of Democracy," but first he gave a picture of autocracy.

Said Doctor Kurtz:

"While the people are kept in ignorance, there will be no Democracy on the earth. The German government has succeeded in this thing in practicing the class system. Only eight per cent of their population graduate from the university."

"A Democracy means self-government—of the people, by the people, and for the people. Or, in the words of Paul, 'one body, but many members.' Brotherhood must be a fact or in human life. Any nation will go down unless it looks after its moral life. All problems are moral problems. If we do not back up the moral teachings in our schools and churches, we are not patriotic. We can not expect to find a perfect state, but it will come by education and the spirit of brotherhood. There is only one way to overcome—that is to build up a real Democracy for ourselves and for the world."

DRESS SUIT TRAGEDY

The prevailing epidemic of family rows over dress suits and stove-pipe hats reached its climax the other day when an eighteen-year-old freshman found his father's formal top piece and demanded a dress suit to wear with it.

The younger sisters of the boy were round-eyed and spoke to each other in quiet whispers about "brother's 'stepping out.'" Mother pleaded. Father firmly set his foot down on any such extravagance and nonsense, telling his son to take his little sled and go out and play before the snow was all gone. But "sonny" refused to be comforted.

Were not all the other boys in college buying dress suits and stove-pipe hats? Was he to be dubbed "an old foggie?" Not much! He could afford a dress suit lots better than Bill could and Bill was getting one of the best he could find. He wouldn't stand for it. He wouldn't be made a fool of just because his folks were "light-wads." He would leave home first.

But just before he did leave home Bill himself came in and announced that the boys had decided not to wear dress suits to the ball.

This is an account of what actually happened in one home a few days ago. And we say "Hurrah" for the boys who decided on the plan of not wearing dress suits to the ball!

The strong men of the world are the ones who refuse to follow a fad or custom just to stay with the crowd. And the men who will really get somewhere in this world are the ones who know when to say, "I can't afford it."

Medical Officer (assigning man to labor battalion): "Do you think you are fit for really hard labor?"

Hard Case: "Well, sir, some of the best judges have thought so."—Passing Show.

Two Kansas farmers met at the county seat shortly after a cyclone had visited that neighborhood.

"Well, sir," said of them, "she shook up things out my way, to be sure. By the way, Henry," he added, "did that new barn of yours get hurt any?"

"I can't say," replied the second farmer. "I haven't found it yet."—Everybody's Magazine.

The Dean and His Friends are Tipped by a "Looie"

Will the dean and the professor divide the fifty cent tip? That is a question which is giving rise to a great deal of speculation among persons who have heard the following story.

A favorite college dean, a well known professor and an out-of-town guest were dining at the Pines Food Shop. Presently a spick and span brand-new second lieutenant, with an excellent specimen of the "baby doll" type of femininity on his arm, strutted importantly into the restaurant, brushing past the dean's table. Shortly afterwards the professor noticed a ten dollar bill in the aisle over which the lieutenant had recently passed. The attention of the proprietor was called to the matter and she approached the lieutenant in regard to it. Although at first decidedly brusque and inclined to resent the intrusion upon his tete-a-tete, he unbent considerably when he understood the nature of the interruption. The proprietor pointed out the college trio as the flinders of the lost bill and suggested that a word of thanks would be appropriate to the occasion. The second lieutenant singled out a half-dollar from his collection of coin, and, with a lordly sweep of his hand towards the dean and the professor, grandiloquently replied, "Give them this."

"Vive La France"

Beautiful Dorothy Dalton in the Thos. H. Ince Paramount picture "Vive La France"—a Paramount-Mack Sennett Comedy—at the Warehouse Theatre Saturday.

STUDENT MIND

Dear Editor:

Have you wondered why Aggie pen is on the decline? Or why more students fail to attend the basket-ball games? If you are a Vet you well know the reason. Who enjoys taking a date to the gym to get "balled out" by a few loud voiced Vets when crossing in the center of the floor? No one—least of all a Vet. In fact, more than one student has given the foregoing as his reason for not putting in an appearance at the games. It is embarrassing both to him and the girl he is with. Now 'fess up, do you think it is absolutely fair to the other fellow and to the team, which needs our wholehearted support? Why not encourage "dates" at all athletic events? Without a doubt, the attendance would be greatly augmented.

Dear Editor:

Can you enlighten us as to what has become of Mr. Davis' "button jokes" which he used to run so regularly in the Industrialist? Has he been withholding them because of modesty or has his wife reformed so far as to keep all his buttons sewed on lately?

HALF MINUTE INTERVIEWS

No—Miss Abernethy didn't invent the tortoise rimmed glasses but she is the first person who thought of using them as a substitute for the human brain.

Miss Abernethy made it a special point to relate her discovery to Professor Crawford in the presence of a number of his friends. Mr. Crawford's reply, in his polite matter of fact way, was:

"Well, Miss Abernethy, I will be glad to loan you my glasses just any time."

"Can any one here tell me who 'Lizzie Faire' is," asked Professor Kammeyer in his class in economics, as he sat looking over a bunch of quiz papers in answer to the question "Explain the Laissez Faire doctrine." "Oh, here it is," he announced joyfully, "Lizzie Faire" (or Faire Lizzie) was named after Queen Elizabeth.

Teacher—Miss Paddleford, who wrote Grey's Elegy.

Clementine—Wordsworth, didn't he?

After a few minutes—"Say, who in the dickens did write Gray's Elegy?"

"No man marries a woman just because she is a good cook."—N. A. Crawford.

Mabel Norman in "Sis Hopkins." Mabel Norman in "Sis Hopkins" from the famous Rose Melville stage play—laughed at by millions. The happiest, snappiest comedy ever shown in this town—at the Warehouse Theatre tonight.

Bob Boch, former student in college who is now in the naval reserve, has been visiting in Manhattan.

Prof. E. T. Ekblaw was in Kansas City from Monday till Thursday attending a Tractor show there.

Lieutenant Harry E. Van Tuyl, '17, is stationed at Camp Custer, Mich. He is helping to write the history of the 14th division at Camp Custer. They were all ready for overseas service when the armistice was signed.

Sergeant Lee Randels, former student in college, captain of the 1917 football team and a member of the Pi Kappa Alpha fraternity, is stationed at the General Hospital, 1030 E. 47th street, Chicago, Ill. He is in the Register's office there.

Ramah Sitterson, former student in college is in France with the Expeditionary Forces. He was in active service at the front for five weeks but was sent to the rear just three weeks before the armistice was signed.

In a letter received from him he says he is trying to learn French but he and the Frenchmen still have a hard time trying to make each other understand.

Signs of graduation are already beginning to appear among the seniors of the veterinary department, a few of whom have already been visited by representatives of drug companies who are urging the prospective doctors to buy a stock of shelf goods and get ready for business.

War Has Just Begun.

For those who are not prepared to fight the "Battles of Peace."

Prepare at the Manhattan Business College to fight these "Battles." Phone 64 Aggieville. 39-2t.

M. V. ORATORICAL CONTEST OF

Missouri University and Aggies Only Schools to Enter Contestants

The third annual Missouri Valley oratorical contest has been called off because K. S. A. C. and the University of Missouri were the only schools which were entering orators.

Miss Mabel Bentley, junior in general science, was to have represented the college this year. She has been practicing on delivery before Professor O. H. Burns, for more than a month. Miss Bentley will enter the inter-society oratorical contest to be held March 29.

Last year the University of Missouri won first place, Drake university won second place, and Earl Taylor, representing K. S. A. C. won third place. In the contest two years ago Leo C. Mosier won third place for the Aggies.

There is a prize of \$100 offered for first place, \$50 for second place, and \$25 for third place. The man who offers these prizes felt that with only two schools entering he would have to withdraw the offer this year. The schools in the league are: University of Missouri, University of Kansas, University of Nebraska, Washington university, Ames Agricultural College, Drake University, and the Kansas State Agricultural College.

KANSAS BOYS IN HOSPITAL

Wichita Girl Discovers Two Kansans in Debarcation Hospital.

Topeka, Feb. 18.—Bernice Smalley, a Wichita girl studying journalism at Columbia university, New York, takes time to go to debarcation hospital No. 3, now and then, to visit Kansas boys. In a story written back home not long ago, she told of finding two Kansas boys at the hospital. One of them, Lieut. Mitchell M. Andrews, whom she discovered at the desk, when she asked for Kansans, is from Beloit. He is a graduate of K. S. A. C. at Manhattan.

"Three years ago, after graduating from medicine at Lincoln, Neb., Miss Smalley writes, "he was assigned to a Harlem hospital. When debarcation hospital No. 3, was opened in November, he was one of the fortunate physicians to be appointed on the military staff, which, considering the fact that debarcation hospital No. 3 is conceded to be the greatest military hospital in the United States, is a signal honor."—Topeka Daily Journal.

"Sis Hopkins."

She found love in a barnyard and a fortune in a well; See Mabel Norman in Goldwyns production of "Sis Hopkins" at the Warehouse Theatre tonight.

Professor Fitz Investigates

Refunds of \$700 on six carloads of cottonseed meal have resulted from an investigation of short weights and defective protein content of cottonseed meal being sold. L. A. Fitz of the milling department brought the matter of defective weight and protein content before the meeting of the Live Stock association in Hutchinson, Thursday and Friday. From Hutchinson Professor Fitz went to Garden City for the purpose of investigation of weights, and weighing proved the shortage.

Cunningham Reports Corn Production C. C. Cunningham, assistant professor of agronomy has prepared an article entitled "Corn Production in Kansas."

This article deals with the relative importance of corn as compared with other cereal crops; the history, distribution, soil and climatic requirements, rotations for corn, corn fertilizers, varieties, methods of culture, harvesting and utilization. This article will be published in the 21st Biennial report of the state board of agriculture.

The Athenian Literary society will be entertained next Saturday night by the new members of the society. The men taken into the society during the last semester are: Eugene Sweet, J. W. Barger, M. A. Graham, C. H. Howe, H. E. Mather, J. Bryson, F. H. Swanson, C. E. Graves, V. England, A. England, Myers Diphorne, Dale Allen. The program will begin promptly at 7.15 in order to be over in time for the Popularity Ball.

Freshman Breaks Into Society

A freshman, anxious of breaking into society, ventures to remark that he wants to learn how to dance.

"Why that's easy," replies a senior. "Go down to Woodman hall and you'll soon learn."

"But I don't know any of the girls," protests the freshman.

"Huh!" snorts the senior. "As if that was necessary!"

(Continued from Page One.)

BETAS AND SIG. EPS. LEAD

Fairman playing center for the Sig. also played a good game tying with Knisely for the high point winner in the game.

The lineups for the first game were Sigma Phi Epsilon: Jensen, Knisely and Raymond, forwards, Fairman, center, Sears and Houghton, guards. Pi Kappa Alpha: Downing and Otto forwards, Randels, center and Ulrich, French and Kelley, guards.

In the second game Smith and Bruce for the Betas played the best games. Gross at guard for the Betas played a good game. For the Sig. Alphas, Cool and Griffith both at center, played very good games.

The lineups. Beta Theta Pi: Haag Bruce, forwards, Turley and Smith, center, Myers, Gross, Placek and Smith guards. Sigma Alpha Epsilon Quinlan, Waldo and Sautell, forwards, Cool, Meserve and Griffith, center; Layton and Snapp, guards.

Sigma Nus Defeat Pi K. A.'s.

The Sigma Nu's took the third game of the inter-fraternity series Tuesday night by the score of 13 to 8 from the Pi Kappa Alpha five.

The game started out with both teams well matched but soon the Sigma Nu's showed their superiority by dropping in basket after basket with but little resistance from their opponents. In the first half the Pi Kap's secured just half of their points and Sigma Nu's their entire thirteen points. The first half ended with the score of 13 to 4 in the favor of the Sigma Nus.

In the second half the Pi Kap's came back and showed a very good brand of defensive play although their offense was weak. They made two goals from the field in this portion of the game, while the Sigma Nu's were doing well to keep the score down as much as they did.

Carl Miller was the star basket tosser for the Black, White and Gold team while Randels at center did the most of the floor work for the Pi Kap's.

The lineups were as follows: Sigma Nu's: Miller and Schemonski, forwards; Epperson, center and Burton and Robison, guards. Pi Kappa Alpha, Otto and Downing, forwards; Randels, center; Ulrich and French, guards.

Amateur Opera Company Rehearses "Now girls, dispose of all chewing gum and powder puffs! Men, please complete all arrangements for dates as soon as possible! We've got to work tonight!"—Prof. Westbrook at 7:30 every Thursday evening.

"Miss Bachman, if you'll strike the chord for 'Life is Sweet,' please. Now sing, people! Open your mouths—I don't care whether you know the words or not."

The choruses for the first act of "Naughty Marietta" go off with a bang, but the bang isn't apparent until the 'teenth repetition of the finale.

"Now, Miss Curry, come in on your part this time." Miss Curry takes the platform, up-up-up the scale she goes—up to high C. The chorus sits apparently rooted to the spot in amazement. Prof. Westbrook, with ill-concealed disgust—"Well for goodness sake, people, don't sit there with your mouths open! Miss Curry will get along all right—she can go higher than that!"

Thru such trials are the fortunes of an opera company won or lost!

GIRLS A. A. HOLDS MEETING

Membership Campaign Discussed—Like Is Planned.

The girls athletic association held their regular meeting Thursday afternoon of last week in the Nichols gymnasium. Plans for a membership campaign were discussed at the meeting.

The association believe that many girls who are eligible for initiation do not join because the method of application is not generally understood. Twenty-five points entitle any girl to membership in the association, and application must be made to Miss Marie Hammerly.

The girls decided at the meeting to give a party on Thursday evening, March 6th, between 5 o'clock and 8 o'clock. Each girl in the association will invite an outside girl as her guest. The entertainment will be in the form of stunts put on by the new members.

The new members are Miss Ruth Willis, Miss Vinnie Drake, Miss Viola Brainard, Miss Clementine Paddleford, Miss Lyle Hoag, and Miss Evalene Kramer. Miss Kramer and Miss Drake were initiated at the last meeting.

R. I. Throckmorton leaves this
week end for Iowa to confer with C.
A. Swiggett regarding land for the
production of alfalfa.

In College Society

A great deal of excitement has been
caused by the sending out of print-
ed rules for proper dancing at the
Community House, where the Girls'
Pan-Hellenic formal is to be given.
The rules call for the "extended or-
der" of dancing—that is, a space of
six inches between partners. Then
the arms must be held straight out
and the man's hand squarely placed
in the center of the girl's back. None
of the "cheek to cheek" or "asleep on
your partner's bosom" styles will be
tolerated.

Many of the men students are won-
dering how they are ever going to
"Why doggone it," one boy pro-
tested vigorously, "as if dress-suits
and silk hats weren't sufficient hard-
ships! I know I'll be called off the
floor the minute the music starts."

Sigma Phi Epsilon.
Mr. C. L. Reeve, '18, of Garden City,
was a week end guest at the Sigma
Phi Epsilon house.

Lieut. G. M. Arnold, '16, was a guest
Monday and Tuesday. Lieut. Ar-
nold lately returned from France, and
has received his discharge. He will
return to his home at Piedmont, Kan-
sas.

Mr. Paul Fetzner, Clay Laude, Wil-
lim Janssen, and C. L. Reeve, left last
Monday for Kansas City where they
attended the motor show.

Mr. L. L. Leach of Nebraska Alpha
was a week end guest. Mr. Leach,
who has just been discharged from
the United States Marines, is enter-
ing Nebraska University for the
spring semester.

Formal initiation services were
held Tuesday night for Mr. G. M. Ar-
nold. Mr. Arnold was a charter
member of the old Tri-Epsilon frater-
nity.

Lieut. R. M. Vermette who is sta-
tioned at Funston was a week end
guest.

Alpha Delta Pi.
Miss Ruth Lambertson and Miss
Lillian Stuart spent Thursday shop-
ping in Topeka.

Miss Greta Gramse and Miss Hazel
Taylor attended the motor show
in Kansas City on Thursday and Fri-
day.

Mr. Jean Larson of the Zeta Chi
chapter at Baker university visited
Saturday at the Alpha Delta Pi house.

Miss Elithe Kauli who has with-
drawn from school will return Sat-
urday to her home in Kansas City.

Miss Gertrude Uhley and Miss Jose-
phine Sullivan will spend Sunday in
Wamego.

Alpha Theta Chi.
Mr. C. J. Rodewald, '18, was a guest
at the Alpha Theta Chi house Tues-
day. Mr. Rodewald has accepted a
position at Denver with the Great
Western Sugar Co.

The Alpha Theta Chi fraternity an-
nounces the initiation of Mr. LeRoy
M. Letter of Protection, freshman in
engineering and Mr. Norman Heim of
Allinwood, freshman in agriculture.

Bethany Initiation.
Miss Ruth Willis entertained the
Bethany Circle of the Christian
church at her home, 930 Bluemont
avenue. The young ladies who were
initiated are the Misses Hester Ross,
Gerda Olson, Pearl Hoots, Garnett
Grover, Caroline Deltz, Addie Dennen,
Gladys Ford, Emma Stutz, and Mar-
garet Dubbs. The hostess served
refreshments in a color scheme of red
and white to 23 guests.

Delta Zeta.
Miss Trix Knight, who has been a
house guest during the week end, re-
turned to Emporia Sunday.

Miss Estel Wohlman, who has been
the guest of Miss Wakefield, left last
Monday for Wichita.

Miss Edna Beckman was a Sunday
dinner guest at the Delta Zeta house.

Thimble Party.
Mrs. Z. G. Clevenger entertained
twelve guests Thursday afternoon
with a thimble party and luncheon at
her home 327 N. 15th street in honor
of Mrs. George Ford of Fort Grant,
Ind., who is the guest of Mrs. H. W.
Davis. The guests were faculty
friends of Mrs. Davis.

Open House.
The Delta Zeta sorority held open
house Saturday morning between 10
and 12 o'clock for the Alpha Psi and
the Acacia fraternities. Saturday
afternoon the sorority held open
house for the Pi Kappa Alpha frater-
nity.

Delta Delta Delta.

Mrs. H. P. Halleck of Abilene is
visiting her daughter Miss Lucile Hal-
leck, this week.

Miss Florence Rowles, Miss Agnes
Filippo, and Miss Florence Banker
were dinner guests at the Tri Delta
house Wednesday evening.

Miss Adelaide Seeds spent the
week end at her home in Topeka.

Miss Elizabeth Heath returned Sun-
day from Peabody where she had been
called by the death of a relative.

Miss Florence Haack of Florence,
arrived Wednesday to spend a few
days with her sister, Miss Mary
Haack.

Delta Delta Delta entertained the
Axtex fraternity Saturday morning
from ten to eleven-thirty with a
house dance. Pine, in combination
with Jonquills, formed the decorations.

Chi Omega.

Miss Nan Ferguson of Olathe, a
former student of K. S. A. C. spent
the week end at the Chi Omega house.

Miss Florence Mitchell who is
teaching at Riley this semester spent
the week end at the Chi Omega house.

Miss Lois Burton will spend the
week end visiting her parents at Em-
poria.

A Washington's birthday dinner
was given Sunday noon at the Chi
Omega house. Lieut. and Mrs. L.
M. Bowman and Miss Mildred Cham-
pion of St. Louis were the guests
present.

Alpha Betas Elect Officers

The Alpha Beta Literary society
held election of officers at their last
meeting. The newly elected offi-
cers are: President, Miss Olive Lo-
gerstrom; vice president, J. O. Brown
recording secretary, William Turn-
bull; treasurer, Miss Grace Turner;
corresponding secretary, Everett Kain;
marshal, Miss Bertha Gwin; assistant
marshal, William Sterling; board of
directors, first member, Miss Eva
Gwin; program committee, third
member, Everett Kain; fourth mem-
ber, Miss Dorothy Moseley.

Sigma Phi Delta.

Miss Elizabeth Adams, Miss Edith
Beggs and Mr. Ray Watson were din-
ner guests at the Sigma Phi Delta
house Sunday.

Mr. Harry Hudson spent the week
end at his home in Topeka.

Mr. Stuart Hunt spent the week end
at his home in Blue Rapids.

Miss Verna Swenson of Lindsborg,
spent the week end at the Sigma Phi
Delta house.

Mr. Leo Swenson from Camp Fun-
ston spent the week end at the Sig-
ma Phi Delta house.

Reception.

Prof. O. P. Hood, a former member
of the faculty of the college, gave
an informal reception at his home in
Washington, D. C., early in January
in honor of Mrs. Nellie Kedzie-Jones.
About 30 guests were present. Major
Lewis Call, '83, was the oldest alum-
nus at the reception. More members
of the class of 1888 than of any other
attended, among them being D. W.
Working, Miss Abbie Marlatt, D. G.
Fairchild, and Ernest Fox Nichols.—
Industrialist.

Browning Society Gives Program.

A Washington's birthday program
was given at the Browning society
Saturday. The main feature of the
program, however, was a stunt a
"take off" on the debate to be given
Friday night. The speakers of the
affirmative and negative were form-
ally introduced and gave short
speeches just in front of the stage,
while the real action that was indi-
cated by the speeches was given on
the stage.

Good Short Course Finished.

The most successful short course
which has been given in this institu-
tion will end this evening. This
training lasted eight weeks but it is
believed that good training—if not so
detailed can be given in four weeks
so in order to accommodate the many
people who wish to take this work
a new system has been arranged. The
schedule will be worked out so that
at the beginning of each month a
short course will start which will ter-
minate the end of the month. The
training will be practicable for wo-
men as well as for the men.

Lieutenant John E. Tillotson, for-
mer student in college and a member
of the Sigma Phi Epsilon fraternity,
is in France with the 816th Pioneer
Infantry.

WEISCHAAR TALKS AT SEMINAR

Chief Inspector K. C. Bureau of Mar-
ket Talks to Bot. Students.

Mr. L. Weischaar of the Bureau of
Markets, Kansas City, Mo., was a vis-
itor at the Botany department last
Thursday. Mr. Weischaar is the
chief inspector of perishable fruits
and vegetables, in charge of the mar-
kets of Kansas City.

Upon invitation, he delivered a lec-
ture at the Botany Seminar last Thurs-
day, explaining the nature of the in-
spection work. He emphasized most
emphatically the great importance of
Plant Pathology in connection with
his work and the great amount of
damage which is caused by fungi and
bacteria in the decay of fruits and
vegetables.

He believes the outlook for Plant
Pathology is the best that it has ever
been since this science was started,
and explained that the large railroad
companies were already employing
plant pathologists at high salaries,
also that the demand was much greater
than the supply. Mr. Weischaar
was a guest of Professor Melchers
while in town.

G. L. Cleland in Extension Work.

G. L. Cleland, '14, has recently been
appointed beef cattle specialist in
northern Mississippi. The beef cat-
tle extension work of which he will
be in charge, consists of demonstra-
tions in feeding, breeding, and man-
agement of cattle.

Mr. Cleland has been placed on the
inactive list of the Marine Reserve
Flying Corps. Previous to his en-
listment he was located at Canton,
Mississippi, in charge of the cattle
feeding work that is being conducted
by the Mississippi Agricultural col-
lege and the United States depart-
ment of agriculture.

Uncle Ike Bond Says:

It ain't always the fellers with
the reddest neckties that have the
cleanest necks, and I got a notion
that a heap of shiny patent leather
shoes covers up socks with holes in-
to 'em. A lot of fellers has rode on
my 'bus in thirty year and Old Uncle
Ike's been a-lookin' 'em over. And
lemme tell you this: Neckties and
fancy suits and dude shoes don't fool
nobody that is anybody. It ain't
what you wear on the outside of you
that counts; it's what you calc'late
to wear inside your head and in the
neighborhood of your heart. You
can't buy them things at no mark-

**Dress Clothes Made by
Hart Schaffner & Marx**

There isn't any way we know of conveying
the quality and value in the dress clothes we
have for you more forcibly than to say "made
by Hart Schaffner & Marx."

Their designers are the best in the country;
their tailors are especially skillful; their fab-
rics and linings are the finest to be had. You
get the quality that the finest custom tailors
offer and a great saving; the style you get is in
a class by itself. We know it so well that we
say, "If you don't agree with us, your money
back."

Elliot's Clothing Store

Miss Myrtle Vanderwilt spent the week end at her home in Solomon.

The Parisian Cleaners, Leach and Kellar. Quality service. 1214 Moro St. Phone 649.

H. K. Mulford of Philadelphia was a business visitor in the veterinary department the first of the week.

C. W. McCampbell, professor of animal husbandry returned Saturday from Oskaloosa, Topeka, Wichita and Hutchinson, where he has been on business for the past week.

Professor R. H. Brown will spend Thursday in Kansas City on business.

Miss Mildred Inskeep has just returned from the Y. W. convention at Chicago.

That old suit will look almost like new, if you let us dry clean it. Try it. A. V. Laundry, Phone 701.

Mr. George Six, of Lyons, visited over the week end with his nieces, Miss Alto Adams, senior in home economics.

Shute, The Tailor's new spring line of suits are in. Don't fail to see him. He also does cleaning, pressing and altering. 324 Houston St.

Prof. L. A. Fitz returned Sunday from Hutchinson where he attended the Kansas Live Stock association. Professor Fitz also stopped in Garden City to see about some feed control matters.

Manhattan Business College. Phone 39-2t. 64.

Edith M. Walsh, '16, is now principal of the Louisville high school.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

A. M. Doerner made a trip to Larned last week to consult upon the landscaping of the city.

Fred Young has received his discharge from the army and is back in school this semester.

Did you know that two things were necessary for one to take a bath—a tub and the desire?

Jep Moxley has re-entered college this semester after receiving his discharge from the army.

W. F. Pickett, department of horticulture, has moved from his home on college hill to 1209 Blumont.

Girls, that evening gown will look JUST RIGHT if you let us dry clean it for you. A. V. Laundry, Phone 701.

Dr. E. W. Hobbs, of the veterinary department, is attending a meeting of the Kansas Live Stock Association at Hutchinson.

Goodness Gracious, "Sis"; how could you do it? Ask Mabel Norman—she knows. At the Wareham Theatre to-night.

Professor Lockwood, of the department of animal husbandry, Massachusetts Agricultural college, was a visitor last week.

Mr. M. J. Snyder and Mrs. Edna (Brenner) Snyder, '06, are the parents of a daughter, Charlotte Mary, born February 25.

A. M. Paterson, assistant professor of animal husbandry, is attending the Kansas National Live Stock show at Wichita this week.

The animal husbandry department is showing cattle, sheep and hogs this week at the Kansas National Live Stock show at Wichita.

Professor Dickens of the department of horticulture, spent Thursday and Friday in Wathena, at the extension school where he lectured.

Miss Jessie Erickson, Miss Bertie May Gear, Miss Ruby Mills, Miss Nell Orr, and Miss Roxie Clark, spent last Saturday in Topeka, shopping.

E. F. Ferrin, associate professor of animal husbandry spent Tuesday and Wednesday in Wichita attending the Kansas National Live Stock show.

J. B. Fitch, professor of dairy husbandry, has gone to Lincoln, Nebr., where he will give an address at the Nebraska State Dairy Association.

Dr. C. E. Griffiths, of the veterinary department, has gone to the state penitentiary at Lansing to investigate an outbreak of disease among their animals.

Harold A. Pratt, foreman of the greenhouse, spent the week end in Parsons, Kansas. During his absence Jerry Quinn was in charge of the greenhouses.

Miss Geneva Adams and Miss Faye Williams were entertained last week end in Kansas City at the home of Mr. and Mrs. R. R. Miller. Mrs. is Miss Adams' sister.

L. A. Fitz, professor of milling industry and C. Salmon, in charge of the agronomy department have been asked to go to Topeka this week to attend the meeting of the legislative committees that are considering the question of the pure seed bill.

John L. Prehn, extension poultry husbandman, returned Monday from Meade county, where he was in charge of a number of demonstration meetings. The meetings were in connection with the incubation of eggs and brooding of chicks. The demonstrations were given on the hatching of eggs. Mr. Prehn reports that the meetings were well attended and that much interest was shown.

Donnell Back in School. Kenneth Donnell, a returned overseas man, is attending school this semester. Mr. Donnell enlisted early in 1917 and was among the first bunch to go over. He was in active fighting for several months and was wounded twice—once, in the battle of Amiens, and the second time in the battle of the Argonne forest. Mr. Donnell will finish his preparatory work here and will then prepare for the ministry.

Knostman's

Manhattan Business College. Phone 39-2t. 64.

Henry Gentry, who has been stationed at the Great Lakes, is now enrolled in college.

Alver M. Durbon is acting as temporary extension poultry man. Mr. Durbon, who was secretary of the Kansas Poultry federation, resigned that office on taking up this work.

Boys, you can't get that date unless your appearance is good. We specialize in laundry and dry cleaning, that will greatly enhance your appearance. A. V. Laundry, Phone 701.

C. A. Herrick has received his discharge from the army and is enrolled in college. Before entering the army Mr. Herrick had charge of the cow testing associations in Kansas.

Professor Harold Simonds has returned from a trip to Cottonwood Falls, Eureka, Council Grove and McPherson in the interests of the horticultural department.

Chester Herrick has received his discharge from Funston and is back in school. Mr. Herrick was working with the Dickinson County Cow Testing association before entering the army. He enters school after an absence of four years.

Floyd Oaks is again enrolled in school, having received his discharge from Camp Meade.

M. M. Pike of Yakima, Washington, was the week end guest of Harold Simonds, of the department of horticulture.

Callie Jennison, a former student in journalism, is now in Camp Custer, Michigan, as a member of the student's nurse corps there.

T. R. Baumgardner who is again enrolled in school after a semester's absence, received his commission as a Lieutenant in the army at Camp Grant.

John V. Keane, a former student in agriculture, who has been absent from school the past year engaged in nursery in the eastern part of Kansas, is again enrolled in school.

Mr. and Mrs. F. L. Bentley, who have been in Manhattan for two months with their son, Verne, a student in agriculture, returned to their home in Gove county this week.

Turner Barger who received his commission as a Lieutenant in the army, was discharged from Camp Grant and has returned to take up his college work. Mr. Barger is a senior in agronomy.

Y. W. SECRETARY HOLDS PARTY

Miss Abby Graham, Field Secretary, Show Girls a Great Time.

"A rip-roaring good time"; that's what one girl called it, and she must be right. If the Y. W. party is to be described in any other way, some new words will have to be coined for the description. It was a happy crowd of girls that left the gymnasium Tuesday evening after spending two hours with Miss Abby Graham. She made every one feel at home while she told some interesting stories and the games that followed were enjoyed by everyone. At least since the ball game, we know the lung capacity of several Aggie girls. Miss Graham is the field secretary for the Y. W. C. A. She has just returned from the convention at Chicago, and is spending a few days with the girls here.

War Has Just Begun.

For those who are not prepared to fight the "Battles of Peace." Prepare at the Manhattan Business College to fight these "Battles." Phone 64 Aggieville. 39-2t.

John Elliott, former student in college and a member of the Aztec fraternity, is assisting Professor Call in his work in France.

AGGIES TAKE K. U. SERIES

CLEVELANDER FIVE BOMPED AWAY FROM OLD RIVALS IN BOTH GAMES

Clarke Tossed 13 Free Throws Each Game—Jennings Scored Eight Baskets in First Contest—K. U. Guards Held Bunker and Hinds Down.

The Aggies took the second of the two game series with the Jayhawkers at Lawrence Friday night by the score of 31 to 18. The second game was even poorer than the first, the Aggies gaining the lead in the first few minutes of play and retaining it throughout the game. The game was rough and a great number of fouls were called on either side, the Kansas leading in this point of the game with nineteen fouls, ten of them technical and nine personal. The Aggies had 12 fouls called on them but no one was put out of the game on this account while Matthews, the Kansas captain was sent to the bench with four personals against his record.

The game started on either side with free throws and it was not until almost ten minutes had passed that either side was fortunate enough to toss the ball through the hoop. It was Bunn of Kansas who made the first goal of the game. Finding that the Kansas knew where the basket was located awakened the Purple team and in a few minutes the Aggies were leading the scoring with 16 points against their opponents 8. At this point the first half ended.

In the second half the Kansas made very little better progress and the Aggies were going at top speed all of the time. The Kansas team made only six goals from the field during the entire game.

The Aggie team played a wonderful type of field game showing great team work with but very little star playing. Kecker, Bunker, Jennings and Cowell each caged two baskets and Hinds secured one. Clarke tossed 13 out of 16 chances at free throws.

Bunn, the diminutive forward of the Jayhawker team, played their star game getting three field goals for the Crimson and Blue. Bennett substituted for Matthews at forward played a good game while he was in and got two of the Jayhawkers six goals.

Coach Cleveland was very well pleased over the results of the two Kansas games and insisted that he could have beaten Kansas with the substitutes had it been necessary. The enthusiasm shown at the two games was very mild and the crowd at the second game was even smaller than at the first.

POLY GIVES AGGIES HARD BATTLE

Junior College Five Led Until Middle of Last Half

After cleaning up the Kansas series the Aggies took Kansas City by storm Saturday night and after a hard fought game walked away with the fourteenth victory of the season, this time over the Polytechnic Institute of Kansas City by the score of 32 to 29.

The game was a hard fought contest from the start, the Poly team leading the scoring up until the last few minutes of play. In the first half the Aggies were resting after their two games with Kansas and seemed to care little for the outcome of this extra game. The Polytech team led at the end of the first half by the score of 17 to 13.

The second half started nearly as the first half had progressed with the Aggie team lagging behind from four to eight points for the most of the half. Bunker was substituted for Kecker and with the addition of a fresh man the team took life and started on their final spurt which did not end until the final pistol shot and the Aggies had won with a lead of three points. Clarke was the principal score maker of the Aggies. He obtained fourteen out of the 32 points on field goals and six on free throws. Hinds played a fine game at the forward position and was going good on the floor.

Duvall was the star of the Kansas City team obtaining eight baskets. Duvall last year was the captain of

(Continued on Page Two.)

Home Demonstration Agents Meet.

All the Home Demonstration Agents in the state, attended the conference held here last week, to consider plans and programs for the work for the coming year and discuss the new developments in the work. The following were present: Elsie Baird, Anderson county, Avis Talcott, Atchinson; Sara Jane Patton, Cherokee; Mrs. Sue Hemphill, Clay; Ruth Wooster, Lyon; Edna Danner, Marshall; Maude Coe, McPherson; Edith Holmberg, Morris; Olivia Peugh, Nemaha; Mollie Lindsley, Ness; Ellen Nelson, Seward; Irene Taylor, Shawnee; Mrs. Marjorie Kimball, Riley; Mrs. Lotty Hambaker, Stevens; Mrs. Helen Anderson, Washington, and Maude Estes, Wyandotte.

The city agents present were Marion Bourrough, Kansas City; Miss Carrie P. Kittel, Fort Scott; Miss Iris Livingstone, Wichita, and Miss Ethel Marchbanks, Pittsburg.

AGGIES FINAL TEST THIS WEEK

Two Wins From Nebraska Means Championship—Everybody Out!

From the looks of the basketball situation at the present time, the chances of the Aggies to cop the Missouri Valley championship are exceedingly good. Two wins from Nebraska will clinch the title for the Purple five.

The Aggies have four more games to play, two with Nebraska and two with the Missouri Tigers. The games with Nebraska, however, will be the crucial games of the season. At present the Cornhuskers are going strong, and are coming to Manhattan full of confidence and fight. In all probability if the Aggies cop the series with Nebraska, they will do the same at Missouri, but if they lose to Nebraska, the outcome of the Missouri games will take on a different and more serious aspect.

From all indications, however, the games with Nebraska will be two more wins on the right side of the Aggie percentage column. The dope as it now stands credits Nebraska with having a wonderful defensive team, and a fairly good goal shooting aggregation. They have gained this reputation on their own court, it is well to note, though, and playing on a foreign court presents a great difficulty for them to surmount.

On account of the small size of the Nebraska court, they have been able to develop a close guarding game that is very effective on their own court. The Aggie court, however, is much larger, and such a close guarding game will not be possible, and dopesters look for Bunker, Hinds and Jennings, the Aggie trio so adept at putting the ball in the iron circle, to be able to circle the Nebraska guards freely.

Another favorable point for the Aggies is, that the Nebraska teams have always played a rough and tumble game, which with Quigley refereeing, will mean many fouls. With Johnny Clarke at the free throw mark, this should mean many counters for the Purple and White. Many sporting officials do not doubt in the least that it was only the small Nebraska court that enabled the Huskers to defeat Missouri twice. Crediting the Aggies with having a team equal to the Missouri aggregation, and with everything in their favor, everything points to a pair of Aggie victories.

Should the Aggies win both games, it would put them in a shape to give Missouri a couple of good trouncings. This would mean an all-victorious team, something unusual in Valley circles, and the present Cleveland five will work as never before to obtain such a record.

Two wins from Nebraska would also put the Aggies in undisputed possession of the Valley title, as the Tigers, the most feared rivals, have already lost three games. Coach Cleveland hopes, with so much resting upon the outcome of the two games with the Cornhuskers, that every student who can possibly show up at the games will do so, and root hard and long for success to the Purple and White.

Doubt has robbed more men of their birthright to success than all other agencies combined. Doubt is the stumbling block on the road to success of hundreds of thousands of young men in the United States today. Doubt is the destroyer of ambition—doubt is a thief and a liar.—Robert E. Hicks.

AGGIES TIE IN DUAL DEBATE

BOTH NEGATIVE TEAMS WIN—LARGE AUDIENCE HEARD DEBATE HERE.

Winning Aggie Negative Team Composed of Miss Lola Sloop, Miss Blanch Sappenfield and Miss Christine Cool—Debate on League of Nations.

In the dual debate between the Aggies and Washburn Friday evening the decision of the judges at both schools were in favor of the negative teams.

At the debate in the college auditorium more than 500 persons were present. This is the largest audience which has attended a debate in several years. The question discussed was the practicability of the league of nations to enforce permanent peace.

The K. S. A. C. affirmative team which debated here was composed of Miss Myrtle Ganselman, captain; Miss Dorothy Moseley, and Miss Florence Mather. Washburn was represented here by Miss Jonnie Shumate, captain, Miss Genevieve Sybold, and Miss Elsie Seville. The judges were Justice John Marshall, Topeka; Emil Karotchvil, superintendent of schools, Clay Center, and S. O. Rice of the department of Journalism, Kansas university.

The negative team which won for the Aggies at Washburn was composed of Miss Lola Sloop, captain, Miss Blanch Sappenfield, and Miss Christine Cool. One of the judges at Washburn commented upon the fact that he had never attended a debate in which better English was used by the contestants. The judges at Washburn were Senator F. C. Price, Topeka; Charles Dillon, managing editor of the Capper Farm Publications, and George C. Wheeler of the Kansas Farmer.

After the debate here a reception for the debaters and judges was given in the Athenian-Browning hall by Zeta Kappa Psi, women's honorary forensic sorority. Short talks were made by Dr. J. R. Macarthur, professor of English, Miss Jonnie Shumate, captain of the Washburn team, Miss Elizabeth Maclean, debate coach, and Justice John Marshall.

Supplying Local Grocers.

Students who do not make an inspection trip over the campus every few weeks miss some good things around here. It would be worth the while of any of us to walk out to the greenhouses just to see how lovely they are, even though we happen to be "broke." Never have the greenhouses been in finer shape or been doing bigger business.

The greatest demand now is for carnations and lettuce. The florists boast the largest and best carnations around here and say that they can sell all they can raise. At present they are supplying the local grocers with lettuce.

James Adeo Re-Enters College

James Adeo received his discharge from the army on Saturday and will re-enter school under the student's rehabilitation plan which gives four years of college work to all men rendered ten percent deficient by wounds received in actual service. Mr. Adeo was wounded in France in September and still limps badly. He had just entered his freshman year in the veterinary course when drafted, but went through the school of agriculture here.

Milling Department Makes Tests

The Milling Industry department has baking tests on 70 samples of flour obtained from wheat submitted for test by the agronomy department. This includes wheat from seeded preparation plots, from soil fertility plots, from crop sequence plots, and from variety tests. The department has also been testing samples submitted to them from outside sources for several years.

Hobart Cammack, former student in college and a member of the Pi Kappa Alpha fraternity, is spending a short furlough in New York. Mr. Cammack is stationed on the U. S. S. George Washington, the ship on which President Wilson sailed. He expects to sail for France when the President goes back.

Y. W. TO HANDLE TICKETS

GIRLS' ORGANIZATION TO CANVAS SCHOOL SELLING FESTIVAL WEEK TICKETS

Work of Y. W. Has Proven Great Success in Other Campaigns—Will Try to Interest Outsiders—Organization Divided into Teams

The drive to make the annual Festival Week the most successful in the history of this musical and dramatic program has gained impetus with the announcement that the Young Women's Christian association has been awarded the contract to take charge of the ticket sale.

"The Y. W. people have proven themselves capable of handling almost anything they undertake, and I am confident that our sale of tickets will result in a filled auditorium," said A. E. Westbrook, director of music, in announcing that the Christiana association was to share in the all-school affair.

Mr. Westbrook and O. H. Burns, professor of public speaking, together with C. J. Medlin, student business manager, had planned to conduct the sale in the same style as that used in previous years. But Miss Mildred Inskeep, Y. W. C. A. secretary, proposed a plan by which the Y. W. secures a certain commission on all sales, the percentage to increase if the figures run above a certain figure.

Already the Christian organization is preparing a plan which will result in a thorough canvass of the student body, of the townspeople, and of the music lovers throughout the state. Miss Ada Robertson is in charge of the workers.

"We are expecting that the students will support the Festival Week unanimously," said Miss Robertson, "and we are making a special effort to interest the townspeople and friends of the students. Mr. Westbrook has received many inquiries from musicians over the state, and we are expecting that a large number of visitors will attend."

Miss Robertson will divide the Y. W. C. A. girls into teams. The drive will take place next week.

Miss Bugby in Lecture Recital.

A Lecture Recital on classical music is to be given by Miss Bugby, on Thursday afternoon at 5 o'clock in the Auditorium. It will be illustrated by members of the musical faculty and the composers chosen are Scarlatti, Haydn, Mozart and Handel. This recital is the first of a series of three, which the faculty plans to give. A different set of composers will be chosen for each recital. No admission will be charged and the public is invited to attend. Music students are urged to be there.

HEALTH NOTES.

It is better to be healthy than wealthy. If you have health you can obtain wealth, but wealth will never buy any health.

If a machine is not kept in good order it will not run. If you do not keep yourself in good health you can not study. If you do not study you are wasting time in school and doing more damage to yourself all the time.

Any sore throat is contagious. This is also true of a cold, so whether you have an ordinary sore throat or diphtheria, a cold or the "flu", use the same precautions in preventing exposure and you will greatly assist in controlling the spread of all such diseases.

There are a few cases of mumps among the students. All we know of are in quarantine. If you have a peculiar feeling at the angle of your jaw and a swelling there that you cannot account for, you probably have them. Find at once and do not expose anybody.

Walter Burr, of the department of Rural Organizations, extension division, went to Partridge, Fellsburg, and Hutchinson last week. Chester Guthrie, musical director at Camp Funston, now with the extension division of the college, and B. H. Fleenor, specialist in community school work, accompanied Mr. Burr in the tour.

Pretty Hard on the Goat

Banker John Wagner, of Larned, Kan., who spent several months as a Red Cross worker in France, has just returned. One night at one of the rest camps back of the lines, as he tells the story, a discussion arose as to what smelled the worst around an army camp. One group of soldiers insisted the goats which followed the army smelled the worst. Another group argued that Turkish soldiers had the goats backed off the may in that respect. A wager was laid, and three men were selected as judges. They were blindfolded and took seats in a room not well ventilated. A goat was led in first. The three judges faintd. Then a Turkish soldier was led in and the goat fainted.

Miss Florence Neizer went to Kansas City to look after the costumes for the festival week.

MAJ. DAVIDSON NEW COMMANDANT

New Commandant a West Pointer—Expects Great Things of R.O.T.C.

Major L. C. Davidson is the official commandant for the Kansas State Agricultural college. Although Major Davidson will be in charge of the military department, Captain Kemper, who acted as commandant before, will still be retained as assistant commandant. In a statement from Major Davidson, he said that the policy of the government was to have a regular army officer for every 200 men in the cadet corps.

Major Davidson is a West Point graduate, which means much in army circles. He graduated from there in 1915 and since then has seen service in many different camps in the United States and along the Mexican border. Some of the places at which he has been stationed are Vancouver Barracks, San Diego, Cal., Fort Snelling, Minn., Fort Wayne, and Fort Bradey, Mich., and Camp Funston, Kan. During his service, Major Davidson has specialized in balloon and infantry work.

According to the new commandant, the R. O. T. C. at the present time is much too small in numbers. This is due to the fact that the school has given many of the men who would otherwise be eligible for military drill, credit for serving in the S. A. T. C. and other branches of the army. It is also due somewhat to the decreased enrolment in the college.

Next fall should bring about 750 men into the R. O. T. C., which will probably give the Aggies a force of four commissioned officers as instructors. Many more older men are expected to come in also, as the advanced classes for these in the senior division of the R. O. T. C., are meeting with much favor among those taking the work.

The work in the cadet corps is going along well at present, the companies being commanded by cadet officers, although no appointments have been made as yet.

K. U. LOST MUCH ON SPORTS

\$10,000 The Deficit in Two Years—Hamilton Announces Changes
Lawrence, Feb. 26.—Lack of interest and failure of the students and faculty to support athletic events at the University of Kansas, caused a loss to the athletic fund of over \$10,000 during the past two years, according to a statement made by W. O. Hamilton, manager of athletics, today.

Manager Hamilton made this statement in announcing his definite decision to withdraw from the position as acting head of the department of physical education. He announced that in the future he intends to devote his entire time to coaching and management of university athletics. His decision leaves the department of physical education without a director, as Dr. James Naismith, head of the department, is now on leave of absence for the duration of the war, while he is connected with the overseas, commission of the Y. M. C. A. in Paris.

Potsy Clark, assistant football, basketball and baseball coach, will be back soon. He will fill a jagged hole in the present coaching staff.

Prospects for championship football at the university next fall were never so promising, according to Hamilton.

Miss Bertha Danheim was ill a few days last week.

MISS HAZEL TAYLOR WINS

ALPHA DELTA PI CANDIDATE IS MOST POPULAR AGGIE GIRL

Six Girls Who Placed in The Contest Are All Well Known Aggie Girls—Names Were Announced at Popularity Ball.

Miss Hazel Taylor is the most popular girl in K. S. A. C., according to the report of the Royal Purple manager, Saturday evening at the Aggie Girl ball. The other girls who won places in the popularity contest are Miss Lola Sloop, Miss Velma Carson, Miss Mary Mason, Miss Ruby Crocker, and Miss Ada Robertson.

No one except the persons who counted the votes knew who the winners of the contest were until their pictures were flashed on the screen at the ball Saturday night during intermission.

The winners are to be given a trip to Kansas City and will be entertained there according to plans made by the Royal Purple managers.

Novelty numbers given during the dance intermissions were features of the party. One of the most appreciated of the feature numbers was the music by the Denver Quartette of Camp Funston. Their exceptionally fine and well-balanced singing made a decided hit with the audience. This was the second appearance of the quartette at college, as they sang Aggie Pop Night. Sergeant Neimeyer, a Denver pianist who is now stationed at Camp Funston gave several pleasing piano solos during the evening.

Other features of the ball were an Italian Character sketch, read by Sergeant Greenhouse of Camp Funston, and two solo dances given by Mrs. Gretchen Drake.

About 350 people attended the ball. The chaperones were Professor and Mrs. Coriellou, and Professor and Mrs. Price. President and Mrs. W. M. Jardine, and the deans and their wives were the guests of honor. The music for the dancing was furnished by the Deep River orchestra of Salina.

TWO BRAZILIAN MEN ENROL

Government Pays Their Way—Take U. S. Agricultural Methods Back To Brazil.

Messrs. A. N. Ramos and B. de Oliveira, now attending college are two of the twenty-six Brazilian students sent by the Department of Agriculture of Brazil to this country to become acquainted with the American methods of teaching agriculture. They were appointed in groups of two to the leading universities and colleges of the country where they will stay two years.

At the end of these two years they will go back to Brazil where they will put into practice what they learned here.

"The Brazilian government," said Mr. Ramos, "will send a number of students every year to the best schools in this country, and hopes with this system to improve the old agricultural methods in our country."

Yale, Harvard, Cornell, Princeton, Ames, California and Texas, among the institutions chosen.

Both Mr. Ramos and Mr. Oliveira are pleased with the college and expect to accomplish what their government expects of them.

Organize Student Activity.

At the meeting for girls on Wednesday afternoon held by Miss Graham one hundred and thirty-six girls signed up for some kind of summer activity. Miss Graham met these girls Thursday and talked more about the plans for the summer. Discussion classes will be organized soon to continue this work, under the leadership of Miss Inskeep. The girls who have heard Miss Graham speak, feel that she has been an inspiration to them. She left for Texas by way of Topeka Thursday evening.

Prof. Price to Address Y. W. C. A.

The D. S. rest room will be the place of the Y. W. meeting next Thursday at 4 o'clock. Prof. Price will speak on the subject "Wars—Epoch Markers." This meeting will be worth your while.

What has happened to those yells that were to have been in the hands of Ike Gatz February 20? That was weeks ago and only a very few yells have been turned in to him as yet. What is everyone doing that he hasn't time even to sit down and try to write some sort of yell that the Aggies can use next year at the football games and this year at the basketball games and the track meets. Less than a dozen yells have yet been turned in and out of this number there is none that is appropriate for a college yell for one of the largest, most enthusiastic schools in the middle west.

Do you, yes, you, who are reading this squib, think that you have done your part in this matter? It is a matter of more than grave importance to the college life of this school. There are only two so-called yells that can be used at a football game. The pep committee is doing its share in trying to scare up some enthusiasm, now why can't the remainder of the student body take it upon themselves to work up a suitable yell.

Remember the old adage, "United, we stand, divided we fall?" You do. Well, think of that when the Aggies get out on the gridiron. Without systematic cheering the noise made by the spectators simply creates a feeling of unrest in the mind of the player. With a little associated effort and a little organized cheering the player can be made to feel that people are watching him and that they are taking an interest in the team and the game.

Let's get to going, Aggies, and get at least one more real good yell for next year. Remember, the offer as stated was that twenty-five dollars would be given to the composer of the best yell accepted. Sit down and write it tonight, mail it to "IKE GATZ".

United States Senator Howard Sutherland, of West Virginia, tells a story about a mountain youth who visited a recruiting office in the senator's state for the purpose of enlisting in the regular army. The examining physician found the young man as sound as a dollar, but that he had flat feet.

"I'm sorry," said the physician, "but I'll have to turn you down. You've got flat feet."

The mountaineer looked sorrowful. "No way for me to git in it, then?" he inquired.

"I guess not. With those flat feet of yours you wouldn't be able to march even five miles."

The youth from the mountains studied a moment. Finally he said: "I'll tell you why I hate this so darned bad. You see, I walked nigh on to one hundred and fifteen miles over the mountains to git here, and gosh, how I hate to walk back!"

—Everybody's Magazine.

A story is told by W. W. Jacobs, the humorous writer, of an old man who, loitering outside a butcher's shop, was called in by the proprietor saying, "Henry, I want you." "What do you want?" inquired the old man. "Why," replied the butcher, "I'll give you a shilling if you will kill all the flies in my shop." "Certainly," exclaimed the old man, "but give me the shilling first."

Delighted, the butcher, with visions of a fly-ridden establishment, handed over the coin. Then the old man asked for a good thick stick a yard long. This, too, was provided. Going to the door, the old fellow gripped the stick firmly, and with a look of fierce determination on his face said, "Now, then, turn 'em out one at a time and I'll kill the lot." —Tit-Bits.

The Feed Control office seized, recently, under Federal authority, nine cars of cottonseed meal and cake because the product was being shipped into the state unlabeled and deficient in weight and protein content. The milling department has been notified by the government that in three other cases of this kind the firm making the shipments has been tried in federal court and fined \$100 and costs in each instance.

Kappa Initiation.

Kappa Kappa Gamma held formal initiation services Saturday afternoon at the chapter house for the following pledges: Miss Grace Merrill of Enterprise, freshman in industrial journalism; Miss Alfreda Honeywell of Seneca, sophomore in home economics; Miss Vinnie Drake of Manhattan, sophomore in home economics; Miss Florence Reiner of Wichita, sophomore in home economics; Miss Adelaide Lutz of Guthrie, Okla., freshman in home economics; Miss Irene Eery of Topeka, freshman in home economics; Miss Leah Bell Duff of Norton, freshman in home economics; Miss Norine Weddle of Lindsborg, sophomore in general science; Miss Ruth Dalton of Frankfort, freshman in home economics. A banquet, in honor of their initiates, was given at the Pines Food Shop, following the initiation service. Candles and clever place cards added to the attractiveness of the table. Miss Gladys Ross acted as toastmistress. Miss Betty Cotton gave an address of welcome to the new members and alumni guests present. Other toasts were given by Mrs. C. F. Baker, Mrs. Ruth Hill Hobbs, Miss Marvel Merrill and Miss Norine Weddle.

The Patronesses present at the banquet were Mrs. J. C. Hessen, Mrs. W. M. Jardine, Mrs. J. D. Colt, Mrs. Geo. Southern. The out of town guests were Miss Edna Kline, Miss Mildred Branson, Miss Vivian Herran, Miss Bess Sheaff, Mrs. Meta Sheaff Welsh, Miss Nell Gunn, Miss Margaret Armontrout, and Miss Edith Glasscock.

Nothing On Him.

A boy who had left the farm, and gotten a job in the city wrote a letter to his brother, who had elected to stick by the farm, telling of the joys of city life, in which he said:

"Thursday we auto'd out to the country club, where we golfed until dark. Then we trolleyed back to town and danced until dawn. Then we motored to the beach and Fridayed there." The brother on the farm wrote back:

"Yesterday we bugged to town and baseballled all afternoon. Then we went to Ned's and pokered till morning. Today we muled out to the cornfield and gee-hawed till sundown. Then we suppered and then we piped for awhile. After that we staircased up to our room and bedstedded until the clock fived."

The Janitor's Philosophy.

"Some folks on this Hill seem to think they are smart just because they are making good grades or a name for them selves, when that's all they've got to do," said one of the janitor boys to another as they swept down the dusty stairway over which all day the busy students and professors had hurried.

"Why shouldn't they make good," went on the young philosopher, "the opportunity is here, they ain't got nothing else to do but take it. Let 'em try working their way through school, doing any old kind of work, and then if they can still make good, we can't blame 'em for thinking they have got something on the other fellow someplace."

She. "And will you love me just as much when I'm older and plain-er?"

He. "My dear, you can't help grow- ing older—and—er—you'll never grow plain-er!" —Sydney Bulletin.

The Missus: "You look so strong and well—it's hard to believe you're a wounded soldier."

The Mendicant: "No, lady, I'm worse'n that—I am one of the 'miss- ing.'" —Sydney Bulletin.

Thomas Atkins (emphatically): "Well, if that is the Garden of Eden, no wonder the Twelve Apostles hoped it." —Indian Ink.

Former Aggie gack From France Says Americans are Best

"I do not like the 'frogs' (French soldiers), the French girls, France, or the British Tommies; America and Americans for me," says Clell Newell, who was in France with the 35th division, wounded in the battle of the Argonne, and has now returned to college.

Mr. Newell was a student here in 1915 and 1916 and enlisted in Company I of the Kansas National Guard, March 20, 1916, and went down to the border with them the summer of 1916.

When the national guard was called out when the United States entered the war, Company I was stationed in Manhattan during August and part of September, 1917. They were then sent to Fort Sill and were stationed there until they sailed on April 26, 1917.

They landed at Liverpool, England and after a short time there sailed from Southampton for France, landing at Harve, May 9.

After three weeks training at Allenby they were sent to the trenches in Alsace, June 20, and remained at the front for three weeks. They were then in reserve until the middle of August when they were sent to Nancy and put in reserve in the Toul sector. On September 26th the Argonne battle started in which the 35th won great fame.

Mr. Newell was in the Argonne battle four hours when he received a bullet wound in the liver and a flesh wound in the right leg. He was taken to a dressing station and then sent to Mobile hospital No. 2, which is a first aid evacuation hospital. After a short time he was sent to Base hospital 25 and put in class "D" which makes the boys happy as it means they will be sent to the states. Mr. Newell was disappointed for he was sent to Base hospital 8 at Savonay where he was kept for two weeks and was then transferred to base hospital 65 at Brest. He was kept there for two weeks and sailed for home November 24th on the Northern Pacific.

Mr. Newell landed in New York, December 1, and was sent to debarkation hospital No. 2 and from there to a hospital at Fort Des Moines, Iowa.

"I've been in quite a few hospitals and I certainly was treated fine. The hospitals were well equipped," said Mr. Newell.

On February 12, he was sent to Camp Funston and received his discharge February 19th.

Mr. Newell enrolled in school February 23rd.

"It is rather hard to get down to studying," Mr. Newell admits.

Two brothers once ran a store in a small western town, where they had quite a large trade in wool on barter. One of the brothers became converted at a revival, and urged the other to follow in his footsteps.

"You ought to join, Jake," said the converted one. "You don't know how helpful and comforting it is to be a member of the church."

"I know, Bill," admitted Jake, thoughtfully, "an' I would like to join but I don't see how I can."

"Why not?" persisted the first.

"What is to prevent you?"

"Well, it's jes' this way, Bill," declared Jake. "There has got to be somebody in the firm to weigh this here wool." —Philadelphia Telegraph.

An army officer's wife wrote to a A. R. M. C. office saying her child was suffering during teething. She addressed the letter "Dr. Brown."

The recipient returned it with the remark that he should be addressed, "Brigade-Surgeon Lieutenant-Colonel Brown."

Whereupon the lady wrote back:

"Dear Brigade-Surgeon Lieutenant-Colonel Brown: I am sorry about mistake. Yours, May Jones."

"P. S.—Please bring your sword to lance baby's gums." Bit-Tits.

"Why is it, Sam, that one never hears of a ducky committing suicide?" inquired the northerner.

"Well, you see, it's disaway, boss: When a white pusson has any trouble he sets down an' gits to studyin' 'bout it an' a-worryin'. Then firs' thing you know he's done killed hisse'f. But when a nigger sets down to think 'bout his troubles, why, he jes' nacherly goes to sleep!" —Life.

"This is a promiscuous sort of neighborhood. For instance, we know nothing whatever about the people next door."

"But we soon will, dear. I sent Eliza in there this morning to borrow some baking-powder." —Baltimore American.

The Service Star.

(Helene Gowen '21.)

It was a cold and dreary night and the wind whistled around the little house on the corner of Brooklyn Lane.

The house looked very cheerful and bright from the outside. But the fire light shining through the white curtained windows revealed a gold service star where a blue one had hung two weeks before.

Inside the house the little group sitting around the fire were very quiet. Their eyes often wandered to the picture of the boy in khaki on the table and the letter beside it. They had received a telegram two weeks before that he had been killed in France, December 30th, 1918. This was the 14th of February and they had just received the last letter he wrote before he was killed.

They were thinking of last Valentine's Day when he was home making them all gay with his many jokes and funny stories. There had been a small Valentine party in the evening and the house had fairly shaken with laughter and gaiety.

Now the house seemed unbearably quiet, compared to that night. The evening had dragged by somehow and it was almost time for the children to come trooping in from a party. They would probably be just as merry and gay as they were last year, being too young to realize their loss. They had been sorry at first and felt very sad that they were never to see their big brother again but children soon forget sorrow and sadness.

The bell ringing suddenly startled them and one of the girls jumped up to answer it.

The family heard her talking excitedly and a minute later she rushed in and handed her mother a telegram. The mother opened it with trembling hands while the father and daughter leaned over her shoulder. They had to read it several times before they could believe their eyes because this is what it said: "Safe, am recovering from a wound.—Bill."

It had their address written plainly and was dated France so they knew there could be no mistake.

The children came tumbling in and heard the joyful news. The gold star was immediately changed for the blue and the little house fairly radiated joy and happiness.

And although it was cold and dreary and the wind whistled around the little house the little group around the fire were so happy it seemed like the warmest spring evening.

Gee! But I'm Lucky!

I have corns on nearly all my toes, my lungs are out of order. My hair is full of dandruff, insanity, I'm on the border. By blood is clogged, and very thin, my teeth are all decaying. My bank book's very shallow now, from the poor-farm I'm delaying. I have flat feet and rheumatiz and a mean cigarette cough. I have the itch and eczema, too, and my nails are dropping off. My eyes are going back on me, and sometimes I can't hear. My joints are hardening up somehow, I'll be ossified I fear. I think I have consumption, I know I'm going to rot. I'm nervous and I never know if I'm going to sleep or not. I have a broken foot, my kidneys are on the bum. I get dizzy spells and hear strange things when my head begins to hum. The hair on my head is slipping. My stomach refuses to work. My nose is filled with adenoids, my liver has started to shirk. I have catarrh and asthma, a buzzing in my head. I am so full of misery, sometimes I wish I were dead. But my little ills are minor ones compared to one I know, and when I think of what's coming to him, a smile I always show. So, I'll keep my little troubles and horde them like a miser, 'Cause mine are like a picnic, to what's coming to that Kaiser.—Young American.

A-HEM!

"I had an armchair in which I always liked to sit," he said, "but Teddy, even as a pup, also showed a fondness for it, and it became a habit that I had to drive him from the chair in order that I might sit down."

"One day I had a bright hunch, so, stepping to the window and peering out intently, I cried 'cats, cats!' Teddy made a bound for the window and I grabbed the chair."

"A few days came the sequel. I was in the chair reading a book when Teddy strolled into the room. He looked at me, and the ambled over to the window."

"Suddenly his fur ruffled up stiff and he began to growl. I tossed aside my book and dashed to the window, and will you believe it, that dog made one leap and landed in my chair."

"Have you a good cook?" T
"She's so good that you might call her pious, but her cooking's diabolical." —Baltimore American.

387 TEACHERS NEEDED IN 3 DAYS
March 26-28, 1918, employers asked
us to recommend 387 teachers for the
best schools in twenty states and
Hawaii. Before and after this date
the most progressive Colleges and
foreign countries used our service
because they have learned to appreciate
THE BEST. We recommend
ONLY WHEN ASKED TO DO SO BY
SCHOOLS in forty-two States and four
EMPLOYERS. This is why OUR
MEMBERS are usually chosen. They
are wanted. No enrollment fee necessary.
Register today for the best salaries.
Ask for a copy of "STEPPING
UPWARD."—The Western Reference
& Bond Association. (744) Scarritt
Building, Kansas City, Mo. 18-e Tues

Fiance (at the phone). "Then you
won't be up tonight?"
He: "No, dearest; the boys at the
office are giving me a necktie show-
er."—Boston Transcript.

Sigma Nu.

Mr. R. J. Hanna, '16, spent the
week end in Manhattan.

The following were dinner guests
Saturday evening: Lieut. Guthrie
Lieut. Stevenson, Major Pike and Mr.
R. J. Hanna.

Mrs. Elda Miller, Miss Margaret
Epperson, Mr. Lloyd Miller and Mr.
R. J. Hanna were dinner guests last
Sunday.

The Sigma Nu fraternity held formal
initiation Sunday evening for Mr.
James Pryor Fallis of St. Joseph, Mo.,
and Mr. Fred Miller at Wamego.

Mr. J. R. Mason, '16, visited friends
here Monday and Tuesday. Mr. Mason
has just received his discharge
from the service and is on his way
to Denver, where he will resume his
work.

Dr. Lucian Hobbs, of Wichita, '14,
spent Tuesday in Manhattan.

Phi Kappa Alpha.

Mr. L. P. Whitehead spent the first
part of the week visiting at his home
in Walnut.

Mr. George Dehn, Mr. Lowell Kelly,
Mr. Coleman McCampbell, and Mr.
Herbert French spent the week end
in Lawrence. They were guests at
a dance given by the Beta Gamma
chapter.

Prof. W. E. Grimes was a dinner
guest Sunday.

Mr. Clifford Joss who is at the University
of Illinois this year, writes
that he is well pleased with conditions
there.

Mr. Murt Otto spent Sunday at his
home in Riley.

Alpha Delta Pi.

Miss Vera Garyin of Lawrence spent
the week end at the house.

Miss Evangeline Casto, '18, spent
Sunday visiting at the Alpha Delta Pi
house.

Miss Gladys May has withdrawn
from college and will return to her
home in Kansas City this week.

Initiation was held Monday evening
for Miss Helen Lawrence, Miss Ruth
Garvin, Miss Lillian Stewart, Miss
Dale Backman, Miss Elizabeth Brown
and Miss Evelyn Glenn.

Sigma Phi Epsilon.

Mr. Harlan Sumner was a dinner
guest at the Sigma Phi Epsilon house
Friday.

Mr. Jack Hill spent the week end
at his home at Leocompton.
Dr. J. R. MacArthur went to Clay
Center Friday evening to act as a
judge in the high school debate.

Sunday dinner guests at the Sigma
Phi Epsilon house were Prof. and
Mrs. J. A. Hamilton and Prof. and
Mrs. E. V. James.

Miss Brown Entertains.

Miss Frances Brown of the extension
department entertained between
six o'clock and seven thirty, Wednesday
evening at her home in honor of
the emergency home demonstrators
who visited here last week. Other
guests were Mrs. Jardine, Mrs. Um-
berger, Mrs. Willard, and the home
economic specialists of the extension
force.

Miss Brown served a two course
luncheon to the guests.

Aztec.

O. B. Burtis and Dave Wooster visited
at the house last week end.

Mrs. Nellie Whedon visited Monday
with her son, Edwin Whedon.

Mr. Everett Cowell visited at his
home in Clay Center Sunday.

Mr. Givin returned Tuesday from
Norfolk, Va. He has just received
his discharge from the navy.

Captain and Mrs. Handcock were
guests at the house Tuesday.

Dinner Party.

The Sigma Nu freshmen entertained
the senior members with a dinner
at the chapter house Thursday evening.
The fraternity colors, black,
white and gold, were used in decorating.
Professor Westbrook was the
guest of honor.

Shamrock.

Mr. Albert Hancock, '18, was a
dinner guest Sunday. He left Sunday
night for his home at Stanley.

Mr. Charles Hagburg of Clay Center
was a visitor at the Shamrock house
Tuesday and Wednesday. Mr. Hag-
burg is not in school this semester.

Alpha Theta Chi.

Mr. Dee Bird of Great Bend, spent
the week end at the Alpha Theta Chi
house.

Mr. W. J. Rodgers of Salina, has
enrolled for the second semester.

Pan-Hellenic Dance.

Friday night the Women's Pan-
Hellenic association of the college
gave a formal dance at the community
hall.

The decorations in which pink and
blue were the predominating colors,
were the work of Mr. L. Coy of To-
peka. Tall white candlesticks with
pink shades were placed about the
hall and suspended from the lights
were long festoons of pink paper
rope. Blue floor vases holding
sprays of Japanese cherry blossoms
were also used in carrying out the
color scheme. Skins of the various
sororities and fraternities were hung
on the walls.

Fruit punch and wafers were served
throughout the evening.

Kuhn's orchestra from Kansas City
furnished the music.

The sorority and fraternity house
matrons, Prof. and Mrs. H. W. Davis,
Mrs. Z. G. Clevenger, Mrs. A. Ford,
Miss Dorothy Mill, and Prof. A. E.
Westbrook, chaperoned the party.

Miss Betty Cotton and Miss Ernestine
Bibby who planned the dance were
assisted by the following commit-
tees: decoration, Miss Gladys Wood-
ward, Miss Martha Webb, Miss Ruth
Goodrum, and Miss Greeta Gramme;
refreshment, Miss Ruth Taylor, Miss
Muri Gann, and Miss Leona Teich-
graber; invitation, Miss Evalene
Kramer, Miss Gladys Ross, and Miss
Fayne Bonduant.

One hundred and fifty couples at-
tended the dance.

Dance at Country Club.

Professor Nelson A. Crawford, Pro-
fessor Malcolm C. Sewell, and Pro-
fessor Wylie B. Wendt, gave a dance
Saturday night at the country club.

The music was furnished by a four
piece orchestra. The rooms were
decorated with palms and carnations.
During the evening a three course
luncheon was served to the guests.

Special guests of the evening were
Ensign Olson, Miss Grace Ferguson,
and Lieutenant and Mrs. Drake.
Twenty-five couples were present.

Chi Omega.

Miss Elsa Savill of Topeka spent
the week end visiting Miss Prudence
Stanley at the Chi Omega house.

The Chi Omega sorority announces
the formal pledging of Miss Mildred
Champion of St. Louis.

Miss Annette Perry, formerly a
student of K. S. A. C., spent a few
days the last of the week visiting at
the Chi Omega house. Miss Perry
is now holding a position with the
Capper farm publications in Topeka.

Delta Zeta.

Miss Barbara Murray left Satur-
day for her home in Ash Grove, Mis-
souri.

Delta Zeta was at home Saturday
afternoon for the Aztec fraternity.

Miss Evalene Kramer, Miss Izell
Polson, Miss Lenore Edgerton, Miss
Winifred West, Miss Garnet Grover,
Miss Ada Robertson, Miss Leah Mc-
Intyre and Miss Viola Brainard were
guests at a dinner party at Camp
Funston Sunday.

Surprise Supper.

Monday evening the home econ-
omics specialists of the extension di-
vision gave a two course surprise
supper for Mrs. Mary W. McFarlane
at her home. Covers were laid for
Miss Susanna Schneymayer, Miss
Rena Faubian, Miss Harriet Allard,
Miss Minnie Sequist, Miss Francis
Brown, Miss Lottie Lane, Miss Kath-
erine Bower, Miss Ann Wilson, Miss
Jean McKay, Mrs. W. McFarland, Mrs.
Whitney and Mrs. Laura Winter.

Delta Delta Delta.

Miss Dorothy Norris, '18, visited
at the Tri Delta house from Saturday
until Monday.

Miss Rowena Turner and Miss Alma
Bauersfeld spent the week end
in Topeka.

Miss Olivette Misch and Miss Grace
Smith were dinner guests at the Tri-
Delta house Sunday.

Slumber Party.

Miss Emma Larson entertained at
a dinner party and a slumber party
Thursday evening. The guests were
Miss Irene Pieratt, Miss Emma Stutz,
Miss Stella Horchem, Miss Lois
Schlaegel, and Miss Alice Bobek.

Shamrock.

Mr. Lloyd M. Pickrell spent the
week end at Russell visiting friends.

Mr. Mark Upson spent Sunday in
Hutchinson.

Kappa Kappa Kamma.

Miss Nell Gunn of Lawrence spent
the week end at the Kappa house.

Miss Margaret Armontrout of Guth-
rie, Okla., former student of this col-
lege, is visiting friends at the Kappa
house.

Dinner guests at the Kappa house
Monday evening were Miss Edna
Kline, of Iola, Miss Mildred Branson
of Winfield and Mrs. Skourup of Man-
hattan.

Miss Florence Swenson of Kansas
City was a week end guest of Miss
Norine Weddle.

House Party.

Mrs. W. N. Skourup entertained
with a week end house party at her
home on Houston street, in honor of
the alumni members of Kappa Kappa
Gamma who were in Manhattan to
attend initiation services. The guests
were Miss Bess Sheaff of Kansas Ci-
ty, Mrs. Neta Sheaff Welsh of Kan-
sas City, Miss Edith Glasscock of
Kansas City, Miss Mildred Branson
of Winfield and Miss Edna Kline of
Iola.

Tri-K. Elects New Members

At a recent meeting of the Tri-K
honorary agronomy society five new
men were elected to membership.
They were G. L. Kelley, C. Trace,
B. F. Agnew, G. Blair, and C. F.
Laude.

Tobacco Dance.

The Tobacco dancing club gave a
dancing party at the Elk's Hall last
Saturday evening. About twenty-
five couples were present.

A Paris shop-keeper wrote to one
of his customers as follows: "I am
able to offer you cloth like the en-
closed sample at nine francs the meter.
In case I do not hear from you
I shall conclude that you wish to pay
only eight francs. In order to lose
no time, I accept the last-mentioned
price."—Pittsburgh Chronicle-Tele-
graph.

Manhattan Business College. Phone
39-2t.

With a stormy look on his face, the
master of the house waylaid the ser-
vant in the kitchen.

"Look here," he began, angrily,
"how dare you tell my wife what
time I came home this morning, after
I told you not to?"

The Irish girl eyed him steadily.

"Shure an' Oi didn't," she replied,
calmly. "She asked me pwhat toime
yex came in, an' Oi only towld hir
that Oi was too busy gettin' the
breakfast ready to look at the clock."

—Tit-Bits.

In this kind of weather approxi-
mately so many typographical errors
on the editorial page seem unavoi-
dable and essential, and all we ask of
our esteemed and perspiring proof-
readers is that they put as many as
possible of the irreducible minimum
in the extracts from valued contem-
poraries and as few as possible in the
original work, if any. —Ohio State
Journal.

John Smith, aged fourteen, arrived
home one evening, and announced to
his father that he had got a job on
the railway.

"Well, my son," said his father,
"and what is the job?"

John. "You know the feller that
goes alongside the trains and taps the
wheels with a hammer? Well, I help
him to listen."—Answers.

Neighbor: "Got much money in
your bank, Bobby?"

"Bobby: "Gee, no! The depositors
have fallen off somethin' fierce since
sister got engaged."—Boston Tran-
script.

"Foh de life o' me," said Uncle
Eben, "I can't see no hardship in food
regulations dat puts it up to folks
to eat mostly corn bread an' chick-
en."—Washington Star.

Phone 64 Aggieville. 39-2t.

"Who's dead?" asked the stranger,
viewing the elaborate funeral proces-
sion.

"The bloke what's inside the coffin"
answered an irreverent small boy.

"But who is it?" stanger pursued.

"It's the mayor," was the reply.

"So the mayor is dead, is he?" mus-
ed the stranger.

"Well, I guess," said the small boy,
witheringly. "D'you think he's hav-
ing a rehearsal?" —Milestones.

39-2t.

Donald C. Thayer has received his discharge from the army and is attending college.

J. W. Barker has received his discharge from the army and is now enrolled in college.

Miss Florence Whipple, who is in the girls' club work of the extension department, attended a club conference in Kansas City, Friday, Feb. 28.

Homer J. Sloop spent the week end at his home in Boyle, Kansas.

Charles Quear, former student in college, has enrolled in school this semester.

The Parisian Cleaners, Leach and Kellar. Quality service. 1214 Moro St. Phone 649.

Miss Ruby Arth has been unable to attend classes for two weeks on account of illness.

Miss Annette Leonard of the English department was called to Topeka on account of the death of her aunt.

That old suit will look almost like new, if you let us dry clean it. Try it. A. V. Laundry, Phone 701.

Waldo J. Rodgers, former student in college, has received his discharge from the coast artillery and has enrolled in school.

Miss Marjorie Berger visited at her home at Silvan Grove over the week end.

L. P. Whitehead is one of the new instructors in the zoology department.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

Miss Ada Rice of the English department was out several days last week on account of illness.

Dr. J. R. MacArthur went to Clay Center Saturday to address the Clay county teachers' association.

Girls, that evening gown will look JUST RIGHT if you let us dry clean it for you. A. V. Laundry, Phone 701.

Albert Dickens, head of the horticulture department, went to Hutchinson Friday to give advice regarding the planting of orchards.

Miss Lee Winter, sophomore in general science, spent the week end at her home in Leocompton. She attended the basketball games at Kansas University.

George Hodges, former student in college and a member of the Acacia fraternity who has just recently returned from overseas, has been visiting in Manhattan.

Boys, you can't get that date unless your appearance is good. We specialize in laundry and dry cleaning, that will greatly enhance your appearance. A. V. Laundry, Phone 701.

Vernon Noble, former student in the school of agriculture, was in town, last week visiting friends. Mr. Noble has accepted a position as sales manager for the Armstrong Music company of Hutchinson.

A shorthorn calf raised by the Kansas State Agricultural college was sold last week for the sum of fifteen hundred dollars. The college raised the mother of this calf, also.

A. M. Doerner, assistant in landscape gardening, has returned from a week in Larned and other southwestern cities where he has been giving suggestions for the landscaping of private and public property.

Lieutenant Jay Lush, formerly connected with the college as student and instructor, is visiting in Manhattan. Mr. Lush has been discharged from active service and has been placed on the reserve list in the aviation corps.

Lieutenant G. L. Lush of Almont was here last week visiting friends in college. Lt. Lush is on his way home, from Ellington field, Texas, where he received his commission some time ago as bombing observer.

George R. Hedges, a member of the Acacia fraternity visited here this week end. He enlisted in the army two years ago and has been in service in England. He is now employed in the Mercantile establishment at his home in Howard, Kansas.

The Brownings gave a clever program Saturday. The first number on the program was a stunt and the last two numbers were roll call and devotionals. This was very different from any program that had been given for some time and was enjoyed by all.

R. M. Sherwood helped with a pure bred leghorn sale at Leavenworth a couple of weeks ago. Six hundred single comb white leghorns were sold at auction. This is probably the largest auction sale of pure bred poultry ever held in Kansas.

The fowls were divided into pens of twelve females and one male. The price ranged from twenty to seventy dollars per pen. Some of the birds sold, were shipped as far east as Massachusetts.

Cosmopolitan Club Meets.

The Cosmopolitan club met Saturday March 1st, at the home of Professor and Mrs. L. H. Limper, at 1323 Laramie.

The meeting was called to elect officers for the club for this semester. The officers elected were: President L. A. Liang, vice president, E. V. Gomez, secretary and treasurer, L. A. Acosta.

A short program was given, and the evening was enjoyed by all present.

"I wish to purchase a pet."
"What sort of a pet?"
"Oh, any kind of an intelligent pet. Something for my wife."
"Well, sir, this dog can do anything but talk."
"I'll take him. That defect will never be noticed."—Louisville Courier-Journal.

Manhattan Business College. Phone 64.
39-2t.

Will L. Sweet, '14, is living in Oroville, California.

Dr. Harmon was not able to be at school last week on account of illness.

Harold Baker has returned to college after spending a few days at his home in Tonganoxie.

Winfield Runyon, junior in agriculture, is again enrolled in school after a year's service in the army.

Fred F. Watson spent Monday afternoon with his brother Ray, who is a sophomore in agriculture here.

Mr. Merle Collins, '12, and Mrs. Amy (Batchelor) Collins, '12, of Reno, Nevada, are here visiting relatives and friends.

E. F. Ferrin left Monday for Turon to buy a number of purebred hogs which are to be used by the college for experimental work.

Shute, The Tailor's new spring line of suits are in. Don't fail to see him. He also does cleaning, pressing and altering. 324 Houston St.

V. L. Strickland, director of the home study service, division of extension, was at Chicago last week attending the superintendents' convention N. E. A.

Mr. and Mrs. Newkirk of Clay county spent last week with Mrs. Newkirk's parents, Mr. and Mrs. G. H. Kiser of 1648 Fairchild. Mr. and Mrs. Newkirk are both graduates of the college.

Thursday afternoon, Mike Ahearn, head of the landscape gardening department, spoke to the parent-teachers association of the Bluemont school on "The Needs of a Playground Equipment and the Benefits to be Derived from Such Equipment." In the evening of the same day Professor Ahearn spoke to the Rotarian club of Manhattan on "The Beautifying of Manhattan city Park and City Parkings."

H. Umberger, acting dean of the division of extension, Otis E. Hall, state club leader, Miss Lottie Milan, C. Williams, Miss Marion Mateer and Miss Florence Whipple attended the National Club Conference at Kansas City, held February 28 to March 5. Representatives from all northern and western states were present. This is one of the important meetings of the year, as policies were worked out and methods of conducting the work were planned and discussed.

Mr. C. O. Johnson, '18, has returned from Washington state where he has been in service in spruce production work. He has been appointed field assistant by the department of agriculture and will carry on rust cultural work for the Botany department. Later he will probably do some survey work in the state in collecting stem rust of cereals in all parts of Kansas. This is a part of the project work being carried on by Professor Melchers.

"Started to handle whale meat yet?"

"No; my store isn't big enough."

"What do you mean?"

"My customers wouldn't buy unless I had a lot of whales for them to paw over."—Louisville Courier-Journal.

Edith: "I have just refused to marry Mr. Shyman."

Ethel: "Oh, did he propose?"

Edith: "Well, I can't say positively, but that is how I construed his incoherent remarks."—Boston Transcript.

A Scot, having returned to Edinburgh after paying his first visit to London, was asked what he thought of the English.

"English? I didna see any English. I only saw the heads of departments."—Tit-Bits.

Magistrate: "Where did the motor car hit you?"

Victim: "Well, yer washup, if I'd been carrying a license number it would have busted to a thousand pieces."—London Fun.

Mrs. Hix: "I don't believe in these faith cures brought about by the laying on of hands."

Mrs. Dix: "Well, I do. I cured my little boy of the cigarette habit in that way."—Answers.

"Everybody nowadays uses the phrase, 'over the top' to convey the idea of something accomplished."

"That's so," replied Professor Diggs, thoughtfully. "But I still think, 'putting it through' is more applicable to the completion of a tunnel."—Birmingham Age-Herald.

The Father: "That young man who used to call on you and stay so late is in the navy now, I understand?"

The Daughter: "Yes, papa; and think of it, his boat has been disabled. The last I heard of him he was being towed in."

The Father: "Well, don't let me see him around here at all hours of the night, or you will see him toed out."—Tit-Bits.

Johnny: "What makes that new baby at your house cry so much, Tommy?"

Tommy: "It don't cry so very much—and anyway, if all your teeth was out, and your hair off, and your legs so weak you couldn't stand on them, I guess you'd feel like crying yourself!"—Pasing Show.

"Young man, I want my gas turned off!"

"This isn't the gas company. This is the water office."

"Well, then, turn off the water—I haven't time to come all the way down here for nothing?"—Green Bag.

A soldier was standing at the counter of one of the South Country Y. M. C. A. huts, having a little refreshment, when up came his chum.

"Halloo, Tom," he said, "what have you got there? Tea or coffee? Tom shook his head sadly.

"They didn't say," he replied.

First Soldier (looking at portraits of himself): "Which do you think is the best, Mike?"

Second Soldier: "Well, personally, I think the one of you in the gas-mask is the best."—London Fun.

Mike O'Mara has got a new dog. We asked Mike yesterday if it was a hunting-dog, as it came up to us, and Mike in a low voice said:

"Don't talk so loud, he thinks he is."—Lackawanna Journal.

TICKET SALES ON TUESDAY

1. W. GIRLS PULLING FOR BIG SALE OF FESTIVAL WEEK TICKETS.

Eleven Literary Societies and Sororities Represented—Eight Girls on Each Team—All Contestants Take Lessons in Salesmanship.

Eighty-eight girls, representing eleven women's organizations, will begin training tonight for a two-day contest to be held next week. The object of the race will be to test the ability of the young ladies to extract dollars and cents from student's pockets substituting therein tickets for the annual Festival Week.

Contest Opens Tuesday. Although the contest does not open until Tuesday the first conditioning of the participants takes place tonight. Captains have been chosen by each of the eleven groups, and these leaders will confer with H. W. Davis, associate professor of English, in the Y. W. C. A. rooms this afternoon. The object of the conference will be to give these girls the first principles of leadership and salesmanship.

Sororities and literary societies are depended upon to make a success of the drive of the Y. W. C. A. to sell tickets to the annual musical and dramatic feast, which is expected to bring a large number of visitors to Manhattan.

Team Leaders Chosen.

The sorority leaders, who are to choose seven assistants from their organizations, are Capt. Betty Cotton, Kappa Kappa Gamma; Capt. Fay Young, Delta Delta Delta; Capt. Mary Kirkpatrick, Chi Omega; Capt. Marguerite Miller, Pi Beta Phi; Capt. Dorothy Gleason, Delta Zeta, and Capt. Hazel Taylor, Alpha Delta Pi.

Heading the literary society squads are Capt. Minnie Dubbs, Franklin; Capt. Ruth Crawford, Alpha Beta; Capt. Hettie Carus, Browning; Capt. Irene Miller, Eurodelphian; and Capt. Elizabeth Circle, Ionia.

The Y. W. C. A. will give eight of the best seats in the house to the leading team. The order in which the teams finish will be published in The Collegian.

All Who Love Music Will Come.

"Students will have an opportunity to aid themselves, as well as the Y. W. C. A. and the Festival Week," said Miss Mildred Inskeep, Y. W. C. A. secretary, yesterday. "We believe that the list of attractions will lead all students who love drama and music to purchase tickets."

German to Be Required in Chemistry Curriculum Next Year.

Although this is only the second year that Spanish has been taught in the college there are more students enrolled in the course this semester than ever before. At present there are 36 students taking Spanish as compared with 17 last year.

Previous to two years ago German was the only foreign language taught in the college except in private classes. This is the third year that French has been offered in the college curriculum. Either German or French may be taken in the home economics course, one of the two being required, and French is a required subject in the architectural course. This semester there are 151 students enrolled in French.

There has been a decided decrease in the number of students taking German. In 1914 and 1915 there were 271 enrolled in German. Last year there were 66, and this year there are 25. German will be required in the new chemistry curriculum which will come out next year, but at present it is not required in any course.

Miss Francis Ford, who attended school here last year has come from Topeka to take a position in Dr. McCampbell's office.

Dr. Allen Addresses Science Club.

The Subject "Evolution and Ethics" was discussed by Dr. Bennett M. Allen, professor of zoology in Kansas university, before the Science club which met Wednesday, March 5 at 8 p. m. in the domestic science rest room.

S. A. Paul, '80, of Blue Rapids, who is now a member of the house of representatives, from Marshall county, visited friends on the hill last week. Mr. Paul noted the many changes that had been made since he was here in school. The second story of the farm machinery hall was then used for chapel exercises. The auditorium makes quite a contrast to it.

ORATIONS FOR CONTEST PICKED

Societies Will Combine in Pairs To Give Four Stunts.

A representative from each of the eight literary societies have submitted orations to the Oratorical board. All of the orations were passed on by the board and have been sent to the judges on thought and composition.

The orators this year are W. I. Turner, Alpha Beta; Oliver Nelson, Hamilton; Miss Ruth Blair, Ionia; Miss Mable Bentley, Browning; Calvin J. Medlin, Athenian; A. F. Swanson, Franklin; Bruce B. Brewer, Webster; and Miss Gussie Johnson, Eurodelphian.

Arrangements have been made by the program committee to have, besides the orations, four stunts. Each of the men's societies will combine their efforts with their sister societies in staging a stunt, and the Alpha Betas and the Franklins are going to work together on one stunt.

The contest this year is to be held March 29.

HONORS COME TO H. L. KENT

Agricultural Expert Elected to Two High Offices Simultaneously.

H. L. Kent, associate professor of education in college and state director of agricultural education under the Smith-Hughes plan, is the new vice-president of the National Society for Vocational Education and president of the agricultural section of the society.

Simultaneous election to both offices is regarded as an unusual honor. Professor Kent was chosen to these positions at the annual meeting of the society in St. Louis, Mo.

Professor Kent appeared twice on the program of the organization. Before a general session he spoke on "The Effect of the Smith-Hughes Act in an Agricultural State." He led the round table in the agricultural section, discussing the subject, "How Shall the National Society Function in Relation to the Agricultural Education Group?"

Commenting on Professor Kent's election, Cyrus V. Williams, federal agent for agricultural education, said:

"We agricultural men from the central west are very happy over the wise choice made by the society. Professor Kent is one of the recognized leaders of agricultural education in America today, and your institution is very fortunate in having such leadership."

Professor Kent is a graduate of the Kansas State Agricultural college. He formerly taught agriculture in several normal schools, and was later director of correspondence study in the agricultural college. He is principal of the school of agriculture, and during the absence of Dean Holton is in charge of the department of education and the summer session.

College Stock Wins at Wichita.

The Kansas State Agricultural college won two championships, eight first prizes, seven seconds and five thirds on sheep at the National Live Stock show at Wichita last week. Sixteen sheep were shown by the college, which exhibited in competition against a creditable class of sheep from all parts of Kansas and Missouri.

The college, which has for many years held a high place as a producer and exhibitor of prize winning cattle, hogs, and poultry, is now coming to the front with sheep.

Miss Edna Chaplin, sophomore in general science who has been ill, is now able to attend classes.

DOPE NOW IN AGGIES FAVOR

HUSKER TEAM FAST AND ROUGH—AGGIES CONFIDENT OF WINNING.

Aggies Winning of Games With Nebraska, Friday and Saturday Nights, Means the Valley Championship.

Will the Aggies be able to turn the Huskers back in two hard fought games, and thus capture the championship of the valley? Hell Yes! At least, that is the way every Aggie student feels, and is the way that the most of the sport writers of the valley have figured.

K. U. Victory Big Upset.

The K. U. victory over Nebraska Wednesday was pretty much of an upset in dope, although Coach Stewart of Nebraska used his second string men all during the first half, in order to save his stars for the Aggie games. Even at that, the score of 31 to 17 by which the Kansas defeated Nebraska surely points to some weakness in the Nebraska lineup.

As neither Coach Cleveland nor Coach Schulz have seen the Huskers in action, no line can be gotten on their strength, except through the sport sheets of the various papers. Such dope, however, points to the fact that Nebraska's strong point is her teamwork. Also that the team, while not as large as the usual Husker teams, is unusually fast.

Nebraska Plays Rough Game.

The Nebraskans also play a close and personal guarding game, their aim being to smother a man when he gets the ball. If Referee Quigley is calling fouls as usual, this will mean a good many personals called on the Husker five. With Johnny Clark in form, a foul on the opposing team, usually means a point for the Aggies.

Although it would still be possible for the Aggies to cop the championship rag if they split even with the Huskers, two wins would give them undisputed possession of the flag, and also give them the necessary confidence to go to Missouri and come back with two more victories, making an all-victorious season.

Aggie Lineup Same.

The Aggie lineup will be the same as usual, while the Nebraska lineup is not exactly known. It is supposed that the teams will face each other as follows:

Aggies—Hinds, right forward; Bunker, left forward; Jennings, center; Clarke (C.), right guard; Cowell, left guard.

Nebraska—Jackson, right forward; Gillilan, left forward; Schellenberger, center; Reynolds, right guard; Bailey, left guard.

E. C. Quigley, of St. Mary's will referee.

Six Girls to Volunteer Movement.

Six girls from the Y. W. C. A. here expect to attend the state conference of the Student Volunteer Movement to be held at McPherson college, McPherson, Kan., on Saturday and Sunday of this week. Mrs. McClure of New York, secretary of the Student Volunteer Movement, who is here, will also attend the convention. The girls representing this school are: Miss Mildred Inskeep, Miss Elizabeth Circle, Miss Mary Mason, Miss Hattie Droll, Miss Ruth Ghormley, and Miss Ruth Peck.

George Barnard.

George Barnard, '12, died at his home at Madison, February 17, of double pneumonia which developed from the influenza. He had returned home the week previous from Wichita, where he received the Com-mandery and Shrine degrees of Masonry. He was ill just a week before his death. The funeral service was held at the home of his grandmother, Mrs. Agnes Madren, after which the Masons took charge of the body.

Barley-Adee.

Miss Cora Bartley of Minneapolis and Mr. James Adee of Manhattan were married Tuesday, March 4, in Topeka. They have gone to Wabean, Mo., on a six weeks' wedding trip after which they will be at home in Manhattan.

Mr. Adee is a former student at college and expects to re-enter school. He left college to enter the service and was wounded while in France.

New Euros Entertain Society.

The new members of the Eurodelphian Literary society entertained the society Saturday afternoon March 1, with a very clever and original program consisting of a variety of unusual numbers.

Miss Doris Mell, freshman in home economics, played a number of violin selections. Probably the feature most enjoyed by all was refreshments of brick ice cream and cakes in the Euro colors of brown and gold.

The new members for this year are: Hazel, Howe, Winifred West, Bessie Burkall, Helen Sloane, Gladys Ganshard, Bertha Blitz, Ernestine Bily, Elithe Kaul, Alma Wilkin, Mary Gorham, Elizabeth Dickens, Eva Leland, Mary Bird, Lillian Ayers, and Ruth Peck.

GIRLS BASKETBALL TEAMS PICKED

Teams Practicing Now—Will Play Second Week of March.

The girls basket ball teams have been chosen and the date set for the games. This is the second week in March. The junior, sophomore and freshman captains will be elected this week. Practice will be held every day this week. Further notices will be posted on the bulletin boards.

The girls chosen for the teams are:

Freshman: Forwards—Madge Lickie, Garnet Grover, Clara Evans. Guards—Miss Lefinghouse, Eva Travis, Evelyln Glenn. Centers—Lucile Coper, Minnie Norlin. Running Centers—Irene Drake, Mabel Dial.

Sophomores:

Forwards—Florence Banker, Edna Chaplin. Guards—Clementine Paddleford, Helen Sloan, Gladys Turner. Center—Elva Price. Running Centers—Ruth Willis, Bertha Gwin.

Junior Team:

Forwards—Florence Mirick, Eva Gwin, Alda Conrow. Guards—Mabel Evans, Miss Wheatly, Joe Meldrum. Centers—Ruth Ghormley, Dora Grogger. Running Centers—Lawrence Webb, Hazel Dyer.

Senior Team:

Forwards—Irma McKimmel, Lucile Hager, Gussie Johnson. Guards—Ruth Thomas, Gladys Bergler, Avis Blain. Centers—Ruby Ellerman, Ruth Huff. Running Centers—Florence Dial, Clara Higgins.

HULL IN RECONSTRUCTION WORK

Helping Rebuild Country Wrecked By War—Near Swiss Border.

James A. Hull, '17, is with the Friends' Reconstruction unit in France. He writes to Dr. J. E. Kam-meyer:

"I am working in the little town of Ormans (Doubs) near the Swiss border. We are building demountable houses and shipping them to the devastated regions, where more of our men erect them. My present and final job at Ormans is the shipping of 70 complete houses made in sections, every piece from foundation to interior trim and hardware, ready for erection. After this shipment we will all move to a larger area around Verdun as headquarters where we have 17 towns and the surrounding farms to reconstruct. Shipping these I find no small task. I mark and check hundreds of pieces in my dreams sometimes and wonder where they should be placed on the cars. It is a great experience though, and I am anxious to get them up there so more homeless refugees can return and start again the peaceful and so much needed tilling of the soil.

"To those who have not studied conditions the problem does not assume proper proportions. You will appreciate the problem of rebuilding this area; first of providing homes, then food for the returning families, which is to be undertaken by cooperative stores, then providing machinery, helping to level and prepare the shell-torn ground, securing grain suitable for present conditions, teaching methods and cooperation to highly independent and sensitive French peasants and in all remembering their past history and striving to help them in an unselfish way."

Practical work is being done by the men studying tractors this term. Five broken down tractors have been brought in by farmers to the laboratory for the students to repair. Two of these have been sent out working fine and the other two will soon be ready for operation.

BIG PEP MEETING THIS MORNING

QUESTION OF BASEBALL THIS SPRING TO BE DISCUSSED—RAISE OLD TIME PEP FOR NEBRASKA GAMES FRIDAY AND SATURDAY.

Coach Cleveland, Mike Ahearn and H. H. King to Talk—Band to Be Out—Help to Make Ready For the Winning of Missouri Valley Championship—Two More Games to Win.

Entomology Dept. Teaches Interesting Facts About Insects

Are you acquainted with the fact that certain gnats vibrate their wings 15000 times per second, that a compound eye of a humming bird is composed of 27000 simple eyes, or that a caterpillar has 2000 muscles?

These and numerous other striking facts are to be learned in the general entomology course which is taught by Professor G. A. Dean. Few persons are aware of many curious and interesting things to be found out regarding the structure and habits of the millions of small insects which daily surround them.

For instance, how many students know that the blood of insects is usually colorless or slightly tinged with green? Or that water-beetles and aquatic bugs breathe by coming to the surface of the water and lifting the tip of their wings, thus forming a cavity beneath them into which the air rushes? These insects can then swim through the water carrying this air with them in a position where it can be respired. When the air becomes impure the insects rise to the surface, force out the air from beneath the wings, and take a new supply.

While it is generally known that spiders spin intricate webs, most persons have not observed that the spiders use the silk they spin as a means of locomotion. When spiders wish to descend to some place beneath them they simply fasten a line to the object which they are upon and then drop boldly off, regulating the rate of their descent by spinning the line out rapidly or slowly.

A telegram has been received from Miss Ivy Fuller, '13, stating that she has accepted a position in Washington, D. C., in reconstruction work for disabled soldiers.

W. O. McCarty, sophomore in agriculture, who has been out of college the past week on account of eye trouble, returned to resume his work in college, this morning.

Captain J. B. Sweet, '17, of the 45th Infantry, Camp Gordon, Georgia, spent Sunday in Manhattan visiting his brother Eugene Sweet. Captain Sweet is on his way to California.

W. M. Plank, of the dairy department, is to have charge of the cow testing association of Harper county. This is the sixth county in the state to organize a cow testing association.

Mr. L. P. Whitehead, who has been in the army was recently discharged and has taken a temporary position as assistant in the zoology department. Next term he will be with the entomology department.

The Alpha Beta literary society will be entertained next Saturday night with some good snappy program features. The meeting will begin promptly after the game with Nebraska. Visitors are welcome.

Ensign Robert G. Olson, of New York city, was here visiting his brother N. E. Olson, assistant in dairy husbandry, this week end. Ensign Olson has lately returned from a trip to France and expects to make another trip soon.

Word was received from Hobart Cammack, former student in K. S. A. C., that he arrived in New York last Tuesday on the steamer U. S. S. George Washington and that he would sail again March 4, with the steamer on its return trip.

Dr. and Mrs. Robert V. Christian of Wichita announce the birth of a son, Robert Vernon, Jr., March 1. Dr. Christian was formerly connected with the veterinary department of the college.

What! A great big Aggie pep meeting! When? Friday the third hour! Where? The Auditorium! What for? Just to decide how badly the college wants the boys to beat Nebraska, what kind of a celebration there is to be after the game Saturday night, whether the college is to have any baseball this spring and a few other questions.

Profs. to Give Short Talks.

This is going to be one of the biggest get together meetings in the history of the school, according to the men behind the idea, and it is for a big goal, the Missouri Valley championship, and a season of baseball. The band will be there and in action and three of the best liked men of the faculty will give short talks.

Coach Cleveland, the man who has put the Aggie team on the map, and to whose coaching the present success of the team is due, will give the first address. Mike Ahearn and Professor King will be right there to start the old time pep going and they will start it too, from what the promoters of the pep meeting say.

Baseball This Spring?

The baseball situation for this spring will be discussed. This is primarily to see if the faculty and students of the college want a baseball team this spring. If they do want it they must be willing to support it and show the boys that they are interested in them and their work.

The school has an abundance of material and if everybody gets behind the team there is no reason why the Aggies should not have a baseball team this spring that would be an unusually good one.

Iowa state college and the University of Missouri have decided to have baseball this spring. Are the Aggies as good men as the men from Iowa or the University of Missouri?

Heretofore, the main reason the college baseball team has not been able to do more than it has was because the team was not supported as it should be by the college body. Every Aggie has a chance today, to show his loyalty and interest in the college athletics. Watch and see who comes to the pep meeting and you will know who the loyal Aggies are.

Unventilated Room Causes Students To Get Low Grades

Determinedly the sleepers arouse and make stern resolves to stay awake. The hour seems interminably long; eyelids weigh a ton. One student fighting a terrific battle for consciousness and a grade—sleepily rhymes: The bravest battles that ever were fought

Were not on the fields "over there"; But right here where knowledge is taught

With never a breath of air.

For woe to him, whose mind's best work,

Depends on the air he breathes;

Ne E's for him shall ever come;

For him all honor leaves.

But what the poem might have been we will never know, for the poet's muse, the sleeper's snores, the professor's discourse were all cut short as a slender girl fainted in the rear of the room. Amidst the general confusion, the class was dismissed. As the poor girl was carried to the doctor's office, where she was ordered to take a month's vacation, she was heard to moan. "There's nothing the matter with me, I only needed a little air, a cooling breath of air."

Y. W. C. A. Party.

The big sister committee of the Y. W. C. A. gave a party in the home economics rest room Monday evening. Mrs. A. D. Blanchard chaperoned.

TRIBUTE TO W. A. HARRIS.

Each day hundreds of students pass the one monument that stands upon the campus of the college. Yet how many have ever stopped to look upon this splendid, kindly face, the image of one of America's greatest men. Few have read the short, but beautiful tribute paid to the memory of this wonderful man, W. A. Harris.

His great service to American agriculture and his love for the Kansas Agricultural college demands of every student at this institution more definite information as to his life and character.

Mr. Harris early foresaw the need of improving the form and feeding quality of the cattle of his day and he soon became a recognized leader among shorthorn breeders.

No man ever undertook the promotion of shorthorn interests more earnestly than Mr. Harris. A man of strong conviction, sincere, honest, aggressive, and convincing in the advocacy of what he believed to be right, his influence upon the course of shorthorn breeding in America was perhaps greater than any other one man.

He was a regent of the college during the last years of his life and was largely responsible for the new policies that have resulted in such a remarkable growth of the college during the past fifteen years. How fitting a tribute we find inscribed upon the monument left in memory of this great Kansan.

KEEP OFF THE GRASS

Of late many students who are in the habit of always arriving at the last minute have seen fit to take short cuts across the campus. This practice recurs every spring and warnings are very seldom heeded. Wires and stakes put up, obviously to block the way, have proved of little avail. The students should not only have more pride in their college but should respect and help back the efforts of our landscape gardening department, which has succeeded in making our campus one of the most splendid examples of its kind in the United States. Nothing mars the beauty of an otherwise beautiful lawn more than a jagged lot of worn paths. It spoils the symmetry of effect, and bespeaks of a slovenly, careless, student body.

WHERE IS THE FLAG?

What has become of our American flag that used to float over the gymnasium? Surely if we needed to see it is no less needed in the time of peace. In these days, when the men are homeward turning, and the people of the world are trying to find again the places which they filled—the old flag looks good to us.

The flag that has led thousands of our soldiers and sailors across the sea to fight for us who stayed at home. And, in the dark days of this

great struggle, when people held their breath and waited in silence, they too, looked at the flag and took hope—remembering how it had triumphed over every foe.

It was a pleasure at the close of a day of hard study to walk out upon the campus to look at the banner of red, and white, and blue—then say, "America, my own."
We miss it.

Walter J. Rogers Tells of Experiences In Service of U. S.

After spending nine months in Hawaii and four months in France, and part of that four months at the front, Walter J. Rogers, a former student in college, and a member of the Alpha Theta Chi fraternity has received his discharge from the coast artillery and is enrolled in school this semester.

Mr. Rogers joined the coast artillery May 3, 1917, and was sent to Fort Logan, Col. He remained there four days and was then ordered to Fort Winfield Scott where he was stationed for four days before he was sent to Angel Island from where he sailed May 19.

"Honolulu is a regular melting pot of people," said Mr. Rogers, "there are Hawaiians, Portuguese, Chinese, and Japanese. All four languages are spoken but the Japanese seems to predominate over the other races."

Honolulu is on the Island of Oahu. When telling of a trip he took when on a ten day furlough, Mr. Rogers said, "We went over to the Island of Hawaii to the city of Hilo, took a Hawaiian train, which is similar to a donkey engine, straight up into the mountains, through the tropical forests past the place where Major Clark, who was lost there for several days, was forced to land, and then on up for twenty-two miles. We left the train and hiked up to the camp, which is one mile from the volcano, Kilauea, which has been erupting lately. The only active part at that time was a small amphitheater in the center about 1000 feet in diameter. The volcano proper is 3,000 feet in diameter.

"While we were up here we saw the native Hawaiians in their native costumes. They had many crude instruments made of stone. Their native food, poi, which is made of poi leaves, ground on a rock, tastes like cornstarch. At Lanau, which is a festival that they have once a year, they serve poi and roast hog or roast dog. It has been truly said that Hawaii is a land of moonlight and ukeleles.

"Charlie Chaplin was in Honolulu while we were there and the fellows went wild over him."

Mr. Rogers left Honolulu February 4, 1918, for Fort Monroe, Va., where he was stationed for five months. While there he took a course in the enlisted specialist school and was made a master gunner. He was then sent to New Orleans where he remained four days before he was ordered to Camp Merritt, N. J. He sailed from there September 23 and landed in Liverpool England. After a week in Liverpool, Mr. Rogers was sent to France. He was stationed at Angers, Harve, and Doulevent and then assigned to Headquarters training battalion of the 44th coast artillery, which was stationed in Alsace. They had the eight inch Howitzer and were the original Howitzer regiment. They were located in the St. Mihiel sector from the later part of September to the signing of the armistice. The

last shot they fired was at 10.56 and the firing was to cease at 10.57.

"We left the front November 21st for back area and were stationed at Sommeveuri for a month. It was at Sommeveuri that the cast for the statue of liberty was made," said Mr. Rogers.

On December 27, they left Sommeveuri for Brest and sailed from there January 26, landing in New York, February 4. Mr. Rogers was sent to Camp Mills, where he was stationed for a week, and then was ordered to Camp Totton, N. Y. where he remained a week. He was then sent to Camp Funston and discharged on February 21.

Mr. J. Snyder and Mrs. Eda Brenner Snyder, '14, of Chicago, announce the birth of a daughter, Charlotte Mary, on February 25.

Mr. and Mrs. Hiram S. Gish, '14, have moved from College Hill to Williamsburg, where they will make their home on a farm.

Marvin H. Crawford, from California, Mo., who was sent here from Funston to take work in the college has enrolled as a regular student.

Mrs. Orla Withnow is visiting her sister, Myrtle Guseman, senior in home economics, this week. Mrs. Withnow's husband is in France.

Miss Stella Strain, '18, has accepted a position as stenographer in the Santa Fe shops in Topeka, and went to take her place on Tuesday of this week.

C. O. Swanson, associate professor of agricultural chemistry, is making an extended trip through Texas and Oklahoma in the interests of the government work in investigation of dust explosions in elevators and grain storage.

Miss Jessie Adey of Delphos, head of the boys' and girls' club work in Ottawa county, spent Tuesday at the college with her cousin, Ida Adey, junior in general science. Miss Adey attended a national conference of this work in Kansas City this week.

H. W. Brubaker, assistant professor of chemistry, has gone to Minneapolis, Minn., to accompany his wife home, who has undergone an operation. During her convalescence, Mrs. Brubaker visited at the home of her sister, Mrs. Burton, wife of the president of the University of Wisconsin.

Word has just been received of the accidental death of Francis Sweet, February 24, at Los Angeles, Cal. Mr. Sweet was a student of the college in 1914. When the war started he enlisted in the Canadian air service and served about one year.

"The Marriage Ring"

Charming Enid Bennett in "The Marriage Ring" with a Wm. Fox Sunshine Comedy, "A Son of a Hun" is the attraction at the Wareham Theatre Saturday.

Officer (wearily): "Now, Smith, you've already had leave because your wife was ill, because your little girl had measles, and because you had to attend the christening of your youngest son. What—er—what is it this time?"

Private Smith (briskly): "P—please sir, I—I'm going to get married."

—London Opinion.

Harold came home one night with his clothes full of holes.

"What, in the name goodness, has happened to you?" exclaimed his mother.

"Oh! we've been playing shop ever since school was over."

"Shop?" echoed the mother.

"Yes; we opened a grocery, and everybody was something." Harold explained. "I was the cheese!"

—Tit-Bits.

"Out of a Clear Sky."

The dainty and adorable Marguerite Clerk will be seen at the Wareham theatre Monday and Tuesday in "Out of a Clear Sky."

Alpha Delta Pi.

Mr. and Mrs. G. Lamer of Salina,
will spend the week end at the Al-
pha Delta Pi house. They are com-
ing to attend the Sigma Alpha Ep-
silon formal. Mr. Lamer is a Sig.
Alpha, and Mrs. Lamer is an Alpha
Delta Pi.

Mrs. Betty Hutchinson of Salina,
spent Monday and Tuesday at the
house. Mrs. Hutchinson was an old
Alpha Mu here. She was initiated
into Alpha Delta Pi chapter here Mon-
day evening.

Mrs. L. Doisy of the Sigma chapter
who is teaching in the chemistry de-
partment was a guest at the initia-
tion banquet given on Monday even-
ing.

Miss Laura Ramsey of Clay Center,
spent the week end at the house.

Miss Dorothy Edwards of Junction
City will be the week end guest of
Miss Helen Lawrence.

Miss Gertrude Uhley is out of school
this week on account of illness.

Alpha Delta Pi.

The Alpha Delta Pi sorority gave
a four course banquet at the chap-
ter house Monday evening in honor
of the newly initiated members who
are Miss Helen Lawrence, Miss Eliz-
abeth Brown, Miss Evelyn Glenn,
Miss Ruth Garvin, Miss Lillian Stur-
art, Miss Dale Backman and Mrs.
Betty Hutchinson.

The banquet room was decorated
with red and white carnations. Red
shaded candles were used on the
tables.

Between courses, Miss Lillian Stur-
art gave a toast to the seniors and
Miss Clementine Paddleford gave a
toast to the freshmen on "The Puz-
zle."

Birthday Party.

The members of the chemistry de-
partment celebrated the birthdays of
Herbert Hiram King, and Porter Joseph
Newman, both professors of
chemistry, in the General Chemistry
office at 4:30 on Friday afternoon,
February 28. The party was a com-
plete surprise to the recipients. Dainty
refreshment of ice cream, cake,
chocolate, fudge and divinity were
served.

Alpha Theta Chi.

The Alpha Theta Chi fraternity an-
nounces the pledging of Mr. Thomas
W. Lee of Yates Center, sophomore
in engineering.

Mr. Orin W. Hinshaw was a din-
ner guest at the Alpha Theta Chi
house Sunday.

Sergeant Edson Shaw of Camp
Funston was a week end guest.

Mr. J. Farr Brown spent the week
end visiting relatives at Marysville.

Chi Omega.

Miss Lois Burton returned Tuesday
from Emporia where she spent the
week end visiting her parents.

Miss Arria Neal spent Monday in
Clay Center visiting her parents.

Miss Olive Currey spent Wednesday
in Manhattan visiting her sister, Miss
Bess Currie at the Chi Omega house.

Girls' Athletic Party.

The Bloomer sister company will
give a representation of the Marshall
vaudeville tonite at the athletic as-
sociation party, which is to be given
between six and eight o'clock in the
Nichols gymnasium.

All of the members of the associa-
tion have invited outside girls as
their guest for the evening. Each
girl will bring a lunch for herself
and her guest. After the lunch the
bloomer sisters will give their fa-
mous eight stunt vaudeville, consist-
ing of a chorus, athletic feats, and
bell ringing. One of the sisters who
is a noted hypnotist will give a free
demonstration of her powers as hyp-
notist. The Bloomer Sister company
consists of Miss Eveline Cramer,
Miss Viola Brainard, Miss Lyle Hoag,
Miss Winnie Drake, Miss Ruth Willis
and Miss Clementine Paddleford.

Mock Wedding.

Miss Agnes Handlin entertained
Monday evening at her home with a
mock wedding. Miss Julia King
acted as priest. Miss Augusta Hart-
loff played the part of the bride and
Miss Agnes Mandlin was the bride-
groom. Miss Lola Gaunt played the
wedding march. Mrs. Noel of Os-
borne was ringbearer. Miss Bess
Scupene was best man and Miss Dor-
othy Hammond bridemaid. All of
the guests were in costume.

After the wedding the party went
to the Hammond home and spent the
evening with dancing and music.
Those present were Miss Augusta
Hartloff, Miss Agnes Mandlin, Miss
Julia King, Miss Bess Scupene, Miss
Dorothy Hammond, Miss Lola Gaunt,
Miss Vivian Gaunt, Miss Tempapaine,
Mrs. Noel, Mrs. S. P. Hunt and Miss
Jessie Ericson.

Pi Kappa Alpha.

Mr. Leonard Fuqua was a guest at
the Pi Kappa Alpha house Tuesday
night. Mr. Fuqua has been station-
ed at the officers' material school at
Fort Sheridan. He is now at Fun-
ston awaiting his discharge.

Mr. Carl Libby spent the week end
in Manhattan. Mr. Libby is prac-
ticing veterinary medicine this year
in his home town.

Mr. Carl Uhrlick spent the week
end at his home in Wamego.

Mr. Raymond Luce is attending
Fairmont college this semester.

Barkley-Adee.

Mr. James Adee and Miss Cora
Barkley were married at the bride's
home in Topeka on Tuesday, March
4. Mrs. Adee held a position as a
stenographer in Topeka, and Mr. Adee
is a student in veterinary medicine
in K. S. A. C. After a short visit
with Mr. Adee's parents in Weaubleau,
Mr. and Mrs. Adee will return
to their home here in Manhattan. Mr.
Adee will resume his work in school
which he gave up when drafted into
the army.

Aztex.

Mr. Harry Fritz of Camp Funston
was a dinner guest Sunday.

Mr. M. Clarke spent the week end
at his home in Chapman, Kansas.

Mr. Warren Cowell visited at his
home in Clay Center this week end.

The Aztex fraternity announce the
pledging of Mr. F. G. Welsh. Mr.
Welsh is a graduate of Emporia Nor-
mal and is now taking special work
in agriculture.

Sigma Phi Epsilon.

Mr. Edward Mueller was a dinner
guest Tuesday evening.

The Sigma Phi Epsilon fraternity
will entertain with an informal dance
at Elk's Hall, Saturday March 8.

Mr. Jack Hill, Mr. Ship Winter, and
Mr. Holman Bunker returned Sunday
evening from a week end visit at
Lecompton.

Sigma Nu.

Mr. and Mrs. J. O. Hunt, and Mrs.
L. E. Hobbs, Mr. Jack Beeler and Mr.
W. A. Pulver were Sunday dinner
guests at the Sigma Nu house.

Lieutenant Toothaker was a guest
Sunday.

Mr. W. A. Pulver of Wamego and
Mr. Jack Beeler were guests over the
week end.

Yenawine-Kerr.

Miss Harriet Yenawine of New
York City, was married February 27
to Mr. John Kerr, of New York city.
Mrs. Kerr is a daughter of Mr. and
Mrs. S. J. Yenawine of Manhattan,
and was formerly a student at col-
lege.

Beta Theta Pi.

Prof. and Mrs. H. H. King and
daughters, Katherine and Helen, and
Prof. and Mrs. Stanley Smith and
daughter, Marguerite, were dinner
guests at the Beta Theta Pi house
Sunday.

Mr. Gail Pierce of Salina spent the
week end at the Beta Theta Pi house.

Mr. Sam Simpson spent the week
end at his home in Salina and Mr.
Lee Turley spent the week end at his
home in Hutchinson.

Mr. John Gleesner of Abilene, was
a dinner guest at the Beta Theta Pi
house Monday.

Mr. Milton Labadie returned to his
home in Pawhuska, Okla., on account
of the illness of his mother.

Mr. Clayton Smith went to Wichita
last Wednesday on business.

Shamrock.

Mr. C. Smith of Topeka, was at Sat-
urday evening dinner guest.

Mr. Rex Gipey was a Saturday
evening dinner guest.

Mr. Charles Cloud is ill this week.

Miss Effie May Carp, '14, is now
home demonstration agent for Chase
county and is stationed at Cotton-
wood Falls. Miss Carp attended a
conference of the home demonst-
ration agents at the college last week.

Dr. Harmon has returned to her classes after an illness of ten days.

Captain Joe Sweet, '17, is in the 45th Infantry, stationed at Atlanta, Ga.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

Miss Esther Keener, student in college, spent the week end with friends in Topeka.

Prof. W. H. Sanders is under quarantine at his home in Manhattan. He is not ill, however.

Miss Ruby Starkey assisted with the tool room work in the tractor engine laboratory last week.

You owe it to yourself to see Shute's new spring woolens, whether you want a suit or not.

Miss Stella Horchem has been called to her home in Ransom on account of the illness of her mother.

President Jardine spent Thursday and Friday in Kansas City. Saturday he gave an address in Topeka.

See "Naughty Marietta" and "The Road to Yesterday" College Auditorium, March 21 and 22. 7-2t

To facilitate handling the crowds during Festival Week rush, leave your homes not later than 7:30 o'clock. 7-2t

W. O. McCarty, sophomore in agriculture, has withdrawn from college on account of trouble with his eyes.

Mr. Peterson of the dairy extension department, has returned from Harper, Kan., where he went on business.

Hear Lucy Gates, coloratura soprano, the highest priced artist ever brought to the College, Auditorium, March 23. 7-2t

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

Professor Andregg of the chemistry department, is out on an inspection trip in connection with the state control of feeds and fertilizers.

Its here—arrived today—the newest in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

Harold Garver, who has been stationed at Norfolk, Va., in the navy has received his discharge and is now at his home in Abilene.

Its here—arrived today—the newest in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

Boys, you can't get that date unless your appearance is good. We specialize in laundry and dry cleaning, that will greatly enhance your appearance. A. V. Laundry, Phone 701.

Don Signor has finished the auto mechanics course at the college and is now employed in the repair department of the auto mechanic division.

Professor Hungerford, of the entomology department at Kansas university, visited the entomology department of the college Friday after noon.

Dr. D. M. Allen, head of the zoology department at Kansas university, gave a lecture at the zoology department seminar Wednesday at four o'clock.

Paul Pieratt, a former school of agriculture student, has recently received his discharge from the army and is now managing a farm in Coffey county.

J. B. Marcellus and Ira Taylor, of the drainage and irrigation department, spent Thursday in Ogden investigating a small irrigation project. Mr. Taylor will leave Monday for a two weeks' trip to Chase, Cowley, Cherokee, and Neosho counties where he will carry on drainage work.

Board and room for men and board for ladies at College Club. 7-tf

Miss Mona Vogleman has been out of school this week on account of illness.

Frank Swanson has been out of school the last few days because of illness.

Miss Mildred Rust, sophomore in home economics, is ill with the influenza.

Miss Roberta Young, student in the school of agriculture, has withdrawn from school.

Prof. J. K. T. Eckblaw has been unable to meet his classes this week on account of illness.

Miss Edna Chapin, student in general science, has returned to school after a week's illness.

Lieutenant Tom K. Toothaker, '15, who has just returned from overseas, is here visiting his brother.

That old suit will look almost like new, if you let us dry clean it. Try it. A. V. Laundry, Phone 701.

G. E. Austin a former student, is now back in school taking the traction engine short course work.

Mr. Hazelwood of the Moline Universal Tractors company, lectured here Monday to the tractor students.

Attend the Festival Week of music and drama at the College, March 17-23 7-2t

Georgie Moffit, freshman in general science, has been out of school the past few days on account of illness.

Girls, that evening gown will look JUST RIGHT if you let us dry clean it for you. A. V. Laundry, Phone 701.

If your coat swags in front—and does not fit you around the neck as well, Hand me downs, too; See Shute.

The screen's most emotional artiste, Pauline Frederick in "The Woman on the Index," at the Wareham theatre tonight.

Prof. Hungerford of the department of entomology at K. U., visited the entomology department of this college last Friday and Saturday.

Dudley Atkins, '13, has recently been appointed county engineer of Deniphan county. Mr. Atkins has previously held responsible engineering positions with the government and the Union Pacific railroad. For the past few years he has been assisting his father in the hardware business.

W. J. Rodgers, master gunner in the coast artillery received his discharge recently and has enrolled in the flour mill engineering course here. Mr. Rodgers has been in the service for two years and a part of the time was spent in the Hawaiian Islands.

A soldier was standing at the counter of one of the South Country Y. M. C. A. huts, having a little refreshment, when up came his chum. "Halloa, Tom," he said, "what have you got there? Tea or coffee? Tom shook his head sadly. "They didn't say," he replied. —Tit-Bits.

WHY PAY MORE?

Than the prices we are quoting in this ad. Take advantage of these reductions and lay in a supply for now and spring. This is not a sale to clean up odds and ends, but a genuine effort to reduce our stock of high-grade men's clothing, shoes and furnishings, overbought by the different managers, while Mr. Morris Galitzky was in the army.

THE KANSAS STATE COLLEGLIAN

VOLUME XXV.

NUMBER 42.

KANSAS STATE AGRICULTURAL COLLEGE, MANHATTAN, TUESDAY, MARCH 11 1919

FOUR PAGES

PRICE FIVE CENTS

FRIDAY IS ROUGHNECK DAY

EVERYBODY TO BE ON THE CAMPUS WITH ABUNDANCE OF PEP.

Students Who Appear on The Hill Must Be Dressed Appropriately — Good Clothes Are Forbidden.

K. S. A. C. will celebrate Friday, March 14, as the Ides of March this year. It has been so decreed because there will be more students on the hill that day, than on Saturday March 15. Also since the fifteenth will come on Sunday next year, it is thought wise to establish a precedent for celebrating one day in advance.

On that day, the one democratic day of all the college year, no son of Adam will be brave enough to apportion that awaits him who can appear in civilized costume upon this hill of knowledge for fear of the dire not persuade himself to drop the conventionalities of dress for even one day. It will be little better for him who "hoboes" just enough to "get by."

It is likewise a custom for the girls of the college, upon that day to dress in a manner suitable to the occasion, reverting to the days of their childhood, or the dress of their grandmothers, as fancy dictates.

All races, all classes, all characters may be seen upon the campus when the annual roughneck day has come. Chapel is the gayest of all the year. From pit to gallery, all is one motley array of colors; the characters of history mingle freely with the more prevalent hobo; strange sounds are emitted from every gang, and the song "Hail! Hail! the gang's all here," sweeps through the assembly, gathering momentum as it goes.

For several days before the memorable day, there is a feeling of expectancy in the air around the college, and everyone is wondering if the others remember. But when the morning arrives, riotous yelling, followed by strange sights, recall to the minds of all that the Ides of March have come again.

The first roughneck day was celebrated in K. S. A. C. in 1916, and this makes the fourth anniversary of the day. It is not expected that there will be any less pep this year than is usually displayed upon that day and that when the college world settles to rest the "night after", it may look back upon a most successful representation of roughneck day, and the Ides of March, although coming one day early will have brought a hearty laugh to all.

Lt. Knox Back in School.
Lieutenant Ray S. Knox of Jetmore, sophomore in engineering here last year, is again enrolled in school. Lieutenant Knox was an instructor for the training detachments stationed at the college last summer, and entered the S. A. T. C. here this fall. He was one of the number sent to Camp Taylor from his college to attend the officers' training camp, and received his lieutenant's commission, also his discharge from the army, and returned Thursday to take up his work here.

Dinner Work Begins This Week
Once more the senior girls are growing a trifle pale, and perchance a bit shaky about the knees. Once more they begin to search wildly through current and bound magazines for brilliant ideas on table decoration and menus, and to peruse "Robert's Rules of Etiquette." Dinner work begins this week.

Art Department Makes Costumes
The Domestic Art department of the college has charge of making the costumes for the chorus of the opera "Naughty Marietta" which is to be given during Festival Week. The costume making has been under the direction of Miss Hunt.

Dr. Theodore Macklin is ill at his home this week with influenza.

TODAY'S THE DAY
Every senior should order his commencement invitations today at the window opposite the college postoffice.

ORGANIZED A NEW COMMITTEE

That Students and Faculty May Enjoy Closer Fellowship.

A new committee on student affairs has been organized for this semester, and will take an active part in all college activities.

It is the hope of President Jardine that this committee will aid in developing a more satisfactory student social environment on the campus and to develop a more cordial and democratic relationship between the students and faculty members.

This new committee on student affairs will hold a meeting Wednesday afternoon to make plans for their work this semester.

The members of the committee are: Dr. J. R. MacArthur, chairman; Dean Mary P. Van Zile, Professor H. H. King, Professor W. A. Lippincott, Professor A. E. Westbrook Professor C. F. Baker, and Miss Elizabeth Rothermel.

REVIVE OLD BASE BALL PEP

Do Away with Paddling of Freshmen — Let Them Bring Dates.

"Whether it would be possible to arouse again the old time college spirit to the fullest extent, and whether base ball should be continued as a college activity, were the questions put to the student assembly by Coach Clevenger, Prof. H. A. King, "Josh" Billings, and President Jardine, last Friday morning.

The speakers quite generally conceded that the habit of paddling the freshmen at the games for violation of college customs, or because they bring dates, is a pernicious one. It not only lessens the college pep, but detracts from the interest of the game as well, they urged. "We had better pep when the girls were there and God bless them, we want them again," said Prof. King. In response to this the boys present voted, unanimously, to do away with the custom of ridiculing dates.

President Jardine urged that all organizations, including the student council, literary societies and fraternities get behind the college athletics and put some real pep into the yell.

K. S. A. C. Pests
If Everett True's umbrella were yours what K. S. A. C. pest would you want? The Collegian would like to hear from the students and faculty members on this subject.
Names must be signed to all notes sent in, for the editor's benefit whether they are published with the articles or not.

Dr. Allen Speaks to Science Club

Dr. B. M. Allen, professor of zoology at K. U. spoke before the science club Wednesday evening on the subject, "Evolution and Ethics." He reviewed the causes of the war and showed how it had seemed necessary in the past to have conflicts in order to make progress and keep down the population. But with the modern knowledge of the laws that control life and death and the opportunities in education and sociology, it ought not to be necessary to continue these deadly conflicts known as war.

Agronomic Seminar Proves Lively.

Agronomic seminar bids fair to be a great success this semester. The programs are composed entirely of discussions of topics of agronomic interest by seniors in agronomy. Professor S. C. Salmon conducts the seminar.

Usually one member of the class gives a twenty minute review of some important bulletin, while the rest of the time is utilized by five minute reports of different members of the class on interesting articles in current issues of farm papers, such as Orange Judd, Farmers' Mail and Breeze, or Country Gentleman.

As other professors are present and offer criticisms or ask questions the student has valuable experience in speaking before audiences that are critical. The course is of great help to those who intend to teach or do county agent work.

Miss Zella Bossen, stenographer in the engineering department, has been called to her home in Mankota on account of the death of her father.

SALESWOMEN FOR A DAY

EIGHTY COLLEGE GIRLS TO BOOST FESTIVAL WEEK

Teams from Student Societies Will Dispose of The Tickets Under The Y. W. C. A. Auspices

The Festival Attractions
March 17—Music Faculty Quartet and College Orchestra Concert.
March 21—Opera, "Naughty Marietta."
March 22—Play, "The Road to Yesterday."
March 23—(afternoon) Oratorio "Elijah." (Evening) Lucy Gates Recital.

Eighty college girls yesterday perfected the organization which will canvass the campus today, selling tickets for the big annual Festival Week—the yearly K. S. A. C. music and dramatic feast.

Each of the women's organizations has chosen teams of eight girls. The winning team will be given the best seats in the house for the entire festival. All the girls will operate under the Young Women's Christian association, which is to receive a portion of the sales in exchange for selling the tickets.

Miss Mildred Inskeep, general secretary of the Y. W. C. A. and Miss Helen Louise Giles, who are in charge of the drive, were enthusiastic over the prospects yesterday.

"With few exceptions, the sororities and literary societies have shown a wonderful spirit of cooperation," said Miss Inskeep.

A "pep" meeting yesterday afternoon was conducted by A. E. Westbrook, director of music; H. W. Davis, associate professor of English; and C. J. Medlin, student business manager of the festival. Mr. Westbrook outlined the events of the week to the 80 girls, to whom Mr. Davis and Mr. Medlin gave pointers on salesmanship.

Miss Giles has announced the personnel of the organization teams. The groups follow.

Franklin—Capt. Ruth Huff, Mary Hill, Jean Baker, Edith Muir Myrtle Carey, Mabel Swanson, Nettie Wismer and Helen Gott.

Pi Beta Phi—Capt. Marguerite Miller, Hortense Caton, Ruth Eppeler, Marie Haynes, Goodner Forsythe, Margaret Epperson, Elizabeth Adams and Esther Andrews.

Brownings—Capt. Caroline Sloop, Elva Price, Vera Samuel, Jewell Sappinfield, Margaret Brown, Alta Hepler, Florence Mather, and Verla Dahne.

Eurodelphians—Capt. Irene Miller, Faye Williams, Edna Wilkins, Elizabeth Dickens, Mary Crumbaker, Gussie Johnson, Marcia Seiber and Pearl Hoots.

Ionians—Capt. Elizabeth Circle, Dora Cate, Lucile Heizer, Irene Graham, Esther Waugh, Katherine McQuinnan, and Marian Harling.

Kappa Kappa Gamma—Captain Betty Cotton, Irene Seery, Alfreda Honeywell, Mary Dudley, Mary Francis Davis, Norine Weddle, Gladys Ross and Ruth Goodrum.

Delta Zeta—Captain Dorothy Ann Cleason, Lenore Edgerton, Netta Dubbs, Ada Robertson, Viola Brainerd, Madeline Locke, Edith Wakefield and Ollie Klotz.

Alpha Delta Pi—Captain Hazel Taylor, Gladys May, Evelyn Glenn, Elizabeth Brown, Ruth Lambertson, Greta Gramse, Mildred Arends and Lillian Stewart.

Chi Omega—Captain Mary Kirkpatrick, Ruby Crocker, Prudence Stanley, Nell Robinson, Enola Miller, Marguerite Bonduant, Elsa Brown, and Edith Ralston.

Alpha Beta—Captain Eva Gwin, Mildred Rust, Olive Logerstrom, Ruth Turner, Dorothy Mosely, Ruth Crowson, Alice Montgomery and Bertha Gwin.

Curtis Brewer to Study Abroad.
Curtis A. Brewer, former student in college, who is at Base Hospital 51 at Toul, France, has written to the Registrar asking for his credits as he expects to enter a British University in a short time and complete work toward his degree over there.

Miss Dorothy Mell was out of school last week on account of illness.

COSTUMES FOR OPERA ARRIVE

Work on "Naughty Marietta" Progressing Well

"The costumes for the opera 'Naughty Marietta,' have been ordered and will be very beautiful," said Miss Florence Heizer, coach in dramatic acting. "The work on the opera is coming on splendidly," she continued, "notwithstanding the difficulty of the music and the many drawbacks due to the prevalence of epidemics."

"The opera is by Victor Herbert, and is more difficult than anything we have yet attempted, but present indications make for a very successful rendition of this catchy but effective opera."

Mrs. Elizabeth Whitmore, stenographer in the feed control department, was the dinner guest of Mrs. Ed. Thierer of Eureka valley, Sunday.

RELEASES MUST BE RECORDED

Service Bonus Given Only When Discharge Is on File.

Have you had your discharge or release recorded at the court house and sent in an application for your sixty dollar bonus?

There is considerable excitement among the boys in college regarding the bonus which the government is giving to all men who have been in the service. No one, however, appears to regret this sudden financial boost. In fact, many have already spent this promised sum.

Some have gone over to Funston to secure application blanks from the quartermaster department. They say it saves time and accomplishes the results. Others have rushed down to the court house to have their papers recorded as advised.

One boy, as soon as he found out about the bonus, put in an immediate appearance at the register of deeds' office. The latter didn't seem to give much satisfaction.

"Why," said the register, "I have heard nothing about this matter. Someone must be playing a joke on you."

"But I am certain about it," insisted the student. "It was in this morning's paper."

There followed a general search for the morning paper which was unearthed after several minutes. Then, as the register stood reluctantly reading the article, another young man, with papers in hand, came rambling in.

The first student greeted this new arrival with:

"Why hello, pard, and may you be wanting to get your discharge recorded?"

"You can bet I am," replied the other. "I don't want to take any chances on getting mine lost."

With this doubling up of customers the register of deeds decided to do as he was bid. Since then, he says, business has been heavy.

NOMINATE Y. W. OFFICERS

New Methods to Be Used—All College Girl Election

"Democracy does not consist of every one shouting but in giving every one the chance to shout and I hope they will," said Miss Mildred Inskeep, secretary of the Y. W. C. A., when telling of the new method to be used in nominating the officers of the Y. W. A. C.

The constitution provides for the nomination of the officers by a committee of seven representative college women but this year because the association has grown to be an all-school activity it is the wish of the Y. W. C. A. girls that every girl in college should help them do their thinking in the matter and also have a voice in the nominations.

A letter will be sent to each girl in college on Wednesday putting the proposition up to her and asking her assistance. A card will be enclosed which is to be filled out and returned. On this card she will indicate her choice for officers for the coming year.

The president and vice-president are to be chosen from the Junior class. A list of college women will be posted opposite the post office.

"The Y. W. C. A. is for all college girls," said Miss Inskeep, "and I hope they will all participate in this."

AGGIES WIN VALLEY CHAMPIONSHIP

Winning of Two Games Friday and Saturday Nights Gives Team Undisputed Right to First Honors

NINE CONFERENCE CONTESTS TO KANSAS STATE

CORNHUSKERS DEFEATED ON LOCAL COURT BY SUPERIOR TEAM—WORK AND SWIFT PASSING—LEAD EXACTLY BY 11 POINTS ON EACH NIGHT

Quintet Will Meet University of Missouri Friday and Saturday—Double Victory at Columbia Will Put The Aggies in Unprecedented in Athletics of Missouri Valley.

The Aggies are the champions of the valley. By defeating Nebraska in both games of the series here, they undisputedly proved their right to leadership in the valley race. Both games were fast, but the superior teamwork and swift passing Aggie team outclassed the Cornhuskers, who vanquished Missouri in two hard fought games.

Only two more games remain in the way of an all victorious season, as the Aggies have won nine consecutive conference games and all of the minor contests, and the student body will be back of the team to a man when they play Missouri. The Aggies copped the first game 34 to 23, and the second 30 to 19.

In the first game the playing was rough and fast. The Aggies started the game with a rush that took the Cornhuskers off their feet and kept this lead until the middle of the second half when the Nebraskans surged forward and came within six points of catching the Aggies.

Jennings and Cowell each threw a field goal and Johnny Clarke tossed in four free throws before the Huskers had a chance to score in the beginning of the game. Shellenberg started the scoring for the visitors but Jennings, Bunker and Clarke continued to drop in baskets to the total count of seventeen before the Nebraska five started on their one spurt of the game. Kacer and Jackson succeeded in tossing the ball thru the basket several times before the half ended. The score at the end of the half was 19 to 12 for the Aggies.

The second half started with a free throw by Clarke and a goal by Jackson. The two teams played a very even game for the first eight minutes of the second half. Jennings tossed two in quick succession. Kacer counted one from the floor followed closely by another by Jennings. Jackson was given two chances at free throw and accepted both. Gillilion for the Huskers tossed a field goal and Clarke made another free throw. Bunker pulled the star basket of the game, standing about six feet ahead of the center of the field and seeing no one open under the Aggie basket, he tossed the ball into space and it landed squarely in the hoop without even the slightest scrape against the iron ring.

Hinds followed with another field basket making the score 31 to 20. Jackson was given another chance at the free throw and Clarke followed with two of the same variety. At this point the Aggie substitutes were put into the game and the Husker free tosser was given two more chances at his favorite sport of tossing, free throws. Clarke got the last chance of the game and made the score 34 to 23 for the Aggie champions.

Both teams played a wonderful defensive game but were rough at times. Hinds and Reynolds were taker out of the game for personal fouls. Both teams made fourteen fouls. Clarke tossed twelve free throws out of his fourteen chances and Jackson got eleven.

The team work of the Aggies was the spectacular feature of the game. Throughout the game they played a wonderful helping game tossing the ball over and around their opponents with ease. Jennings at center played his usual game tossing baskets over the Husker's heads without interference. Clarke at guard, played one of the best games he has ever

played holding the Husker forwards down to a total of six goals for the game. The substitutes put in in the last five minutes played a very good game and gave the spectators an idea of what they can expect from these men next season.

The score:

AGGIES	G	FT	F
Hinds rf	1	0	6
Bunger lf	3	0	1
Jennings c	3	0	4
Clarke rg	1	12	2
Cowell lg	1	0	2
Kecker rf	0	0	0
Foltz lf	0	0	0
Winters c	0	0	0
Blair lg	0	0	0
Total	11	12	14

NEBRASKA	G	FT	F
Jackson rf	1	11	0
Gillilion lg	1	0	1
Schellenberg c	1	0	1

Total	6	12	14

THE SECOND GAME

In the second game the Aggies started with two free throws by Clarke and a goal from the field by Jennings before the Huskers got started. The Stewart men tossed only one goal before the Aggies had advanced the score to ten through the efforts of Jennings and Bunker. Newman the little guard for the Nebraskans tossed a goal and Cowell followed with a long shot from behind the free throw circle. Bailey and Jackson tossed a basket each and brought the score to seven for the Huskers and twelve for the Aggies. Clarke tossed three free throws and one field goal while Jackson was making another two points for the Stewart men. Bailey and Jackson each scored again and Clarke tossed another free throw and the half ended 18 to 11 with the Aggies in the possession of the seven point lead.

The Huskers started the second half with a rush and the crowd began to fear for the game when Captain Clarke called time and had a friendly consultation with his men. They entered the game with renewed strength and after Johnny had tossed two free throws Hinds scored a goal and Bunker landed two through the iron ring. Johnny tossed two free throws before the Huskers again scored. This gave the Aggies a lead of eleven points which was never lowered. Coach Clevenger put in his substitutes in the last five minutes and the Huskers took advantage of their chance to score four more points. Clarke tossed two more free throws and the game ended with the score 30 to 19.

The team work of the Aggies again was a feature of the game as it was Friday night. The ball was in Aggie territory almost all of the time and at times during the game the play was the fastest that has been seen on this court for the past two years. The Aggies were tired from the game Friday night and parts of the game were slowed down considerably on that account. Twelve of the Aggie points out of 13 attempts were made from the free throwing of Captain Clarke. During the first

FOR PRINTERS ONLY

The college printing department is up to date in one line at least. They now have a brand new family of type lice which is a cross between the old Ferrus and Aqueous families.

The lice were very poorly trained when they arrived at the college. The faithful printer's devil has been having great difficulty in keeping them out of the pie and has even had to rescue them from the hell box a few times, but their worst fault was their jumping at persons who came in to look at them. However, they are becoming much more genteel than they were at first.

Professor Keith has stated that every student who really wishes to be educated should come down to the basement of Kedzie hall and see the type lice.

HEAR LUCY GATES

Do you realize that the brilliant coloratura soprano, Miss Lucy Gates, is to appear in recital in the closing number of the Festival Week. Many critics proclaim her the equal, if not the superior of Galli Curci. She is the highest priced artist ever brought to Manhattan.

It is up to the Aggies to get behind the music department and back them up in bringing such a high priced artist to the college. Besides this number there are four splendid numbers to be given by local talent. K. S. A. C. is one of the few schools in the country which can boast of such an undertaking as the Annual Festival week.

If any money is made from the Festival Week it goes to buying scenery for the auditorium stage, something which we are greatly in need of. Invite some of your high school friends to visit you, and get them interested in K. S. A. C. Make Festival week the biggest event of the year for out-of-town visitors, an event which will be a constant and powerful advertisement for the college.

Types of Sailors With Their Different Dress Idiosyncrasies

Scene: Lounging rooms of the Y. M. C. A. at New London, Conn.

Setting: Jumble of tables, chairs, sofas, magazines, bulletin boards, waste baskets.

Atmosphere: Banging of piano, whirl of victrola, animated conversation, crack of billiard ball, the patter of feet in the gym. A dense haze of smoke.

Subject: Types of sailors with their different dress idiosyncrasies. Victim I: Tall and rangy. Baggy clothing. Rookie hat (one that isn't sewed) halfway on head. A navy Reuben.

Victim II: Short and plump. Cheap pair of pants. Nifty tailored blouse with diminutive collar. Sewed hat cocked low over one eye. Necktie tied in square knot which hangs near waist line. A fair specimen of a naval cadet.

Victim III: Medium height. Well-built. Smooth complexion. Clear sparkling eyes. Tailored suit of beautiful soft blue broad-cloth. Shoes shined to a finish. Flat rolled neckerchief. Silk socks. Cunning waist watch. Liberty bond button. Member of sailor's aristocracy.

Victim IV: Intermediate height. Crafty hard-boiled expression. Super sewed hat on tip of head. Abundant shock of hair showing. Sea-going gait. Collar turned at the corners. Faded suit. Some salty pup!

Victim V: Blue jersey, laced at neck with shoe-string. Rookie hat, badly soiled. Ill-fitting clothes. Muddy shoes. Smutty face. Wrinkled neckerchief. Typical naval slouch.

A Double BILL

Roscoe "Fatty" Arbuckle in "The Sheriff" and Mae Marsh in "The Bondage of Barbara", at the Wareham Theatre tonight.

Mrs. Busybody: "Your husband goes out a good deal, doesn't he?"

Mrs. Keen: "Oh, I don't know; he doesn't go out any oftener than he comes in."
—Boston Transcript.

STUDENT MIND

Dear Editor:

Won't somebody either make a rule forcing special students to take eighteen hours of work or else limit the amount of time that they may spend in preparation of a lesson? It is so discouraging, after you have almost broken your neck to prepare for four recitations in one day, to go to class only to hear a special student taking five or six hours of work glibly rattle off everything that you don't know about the lesson. Of course the professor grades the whole class according to the way their work measures up to that of the special student. As a result there is one E in the class and a multitude of Ms and Ps. Couldn't all the specials wear little tags or some other mark of identification to distinguish them from the common run of students burdened with eighteen hours?

Elizabeth D.

(Continued from Page One.)

AGGIES WIN VALLEY CHAMPIONSHIP

half Johnny threw six free throws out of as many attempts. Jackson tossing for the Huskers obtained only five out of thirteen. Bunker playing left forward for the Purple team showed an exactness at tossing baskets that netted the Aggies eight points despite the fact that Patty, Nebraska's right guard, tried to follow "Bung's" every move and was sticking to him like a leech.

Jackson for the Nebraskans played the star game of that team. His floor work was good and he succeeded in tossing three of the Huskers' seven baskets beside netting his team five points via the free throw route.

With the Nebraskans taken into camp the Aggie team has only one opponent left to squelch before she can claim the distinction of being the first team in the Missouri valley to clean up the season with a perfect record. Missouri is the only obstacle in the path of the Purple team that may hinder them from accomplishing this feat.

The fact that the Missourians are at home on their own court is the only obstacle that the Clevelenger men will have to overcome to out play their opponents of next Friday and Saturday. The Aggies have the strongest team of the two and they will fight to the finish to place the Kansas school in a place that has never before been occupied by a Valley team.

Irritated Prof. For Once Was A Poor Shot

"Are all the windows closed down tight?" demanded the professor as he entered the class room one chilly morning. "If not, close them at once I dislike to have my classes interrupted by requests to close the windows."

With this little preliminary, the class work progresses. Slowly the work drones on, interrupted here and there by a suppressed shiver as some fair one smuggles closer into her furs or moves nearer the radiator. Now an audible snore breaks upon the stuffy silence, followed by a surprised start as the sleeper nods too far forward.

"Mr. B—," rasps the annoyed professor, "will you discuss this question further?"

"Er—why—I beg your pardon, sir, I didn't quite understand."

"I thought as much," hurried back the professor. "After this, Mr. B— you better confine your dates to Saturday night."

"Yes sir—" meekly responds Mr. B. who knows he hasn't had a date since he entered college.

Charles H. Blosser Tells Experiences In Foreign Lands

Sergeant Charles H. Blosser, former student in college who is in France with the Headquarters troops of the 8th division, tells in a letter written November 23rd, of his trip over and the time he has spent in France.

"On the night of August 22nd to 23rd Camp Dix was very closely guarded because on that night our division began its movement overseas. All the day of the 22nd we were passing the final physical examinations, making up our packs, and getting every thing into shape for our start. At about eleven P. M. we left our barracks.

"As we were headquarters troops, we rode in trucks to the depot and this avoided for a little while the ordeal of carrying these 80 pound packs which are every soldiers bugbear. At about four A. M. on the 23rd we de-trained in the Pennsylvania station at Jersey City and boarded a ferry boat, which took us across the Hudson to the Manhattan side, where we were to embark.

"From some advance dope I had I thought we were to make the trip on the Mauretania but she was late in coming in so we embarked on board the Cunard liner, Caronia, at about ten o'clock that same morning. We lay in the dock that day, getting settled, drawing our life preservers, which were to be our constant companions for the next fourteen days.

Set Sail for Foreign Port.

"At eight A. M. on August 24th we slid down the river with six thousand men on board the boat. It was an inspiring sight as we went out past the Statue of Liberty and saw the wonderful sky line of New York rise up to meet us. When we got out into the Narrows we found the remainder of our convoy awaiting us and after lying there for an hour to get all set we steamed out of the harbor, with one of the largest convoys ever sent across.

"Our convoy consisted of eleven troopships, two battle ships, a cruiser and a destroyer. For miles out and even after we were out of sight of sight of land, the aeroplanes were constantly circling over us and the destroyers were running in every direction on the sides. Finally the last destroyer and the last planes went back "Home" and we were off.

"Bright and early on the morning of September 5th, we were all packed up and ready to embark. Finally all the details of debarkation were satisfactorily settled and we landed in what I suppose was a typical London fog, although it was in Liverpool. The Red Cross and Y. M. C. A. were right on the job. We loafed around until about three P. M. when our transportation came and we loaded into third class compartments, eight men to a compartment.

"Just before we left the station at Liverpool they gave us the welcoming messages from King George.

No Waste Land in England.

"There does not seem to be a square foot of ground going to waste in all England. The whole country looks as though a landscape gardener had been at work on it and the towns are as orderly and clean as one can imagine. In the mining districts of Birmingham and other cities of that district, I saw long rows of tenements which I imagine were model tenements that I have heard about. We went through Oxford and Stratford and arrived at Winchester at one A. M. where we remained at a rest camp not far from Winchester, till we entered for Southampton. We waited here until toward evening to board the boat that was to take us across the channel. About dark we slipped down the harbor and past the Isle of Wight.

Arrive at Cherbourg—Go Hiking

"Early in the morning we sailed into the harbor at Cherbourg, and bright and early debarked and started on a four mile hike to a rest camp. On the night of the tenth we hiked back to Cherbourg and boarded box cars. On the morning of September 12 we arrived in the village of Pons near Bordeaux. In Pons we were billeted in old houses. Although we had been under orders for some time to start for the front, because of an epidemic of influenza, we did not entrain until the night of November 10th.

Orders Changed—See French Cities

"After the war was over our orders were changed as there was no hurry to get us to our destination. We were on cars for four nights and five days and saw a large part of France, Niort, Tours, Brouges, Samur Chatillon, and Chaumont being some of the cities we went through.

"As we got nearer the front we had an opportunity to talk with boys in the hospital trains coming back

from the front, and saw trainloads of equipment. It amazes one to see how much equipment we have over here. In one place I saw something like seventy large American locomotives. Some railroads are run entirely by the United States.

"On the morning of November 15, we unloaded at Fulainnand. The only fact that makes it interesting is that it is near the 'American Holy City,' Chaumont, which is where General Pershing has had his headquarters and it is directly on the road to the front.

Forget Dangers at the Front.

"After being over here it seems that every one forgets the danger that there is in being at the front and seems to be anxious to get there to do his part, but while we have never been right to the front, yet we have the effects of it in the hospitals and hospital trains.

"When we stop to think it seems as though we have been mighty lucky, and to make a long story short if we come home safely it will have been one of the greatest experiences I ever expect to have and as good as several years in college.

Proud to Say He Is American.

"The way the boys have gone at things over here and carried them out makes me prouder to say that I am an American than I have ever been before."

When The Day Is Done

I have eaten a bale
Of spinach and kale,
And I've never raised a row.
I have swallowed a can
Of moistened bran
And I feel like a brindle cow.
I am taking a snack
From the old haystack
In the evening shadows gray.
And I'm glad, you bet,
At last to get
To the end of a meatless day.
—Washington Star.

To A Freshly Cleaned Coat.

How sweetly doth my clean coat
smell!
What rare perfume!
The cleaning man fain did it well.
It scents the room.
But oh! The scent doth make me
faint,
It takes my breath!
When soil again my coat doth taint—
Lord, give me death!
—S. C. Yost.

387 TEACHERS NEEDED IN 3 DAYS

March 26-28, 1918, employers asked us to recommend 387 teachers for the best schools in twenty states and Hawaii. Before and after this date the most progressive Colleges and foreign countries used our service because they have learned to appreciate THE BEST. We recommend ONLY WHEN ASKED TO DO SO BY SCHOOLS in forty-two States and four EMPLOYERS. This is why OUR MEMBERS are usually chosen. They are wanted. No enrollment fee necessary. Register today for the best salaries. Ask for a copy of "STEPPING UPWARD."—The Western Reference & Bond Association. (744) Scarritt Building, Kansas City, Mo. 18-e tues

Ladies! Ladies!!

This is to inform you that

SHUTE, THE TAILOR

Is going to make

Ladies' Suits

To order.

We will furnish Material or make up your own Goods. Prices will range where he furnishes the goods himself from \$50.00 and up. Where you furnish goods, \$35.00 and up.

Suits on Display for your inspection.

Time required, 15 Days.

Gentlemen

You owe it to yourself to call and see

Shute's Spring Stock of Woolens

Whether you are in the market for a suit or not. He makes all his Suits here and they fit you snug around the neck, and stay up in front, because they are made from your Individual Measure and not cut for someone else, and hung on you.

All Suits Pressed and Kept in Good Repair for One Year Free of Charge.

If your Coat slops back in Front, See SHUTE. He will alter it for you at Small Cost.

His Goods are All Wool

And range in price from \$35.00 and up. No trouble to show you my Goods because they are the best.

I Thank you in Advance. You will thank me if I make you a Suit.

AGGIEVILLE

In College Society

Dancing Party.

The Sigma Phi Epsilon fraternity gave an informal dancing party Saturday evening at the Elks' Hall. The music was furnished by a three piece orchestra. During the evening refreshments of punch and wafers were served.

Professor and Mrs. A. M. Paterson and Miss Perry chaperoned the party. Professor and Mrs. H. W. Davis and Coach and Mrs. Z. G. Clevenger were the guests of the fraternity.

The out of town guests were Miss Katherine Coulter and Miss Madene Cox of the Kansas university, Miss Wilma Scott and Miss Madge Hill of Washburn, Mr. Emil Lucky, Mr. Bill Putman, Mr. Bob Russel, and Mr. John Pickett of the Nebraska chapter of the Nebraska university, Mr. Austin Smith and Mr. Cabel Jackson of the Delta Upsilon fraternity of Nebraska university.

Alpha Delta Pi.

Mrs. Clara Willis Larmer, '16, and her son, Bernard Jr. spent the week end at the Alpha Delta Pi house.

Miss Mary Minor of Salina spent the week end at the Alpha Delta Pi house as the guest of Mrs. Larmer. Miss Minor came to attend the Sigma Alpha Epsilon formal dance.

Miss Ruth Garvin spent the week end at her home in Lawrence.

Miss Bernice McFarland who took post graduate work here last year is now working as dietitian in the Cook county hospital at Chicago.

Delta Delta Delta.

Mrs. D'Elise Bryan Taylor, '15, of Chapman and Miss Anne Bingham of Emporia, were in Manhattan Friday, to attend the Sigma Alpha Epsilon Founders' day dance. Mrs. Taylor is one of the oldest members of this chapter of Tri Delta.

Miss Grace Ratliff of Ogden was a week end guest at the Tri Delta house.

Miss Buena Myers of Clay Center, arrived at the Tri-Delta house Sunday for a short visit.

Pi Kappa Alpha.

Mr. Leonard Fuqua of Camp Funston was a week end guest at the Pi Kappa Alpha house.

Mr. Russel Knapp was a Thursday night guest.

Mr. Lester Gfeller spent the week end at his home in Junction City.

Mr. Merton Dull has a position this year with an electric company in Chicago.

Week End Guests.

Miss Wilma Scott and Miss Madge Hill were the guests of Miss Lee Winter this week end. Miss Scott is a special in music at Washburn. Miss Hill attended school here last year and is now teaching school near Lawrence. The girls came to attend the Sigma Phi Epsilon dance, Saturday night.

Delta Zeta.

Miss Bess Sloan who is now teaching in Salina spent the week end at the chapter house.

Miss Lenore Edgerton spent Saturday at her home in Randolph.

The Delta Zeta sorority held open house between four and five o'clock Saturday afternoon for the Beta Theta Pi fraternity.

Chi Omega Tea.

The Chi Omega sorority gave a tea Saturday afternoon between three and five o'clock for Mrs. S. C. Pettit, their house mother. The guests were the patronesses of the sorority and the house mothers of the various fraternities and sororities. The house was decorated with ferns and spring flowers.

Founders' Day Banquet.

The seventh annual founders' day banquet and dance of the Sigma Alpha Epsilon fraternity were given Friday evening, March 7, at the Elks' Hall. The banquet room was decorated in purple and gold, and at one end of the hall a large illuminated badge of the fraternity. A seven piece orchestra furnished the music.

The guests at the banquet were Prof. John R. McClung, Mr. Fred R. Greeley, Mr. Guy Varney, Mr. Morrial Moore, Mr. Clarence Fickel, of Manhattan, Capt. Bruce Lovett of Larned, Mr. C. Forrest Zeigler of Tulsa, Okla., Mr. Bernard Lamar of Salina, Mr. Merlin Willhoite of Drexel, Mo., Mr. Marion Mitcheck of Hutchinson, Mr. Paul Jeffcoat of Abilene, Lieutenant S. Noel and Sergeant Dickenson of Fort Riley, Mr. William Schmitt, Mr. Paul Martin and Mr. Harvey Martin of Junction City, Mr. John A. Billings of Grantville, Mr. Holt of Topeka, Mr. Frank McGinnis Jr., Mr. Stoddard and Mr. E. A. Crouger of Lawrence, Mr. W. T. Carlyle of Gainsville, Ga., Mr. Robert Taylor, Mr. Leon Taylor of Chapman, Mr. J. Wesley Lucas of Kansas City, Mr. Jerrold Scoutt of Kearney, Nebr., and Ensign Giles Sullivan.

Sigma Alpha Epsilon.

Lieut. Sidney Noel was a guest of the Sigma Alpha Epsilon house last week end. Lieutenant Noel has just returned from France.

Ensign Giles Sullivan was a guest of the house last week end. Ensign Sullivan received his commission at Penscola and was discharged last Wednesday.

Capt. Bruce Lovett left Sunday for Kansas City after spending the week end at the house.

Lieut. Ned Noel, now assistant Camp Adjutant at Fort Riley expects his discharge in two weeks.

For Miss Strain.

Miss Stella Strain, '18, was the guest of honor at a dinner at the Pines Food Shop, Monday evening on March 3. The dinner was followed by a line party to the Wareham theater.

The guests at the party were Mrs. Emma Hoag, Miss Stella Strain, Miss Bess Burdick, Miss Helen Sloan, Miss Eva Snyder, Miss Gladys Love, Miss Ravena Brown, and Miss Francis Russell.

Miss Strain left Tuesday for Topeka where she has accepted a position with the Rock Island company.

Kappa Kappa Gamma.

Mrs. Robert Cushman, who has just returned from the east is spending a few days at the Kappa house before going to her home at Cedar Rapids.

Miss Betty Cotton spent last week end at her home in Wamego.

Miss Dorothy Edwards of Junction City spent the week end at the Kappa house. Miss Edwards came in to attend the Sigma Alpha Epsilon formal.

Miss Helen Lawson spent Friday at the Kappa house.

Shamrock.

Mr. and Mrs. Evans, Prof. and Mrs. Armond Doerner, Miss Noraine Wattle, and Miss Ollie Klotz were Sunday dinner guests at the Shamrock house.

Sergeant Karl Killarnay was a dinner guest at the Shamrock house last Saturday.

Mr. Charles Hagburg and Mr. G. Reed of Clay Center were week end guests at the Shamrock house.

Mr. G. M. Pickrell of Augusta, is visiting his son, Mr. R. M. Pickrell. Mr. Lawrence Stonge spent the week end at his home in Riley.

Bridge Party.

Mrs. J. E. Ackert entertained with a bridge party Saturday afternoon from three till five o'clock at her home at 1605 Humboldt. Six tables were used.

During the afternoon Mrs. Ackert served a two course luncheon to the guests. A green and white color scheme was carried out in both the decorations and the luncheon. Twenty-four guests were present. They were ladies of the faculty.

Dinner Party.

Miss Augusta Hartloff entertained on Friday evening with a six o'clock dinner at her home, 917 Pierre. Covers were laid for Miss Dorothy Hammond, Miss Bess Soupenne, Miss Hartloff, Lieutenant L. Joyner, Lieutenant Raymond Paine and Mr. Whitford Alexander.

Astex.

Mr. Henry Gentry spent the week end in Topeka carrying on dairy experiments.

The Astex fraternity entertained with a house dance Saturday evening.

Mr. Sheridan Spangler spent the week end at his home in Abilene.

Mr. George Hanna of Clay Center, was a guest at the house Friday.

Dean and Mrs. F. D. Farrell were dinner guests at the house Sunday.

Social at Presbyterian Church

There will be a box social at the Presbyterian church on Friday evening, March 14. All college girls are invited to come and bring boxes.

Co-Ed Makes Dumplings But They Disappear

It was Sunday and the pretty co-ed was left at home to get dinner. She was not a home economics girl or this would have been no task at all but as she was a general science student the work progressed very slowly. Finally the potatoes were on and the chicken done and it was time to make the dumplings.

Now she had been told several ways to do this and the last words of her mother had been "Don't make them too stiff." So she mixed the proper ingredients and was careful to drop them in the boiling broth and then put the lid on and let them boil for twenty minutes. She had the fire burning so hard the dumplings soon began to boil over.

"Take off the lid," ordered her brother. But the co-ed shook her head and said that would spoil them then she put a fork thru the bale of the kettle and lifted it up and held it over the blaze high enough so it would not boil over for the remainder of the time.

Then she took off the lid but where were the dumplings. She got a spoon and stirred and stirred while her brother's laughter rang in her ears. There was nothing in the kettle. When mother returned home she said the dumplings were stirred up so thin that they merely made a thickening for the broth.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

TO DEBATE WITH STATE NORMAL

Aggies Go To Emporia—Girls Challenge Warrensburg Normal and Southwestern

Arrangements have been made for a men's debate with the Kansas State Normal school to be held at Emporia during the latter part of April or the first of May.

The question to be debated is "Resolved, That the single tax on land should be substituted in the place of all other forms of local and state taxation." This is the same question which is to be used in a dual debate with Ames, May 9.

The Normals have chosen the negative side of the question so K. S. A. C. will send an affirmative team to Emporia. The Ames and Normal squad are meeting together and the men have been divided as follows: Affirmative, J. W. Barger, A. N. Burditt, Turner Barger, E. W. Frost, W. R. Horlacher, E. J. Price, E. R. Sweet and E. H. Willis; negative, M. J. Lucas, M. A. Graham, Floyd Hawkins, and Calvin J. Medlin. Two teams will be selected from the affirmative squad, one to debate Ames here and one to go to Emporia. A team from the negative squad will represent the Aggies at Ames.

The girls have a triangular debate scheduled for this spring between, Southwestern college, Warrensburg Normals, and K. S. A. C. The question to be discussed is "Resolved, that the president's cabinet should have seats in congress but no vote." The girls working on this squad are, affirmative: Mary Hill, Mable Bentley, Irene Graham, Olive Logestrom, Jewell Sappenfield, and Ella Stinson; negative: Christabel Atchison, Elizabeth Circle, Clara Howard, Eloise Morrison, Lucretia Scholer, and Grace Turner.

"The Light of the Western States"

Dustin Farnum in "The Light of the Western Stars" perfectly typifies the Western hero with conviction, virility and red-blooded action. At the Wareham Theatre tonight and tomorrow.

Its here—arrived today—the new set in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

FOOD CONTROL SEIZES GOODS

Thirty Persons Prosecuted for Misbranding Feeding Stuffs.

The feed control office in connection with the federal authorities seized eight car loads of cotton seed cake last week which was shipped into the state without labels, which is in violation with the federal law.

The feed control office has just completed prosecution papers on thirty cases for violation of state and federal laws relative to shipping misbranded feeding stuffs in interstate commerce. Quite a number of cases have as yet not been completed.

Bring that Tennis Racket to the Co-Op Book Store to be restrung.

See Dustin Farnum in "The Light of the Western Stars" at the Wareham Theatre tonight and tomorrow.

Mrs. Leo Moser took out an assignment Monday for the spring semester. Mrs. Moser is a senior in home economics.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

You owe it to yourself to see Shute's new spring wools, whether you want a suit or not.

Ralph Snyder, a former school of agriculture student, has been visiting friends here the last week.

Why be satisfied with anything but the best? We can satisfy you. Give us a trial. A. V. Laundry, Phone 701.

Attend the Festival Week of music and drama at the College, March 17-23 7-2t

You will soon be carrying an I-P Loose Leaf Note Book. Why not get it now at the Co-Op Book Store?

Professor L. D. Bushnell has returned from California, where he was called on account of the death of his father.

To facilitate handling the crowds during Festival Week rush, leave your homes not later than 7:30 o'clock. 7-2t

Save time and trouble. Send your dry cleaning with your laundry. We can please you. A. V. Laundry. Use Phone 701.

Hear Lucy Gates, coloratura soprano, the highest priced artist ever brought to the College, Auditorium, March 23. 7-2t

John Musil, a former student in engineering, is in Manhattan on a furlough from the navy. His home is in Blue Rapids.

Mr. and Mrs. Hiram S. Gish, '14, have moved from College Hill to Williamsburg, where they will make their home on a farm.

George Gemmel of the home study service, will speak to the Douglas county teachers' association at Lawrence, Saturday March 15.

Thomas E. Clark, '10, has been employed by the Barber county farm bureau as county agent. Mr. Clark took charge of the work, March 5.

Its here—arrived today—the new: in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

Carl Ipsen, '16, has received his discharge from the army and is visiting friends here. He will take up his former position with the Westinghouse company, soon.

Miss Rose Straka, '18, who has been in the government service at Camp Cody, N. M., is now at the Presbyterian Hospital in Chicago, where she is assistant dietitian.

V. L. Strickland, director of the home study service, division of extension, will go to Wichita Saturday, March 15, where he will address the Sedgwick county teachers' association.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

Miss Enid Beeler, who is teaching this year, spent the week end with her parents, Mr. and Mrs. S. D. Beeler of Manhattan. Miss Beeler was graduated from the home economics course here last year.

Arrangements are being made for a series of conferences in the extension division under the direction of Prof. H. W. Davis of the English department on the subject of business English and letter writing.

The Farm Bureau organization has been completed by the farmers of Marion county and an appropriation has been secured from the county commissioners for the support of the work. A county agent will be appointed in this county as soon as the man with the proper qualifications can be secured.

"Back to Peace Clothes"

In this moment of laying aside the uniform there surges through the heart of the soldier emotions too deep for words. There are sorrows for departed comrades. There are memories of privation and danger. There are joys of the home-coming. There are hopes for the days ahead.

But no regret, however heavy—no ecstasy, however light—can weigh against the sweet thanksgiving of the mother's heart and the veneration of the nation for him and for her.

R. R. DYKSTRA IS NEW HEAD

PROMINENT SCIENTIST TAKES CHARGE OF VETERINARY MEDICINE DEPARTMENT

Has Been Member of Faculty for Eight Years—Previously Connected with the Iowa State College

Dr. Ralph R. Dykstra, for eight years a member of the faculty of the Kansas State Agricultural college, is now head of the department of veterinary medicine. His appointment to fill this position, vacant for some time has just been announced.

Doctor Dykstra is one of the leaders in his field of study in the United States, and in addition is a very successful executive. For the year 1917-1918 he was president of the Kansas Ceterinary Medical association.

Active in Local Affairs

He is also active in local affairs in Manhattan. He is vice-president of the Chamber of Commerce and a member of its board of directors. He is prominent in Masonic work.

Born in the Netherlands, Doctor Dykstra came to this country with his parents when he was only 2 years old, and spent his boyhood in Iowa. He attended the Iowa State college, receiving his degree of doctor of veterinary medicine in 1905.

Became Professor at Once

Immediately upon his graduation he was made assistant professor in his alma mater, and remained at that institution for six years being professor of anatomy at the time of his resignation.

After a few months spent in the service of the bureau of animal industry, United States department of agriculture, Doctor Dykstra came to the Kansas State Agricultural college. His work here has been principally in the field of surgery. He offers a strong series of courses in this subject, and has also been highly successful in practical surgical work.

Prepare for Domestic Life

Girls Argue Relative Merits of Rolling Pin and Poker.

The main feature of the program of the Browning Literary society Saturday was a discussion about which was the more useful—a rolling pin or a stove poker.

Miss Leah McIntyre was initiated at the business meeting.

The lookout committee and the board of directors were also appointed. The members of the board of directors are Miss Jewell Sappenfield, Miss Helen Lucile Cooper, Miss Florence Mather, Miss Luella Diest, and Miss Clara Belle Howard. The members of the lookout committee are Miss Ruby Ellerman, Miss Gladys Bushong, and Miss Gladys Addy.

TRACTOR WORK IN BARRACKS

Two More Building Taken Over for Vocational Training

Two more barracks are to be taken over for tractor and gas engine work. One of the new buildings is to be used for stationary gas engine work. The other will be used entirely for traction repair work. The gas engine work is now done in the farm machinery hall and repair work done in the present laboratory.

In the tractor laboratory a device is being completed to raise the back wheels of the tractors so that the engine can run and students shift gears without moving the tractors. Heavy timbers are also going to be put along the side of the laboratory to prevent any more bulges being made in the building by tractors being run against the wall.

Flues are to be installed similar to those used in roundhouses to carry away the exhaust. The ventilation system there now is poor.

Web-Euro Meeting.

The Webster and Eurodelphian Literary societies will give a joint program in their hall Saturday night, March 15. A St. Patrick's day program has been prepared and the remainder of the evening will be devoted to Irish stunts and games.

Department of Student Health

By Dr. C. M. Siever.

Training of the mind and body should go hand in hand. One will be unfit without the other.

Good habits may be acquired as well as bad ones. Any habit which protects your health and body is a good one.

Scarlet fever comes on with a sore throat, vomiting, and usually a high fever for twenty-four to forty-eight hours, during or at the end of which time there is a characteristic rash which almost always appears first on the trunk and then rapidly spreads to the extremities. The rash varies in individual cases, sometimes it may be so light as to escape notice. Usually, however, it is well marked. The light cases are as likely to spread the disease as the more marked ones.

NEW MAN IN JOURNALISM WORK

John M. Gleissner, Experienced Newspaper Writer, Comes Here

John M. Gleissner is a new instructor in department of industrial journalism.

Mr. Gleissner is a graduate of the University of Kansas. While a student there, he was managing editor one year, and editor in chief one year, of the University Daily Kansan. During his senior year he was laboratory assistant in the department of journalism. He was also an assistant in journalism during a summer session in the University of California.

The new member of the journalism department has had newspaper experience on the Press at Cleveland, Ohio, and with the United Press associations at Washington, D. C. His most recent journalistic experience was with the Committee on Public Information of the United States government. This work he gave up to enlist in the army.

Upon receiving his discharge, he was secured as an instructor here. He will give attention principally to news and feature writeups.

Advertising Brought Him.

George F. Chanler came here from Lawnsenham, Pa., to enrol in the special engineering course because it seemed the best course he could find advertised.

Landscaping Three Towns

A. M. Doerner, of the department of horticulture, has returned from a trip to Newton, Simpson, and Larned, where he was called to advise in the landscaping of these cities.

SCHOOL AS AID TO NEWSPAPER

Hugh McVey Tells Journalism Students of Value of Analyses

The paper—especially the country paper—that overlooks the schools overlooks one of its biggest assets, in the belief of Hugh McVey, advertising counselor for the Capper publications, who addressed the students in industrial journalism Monday.

Community surveys and investigations, he showed, may be carried on through the schools, giving a practical angle to educational work and benefiting not only the newspapers, but the community.

Calling attention to the place occupied by analysis in every modern activity, Mr. McVey discussed in detail the place of the survey in various phases of newspaper work. "Newspaper people," he said, "cannot take chances—they have to be right or they don't last."

For instance, he pointed out, if a reporter is to write the society news for a city, it is well for him to line up the society people and find out who is who. In this way a survey is made of that town's society.

A political or religious analysis may be made also. Country papers may secure information through the schools. Teachers and their pupils are usually willing to cooperate in this work.

A number of surveys are being carried on constantly by the Capper organization. The records are kept and made into book form for distribution. Mr. McVey mentioned a survey of the soap industry, in which it was found that a considerable proportion of the people on the farm still make their own soap.

Another one, conducted to determine the trading radius of a town,

(Continued on Page Two.)

SOPHS DEFEAT FRESHMEN

JUNIORS PLAY SENIORS AND WALK OFF WITH GAME. 12 TO 1

Freshman and Sophomore Girls Evenly Matched—Second Year Centers Stronger Than First

The sophomore girls defeated the freshman girls in basketball 22 to 11 and the junior girls won from the senior girl 21 to 6 Wednesday evening in a double match game played in the Nichols gymnasium at seven o'clock.

The freshman and sophomore teams were evenly matched; but the sophomore centers were stronger than the freshman centers. At the end of the first half the score stood 11 to 4 in the sophomores favor. In the second half the sophomore forwards picked up in the their work and at the end of the half the score stood 22 to 11 in their favor.

Juniors Wallop Seniors

The junior-senior game proved to be a walk away for the juniors. The score at the end of the first half was 12 to 1 in the juniors favor. The second half ended with a score of 21 to 6.

The line up for the teams was as follows. Freshman team—forwards, Madge Lock, Garnet Grover, and Clare Evans; guards, Irma Lefringhouse and Evelyn Glenn; centers, Lucille Cooper, Irene Drake, Minnie Norling, and Mabel Dial.

Sophomore line up: forwards, Florence Banker, Edna Chapin, and Mary Coffman; guards, Clementine Paddleford, Ruth Willis and Grace Turner; centers, Helen Sloan and Nellie Gwinn.

Junior team: forwards, Florence Merick, Ida Conrow and Eva Gwinn; centers, Jo Ghorney and Lovern Webb; guards, Mabel Evans and Edith Wheatly.

Senior team: forwards, Lucille Heizer, Gussie Johnson and Ruth Huff; guards, Avis Blaine, and Gladys Bergier; centers, Ruby Ellerman and Clara Higgins.

An Official Beautifying

Much Work Is to Be Done on College Campus This Spring

The official business of beautifying the campus will begin this week. The work will be in charge of the horticultural department of the college. Already the Vattier street entrance has been remodeled, and similar transplanting of trees and setting out of new ones will be done at the other entrances to the campus. A large number of shrubs will be set out, including the usual varieties and a few new ones.

To Try Out New Perennials

Several varieties of perennial plants hitherto unknown in this part of the country, have been ordered by the horticultural department for experimentation. Most of these plants have never been tried in this climate and the object of the experiments is to determine the requirements for growth here.

These perennials will be planted in a bed north of the greenhouses. A year or two will be required to gather the information for the experiment.

MISS BURR IN ENTERTAINMENT

Will Appear at Congregational Church This Evening—Wide Repertoire

Miss Osceola Hall Burr will give an entertainment at the Congregational church, this evening at 8:00 o'clock.

Miss Burr has appeared successfully on many chautauqua platforms and gave two entertainments at Camp Funston last summer.

Her repertoire includes readings, impersonations, and pianologues. According to those who have heard her entertain, the best parts of the program are when she dresses in boy's clothing and imitates Buster Brown in his boyish antics and when she appears in Indian costume and tells weird Indian stories. Miss Burr has a strain of Cherokee blood in her veins and is proud of it, as she says it makes her a real American.

Miss Katharine Roderick, a sophomore in home economics, is ill with scarlet fever. Her grandmother, Mrs. George Plumb of Emporia is here taking care of her.

TWO QUILL CONTESTS OPEN

CLOSE ANNUAL SHORT STORY CONTEST MAY 1—MEMBERSHIP, APRIL 15.

Any Student in The College May Compete in Either One—Stories Must Be Original

The Quill club announces the opening with this issue of The Collegian, of two contests, the annual short-story contest and the spring membership contest.

The annual short-story contest is open to all students enrolled in college. The stories submitted must be original and should be in the hands of Prof. N. A. Crawford, head of the journalism department, before May 1. The minimum length of the short-story should be two thousand words, while in no case should it exceed ten thousand words.

The membership contest affords an opportunity for any student of unusual literary talent to gain admittance to the club. A poem, drama, story, or essay may be submitted. It must be original. Miss Ada Rice, instructor in English, will receive the manuscripts for this contest. The closing date is April 15.

These two contests are separate. Students may submit manuscripts to both of them if they so wish. All stories should be typewritten and only one side of the paper used. For further instructions see either Professor Crawford or Miss Rice.

STUDENTS WORK ON ORCHARDS

Are Becoming Experts in Pruning Fruit Trees

Orcharding students, in addition to becoming experts in pruning fruit trees are accomplishing real results with the college orchards, according to M. F. Ahearn, professor of landscape gardening at the Kansas State Agricultural college.

"The class attacks the work with a great deal of enthusiasm and is doing it as efficiently as professional men," said Professor Ahearn. "Nor are they daunted by inclement weather as they recently pruned seven acres of apple trees with the thermometer hovering around the zero mark. Up to date they have already pruned 30 acres of apple trees, five acres of peach trees, and eight acres of cherry and plum trees."

From the ranks of the orcharding classes, points out Professor Ahearn, come many of the best pruners engaged in horticultural work throughout the state. During the spring those who are the most expert often find an opportunity to practice their art on outside orchards in different sections of Kansas. For the last two years the young men taking this course have given demonstrations in several counties and have received much favorable comment from those who employed them.

Another phase of the work that is being pushed by the class is the laying out and planting of new orchards and small fruit plantations. Then, too, in the late spring the members have actual practice in spraying.

They learn not only when and how to spray but the mixing of the materials to be used. The class studies the various injurious insects and their habits, and the different fruit diseases.

In addition to the valuable experience gained by the students, those who are only sophomores will have the opportunity of seeing results of their work, as many of the young trees pruned this year will come into bearing in the next two years.

MANY BULLETINS TO FRANCE

Experiment Publications Are Used in Reconstruction Work Overseas

Ten thousand copies of four bulletins on wheat, corn, sorghum, and soil fertility have been sent by the Kansas experiment station to be used in the reconstruction of devastated areas in France.

The bulletins were sent through the Y. M. C. A. Prof. L. E. Call, of the agronomy department of the college, is in France giving instruction in agricultural work.

Ray Kiene

Ray Kiene of Valencia died this week at his home after a severe attack of influenza. Mr. Kiene was a graduate of this college and at the time of his death he was engaged in farming at Valencia.

Mr. Kiene is survived by his wife, two small daughters, his parents, eight brother and two sisters.

Promises New Motor.

C. F. Marshall, district representative for the Coleman tractor company in Kansas City, whose field is Kansas and Colorado, visited the farm machinery department and promised that a Coleman tractor equipped with a new climax motor would be sent to the tractor laboratory.

Miss Amanda Kirkpatrick visited Miss Clara Bogue Sunday.

HUMPHREY TO AGRONOMISTS

Well Known Authority Tells Honorary Fraternity of His Work

Dr. H. B. Humphrey, in charge of the cereal disease investigation, bureau of plant industry, Washington, D. C., who visited Manhattan in the interest of pathology, gave an interesting and timely talk to the members of the K. K. K. agronomy fraternity last Tuesday evening.

Dr. Humphrey emphasized the need of the farm crops man in having a thorough botanical knowledge of plants as well as a fundamental understanding of other allied subjects as chemistry, soils, pathology and bacteriology in order to do successful work.

He also pointed out that in the earlier study of pathology, the diseases affecting crop plants were given the greatest consideration rather than the crop itself. However, in later years the study of the improvement of the crop to resist disease has become equally important.

The bureau of plant industry thru its cereal disease investigations and by a vigorous campaign throughout the country during the period of the war, was able to save approximately two million bushels of wheat for food consumption which would otherwise have been lost because of wheat diseases.

NAMED ON SCIENCE COMMITTEE

Doctor Thompson Will Help Guide Research of State.

Dr. Helen B. Thompson, dean of home economics in the Kansas State Agricultural college, has been appointed to the committee of scientific research for Kansas. This is a new committee, comprising the leading scientists of the state, and will work in connection with the National Research council, the work of which is closely correlated with government scientific activities.

Doctor Thompson has already planned three important lines of research for the division of home economics. These will take up household problems, child welfare, and food economics and nutrition. The work in connection with these problems will be correlated with that of the national organization.

Dean Thompson, who is a graduate of the college, returned here last summer as dean of home economics. She holds a doctor's degree in the field of nutrition and is well known as a scientist.

DEANS OF WOMEN ARE MEETING

Mrs. Van Zile Attends Important Conference at Wichita

A meeting of the deans of women of the colleges of the state will be held today and tomorrow in Wichita.

This meeting will be for the purpose of definitely working over the principles discussed at the National Convention of Deans of Women held last week at Chicago. Dean Mary P. Van Zile will represent the college at the convention in Wichita.

Kansas was represented at the Chicago convention by Dean Guild of the College of Emporia, Dean Corbin of The University of Kansas and Dean Van Zile of the Kansas Agricultural college. At this convention all but four states were represented. Fifteen Kansas institutions of higher education have deans of women.

Dr. C. M. McCampbell of the animal husbandry department, attended the Southwest American Live Stock show at Oklahoma City last week.

IONIANS BEST SALESWOMEN

WIN FIRST PLACE IN CONTEST—ALSO TICKET FOR EACH ONE ON TEAM

Largest Advance Sale That Has Been Made Here—Sell Tickets Again Monday in Main Hall

How They Finished	
Ionians	208
Eurodelphians	153
Franklins	109
Brownings	106
Alpha Betas	101
Pi Beta Phi	68
Alpha Delta Pi	65
Delta Zeta	45
Chi Omega	30

The Ionian Literary society sold two hundred and eight Festival week tickets thereby winning the contest and the prize of a two dollar ticket for each member of the team. The girls on the Ionian team were Capt. Elizabeth Circle, Dora Cate, Lucille Heizer, Irene Graham, Esther Waugh, Katherine McQuinlan, and Meriam Harling.

At a meeting held last Monday afternoon at which Professor Westbrook gave the girls their talking material and H. W. Davis, associate professor of English, told the girls how to approach people. He advised them to wear their best clothes, be eternally smiling, and to make the person believe that every one is going. It seems to have worked.

After the meeting the girls drew for the section of town to canvass so that every one in town had a chance to buy a ticket and all of the teams worked on the campus.

One thousand four hundred fifty dollars was turned in by the Y. W. C. A. office. This is the largest advance sale that there has been here. The college and town people are interested in and boosting Festival week.

Some people have to consider before parting with their money even for a Festival ticket and for the benefit of those people tickets will be sold in Main hall Monday morning. The last chance to reserve season tickets will be Monday afternoon in the auditorium.

Harold Simonds of the extension division, made a trip to Hutchinson last week for orchard demonstration work.

REVIVE SCABBARD AND BLADE

Men of National Honorary Have Made Great Record for Selves and Fraternity.

Company L of Scabbard and Blade, honorary military fraternity, has been revived at the college. The members that will start out at this time, and who have been active in the reorganization are, F. M. Pickrell, L. V. Ritter, Newell Pearson and E. F. Whedden. Much of the credit for the starting of the fraternity this time is due to A. E. Hopkins, a member of the engineering faculty, who has taken an active interest in the affairs of the organization.

Scabbard and Blade is a national honorary fraternity, limiting its membership to officers of the cadet corps of the different universities and colleges of the country where they have chapters. At present, there are 17 chapters in the fraternity, the chapter here being known as Company L. The chapter was first installed here in the fall of 1916, with a membership of 16 cadet officers. It was disbanded June 12, 1917, however, due to the fact that so many of the members had gone into the service of the government in a military or naval capacity.

While the active chapter is not so large as usual, they will be greatly strengthened by the help of several alumni who are not in school, but who live close enough to the college to take part in active cooperation with the men in school.

The men of Scabbard and Blade who went into the service of the country, have made a great record for themselves and the fraternity, as nearly all of them obtained commissions. Such a record speaks well for their ability to choose men of military standing, and a membership in Scabbard and Blade means something in the military circles of the country.

SPEAKING OF MANNERS

Pieces of cake on the cafeteria counter resemble in size the legendary bowls of porridge of papa bear, mamma bear, and baby bear.

We admire a girl who can mark the surface of a huge cake off into perfect squares. Still, we wish she would remember there is a third dimension, and that cakes are only half as thick at the edges as at the center and should, therefore, grow correspondingly larger in the surface dimensions.

We feel so attached to our manners that we hate to lose them, but— we do like cake—and someone is sure to see us if we reach across for a papa bear size.

THE MANHATTAN CANDY SHOPS

What a pity the candy shops of Manhattan can not take a course in sanitation and hygiene, micro-biology, or even domestic science, where the student are taught that cleanliness is next to Godliness. Personally, we have gone to all the candy shops in town but one, and never yet has our purchase been placed in the scales with a scoop.

The germ theory has become so thoroughly inoculated into the systems of students of today from the first grade up, that even the most delectable concoctions are rendered repulsive to them by the admixture of personal flavors variously introduced by casually passing the hand across the face, or through the hair, or by the using of the handkerchief just before reaching a grimy hand into the tray of delicacies, and filtering the sweetmeats slowly through those self-same hands into the scale. Usually the nails of the hands are so black as to cause one to wonder whether there has been a recent bereavement in the family of the candy salesman.

Patronage of the candy shops has led the writer to sympathize with Charles Lamb who in playing cards with a man whose hands were perpetually dirty, remarked to him, "If dirt were trumps, what a hand you would have!"

The woolly-headed Uncle Rasmus was accused of disturbing the peace. Officer Mort Rudolph explained it as follows:

"Your Honour, this man was running up and down the Mill River Road waving his arms and yelling at the top of his voice, and otherwise raising the mischief, at half-past one in the morning. The people of that district complained, and they had a perfect right to." The judge frowned at Rasmus, who didn't seem to be particularly worried.

"What do you mean by such unbecoming conduct?" His Honour demanded.

"Religion, Judge," was the response. "Religion! Are you a Holy Roller, or something like that? I have religion, Rasmus, but I don't get up at midnight and tell everybody about it."

"Dat's des' de diffence, Judge. I ain't ershamed ob mine."—Case and Comment.

A scouting airman returned one day with a bit of valuable information about the enemy which no one believed. He therefore flew back again and returned with his machine riddled with bullets.

"Yes, it's all right," he reported; "it was the Nth Regiment. You're such a lot of unbelieving beggars that I had to make sure. I just landed in a field and had a look at the number on their tunics. Had rather a job starting again, but they're rotten shots."

—Tit-Bits.

He had been on the western front and received a wound which necessitated the amputation of one of his legs. Writing home to his family, he very naturally wished to break the news of his loss to them as gently as possible before they saw him. After fully describing the battle, and the injuries to his limb, he finished by saying:

"On arrival at the hospital I interviewed the surgeons. Henceforward I shall require only one boot."—Trench Humor.

STUDENT MIND

Editor The Collegian:

I note in Tuesday's Collegian that you want our ideas as to the worst college pest. Here goes for mine.

The worst pests on the hill are those students, and even faculty members, both male and female, who so blithely stop and talk in the middle of the halls and walks and block the way for others who would pass. It doesn't seem to matter to them how crowded the way may be, they stop and talk anyway, unmindful of the other fellow who is probably busy and in a hurry. They are most often female and seem to have no consideration for the rights of others, or they would surely step to the side of the walk or hall to carry on their all important conversations.

If I were the possessor of Everett True's umbrella and swatting privilege I fear I should surely be constrained to spoil some new spring bonnets and short haircuts.

T. W. BIGGER.

HALF-MINUTE INTERVIEWS

Professor Iles, in history class: Miss Biby, when is the next important date?

Ernestine (absent minded), "Friday night."

"Cane, by the way, is not spelled C-a-i-n, unless you are referring to the Biblical gentleman,"—Miss Polson.

Professor Floyd in Physics class: "Now, just apply the same principle to gas engines as to courting, the lower the gas the harder the pressure."

Naming the Baby.

Pat—"Have ye christened yer new baby yet?"

Mike—"We have."

Pat—"And p'what did ye call it?"

Mike—"Hazel."

Pat—"Arragh, glory be to Gord, 223 saints to name your kid after and ye had to go and name it after a nut!"

Parenthetically Speaking

Oh, Carranza sent a cable (on the Kaiser's birthday) gram To the Kaiser there at Pots- (that's a German palace) dam,

And it said, "Look out for Uncle (that's My northern neighbor) Sam,

For he's coming after you!"

Then the Kaiser waved his iron (as the papers have it) hand, And he danced a little sara- (that's a Turkish tango) band.

And he said: "I'm safe in Hell- (in the German sea) golland,

But I thank my friend Carranza." —Chicago Tribune.

Speaking at a political gathering, Congressman Frederick W. Dallinger of Massachusetts referred to the many amusing incident of the schoolrooms, and related a little incident along that line.

A teacher in a public school was instructing a youthful class in English, when she paused and turned to a small boy named Jimmy Brown.

"James," said she, "write on the board, 'Richard can ride the mule if he wants to.'"

This Jimmy proceeded to do, to the satisfaction of all concerned.

"Now, then," continued the teacher when Jimmy had returned to his place, "can you find a better form for that sentence?"

"Yes, ma'am," was the prompt response of Jimmy. "Richard can ride the mule if the mule wants him to."

—Philadelphia Telegraph

Little Joey Jesso was entertaining his sister's nervous admirer, and, after making the usual juvenile remarks on marbles and tops, he suddenly announced:

"Ethel told ma yesterday you was a born politician."

The young man was delighted and, wishing to know more, asked:

"That so? Why does she think that?"

"That's just what ma wanted to know, and Ethel said it's because you can do so much talking without comittin' yourself." —London Answers.

"Father," said the small boy, "what is constructive criticism?"

"Constructive criticism, my son, is your own line of talk which, if offered by some one else, would be called ordinary fault-finding."

—Washington Star.

"Is my son getting well grounded in the classics?" asked a millionaire.

"I would put it even stronger than that," replied the private tutor. "I may say that he is actually stranded on them!" —London Fun.

Bird Costumes Take First Again

The bird costumes used by the Eurodelphians in the stunt, "The Wedding of the Wilds," on Aggie Pop night and sold to the Sigma Sigma Sigmas at the Kansas State Normal, won first place in a stunt at Emporia.

The girls who put on the stunt at Emporia felt especially pleased to take first place as there was a large number of exceptionally clever stunts staged.

GOOD BY E'S

'Twas but a month ago to-day, Just when this term was new. That I resolved to make some E's And a splendid record too.

But now the days are getting long, I'm sorta tired of grinding. I can't forget that grass is growing, And paths to the woods are wind-ing.

There's a keen little show at the Mar-shall today,

I think of it with a sigh; Oh, chemistry and calculus, I'll study you bye and bye.

There's a keen little girl on a certain street,

I think of her, my mind in a trance; Oh, lessons, why be bothered with you? I'll take that maid to a dance.

'T's a balmy spring afternoon, The woods they call to me, Oh, books, you cannot teach me half Of the things that I can see.

So it's goodbye Zoo, and good bye Calc,

And the rest of the things to be learned,

I'd a blame sight rather be an all around sport,

And let the E's be burned.

—Clementine Paddelford.

Forensic Sorority Elects

Zeta Kappa Psi, forensic sorority, met Tuesday and elected the following officers: Dora Cate, president; Elizabeth Circle, vice-president; Blanche Sappenfield, secretary; Jewell Sappenfield, treasurer; Ella Stinson, marshal; and Lola Sloop, Collegian reporter.

Zeta Kappa Psi meets the second and fourth Tuesdays of each month. At the meeting Tuesday plans were discussed for the national organization.

K. S. A. C. Pests

* If Everett True's umbrella * were yours what K. S. A. C. * pest would you swap? The * Collegian would like to hear * from the students and faculty * members on this subject. * Names must be signed to all * notes sent in, for the editor's * benefit whether they are pub- * lished with the articles or not.

Miss Ruth Borthwick is spending the week end in Kansas City.

Trueman Gerringer, a former student of the college, has returned from France.

Warren Rutter, former student in college, will be a week end guest at the Sigma Phi Delta house.

Miss Fern Leland and Miss Gladys Gibreth are to be the guests of Miss Eva Leland during Festival week.

Miss Myrtle Johnson and Miss Ethylene Nordstrom spent the week end at their homes in Leonardville.

J. B. Fitch and C. S. Goldsmith, both of the dairy department, went to Abilene Wednesday to attend a sale.

Stanley Hunt, senior in mechanical engineering, has been absent from classes on account of the rheumatism.

Seibert Fairman and Gordon Hamilton leave for Kansas City today to attend to business for the Royal Purple.

Samuel Barnes, '18, has returned from France. He visited his family here Tuesday evening and is now at Camp Funston awaiting his discharge from the army.

"What is the golden text today?" asked the Sunday-school superintendent.

Dead silence. "Forget not all his benefits—that's it," said the superintendent. "Now, what little boy or girl can tell me what benefits are?"

Dead silence for a minute; then a little girl in the front row raised her hand timidly remarked.

"Johnny has 'em!"—Snap-Shots.

Oh You Poor, Dear Boy!—Lingerie is Going to Ruin You

We, the members of the Kansas City Athenaeum, do resolve—

That we stand for modesty in women's dress—

That the war being over and all necessity for the conservation of dress material having ceased, we advocate frocks of decent length, something more than a string of beads for a sleeve, bodices that extend at least a little way above the waist line.

Resolved, That the exposure of the bust, either by the wearing of transparent bodices or very low ones, is a menace to the morals of the young men or our country. Be it also

Resolved, That the display of diaphanous lingerie in the shop windows, particularly when Georgette crepe pajamas and envelope chemises are draped on flesh tinted wax figures, may prove a greater danger to our returning soldiers than the Huns they have so successfully withstood. Be it also

Resolved, That mothers see that their daughters of high school age are modestly gowned, inasmuch as their constant and close association with boys of an impressionable age is likely to work havoc with the impulses of youth, even though the girl of tender years is not conscious of any wrongdoing. Be it

Resolved, That mothers are responsible for the moral welfare of their daughters and that they be held strictly to account for any deleterious effects due to immodest clothing worn by their daughters. Be it

Resolved, That inasmuch as the club women of New York have inaugurated a campaign in behalf of modesty, and that the club women of Nebraska are preparing to legislate if necessary to compel feminine modesty, we, the members of the Athenaeum, appoint a committee to investigate conditions in Kansas City, looking toward a moral improvement along all these lines.

Respectfully submitted in the name of decency and moral safety, particularly of our brave home-coming soldiers.

SCHOOL AS AID TO NEWSPAPERS

showed that a merchant, by securing one more customer on each road, could increase his business one-half. Two more customers would increase it two-thirds, and three more would double the business of the town.

A map giving the acreage of the leading wheat sections in Kansas, proved to be a vital help to the salesmen of that territory.

The facts, when presented to the

merchant or the manufacturer, Mr. McVey pointed out, lead to more advertising and general business building.

Recital by Miss Smith

Miss Elsie Smith of the music department gave a class recital in her studio Thursday afternoon.

Ralph Medlin, former student in college, is visiting his brother, Calvin Medlin, student in industrial journalism.

If you want the best pipe that can be made, you can get it in a W D C—up to \$6. If you want the best genuine French Briar that as little as 75 cents will buy, you can get it in a W D C. American made, in all sizes and styles, and sold at the best shops.

No man ever had a better pipe than this one. Carefully selected genuine French Briar, a scoring ring and vulcanite bit, hand fitted and finished by an expert.

AGGIEVILLE

In College Society

Collegiate Alumnae Luncheon.

Ninety-one women representing
eighteen American colleges attended
the March meeting and luncheon of
the Topeka branch of the Association
of Collegiate Alumnae on Sunday af-
ternoon at the Pelletiers tea room in
Topeka.

The majority of those present were
graduates of the Kansas university,
Washburn college, the Kansas State
Agricultural college, and Baker uni-
versity, although there were also rep-
resentatives of Oberland, Mound Hol-
yoke, the University of Indiana, the
University of Chicago, the University
of Missouri, Grinnell college, the Uni-
versity of Michigan, Columbia uni-
versity, the University of Wisconsin,
Cornell, Monmouth college, Olivet col-
lege, the College of Emporia, and the
University of Illinois.

Miss Alice Winston, state president
of the association talked on the plans
of state organization. Miss Winston's
talk was preceded by brief responses
by Mrs. Henry J. Allen and Mrs.
Margaret Hill McCarter who with
Mrs. P. P. Womer were honor guests
of the occasion, and an address by
Miss Effie Graham, president of the
Kansas Council of women.

Sigma Phi Delta.

Sigma Phi Delta announces the
pledging of the following men: Mr.
Wm. Sartorius of Garden City, fresh-
man in civil engineering, Mr. W. D.
Phillips of Paola, sophomore in gen-
eral science and Mr. W. J. Bucklee of
Manhattan, freshman in electrical en-
gineering. Mr. Bucklee was a first
lieutenant in the Canadian army and
served two years in France.

Mr. Charles Pratt visited last week
end with friends in Topeka.

Mr. R. A. Graves of Camp Fun-
ston was a visitor at the Sigma Phi
Delta house Tuesday.

Mr. Ford Haggerty returned Wed-
nesday from McCracken, where he
has been running a dairy test for the
college.

Mr. Harry Hudson is leaving today
for Chicago for a short visit.

Mr. Charles Greenmore of Lexing-
ton, Okla., visited Thursday at the
Sigma Phi Delta house.

Social Club.

The College Social club met in the
domestic science rest room Monday
at 3 o'clock. In the absence of the
president, Mrs. C. E. Reid, the vice
president, conducted the business
meeting. Following this, Miss Er-
nestine Biby gave a selection from
Madam Butterfly. The rest of the
afternoon was spent in a social way.
Refreshments of sandwiches and cof-
fee were served. The St. Patrick col-
or scheme was carried out in the
sandwiches which were cut in the
shape of the shamrock and decorated
with green cherries. About sixty la-
dies enjoyed the afternoon.

Alpha Theta Chi.

Dinner guests at the Alpha Theta
Chi house Sunday were Prof. Wylie
B. Wendt, Mr. William Tuttle, Sergt.
Edson Shaw, and Sergt. F. B. Garden
of Camp Funston and Corp. Rufus
Lettler of base hospital at Fort Riley.
Mr. Net P. Woods spent the week
end in Topeka.

Mr. John S. Wood, '16, of Cleveland,
O., was a week end guest.

Sergt. Edson Shaw and Mr. E. H.
Schellenberg, of Nebraska, were lun-
cheon guests Saturday.

Mr. Leslie Lair was a dinner guest
of Mrs. Lair Tuesday.

Astex

Mr. Dave Wooster, '18, visited at the
house Sunday.

Mr. Fred Layton was a Sunday din-
ner guest at the house.

Miss Grace Merrillat was a dinner
guest at the Astex house Sunday.

Pi Kappa Alpha.

Mr. Roy Phillips, Mr. Cecil Moore,
Mr. Russel Knapp, and Mr. Leonard
Fuqua were Sunday dinner guests.

Mr. H. G. Palen of Omaha, Nebr.,
was a week end guest at the Pi Kap-
pa Alpha house. Mr. Palen has just
returned from the front where he was
both gassed and wounded and is wait-
ing at Funston for his discharge.

Mrs. F. C. Otto, Miss Zola Lemon,
Miss Esther Otto, and Mr. and Mrs.
Ed Otto were Sunday visitors. They
motored down from Riley to see Mer-
ton Otto.

Mr. Harold Goble and Mr. Donald
Hassbrook of Riley were also Sun-
day visitors.

Mr. Carl Uhrlick spent the week
end at his home in Wamego. Mr.
Earnest Matti writes that he is at
Camp Barry, Great Lakes and that he
is a corporal in the seamen's guard.
He expects to receive his release in a
few weeks.

Chi Omega.

Miss Florence Mitchell of Riley
spent Sunday visiting at the Chi Om-
ega house.

Miss Frances Ford of Topeka ar-
rived Wednesday to fill a position in
Dr. McCampbell's office on the hill.
Miss Ford was a K. S. A. C. student
last year.

Miss Josephine Shoemaker spent
the week end in Topeka visiting her
sister.

Formal initiation was held Sunday
at the Chi Omega house for Miss Mar-
guerite Bondurant, Miss Alice Mit-
chell, Miss Arria Neal, Miss Enola
Miller and Miss Edith Ralston.

Miss Mildred Clinton of Topeka,
spent Friday visiting friends at the
Chi Omega house.

Beta Theta Pi.

Miss Ruth Eppler, Miss Martha
Webb and Miss Helen Blank were
dinner guests at the Beta Theta Pi
house last Thursday.

Miss Florence Reiner was a guest
for lunch last Thursday.

Mr. John Gleissner of Abilene, who
has recently accepted a position in
the journalism department here is a
guest at the Beta house.

Mr. Wilbur Enns of Kansas City,
Mo., spent the week end with his
brother at the Beta house.

Sunday dinner guests at the Beta
house were President and Mrs. Wil-
liam M. Jardine and family, Prof. and
Mrs. Andy Paterson, Mr. Ted Hard-
ing and Sergeant-Major L. E. K. Lair.

Alpha Delta Pi

Miss Muri Gann spent Wednesday
and Thursday in Kansas City visit-
ing with her brother who has just re-
turned from overseas.

Miss Greta Gramse, Miss Ruth
Borthwick and Miss Hazel Taylor
will spend the week end in Kansas
City.

Miss Jamie Cameron is out of school
this week on account of illness.

Miss Millma Roark was the Sunday
dinner guest of Miss Jamie Camer-
on.

Miss Grace Sullivan of Wamego
spent the week end at the Alpha Del-
ta Pi house.

Sigma Nu.

Mr. Andrew Sallade was a guest
at the Sigma Nu house Thursday.

Mrs. May B. Snider, Mrs. Charles
H. Oaff, Mrs. Helen R. Drew, Mrs.
Maude W. Sullenberge and Mrs. S.
C. Pettit were dinner guests at the
Sigma Nu house Sunday.

Mr. Robert Hanna, '16, and Mr.
Monte F. Collins Jr., of Fort Riley,
were week end guests at the house.

Dinner Party.

Miss Elve Morse entertained eight
of her college friends with a dinner
party at her home on Pierre Street
Monday evening. The color scheme
for the dinner and decorations was
carried out in pink and white. A
basket of pink carnations and ferns
were used as a table centerpiece.

After the dinner the girls had a
line party at the Wareham theatre.

Delta Zeta.

Miss Bess Sloan returned to Sa-
lina Monday morning after a week
end visit here.

Miss Viola Brainerd spent Sunday
in Abilene.

Miss Trix Knight will come Friday
to attend the Pan-Hellenic Dance.

Miss Ethel Roop spent the week end
at her home in Wakefield.

Pi Beta Phi.

Miss Hazel Carson, president of Eta
Province of Pi Beta Phi has been visit-
ing the Manhattan chapter for the
past few days.

Miss Ernestine Biby was in Topeka
over the week end.

Miss Marguerite Miller visited her
parents in Salina Saturday and Sun-
day.

Miss Helen Blank spent the week
end at her home in Emporia.

George Hanna of Clay Center was
a guest of his sister, Lois, over the
week end.

Miss Nina Broughton of Abilene,
was a dinner guest at the Pi Beta
Phi house Monday evening.

Miss Ruth Massey and Miss Kath-
erine Smith of Lawrence, who came
down to attend the Sigma Alpha Ep-
silon dance, visited at the Pi Phi
house.

Davis-Ranney.

Miss Lula Glee Davis and Lieut.
Elliott Ranney were married, March
8, at the home of the bride's parents
in Winfield.

Lieutenant Ranney is a graduate of
the college, and is now in the navy.
He has charge of a supply ship, and
has made eight trips across. Mrs.
Ranney is a former student of the col-
lege, a member of the Browning liter-
ary society. She will accompany
her husband to New York, where she
will reside while he continues his
work in the navy.

Chi Omega.

Miss Gladys Peterson left Thursday
night for her home in Hutchinson,
where she spent the week end.

Miss Anette Perry of Topeka, spent
the week end visiting at the Chi Om-
ega house.

Miss Edith Ralston spent the week
end in Wichita visiting her parents.
Miss Enola Enola Miller returned
Sunday from Belleville where she
spent several days visiting her par-
ents.

Miss Ruby Crocker spent Friday
and Saturday in Kansas City.

R. O. T. C. ENROLS 235 MEN

Next Year Close to 1,000 Are Expect-
ed by The College

Two hundred and thirty five men
are enrolled in the R. O. T. C. this
semester. This small enrollment is
due to the small number in school,
the war, and the S. A. T. C. Seven
hundred to 1,000 men are expected
next year.

The aim of the R. O. T. C. is to give
men military training, to form a re-
serve from which junior officers may
be drawn, and to equip students bet-
ter for their duties as citizens.

The senior members are given their
commutation, rations, and uniforms.
Those of the first year receive their
uniforms.

A careful study of the amount paid
to advanced R. O. T. C. students com-
pared with the amount that a boy
can earn in summer to send himself
to college leaves little, it is stated, in
favor of a boy's working, thus in-
stead of joining the R. O. T. C.

Full dress suits for rent. Kittell's.

Delta Delta Delta

Delta Delta Delta held formal ini-
tiation Sunday and Wednesday nights
for Miss Ivy Barker, Miss Winifred
Varner, Miss Marjorie Fisher, Miss
Rowena Turner and Miss Alma
Bauersfeld.

The Trident degree was given Sun-
day night and the Stars and Crescent
degree Wednesday night.

After the initiation Wednesday
night the older members of the sor-
ority gave a banquet in honor of the
new initiates. The sorority colors of
silver, gold and blue were used in
decoration, and the pansy and the
pine were added to the table decora-
tions. Toasts were given by Miss
Gladys Woodward, Mrs. Madeline
Baird Patterson, Miss Burdette Teg-
meier, Miss Lucile Halleck, Miss
Winifred Varner and Miss Ivy Bark-
er.

McNamee to Kansas City

H. A. McNamee, who has been as-
sisting in the traction engine labora-
tory will leave Saturday to take up
work with the Emerson Brantingham
company in Kansas City, Mo. He
will cooperate with the schools.

THE CO-ED'S BONNET

In school a certain coed's bonnet
Has four yards of ostrich plumes on
it.

While her sister, poor thing,
Wears a red rooster's wing,
And this is the cause of the sonnet.

Golf Goods. Kittell's.

Miss Lillian Kohler is out of school on account of illness.

Taking Dairying? Kittell sells white aprons, coats and pants.

Frank Swanson, who was ill, is back in school this week.

J. S. Hughes, assistant professor of chemistry, is in Topeka today.

Get that old tennis racket restrung NOW Kittell's.

Miss Ruby Orth was taken to the Charlotte Swift hospital Monday morning.

James Brady, '18, has been discharged from the navy and is visiting friends in Manhattan.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

Prof. Albert Dickens, of the horticulture department, made a business trip to Topeka Wednesday.

J. B. Fitch attended a meeting of the Kansas and Missouri milk association at Leavenworth, March 6.

You owe it to yourself to see Shute's new spring woolens, whether you want a suit or not.

Save time and trouble. Send your dry cleaning with your laundry. We can please you. A. V. Laundry. Use Phone 701.

Stella Horchem, has returned from her home at Ransom where she has been caring for her mother who has been ill.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

Miss Bessie Brigham, former school of agriculture student, is assistant nurse at the State Odd Fellows home at Liberty, Mo.

Miss Estella Horschem who was called to her home in Utica, on account of the illness of her mother has returned to school.

Miss Velma Carson gave a number of readings Sunday afternoon to the business girls club who were holding open house at the league building.

Its here—arrived today—the newest in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

Ray Knox has returned from the officers' training school at Louisville, Ky., where he received his commission, and has again taken up his work in the college.

William P. Hayes, assistant entomologist, left Tuesday for Wichita and Wellington to inspect the Hessian fly experimental wheat plots, and scouting the European corn bore

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

The animal husbandry department recently bought a prize winning sow from the Deming ranch at Oswego. This sow is said to be one of the best in the state and has been a winner at all of the recent shows.

Lieut. R. R. Parrish is visiting friends here. Dr. Parrish received his discharge from the army in February and expects to accept a position with J. H. Mercer, head of the Live Stock Sanitary commission

A. F. Ferrin attended a sale at Turon Tuesday of last week. He purchased a number of pure bred Duroc Jersey hogs which are to be used in experimental work by the animal husbandry department of the college.

Ensign James Brady, '18, spent a few days last week visiting college friends. Mr. Brady sailed for France in September as an ensign in the navy. He has been in a number of large coast towns of Ireland, England and France, and has just recently returned. He received his discharge on Friday of last week.

Hard boiled shirts \$2.00. Kittell's.

Working? Kittell sells work clothes.

Laundry Mailing Cases at the Co-Op Book Store.

Miss Frances Casto and Miss Minnie Norlin spent Saturday in Topeka shopping.

Ruth Peck returned from McPherson Monday morning where she has been spending a few days.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

Miss Margaret Woodamn, junior in industrial journalism, is ill at her home, 1530 Poyntz avenue.

If your coat swags in front—and does not fit you around the neck as all hand me downs do, see Shute.

Don't forget. We do cleaning, pressing and repairing. We guarantee satisfaction. A. V. Laundry, Phone 701.

J. H. Cowen, school of agriculture graduate of '18, is now working for the Borden condensery company at Fort Scott.

J. W. McCulloch, associate entomologist, will leave Thursday for Marysville to inspect the Hessian fly experimental wheat plots.

W. E. Peterson, dairy extension specialist, went to Leavenworth county this week to take charge of the organization of cooperative bull clubs

Its here—arrived today—the newest in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

S. M. James, a former student, is testing cows for the farmers, under the direction of the extension department. Mr. James received his discharge from the army in December.

Claude Hutto, who recently received his discharge from the army and was then employed by the Santa Fe railroad in Albuquerque, N. M., has enrolled in college. Mr. Hutto is a junior in general science.

Mrs. Dessie Pope White visited friends at the college over Saturday and Sunday. Mrs. White was a special student at the college last spring, while her husband was at Fort Riley.

Lieut. Elliot Ranney spent a few hours at the college visiting friends. Wednesday morning. Lieutenant Ranney is in charge of a supply ship that transports supplies and also German prisoners to points designated.

T. G. Paterson, formerly a member of the animal husbandry faculty of the college and now manager of the Hereford ranch owned by Colonel Taylor of Lexington, Ky., was a college visitor last week. He is a brother of A. M. Paterson, assistant professor of animal husbandry.

The girls of the Alpha Beta and Franklin Literary societies will engage in an inter-society basketball game Saturday evening at 7:30 in the girls gymnasium. Some lively competition is expected. Visitors are welcome. Following the game, the societies will give a short program in the Alpha Beta hall.

To Hold Joint Meeting
The Hamiltons and Ionians will have a joint meeting Saturday night in the Hamp-lo hall. Ruth Blair, the Ionian orator, and Oliver Nelson, the Hamilton orator, will give their orations. There will be a short program besides the orations.

Play tennis. Kittell's have the goods.

Taking Lab? Kittell sells aprons.

Laundry Mailing cases at the Co-Op Book Store.

The City Park tennis courts are now free to all. Tennis goods at Kittell's.

Full Dress Suits and accessories for sale. Kittell's.

Milo G. Cary, a former student, now a cadet at West Point, has been ill in a hospital.

Miss Ruby Canaday, sophomore in home economics, will spend the week end at her home in Mulvane.

L. H. Hoffman, and W. R. Bradley were voted into the Athenian Literary society last Saturday evening.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

Leo McGrath and H. A. McNamee spent the week end at the home of Mr. McNamee in Junction City.

Professor H. W. Brubaker has returned from Minneapolis. He went there to accompany his wife home.

You will soon be carrying an I-P Loose Leaf Note Book. Why not get it now at the Co-Op Book Store?

Miss Vera McClelland will spend Friday in Topeka.

Prof. J. T. Eckblaw, who was very ill, is reported better.

Buy your Stationery by the pound at the Co-Op Book Store.

Taking Drill? Kittell sells all military supplies.

Bring that Tennis Racket to the Co-Op Book Store to be restrung.

Mr. Wilber O'Neil of Winchester, spent the week end visiting friends here on the hill.

L. V. Rhine, extension apiarist, left Tuesday to organize the boys Bee-keeping club in Shawnee county.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

You will soon be carrying an I-P Loose Leaf Note book. Why not get it now at the Co-Op Book Store.

Why be satisfied with anything but the best. We can satisfy you. Give us a trial. A. V. Laundry, Phone 701.

KANSAS STATE AGRICULTURAL COLLEGE, MANHATTAN, TUESDAY, MARCH 18, 1919.

FOUR PAGES

PRICE FIVE CENTS

TIGERS TAKE TWO GAMES

MISSOURI TEAM WINS BOTH OF GAMES OF THE FINAL SERIES

The Aggie Five Was Badly Beaten in Both Games—Scores 47-26 and 38-23.

Missouri won the last two games of the season from the Aggies on the Missouri court at Columbia last Friday and Saturday night. The first game ended with the score 47 to 26 in favor of the Tigers and the second game totaled 38 to 23 with the Columbians again in the lead.

The Aggies, after their victorious season with the remainder of the valley, left home with a super-abundance of confidence hoping to win the two games and clean up the season. There is sometimes such a thing as over confidence and it was this thing that the Aggies possessed when they left home last Thursday.

The first game started with the Columbians in a spurt that did not end until the whistle for the half had blown. At that time the Aggies were eleven points behind the victors. The score stood 23 to 12.

The Aggies did little better in the second half and the Tigers almost doubled the score on the Wildcats. The Purple team found that they had met a stronger team than any other in the Valley and that if they hoped to break even they should have to play their strongest game the next night.

The first half of the second game found the Aggie five playing in their old form and the first half ended with the Purple five in the lead of a 15 to 13 score. For the first ten minutes of the second half the Aggies kept up the fast, furious basketball that the Aggie followers have so often seen displayed on the home court this season. The Tigers seeing themselves beaten allied and came back strong for the last few minutes of the game sweeping their opponents off the floor and gaining the lead that they held to the end of the game. The score for the second night was 38 to 23.

In both games the Missouri quintette showed great form and were the best of the two teams as far as endurance was concerned. The Aggies were at a decided disadvantage on this score for they were out winded most of the game.

Captain Clarke played one of the best guarding games for the team in the last two games of his basketball career against the Missourians. Clarke and Scott were worthy opponents on free throwing. Clarke threw ten out of thirteen chances and Scott eleven out of thirteen in the first game. In the second game the Aggies were penalized only five times and Scott accepted the chance to score four out of the five times while Clarke threw seven out of nine attempts.

The fact that "Fog" Allen of the Kansas City Athletic Club, who refereed the game, allowed the teams to play a looser rougher game than the Aggies were used to, caused the Aggies to be winded more than usual in these games.

Ruby, the captain of the Missouri team was expected to show up much better than he did. The diminutive forward obtained only four baskets in the two games. His floor work however was very good and the Aggies had trouble in the last game holding him to his small share of the goals. The Missouri center, Vogt, played an exceptional game getting fourteen goals in the two games.

Brownings Initiate Four

The Brownings held initiation services in their hall Saturday afternoon for Miss Gladys Hartley, Miss Mary Gilbert, Miss Edith Wheatly and Miss Esther Amundson.

A short program was given before the informal initiation the main feature of which was a talk on the life of Mrs. Browning by Mrs. Don L. Burk.

No Student Dance Saturday Night

Because of the Festival week number Saturday evening, the student dance at Harrison's hall on that night will be omitted, according to announcement by Dr. J. R. MacArthur, chairman of the committee on student affairs.

Class Studies Types of Farming

The class in advanced farm management spent Friday afternoon on Mr. May's farm which is near Wildcat. Though it is only a forty acre farm it is farmed intensively with good results.

"I have the trips so arranged that the students will have an opportunity to see and study every type of farming practiced in this section of Kansas," said Prof. Grimes. "By end of the year they should be able to manage efficiently any farm."

Students to Submit Manuscripts

Students wishing to submit manuscripts for the fourth annual volume of the College Anthology of Poetry, and for the second annual collection of the Best College Short Stories, are requested to send their work not later than May 1, 1919, to Henry T. Schnittkind, in care of the Stratford Company, 32 Oliver St., Boston, Mass.

ROYAL PURPLE GIVES TRIP

Girls Who Placed in Popularity Contest Go To Kansas City

The six Aggie girls who were successful in winning the popularity contest went to Kansas City Friday noon to have their pictures taken for the Royal Purple class book.

The girls who made the trip were Miss Hazel Taylor, senior in general science, Miss Lola Sloop, senior in home economics, Miss Velma Carson senior in industrial journalism, Miss Mary Mason, senior in home economics, Miss Ada Robertson, junior in home economics, and Miss Ruby Crocker, junior in industrial journalism.

Others who made the trip were Miss Vera Olmstead, business manager of the Royal Purple, Gordon Hamilton and Selbert Fairman, advertising managers of the Royal Purple, and Dean Mary P. Van Zile who chaperoned.

Friday night the party attended the Zeigfeld Follies at the Grand Theater where they enjoyed the rollickings of the players.

A special feature of the trip and one which came as a surprise to the girls was an informal five course luncheon given Saturday noon at the Hotel Muebach, by the Royal Purple staff. Guests other than those who made the trip, were Mrs. Barger, head of an engraving firm in Kansas City, Miss Greeta Gramse, and Miss Ruth Borthwick.

The girls had their pictures taken Saturday morning and Saturday afternoon at the Hixon-Connelly studios in the Baltimore Hotel. Each girl was given three different poses and a great deal of fun was derived from this part of the program.

Every one had a good time and the girls wish to thank the members of the Royal Purple Staff for showing them such a pleasant time.

Visitors Make Professors Turn Gray Headed

"But the visitors are what make me gray-headed," admitted the professor as he sadly looked over his roll cards.

"The visitors?" the reporter inquired. "You mean that the town people are taking such an interest in the college work that they bother you by continually visiting class?"

"Nothing of the sort," he growled. "They're on the roll cards but they just stroll in once in a while to see if we're managing to worry along without them. It just means energy wasted in calling their names every day, energy wasted in writing down an absent mark, energy wasted in sending absence cards to the dean, and energy wasted in sending out flunk slips. All this besides the energy wasted in enrolling the student in the subject, recording his grades—if he happens to have any to record, and then too—." The professor was still raving on when the reporter left him.

Girls' Basket Ball

The Senior girls' basket ball team will play the Freshman team, and the Sophomore team will play the Junior girls in the Nichols gymnasium at seven o'clock Wednesday evening. Girls are admitted free. The admission for the boys is ten cents.

BASEBALL SEASON STARTS

COACHES CALL FOR MATERIAL TO REPORT AT ONCE

Altho Few Players Are Available at Present Prospects Are Good for Winning Team

Now that basketball is over the interest of the athletically inclined will turn to baseball. Baseball is a sure thing in the Aggie school this spring and already several of the diamond fiends are at work limbering up their arms in anticipation of the beginning of the season.

Coach Clevenger expects to have a good team this year and has already planned a very good schedule for the team. He asks all the baseball material in school to meet him in his office at four o'clock this afternoon in order that he may know what to expect in the way of a team.

Only two men that have won letters in this sport are at present in school and eligible for baseball. About these two men as a nucleus the coaches expect to develop a winning team. Johnny Clarke who has won his letter both in football and in basketball and who has captained both of the former teams will soon be out on the diamond warming up to hold down the initial sack and Macgrath is already warming up his arm getting ready for his work on the mound. Beside these two men there is Merton Otto who also has had pitching experience, and Ding Burton who is working faithfully to get into shape. Ding has never played collegiate baseball but has had four years of experience on the Wichita high school team and has shown in those four years that he is a good man behind the bat. Tonight Coach Clevenger expects to give suits to several more men who will help the cause along and make a winning team for the Aggies.

The coach is at present trying to arrange a schedule of about twenty games to be played this spring. He has already written to the Iowa State College at Ames asking that they play here if they make a trip into Kansas to play the Jayhawkers. This series will be two games played on the home diamond. The Kansas University team will be asked to play four games with the Aggies two of which will be on the Aggie diamond and two on the Lawrence diamond. The Haskell Indians will have a chance to get it back at the Aggies for the defeat administered to them in basketball in a two game series. Besides these games the coach expects to arrange two games each with the Emporia Normals, the College of Emporia, Ottawa University and St. Marys college.

The students have promised to buy almost five hundred tickets and the town people are fast coming across with their share of the receipts. It is thought by the officials that after the season starts a greater interest in the national game will develop and that students, faculty and town people will turn out regularly to witness the games. Because of the fact that there will be no organized ball in the vicinity this year it is thought that the present sale of season tickets will carry the season through with great success.

Books on Display—Y. W. Office

Books of a bright color inside and out. Books that you would be proud to own and have your friends see and become acquainted with will be on display at the Y. W. C. A. vesperservice next Thursday afternoon. Miss Inskeep will talk about books as friends and their influence. Books of poetry, plays, and stories will be there. The books will be in the association office for a week where the girls may look them over and become familiar with them. Watch the bulletin board for further notices.

Construct Drainage Districts

Two drainage districts, one at Marion and one at McPherson, are now in the process of construction. This work involves the excavation of 1,150,000 cubic yards of dirt with a total cost of perhaps \$400,000. The purpose of this work is to protect the land from floods.

Miss Nellie Ferrin, '14, is attending Columbia university in New York City.

STREET CARS NEGLECT DUTY

CAUSE MANY HARDSHIPS AMONG STUDENTS—NOT RUNNING IN BAD WEATHER

Students Have Lost Faith in City Car Service—Prepared to Walk in The Future Bad Weather

Approximately one-third of all the college students were either absent or late to Saturday morning classes because the street cars failed to run. The street were flooded and muddy in some places the water was several inches deep. The students were depending entirely upon the street cars and the street cars were not running.

At many classes only half of the students were present and many were late. Two classes were dismissed because only one or two were present. In another class three girls came in late thoroughly drenched. They said that they had depended on the street car and when it did not come they had walked through the water.

Several teachers were more than ten minutes late in meeting their classes and when they finally arrived the classes had adjourned.

At noon when it was raining so hard the street cars still were not running thus compelling a hundred or more students to walk home. At this time when influenza, gripe and diphtheria are so prevalent it is dangerous for a student to sit in the class room with wet shoes and clothing. But it could not be helped Saturday morning. It was simply a choice between wet feet and class absence. Some choose to be absent and the rest endangered their health by walking to school.

Saturday night conditions were no better the taxis were over rushed and the street cars still sat in the car barn. The majority of college people missed their Saturday evening fun, and remained at home to grumble about the weather and the street cars.

Last winter whenever there was a heavy snow the street cars stopped running for a half day or more. From Saturday morning's experience it is evident that the spring showers will have the same effect. The students are prepared to walk in the future. They have lost faith in the Manhattan street car service.

Harry F. Hunt

Confirmation of the reported death of Lieutenant Harry F. Hunt, '13, has been received in Manhattan. Lieutenant Hunt's mother, Mrs. Annie Hunt, who lives at 1010 Bluemont received a telegram a few weeks ago from Washington saying that her son had died of monoxide gas, February 6th. Mrs. Hunt had heard from her son under date of January 26, and later received a letter from his dated on February 2, both telling of his being on duty and well.

The letter telling of his death says that Lieutenant Hunt had taken ill with influenza on the sixth day of that night. Post mortem examination revealed the cause of his death due to the gas fumes from the charcoal that was burned in the fireplace in his room.

Lieutenant Hunt was in the veterinary corps serving first with the artillery and at the time of his death was with the infantry near Commercy France, where he was buried. He leaves besides his mother, a sister, Mrs. Merle Converse of Eskridge.

Got Ten Germans The First Day

Wallace Clapp, former student in college, is with Company C, 353rd. Infantry, 89th division, in the army of occupation. He was stationed on the Rhine but is now in Berlin. Mr. Clapp was in the St. Mihiel drive, getting ten Germans the first day, in the battle of the Argonne forest and was gassed near Verdun. He expects to return to school next year.

Fourteen Girls Hike to Flat Rock

Fourteen girls hiked to Flat Rock Friday afternoon in order to win five points toward a K sweater. The girls started from Nichols gymnasium at five o'clock and reached Flat Rock about six o'clock, where they ate their picnic lunch.

The girls are given one point for each mile they hike.

Rex Cuipe is out of school this week on account of illness.

Quill Club Meets Wednesday

Quill club will meet every Wednesday afternoon at 4 o'clock in K-55.

Every Quill member must submit a short story in the short story contest which closes May 1. The contest is open to all college students. The story must be original and be between 2,000 and 10,000 words.

Initiation for new Quill members will be held in K-55 on Wednesday evening, March 26, at 8 o'clock.

K. S. A. C. Posts

If Everett True's umbrella were yours what K. S. A. C. pest would you swat? The Collegian would like to hear from the students and faculty members on this subject. Names must be signed to all notes sent in, for the editor's benefit whether they are published with the articles or not.

PEP WAS MUCH IN EVIDENCE

Everyone Was Out in His Worst On "Roughneck Day"—Children Celebrate Too

Everyone dressed up and everyone had abundance of pep at the big Friday celebration of the Ides of March. The fun began about 7.30 in the morning when the first hour students paraded through Aggieville to school.

A mass meeting was held before first hour and the paraders decided that school was a nuisance and that after 9:00 o'clock classes would be called off for the morning. This decision was backed up by the student body. After first hour every one was out for a good time and a good laugh.

For a few hours K. S. A. C. forgot that it was a school of learning, the students forgot it, the professors had to forget it for fun and noise reigned supreme. Costumes of every color and style could be seen. On every side were strange sights, strange sounds and strange people. It was impossible to recognize ones friends and classmates.

After a general mixer and get acquainted affair 300 students paraded to town where they assembled at the Marshall theater. Here an impromptu program of stunts was given.

From the Marshall the paraders went to the Community building where they danced until 12 o'clock. Miss Dorothy Mills willingly gave her consent to the use of the hall. Furniture was moved back and in a few minutes the floor was ready for dancing. A lady was hired to play for the morning.

Classes continued as usual in the afternoon; but this did not down the Aggie pep which was in evidence during the entire day.

This was the fourth anniversary of roughneck day at K. S. A. C. and it is undoubtedly the most successful one yet celebrated.

Even the children of Manhattan were visibly impressed with the demonstrations. When walking back from the Community house, a student was confronted by a bunch of small children, gayly attired in trailing skirts, be-plumed hats, bright colored veils, and gruesome masks. One of the youngsters shouted: "Hi, tier guy! We're dressed up too. Guess they can't paddle us, can they?"

Send Flowers to Soldiers at Riley

The horticultural department of the college sent 150 red carnations to the D. A. R. to be given to the soldiers in the Base Hospital at Fort Riley. A committee was appointed by the ladies and the flowers were taken over Sunday.

They were greatly appreciated by the soldiers and brought many a smile to an otherwise troubled face.

Dr. Nabours on Research Committee

Dr. R. K. Nabours, of the zoology department, has been appointed a member of the research committee of the Kansas section of the National Research Council. A meeting of this committee is to be held soon in Topeka.

City Women's Pan-Hellenic

The City Women's Pan-Hellenic will meet today at 4 o'clock in the Community hall. All members of national sororities are invited.

A GOOD START FOR WEEK

FESTIVAL PROGRAM OPENS AUSPICIOUSLY WITH CONCERT BY ORCHESTRA

Faculty Quartet Assists with Attractive Numbers—Large Audience Is Pleased—Other Events Last of Week

The annual orchestra concert, a feature of the musical year in the college for a decade or more, was given last evening in the auditorium before a large audience. It formed the first number of the Festival week.

Artists assisting in the concert were the members of the music faculty quartet—Prof. Arthur E. Westbrook, Miss Bess Curry, Miss Katherine Kimmel, and Prof. Clifford Johnston. The difficult Rigoletto quartet was interpreted most effectively, an orchestral accompaniment adding to its appeal. A striking and unusual song cycle, "The Wind Flowers", was also greatly appreciated.

Under the direction of Prof. R. H. Brown, the orchestra gave a varied and attractive program. Several numbers from "Madam Butterfly" pleasing to the audience, which showed appreciation of their poignant charm. Nevin's suite, "A Day in Venice," which makes a more universal appeal to many audiences than do the works of foreign composers, again proved its popularity last evening. Every number on the program was well received.

The orchestra numbers 32 pieces, and though two or three members, including the cellist, were absent because of illness, the program was carried out with well rounded effectiveness.

The orchestra concert is the oldest musical event on the hill. It was established as a separate event many years before Professor Westbrook introduced the Festival week plan. Upon the inauguration of Festival week it became one of the principal numbers in that series.

Other numbers in Festival week will comprise the opera, "Naughty Marietta," Friday evening; the play, "The Road to Yesterday," Saturday evening; the oratorio, "Elijah," Sunday afternoon; and the culminating event of the week, the recital by Lucy Gates, Sunday evening.

ORGANIZE STATE POULTRY CLUBS

E. H. Wigand Interests Boys and Girls in Club Work

E. H. Wigand, state poultry club leader, has just returned from a two weeks trip in Bourbon, Cherokee and Columbus counties, where he has been organizing boys and girls poultry clubs.

Mr. Wigand says that Columbus made a splendid show. Three clubs were enrolled from the grades and the high school.

The farm bureau of Columbus county will send a car of exhibits material to the Topeka fair this year. This gives the boys and girls an opportunity of sending their birds. The boys and girls are going into the club work with the idea of winning as many prizes as are offered at the fair.

E. J. Willis, the county agent, of Columbus county says the clubs intend to win the club premium this year. They are going to send a large delegation to the state fair and really show that the clubs of Cherokee county are making good.

Seniors, Take Notice!

The window opposite the post office will be open for the last time this afternoon for the purpose of ordering Senior Commencement invitations. The orders for these invitations must be mailed tomorrow. It is imperative that everyone attend to this matter this afternoon.

Pay Rest of That War Fund

The last payment of the war work pledges are to be paid at the window opposite the post office Wednesday. Only \$10,000 of the \$13,700 pledged has been paid. Letters have been sent to 200 S. A. T. C. men who have not finished their payments. K. S. A. C. lead the state in pledging, why not have it lead in paying? The window will be open all day.

Mr. and Mrs. Merle Converse of Eskridge spent the week end with Mrs. Converse's mother, Mrs. Annie Hunt at 1010 Bluemont.

THE KANSAS STATE COLLEGIAN

The Students' Publication

Published every Tuesday and Friday of the college year.
Entered at the Postoffice of Manhattan for transmission through the mails as second class matter.

SHE HAS NO NEED OF WORDS.

There was a tawdry moment in the once ago—she sensed it even though he did not tell. Something supremely fine was gone. She tried to tell herself that all was well but conscience would not be beguiled. Woman has no need of words to make her understand. Truth speaks to her in secret tongue. She sees and understands, remembers and forgives.

But as the truth of that one moment burned into her heart, hope died within her. "The hope of what?"—I know not what—just hope.

The years have passed and still the hurt of once ago aches as if 'twere new. But the world has taught her how to hide her suffering within her breast. Well has she learned the art.

Now, men say that she is cold: women say, "Oh how uninteresting she is, but what a lovely character."

LAUGHTER

Laughter is the adipose tissue which softens man's points of contact with a hard world. It is his spontaneous concurrence with God's original verdict concerning the goodness of the earth, and is his insouciant challenge to fate. It does not deny the fact of the inherent pathos of life, nor does it close its eyes to the presence of the wrong. It is the soul of optimism, believing that evil is ultimately impotent. It holds that sham can lift on lance it cannot shiver, that hypocrisy can bear no shield it cannot cleave, nor bigotry find refuge behind rampart it cannot scale. It is not unmindful that the march of the race has been along a thoroughfare paved with the bones of mothers' sons, sprinkled with women's tears, and having as its mile-stones the crosses of the saviors of men. It believes that these things are but incidents of progress, the necessary growing pains of a youthful world. It thinks in terms of eons, and is the master of perspective. It gives to man that point of vantage whence, though his way leads through the thicket growth, he is yet enabled to perceive the pleasing symmetry of the forest. With its squint-eyed vision it sees life more clearly because it sees it awry.

Laughter is dynamic common sense. It is kinetic faith, hope, and charity. In it, as in the poet's flower from the crannied wall, lies implicit all the wisdom of the sages and the seers.

—John E. Rosser.

GETTING BY SOCIALLY

You may not be getting by socially and you may not be able to date at the leading sororities in the University, but if you stick to your studies, your reward will come, even if not in social lines.

The real women in the University do not notice a freshman's dancing nearly as much as his personal appearance and bearing on the campus. They want a man to be a man at all times, in the classroom and elsewhere. They don't care especially for the fox trot wizards, nor past masters of parlor subterfuges.

Many a celebrity of the social graces is the brunt of the jokes of his fellow classmates. Good dancers may make a hit socially while they are freshmen and then fall from their pinnacle when quiz week rolls around.

At graduation these men have accomplished little and they realize it too late. The women with whom they have danced cannot see them now—they are out for the real things of life and the old home town man steps in. The wise student gets his academic work first and learns to dance for recreation only.—University Daily Kansan.

Our Gym Piano

The piano in our gym
We try to think it's fine;
It was the best that they could get.
In eighteen sixty-nine.

The wires are getting rather loose,
And yellow are its keys,
Sometimes it gurgles like a goose,
Sometimes emits a wheeze.

STUDENT MIND

Dear Editor:

At a recent student assembly, a number of speakers spoke regarding the presence of the girls at the athletic games, and everything was done to encourage their presence. On of the speakers said, "God bless the girls—we want them there. We had better pep when they are there."

Now if the girls are going to stand back of the boys athletic sports, is it too much to suggest that the boys lend the enthusiasm of their presence at the girls' athletic games. At the last basketball game not more than twenty boys were present. It is fair, boys, to expect backing from the girls if you can return value for value?

BASKETBALL CO-ED.

The Last Word

A little girl traveling in a sleeping car with her parents greatly objected to being put in an upper berth. She was assured that papa, mamma and God would watch over her. She was settled in the berth at last, and the passengers were quiet for the night, when a small voice piped:

"Mamma!"

"Yes, dear."

"You there?"

"Yes, I'm here. Now go to sleep."

"Papa, you there?"

"Yes, I'm here. Go to sleep like a good girl."

This continued at intervals for some time, until a fellow passenger lost patience and called.

"We're all here! Your father, and mother, and brothers and sisters and uncles and aunts and first cousins. All here. Now go to sleep!"

There was a brief pause after this explosion. Then the tiny voice piped up again, but very softly:

"Mamma!"

"Well?"

"Was that God?"—Kansas City Star.

Long Distance Writing.

"George," said a Florida man not long ago to an old negro in his employ, "I understand that you intend to give your son an education."

"Dat's my intention, sub, responded George. 'I know myself what 'tis to struggle along without learnin', an' I has determined my son ain't goin' to have no sich trouble as Ise had.'"

"Is your son learning rapidly?"

"He shure is, sub. Las' week he done wrote a lettah to his aunt what lives more'n twenty miles from yere, an' afta while he's goin' to write to his aunt dat lives 'bout fifty miles from yere."

"Why doesn't he write to that aunt now?" smilingly asked his employer. "He kain't write so fur yit, sub. He kin write twenty miles fust rate, but I told him not to try fifty miles till he gets stronger wif his pen."

Jacksonville (Fla.) Times Union.

Mistaken Identity

Mrs. Clancy lived in an apartment house just over the rooms of her friend, Mrs. Murphy. For a long time these ladies were the best of friends, but at last they quarreled. One day, as Mrs. Murphy was sitting in the window, Mrs. Clancy called down: "Faith, now, and why don't yez get in out of the windy and let your pet monkey sit there a while? The neighbors would be after getting a rest from yer homely ould face."

"Well, now, Mrs. Clancy, it was only this morning that I did that same and the policeman came along and, when he saw the monkey, he bowed and smiled and said: 'Why, Mrs. Clancy, when did yez move downstairs?'"

A Telephone Story

A young woman took down the receiver, and discovered that the telephone was in use. "I just put on a pan of beans for dinner," she heard one woman complacently informing another. She hung up the receiver and waited. Three times she waited and then, exasperated, she broke into the conversation. "Madam, I smell your beans burning," she announced crisply. A horrified scream greeted the remark, and the young woman was able to put in her call.

Admired His Pluck

"Well," said Uncle Si Bruggins after a solo by a fashionable church choir tenor, "if that ain't the rudest thing I ever saw. Just as soon as that young man began to sing, every other member of the choir stopped. But he went thru with it, and I must say I admire his spunk!"—Boston Transcript.

Customer: "Which way to the hosiery department, please?"

Shopwalker (an ex-soldier): "Right turn at the next aisle, sir, forward about twenty paces, left oblique, forward, left turn, halt, and it's there."—Judge.

LOOK INTO THIS

But Who Was The Burglar?

There will be no more midnight searches for burglars in one house—at least when a girl from the house has a date.

A girl at the afore mentioned house was awakened by the frightened whisper of a girl from another room saying, "Listen! Do you hear that noise downstairs?" Armed with hat pins the two descended the stairs, groped their way through the dark hall, and had just reached the kitchen when some one entered the front door.

The girls stood breathless. Two persons whispered together in the front hall and the sleuths felt that they were caught by the burglars rather than the burglars by them.

Then a feminine voice said, "You are musing my hair terribly."

"Do you really mind?" came in a man's tones.

The two shivering ghosts then realized that a door step flirtation, not steps on cellar stairs had awakened them, and they silently prayed that the couple wouldn't come out for a drink.

Left on the front porch of the Pi Kappa Alpha house one Wednesday night was a stuffed horse, with tail, wobbly head, straw mane, and sackcloth skin. Of course, the finding of such an oddity on their premises was a little mysterious.

It was immediately taken inside and self-appointed detectives began to remove the newspaper stuffing in the hopes of running across a clue in the way of a Topeka paper or else some other paper with an incriminating name on it. However, nothing turned up, and though many number of organizations have been suspected, no conclusion has been reached.

For awhile this "Trojan horse" decorated the center table of the Pi Kappa Alpha parlor, but it has disappeared now as mysteriously as it came.

Trouble Follows Him

When Bill Tuttle called for his date one Tuesday night he proposed that they go to the picture show. She said, "Nay, let's go to the interfraternity basketball game at the gym."

Well, Bill wasn't at all enthused, having been to too many such games, but he decided that fair young ladies must have their way. As they entered the gym door a boy in athletic suit rushed up a little breathlessly, exclaiming, "Why, Bill Tuttle, you are just the fellow we are looking for! Please umpire the game for us."

Bill with a resigned expression turned to his partner and groaned: "I knew it! I never come up here but what I get into trouble."

"Dr. MacArthur, in Oral Eng. —" "Miss Cotton, you must look to your laurels. You have a strong competitor in Miss Olmstead. You see, Miss Olmstead, Miss Cotton has thus far held the championship for rapid speech. She is the only one allowed to exceed the speed limits."

Miss Humphrey, "Why do you look so woe-begone, Professor?"

Professor King, "Would you like to get up before an audience and make a fool of yourself?"

Miss Humphrey: "No, because I can't. But you can."

The engine did not seem to be running well when the tractor left the shed.

"Isn't one of your cylinders missing?" asked the prof.

"No sir," was the reply. "They were all there when I started."

A certain senior approached the librarian very meekly and asked if she might be permitted to take one of the newspapers off the rack to read because she had to cram her neck and it ached from trying to read them there.

An Aggie bride who lived at a girl's boarding school for two years, tells that their colored cook had a child whom (after a search for a Bible name) she named "Yea va Reely (yea verily)"

A discharge from the army does not give you the permission to go every where as was thought by a certain soldier who came rushing in to a door marked "private" and asked where the dictionaries were kept.

The men were rushed in the Aggie greenhouses one Friday, for the Pan-Hellenic was to be in the evening. Students were very particular about the color of those flowers for their girls.

Jerry, the Irishman, could not understand all of this unusual excitement so he turned to his companion and asked for information. He was told in full about the Pan-Hellenic and after the instruction was finished Jerry thought for a moment and then remarked:

"Pan-Hellenic? It looks like a Hell of a Panic around here."

Have the Sigma Phi Deltas neglected their rules of manners or have they never had any?

A certain Sigma Phi Delta, who was honored by an invitation to the Girls' Pan Hellenic formal, has, both before and after the dance been calling up for dates with sorority sisters of the girl who took him to the dance but has absolutely ignored the presence of this particular girl. Did he think she was after him? Oh no! It was just courtesy on her part. Needless to say the girl certainly admires his principles in taking it as he has.

"Woody did not sleep very well last night."

"What was the matter, nerves?"

"No worse than that, his room-mate had a date with a certain girl last night, and after he got home he woke Woody a dozen times trying to kiss him."

Miss McLean: Mr. Banks, do stand up straighter; don't you know that you can talk better if you stand erect? What makes your knees bulge out so?

Mr. Banks: (meekly) Please, ma'am I suppose my trousers need pressing!

A freshman girl had been proudly wearing her new lo pin, when one of her fellow classmates noticed it.

"Oh, do you belong to the orchestra?" she said.

"Yes," replied the freshman lo, "I play a harp."

A certain professor and his stenographer evidently sometimes engage in the delightful sport of flirting. Such remarks as this float out thru the office door, "You must think I'm a vampire Mr. —."

When one of the much padded freshmen took a seat on a bench in the class room, Professor Merritt remarked that in time every man finds his proper place in the world.

The high cost of living seems nearing a crisis when a "perfectly respectable" woman "swipes" rolls and a piece of pie and stuffs them into her muff at a church dinner.

A certain former Aggie student in reporting the birth of a daughter, states that since they have given all the pretty names to the calves, the new babe still lacks a name.

Judging from the way she tumbled down the stairs in Kedzie hall the other day, a certain senior journalist would win in any "awkward girl" contest.

An Aggie girl was overheard to remark that next time hash appears on the cafeteria table, she will bow to it.

The only reason a freshman ran the other day when he had an explosion in chemistry was because he couldn't fly.

A certain college war bride loves her husband so much that she even irons the inside of his shirt so that he can slide into it more easily.

"Does the new soprano's voice fill the church?"

"No; I noticed some vacant seats up in the gallery."—Boston Transcript.

When father came home to dinner he observed a vacant chair at the table. "Where's the boy?" he asked nodding to the chair.

"Harry is upstairs," came in a tone of painful precision from the mother.

"I hope he is not sick."

There was an anxious pause. "No, he is not sick," continued the mother. "It grieves me to say, Richard, that our son, your son, has been heard swearing on the street. I heard him myself."

"Swearing!" exclaimed the father. "I'll teach him to swear!" And with that the angry parent started upstairs in the dark. Halfway up he stumbled, and came down with his chin on the top step.

When the confusion had subsided, Harry's mother was heard saying from the hallway: "That will do, Richard, dear. You have given him enough for one lesson."—Harper's Magazine.

By Their Ankles He Knows Them

"I am sorry to note that they are going to make the skirts longer this year, and perhaps hobble them, but I trust the reactionary movement will not go too far—"

We stared in amazement at the speaker. He was the last man on earth that we would have suspected of an interest in things touching on and appertaining to femininity—especially skirts. He was a professional man, with all the outward indicia of a man devoted to the pursuits of science—horn glasses, glistening dome, whiskers and string tie. We adventured.

"But, doctor, what the deuce—I can't imagine how such a matter would be of interest, to a man like you—or me, either, as far as that is concerned—at our time of life. Is it a question of health?"

"Oh, no, not at all. My interest is purely scientific—faddistic, you might say. I am a pedagogue. No, you won't find that in the dictionary. It is the very opposite, you might say—in a manner of speaking—of physiognomist. I have made a study of character from feet and ankles, just as the physiognomist does from the face, and the phrenologist does from the cranium. And the short skirt period has afforded me such unusual opportunities not only of visual investigation, but it has enabled me to procure some excellent photographic reproductions which have been very helpful in my laboratory studies. Snapshots of the different types, some of them obtained with considerable risks, I can assure you. But men of science have always encountered such things."

He opened a drawer, drew out a bundle of photographs displaying pedal extremities in various poses and positions, and arranged them across the table.

The Ingenue Droop.

"It is wonderful how much of character is revealed in the feet and ankles," he said, picking up one of the exhibits. "Look at this one now. This is what I call the perfect 'ingenue droop.' I caught it while the young lady was waiting for a Country Club car one morning. While it is rather a common type, this is an exceptionally good reproduction. Observe that exquisite curve of the inner line of the ankle of the right foot, so full of youthful insouciance, of hesitant sophistication. It is the pose of a Peri at the gate, languid, dreamy, self conscious and expectant of the joys of life—a devotee of the movies, I should say, and an especial admirer of Mrs. Vernon Castle."

"Was she pretty?" we asked.

"Oh, I did not see her face," said the pedagogue, "but it would not be difficult to reconstruct the type from just the data we have here. Slender in form, I would say, with delicate facial features, eyebrows curved in thin regular lines, much given to those little adhesive curls about the brow and temples."

"Now, here's an athletic girl. Observe the firm angle of that right foot with reference to the arch of the left—she could strike the harmonic pose on the balls of her feet in a minute, ready to run, leap or withdraw to a defensive position on the bat of an eyelid. A wholesome woman that, full of vigor and keen for the sun and air. When she walks, it is the poetry of motion and her opinions are all her own. Observe the perfect rounding of that ankle and the symmetrical lines above it—and of course she is well aware of its charms—you see she wears Oxfords."

The "Efficiency Girl"

"Now, here is a type that you come across quite often since the war began. It's the efficiency girl. She was waiting for a car, too. You see she has both heels together, toes pointing outward at just the proper angle, firm, but not obtrusive ankle lines and straight military lines above. There ought to be a uniform go with those feet but I don't recollect now whether she wore one or not. That's a clean cut pair of feet, full of trust that picture with the 'ingenue droop' and note how the diverse points of character stand out. "This one—No. 18—is a careless housekeeper, reads in bed, mostly novels of a romantic order, likes kimono rather than house dresses, makes her husband use the carpet sweeper, I should say, and writes articles for the short story magazines that are never published. She runs one shoe down on the outside and the other on the inside—she's not consistent even in her defects. Yet she goes in for high priced footwear at that, but all her lines are asymmetrical and totally devoid of purpose."

"Now, here's a pair that are just full of character—military heel, well balanced ankles, firm straight lines

above the shoetops and a general atmosphere of power and solidity. A club woman, very likely, with an interest—in sociological studies—just the kind of woman to be at the head of a committee, or to take charge of a public function, or to run a community center.

"There's a complex study—No. 56. The foot is perfect, slender, graceful, exquisite in all its lines. Instep inspirational. Toe tender and affectionate. Ankle lines thin, delicate, spiruelle. There's a woman of high ideals—might be an artist, or a poetess, or a singer, or a great actress—but for one thing. You will note that her toes turn in considerably."

The Pigeon Toed Exhibit.

"Pigeon toed?" we hazarded. "An inelegant, but, perhaps, a very descriptive term, though I have never made any scientific observation of the toes of pigeons. But that turning in of the toes—and it is a natural pose, because I caught it in a moment when she was totally unaware of my camera—she was watching a parade go by—that turning in of the toes shows misdirection of purpose. She will dream her life away without ever attaining her ends."

"Couldn't something be done?" "No, hopeless case. She is past middle age and unmarried. I take it—set her mind on a certain type of man and never met him—that kind never do."

We fished an odd looking exhibit out of the group, showing a pair of flat headed, wide soled, mismatched looking shoes, planted far apart and almost at right angles to each other, with the ankle lines bulging out aggressively. The exhibit was marked 21.

"Something mighty familiar about that 711 group," we suggested. "Perhaps. No doubt you have often met the type—at least your wife has. I got that pair out on Eighteenth Street—"

"Oh, yes—I've got it. I've hunted them up for my wife. She's the lady who tells you, 'Ah kin only cum Wednesdays, ah'se got all the work ah kin do out in dem Mishun Hills, and ah gits mah two and a half a day and twelve cents cahfah.'"

"Yep—that's her," said the Pedagogue.—Kansas City Star.

Percy: "A'm awfully glad the waw's ovah in Fwance."

Doris: "What are you talking about? The war isn't even beginning to end."

Percy: "A! didn't say it was. A! merely said A! was glad it was ovah in Fwance."

THIRD ANNUAL FESTIVAL WEEK

"NAUGHTY MARIETTA"

Victor Herbert's most popular opera
March 21st - - 8:00 P. M.

"THE ROAD TO YESTERDAY"

A Shubert play
March 22nd - - 8:00 P. M.

ORATORIO "ELIJAH" - - - March 23rd, 3:30 P. M.

LUCY GATES - - - March 23rd

Tickets reserved any time during the day at the Co-operative Book Store, or in the evenings before each number at the ticket office, College Auditorium. Season tickets for the remaining four numbers \$2.00 and \$1.50. Single admission 50 and 75 cents. Lucy Gates \$1.00.

Phi Kappa Alpha

The Phi Kappa Alpha fraternity held formal initiation Wednesday night for W. E. Grimes, associate professor of farm management; Mr. Herbert French, freshman in mechanical engineering; and Mr. Carl Uhrick, freshman in agriculture.

Mr. Herbert French who has been sick for a few days is again able to attend classes.

Rev. Robert Atkins of Wichita was a Thursday lunch guest of Mr. Claire Downing. Doctor Atkins was in Manhattan to attend the ministers' institute.

Mr. George Dehn of Topeka spent the week end at the Phi Kappa Alpha house. Mr. Dehn came to attend the Pan Hellenic dance.

Mr. Roy Phillips of Stockdale was a week end guest at the house.

Mr. Leonard Fuqua has received his discharge from Camp Funston, and is spending a few days at the Phi Kappa Alpha house this week. He will return to his home in Kansas City.

Mr. Russel Knapp of Camp Funston was a Friday night guest.

Prof. W. E. Grimes was a Sunday dinner guest.

Sigma Phi Delta

Mrs. W. J. Bucklee was a dinner guest Sunday.

Mr. Gordon Hamilton will leave today on a business trip to Topeka.

Mr. Ford Haggerty, '18, was a week end visitor last week. Mr. Haggerty has been making dairy tests in the western part of the state for the last two months.

Sigma Phi Delta announces the pledging of Mr. W. J. Bucklee and Mr. H. D. Phillips. Mr. Bucklee is a returned Canadian officer and is a freshman in electrical engineering. Mr. Phillips is a sophomore in general science.

Astex.

Mr. Jack Evans spent the week end at his home in Osage City.

Mr. Jerry Whedon is visiting in Olath for a few days. Mr. Whedon will go to Lawrence before he returns.

Lieutenant Dave Schull who has just returned from overseas, spent the week end at the house before returning to his home in Kansas City.

Mr. Chief Curtis of Clay Center was a week end guest.

Mr. Fred Layton of Blue Rapids, spent the week end at the house.

Pan Hellenic Dance

The boys Pan Hellenic gave their annual spring dance Friday evening, March 14, at Harrison's Hall.

The hall was lighted by colonial lights arranged in the form of the jewels in the different fraternity pins. The Beta and Acacia lighted pins were placed over the orchestra pit. The Phi Kappa Alpha was placed on the side and the other pins were used in the corners. From each pin streamers were hung representing the fraternity colors.

Coffee and sandwiches were served to the party. The music was furnished by Maupins six piece orchestra.

The chaperons were the matrons of the different fraternities, and Miss Katherine Kimmel and Professor A. J. Westbrook.

Seventy couples were present.

Delta Delta Delta

Miss Pauline Richards, '18, who teaches in the Olathe high school, is spending this week at the Tri-Delta house.

Miss Rowena Turner spent the week end at her home in Chanute.

Miss Mildred Sterling was in Clay Center from Friday until Sunday.

Miss Lucile Halleck visited in Abilene over last week end.

Miss Elizabeth Boon spent Saturday and Sunday in Junction City.

Miss Irene Conroy was a dinner guest at the Tri-Delta house Sunday.

Informal Supper

Miss Margaret H. Haggart entertained ten girls of the domestic science division on Friday evening, and ten on Saturday evening with an informal six o'clock supper at her home at 1412 Leavenworth.

After the supper the girls spent the evening with a social good time and dancing. This is the third group of senior girls Miss Haggart has entertained.

Shamrock

The Shamrock house was quarantined last week for diphtheria.

Mr. Gene Tebow of Concordia was a week end visitor at the Shamrock house.

Mr. Ross Hill is not in school this week on account of illness.

Mr. and Mrs. Harry Vohringer were visitors last Friday. Mr. Vohringer has just returned from overseas and received his discharge Thursday.

Sigma Phi Epsilon

Ten boys of the Sigma Phi Epsilon fraternity are quarantined for diphtheria at 1001 Blumont.

Mr. Carl McCaslin has withdrawn from college and returned to his home in Topeka.

Mr. C. Lee Reeve, '18, of Garden City is on a short trip to Texas this week for the purpose of buying cattle.

Mr. G. E. Denman, '16, who has recently received his discharge from the army is now teaching agriculture in the Twin Falls high school in Idaho.

Chi Omega

Miss Enola Miller spent the week end in Belleville visiting her parents.

Miss Arria Neal spent the week end at her home in Clay Center.

Mrs. Adams of Topeka was the week end guest of Mrs. S. C. Pettit, chaperon of the Chi Omega sorority.

Mr. J. C. Shoemaker was the Sunday guest of his daughter, Miss Josephine Shoemaker.

Miss Prudence Stanley spent the week end at her home in Topeka.

Pi Beta Phi

Miss Sarella Herrick spent the week end visiting with her mother at her home in Topeka.

Miss Corinne Richardson of Kansas City was the week end guest of Miss Ruth Eppler.

Mrs. G. Drew, the Alpha Delta Pi chaperon, was a Sunday dinner guest.

Miss Mary Ann Mateer left Monday for Pine Bluffs, Ark., where she will take charge of a cafeteria.

Alpha Delta Pi

Miss Gladys May has gone to her home in Kansas City.

Mrs. G. Drew, the Alpha Delta Pi chaperon, left Monday for her home in New Orleans. Mrs. Alice Doisy of the Sigma chapter, who is teaching in the chemistry department will chaperon the girls.

Miss Jamie Cameron who has been ill has returned to school this week.

Biddison-Lumb

Dr. J. W. Lumb, '10, and Miss Edna Biddison, '08, were married February 12 at the Biddison home in Tulsa, Okla.

Mrs. Lumb, before her marriage, taught in the high school in Sioux City, Iowa. Doctor Lumb is connected with the Purdy Biological laboratories in Sioux City where they are making their home.

Delta Zeta

Miss Florence Myers was a dinner guest Saturday evening.

Miss Lyle Hoag spent the week end at her home in Ionia.

Miss Ada Robertson spent Saturday in Kansas City with the party of Aggie-Pop contest winners.

Miss Leona Hoag spent Saturday and Sunday in Kansas City.

Hendrickson-Manley

Miss Nettie Hendrickson, '16, and Charles Manley were married at the Hendrickson home in Manhattan, on January 12. Mr. Manley is in the navy.

Week End Guests

Miss Isabel Hamilton and Mr. Chain Robinson spent the week end in Topeka as the guests of Mrs. Ida Robinson and her daughter Miss Sara Robinson at their home in College avenue.

Kind: "Vater, if the bombs of the grenadiers misfire they must re-fire to fight."

Vater: "Hush, Kind, that is verboten."

(Ed. Note:—The child is now a conscientious objector.)

AGGIES TO K. S. A. C. MEET

Six Track Men Represent K. S. A. C. In Annual Tournament

The Aggies have entered six men in the annual indoor meet held at the Kansas City Athletic Club in Kansas City April 29. With these men the coaches expect to make a good showing in the meet.

Applications were being filled out today for the entrants in the various events offered in the indoor track meet given by K. C. A. C. This is one of the largest invitation meets in the country and the Aggie entrants expect to come home with their pockets bulging with trophies won at the meet.

"Tom" Neely will represent the Aggies in the 50 yard dash. Tom, in the meet against Kansas, showed good form finishing a very close second to Gallagher. Gallagher also will run the 50 yard event in addition to the 70 yard dash and the 50 yard low hurdles. Cliff is due to come home with at least two gold medals tacked to his shirt front and he is entering the meet with those intentions.

Jack Frost will be the only Aggie entrant in the high jump and the pole vault. The K. C. A. C. regulations require that the bar for the high jump shall be placed at four feet eight inches to start so that all small bids for the gold medal offered in this event are cut out.

Captain Foreman is entered in the one mile event and in the quarter mile. The two mile event is not on the list of events and this will cut the Aggies out of a sure five points that Captain Foreman would have easily captured. Foreman has shown his ability to run the quarter mile race in the last two years by running the relay. In the last meet with Kansas he showed a wonderful burst of speed and this combined with his endurance will give him a good advantage over his opponents.

Ray Watson who showed up so well in the Kansas meet on the mile will enter with Foreman in the Athletic Club meet and he is expected to do as well against the teams represented there as he did in the K. U. meet.

Beckett is the entrant that will be able to show himself. Kansas boasts of having a crack half mile man in Captain O'Leary and Beckett although he did not win his event against Kansas, will show up well against the field because of the fact that due to his practice in the last three weeks he has cut his time on this event materially.

The team that represents the Aggies this time is a well balanced aggregation. In the past years the men that went from this school were generally entered unattached, because of the fact that they were ineligible to represent the college. Year before last the team consisted two or three men at the most and usually were entered in only two or three events. The Aggies with the representation that they have at this meet can easily carry the meet and the coaches entertain high hopes that this may be the case.

Messenger: "Who's the swell ye was talkin' to, Jimmie?"

Newsboy: "Aw! Him an' me's worked together for years. He's editor o' one o' my papers."—London Opinion.

"Early to bed and early to rise Make a man healthy, and wealthy and wise";

And the truth of this Early Victorian motto

We soon shall discover, because we have GOT-TO!—Bystander.

Junior Logic

Prof.—Use a GENERAL term in a proposition, Mr. Nattier. (Deep silence from Natty.)

Prof.—You might use COLLEGE EDUCATION in a sentence. (Deeper silence and groans from Natty.)

Prof.—Well, take something with which you are more familiar. Try TEXT BOOKS.

Nat.—Well-ah-h-h—Professors are unmanageable presons.

Prof.—I am glad that is a GENERAL term. But why is it thus?

Nat.—I THINK it is general.

Prof.—Well, that is a very good reason, but hardly sufficient, Mr. Nattier.

Nat.—It refers to a number of objects. (Applause from the class.)

Prof.—Don't refer to the professors as objects, Mr. Nattier.

Nat.—Well, it's like the term PLANTS.

Prof.—Ah—do you mean that they vegetate?

Finis by the Doctor.—I don't know where you were born, but you must be an Irishman.

And He Knew

From the Yonkers Statesman.

Teacher—Now, Tommie, where does the gold come from?

Tommie—Out of the ground.

"Correct. And where do we get our coal from?"

"Out of the ground."

"Correct again. Where do we get our slate from?"

"Out of the coal!"

He Wanted Good Ones

Farm Visitor: "I'd like to get a few hens."

Farmer: "What kind?"

Farm Visitor: "Good hens. The kind that says 'Now I lay me' twice every day, if you've got 'em."—Boston Transcript.

Youngster: "Fader, how much is two and two?"

Parent: "That depends, my boy. Do you want to buy, or sell?"—Wit and Humor.

Wife: "Why do they say 'Dame Gossip'?"

Husband: "Dun'no, except, perhaps they are too polite to drop the 'e'."—Awgwan.

Now the proud and haughty Prussian

Thinks he ought to own the earth;

That may fool the wabby Russian,

But in us it creates mirth.

For we have a certain notion

That he's doomed to spill his beans,

And will never boss the ocean

With his blooming submarines.

"That's funny."

"What?"

"The Kaiser hasn't announced his intention of eating his Christmas dinner in Washington."

—Puck.

Hy: "Them doctors is a-gittin' better every year."

Cy: "Yep. I see they are going to revive Shakespeare in New York."

—Cornell Widow.

A lady who lives in our neighborhood hired a small boy to do a little piece of work for her. He got a friend to help him. When the work was finished she gave the first boy a quarter—the price agreed upon beforehand. Then a difficulty arose about the division of that quarter. We overheard the conversation.

"I'll match you for the odd cent," proposed the second boy.

"Aw, rats!" said the first, who was a sport. "I'll match you for the whole quarter!"

"I ain't no gambler," protested the other. "Let's buy a thrift stamp with the quarter, an' start a partnership book."

And they did.

—Cleveland Plain Dealer.

"Loogy yuh, Brudder Flapp!" severely said good old Parson Bagster, in the course of the Wednesday night prayer meeting. "When yo'-all suppercates to de Lawd kain't yo' de-nounce yo' words a little mo' cl'arly? Remember dat de Scrip'ter tells us to pray widout sissing."—Judge.

F. M. Aimen, state feed inspector, is working this week end in the southwestern part of the state.

You owe it to yourself to see Shute's new spring woolens, whether you want a suit or not.

Lt. David R. Shull, '16, who has been in the air service in France, is visiting at the Astor house.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

F. M. Aimen is doing inspection work in Wichita and vicinity under the auspices of the college.

Save time and trouble. Send your dry cleaning with your laundry. We can please you. A. V. Laundry. Use Phone 701.

Miss Grace Lyness of Goldfield is spending the week end with Miss Myra Scott, sophomore in general science.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

Ira E. Taylor, assistant in drainage and irrigation, went to Lawrence on Friday to do some work in farm drainage.

Its here—arrived today—the newest in Caps for college men, the Swan Cap, see it at Knostman's—\$2.50 and \$3.00—they sure art nifty.

A. E. Langworthy of the feed control department has returned from Wichita where he has been doing inspection work.

If your coat swags in front—and does not fit you around the neck as all hand me downs do, see Shute.

Miss Elva Mall, '18, and Miss Flossie Brown, '18, who are both teaching in Soldier this year, are spending the week end in Manhattan.

Miss Vera McClelland will spend Friday in Topeka.

J. W. Zahnley is the author of an article on vocational agriculture in high schools. The article is to be published in the twenty-first biennial report of the state board of agriculture.

Buy your Stationery by the pound at the Co-Op Book Store.

C. W. McCampbell, head of the animal husbandry department, went to Hays Tuesday for the purpose of making arrangements for the annual cattlemen's round-up which is to be held at Hays April 12.

Bring that Tennis Racket to the Co-Op Book Store to be restrung.

J. E. Ackert, of the zoology department, is spending a few days at the stock yards in Kansas City studying and securing specimens of parasites and other material for the parasitological and embryological laboratories.

Laundry Mailing Cases at the Co-Op Book Store.

Ivan White, a junior of the college, received his discharge from the army on Friday. He has gone to his home in Winfield for a few days, after which he will return and take up his work here as assistant pathologist in the botany department.

Buy your Stationery by the pound at the Co-Op Book Store.

Mr. C. D. Hultgren, '17, has been visiting friends in Manhattan. Mr. Hultgren has recently returned from the Signal Officers' training camp and has taken his former position in the engineering department of the Bell telephone company, with headquarters in Topeka.

Mr. J. I. Brady, '18, has received his discharge from the navy and has entered the employ of the firm of Black and Zeatch of Kansas City as erecting engineer. Mr. Brady received a commission an ensign and served as engineer officer on vessels in service along the coasts of Ireland and France.

"Back to Peace Clothes"

In this moment of laying aside the uniform there surges through the heart of the soldier emotions too deep for words. There are sorrows for departed comrades. There are memories of privation and danger. There are joys of the home-coming. There are hopes for the days ahead.

But no regret, however heavy—no ecstasy, however light—can weigh against the sweet thanksgiving of the mother's heart and the veneration of the nation for him and for her.

Student (translating from Latin)—The heavily armed soldiers stood up on one hand and sat down on the other.

A Paris shopkeeper wrote to one of his customers as follows:

"I am able to offer you cloth like the enclosed sample at 9 francs the meter. In case I do not hear from you I shall conclude that you wish to pay only 8 francs. In order to lose no time, I accept the last-mentioned price."—Exchange.

Officer (who has lost touch with the troops on field training): "I say, Sergeant, where have all the blithering fools of the company gone to?"

Irish Sergeant: "Shure, an' I don't know, sorr. It seems we're the only two left."—Cassell's Saturday Journal.

Officer: "Why do you want special leave?"

Private Swinger: "Me sister's baby is going to be vaccinated, sir."

Officer: "Well, what's that to do with you?"

Private Swinger: "I er—well er—they want me to be godfather, sir?"

—London Opinion.

"Do you find that poultry-keeping pays?"

"Well, no; I can't say that it pays me, but it pays my boy."

"How's that?"

"Well, you see, I bought him the fowls. I have to pay for their keep and buy the eggs from him, and he eats them."—Boston Transcript.

Do K. S. A. C. Professors Love Their Wives?

Do K. S. A. C. professors love their wives? The burden of evidence somewhat confusing on this point.

Who has ever seen Dr. Macarthur take his wife any place? It is reported that a year ago the freshman class sent a written request asking that Doctor and Mrs. Macarthur chaperon a party. Dr. Macarthur was there, but did not bring Mrs. Macarthur with him. Would this indicate that he loved his wife?

Professor Crawford, when interviewed with regard to his opinion upon the joys of matrimony, replied, "I have nothing to say on that subject."

When asked if he loved his wife, Professor West replied: "I refuse to be interviewed upon such a touchy subject." Why should any man refuse to answer that question, or refer to it as a touchy subject if he were really a loving husband?

Even Professor Conover, who seems to have such liberal and altruistic ideas upon other subjects, was heard to remark, "How long has Mr. Z—been afflicted with a wife?"

Professor Westbrook's reply as to what was his greatest joy in life was: "My work; it fills my whole life; it is my religion; the joy of my whole heart." What indication in such a statement to give the merest suggestion that Mrs. Westbrook receives even a passing thought from this busy man, let alone any love what-so-ever?

Who ever saw Professor Burns escort his wife any place? If he loved his wife, would he leave her to spend so many hours in obscurity? Surely one skilled in oratory, has not exhausted all the conversation that could be directed toward entertaining a wife.

Professor J. E. Smith, of the physics department, has a smile for all, but Mrs. Smith.

And now to this already too long a list, comes the new instructor in journalism, Mr. Gleissner, who altho he has been on the hill nearly a week, has never yet made the slightest reference to his wife.

So runs the burden of the evidence, and again the question arises, "In the light of all this can any one firmly assert that the professors of K. S. A. C. really love their wives?"

Andy Gump tells us that he crossed a sugar beet with a milk weed and supplied his neighbors with cream and sugar for their coffee.

Wife (reading): "Thief grabs a lady's five hundred dollar meshbag with two pennies in it."

Husband (a preacher): "Ah, ladies should be more careful on their way to church." —Houston Chronicle.

K. S. A. C. TO HAVE BAND

BAND WILL COME UNDER THE SUPERVISION OF MILITARY DEPARTMENT

Will Add Pep and Enthusiasm to Many Student Activities This Spring—Everyone to Help

Hip-Hip-Hooray! Kansas Aggies are to have a real band and lack of pep is to be a thing of the past.

The band is to come under the supervision of the military department and will meet every Monday morning with Professor Brown at nine o'clock.

No longer will students moan the fact that athletic events are lifeless, that musically the college is behind times, or that prospective students, accustomed to playing in a band, have been attracted to other schools.

Ever since Mike Ahearn spoke at the last pep meeting, asking why the band was a lacking feature at our festivities where good old-fashioned pep was needed, there has been an undercurrent of dissatisfaction. Now all will be changed.

Anyone who has any talent whatever is urged to show their loyalty by coming out, regardless of whether they are taking military training or not.

It is especially desirable that the band be a large one. K. U. has a band of such proportions that it is necessary to divide it into two sections.

There are still a number of events to be directly benefited by the band, such as baseball games, track meets, the May Fete, Decoration Day, and Commencement. All of these festivities will attract alumni of the college, visitors, students of other colleges, and boys who are looking upon K. S. A. C. as a place to come to college in the near future. The band will aid greatly in making a favorable impression upon these guests of the college.

C. E. Buchanan of the feed control department is in Kansas City this week.

AMERICA MUST HOLD HER RECORD

Having Established Record for Leadership, Greater Problem Arises

Our country having already established her reputation for leadership, has now to face the great problem of holding it. This is the task awaiting the United States today, according to the Reverend A. W. Leonard, bishop of the Methodist Episcopal church, who spoke before the students of the Agricultural college last Thursday afternoon.

Reverend Leonard spoke on "America, the Astonishment of the World" beginning his address with the first of our national history telling how in the struggle of the thirteen colonies a leader was provided in the person of George Washington. Then in the time of the civil war, arising from every lip was the question, "Where shall a leader come from?" And this time he was to come from the common people. Abraham Lincoln became the savior of his country.

Later, in our conflict with Spain, Theodore Roosevelt was brought to the front. When the great war began, Woodrow Wilson became the leader. "In the time of the nation's need God has always provided for us a leader. The astonishment of the world is the rising up of our great statesmen," said the speaker. This is shown by the fact that Germany at the beginning of the war, supposed we had a miniature army, and laughed at our navy; but the time came when she appealed for help.

Mr. Leonard told of labor conditions in our country today, saying that he was in sympathy with the laboring class, but not in sympathy with the cause that would overthrow the law. And, as he raised his hands in defiance he declared that "we will not stand for Bolshevism under the stars and stripes. If labor is not fair nor just, it should be settled on the basis of righteousness; if capital is not fair, it should be settled on the basis of justice."

Dr. Leonard was educated in New York and received his doctors degree

at Drew Theological seminary. He has also studied in Rome. He believes that the mission of the colleges and universities today should be to teach the student not to neglect to develop the physical, intellectual, and spiritual part of his being, as all of these are needed for leadership. It will take the best leadership that can be found to make and keep a true democracy which is the principle of the brotherhood of man in all the earth.

F. S. Turner Visits in Manhattan
F. S. Turner, 17, now county agent of Anderson county, was in Manhattan Monday interviewing the state leader of county agent groups, H. Umberger.

"Duke" Turner is a former member of the Hamilton literary society. He took a prominent part in the senior play, '17.

WILL FRESHMEN ABANDON CAPS

Upper Classmen Insist That They Wear Them—Is Aggie Custom

Are freshmen going to be allowed to abandon their caps without being paddled? That is the question before all upper classmen and is due to an occurrence Tuesday afternoon. Tuesday afternoon was one of sunshine, with green grass, spring clothes, and a chorus of birds to make one feel that the time was ripe for a good catch of wayward freshmen.

"Meat! Meat!" shouted a couple of ringleaders, who had fashioned paddles out of barrel staves.

"Where? Where?" cried scores of anxious students in reply.

It was only a matter of a few minutes before a formidable gang had collected in Aggieville near the Co-Op Book store. Eagerly did they search back of the Palace Drug store for stray boards, and, judging from some of the wicked-appearing paddles that they wielded, their efforts were awarded.

"O freshy, freshy.

If you want to see your mama any more

You had better lie low."

was a refrain heeded by the majority of Aggie yearlings. However, there were a number who were unfortunate enough to appear in Aggieville without the required green caps. It was on these that the sophomores and others feasted.

Often paddles became tangled, so eager were the participants to do their share. While this game was at its height an interruption in the form of a faculty member caused a sudden cessation of activity.

"Boys, this paddling has got to stop," ordered the faculty representative. "There is to be no paddling of freshmen this spring."

Then ensued an argument. It seems that President Jardine issued an order in the fall prohibiting the paddling of freshmen.

Some boys claim that the forcing of freshmen to wear caps is a custom which should be maintained if school is to have pep. It is a practice followed by the majority of the larger institutions. Others, greatly in the minority, would be willing to allow the freshmen to go unmolested.

Recognized by Eastern Editor

Two stories by students in the Kansas State Agricultural college are listed as stories of distinction by Dr. Henry T. Schmittkind of Boston in his annual volume, "The Best College Short Stories." The agricultural college is the only Kansas state institution listed in the volume as having produced fiction of distinction.

The two stories listed are "On to Berlin," by Leo C. Moser, and "The Cellar at 14 Rue Cholet," by Mrs. Ethel Strother. Both wrote their stories as students here, and won with them prizes from the Quill club. They were recently graduated from the course in industrial journalism.

Dr. Jardine Speaks in Missouri

Dr. William M. Jardine, president of the college, is one of the principal speakers in a silo-campaign in north-east Missouri. The drive is now in progress.

The University of Missouri, the state board of agriculture, the United States department of agriculture, and various chambers of commerce are cooperating. A similar campaign was carried on last year with President Jardine as a speaker.

Mr. Shipman Winter who has had the diptheria is now back in school.

STUDENTS HAVE NO SYSTEM

ACTIVITY BLANKS SHOW THAT THEY DO TOO MUCH OR TOO LITTLE

Organizer Suggested to Advise Men and Women How To Select a Balanced Program—Call for More Pep

Athletic and social activities are the most popular form of entertainment in college according to the students activities blanks which were filled out by the students a few weeks ago.

In general these blanks were filled in seriously and represent the real choice of the students. Four hundred and thirty eight boys and 400 girls filled in the blanks.

Activities other than athletic and social are comparatively neglected, especially the intellectual and religious, except in the Y. W. membership. However, in all cases the effects of co-education are evident, for the figures for boys and girls run closely together, showing much like-mindedness. In social lines the boys should have no trouble to get dates as the girls outnumber them in all affairs except card parties.

Membership in a fraternity or a sorority was not counted in considering activities, but membership in literary or religious organizations was included. On this basis 107 boys and 56 girls were taking no part in outside activities and belonged to no organizations. Of these only 27 boys and 13 girls asked for nothing to do. Very few students were doing more than two or three things and 138 boys and 121 girls were doing but one thing.

Not any girl did more than six things and not any boy did more than seven. A majority of students asked for from three to eight more activities and some girls asked for eighteen, nineteen, and even twenty more things to do. If opportunity were given according to the students' desires the majority would do from three to ten things although some go as high as twenty-two.

The conclusions drawn from these tabulations are that about half of the students are actively interested in student activities. About one fourth of the student body choose too many or too few activities. The remaining one fourth have selected a well balanced program. This would intimate that about three-fourths of the students need better planning for their work.

The only feasible plan as far as the college can help to remedy the condition, seems to be to plan affairs and give some personal guidance to students by providing a student organizer for men and for women, to cooperate with the faculty committees and have definite plans, responsible leaders, and the times of meetings arranged and places provided. Another plan might be to coordinate all student activities and balance them with class room work by the creation of a senate, composed of the chairmen of faculty committees and the two organizers mentioned, who would probably be the secretaries of the Y. W. C. A. and Y. M. C. A.

As far as the students can remedy the situation the need seems to be for more ideas and united effort to put them across. In the blanks filled out only two suggestions were found. One said "the whole school needs more pep," and the other said, "the school needs an interested student council."

LIEUT. CHRISTOFF RECOVERING

Wounded in Argonne Drive—Recovering—Now in Mittleberghelm

Lieut. M. C. D. Christoff, former instructor in English at the Kansas State Agricultural college, who was wounded early in November, is reported to be sufficiently recovering to rejoin his regiment.

Lieutenant Christoff was with the 64th Infantry and was wounded in the Argonne section. He is now at Mittleberghelm, Alsace. Little has been heard from Lieutenant Christoff since he left Camp Funston but it probably will not be a great while until his return.

Doesn't Know Aggies

Clarence I. Spellman of Kansas City, Mo., doesn't know the Aggie journalists very well. He walked into the editorial rooms the other day looking for an instructor and saw every typewriter occupied and each student busy working. "My, what industrious students there are here," he said. Later he found out that it was the new typewriter class.

To Judge High School Debate

Three of K. S. A. C. varsity debaters are to act as judges in a high school debate between Alma high school and Eskridge high school. The debate is to be held at Alma, March 28. The judges are Miss Lola Sloop senior, in home economics; H. A. Moore, senior in industrial journalism, and Floyd Hawkins, junior in industrial journalism.

SADDLE AND SIRLOIN MEETS

Elects Officers and Reorganizes Club—E. J. Price, President

The Saddle and Sirloin club, the animal husbandry organization, which was discontinued last fall, for the duration of the war, held a meeting at the Y. M. C. A. last Tuesday evening for the purpose of reorganizing.

Reorganization was perfected and the following officers were elected for the spring semester:

President, E. J. Price; vice president, J. D. Montague; secretary, W. E. Robinson; treasurer, N. Pearson; marshal, W. R. Horlicker; board of directors, C. M. Barringer, chairman, H. S. Woodard, and Phil Neal; program committee, J. H. Rochford, chairman, L. M. Howard and H. S. Wise. The annual Saddle and Sirloin Round Up will be held Monday night March 24, at Harrison's hall. All animal husbandry students are invited to be present.

Much interest was displayed at the meeting and under the leadership of the new president, the club expects to accomplish more than has been accomplished previously in the manner of advancement of the interest of the animal husbandry students.

Meetings are held on the first and third Mondays of every month and the program consists of talks by prominent professors.

GRANT RETURNS TO MANHATTAN

Kansas Ace Has Won Distinguished Honors on Battle Front

Captain Alfred A. Grant of the 27th Aero Squadron who has been overseas since December last will arrive in Manhattan this week. Captain Grant has distinguished himself as a flier. He has nine German planes to his credit and has been awarded the distinguished Service Cross and the Croix de Guerre.

The 27th Aero Squadron of which he is Captain ranks second among American in number of German planes downed. Captain Grant was a student here until he entered the service, and he is the only Aggie Ace in the service, in fact, he is the only Kansas Ace.

Captain Grant entered the first officers training camp at Fort Riley, where he made application for the Aviation Department. He was sent to Canada for training in flying, and there joined the British Aero Squadron. When the course in flying was finished he attended the ground school at Camp Waco, Texas, after which he received his commission as First Lieutenant.

Upon arriving in England he was transferred to the American army, 27th Aero Squadron in which he rendered such excellent service.

It is understood that Captain Grant will spend a few days in the city visiting with friends, after which he will go to his home at Denton, Texas, for the remainder of his leave. He expects to receive his discharge soon and to be back in college here next fall.

He is a member of the Sigma Nu fraternity here.

No Student Dance Saturday Night

On account of the Festival numbers this week there will be no college dance at Harrison's hall this Saturday night.

R. F. Kent, who recently returned from France, has been visiting his brother, Prof. H. L. Kent of the department of education.

LEGISLATURE VOTES BIG FUNDS

WILL COMPLETE ENGINEERING BUILDING, REMODEL ANDERSON HALL, MAKE REPAIRS ON VARIOUS BUILDINGS—WORK OF REPAIRING GYMNASIUM ALREADY BEGUN

Thirty Per Cent Increase in Salaries of Instructors Appropriated—Sixty Per Cent Increase for Improvements and Repairs—Addition to Be Made to Old Agriculture Building for Use of Physics Department.

One hundred and ninety thousand dollars has been appropriated by the Kansas legislature for finishing the engineering building, work upon which will begin at once. This appropriation will enable the completion of the central part of the building which will be a story higher than the present wing. Also another wing similar to the present one will be erected on the west side.

This will practically double the floor space and will house the electrical work, and will take care of the auto mechanics and will be used for expansion in certain other lines of engineering subjects.

This building will provide proper storage for coal and for the machinery and equipment necessary for handling the same most economically. A part of the physics department probably will be housed here, which will give the chemistry department a much needed chance to expand.

The college is to have a new hog plant also, and \$10,000 has been appropriated for this. \$5,000 is to be spent each year in testing road materials.

Among other new things will be a new water system, as the old water system is inadequate both in supply and sanitary conditions and has been condemned. \$12,000 has been appropriated for this.

"The literary societies will be glad to hear," said President Jardine, "that work on the repairing of the gymnasium roof is already begun. The domestic science roof will be repaired next. After this has been completed work will begin on Anderson hall. This will be redecorated. Improvements in the Home Art rooms will be included, and many things

will be done to make the hall more attractive."

"The legislature has been very liberal with the Kansas State Agricultural college," said President Jardine.

The money appropriations for the years of 1920 and 1921 show an increase of 33 percent over the appropriations made by the legislature of two years ago. For 1920 they have appropriated \$823,000, and for 1921, \$812,500, making a grand total of \$1,635,500. This sum includes a reappropriation of \$50,000 made by the legislature of two years ago for an addition to be made to the old agriculture building to be used by the physics department. As this was not used at that time, it is available at once, and will be used to start work on the engineering building.

Of the amount appropriated, \$425,000 is available each year for salaries and labor, which is 30 per cent more than appropriated for the past two years.

\$243,000 for 1920 and \$225,000 for 1921 is available for the maintenance of the various departments of the institution and to aid in certain kinds of extension work and to support investigations in the experiment stations. \$40,000 for each year, as compared with \$25,000 each year for the past two years, will be devoted to repairs and improvements. This represents an increase of 60 per cent and will enable the making of much needed improvement in both buildings and grounds.

"We were never treated more generously," concluded President Jardine. "It shows the legislature believes in us and their generous appropriations places a big responsibility upon us to make good and prove worthy of their faith in us."

FRESHMEN AND SOPHOMORES WIN

Second Year Girls Play Juniors Next Wednesday Night

The freshman girls basket ball team won over the junior girls, 24 to 6 and the sophomores won over the seniors 16 to 5, Wednesday evening in a double game played in the Nichols gymnasium.

Although the junior girls were fast on the floor and played a strong defensive game, the freshmen were too much for them and at the end of the first half, the score stood 16 to 3 in the freshmen's favor.

The juniors came back stronger in the second half and held the freshmen back. Only eight points were gained by the freshmen in the second half. The game ended with a score of 24 to 5 in the freshmen's favor.

The senior-sophomore game was slow from the beginning. At the end of the first half the score stood 5 to 1 in the sophomores favor. The second half, Chapin and Phillips, forwards got together on the team work and the half ended with a score of 17 to 1 in the sophomore's favor.

The sophomore girls are now in line for the loving cup. If they win from the juniors next Wednesday evening, they will be winners of the cup. A team must be an all winning team for two years in succession to win the cup. As yet the cup has never been won.

The game next Wednesday evening which will be played at seven o'clock in the gymnasium promises to be the best game of the season. The line up for the game stood as follows:

Sophomores: Forwards, Edna Chapin, Gladys Phillips, and Mary Coffman; guards, Clementine Paddelford, Ruth Willis and Grace Turner; centers, Helen Sloan, Bertha Gwinn and Elva Price.

Seniors: Forwards, Lucille Helzer, Gussie Johnson; guards, Ruth Thomas and Gladys Geigier; centers, Ruby Ellerman and Avis Blain.

Juniors: Forwards, Florence Merrih, Eva Gwinn and Alda Conrow;

centers, Ruth Ghormley, and Mabel Adams; guards, Josephine Meldrum, Edith Wheatly and Mabel Evans.

Freshman: Forwards, Marge Locke, and Clara Evans; centers, Lucille Cooper and Irene Drake; guards Irma Leffinghouse and Evelyn Glenn.

College Campus Has Many Varieties of Shrubs and Trees

The college campus possesses eighty eight varieties of shrubs, the earliest of which will bloom in April. All are common and suitable to Kansas conditions.

Probably, the first flower to blossom will be the Japanese quince. It has a scarlet flower and is conspicuous because it blossoms before the leaves come out. The familiar Bridal Wreath blooms early in May, and is abundant along the driveways. It has a small white flower.

Snowballs and lilacs are all in bloom for May basket time, and usually last through the month. There are seven varieties of lilacs on the campus.

The Flowering Almond bears a white or pink flower and may be seen in front of the old agriculture building in May. The White flowered Spirea, Japanese Thunbergia, and pink and white Honeysuckle bloom through the months of May and June and are widely scattered over the grounds. The Mock Orange and Japanese Barberry appear in June. The latter is known for the red berries which follow the flowers.

During the months of July, August and September the campus is laden with blossoming shrubs.

Band Boys Excused from Drill

Attention all you musicians! Band boys are to be excused from drill the second hour Monday for band practice so be on hand and ready to go.

L. A. Fitz of the milling department is in Wichita this week on business.

FROSH CAPS.

Are freshmen caps essential? We believe they are. The wearing (by compulsion, if necessary) of distinctive headgear by first year youngsters is a firm heritage of practically every university and college in the country. In this regard K. S. A. C. is no exception. But in the type of cap decreed for the helpless frosh our traditions are rather distinctly individual. We place upon the head of every freshman a horrible combination of colors typical of chewing gum advertisements, and send him on his way, an eyecore and disgrace to the spirit of the college.

Are our noble and honored colors, purple and white of so meager import to use that we permit, and even compel freshmen to wear them as an article of clothing; especially when combined with a generous dash of vivid green?!! Apparently the patriots who fix the styles for freshmen "lids" not only have no thought of the insult to ordinary eyes, but also have little regard for college sentiment concerning the proper use to which our colors may be put. There is a federal law prohibiting the use of the red, white and blue as any portion of an article of clothing. Is not the case reasonably analogous in the use of college colors? This, of course, does not apply to our athletes who are defending the school's laurels. It is fitting and proper that athletic garb should indicate the college colors.

Let's back up a bit Aggies and advocate a freshman cap of solid deep green color. Such a cap would make Mr. Frosh a marked man (although really, it requires no expert to pick him out in a crowd, cap or no cap) and at the same time we would be keeping the purple and white of K. S. A. C. where it belongs—a symbol of earnest scholastic endeavor and clean athletics.

Incidentally, it is worthy of note that caps made especially for this purpose may be purchased from the stock of large clothing companies at considerable less expense than those now in use.

R. D. M.

TAX THEM HEAVY!

An announcement was sent in to the Collegian last week stating that the admission to the girls' basketball games would be free to the girls but ten cents for boys.

The Collegian would like to know why this difference is made. Do the boys get something more out of it? Or is that special tax as a kind of punishment for coming? A fellow can go to the Marshall and see the performance twice for only thirty cents.

Sweaters.—Kittell's. For men and women.

SUPPORT THE BAND

Now that a band is to be organized let every student give it his or her whole hearted support. Give them applause. Show them that you appreciate their efforts and a snappy march, jazzy fox-trot, or dreamy waltz will be yours for the asking.

Think of what we would have missed if the band had failed to have been reorganized. What is a baseball game without the band bursting forth with peppy music between innings? What would the May Fete amount to if there was not a band to set the dancers in rhythm or keep the crowds in a jolly mood between waits. Or what a dismal failure Decoration day would be without the band to play stirring marches for a patriotic parade? Remember these things and encourage the bandmen all you can.

SHOW YOUR APPRECIATION

If you see something in a program during Festival week that appeals to you as being especially good, applaud it. The persons in the program who have been working hard for your enjoyment will appreciate a little bit of encouragement.

Applause for a good piece of acting is also a stimulant to better acting, so if the players carry their parts well let us all give them encouragement. It will help everyone concerned to enjoy Festival week more.

STUDENT MIND

Dear Editor:

Why can't some body do something that we students can get a check cashed on this hill? When we come up here before first hour, have classes until five, a committee meeting after that, and reference work until half past nine, will someone tell me when a student can get a check cashed? It is a fine thing to have a cafeteria, but it takes money to eat at that cafeteria, and even the most calculating will run out occasionally.

After one has borrowed from every friend on the hill, and gone without several meals, there remains but one alternative; that is to cut class and go to Aggieville, rain or shine, to have a check cashed.

Surely since our college has provided for our wants so adequately in other ways, something may be done to remedy this.

A Sufferer.

Dear Editor:

If I were official swatter of K. S. A. C. pests for one day, I certainly would swat the bunch that goes to bed on the sleeping porch at ten bells and then make bold attempts at harmony for an hour. Such a clamor no one ever heard before—all the keys of the scale are sung at the same time. Who could study within eight blocks of such a turmoil?

A Senior Ag.

Stewart Teaches Unusual Class

The class in wireless is composed of a very cosmopolitan group. There are four men in the class. One is a Russian, one an Armenian, one a Chinaman and one an American. The class is being taught by Professor Stewart of the Physics department.

Mrs. M. P. Ghormley of Kansas City and her small daughter are here spending festival week with Miss Ruth Ghormley.

"Liberty" the new Arrow Collar.—Kittell's.

LOOK INTO THIS

Are No Snakes in Ireland

The activities of the K. S. A. C. student council are like the snakes in Ireland.

She tried to spurn him;
Bruce wouldn't listen.
Now he is her'n
And she is his'n.

When you see a couple stroll slowly from the auditorium to the gate on a beautiful moonlight night and then turn and walk slowly back, we feel sure that spring has come.

Give Them a Welcome

Now that the nights are warm enough to be inviting, serenades are in order. One of the most novel ways to demonstrate your appreciation of the serenade is to switch off the lights, crawl out on the upstairs roof in your bathrobes, and throw apples, oranges, and candy or anything good to those below. It creates an unusual feeling of goodwill, as the members of a certain sorority, who recently inaugurated the plan, can testify.

Better Get Together

Professor Davis was elaborating on his favorite subject—the joys and sorrows of matrimony.

"Now," said the professor, "wouldn't any of you much rather be married by a preacher than just to go to the justice of the peace?"

Miss S.—"Wouldn't you prefer to have a preacher marry you?"

Laura: "No, sir. I would rather have the justice of the peace."

Professor Davis: "Any one else?"

Mr. H.—"I wouldn't care about having a preacher."

Professor D.—"Well, I think you two people had better get together."

He Had One

An Aggie girl, this morning at the breakfast table, told how she got a date for one of the recent dances. She met the man in Anderson hall, asked him if he had a date for the dance, and told him she had a ticket. He could have a date with her if he wanted it. He told her he would have to go home and see if he had a clean shirt.

Lectured on Oratorio "Elijah"

Miss Doris Bugby gave a lecture on the oratorio, "Elijah" to her classes in Musical Appreciation Thursday and Friday. She illustrated her talk with records of the various arias and recitatives from the oratorio, and gave a summary of the numbers to be given by Lucy Gates in her recital Sunday.

Musical Appreciation classes are open to any students or teachers who care to attend.

Sigma Alpha Epsilon.

Capt. H. B. Rannels has been discharged from service and is now at his home in Manhattan.

Mr. Benjamin Richards, '16, was a guest at the house Tuesday. Mr. Richards is with the department of agriculture at Douglas, Utah.

Lieut. Rene Banks of Ohio Wesleyan University, was a guest at the Sigma Alpha Epsilon house Monday and Tuesday. Lieutenant Banks is on his way to Corvallis Oregon where he will finish his work in the Oregon Agricultural college.

Mr. Charles Waldo returned Monday from Lawrence where he attended the Sigma Alpha rush party last Saturday.

Mr. Clarence Fickel will leave Sunday for Denver where he has accepted a position with the Robinson Commission company.

Omicron Nu.

Omicron Nu held pledge services for their eight new girls Thursday in Dean Thompson's office.

The new pledges are Miss Gladys Love, Miss Helen Dawley, Miss Laverne Webb, Miss Jessie Hibler, Miss Edna Wilkins, and Miss Gladys Ganshird. Dr. Helen B. Thompson dean of home economics and Miss Ina Cowles, of the domestic art department, were taken in as honorary members.

After the initiation services 123456123 After the initiation services they were entertained at an informal dinner in the college cafeteria.

HEALTH NOTES

By Dr. C. M. Siever

The only way we can keep sickness out of the college is for each student to keep well. If it is impossible to do that then the next best thing is to keep out of school if you get sick and do not expose any more than absolutely necessary.

The Department of Student Health has published a pamphlet, about disease and how to prevent it. Have you read it? It not you can obtain one opposite the College Physician's office in main hall.

H. B. Winchester, assistant professor in animal husbandry, returned today from a business trip to the Iowa State college at Ames.

Rain coats.—Kittell's. for men and women.

Sigma Nu

Mrs. Mary P. Van Zile, Miss Jesse Michir, and Miss Rothermill were dinner guests at the Sigma Nu house Sunday.

Mr. Clifford Gallagher and Mr. George Morgan were dinner guests at the house Sunday.

R. J. Hanna was a week end guest at the Sigma Nu house.

St. Patrick's Party.

The Christian Endeavor of the Christian church entertained Tuesday evening with a St. Patrick's "six" party. Supper was served at 6:06 o'clock. This was followed by a very unusual program of six numbers beginning at 6:06 o'clock. The majority of those present were college people.

Delta Zeta

Mr. and Mrs. H. D. Gleason of Omaha, Nebr., are spending the week end with their daughter, Miss Dorothy Ann Gleason.

Miss Elizabeth Clarke of Paola is visiting her sister, Miss Marian Clarke during Festival week.

Miss Edna Edgerton is the guest of her sister Miss Lenore Edgerton for the week end.

Beta Theta Pi

The Beta Theta Pi fraternity has initiated Michael Emil Ptacek, Raymond Vivian Gross, Samuel Arnold Simpson, John Calvin Riddell and Tom Wiltout. Dean and Mrs. Farrell were dinner guests at the Beta house Sunday.

B. V. D. Time.—Kittell has 'em.

Alpha Delta Pi

Miss Ruth Garvin spent Wednesday and Thursday at her home in Lawrence.

Miss Laura Ramsey who has been teaching in the high school at Clay Center has resigned her position to take up Y. W. C. A. work.

Miss Elizabeth Brown, Miss Lula May Zellar and Miss Lambertson were guests at a dinner given at Fort Riley Sunday.

Mrs. E. J. Brown of Blue Rapids, will arrive today to spend the week end with her daughter, Miss Elizabeth Brown.

Mrs. Meserve of Ellis, is spending a few days this week at the house visiting her daughter, Miss Velma Meserve.

Miss Edith Wheatley was a Monday evening dinner guest.

Miss Gladys May entertained the Alpha Delta Pi girls with a two course supper Sunday evening at ten thirty o'clock.

Chi Omega.

Dean Mary Pierce Van Zile, Dean Helen Thompson, and Miss Margaret Haggart were dinner guests at the Chi Omega house Wednesday evening.

Miss Ruby Crocker and Miss Ann Marie Crocker will spend the week end in Topeka visiting friends.

Miss Julia Curry of Norton will spend the week end at the Chi Omega house visiting her sister, Miss Bess Curry.

Miss Edith Ralston returned Tuesday morning from Wichita where she spent several days visiting her parents.

Miss Annette Perry of Topeka will spend the week end in Manhattan.

Sigma Phi Delta.

Sigma Phi Delta fraternity held formal initiation Saturday night for Mr. Edgar Bailey, freshman in electrical engineering, and Mr. Harry Hudson, freshman in agriculture.

Mr. Warren Rutter of Topeka was a week end visitor last week.

Mr. C. D. Hultgren, '17, visited here last week. Mr. Hultgren has taken up his old position with the Bell Telephone company, with headquarters at Topeka.

Mr. R. A. Graves of Camp Funston was a week end visitor.

Mr. J. H. Hunt of Blue Rapids, visited his brother, S. L. Hunt, here over Sunday and Monday.

Alpha Theta Chi.

Dinner guests at the Alpha Theta Chi house Sunday were Miss Gladys Bergier, Miss Consuela Bullock and Mr. W. E. Robinson and Mr. D. Burton.

Mrs. V. E. Kovar of Kansas City, was a week end guest of her son, Mr. Paul Kovar.

Mr. R. E. Rasher, Mr. A. W. Butcher and Mr. C. H. Kenison were dinner guests Saturday evening.

Corp. Rufus Letter of Fort Riley, was a week end guest at the house.

Mr. Thomas Lee spent the week end at his home in Yates Center.

Sigma Alpha Epsilon

Mr. C. E. Fickle who recently received his discharge from the army will leave this week for Denver where he will accept a position with the Clay Robinson Commission company.

Lieutenant Banks spent Tuesday and Wednesday at the Sigma Alpha Epsilon house.

Lieut. Hile Reynolds, '15, who has been overseas returned to Manhattan Tuesday.

Ensign Giles Sullivan spent the week end at the Sigma Alpha Epsilon house.

Shamrock

Mr. Harry Newton, Mr. Howard Lindsley, and Mr. Allen Green, who have been quarantined at the college infirmary for diphtheria, are now back in school.

Mr. Floyd Pickrell spent the first of the week at his home in Leon.

Mr. Ross Hill, who has been ill at his home near Manhattan is back in school.

Omicron Nu Irish Party

The Omicron Nu, honorary domestic science sorority entertained the sophomore and junior girls with a St. Patrick's party between 4:30 and 6:00 o'clock Monday afternoon in the Home Economics hall.

St. Patrick's emblems and colors decorated the hall. Punch and wafers were served to 200 guests.

Pi Kappa Alpha

James B. Fitch, associate professor of dairy husbandry, was a Tuesday night dinner guest at the Pi Kappa Alpha house.

Mr. George Dehn who has been visiting at the Pi Kappa Alpha house for several days, left Tuesday for his home in Topeka.

Mr. Leonard Fuqua left the first part of week for Kansas City.

Dinner Guests.

Sunday dinner guests at the Sigma Alpha Epsilon house were Miss Muriel Genn, Miss Jamie Cameron, Miss Josephine Sullivan, Miss Helen Lawrence, Miss Velma Meserve and Miss Evelyn Glenn.

Athletic goods.—Kittell's.

Sigma Phi Epsilon

Mr. Kurt Kecker left Wednesday for his home at Lyons. Mr. Kecker has withdrawn from college.

Mr. Willard Howe, Mr. R. W. Allen, and Mr. Shadley Schreck were dinner guests Tuesday evening. Mr. Howe expects to reenter college the following week.

You owe it to yourself to see Shute's new spring woollens, whether you want a suit or not.

Delta Delta Delta.

Miss Teresa Haack of Florence is visiting her sister Miss Mary Haack, at the Tri Delta house this week.

Miss Gertrude Conray will spend Friday evening in Topeka.

Miss Gladys Scott was a dinner guest at the Tri Delta house Wednesday evening.

Every girl in college is given a chance to help nominate the officers of the Y. W. C. A. This is done so that the officers may be the choice of many rather than a few. Cards were sent out last week to each girl, they should be sent in now.

You will soon be carrying an I-P Loose Leaf Note book. Why not get it now at the Co-Op Book Store.

R. Arthur Williams former student at the college of the 67th C. A. C., who recently returned from overseas visited Tuesday evening at his home on Laramie street. He is now stationed at Camp Funston but expects to receive his discharge soon.

Ray Ferree of Ames, former student of the college, is to be in town the latter part of the week to attend the Musical Festival. Mr. Ferree left college last spring to enter the army, and did not receive his discharge in time to enter college this year.

O. B. Burtis, '16, county agricultural agent of Clay county, was on the campus Monday seeing several members of the college faculty in regard to some of his projects in Clay county. Among other things he made arrangements with Dr. H. H. King of the chemistry department for the testing of some salt water found in Clay county. Mr. Burtis was a member of the Aztec fraternity and student head of military work here.

PADDLING MUST BE STOPPED

HAZING HAS CALLED FORTH UNFAVORABLE CRITICISM ALL OVER KANSAS

Presidents Says That Any Freshmen Who Refuse to Wear Their Caps Are Not Men—Ignore Aggie Tradition

"All paddling of freshmen for not wearing Freshman caps must be stopped and stopped at once," said President W. M. Jardine Saturday noon when talking to a group of the boys in his office.

President Jardine also said that any Freshmen who refused to wear caps are not men and he desired an opportunity to talk to them.

"The rule made during S. A. T. C. days concerning paddling still holds good," continued President Jardine. "Mob spirit never gets anywhere. Someone or a group is bound to go too far sooner or later and the result is that some boy is seriously injured. If someone were injured it would be impossible for me to excuse it to his parents or the public. In fact, if one boy were to be disabled in the next ten years it would be enough to warrant the stopping of paddling. Last fall several boys were badly hurt in the big fights put on between the freshmen and upper classmen.

"I am in favor of college pep but not the kind that calls for paddles," continued President Jardine. "Use your heads more and your arms less. The Freshmen must not consider this a victory. They must wear the caps, but surely there is some way in which those that refuse can be humiliated and induced to see their error without putting their physical bodies in jeopardy.

"We cannot afford to have a single boy disabled in these days when a whole body is more necessary than ever before in the struggle of life. On the other hand, the wearing of caps by freshmen is an old time college tradition. I believe it adds to college pep for the freshmen to wear caps. It is a badge of distinction. We are able thereby to know who are freshmen and to get acquainted with them. Any boy who is not a molly-coddle, who is free from his mother's apron strings, will understand the spirit of the tradition and will not refuse to wear the cap. And any boy who refuses to wear the cap needs only to have the matter brought to him in the proper light to be induced to do so."

"A committee has been appointed to devise something that will take the place of paddling, yet that will be effective in compelling freshmen to wear the caps. This committee is composed of individuals who are strong for Aggie pep and who are anxious to find some means of maintaining it. It is composed of the following persons: Dr. J. R. MacArthur, Professor C. F. Baker, Miss Elizabeth Rothermel, Dean Mary P. Van Zile, Prof. W. A. Lippincott, Dr. H. H. King and Prof. A. E. Westbrook.

"The hazing that was done at this institution last fall has called forth unfavorable criticism all over Kansas. When such reports go out it is bound to create an unfavorable impression. People get the idea that we are a roughneck college. So unfavorable and widespread has been the impression already created that unless paddling is absolutely stopped and at once, there is a possibility that boys who contemplate coming here may decide to go elsewhere. The large eastern colleges do not allow paddling; the consider it a dangerous practice. Most of the schools in Kansas do not allow it and the Kansas State Agricultural college will not tolerate it henceforth.

"We do not want to lose any of you boys," said President Jardine, "we need you, but anyone caught paddling freshmen will have to leave school. I was never more serious in my life. I realize that when paddling is done it signifies that there is energy that needs an outlet and we are going to try to have a substitute for paddling ready by next fall at the latest."

When President Jardine finished speaking, he asked the boys what they honestly thought about the matter and the boys agreed with him that a less dangerous means than paddling could be found to compel freshmen

to wear caps. They are convinced that the prohibition of paddling is for the best interests of the school and regard it now as past history.

Quill Club to Hold Initiation
Quill club will hold formal initiation for the new members chosen in the last membership contest, this Wednesday evening at eight o'clock in Kedzie hall.

There will be no program this week but the programs for the two following weeks will be posted in Anderson hall.

Y. W. PLAYS "EVERY FRESHMAN"

Playlet Takes Girl Through Freshman Year—Special Costumes a Feature

"Every Freshman" will be given by the girls of the Freshman Commission at the Y. W. C. A. vesper service Thursday afternoon at four o'clock in the D. S. rest room.

The playlet takes the girl from the time she receives the call to go to college through her freshman year. It will be interesting to the senior girl to see how freshman have changed and to the freshman girl as her own experience. Every phase of college life will be represented.

The costumes will make up a good deal of the play. "Every Freshman" will be typical freshman girl. "Flunk slip" will be dressed in a yellow envelope. "Big Sister" will introduce "Every freshman" to college life.

The characters are:
Every freshman, Florence Reiner; Homesickness, Florence Meyer; Friendship, Elizabeth Brown; Truth, Lillian Ayers; Confidence, Irene Drake; Joy, Helen Thayer; Athletics, Ruth Eppler; Dates, Evelyn Glenn; Society, Ruth Dalton and Kathleen Knittle; Flunk slip, Ella Franz; Chemistry, Orpha Maust; Big Sister, Marion Brookover; Sophomore, Adelaide Lutz and Enola Miller; Faculty, Vera McCand; Grouch, Eva Leland; Good Times, Esther Waugh; Studies, Ruth Peck; Messenger, Miriam Harding; Foods, Elizabeth Dickens.

BASEBALL STARTS IN EARNEST

Team Will Be On the Diamond This Week—Material Good

Baseball season has started in earnest now and in only a few days the team will begin to round into shape and show itself on the diamond. At present the men who have been going out for the team have been confining themselves to the gymnasium in order that they might not throw their arms away the first night out.

About fifteen men have been out tossing the ball back and forth in the gym in the last week and by tonight the coach expects to issue suits and have the men out on the diamond. A little batting practice will be the first thing on the program followed closely by field work. The coaches are up against the proposition this year of training an entirely new team for there is only two men in school that have had experience on the Aggie team. Some others however, have played some ball in town leagues and in the smaller teams over the state.

As far as the pitching staff is concerned the only two men out at present for the mound position are Magrath and Otto. Both of these men have had some experience at the tossing game and Magrath has played one year on the Aggie team. Mac is warming his arm up every night and is developing his control. His old speed is coming back to him and he will be in good form before the first games which will probably not be played until about the tenth of next month. Pete Hixson has been catching for Mac for about a week and he reports that Mac's arm is even better than last year and that the only thing needed now is control which can only be gained by practice.

According to Coach Clevenger games have been arranged with Haskell, St. Marys and Kansas University. It is rumored that Nebraska is to have a team this year and that the "N" club is backing it. Coach Clevenger has written to Coach Stewart of Nebraska asking for a series of games to be played here in case they do have a team.

Sometime next week the coaches will be ready for the freshmen who are desirous of training for the team. A freshmen team will be organized after the Varsity is started and practice is running smoothly.

STUDENT COUNCIL REVIVES

WORK OF COUNCIL IS TO LEAD, NOT JUST TO CHASTISE

New Members Have Been Elected—Begin Work Again—Plans to Be Made Public Later

Members of Student Council.

- Senior—
 - H. A. O'Brien, president,
 - Vera Samuels,
 - Lucile Heiser,
 - Ruth Blair.
- Junior—
 - Hettie Carris,
 - Clifford Kneisley,
 - Ada Robertson.
- Sophomore—
 - Irene Graham,
 - Gladys Ross.
- Freshman—
 - Everett Willis.

"What is the student council, and what work is it supposed to do?" is a question which is now being asked by students all over the hill. "Is the council simply an honorary body chosen for the purpose of having pictures in the Annual and electing officers?"

The student council is a dynamic body, instead of merely passive or judicial. It is a representative organization of the student body and acts as an intermediate conciliatory body between the faculty and the students.

Its work is to take the initiative in any matters pertaining to the student welfare and to act as an advisor for the individual students. If any student has suggestions for college activity improvement the student council would be glad to get them. Send them to your representative on the council.

The duties of the council consist of making and carrying out discipline laws, of giving suggestions, and taking the initiative in any matters of student welfare or activity.

The council passes rules of conduct so far as they do not conflict with faculty rules. All rules passed by the council must be approved by the president. When difficulties arise between the student body and the faculty the council may act as an advisory council between the two.

At any time a hearing may be called to decide the merits of a case. But before the council's ruling is effective it must be approved by the president. The council does not take part in cases which start in the faculty unless it is appealed to by the student.

Some work has been done in the past by this body but during the last term its work was hindered by the unsettled school conditions due to the influenza. Recently the new members have been elected and the council is now at work again.

It is the duty of the council to lead and not merely to chastise. It should secure good, clean entertainment for the student body. It is a live wire in other institutions and should be here.

The names of the members of the student council are given in order that every person in school may know his class representative and so that he may appeal to them for aid on any matter of importance which may come up. The council is always ready to offer assistance and advice. The main purpose is to promote the general welfare of the student body. The names of the members are H. A. O'Brien, president; Miss Vera Samuels, Miss Lucile Heiser, Miss Ruth Blair, Miss Hettie Carris, Clifford Kneisley, Miss Ada Robertson, Miss Irene Graham, Miss Gladys Ross and Everett Willis.

Word has been received from Captain S. R. Kimble, a former student in college, stating that he and his family would sail from Manila, P. I., on February 20, and would probably arrive in San Francisco the latter part of March.

N. E. Olson, assistant professor in the dairy department, left Monday night for Cedar Rapids, Iowa, to attend a meeting of the National Creamery Butter Makers association.

J. B. Fitch and H. W. Cave, of the dairy department are in Topeka this week attending a Holstein sale and meeting which is being held there.

Lieut. O. W. Hunter Here

Lieut. O. W. Hunter who has been connected with the sanitary department of the army, arrived home last Thursday on a two weeks' furlough from Camp Custer, where he is now stationed.

Lieutenant Hunter gave up his position as professor of bacteriology in the college to enter the army. He does not know when he will receive his discharge as the work in his department must continue receiving overseas soldiers, and from now on be a camp hospital in accordance with a recent order from the War Department.

GIVE REAL BAKED BEAN FEED

Plans for Girls' Summer Club Work Will Be Discussed.

A baked bean feed for all girls whom Miss Abbie Graham interested in summer club work will be given tonight in the domestic science rest room from 5:30 to 7:30.

Miss Blanche Palmer will tell the girls about the plans for the eight week clubs.

Miss Grace Hess, who is to have charge of the sports and recreation work, will explain that. Miss Hess has had experience in summer recreation work.

Miss Milam, who has charge of the boys and girls' club work over the state, will give suggestions as to the help the girls can give as recreational leaders in clubs organized over the state.

Plans for the summer Sunday school classes in the home community will be discussed by Miss Mildred Inskeep.

"Invitations were sent to all girls who signed for help with recreation or summer club work but if there are any other girls interested we will be glad to have them come. There were 136 girls signed up and I think this is a chance for the girls of K. S. A. C. to show that they are a real benefit to the state," said Miss Inskeep.

Miss Florence Whipple, of the extension division, is organizing boys' and girls' clubs and canning clubs for women in Brown county this week.

COMIC STUNTS ADD TO CONTEST

Will Be Strong Competition Among Orators—Three Prizes to Be Given

The oratorical board has decided to return to the custom of having comic stunts at the inter-society oratorical contest. The contest this year is to be held in the college auditorium on March 29.

Until two years ago the stunts put on by the societies was one of the big events of the evening, but they have been abandoned the last two years. Four stunts of 10 minutes each will be given this year.

The following stunts will be given:
"The Returning Yank"—Brownings and Athenians.

"Dark Town Strutters Ball"—Mamlons and Ionians.

"I'm Old Enough for —?"—Websters and Eurodelphians.

"Nothing Like This"—Franklins and Alpha Betas.

Each of the eight societies will be represented by an orator. The orators are W. I. Turner, Alpha Beta; Miss Ruth Blair, Ionian; Oliver Nelson, Hamilton; Miss Mable Bentley, Browning; C. J. Medlin, Athenian; B. B. Brewer, Webster; Miss Gussie Johnson, Eurodelphian; and A. F. Swanson, Franklin.

"The orators are much better this year than they were last, and there will be strong competition," said Prof. O. H. Burns who is coaching the speakers on delivery.

A prize of \$25 and a gold medal is awarded for first place, \$15 and a silver medal for second place, and \$10 and a bronze medal for third place. First place was won by the Athenians last year and by the Hamiltons two years ago.

Tickets are on sale by the literary society members. The ticket sale is put on in the form of a contest, the society selling the most tickets will receive 10 per cent of all money taken over expenses. Tickets are 25 cents each.

Miss Ruth Aiman, '15, is teaching domestic science and elementary chemistry in the high school at Kingman, Arizona.

The dairymen of the state are holding a meeting in Topeka this week to organize a state dairy council.

FESTIVAL WEEK PROVES BIG SUCCESS

AMERICA'S FOREMOST COLORATURA SOPRANO GIVEN MANY ENCORES IN SPLENDID CONCERT—COLLEGE CHORAL SOCIETY, CLAY CENTER AND RANDOLPH CHORUSES AND ORCHESTRA GIVE "ELIJAH"

"The Road To Yesterday" Makes Hit With the Entire College, With Miss Betty Lyman as Leading Lady—Miss Banker and Miss Rowles Also Star in Play—"Naughty Marietta" One of Best Operas Ever Staged Here

The third annual Festival week came to a climax Sunday night when Miss Lucy Gates, America's foremost coloratura soprano, thrilled and was as thrilled by, an audience that overcrowded the auditorium.

The surrender of the immense audience to the visiting artist was complete. When Miss Gates came on the stage she was greeted by an ovation which lasted more than a minute. Following each of her five groups of songs came prolonged applause which brought Miss Gates back for encore, after encore.

The richness of her voice and the ease with which Miss Gates executed the difficult portions of "Una voce poe fa, Barber of Seville" by Rossini were guarantees that the program was to be highly successful. A group of four songs by MacDowell was followed by an encore, "Home, Sweet Home" which Miss Gates handled with a tenderness and a sweetness that charmed.

Preceding her rendition of a quartet of French selections, Miss Gates explained pleasingly the theme of the songs. "A des Oiseaux" by Georges Hue was an appeal to the birds to seek refuge in an orchard where they never would be troubled by hunters. A French folk song, was given by Miss Gates in a manner which made even those who could not follow the words in thorough sympathy with the plea.

Gena Branscombe's "I Bring You Heartsease" was an attractive number of the final group of songs, although "Last Night I Heard the Nightingale" was a favorite with many of the listeners.

Among the most attractive of the encores was the "Cuckoo Song" and "I Dreamt I Dwelt in Marble Halls." In all, six encores were sung by Miss Gates.

The visiting artist was sincerely appreciative of the ovation accorded her by the audience.

"I am going to do something now which I have never done before," Miss Gates said, preceding her last encore. "I am going to thank the audience. I have sung before many college audiences, but I am sure that nowhere have I been more generously or more warmly greeted."

Choruses Present "Elijah"

The college choral society, augmented by the Clay Center and Randolph choruses and the college orchestra presented the oratorio, "Elijah" at the auditorium Sunday afternoon. Mrs. H. T. Engel, Miss Bess Curry, Miss Katherine Kimmel, Mr. C. W. Johnstone and Dr. B. E. Garrison sang the major parts, while the oratorio was directed by Arthur E. Westbrook, director of voice in the college. Miss Patricia Abernethy assisted at the piano.

"Elijah" has been given many times under the direction of Mr. Westbrook, and Sunday's audience voted this week's rendition one of the most successful of Mr. Westbrook's musical treats.

Miss Lyman Stars in Play

A flutter-budget feminine American sight-seer took in too much of London's history and dreamed of the life of 300 years ago, only to wake up to find that love-making today is just as interesting and a heap less trying on the nerves, in "The Road to Yesterday," a Shubert comedy produced Saturday night by the Purple Masque dramatic club, and directed by Miss Florence Heizer.

Miss Betty Lyman played the lead, and was a likeable and bubbling young American who did not lose in attractiveness when she was placed in the environment of three centuries ago. The entire play was built around Elsbeth, the part which Miss Lyman played. Opposite Miss Lyman was Carrol Barringer, who was a romantic suitor, both in the present and in the past.

A clever bit of character portrayal

was that of Lloyd Hamilton, who handled with the ease of a finished actor the difficult part of Capt. Kenelm Paulton, a rejected suitor, and again delighted the audience with his clever work as the "villain" in the year 1603. Stephen Fairchild was especially good as the simpleton in the two acts which portrayed the past, while the roles played by Miss Florence Rowles, together with her mastery of her parts, made her one of the most interesting characters in the play.

Miss Banker as Aunt Harriett was an exceptional actress. The ability of the members of the department of architecture were taxed in the second and third scene, as all the furniture was the work of these students, superintended by C. F. Baker, professor of architecture. The cast of characters.

"Naughty Marietta" Makes Record
"Naughty Marietta", the opera produced Friday night as a part of the Festival week program, was full of possibilities and the splendid cast which had been picked by A. E. Westbrook, director of voice, took advantage of every opportunity to give the large audience one of the best, if not the best, portrayals even given in Manhattan by an amateur cast.

Marietta was a runaway lady of high birth, and she fell in love with Capt. Richard Warrington, an American who attempted to resist the love-making of the clever little French woman. Miss Bess Curry both sang and acted the leading part of Marietta pleasingly. Her solo work gave her only limited opportunities for the use of her splendid soprano, but every one of her numbers was enjoyed for the work of this capable student is being watched with interest by many Manhattan lovers of music.

The singing of the dream melody in the last act by Howard O'Brien, playing the part of Warrington, gave full opportunity for the use of Mr. O'Brien's splendid tenor voice.

Probably the most interesting pair in the play were Miss Pearl Hoots, as "Lizette," and Leonard Morgan, who was the bombastic "Simon O'Hara." This pair excelled in comedy and the voice of Mr. Morgan was much admired.

The opera was directed by Mr. Westbrook. Mr. C. F. Baker had charge of the scenic arrangements, while Miss Ethel Loring and Miss Florence Heizer were assisting directors.

The cast of characters:
Naughty Marietta.....Bess Curry

SPEAKING OF COLLEGE PEP

So much has been said and so little done in regard to school spirit this year that the writer seeks this opportunity to bring to the attention of the student body and the faculty one of the peepiest little fellows among us. Accept our apologies, Professor Baker for using your name in vain but if you will permit the use of your name and your activities we will endeavor to show the world that more of us should follow your example. In addition to acting as head of the Architectural department and introducing into this department many new and novel ideas you have furthered the interests of the school in your every undertaking.

Are you not one of those who have been chosen as a member of the new Student Affairs Committee to pick for the student body something more interesting than the paddling of Freshmen? Are you not the only member of the faculty who on Roughneck day appeared in the costume of the humble student and was it not you who, in order that the student body might enjoy the day to the fullest extent arranged for the very enjoyable student mixer at the Community house. Is it not you who is known on the hill by more students than any other member of the faculty? Was it not you instead of the Architectural students that did most of the work of making the scenery and the decorations for the play "The Road to Yesterday" and the operetta "Naughty Marietta" and was it not you who worked till morning each night with the casts of the two plays in order that they might be as good as they were?

Can any other member of the faculty claim to have done as much for the advancement of spirit and loyalty to Alma Mater as has Professor Baker? If there is such, let him advance two paces, we will salute him. Why cannot more of us faculty members and students help the good cause along?

SUNFLOWERS

By H. W. D.

One way to get that millionairish poise without having to pay the taxes is to become a pullman conductor.

One of the really amusing things on earth is the old bachelor who is sitting around waiting for the passing away of the institution of marriage.

Look at Mabelle

Mabelle's got her long tight skirt,
And oh, that fetching swish;
She twists across the boulevard
With motion like a fish.

With congress closed down and the peace conference closed up the front pages have been given over largely to women who kill their husbands in fits of jealousy and anger.

Some of the boys and girls in their roughneck clothes on the fourth annual roughneck day at the college looked more nearly human than they have in a long, long time.

Nature's Angles

The winds blow horizontally,
The rain falls on the bias,
The sun's rays try all angles
Till at non they nearly fry us.

—Lucy Wonder.

Despite the epochal changes that are said to be imminent in church, state, and society, and the world fissions that are offered up for our consumption, the fellow who spends most of his time attending to his own business is the really valuable world citizen.

A Day in March

O, what's so well done as a day in March?
Then, if ever, comes everything;
Then Heaven soaks earth to remove the starch,
And the sun strikes back till the redbirds sing.
Whether we walk or use a car,
We're treated to all kinds of weather there are.

—Kansas State Industrialist.

Plant Trees As Memorial To Soldiers

Young trees that will live and increase in size, beauty, and strength each year are much more fitting memorials than service stars. At least students in the horticultural department at the Kansas State Agricultural college thing so.

Plans have been made for setting out 1,009 trees—a tree for each man from Riley county who entered the service. During the past few weeks the laboratory classes in plant propagation and fruit growing have been giving their attention to setting out these trees on the slopes of Blumont hill. This hill is on the north side of Manhattan and can be seen from any part of the city. The country club and golf links are on its summit and it is a popular show place for visitors.

Three hundred and twenty-five trees have already been planted. It is expected that by the end of next week the work will be completed. The trees are being furnished by the forestry department of this college.

The lab classes are taking hold of this work with a great deal of enthusiasm, which is natural, as the majority of the boys in the class have served Uncle Sam in various capacities. A few branches of the service represented are the marines, engineers, navy, aviation, infantry, and artillery.

These men are planting trees in much the same spirit that they served their country, which augurs well for the future success of the movement which has been started to give the loyal sons of Riley county a fitting and beautiful memorial.

A Different Question

One of the rules of the club made up entirely of eccentric young men was that on each Tuesday evening any member who asked a question at the club-rooms which he could not answer himself must pay a fine of \$10. One Tuesday night young Jones put the following question to his fellows: "How does the ground squirrel manage to leave no dirt around the top of his hole when he digs it?"

No one could answer it and all turned to Jones, hoping to see him fall down in attempting to explain and have to pay the fine. "Well," he said, "that question is easy enough. You see, the squirrel simply starts at the bottom and digs up."

"Theoretically that sounds very good," said a member who prided himself on his brightness, "but how does your squirrel get to the bottom?"

"My dear fellow, that's your question," replied Jones.

Don't Go to K. C.

to bring your suits and haberdashery. Gordon & Koppel Clo. Co. are coming here this week end to Kittell's down town store.

THE AGGIE BALL

Of March 1, 1919.

O, boys, Let's go—to the Aggie ball.
Can't you hear the silent clarion call
From out the hearts of our maidens fair
That perfumed all our ambrosial air?

Dance, if you can, and dance heartily;
But do not dance with any naughtily,
For our beauties will tonight descend
And their due praise-worthiness demand.

Now, there comes the maid whose lips
are crimson
And fairy form bespoke her a Miss Carson.
And her eyes, oh, they are cerulean blue,
Mirror her soul so lovely and true.

Now, look, how airily she's dancing;
And her step's the music cadencing:
Prithee! Blessed, hold her tenderly
For she is fashioned so slenderly.

See, who's there Let your eyes have their scope.

Oh, a lily she is beautiful Sloop
Of Manhattan by the Kansas shore,
Whose graceful being we do adore.

Unlike all Mary here's Miss Mason;
And whose grace beyond comparison.
Look, now she's rounding about simply
And now waltzing off again nimbly.

Miss Crocker, may we call you Ruby?
Are precious stones and gems your hobby?

Ah, your tints are so fascinating:
Rubied cheeks and rubied lips so tempting.

Lo, who's she turning around fairly
And dancing with her beau so merrily?

Oh, 'tis pretty Ada Robertson,
Venus's daughter and Cupid's Cousin.

Flash—Whose image is it on the screen?

Attention, 'Tis the likeness of our queen.

Bow, boys, bow down before Miss Hazel;
But beware of her swinging silk tassel.

Now the night's over and the dawn's near.

Pardon my intrusion, Ladies dear,
Let loveliness be your attribution.
And accept this our poor contribution.

—Foley Kiang.

Roth Memory Course Might Endanger Students' Sanity

Walking through Lovers' Lane the other morning, a certain co-ed heard strange things.

"A Hen wearing a silk Hat dances a jig on a Ham," began the taller of the two students dramatically. "A Hare pushes the Hen over and then scampers off down the Hill. A huge Shoe sliding down the Hill after him hits a Cow. The Cow butts into a Hive which rolls over and out jumps an Ape which runs for the Woods."

The tall student stopped to gain breath, then raved on: "The Woods is on the edge of a bay and floating with the Tide is a Tin can, which grows to such proportions when it reaches the shore that a Team is required to haul it away. A rolling Tire then frightens the Team and breaks into a Hotel. The Hotel is set on a Dish and a Dog comes along and eats it. A Dove alights first on the Dog and then on the edge of a Tub into which a man falls with only his Nose protruding. And—"

"Hey pard, wait a minute!" interposed the short fellow anxiously.

"Are you sure you're doing it right?"

"Am I?" replied the other a little scornfully. "Doesn't the book say to visualize all objects through exaggeration, motion, and unusual association—to form mental movies of everything you see, think, or read?"

"Well, where do you see hats, hens, apes, doves, cows, hotels and doves?" demanded Shorty doubtfully.

"Why, they are simply the code words given in the Roth Memory Course and I'm trying to see if I can visualize the whole hundred of them."

"Darn your Roth Memory Course and visualization," denounced Shorty forcefully. "I don't care to go insane yet! Shut up!"

"Did you try counting sheep for your insomnia?"

"Yes, but it only made matters worse—the sheep reminded me of my butcher's bill."—Boston Transcript.

Spring Clothing

The last word in styles at Kittell's during Gordon & Koppel's spring showing this week end.

Laundry Mailing cases at the Co-Op Book Store.

Read This Letter

Dear Mr. Kittell:—

"Regarding your letter of March 19th, relative to coming to Manhattan, will say: We will be in Norman, Okla., March 24, 25, 26 of this month. Will be in your magnificent city Thursday morning bright and early. Will stay there Thursday and Friday and if necessary Saturday..

"Will have a complete line of young men's suits, furnishing goods, hats, caps and anything a college man could use with the exception of shoes.

"You will see us, as said before, on Thursday, March 27th with bells on.

"Fifteen RaHS for the Aggies.

"GORDON & KOPPEL CLO. CO.,
"Outfitters to Young Men,
"Kansas City, Mo."

LOOK INTO THIS

Some Language

Are girls more careful in their language than boys is a question often asked. Some boys think not. Anyway, the other night when a boy went to ring the door-bell at a certain sorority house, he was astounded to hear the voice of his date within scream: "Look at that damned cat!"

Memory a Handicap

An Aggie girl says that when she tips a porter she could do it much more nonchalantly if she didn't have to remember that she earned many such quarters in her early life, shutting the barn doors and turning off the windmill after father had taken his shoes off at night.

Give the Frats the Bone

Have the fraternities lost their manners? Last Sunday three faculty members of the weaker sex were invited to fraternity houses without having been honored by a call from the members of aforesaid fraternities and without even having been introduced to the men who came to escort them to the houses.

Is a Sigma Nu pin an everyday pin and a Sig Alpha pin a Sunday-go-to-meetin' affair? That is the question that has entered the minds of several old heads since a certain friend has gone to church with Minerva and the Lion, and to school with the Serpent pinned to her bosom.

B. V. D. Time.—Kittell has 'em.

Attention, Girls!
Be up-to-date. Come in and see our new line of fall hats for the spring season.—The Millinery.
Strange Actions of Professor's Car Proved Distressing

When the two faculty members left the group of upper classmen last week, who had been paddling freshmen, after giving them a short lecture, they found that their car behaved rather queerly.

They first discovered that their car was locked and the key gone. Remedying this by tearing open the lock, they got in and proceeded to start the engine.

Zing-Zang! burst forth the engine with a lurch much as if the car was trying to "shimmy."

"Well, I'll be a sonof a gun," muttered the owner. "What can be the matter now?"

The other man, who was little and dignified, paced up and down beside the car, ferociously chewing his mustache. Neither seemed to be in a very angelic mood.

Crawling under the car, they found that someone had tied the hind wheel to the springs. After that it was only a matter of a few minutes before they were speeding on their way, but, judging from their faces, they were not in a pleasant frame of mind.

Dinner and Operetta Party.

The Sigma Nu fraternity entertained at a formal dinner party followed by an operetta party at the "Naughty Marietta" Friday evening. The chapter house was decorated with ferns and palms. A center piece of yellow daisies and ferns was used on each table. The tables were lighted by candles.

The following guests were present: President and Mrs. W. M. Jardine, Professor and Mrs. C. F. Baker, Professor M. C. Sewell and Mrs. Bassler, Mr. Howard of Kansas City and Miss Davis of Chicago, Miss Dorothy Mills, Miss Ruth Taylor, Miss Sarrela Herrick, Miss Fayne Bondurant, Miss Marvel Merrilatt, Miss Champion, Miss Florence Reiner, Miss Nell Robinson, Miss Gladys Woodward, Miss Burdette Tegmeier, Miss Louise Dawson, Miss Muri Gann, Miss Anne Wilson, Miss Evelyn Kramer, Miss Annette Perry, Miss Florence Rowles, Miss Katherine Kinman, Miss Helen Lawson, Miss Mary Gorham and Miss Pauline Richards of Olathe.

Pi Kappa Alpha.

Mr. Otis Burkett of Wichita was a Thursday guest. Mr. Burkett is connected with the bureau of animal industry at Wichita.

Mr. Sherman Bell of Perry spent the week-end at the Pi Kappa Alpha house. Mr. Bell has recently received his discharge from the General Supply Depot, South Baltimore, Md. He will return next fall to complete his work for a degree.

Sergt. Russel Knapp of Camp Funston, was a visitor Friday and Saturday nights.

Sigma Nu.

Mr. W. E. Robinson spent the week end in Topeka.

Mr. Robert Hanna was a week end guest at the house.

The Sigma Nu fraternity received a German helmet from Captain H. B. Dudley last week. Captain Dudley expects to be back in the states before long.

Kappa Kappa Gamma.

Miss Gladys Ross attended the Beta German party at Lawrence Wednesday evening.

Miss Hazel Merrilatt Williams spent Thursday and Friday at the Kappa house.

Mrs. Mildred Axtell Branine, student at the college last year spent the week end at the Kappa house.

Miss Wanda Ross of the Omega chapter at Kansas university returned with her sister for a visit during her inter-term vacation.

Miss Beulah Ayers of Horton and Miss Ellana McManigal of Kansas City were the week end guests of Miss Leah Belle Duff.

Miss Grace Merrilatt and Mrs. Hazel Merrilatt Williams motored to their home in Enterprise Friday evening. They returned Sunday.

Mrs. H. W. Seery of Topeka was the week end guest of her daughter Miss Irene Seery.

Miss Adelaide Lutz returned Tuesday from a visit with her mother in Guthrie, Okla.

Miss Isabel Hamilton returned last Tuesday from Topeka.

Miss Mary Gorham returned Wednesday from a short visit with her father in Topeka.

Miss Betty Cotton spent Thursday at her home in Wamego.

Miss Leona Teichgraber and Miss Norine Weddle spent the week end at their homes in Lindsborg.

Miss Florence Reiner spent Saturday in Salina.

Miss Marietta Davis of the Beta Lambda chapter at Champaign, Illinois and Mrs. Cecil F. Baker were dinner guests Thursday evening.

Sigma Alpha Epsilon.

Sigma Alpha Epsilon announces the pledging of Mr. Shannon Brown of Holton, and Mr. D. M. Ralston of Lincoln.

Mr. Paul Tupper spent the week end at his home in Leocompton.

Mr. John Cordts visited friends in Clay Center Sunday.

Word has been received of the death

of Mrs. George DeRue Jones, wife of George Jones, '16, of Kansas City.

Mrs. Meserve of Ellis was a guest of her son Arthur, last week end.

Mr. Jay Woodhouse and Mr. Joseph Sawtell spent the week end in Kansas City.

Mr. Giles Sullivan returned to his home in Wamego Sunday, after spending the week at the house.

Mr. Symington Morrow, '16, is now with the Harbington Manufacturing company of Kansas City.

Lieut. O. W. Hunter is in town on a furlough. Lieut. Hunter was formerly professor of bacteriology in the college.

Mr. Harold L. Gilbert spent the week end in Salina.

Delta Delta Delta.

Miss Pauline Richards who has been visiting at the Tri Delta house for the past week, returned to her school in Olathe, Sunday.

Miss Gladys Scott was a Sunday dinner guest.

Delta Delta Delta was at home to the Shamrock fraternity Saturday afternoon.

Miss Elizabeth Heath and Miss Elizabeth Boon went to Peabody Sunday to spend a few days visiting at the Heath home.

Miss Marie Nusz of Abilene was the guest of Miss Ivy Barker at the Tri Delta house Sunday.

Delta Delta Delta announces the pledging of Miss Gladys Scott of Topeka.

Miss Fay Young went to Topeka today on business.

Axtex.

Mr. Elmer Gilbert of Wichita was a week end guest at the house.

Miss Gladys was a Sunday dinner guest.

Miss Hazel Childs of Wichita, who is visiting Miss Hazel Taylor at the Alpha Delta Pi house, was a Saturday evening dinner guest.

Mr. Everett Cowell spent the week end at his home in Clay Center.

Mr. Jerry Whedon spent the week end in Enterprise visiting friends.

Mr. Leo Clark spent the week end at his home in Chapman.

Sigma Nu.

Walter J. Rogers was a dinner guest Tuesday evening.

Prof. C. F. Baker, Mr. W. P. O'Brien, Leonard Morgan and Mr. C. L. A. Mowry were dinner guests Thursday, March 20.

Mr. W. P. O'Brien of Luray, Kan., Mrs. O. T. Hamilton of Wichita, and Mr. R. J. Hanna, '16, were house guests for Festival Week.

Miss Mary Gorham, Miss Marvel Merrilatt and Miss Frances Westcott were Sunday dinner guests at the Sigma Nu house.

Sigma Phi Delta.

Miss Orpha Totten of K. U. visited her brother, Mr. Francis Totten, this week.

Mr. M. S. Rutter of Topeka, visited here this week. Mr. Rutter is a Freshman at K. U. this year.

Mr. Harold Burgwin spent the week end at El Dorado, visiting his parents.

Sigma Phi Delta announces the pledging of P. H. Phillips of Paola, Kan. Mr. Phillips is a freshman in electrical engineering.

Chi Omega.

Miss Florence Mitchell of Riley spent the week end in Manhattan.

Miss David Dow, formerly a student of K. S. A. C., spent the week end visiting at the Chi Omega house.

Miss Ruth Curry left Sunday for her home at Horton, having spent the week end here visiting her sister, Miss Bess Curry.

Miss Annette Perry returned to Topeka Sunday, after a week end visit at the Chi Omega house.

Alpha Delta Pi.

The Alpha Delta Pi sorority entertained with a dancing party for the Beta Theta Pi fraternity between 3 and 4 o'clock Saturday afternoon. They entertained for the Axtex fraternity between 4:30 and 5:30.

Miss Hazel Childs of Wichita was the week end guest of Miss Hazel Taylor.

Miss Jessie Wagner of Ellis spent the week end with her niece, Miss Velma Meserve.

Sigma Phi Epsilon.

Mr. Holman Burger, who has recently withdrawn from school, has returned to his home in Denver.

Miss Gladys Bushong, Miss Lee Winter and Mr. L. Kapper were dinner guests at the house Saturday evening.

Mr. Herbert Cress of Lawrence was the week end guest of Mr. Ship Winter.

Alpha Theta Chi.

Mr. John S. Wood Jr., '16, spent Thursday and Friday at the Alpha Theta Chi house.

Mr. N. P. Woods spent the week end in Topeka.

Garvin-Ferrier.

Miss Vera M. Garvin, daughter of Mr. and Mrs. A. W. Garvin of Lawrence, and Mr. George Ferrier of Manhattan were married Wednesday, March 19, at 4:30 in the afternoon at the home of Rev. S. S. Klyne of Lawrence.

After the ceremony Mr. and Mrs. Ferrier left for a short trip to Kansas City. They will make their home in Manhattan.

Mrs. Ferrier is a member of the Alpha Delta Pi sorority and Enchiadas. She was a junior in college here last year.

Mr. Ferrier graduated in '16. He was a member of the Acacia fraternity, K. fraternity, Pax, Scarab, Architect club, Pan-Hellenic Council, Royal Purple staff, and the varsity baseball teams in '13 and '14.

Beta Theta Pi.

Mr. Fay N. Seaton was a dinner guest Wednesday evening.

Mr. Milton Labadie went to Pawhuska, Okla., on business Friday.

Mr. DeWythe Cox and Mr. John Riddell went to Salina to spend the week end, with Mr. John Riddell's parents. Mr. Ralph Van Trine drove to Salina Saturday.

Mr. Leo Picek spent the week end with his parents in Emporia.

Miss Alice Mitchell, Miss Arria Neal, Mr. K. D. Tompson and Lieut. McCutcheon were dinner guests Sunday.

Mr. Charles Heizer who has been attending the University of Kansas, was a guest Saturday evening.

Pi Beta Phi.

Miss Lois Hanna spent the week end at her home in Clay Center.

Miss Elizabeth Adams spent the week end at her home in Maple Hill, Miss Neva Miller of Salina visited over the week end with her sister, Miss Marguerite Miller.

Miss Lloyd Jones and Miss Gorbey were Wednesday evening dinner guests.

Shamrock.

Mr. and Mrs. George Davis of Clay Center spent the week end with their son, Mr. George Davis.

Mr. Ross Hill spent Sunday in Abilene.

Professor and Mrs. William Pickett and Mr. and Mrs. Z. G. Clevenger were Sunday dinner guests at the Shamrock house.

Horse Not Lame—But Oh! The Verse

The Pi Kap horse has been returned! On it was pinned the following:

"The Pi Kap horse from his stall broke away

And came to our house one fine day, He was guant and so very thin, That we in pity took him in.

Ne'er was a horse in so sad plight, We vowed such treatment was far from right,

We resolved to feed him on oats and hay,

Which are the correct things as they say,

To them we added a chocolate or two,

Which caused him to flourish till fat he grew,

Now he is in so fine a trim

We thought we'd bring him home again.

We brought him also a meal or two,

And bid him now a fond adieu."

HEINIE HINDS CAPTAINS FIVE

Little Forward to Run 1920 Basketball Team

At a banquet given by President W. M. Jardine and Coach Z. G. Clevenger at the Country Club last night "Heinie" Hinds was elected captain of the 1920 basketball team.

Heinie is a sophomore at the present time and has played two years with the Aggie team. This year in his second year he played a wonderful game on the floor and did his share of the goalshooting. He was perhaps the most carefully guarded man on the court for last year he developed a record of having obtained baskets with the best guards in the valley hovering over him.

Besides basketball Heinie will be remembered as a football player of no little note. He has played two years on the Aggie team. This year, however, he did not make his letter for he was sent as one of the Aggie men to a training camp soon after the S. A. T. C. was formed. His work as a football player and as an all around athlete has always been of the most sportsmanlike type and it will be with pleasure that the Aggie rooters will learn that he has been elected to captain the next championship team of the valley.

"The Border Wireless."

William S. Hart, peerless portrayer of strong virile western roles, made a distinct hit in "The Border Wireless" at the Wareham theatre yesterday and is shown for the last time tonight.

FANNIE
WARD"COMMON
CLAY"

From a Freshman Girl's Diary.

January 3.—Wonder what people do at college, anyway? Have good times, I guess. Well, I made a resolution that I would quit knocking on things, so I'll not oppose that phase of it.

January 4.—That enrollment affair is something great. They certainly do not hesitate to ask for money. When the treasurer told me what my tuition would be, I told him I did not care to make an endowment to the university.

I guess I disgraced myself forever this afternoon. I saw a young man who looked as tired and as lonesome as I felt, so I thought maybe he was lonesome, too. He asked to see my enrollment card, and supposing he was trying to be friendly, I thought I would offer him a little sympathy, and inquired if this were his first year in college, too. He replied, "No, not exactly." He had been teaching Latin here for the last 10 years.

January 5.—Made an important decision today. I hardly knew what course to take, but I noticed that all the girls entered for A. B., so I thought I better do that too. I learned later that A. B. stands for A Boy.

January 6.—Flunked today in most of my classes. Up too late last night, I guess. We gave a leap-year party. The boy I invited kept me waiting the longest time, then he came in smiling as if I had been there only five minutes instead of 55, gazing at the interesting designs in the wall-paper. He chattered and giggled incessantly, and used all the slang phrases I had ever heard a girl utter. Boys can be so provoking. I've almost a notion to change my college course.

January 7.—One of the professors insisted that I enter a float class. You certainly will never find me there. It doesn't concern him, however, if I don't know how to swim.

January 16.—We girls had a gym-suit party. It didn't suit Jim, however, or any of the boys. They were provoked because they did not receive invitations.

Wife (as husband starts for the office): "Have you got everything, dear?"

Husband: "Yes — season-ticket, registration, card, sugar, butter and tea-ration card, meat card, bread card, match card, and tobacco card."

—Bystander.

College Men's Special.

Thursday, March 27, 28 and perhaps 29th, swell college clothes, ready made, hats and caps and men's furnishings at Kittell's from Gordon & Coppel Clo. Co. of K. C., Mo.

Girls Should

Rescue The
Khaki Skirt

"Why doesn't the costume and design department get to work and design a suitable collar for a soldier's shirt so the girls would wear them?" raved a certain lieutenant the other day, as he sat in the cafeteria eating his lunch. "There is Elizabeth Circle with her sailor middie on, and about a dozen other girls wearing sailor middies. It makes me mad, for I think the soldiers' shirts would look so much better if they just had a low neck."

"I can not see why the sailors' middies should be so everlasting popular. The Collegian said the other day it was because they did not need any laundering. Well, neither do the khaki shirts. And they are so much better looking. It does seem to me as if some of these home economics girls ought to be able to design a good looking, low neck for the soldier's shirt. They could wear the rating on the sleeve and really I think the garments would be awfully good looking. Better than those gobs' middies."

Now, here is a chance for a co-ed to make herself famous. Get out your design note book and look at the collar designs in it. Pick out the one which would be the most suitable to a soldier's shirt. Then mail detailed description of it to box 212. The Lieutenant has offered to give a shirt to the girl who turns in the best design, providing she will put the new collar on it and then wear it on the hill.

A Long Way to Eggs.

Necessity is the mother of invention, and the hungry Frenchman, told about in a biography recently published in England, illustrates the old adage again. He was in an English restaurant and wanted eggs for breakfast, but had forgotten the English word. So he got around the difficulty in this way:

"Valterre, vat is-dat valking in the yard?"

"A rooster, sir."

"Ah! and vat you call de rooster's wife?"

"The hen, sir."

"And vat you call de childrens of de rooster and his wife?"

"Chickens, sir."

"But vat you call de chicken before dey are chicken?"

"Eggs, sir."

"Bring me two."

She Had a Reason.

Professor: She had no brains.
Student: No wonder, her profs had a corner on the commodity.

Baseball goods. Kittell's.

L. A. Fitz of the milling department was in Wichita last week on business.

Buy your Stationery by the pound at the Co-Op Book Store.

Miss Russell, of the English department, was in Topeka Wednesday on business.

You will soon be carrying an I-P Loose Leaf Note-Book. Why not get it now at the Co-Op Book Store?

Miss Nelle Roop was the guest of her sister, Miss Ethel Roop, for the week-end.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

Mr. Herbert Gress of Lecompton, Kansas, spent the week end with college friends.

Why be satisfied with anything but the best? We can satisfy you. Give us a trial. A. V. Laundry, Phone 701.

A. E. Langworthy of the feed control office was in Kansas City last week on business.

You owe it to yourself to see Shute's new spring woollens, whether you want a suit or not.

L. V. Rhine went to Chapman Thursday in the interest of the Boys' and Girls' Bee club.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

Miss Hazel Olsen was called home last week on account of the illness of a sister and a brother.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

Something is going to happen—School of Agriculture students, watch for further notice and particulars.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

Miss Katherine McGerick who has been ill with scarlet fever will soon be back in school.

Miss Frances Ford of the animal husbandry department, spent last week end in Topeka and Kansas City.

You will soon be carrying an I-P Loose Leaf Note book. Why not get it now at the Co-Op Book Store.

Miss Gertrude Jennings, who was a sophomore in home economics last term, is teaching school near Cheney.

Mrs. W. H. Klaver and Miss Pearl McReynolds of Kingman visited Miss Harriett Klaver here and attended the festival.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

W. L. Rhodes, '15, is employed by the Palmer Forced Draft Slack Burner company of Fort Scott, as a combustion engineer.

Don't forget. We do cleaning, pressing and repairing. We guarantee satisfaction. A. V. Laundry, Phone 701.

The students wonder why the teachers in general choose Festival week in which to give quizzes? Of all weeks for exams—Festival week.

V. C. Stutz of Utica is visiting here with his daughter, Miss Emma Stutz. Miss Mary Fankhouser has been out of school for several days on account of illness.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

John Stutz of Lawrence, former student in college, spent last week in Manhattan visiting his sister, Miss Emma Stutz, and attending the festival week numbers. Mr. Stutz is now a student in Kansas university.

Due to the fact that so many co-eds are taking bacteriology in the veterinary department, it is rumored that a Girls' Vet club has been organized, and hopes by the end of the year to possess as much pep as any other vet organization.

Sergt. O. A. Hindman, '18, has returned from France and received his discharge. Sergeant Hindman served at the front with the 338th machine gun battalion and later was ordered to an officers' training camp, where he was located when the armistice was signed.

Miss Elinore Guy of Wakefield spent the week-end at the Delta Zeta house.

Buy your Stationery by the pound at the Co-Op Book Store.

Miss Reba Cullum, freshman in home economics, is in school again after a serious illness of tonsillitis.

Elva Bogue, a former student, was recently discharged from the navy and is at his home near Manhattan.

Prof. Davis of the English department will go to Emporia to attend a meeting of the Kansas College Teachers of English.

Miss Nita Caldwell of Oiltown, Oklahoma, is spending the week with her sister Miss Mable Caldwell of the extension division.

"Little Miss Hoover"
Marguerite Clark's new picture "Little Miss Hoover" which is the offering at the Wareham theater Wednesday and Thursday of this week, is a delightful story based on the famous novel "The Golden Bird."

What Dates
Are Gordon & Coppel coming to Kittell's.

To practice conservation
Is our patriotic call,
And to substitute for something else
The duty of us all;
So let every one go it,
Counting nothing of the cost,
What's a stomach shot to pieces
To a soul forever lost?
Up and at 'em! Sons of glory,
Stew the dog and broil the cat,
Put the sawdust in your muffins,
Learn to relish roasted rat.
In this hour of fearsome peril,
If the Kaiser you would beat,
You must sacrifice the substance,
While the shadow you may eat.
—The Northwestern Miller.

"What's the price of this silk?" asked a deaf old lady of the young shopman.

"Seven shillings," was the reply.
"Seventeen shillings," she exclaimed.
"I'll give you thirteen."
"Only seven shillings, ma'am, is the price of the silk," replied the honest shopman.

"Oh, seven shillings," rejoined the lady sharply. "Well, I'll give you five."—Youth's Companion.

Captain: "Charge!"
Ribbon Clerk Regiment (in chorus)
"Just a moment, please. Name and address?"
—Pelican.

WORLD DEPENDS ON THE HOME

Women Discontented with Home Life
—Underestimate Dignity of Home Tasks

"Unless the home is what it should be, the world cannot be what it should be," said Mrs. Mary Pierce Van Zile, dean of women, speaking to club women in Topeka, on "The Responsibility of the Home. During the Reconstruction Period."

Mrs. Van Zile's talk had to do with the readjustment which women and the home face on account of general changed conditions, rather than with the reconstruction due to the war.

"Woman is a great factor in the world today, not because she is different from the woman of other times, but because the attitude of the world toward her is different," she said. "Still there is a real unrest in our homes today. The marriage and birth rates are decreasing; the divorce and death rates are increasing. The American girls expects much of marriage, and women are discontented with home life."

Part of this discontent with home life, Mrs. Van Zile believes, is due to the fact that women underestimate the importance, dignity, and value of simple home tasks. Another side of it is the result of a perfectly natural desire of women have a part in the world's affairs. The problem now facing the home is so to adjust its operations and management that a woman need not forego work in the world in order to have a home and children.

Defining the right sort of an American home, Mrs. Van Zile said that it should be such a place that every member of the family can be kept in a state of mind and body which will enable him to contribute the highest service for the longest period of time. The material side of home making, she pointed out, must not be neglected. She advocated better education of boys and girls for parent hood.

"Women will realize that home making is not a commonplace task when it is glorified by an ideal," said the speaker. "Out of a better child life in our homes the dream of a good world will come true."

\$5 For a Tie.

Did you ever see any \$5 ties? Gordon & Coppel will have some at Kittell's the latter part of this week. They will also have suits, hats and caps, the latest out. Remember the date.

Mrs. Crimsonbeak: "Thought you were going to give up a lot of things during the war."

Mr. Crimsonbeak: "That's my idea."

"Don't you suppose I can notice your breath?"

"What's the matter with my breath?"

"Matter with it? Smells as if you'd been hoarding cloves!"—Yonkers Statesman.

Mark These Dates.

March 27, 28 and perhaps 29th, Gordon & Coppel Clo. Co. of K. C. at Kittell's down town store with 5 trunks of the niftiest clothes that ever hit in Manhattan.

One morning Jorkins looked over his fence, and said to his neighbor, Harkins:

"What are you burying in that hole?"

"Just replanting some of my seeds, that's all," was the answer.

"Seeds!" exclaimed Jorkins, angrily. "It looks more like one of my hens!"

"That's all right," said the other. "The seeds are inside."

—Harper's Magazine.

Marguerite Clark.

Marguerite Clark achieves another triumph in her Paramount picture "Little Miss Hoover," at the Wareham theater, March 19th and 20th.

LET'S SEE WHAT'S STIRRING

PROMISE SOMETHING NEW FOR STUDENTS AT ASSEMBLY—GET WISE

Something New Under Sun Promised—Held Next Wednesday—No Idea of What Is Coming Off—Cut Chapel Dates and Turn Out

There is to be a Student Assembly—an assembly at which, instead of the customary address by an out-of-town or by a local speaker, a matter of great interest to the whole student body will be presented. At this meeting the students themselves will speak, everyone being given an opportunity to talk.

But, what is it all about? This is something which up till the time of going the press The Collegian, despite the excellent Sherlock Holmes methods of its reportorial staff, has been unable to discover. The Committee on Student Affairs is suspected of complicity in the matter, but they refuse to divulge the secret.

It is possible that it may have to do with paddling freshmen—or with substitutes for paddling, or with baseball, or with the Student Council, or with these new and naughty dances, or with college spirit.

Oh, well! What's the use of wasting valuable time and space in guessing? It will be easier to go next Wednesday and find out. If they wish students to talk, certainly the college orators and politicians—male and female—will satisfy them. College spirit in K. S. A. C. isn't as dead as some people think it is.

TO HOLD ATHLETIC CARNIVAL

Special Features to Be High Jump, Vaulting, Rope Climbing, Etc.

The second annual woman's athletic carnival will be given April 2 in the Nicholas gymnasium at 7:30 o'clock. This contest is between the freshmen and sophomore girls.

Special features of the evening will be marching tactics, high jumps, vaulting, rope climbing, track relay races, folk and esthetic dancing.

Last year the freshman class won the contest. A freshman, Miss Helen Sloan broke the high jump record for girls in this part of the west by jumping four feet and six inches. This year the physical training department is offering twenty-five points to any girl to membership in the athletic association.

The track relay races were also an interesting feature last year and they will be equally exciting this spring as both classes have some good runners.

This carnival is free for everyone.

Comes Through War Unwounded

Carl L. Cockerill, former student in college, is with Battery C., 130th field artillery, 35th division.

He has come through all the battles in which the 35th took part unwounded and is now playing half back on the 35th division football team.

Cosmopolitan Club Meets

The Cosmopolitan club will meet Saturday, March 29, at 8 p. m. at 628 Denison avenue.

Miss Anna Briggs enrolled in tractor work Monday.

NINE MEN RECEIVE OFFICIAL "K"

Seven Letter Men To Start Season with Next Year

Last week at the regular meeting of the Athletic Board nine official "K" letters were awarded to the basketball team that won the Missouri Valley championship this last season. The entire first squad and four of the second string men were awarded letters. As a general custom there are only five or six letters awarded but this year there was very little choice between the first and second string in most cases and all nine men played in the required five Missouri valley games.

The men who received letters were Captain John Clarke, Captain-elect "Heinie" Hinds, "Ham" Bunker, Everett Cowell, Al Jennings, George Blair, "Ship" Winters, "Shorty" Foltz and Kecker. Of these men only two men will not be in school next year. Captain Clarke and Blair have played their last basketball games for the Aggies. With the remaining seven men to start a team next year the Aggies should have another championship team.

TEAM TRIES FOR CHAMPIONSHIP

Have Already Won Army of Occupation Title—Captain Wilder Is On Team

To Captain Marshall P. Wilder of the 354th Inf., a former Aggie football and track man belongs the singular honor of being a member of the football team which has already won the championship of the Army of Occupation and which hopes to secure the title of the American Expeditionary Forces, according to recent letters from Charles D. Avery, a former employee of the Mercury, and from Lieut. L. C. Allis, son of Commissioner L. L. Allis.

Captain Wilder played halfback on the Aggie football teams of '16 and '17 and had been elected as captain of the track team for 1917, according to "Germany" Shultz of the college.

Lieut. Allis, in writing of the game with the 4th Division team which decided the title of the Army of Occupation, tells of the financial backing afforded the team by the members of the division and shows the confidence of the unit in their team. According to Lieut. Allis the 4th Division sent word to the 89th that they would like to wager at least 200,000 francs on the game which was to be played Feb. 27 and would not consider any amount less than 100,000 francs. After some promoting the 89th raised a fund to be placed on the game and sent word back that they would wager 600,000 francs (\$115,800) on their team and the bet was accepted. The 89th won the game 14 to 0.

According to the letters the 89th team is now working hard at practices in an effort to romp away with the A. E. F. championship. It is expected that the deciding game will be played in Paris.

Dr. Dice Appointed Mammalogist

Lee R. Dice, former instructor in zoology here, has been appointed mammalogist in the museum at the University of Michigan. This position gives Doctor Dice an opportunity of scientific study of the mammals of Michigan and also many other parts of the world. He will be permitted to go on various expeditions to other countries.

SIX AGGIES TO K. C. A. C. MEET

WELL REPRESENTED IN TRACK EVENTS—FROST IMPROVED IN POLE VAULT

Many Noted Athletes Entered in Meet—Aggies to Meet Some of the Strongest Competition in Three Years

Saturday will find the Aggie tracksters in Kansas City competing in the annual invitation meet of the K. C. A. C. The Aggies will be very well represented with six men entered. Foreman will run the mile, there being no two mile event. Beckett will run the quarter and 1000 yards, Watson, the half mile, Gallagher in the low hurdles and the dashes and Neely in the dashes. Frost will be entered in the high jump and the pole vault.

For the past week the pole vaulters, "Pody" Robison and "Jack" Frost have been under the excellent tutelage of "Bill" Powell, the Missouri Pole vaulter who two years ago vaulted twelve feet, six inches, and they have been developing their form without attention to height. However, yesterday afternoon they were clearing the bar easily at eleven feet and it is thought that Frost will be able to show some good work in his events at the meet.

Many noted athletes are entered in this meet and the Aggie men will be meeting some of the strongest competition that they have had occasion to face in the past three years. Loomis of the Illinois Athletic club and "Bill" Powell representing the K. C. A. C. will be among the athletes who will carry off honors.

The Aggies have no relay team entered this year. This event will be one of the big affairs of the meet. However, for both Kansas University and Missouri University will have relay squads entered. In the meet between the two schools two weeks ago the Kansas team won the final event and the Missourians are working hard to cop the prize this time.

DEAN HOLTON HOME IN APRIL

Has Finished Foreign Work as Member of Inter-Allied Commission

E. L. Holton, professor of education and dean of the summer school, will return to the college in April. He was to sail from France last week. He has been in Europe for some months as a member of the inter-allied commission on reeducation.

Professor Holton reports that with the assistance of the Red Cross he has been able to reach 135,000 of the 189,000 wounded men with the information concerning the plans of the government for their rehabilitation.

Writes for American Naturalist

In a recent number of the American Naturalist appears an article on "Parthenogenesis and the Linkage of Characters," by Dr. R. K. Nabours, of the zoology department. It deals with an experiment carried on with a small group of grouse locusts.

The paper shows how it is possible to combine from a few to a large number of characters in one breed of animals and have the animals breed true to these characters.

Lieut. Leo C. Moser, '18, is in Manhattan visiting his wife, Mrs. Mollie Smith Moser, senior in home economics.

BASEBALL TEAM OUT PRACTISING

Coaches Well Pleased with Material—More Men Needed Now

For the first time this year the baseball team was out on the diamond practicing last night. The work, to the men trying out, looks very good from the bench and the predictions are that the Aggies will have a good team this year.

Coach Clevenger has started the men out in earnest now and unless weather conditions prohibit, the team will be out each night picking the horsehide from out the ether or off the ground. A good bunch of tryouts was out last night and the coaches were well pleased with their material. However, there is plenty of room for more men for most of the men that are out now have played very little ball before.

The infield was doing good work picking up "grounders" tonight and Johnny Clarke was holding down the initial sack with the skill of the veteran. "Heinie" Hinds is out for the second base, and "Ding" Burton is catching the fast ones that Magrath tosses over the platter. "Mert" Otto is also warming his arm up and from appearances will be going good by the time of the first game in the middle of April.

SOPHOMORES WIN LOVING CUP

Freshmen Won from Seniors in Hard Fought Game—Score 15 to 11

The Askren basket ball loving cup was carried off by the sophomore girls Wednesday evening when they won their last game of the season from the junior girls with a score of 35-9.

The game was exceedingly slow and one sided as the ball seldom passed the sophomore centers. At the end of the first half the score was 18-6. During the second half the game still continued to drag and it ended with the score 35-9.

This is the sophomore's third victory this year. They have won every game for the last two years and now the cup is in their possession. The freshmen team made a hard scrap for the championship this year but the soph's were too much for them. The freshmen took second place having won all the games they played except the one with the sophomores.

The freshmen won their last game of the season from the seniors in a hard fought game Wednesday evening, which with a score of 15 to 11. During the first half the score stood 8-11. In the second half the seniors came on with some strong playing and for a few minutes the score tied. The freshmen then threw two field goals and the game ended with a score of 15-11.

Civil Engineers Seminar

There will be a meeting of the civil engineering seminar in room E-59 today, the eighth hour, to discuss the proposition of the future R. O. T. C. in this institution with reference to the engineering students. Everyone is urged to be present.

Notice, Seniors!

If you have not yet made arrangements for the rental of your cap and gown for commencement week keep your eyes open next week for the window opposite the post office to be open. Orders will be taken for these very necessary articles sometime next week and the window will be open only a short time for this purpose.

ORATORS TO HAVE CLOSE RACE

NINETEENTH ANNUAL INTER-SOCIETY ORATORICAL CONTEST TO BE HELD IN COLLEGE AUDITORIUM, SATURDAY, MARCH 29—ONE ORATOR FROM EACH SOCIETY

Comic Stunts Add to Contest—Prizes Are 25 Dollars and Gold Medal, 15 Dollars and Silver Medal, and 10 Dollars and Bronze Medal—Orations Better Than Last Year

The nineteenth annual inter-society oratorical contest will be held in the college auditorium, Saturday evening March 29, beginning at 7:30 o'clock. An orator from each of the eight Literary Societies will compete for honors in the contest.

The oratorical contest has always been considered one of the big events of the year by the students and the town people. This year it will have added interest, because four comic stunts will be presented by the societies. No seats will be reserved and the auditorium will be open at 7 o'clock.

President W. M. Jardine will preside and present the speakers. Prof. M. F. Ahearn will have charge of the demonstrations which are to be given while the decisions of the judges are being counted.

After every other oration a stunt will be presented, and a trombone duet will be given by Archie St. John and Emmet Kraybill. Entertainments will be given by each of the societies after the contest for their orators and ex-members.

The orators for this year and the order in which they will speak follows.

Miss Mable Bentley, junior in general science, will represent the Brownings with an oration called, "Civilization: Its Cause and Cure." Miss Bentley took her preparatory work in the School of Agriculture, and won first place in the School of Agricultural oratorical contest two years ago. She is a member of the debate squad, Forum, and the Quill Club. Miss Bentley was chosen to represent K. S. A. C. in the Missouri Valley oratorical contest this year, but that contest was called off.

W. I. Turner, junior in agronomy will represent the Alpha-Beta Literary society. The subject of his oration is, "Bull Dogs of History." Mr. Turner graduated from the Milton high school in 1916. He is a member of the Y. M. C. A., oratorical board, and has represented the Alpha Betas in the inter-society debates.

Calvin J. Medlin, junior in industrial journalism, will speak for the Athenians on, "The New Menace." Mr. Medlin did his prep work in the school of Agriculture. He has represented the college in four debates, and holds the debating fellowship for this year. He is a member of the Quill club, Forum, debate council, and Pi Kappa Delta, honorary forensic fraternity.

Bruce B. Brewer, orator for the Websters will speak on "An Undying Americanism." Mr. Brewer is a senior in industrial journalism and a graduate of the Manhattan high school. He was president of his class during his sophomore year, and editor of the Collegian last year. Mr. Brewer is a member of the Sigma Nu

fraternity, and Sigma Delta Chi, honorary journalism fraternity.

Arthur F. Swanson, senior in agronomy, will represent the Franklins with an oration entitled, "Constructive Agriculture." Mr. Swanson is a graduate of the Norton County high school. He has been prominent in college debating having been a member of the pentangular squad for two years. He is a member of the Forum Tri-K, Y. M. C. A., and Pi Kappa Delta, honorary debating fraternity.

Oliver Nelson, sophomore in animal husbandry, is the Hamilton orator. The subject of his oration is "Let Us Have Peace." Mr. Nelson is a graduate of the Manhattan high school. He has been prominent in college dramatic work, and is a member of the debate squad this year. Mr. Nelson is a member of the Forum, and the Purple Masque, dramatic fraternity.

Miss Ruth Blair, senior in home economics will represent the Ionians with an oration on "America in Reconstruction." Miss Blair came to K. S. A. C. in 1917, having spent two years at Baker University. She is a graduate of Hutchinson high school, a member of the Y. W. C. A., Omicron Nu sorority, and an active forensic worker.

Miss Gussie Johnson, senior in home economics will speak for the Eurodelphians on, "The New Social Order." Miss Johnson graduated from the Wichita high school in 1915. She is a member of the varsity debate team, debate council, Forum, Zeta Kappa Psi, women's honorary forensic sorority, and Omicron Nu, honorary home economics sorority.

Until two years ago the stunts put on by the societies was one of the big events of the evening, but they have been abandoned the last two years. Four stunts of 10 minutes each will be given this year.

The following stunts will be given: "The Returning Yank"—Brownings and Athenians.

"Dark Town Strutters Ball"—Hamiltons and Ionians.

"I'm Old Enough for —?"—Websters and Eurodelphians.

"Nothing Like This"—Franklins and Alpha Betas.

"The orations are much better this year than they were last, and there will be strong competition," said Prof. O. H. Burns, who is coaching the speakers on delivery.

A prize of \$25 and a gold medal is awarded for first place, \$15 and a silver medal for second place, and \$10 and a bronze medal for third place. First place was won by the Athenians last year and by the Hamiltons two years ago.

Tickets are on sale by the literary society members. The ticket sale is put on in the form of a contest, the society selling the most tickets will receive 10 per cent of all money taken over expenses. Tickets are 25 cents each.

In College Society

Alpha Zeta Pledging

Alpha Zeta, national honorary agricultural fraternity, announces the pledging of ten students. Those pledged are Mr. W. K. Horlacher of Colby, sophomore in agriculture; Mr. G. C. Anderson of Bronson, sophomore in agriculture; Mr. C. F. Laude of Manhattan, junior in agronomy; Mr. E. D. McCollum of Bozard, sophomore in agriculture; Mr. Leo Ptacek of Emporia, senior in agronomy; Mr. Nevels Pearson of Manhattan, junior in agriculture; Mr. M. L. Otto of Riley, sophomore in agriculture; Mr. W. W. Rodewald of Halstead, junior in animal husbandry; Mr. R. B. Watson of Wichita, sophomore in agriculture; and Mr. A. D. Weber of Horton, sophomore in agriculture.

Banquet

President and Mrs. W. M. Jardine and Mr. and Mrs. Z. G. Clevenger entertained the basket ball team at a six o'clock banquet Monday night at the Country club house.

In the center of the table was placed the basket ball given to the team for winning the Missouri Valley championship. The place cards were in the shape of a basket ball. White flowers and smilax were also used for decorations. Candles lighted the table.

Coach Clevenger was toast master for the evening. Toasts were given by Mr. John Clarke, the captain for the past year, and by Mr. Hinds, the captain for the coming year.

Alpha Delta Pi

Miss Gertrude Goble of Riley and Miss Grace Johnson were week end guests at the Alpha Delta Pi house.

Mr. and Mrs. George Ferrier were Sunday dinner guests. Miss Edith Fitzland of Wichita, and Miss Hattie Gessner were dinner guests Sunday.

Miss Lillian Stewart spent the week end at her home in Hamilton.

Miss Georgia Moffitt was a Tuesday evening dinner guest.

Mrs. George Ferrier was a luncheon guest Tuesday.

Heath-Baker.

Miss Vivien Heath and Mr. Paul Baker were married Tuesday morning at ten o'clock at the home of the bride's parents in Peabody.

Mrs. Baker was enrolled in the agriculture course at K. S. A. C. last semester. She is a member of the Delta Delta Delta sorority and is well known to many of the students here.

Mr. Baker attended school at Baker university and is a member of the Delta Tau Delta fraternity.

The bride was married in a traveling suit of navy blue and carried a bouquet of roses and orchids.

The couple left immediately after the ceremony for a short wedding trip to Kansas City and Excelsior Springs.

Mr. and Mrs. Baker will make their home in Peabody where Mr. Baker is engaged in the lumber business.

Delta Zeta

Mr. and Mrs. H. D. Gleason left for Scott City Monday, after spending a few days with their daughter, Miss Dorothy Gleason.

Mrs. G. A. Robertson and Master Vernon were the guests of Miss Ada Robertson over the week end.

Dr. and Mrs. O. L. Edgerton of Randolph were Sunday guests at the Delta Zeta house.

Miss Edna Edgerton returned to her home in Randolph Sunday.

Miss Elinore Guy and Miss Nelle Roop, who were the guests of Miss Ethel Roop for Festival week, left Sunday for Wakefield.

Miss Elizabeth Clarke, who visited her sister, Miss Marian Clarke, over the week end returned to Kansas City Monday.

Shamrock

Mr. C. O. Braden of Paola spent Tuesday and Wednesday at the Shamrock house.

Mr. F. M. Pickrell and Mr. Ralph Westcott attended the Holstein cattle sale at Topeka Tuesday.

Mr. Dorsey Denniston spent the week end in Topeka.

Mr. Charles Cloud is out of school this week on account of illness.

P. Kappa Alpha

Mr. and Mrs. G. U. Woodard, and little son Keith, of Glen Elder, were week end guests of Harold Woodard.

Mr. Carl Swinson of Lawrence was a guest Sunday and Monday.

Mr. Lester Gfeller spent the week end at his home in Junction City.

Mr. and Mrs. Harold Goble, and Miss Vera Johnson, of Riley were dinner guests Sunday.

Miss Margaret Swords, Miss Grace Sullivan, Miss Marie Ulrick, Miss Anna Ulrick, and Mr. Giles Sullivan of Wamego motored to Manhattan last Sunday and were visitors at the Pi Kappa Alpha house.

Mr. George Anderson of the 83rd division who has recently returned from France is spending a few days in Manhattan. From here he will drive in his car to Shelby, Ohio, where he has accepted a position with a steel company.

Mr. and Mrs. Ed Otto of Riley motored to Manhattan Sunday and were visitors at the Pi Kappa Alpha house.

Annual Round Up

The Saddle and Siroin Club held their annual Round Up at Harrison's hall last Monday evening.

The first part of the evening was spent in playing cards, telling stories, and a general get acquainted meeting. The meeting was called to order by the president and Dr. C. W. McCampbell was appointed chairman for the evening. Short talks were given by the chairman, Dean Farrell, Prof. Cochel, Mr. F. W. Bell, Mr. Andy Paterson, Mr. E. E. Farren, Mr. H. B. Winchester, Mr. Hugh Durham and Mr. Pearson.

Light refreshments and smokes were provided. The Round-up was a decided success and gives the Saddle and Siroin a good start after being disorganized for several months on account of uncertain conditions last fall.

Delta Delta Delta

Miss Elizabeth Boon and Miss Elizabeth Heath returned Wednesday from Peabody where they went to attend the wedding of Miss Vivien Heath.

Formal pledge services were held at the chapter house Wednesday evening for Miss Gladys Scott.

Mrs. Lois Gist-Lupfler, '12, was a dinner guest at the Tri-Delta house Wednesday evening.

Miss Gladys Scott will spend the week end at her home in Topeka.

Freshman Pan-Hellenic met at the Tri-Delta house Wednesday evening.

Chi Omega.

Mrs. E. G. Crocker of Cottonwood Falls, spent several days the first of the week visiting her daughters, Miss Ruby Crocker and Miss Anna Marie Crocker, at the Chi Omega house.

Miss Ruby Crocker spent Sunday in Topeka visiting friends.

Miss Ruth Taylor and Miss Bess Curry will be week end guests of Miss Prudence Stanley and Miss Alice Rice in Topeka.

Miss Anna Marie Crocker will spend Saturday visiting her parents in Cottonwood Falls.

Sigma Phi Delta

Mr. Glen C. Ware, '18, is visiting in Manhattan this week.

Mr. Ware has just returned from Pensacola, Fla., where he has been doing experimental work in the agricultural line.

Mr. Ford Haggerty, '18, has just returned from Ft. Scott, where he has been making dairy tests.

Mr. E. S. Bacon spent the week end in Topeka.

Sergeant R. A. Graves of Camp Funston was a week end visitor.

Baked Bean Feed

A baked bean feed was given Tuesday evening in the domestic science rest room from 5:30 to 7:30 for the girls who are going to take up Y. W. C. A. summer club work.

After the feed the girls were given a short talk by Miss Blanche Palmer, Miss Grace Hess, Miss Mildred Inskeep and Miss Minnie Millam. The remainder of the evening was spent in playing games.

About one hundred girls were present.

Sigma Nu

Miss Mary Gorham, Miss Frances Westcott, and Miss Marvel Merrillatt were Sunday dinner guests.

Mr. Fred Miller spent the week end at his home.

Dinner Party

Miss Minnie Adams entertained last Monday evening with a six o'clock dinner party at her home on Vattier street for six of her college friends. A basket of yellow daisies furnished the center piece for the table. Favor bouquets of daisies tied with blue tulle were given to each guest.

A number of college boys were invited in after the dinner and the evening was spent in dancing.

Who Is Your Style Authority?

You have to depend on someone for the latest and most correct style; a man doesn't decide these things for himself. If he did, there'd be as many styles as there are people.

You can have the correct information from the world's best style authorities and it doesn't cost you a cent. It's all in the

Spring Style Book by Hart Schaffner & Marx

If you didn't get a copy, tell us; we will see that you have one.

Buy your Stationery by the pound at the Co-Op Book Store.

E. H. Fleenor whose condition has been critical for the last four days is reported to be improving.

You will soon be carrying an I-P Loose Leaf Note Book. Why not get it now at the Co-Op Book Store?

Ralph Snyder of Topeka, a former student here, spent Sunday visiting college friends.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

Miss Grace Derby, assistant librarian, is spending the week in Topeka and Lawrence.

Why be satisfied with anything but the best. We can satisfy you. Give us a trial. A. V. Laundry, Phone 701.

Miss Ellen Holverson, short course student, will spend the week end with her folks in St. Mary's.

You owe it to yourself to see Shute's new spring woollens, whether you want a suit or not.

Miss Beulah Jevins of Marysville, was the week end guest of Miss Myra Scott, sophomore in general science.

Memory Books, Kodak Albums, Scrap Books at the Co-Op Book Store.

"Pete" Ptacek, '18, will succeed Fred T. Rees, '13, county agent for Douglas county. Mr. Rees resigned to go back to his farm.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

Robert C. Cockerill, former student in college has received his discharge from the army. Mr. Cockerill was commissioned a Second Lieutenant.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

Miss Vesta Kinyon, freshman in home economics, spent the first of the week visiting Mr. and Mrs. Ray Snyder of Topeka.

You will soon be carrying an I-P Loose Leaf Note book. Why not get it now at the Co-Op Book Store.

F. W. Atkeson, of the dairy department, is making a trip over the state this week inspecting the herds of the state institutions.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

Charles Wilson, formerly the herdsman at the college, will spend the week end in Manhattan visiting friends.

Don't forget. We do cleaning, pressing and repairing. We guarantee satisfaction. A. V. Laundry, Phone 701.

Miss Louise Yost returned to her home in Atchison, Monday, after spending a few days here with her sister, Miss Sophia Yost.

pointed county agent for Doniphan county to succeed H. F. Tagge, '14, who has accepted a position managing a hog and alfalfa farm near Wathena.

J. V. Quigley, '16, is now the county agent of Miami county. Mr. Quigley succeeds L. R. Alt, '15, who has resigned to return to his farm in Morbourn, Mo.

Gaylord Hancock, '13, has accepted the position as county agent in Lyon county, to succeed H. L. Popenoe, '09, who has resigned to return to his farm in Pawnee county.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

Mrs. T. M. Wood of Keats attended the Oratorio here Sunday afternoon. Mrs. Wood and her husband are both former K. S. A. C. students. For a number of years Mr. Wood has been a professor at Hays Normal. Last fall he gave up that position to become a banker in Keats.

A conference of county agents of the west half of the state will be held at Hays, March 24, 25 and 26. F. E. Piper of the county agents office, will attend the conference.

District conferences will be also held at Wichita, March 26, at Holton and Chanute, March 27, and at Ottawa and Emporia, March 28.

Buy your Stationery by the pound at the Co-Op Book Store.

Sergeant Bryan Bushong, a former student in college, is in France where he is taking a French course in the Paris university.

Karl Knaus of the extension division, will attend the district conferences at Wichita, Chanute, and Ottawa, March 26, 27 and 28.

The Home Study service is working on a course in telephony to be taught by correspondence. The course will be ready in 3 or 4 weeks.

Miss Kate Sumner, '17, is teaching domestic art in the Coffeyville high school.

Mrs. J. E. Powell of Iola, spent the week end with her daughter, Miss Faye Powell.

J. B. Gingery, '10, has just finished testing the dairy herd belonging to the State Home of epileptics at Parsons.

Mrs. J. P. Adams of Atchison, spent Festival week with her daughter, Miss Geneva Adams, a student in home economics here.

Miss Fern Leland and Miss Gladys Galbraith, who visited Miss Eva Leland during the Music Festival returned Monday to their home in Wichita.

An engine has been sent in by Mr. Cline who lives twelve miles west of Zeandale for repair by the tractor department. The students do practical work by repairing these broken down tractor engines.

Laundry Mailing cases at the Co-Op Book Store.

F. D. Merritt, professor of sociology made a business trip to Olathe last Wednesday. Professor Kammeyer took charge of his classes. One fresh man was heard to remark after having attended one of these classes, Professor Kammeyer is such a queer instructor. He seemed to think we should have read our lesson."

Once Again
The Visitor
is the Goat

"Get up girls, there's somebody in the house that shouldn't be" exclaimed a coed as she jumped out of bed at 2 a. m.

The somebody downstairs answered back with a "bah-bah." But the brave coeds were not to be daunted so they armed themselves with shoes, mirrors, and batpins and marched bravely downstairs behind their matron. There standing in the hall was a goat meekly chewing on one of the girls coats. They opened the door and he walked quietly out but the question still remains, how did he get into the hall?

HAS EMPLOYMENT BUREAU

Y. W. C. A. IS DOING GREAT PERSONAL WORK AMONG STUDENTS OF COLLEGE

Organization Is Back of Almost Every Big College Activity—Starts Club Work for Girls During Summer

An employment bureau for girls is now being carried on by the Young Women's Christian Association for the purpose of helping college girls who need work to find suitable employment. Any girl desiring work may leave her schedule at the Y. W. C. A. office and work will be found for her.

People wanting work done apply to the office for help of all kinds. By referring to the girls schedule work is arranged for her during vacant hours. The Y. W. C. A. has found at least 300 pieces of work for various girls during the past term.

This employment bureau was started late last spring and it was carried on through the summer months. Places were found for at least twenty five girls who desired to work last fall for their room and board. A secretary was hired during the summer to carry on the correspondence work.

This is only one of the many things which the Y. W. C. A. is doing. The past year has been one of the busiest and most successful of the Y. W. C. A. since its organization. In spite of war conditions and the broken school term the Y. W. C. A. has not slackened in its work. Far more has been done by the organization of this college than by many colleges which are much larger.

The big sister movement is being carried out more satisfactorily this year than ever before. Over 200 girls acted as big sisters at the opening of school. Towns people loaned their cars and the girls met the train day and night for the first three or four days. 300 new girls were assisted in finding rooms.

The big sister movement did not end last fall with the end of registration days but has been carried on through the year. The older girls have made real friends of their little sisters. Parties and discussions are regularly every few weeks at which the girls have a good time and discuss school problems. The little sisters are beginning to look upon the older girls as helpers and advisors.

The Y. W. C. A. helped more than any other organization in making the united war work campaign such a great success. One hundred per cent of all organized women pledged an average pledge of \$10. This is one of the best records made by any school in the west and it is partly the result of the Y. W. C. A. work.

The work most recently taken up by this organization is the summer club and recreation work. Already more than 100 girls have signed up for this. During the summer these girls will organize recreation clubs in their home communities. This work is to be carried on under the supervision of the extension department. The remainder of the spring will be spent in giving the girls practical experience in this line of work in order that they may be thoroughly trained for the club work by spring.

In April the Y. W. C. A. will hold an all day conference for the girls who, are to become committee workers, but it is thought that it will become an annual spring meeting.

Beside the new work taken up the Y. W. C. A. is carrying on all of its old work as usual. The Hay Fete has always been put on by this organization with the assistance of the physical training department and the home economics department. The Aggie Pop night, the one big all college affair during the winter months, is put on by the Y. W. C. A. It is given partially as a money raising scheme but its main object is to foster college pep and good spirit.

This spring the National Students' conference met at Evanston, Illinois forty five states were represented. This organization was represented by Dean Mary P. Van Zile, Miss Mildred Inskeep and Miss Elsie Cuthbert. Plans and policies for the future were discussed at this meeting. At the Y. W. meetings during the rest of this term the message of the conference will be given to the workers here.

To Give Concert in Chicago

Miss Patricia Abernethy, piano instructor, will give a concert in the Fine Arts hall in Chicago, April 10, under the management of Jesse B. Hall. She will be assisted by Tracy Kingman, baritone. Miss Abernethy will use numbers by Rameau-Godowsky, Chopin, Paganini-Liszt, and MacDowell. She will also play the Russian suite, "A Trip Through an Art Gallery," by Mossorjky.

STUDENTS RUSH REGISTER OF DEEDS

Think That Is Safest Way To Get Sixty Dollar Bonus

Within the last two weeks there has been a great rush among the men students to get their releases from service recorded at the register of deeds office.

Though it is not necessary to do this to obtain one's sixty dollar bonus it is considered the wisest policy by the majority of students. They feel that if their discharge papers should get lost they would stand no chance of ever getting the money.

As one student said: "Sixty dollars doesn't fall out of the skies every day. There are many ways in which this extra money will come in handy."

At present the register of deeds is swamped with release papers to record. He is almost a week behind in his work. It is necessary for the papers to be left in his hands and called for several days later.

Every loyal Aggie girl is going to subscribe to the Y. W. C. A. Friday, April 4th.

NEW HONORARY IS ORGANIZED

Tri Nu, In General Science, Takes In Only Flunkers in That Department

A new organization has appeared on the hill. The Tri Nu, Honorary General Science organization, is holding this week. We have been able to find out only a few facts about this organization, among which are the following:

Name—Tri Nu (No Nothin Numskull.)

Motto—Don't row, just drift.

Colors—Yellow and Blue (yellow color of flunk slip; blue, feeling after getting it.)

Flower—Four Leaf Clover (good luck.)

Badge—Rabbit's Foot (good luck.)

Grade Requirements for Eligibility: Average of P (not P plus.)

Two F's (at least.)

Nothing above M.

Officers Elected from Those Filling Following Requirements:

Pres.—Flunked in Business Management.

Vice President—Same.

Treasurer—Flunked in Mathematics.

Secretary—Flunked in Rhetoric.

Pledge Button—Handful of Flunk Slips.

N. B.—In case you are eligible, send your name to Look Out Committee.

This organization seems to fill a long felt want among the General Science students, as heretofore they were the only students on the hill having no honorary organization. Long may it live.

M. COLLINS CITED FOR BRAVERY

Assists Regimental Surgeon in Dressing Wounds Under Heavy Machine Gun Fire

Lieut. Myron S. Collins, former student in college and senior chaplain of the 139th regiment of infantry, Thirty-fifth division, has been cited for bravery under fire by his regimental commander.

Chaplain Collins was in Alsace-Lorraine during the summer of 1918, but was moved up to the Verdun front in the fall and later was in the six-day battle in the Argonne forest. During the battle Chaplain Collins assisted the regimental surgeon in dressing wounds while under heavy machine gun and rifle fire. It was for his bravery at this time that he was cited for gallantry.

Chaplain Collins is now on the division staff. He was made division school officer last December and has charge of the educational work of the whole division. More than 1,500 men are now enrolled in the various classes.

Mrs. Helen (Huse) Collins, '08, is chaperoning one of the sorority houses at Baker University, Baldwin, Kansas.

TO SELL ROYAL PURPLE

THURSDAY IS LAST DAY ONE MAY ORDER A ROYAL PURPLE—FEW EXTRA COPIES

Book To Be Out by Middle or Last of May—Contains Pictures of Aggie Heroes

The window, opposite the post office will be open all day Thursday for receiving receipts for the Royal Purple class book.

This is the last chance to get a book as no orders will be taken after Thursday and few extra copies will be printed. The Royal Purple staff expects to get the books out by the middle or the last of May.

One of the features of the book will be a service record of all Aggies, and interesting facts concerning the war activities of some of our most famous graduates. There will be pictures of 24 of the 28 loyal Aggie men who have given their lives in military service. Other Aggie men who have made famous records in the war will also have their pictures in the class book. The book will be dedicated to the Aggie men who have been in service thus serving as a memory book of those men of whom we have no other record.

Of course there will be the usual class and organization pictures, campus views, and snap shot pictures. The deans and well known professors will be pictured. The basketball team, which won the Missouri Valley championship, and the football team will make the sport section interesting. The pictures of the six girls who won the Aggie girl contest will occupy six pages. The short course and some of their activities will be featured. And then there is the joke section which hits the high places of college high life. Persons who were in college a number of years ago will be interested in noticing how well some of the same old jokes have lasted through the years.

The Royal Purple is a book that will sober you in reckless moments and it will keep you happy in blue moments.

Dodge City Boys Visit K. S. A. C.

C. F. Holladay, former instructor in physical training at this college, accompanied by three members of the Dodge City high school basketball team, are visitors at the college this week. They are returning from the state basketball meet at Kansas university.

Mr. Holladay coached the Dodge City high school athletics this winter, and had a winning season with his basketball team. This team won the championship of southwestern Kansas.

According to Mr. Holladay there is good material for college teams both football and basketball in the Dodge City school, and the coach at K. U. is exerting much effort to induce the boys to come to that school.

Mr. Holladay wrote to the athletic department of this college to arrange a game with the School of Agriculture or Freshmen to partly pay the expenses of the trip, but received no response. Since he was unable to pay the expense of the entire team only three of the boys came. According to Mr. Holladay the other two boys are the stars of the team and are already much interested in the Kansas university.

ALL TOGETHER NOW, AGGIES, LET'S STIR UP SOME PEP

Medieval students at the University of Paris used to move, bag and baggage, outside the city's boundaries when they took offense at some act of civil authorities.

That was solidarity! We can't do that, of course. If civil—or collegiate—authorities impose restrictions under which we smart—well, we just smart awhile and then forget it.

We haven't the solidarity, for one thing, and then of course there are other reasons why it couldn't be done. But students ought to be united. It should be possible for those in the various schools to speak on subjects of general interest to them with one united voice.

The machinery for making that opinion articulate does not now exist. But can it if the students will get on the job.

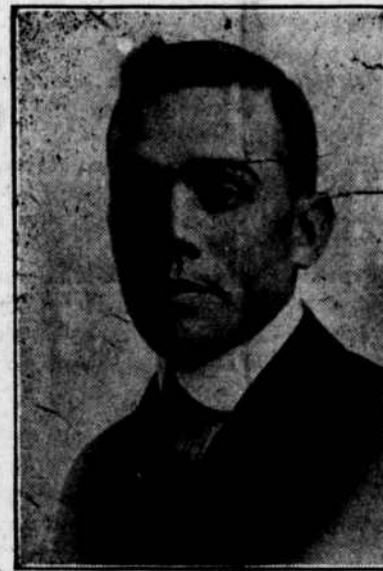

CALVIN MEDLIN IS VICTOR

ATHENIAN WINS NINETEENTH ANNUAL INTER-SOCIETY ORATORICAL CONTEST

Miss Ruth Blair, Ionian, and Oliver Nelson, Hamilton, Win Second and Third Places—Contest Close

Pointing out the new menace of Bolshevism in the United States and suggesting one way to counteract this evil was by proper distribution of labor, Calvin Medlin, Athenian, won the nineteenth annual inter-society oratorical contest Saturday night. Mr. Medlin's subject was "The New Menace."

Miss Ruth Blair, who represented the Ionian Literary society, won second place with her oration on "America in Reconstruction" and Oliver Nelson, Hamilton, won third place. The subject of his oration was "Let Us Have Peace."

C. J. Medlin, Athenian Winner of First Place

Mr. Medlin had a strong oration which was very forcefully delivered. So well was it delivered that Prof. Henry A. Shinn of Kansas university gave him a grade of 98 on delivery.

Mr. Medlin has been prominent in forensic work here. This year he holds the men's debating scholarship and is now working to earn his fourth "K". He is a member of the Quill club, Y. M. C. A., Forum, Athenian Literary society, Pi Kappa Delta, the honorary forensic fraternity and was manager of the Festival week program. He is a junior in industrial journalism.

Miss Ruth Blair, who won second place, is a senior in home economics. She is a member of the Forum, Y. W. C. A., Xix, Ionian Literary society, and Omicron Nu, the honorary home economics sorority.

Oliver Nelson, a sophomore in animal husbandry, has been prominent in dramatic work here. He is a member of the Forum, Hamilton Literary society and the Purple Masque.

All of the orations were good. Bruce Brewer, Webster won fourth place. The others were placed in the following order. Arthur Swanson, Franklin, W. L. Turner, Alpha Beta; Miss Mable Bentley, Browning; and Miss Gussie Johnson, Eurodelphian.

President William Jardine presided. Between every two oration an original stunt was given by the different societies which took especially well with the audience. Prof. "Mike" Ahearn had charge of the demonstrations after the contest while the judges grades were being handed in and added.

The judges on thought and composition were Prof. Donald Doughlass of Missouri university, Prof. J. Lawrence Eason and Prof. James Bowman of Ames, Iowa. The judges on delivery were Prof. Henry A. Shinn of Kansas university, Prof. E. D. Schoultzberger and Prof. Albert J. Harno of Washburn. Mr. A. Clinger of the community house acted as alternate judge.

The winners of the oratorical contest last year were Earl Taylor, Athenian; Gordon Hamilton, Hamilton; and Mary Dakin, Ionian. The year before the Hamiltons won the contest.

The way the judges placed the contestants were: Calvin Medlin, thought and composition, 1 2 3; delivery, 5 4 2; balance 17. Ruth Blair, thought and composition, 1 1 2; delivery, 7 2 6; balance 19.

Oliver Nelson, thought and composition, 5 3 3; delivery, 8 3 3; balance 25. Bruce Brewer, thought and composition, 2 5 6; delivery, 1 8 5; balance 27.

Arthur Swanson, thought and composition, 6 4 8; delivery, 3 1 7; balance 29.

W. L. Turner, thought and composition, 4 6 5; delivery 2 7 8; balance 32. Mable Bentley, thought and composition, 8 8 4; delivery, 6 6 1; balance 33.

Gussie Johnson, thought and composition, 7 7 7; delivery, 4 5 4; balance 34.

AGGIES TRIUMPH ON TRACK

GALLAGHER, WATSON AND FOREMAN STARRER AT BIG K. C. A. C. MEET

Purple Speedsters Won Two Firsts, Two Seconds and a Third—More Than Any Other College—Gallagher Equalled Record

The Aggies again showed their athletic abilities in the K. C. A. C. meet at Kansas City, Saturday. The six men that represented the Aggies took almost everything that offered itself. They won more points than any other organization. Two firsts, two seconds and a third were the prizes that Foreman and his tracksters brought back to Manhattan.

Cliff Gallagher won his heat in the 50 yard dash and took second in the final dash event. He won first in the 50 yard low hurdles against Sylvester of Missouri and Loomis of the Chicago Athletic Club.

In the mile run both the Aggies entered led the field by half a lap and Watson finished ten feet in the lead of Foreman. At the start of the race the judges declared that neither Aggie would finish the race at the rate they were going. At the end of the fifth lap the two Aggies were leading the field by half a lap.

In the half mile Beckett ran a good race against Welburn of the K. C. A. C. and Probst of the St. Louis Athletic Club. Beckett finished only a few feet behind the winner and took third place.

Frost tied for second in the pole vault with Powell of Missouri, Chandler of Kansas university and Lewis and Marshall of Missouri university.

The team that represented the Aggies showed up in excellent form and before the season is over they will show the Valley a real track team.

The summary of the meet follows: 50-yard dash—First, Murchison, St. Louis Athletic association; second, Gallagher, Kansas State Agricultural college; third, Tays, Illinois Athletic association. Time, 5 2-5.

Mile run—First, Watson, Kansas State Agricultural college; second, Foreman, Kansas State Agricultural college; third, Saville, University of Missouri. Time, 4:40.

50-Yard low hurdles—First, Gallagher, Kansas State Agricultural college; second, Loomis, Chicago Athletic association; third, Sylvester, University of Missouri. Time 5 3-5.

440-Yard run—First, Murchison, St. Louis Athletic association; second, McMahon, University of Nebraska; third, Puckin, St. Louis Athletic association. Time, 53 1-5.

High Jump—Rice, Kansas City A. C. Hamilton and Norton, both unattached tied for second place. Height, 6 feet.

880-Yard run—First, Wellborne, Kansas City A. C.; second, Probst, St. Louis Athletic club; third, Beckett, Kansas State Aggies. Time, 2:05.

1,000-Yard run handicap—Joe Ray, Illinois Athletic club, first; Joe Stuart, University of Chicago, second. Time 2:18.

Mile relay—Kansas university won from Missouri university. Time, 3:34 2-5.

Pole vault—Buck, Chicago, Athletic association, first; Frost, Kansas State Agricultural college, Powell, Kansas City A. C.; Chandler, Kansas university; Hamilton, unattached; Lewis and Marshall, of Missouri university, tied for second. Height, 11 feet 3 inches.

Compliments Farm Engineering "In my visits to the colleges in Kansas, Missouri, Indiana and Nebraska, the Kansas State Agricultural college has the best equipped farm engineering department I have seen," said Mr. B. C. Barth of the Rock Island tractor company.

"The thoroughness of the work, instruction and management impresses me more than the largeness of it," says Mr. Barth. "I have been in colleges where a great work was being done but this college is second to none."

"This college is especially fortunate in securing the services of such a man as Prof. W. H. Saunders. His work here is very efficient."

Miss Enid Peck, who spent last week with her sister, Miss Ruth Peck returned Friday to her home in Topeka.

Professor Kent on New Council Prof. H. L. Kent of the department of education has been appointed a member of the Council of Student Affairs. Professor Kent is advisor for the Student council and it is thought that the two councils will be able to work together better.

HELPS DRIVE GERMANS TO AISNE

Frank Bergier in One of Greatest Artillery Concentrations of War

Lieutenant Frank F. Bergier, '14, is in France with the Eighty-eighth division, and has taken part in several battles.

Lieutenant Bergier enlisted in July, 1917, was sent to Fort Sheridan in August, 1917, where he received his commission. He left for France in December, 1917, and has been with the Fifty-seventh artillery brigade.

The Fifty-seventh brigade supported the Thirty-second division in the drive that began August first and drove the Germans to the river Aisne. The Fifty-seventh was one of the first units in one of the greatest artillery concentrations during the war. It successively supported the Thirty-second, Ninety-first, and Eighty-ninth divisions. The brigade was ordered to the rear November 8, and was there when the armistice was signed.

Student Council Speaks

"For the first time an all college affair is to be put up to the student body as a whole at the student chapel Wednesday morning at ten o'clock."

"Just what is to be uncovered at that time is still a dark secret but it will certainly be any student's own fault and his hard luck if he misses out on what is to be said there."

"Just as the sign boards read, 'We're not putting out yet just what it is to be. We are not in a position to reveal any secrets now. However, we can heartily endorse what is to be said at the Wednesday chapel which is to be the first of a regular series of strictly student chapels and we urge every student to be there at ten o'clock.'"

The Student Council.

In College Society

Pi Beta Phi

Mrs. Ray Crumly of Colby spent the week end at the house.

Miss Jessie was a Friday evening guest.

Miss Earnestine Biby spent the week end at the home in Topeka.

Miss Lois Hanna was called to her home in Clay Center on account of the death of her grandfather.

Miss Kathryn Kinman is attending the convention of music supervisors in St. Louis this week.

Miss Carol Haynes of Emporia, spent the week end with her sister, Miss Marie Haynes.

Alpha Delta Pi

Miss Velma Meserve, Miss Mildred Arends, Miss Greta Gramse, and Miss Josephine Sullivan spent the week end in Kansas City visiting with Miss Elithe Kauli and Miss Gladys May.

Miss Elizabeth Brown spent the week end visiting relatives in Junction City.

Mr. Harold Hiltz of Kansas City was a Sunday dinner guest at the house.

The Alpha Delta Pi sorority announces the pledging of Miss Mable Holmgren of Salt Lake City. Miss Holmgren is a junior in home economics.

Miss Ruth Lambertson spent the week end at her home in Fairview.

Browning-Athenian Banquet.

The annual Browning-Athenian banquet was held Saturday night after the oratorical contest at the Gillett hotel.

Purple and white was the color scheme carried out. The tables were decorated with sweet peas. Place cards with the Browning bluebirds and the Athenian owl were used. A five course banquet was served.

Miss Lola Sloop acted as toastmistress. Toasts were given by Mr. Turner Barger, Professor Burns, Dr. MacArthur, Miss Myrtle Gungelman and Mr. Claud Hutto. After this the orators, Miss Mable Bentley and Mr. Calvin Medlin, were presented with rings from the societies.

Covers were laid for a hundred people. The guests were President and Mrs. W. M. Jardine, Dr. J. R. MacArthur, Miss Elizabeth MacLain, Mr. Mc Murray, Prof. W. E. Grimes, and Mr. and Mrs. Clinger.

President Jardine said that a great work was being done by the societies here and he hoped they would continue it in the future.

Enthaladas Initiation

Enthaladas held formal initiation Thursday evening March 27, at Harrison's hall for Miss Mable Troutfetter, Miss Helen Blank, Miss Gertrude Uhley, Miss Fay Young, Miss Fanny Belle Beggs, Miss Marie Julian, Miss Ruby Crocker, Miss Prudence Stanley, Miss Viola Brainard, Miss Nell Robinson, Miss Ruth Goodrum, and Miss Francis Westcott.

Pan-Hellenic Dance

The freshman girls Pan Hellenic gave their second annual spring dance Friday evening March 28 at Harrison's hall.

The hall and rooms were decorated in rose and white. Two davenports were placed in the center of the hall amid palms and ferns. The hall was lighted with floor lamps shaded with rose. The orchestra was seated behind a trellis covered with vines and roses.

The music was furnished by Maupins five piece orchestra.

The chaperones were Mrs. Mary P Van Zile and the house mothers of the various sororities.

Sixty couples were present.

Delta Delta Delta

Miss Grace Ratliff spent Saturday evening at the Tri-Delta house.

Mrs. E. N. Wentworth of Haddonfield, New Jersey, is the guest of Mrs. E. N. Wentworth, house mother at the Tri Delta house.

Miss Elizabeth Boon spent the week end in Junction City.

Miss Elizabeth Burgner was at her home in Burlington over the week end.

Miss Hilda Harlan, '15, who teaches in the Clyde high school was a dinner guest at the Tri Delta house Sunday.

Captain Ralph Kemper was a dinner guest Sunday.

Pi Kappa Alpha

Mr. George Dehn of Topeka was a week end guest.

Mr. Ralph Nixon, was called home to Council Grove Saturday on business.

W. E. Grimes, associate professor of farm management was a dinner guest Friday evening.

Mr. George Anderson was a dinner guest Thursday.

Delta Zeta

Miss Leona Hoag returned Sunday from her home in Ionia.

Miss Edith Wakefield spent the week end at her home in Culver.

Delta Zeta held open house for the Sigma Phi Epsilon fraternity Saturday afternoon from four till six.

Mrs. Nettie Willis Shugart of Lincoln, Nebr., national big sister of Delta Zeta, was a week end visitor at the house.

Kappa Kappa Gamma

Miss Alice West of the College of Emporia was the week end guest of Miss Ruth Dalton.

Mr. W. L. Cotton of Wamego visited his daughter, Miss Elizabeth Cotton on Sunday.

Miss Norine Weddle spent Wednesday in Army City visiting her father.

Lieutenant Robert Hargis was a dinner guest Monday evening.

Miss Griffiths was the dinner guest of Miss Alfreda Honeywell Thursday evening.

Astex

Mr. Jerry Whedon who was recently completed his college work, has gone to Sheridan, Wyoming, where he will take charge of a sheep ranch.

Mr. Sheridan Spangler, Mr. Scott Stuart and Mr. Jimmie Albright spent the week end in Lawrence where they attended the Delta Tau Delta spring party.

Mr. Warren Cowell spent the week end at his home in Clay Center.

Dean and Mrs. A. A. Potter, Prof. and Mrs. G. Bell and Mrs. Mary P. Van Zile were Sunday dinner guests at the Astex house.

Mr. and Mrs. Bub Lupfer who have been visiting here, returned last week to their home in Larned.

Review Club Banquet

The Review club held its annual banquet for the husbands of the club members, Thursday evening at the home of the President, Mrs. Fay N. Seaton.

The tables were decorated with crystal baskets filled with pink and white sweet peas and tied with pink tulle. Pink shaded candles and pink and white menus and place cards were also used in carrying out the color scheme.

The five course banquet was served by Miss Vera McClelland, Miss Gertrude Strack and Miss Ruth Gear. Mrs. M. S. Spencer acted as toastmistress. Thirty-five guests were present, half of which were faculty members.

Shamrock

Mr. Wilbur F. Denious of Denver, Colo., was a dinner guest Monday evening. Mr. Denious stopped in Manhattan on his way to New York City.

Mr. Garnet Reed spent the week end at his home in Kansas City.

Prof. and Mrs. A. M. Doerner, Miss Francis Westcott and Miss Mildred Sterling were Sunday dinner guests at the Shamrock house.

Mr. George Davis spent the week end at his home in Clay Center.

Mr. Lawrence Stonge spent the week end at his home in Riley.

Sigma Phi Epsilon

Sunday dinner guests at the Sigma Phi Epsilon house were Miss Ruth Dalton, Miss Alfreda Honeywell, Miss Grace Merrillat, Miss Adelaide Lutz, Miss Irene Seery, and Miss Norine Weddle.

Mr. Vance Russel was in from the Fort Saturday evening. Mr. Russel expects to be discharged this week.

Mr. Stuart Felt and Mr. Phil W. Weaver of Chicago were week end guests of Mr. Donald MacGregor.

Mr. Earl Raymond who has been ill for the past few days is again able to attend classes.

Luncheon and Theater Party

The thirty-five girls of the home economics department and Miss Margaret Haggart and Miss Josephine Perry who spent Thursday and Friday in Kansas City visiting the food factories were the guests of the Lee Mercantile Co. for lunch Thursday.

Friday night the party heard Harry Lauder at the Shubert theatre.

The girls were shown through the following manufacturing plants: The Armour Packing Co., Lee Mercantile Co., Loose Wiles Biscuit Co., and the National Biscuit Co.

Wilkins-Caulglazer

Miss La Faun Wilkins, daughter of Mr. and Mrs. J. W. Wilkins of Ft. Collins, Colo., was married to Mr. Harry Caulglazer of Larned, March 16.

Miss Wilkins was a student here two years ago and a member of the Browning literary society. Mr. Caulglazer was enrolled here last semester in the agriculture course and expects to do practical work now on a farm near Larned.

Sigma Phi Delta

Mr. A. E. Dyatt, '17, visited here this week. Mr. Dyatt was a second lieutenant of engineers, at Camp Humphrey, Va.

Mr. Harry Hudson visited with his parents in Topeka last week end.

Mr. A. E. Bate spent the week end at his home in Wichita.

Dancing Party

The members of the veterinary medical association gave an informal dancing party Friday evening at Elks Hall.

Twenty five couples were present.

Chinese Party

Miss Mollie Gold of the extension department entertained twelve faculty members at Chinese party Tuesday evening. The decorations were oriental and the refreshments were typical Chinese dishes.

"Now, can you beat this? A soldier writes and asks me to marry him."

"What's the matter, girl?"

"Name deleted by the censor."

—Judge.

WANTED!!

100 Per Cent
of the
Aggie Girls
To Get Behind
the
Y. W. C. A.
Friday, April 4th

Keep Record of Time Spent

All students in the regular classes of the Kansas Agricultural college have been requested to keep an accurate account of the time used in their studies during the week of March 30 to April 5.

The blanks provided for this purpose are as nearly self explanatory as possible but care should be taken that they be fully understood by all students so that uniform reports may be received. It is therefore the desire of President Jardine that the report on these blanks be as faithful as possible. All time actually used each day on the subject in preparation, in class work, and in the laboratory should all be included.

It is realized that this means some extra trouble on the part of the student. The purpose is not to afford a check on the individual but to secure information which it is hoped will be of value in increasing the efficiency of the college service to the student.

Help Raise Y. W. C. A. Funds

Wanted 100 per cent of Aggie girls to get behind the Y. W. C. A., Friday April 4th.

Membership dues of the Y. W. C. A. were abolished this year so every girl had a chance to become a Y. W. C. A. member if she were willing to live up to their standard and now the girls are to have a chance to contribute to the fund that helps to carry on the work.

From the students, faculty, and townspeople \$1600 is to be solicited toward the \$2700 budget for the year. Twenty-five faculty women will interview the women of the faculty, sixty girls will see the college girls and ten women will solicit the women of the town.

Letters explaining the use of the money are being sent to faculty and town people announcing Friday as Finance Day. The expenditures of the Y. W. C. A. are \$1200 salary of the general secretary; \$180 goes to the support of the national Y. W. C. A.; \$400 for the furnishing of the office, and \$215 for office supplies; \$570 committees; \$100, support of secretary in China; and \$150 for the assistant secretary, making a total of \$2765.

LOST—A rain coat, during Festival week somewhere on college campus. Light Brown, no belt, hole in left pocket. Finder please notify Box 592 K. S. A. C.

DEBATERS ENTER FIRST ROUND

Baker Negative Will Debate Aggie Affirmative Here—Aggie Negative To Ottawa

The first round of the annual pentagonal debate between the Kansas State Agricultural college, Baker university, Ottawa, Washburn, and the College of Emporia will be held Friday, April 4.

Bakers' negative will debate the Aggie affirmative here and our negative will go to Ottawa university. In the second round our teams will meet Washburn and the College of Emporia. The question to be debated is "Resolved, That a league of nations as proposed by President Wilson is a

practicable way of assuring world peace."

The following men will represent the Aggies. Negative: A. J. Englund, Seibert Fairman, and S. J. Gilbert. The members of the affirmative team have not all been chosen as yet. R. S. Circle and Lawrence Whearty are still contesting for the second speech. The other speaker of the affirmative are L. C. Binford and Oscar Stinson.

"My daughter is taking a course in domestic science."

"How is she making out?"

"All right, I infer. She writes that she just made the scrub team."

—Kansas City Journal.

100 per cent of the Aggie girls are going to subscribe to the Y. W. C. A. Friday, April 4th.

Bring that Tennis Racket to the Co-Op Book Store to be restrung.

Miss Holman of the art department gave an illustrated lecture on composition to the class in photography last Monday.

Miss Grace Lyness from Stockdale was visiting college friends over the week end.

There will not be any Y. W. C. A. vesper service Thursday afternoon because of the finance campaign Friday.

Girls interested in the training class for summer recreation leaders are to meet Tuesday evening at 6:45 in the women's gym. Miss Grace Hesse will have charge and asks that the girls bring note books and pencils.

GIRLS GIVE ATHLETIC CONTEST

Pole Vaulting, Vaulting, Dancing, Rope Climbing and Relay Track Racing Featured

Seventy five girls from each the sophomore and freshman classes will take part in the girls big annual athletic carnival which is to be given tomorrow evening in the Nichols gymnasium at seven o'clock.

The girls which are the best all around athletes have been chosen to compete. The carnival is really an athletic meet between the sophomore and freshman girls. All of the different types of exercises, floor work, apparatus work and dances taught by the physical training department is shown at this carnival.

The marching tactics and floor work will be given first. In this the girls will be graded for accuracy, quickness and formation.

Folk dances will be given by the girls of the various folk dancing classes. The dances to be given are "Norwegian Mountain March," "Dance to Strassburg" and "The Swedish Ring Dance". The esthetic dancing classes will give a Scottish and The French Doll Dance.

The apparatus work will consist of flank vaults over the horse, oblique vaults over the box, and the high jump.

The rope climbing is one of the hardest yet one of the most interesting stunts to be given. The girls have practiced climbing for some time and several from each class can go up

Your Silk Shirt Will Be Hand Washed and Ironed
AT THE
MANHATTAN STEAM LAUNDRY
PHONE 157

the ropes a number of feet.

The last thing on the program will be the track relay race on the track up stairs. The best runners from each class have been chosen.

The sophomores of this year won the most points at last year's carnival. This spring the freshman are planning on taking first place. Competition is strong in both classes so the contest promises to be a close one.

The girls have been working hard for several months in preparation for this meet and some splendid work is expected. The judges will be Z. G. Clevenger, Mike Ahearn, Captain Kemper and Professor J. V. Cortelyou.

- 1—Marching tactics and floor work.
- 2—Folk dancing.
- 3—Apparatus:
 - 1—Flank vault over horse.
 - 2—Oblique vault over Box.
 - 3—High Jump.
 - 4—Esthetic dancing.
 - 5—Rope Climbing.
 - 6—Track Relay Race.

Everyone is invited. The admission is free.
The program will be given as follows:

Price Revises History Notebook
At the request of the state printer, Prof. R. R. Price is revising his American history notebook and the revised edition will come out in time for use next year. Professor Price's book has been used here in college for several years and has also been approved for use in high schools throughout the state.

Watch your share of the \$1000.00 move the hands of the clock, Friday, April 4th.

CHANGE STUDENT COUNCIL

NEW CONSTITUTION TO BE DRAFTED—GIVES BODY MUCH MORE POWER

Ideas Giving Student Council Control Over School Activities Suggested—Student Government Question Big One—Students to Vote on Ideas

The student council is to have a new constitution.

The anticipated instrument under which that organization's spineless existence has been possible for the past dozen years is to give way to a new set of fundamental laws.

Students, with few exceptions, are hopeful that the new constitution will do these things:

Put student government in the hands of the students, where they believe it belongs.

Make possible the expression of unified student opinion of matters of general interest.

Develop more college spirit, which will make possible better support of all college projects.

The council has named a committee of its members to re-draw the constitution. They have asked for suggestions, pointing out that if a really democratic instrument is drawn, it must incorporate the ideas of many, and meet the objections that are certain to be raised.

Council Needs Ideas

College organizations, students and faculty members, are invited to send in ideas, which the council promises will get immediate attention.

Before the new constitution is adopted it is the intention of the council to bring it before an all-college assembly, and before meetings of the various classes. But, says the constitutional committee, suggestions of a constructive nature will be of more value now.

It is considered possible that each class will be asked to turn into the council treasury \$10 each to support financial obligations, but this has not been definitely determined.

Questions Raised by Politicians

Student politicians, advocating less faculty control of student activities, raised these questions:

Should not the council represent schools instead of classes, and represent men and women in proportion to their numbers?

Should not the student council handle, with faculty sanction, student discipline?

Should not the student council make rules governing the social life of the college?

Students and interested faculty members point out that this is the students' opportunity to do away with conditions which frequently have been the subject of criticism.

They say college executives are in a more favorable mood toward concessions at the present time, and that there is general hope the students will take advantage of their opportunity.

Not from Student Council

"There have been a number of criticisms coming from the student body in regard to the inactivity of the student council. We have passed these measures which we believe to be to the interest and welfare of the student body. Will the student body stand behind us in this and other actions which we shall take?"

In former years the proceeds of the May Fete has been equally divided between the Y. W. C. A. and the Y. M. C. A. The women's athletic association has always had a prominent part in putting on the program for this day.

The Student council wishes to express its approval of the plan as outlined by the May Fete committee for dividing the proceeds of the May Fete this year in the following way:

Y. M. C. A.	30 per cent
Y. W. C. A.	50 per cent
W. A. A.	20 per cent

The council also wishes to endorse the recommendation of the May Fete committee that the May Queen choose her own attendants. However, the council deems it best to require that these attendants be chosen from each of the several classes in the same proportion as in former years.

H. A. O'BRIEN, Pres.

VERA SAMUEL, Sec. & Treas.

Students Careless About Checks

That students are unnecessarily careless was brought out by the following incident.

When a certain student opened his post office box the other day, he found a notice stating that his check to Calvin Medlin for Festival week tickets had been returned by the bank as no good.

This student, knowing that he had money in the bank, immediately sought Medlin.

"I believe you have a bad check of mine," greeted the boy.

"Why yes, I have," replied Medlin, as he pulled out a huge envelope filled with returned checks. "Here's a whole raft of others, too."

The student found that he had omitted one of his initials. Many others had done the same thing. Some had failed to write out their first name. They had all forgotten that checks must be signed exactly the same as the name was originally written on the entry slip at the bank.

AGGIE NINE GETS INTO SHAPE

Games Are Arranged with K. U., Haskell and St. Marys

Final arrangements have been made with Kansas university and with the Haskell Indians for baseball games to be played both here and on the opponents diamond. The Haskell Indians will be the first of these two schools to meet the Aggies. Two games will be played in Lawrence with the Indians on April 25 and 26 and the return series will be played here April 30 and May 1. The Indians are being coached this year by "Dutch" Urhlaub a former star for the K. U. team. It is reported that the Indians are already going good.

The Kansas games will start here on May 15 and 16 and the return series played in Lawrence will be on May 22 and 23. Kansas reports a strong team in the making and hope to develop it into a well organized club.

A series of practice games have been arranged with St. Marys but the dates have not yet been set. Coach Clevenger is asking that the two game series be played about the 14 or 15 of this month. This leaves only about ten days in which to completely organize the Aggie team. Before these games are played with St. Marys it is thought that two games may be scheduled with some team from Camp Funston or Fort Riley.

The Purple nine is fast rounding into shape and the men are working hard to make a winning club out of the crowd that first came out. The only old men on the team are Magrath and "Johnny" Clarke and about these men Coach Clevenger thinks he can build a team that will hold its own in the valley circles.

The infield appears to be especially good. Johnny Clarke is holding down his old position at first base. McCullom and Scott are trying for second base and "Heinie" Hinds is holding down the second sack. "Pete" Hixson is doing a good job on third. This combination will make a fast infield that will be hard to beat.

The batteries will, from present indications, be Magrath and Otto on the mound and "Ding" Burton behind the bat. Both Otto and Magrath are getting their arms in working condition fast.

The outfield has a greater number of contestants than the other positions. Swingle Wettig, Agnew, Foltz Quigley and Snapp are the most likely candidates for the three field positions.

Protect The Ground Squirrels

The striped Spermophile, or so-called, ground squirrel, so frequently seen on the campus, is a very useful animal as it devours a large number of insects. These animals do little harm to vegetation or anything else except rarely when they eat stored grain or planted grain. They are extremely easily killed when given the pocket gopher poisoning. In general the good they do far over-balance the bad. The general policy should be to protect them.

Science Club to Meet Monday

The Science Club will meet next Monday at 7:30 in the Domestic Science room. The speaker is H. H. King of the chemistry department.

A. E. Langworthy and F. M. Aiman of the fed control office have returned from inspection work in western Kansas.

NO MORE FRIDAY DANCES

PETITION CIRCULATED AGAINST "CHIMMIE" AND "CLOSE-FORMATION" DANCING

Cabaret Phantasies at Johnny's To Be Stopped—Attendance at Woodman Hall Considered Bad Form—Expulsion May Result

Goodbye, dear old chimmie, in the name of the students of Kansas State, you are bid a tearful farewell. You have been a pal to all students, and have helped to while away many dreary hours. You have been a great friend, and one that, like good wine, improved with age. But like wine, dear chimmie, your popularity has been your downfall.

Several prominent women's organizations have petitioned against some of the modern dances and the way in which they are danced by some of the college students. The following is the proclamation which the Student Council passed in formal meeting:

"Believing that the truest type of young womanhood cannot be upheld in indulging in the so-called 'chimmie' and 'cheek to cheek' dancing, we, the members of the Student council, declare our disapproval of these dances. All chaperones of dances at which college students are present are asked to report to the Student council the names of the students who indulge in this form of dancing."

The Committee on Student Affairs is now working with the Student council and reinforces the proclamation of the council with a gentle reminder of some of the rules made in the past in regard to dancing. Their statement is as follows:

To the Members of the Student Body of the Kansas State Agricultural College:

I wish to remind you of certain college rulings regarding dancing in public places, at all times, and in private places, at times not sanctioned by the authorities. These rulings, apparently forgotten by some of our students, are still in force.

The only dance sanctioned by the college authorities, except, of course, those dances given by college organizations and arranged for previously, is the student dance held at Harrison's Hall on Saturday evenings. Attendance on the part of the students at any other dances is against the rules. The ruling also covers the cabaret dancing, during the day or evening by individual couples or groups at any public place.

It has been brought to our attention that groups of students have been going to Aggieville to dance during the Assembly period and at other times. This is absolutely against college rules. Moreover, I think, the thoughtful student will see that such conduct is likely to reflect most unfavorably upon the reputation of the college. No student with any true college spirit will wish this to happen.

I am sure that thoughtlessness or misunderstanding has led some of our students to break these rules. This letter is to explain clearly, once more, the position of the college in the matter.

President Jardine wishes me to state that any student hereafter violating these rules with regard to dancing, will do so at his or her risk.

Very sincerely yours,

JOHN R. MACARTHUR,

Chairman of Committee on Student Affairs.

GROUND-HOG GIVEN TO MUSEUM

Fine Specimen of Pelican Loaned to Natural History Department

Mrs. Mable Horner of Manhattan has loaned to the natural history museum of the zoology department a fine specimen of a pelican which was killed near Miles City, Montana. The museum also received a live ground-hog, which was captured on a farm near Manhattan. Any one has an opportunity to see the ground-hog as it is to be kept in a case on the second floor of the museum.

The prairie dog, which was a familiar sight in the museum, remained in the college longer than most students do. It is not known how old he was captured, probably quite young. Recently, he died after being caged for eight years.

GAB-FAST HELD TONIGHT

IS FIRST ROUND OF ANNUAL PENTANGULAR DEBATE—K. S. A. C. VERSUS BAKER

Second Round to Be Held April 11—K. S. A. C. Negative Debates Washburn Affirmative Here

The first men's gab-fast of the year will be held tonight in the College auditorium at 8 o'clock. This is the first round of the annual pentangular debate between K. S. A. C., Washburn, Baker, Ottawa, and the College of Emporia.

The Baker negative will meet the K. S. A. C. affirmative here, and the Aggie negative will go to Ottawa university. The question to be used is "Resolved, that a league of nations as proposed by President Wilson is a practicable method of assuring permanent world peace."

The Aggie affirmative will be upheld by L. C. Binford, sophomore in general science, Lawrence Whearty, freshman in engineering, and Oscar Stinson, sophomore in animal husbandry. Mr. Stinson has been appointed captain of the team. He debated against the Kansas State Normals two years ago, this is the first inter-collegiate debate that the other two men have taken part in.

The negative team which will go to Ottawa is captained by Seibert Fairman, senior in mechanical engineering. This is Mr. Fairman's third college debate. The other two men are A. J. Englund, freshman in animal husbandry, and S. J. Gilbert, sophomore in animal husbandry.

The second round of the pentangular series will be held April 11. The K. S. A. C. negative will debate Washburn's affirmative here, and our affirmative will go to the College of Emporia. Last year the Aggies won all four debates.

Prof. I. V. Iles, of the department of history and civics will preside. The judges for the debate here are Superintendent Huesner of Beloit, T. F. Phillips, vice president of Southwestern university, and Prof. F. L. Owens, of Kansas university.

President Jardine Was Graduated in Agriculture

President Jardine went on a tour of inspection through some of the barns last week. Several students happened to be there at the same time. After he left they had the following discussion.

"Say what course did President Jardine graduate from here?"

No one had heard but after a moment reflection Harry answered:

"I haven't heard but I know it was the agricultural course."

"Why?" asked the surprised George.

"Because he can use his handkerchief without having one and only an agricultural man can do that."

Later his statement proved to be correct, so this must be a new method of distinguishing agricultural men.

CELEBRATE SENIOR SNEAK DAY

Fourth Year Class Goes to Eureka Lake for a Good Time

No mid-night oil was burned by the seniors Monday night. Tuesday we found out the reason the seniors were celebrating the annual event senior sneak day.

The event occurs once every year. The date depends on the class. They chose it when most of them have their hardest subjects.

At 9:15 a hundred and twenty-five seniors boarded the Interrurban for Eureka Lake, where they spent the day.

After exploring the shore they had a big ball game. Just who won was not quite clear.

This was vigorous exercise so all were hungry. Their supply of steak, waffles, buns, sandwiches, coffee, pickles, cookies and ice cream soon were gone.

In the afternoon they went out boating for awhile. A piano had been sent out early in the morning so they spent the remainder of the afternoon dancing.

At four they came in on the interurban. They all got here tired but it was well worth it.

Academy of Science to Meet Here

The Kansas Academy of Science of which Professor Havenhill of K. U. is president and Dr. R. K. Nabours of this institution is vice president, will hold its annual convention at the Kansas State Agricultural College, April 18 and 19. The Academy of Science meets at various state institutions but has not been here for several years. A large number of leading scientists throughout the states will attend the convention.

A special feature of the meeting will be an address by Dr. H. B. Ward, head of the zoology department of the University of Illinois. Dr. Ward will also address the student assembly while here.

Auditor for War Department Here

Mr. Sheldon, auditor for the war department, was here this week going over the accounts of the college against the war department on account of the student army training corps which was stationed here.

ENGINEERS TO VISIT TOPEKA

Trip An Annual Feature in Curriculum of Junior Engineer

The Junior mechanical engineers will take their annual trip to Topeka Saturday, April 5, to visit the manufacturing plants of that city.

The engineers will leave Manhattan on an early morning train arriving in Topeka at eight twenty and will first visit the Santa Fe shops. This plant is one of the largest of its kind in this part of the country and will present many interesting features to the engineers. During the course of the day the Topeka Boiler Works, the Capital Iron Works, the State Printing plant and the shops of the Topeka Edison company also will be visited.

The trip is one of the interesting features of the curriculum of the Junior engineer and is very instructive. It gives the young hopeful an idea of the possibilities in the engineering profession and develops his ideas along those lines.

Y. W. CAMPAIGN IS ON TODAY

\$1600 of Budget to Be Raised Before Tonight—\$2700 Needed for Year

Two hundred fifty nine dollars and fifty cents was pledged to the Y. W. C. A. last night at a meeting in which 52 college girls pledged \$125.50; 13 faculty women, \$64, and four townswomen, \$70. This is just a start in the campaign for regular running expenses of the Y. W. C. A.

Today is the only day of the campaign and \$1600 of the \$2700 budget for the year is to be raised. The rest of the fund has been raised by The Collegian campaign last fall, Aggie Pop night this winter, the selling of Festival week tickets this spring, and by alumni and state contributions.

The returns from the campaign will be posted all during the day on the clock at the south entrance of main hall.

A meeting of the sixty women students, twenty-five faculty women, and ten townswomen who are to carry on the finance campaign among the students, faculty and townswomen, was held in the D. S. rest room from seven until eight last night. Professor H. W. Davis of the department of English, gave a talk on the business methods to be used and the approach to people.

Kansas Aggies Visit in Paris

Since the Kansas State Agricultural college has been in the American University union in Europe a monthly report has been sent to the college of the students that visit the American University in Paris.

The following is a list of the Kansas State Aggies who registered at the university in Paris from December 11, to January 9, 1919:

Second Lieut. Paul L. Findley, '18; First Lieut. Charles E. O'Neal, '16; Arthur N. Templin, '16; Second Lieut. Clifford C. Stevenson, '14.

Those who registered from January 9, 1919, to February 22, 1919, are:

Second Lieut. Harlan Deaver, '10; Lieut. Frank Elliott, '11; Second Lieut. Charles R. Enlow, '18; Sergeant E. W. Fanhoner, '16; Lieut. Colonel R. D. Garrett, '09; Second Lieut. Benjamin F. Griffin, '17; Captain Joe G. Lill, '09; and Lieut. Howard A. Parker, '13.

A. F. Swanson spent Thursday and Friday at Hays college.

LOLA SLOOP IS MAY QUEEN

WAS ELECTED TO OFFICE DURING ALL STUDENT ASSEMBLY

Chapel Was First of a Series of Student Chapels to Be Held for Discussing and Deciding College Questions

Miss Lola Sloop—Aggie May Queen for this spring.

At last the secret of the student chapel held last Wednesday came out. It was held essentially to choose the May Queen for the spring Fete, and was so arranged that the usual amount of politics did not enter into the election as they have in former years.

The May Fete has always been one of the big events of the school year, and preparations are being made by the May Fete committee to have the fete this year excel all others in elaborateness of costume and staging. It has also been arranged by those who are running the affair that the May Queen shall have the selection of her attendants with the only limitation that they shall be selected from the different classes in the same proportion as they have been in former years.

The chapel was the first one of a number of student chapels that will be held from time to time, taking the place, to some extent, the former chapels, in which some prominent man from out of town usually spoke.

The new stunt went off remarkably well, Doctor MacArthur making a very clever introduction to the business on hand. He explained the plan of electing the May Queen, and then called for nominations from the student body. Seven names in all were put up, and then the voting was done by individual written ballot.

The nominees for the queen were Miss Lola Sloop, Miss Sarella Herrick, Miss Velma Carson, Miss Fayne Bondurant, Miss Ruth Thomas, Miss Olive Legerstrom and Miss Ruth Blair. The final count of the votes showed Miss Sloop leading with 143 votes, Miss Herrick second with 106 votes, and Miss Velma Carson third with 105 votes.

The only thing, in the mind of most of the students, that could cause the election in any way to be censured, was the lack of enthusiasm that was lacking when compared to the usual excitement which attends the selection of the May Queen. The election was too dead, according to some, and was too much of a surprise to really excite enthusiasm.

Miss Sloop has been one of the most prominent women students in college activities for several years. She was president of the Browning literary society last semester; and is a member of Omicron Nu and the Forum. She has held the debate scholarship for the last two years, and is national president of Zeta Kappa Psi, the honorary women debating sorority. This year she is assistant debate coach and a member of the debate council. At the recent election of the six most popular girls in the college, Miss Sloop took second place.

Tryouts for Senior Play Soon

"Tryouts for the senior play will be held soon", said Miss Florence Heizer, an instructor in the department of English here who will coach the play.

"I would like to meet all the senior who expect to enter the tryouts in my office in A-53 the fourth or sixth hour any day of the week. I wish to know these students preparatory to the tryouts."

"I hope there will be a great number of people enter. The cast will be such that many types of people will be needed."

The Junior electrical and mechanical engineers will make an inspection trip to Topeka, Saturday, April 5. Professor R. A. Seaton and Professor R. G. Kleoffer will go with the crowd. They will visit the Santa Fe shops, the Topeka Steam Boiler Works, the Capital Iron Works, the State Printing Plant, and the Topeka Edison Company.

Dr. C. W. McCampbell of the animal husbandry department left Wednesday for Kansas City where he will attend a Breeders' association meeting. From Kansas City he will go to Coffeyville to supervise a student stock judging contest.

LET'S PLAY TENNIS

Baseball, basketball, and football all have their enthusiastic supporters. Why not tennis? Tennis has this advantage—everyone in school can play it. Nor does any game afford one a better chance for all around physical development. It not only requires quick action, accurate aim, and clear thinking, but develops one's initiative. Another advantage of the game is that it can be played any time of the day, and does not require more than two players.

This is probably the only large educational institution in the country that fails to have a spring tournament. There should be a tournament arranged in which both boys and girls will be allowed to participate for championships in singles and doubles. Plenty of good material is stagnating. Why not start something? Tennis as well as any other forms of athletics tends to greatly increase college pep.

MAKE A REAL FRIEND

Are you guilty of making grandstand plays? Are you forever thinking about the effect of what you do is going to have on others?

Some students seek notoriety, crave applause, and strive to plant themselves in the center of the stage. They want everyone on the hill to know of them. To do this they talk in loud voices and wear conspicuous clothes. They live on the streets, at the movies, and on the dance floor. No event could possibly take place without their presence. Their whole life is lived superficially—for the praise of others.

They are not thinking of preparing themselves to meet successfully the difficulties of life. Set adrift, they are usually doomed for certain failure. They find that they are not only unequipped to battle with the world, but that they have gone thru college without making a single real friend. They have not had time for friends, though their acquaintances may have numbered into the hundreds.

Why not take the time to cultivate one or two valuable friendships? They are important investments. Why not do away with sham and artificiality? Buckle down to college life with sincerity of purpose and the resolve to accomplish something more than social fame. Four-flushers soon pass into ill-repute.

BOOST THE Y. W. C. A.

Few persons realize the influence of the Y. W. C. A. on this campus not only on the students collectively but on individuals. Every worth while movement is backed by the Y. W. C. A. The Y. W. girls carried on the Collegian subscription campaign, last fall, boosted Aggie Pop night, which is one of the big college affairs; and Festival week. More tickets were sold for Festival week this year than ever before.

Membership dues were abolished this year and it is up to the student body to show their appreciation of the Y. W. C. A. and what it means to them by giving their financial support.

Too Busy to Fight

He was a strikingly handsome figure in his uniform as he started out upon his round of farewell calls.

And you'll think of me every single minute when you're in those stupid old trenches" questioned the sweet young thing upon whom he first called.

He nodded emphatically. "Every minute."

"And you'll kiss my picture every night?"

"Twice a night," he vowed, rashly, patting the pretty head on his shoulder.

"And write me long, long letters?" she insisted.

"Every spare minute I have," he reassured her, and hurried away to the next name on his list.

There were ten in all who received his promises.

When it was over he sighed. "I hope," he murmured, wearily, "there won't be much fighting to do 'over there.' I'm going to be so tremendously busy."

—London Opinion.

The cabby was brought before the magistrate for using violent language to a lady.

"But she ain't no lady," he protested, fiercely.

"Indeed!" quoth his worship. "And are you sure you know a lady, when you see one?"

"Don't I just!" indignantly answered the man. "Why, only the other day I saw one; she give me a parnd note for a shillen' fare and walked away. 'If, mum,' I calls, 'what abart yer change?' 'Don't be a blinkin' old fool!' ses she; 'keep it, and git drunk enough to kiss yer mother-in-law.'"

"Now, yer worship," he ended, triumphantly, "that's what I calls a real lady."

—Tit-Bits.

He looked a sorry sight as he limped into the insurance office. Bandages were numerous, and he walked with the aid of a crutch.

"I have called to make application for the amount due on my accident policy," he said. "I fell down a long flight of stairs the other evening, and sustained damages that will disable me for some time to come."

The manager gave him a firm look. "Young man," he replied, "I have investigated your case, and find that you are not entitled to anything. It could not be called an accident, for you certainly knew that the young lady's father was at home."—Montreal Star.

Miss Elsie Hill, of Norwalk, Connecticut, one of the militants arrested while climbing upon the Lafayette statue yesterday to hold a "protest demonstration," brought forth a gale of laughter in court today and caused Judge McMahon to rap vigorously for order, when she announced, "During my years of suffrage work I've been told and re-told that women's place is on a pedestal; and the first time I got on one, I'm arrested."—Springfield Republican.

Daughter (admiring a present from her father): "I can hardly realize that these beautiful furs come from such a small, sneaking beast."

Father (angrily): "I don't ask for thanks, my dear, but I must insist on respect."—London Opinion.

"Reasonin' wif a man can't always be depended on to prevent a fight," said Uncle Eben. "Gittin' de wust of an argument is mighty liable to make a weak-minded pussion so mad dat he pulls a razor."—Washington Star.

"I don't like working in a restaurant where they use paper dishes," declared the "bus" boy.

"Why not?"

"Can't get no rattle out of 'em."—Louisville Courier-Journal.

Pater: "Who is making that infernal jangle on the piano?"

Mater: "That's Constance at her exercise."

Pater: "Well, for heaven's sake, tell her to get her exercise in some other way."—Boston Transcript.

The North London Railway recently lost a large number of window straps. It is feared that, with the overcrowding of our railways, passengers may get into the habit of removing straps in order to make more room.—Punch.

Stude: "How did you like Dean Holmes' sermon in chapel last Sunday?"

Other One: "It was fair, but I saw three or four mighty good places where he could have stopped."—Froth.

He: "Yes, you know it's costing me five hundred a year just to live, because of these war-prices."

She: "I shouldn't pay it; it isn't worth it."—Tit-Bits.

"What's the matter with the city editor? Two members of the staff are holding him, and he looks as if he were about to have a fit."

"It's the fault of that wealthy 'cub' reporter hired last week. The c. e. told him to report a Red Cross meeting this afternoon, and he said it would interfere with his game of golf."—Birmingham Age-Herald.

"There goes Professor Diggs. He's a very learned man."

"He looks the part."

"Yes. I dare say the professor could find his way around in ancient Babylon, if the city still existed, more easily than he can right here in this town, where he has lived for thirty or forty years."—Birmingham Age-Herald.

"I'm told I talk in my sleep."

"Good idea! If a lot of us could do our talking that way it would be some daylight saving."—San Francisco Chronicle.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

LOOK INTO THIS

Climate

Climate is what kind of weather we have. Sometimes it pleases us but most often it don't. In fact, climate never will be satisfactory until everybody makes his own and keeps it himself.

If you go to school in the morning decked out in white, by evening you are sneaking home to find your winter furs. If you deck out in a raincoat and umbrella you are sure to have beautiful, balmy weather before first hour class is over.

Some people have climatic instincts—that is, they roam all over the country hunting a suitable climate. Kansas people are exempt from this malady. All they have to do to it stick around a few days and they will get any kind of weather they want.

The Average Aggie Student

His motto:
"Ten minutes late to most things and half an hour to some." Everybody does it. Its the only way to save time. Concerted action is the secret of power. If it's the correct thing to be dilatory on all occasions every one should take notice of the custom and act accordingly.

Her Satisfaction

Nell: Why are you looking so satisfied?
Dell: It always give me satisfaction to know a man some other girl wants to know.

Count It All

"When making out your schedule as the president has requested, be sure and put down how many hours you spent in keeping the schedule," says Henriette Jones.

The Student's Saturday Night

Go hang yourself on a maplenut tree And think you're a walnut sundke. For I've got to ram and cram and jam To get my lessons by Monday.

As a matter of fact, nuts do thrive in Kansas.

Bud Simp says he is looking for a girl with only one heart string: All those he knows have from three to nine.

In class he slept—

"Is so, I've heard—

Till an eraser

Woke the bird.

Dear Mable:

I have just discovered a way to pass a quiz when you have been out late the night before. Eat beef brains just the meal before taking it. I got a keen idea in some I ate the other day and I'm not the only one.

Love, Pto.

Superiority Counts

War, under present conditions, is a great social leveler. The son of a well-to-do family had recently entered service as a private and was spending his Christmas leave at home.

His mother, returning from a walk with him, espied a figure in the kitchen with the housemaid.

"Clarence," she said to her son, "Mary's got some one in the kitchen. She knows perfectly well that I don't allow followers. I wish you'd go and tell the man to leave the house at once."

Clarence duly departed to the kitchen, but he returned somewhat hastily a few seconds later.

"Sorry, mother," he said, "but I can't turn him out."

"Can't turn him out? Why on earth not?"

"He's my sergeant!"—Saturday Night.

Hold 'Em Bill

At the evening meal Willie was disposing of his soup with speed and noise.

"Willie!" said his mother in reprimanding tone.

Willie knew immediately what his mother meant and, assuming an injured air, replied:

"Aw, I wasn't goin' ha't as fast as I could."—Harper's Magazine.

"Have you any pink knitting yarn?"
"No, ma'am. Slackers' department is in the basement."—Detroit Free Press.

Mathematics

My math teacher is awful; I shall not pass;
She maketh me to prove dense propositions
She leadeth me to expose my ignorance before the whole class,
She placeth me on the black list,
She maketh me to draw pictures on the board for my grades sake,
Yea, 'tho I study till mid-night, I shall gain no geometry,
For propositions weary me, and originals surely try me.
She prepareth a quiz for me in the presence of mine enemies
She giveth my paper a low grade, my mark runneth under,
Surely zeros and conditions shall follow me all the days of my life
And I shall dwell in the class of geometry forever.

The Real Anger

I winked
And she pretended
To be
Offended, but
She was not
Really angry
Until she
Discovered
That
The Wink was
Intended
For
A girl behind her.

—Ex.

Get out and poke
The weed that choke
Your tender garden stuff,
They're alien foes
That crowd your rows;
You've gotta treat 'em rough.

—The Round-Up.

A Coquette's Perplexity

Which shall it be, sighed Mary one day.
Which, in the long run would really pay?
Harry dances best, by far,
But then again—Max has the car.
In his glorious "Rambler" forth he glides,
While Harry slowly his bicycle rides.
Pray, tell me, which from me shall I bar,
Harry, with his dancing,
Or Max with his car.

M. P.

Friend: "Queer saying, that about truth lying at the bottom of a well."
Lawyer: "You wouldn't think so if you knew the amount of pumping we lawyers sometimes have to do to get it."

—Boston Transcript.

Wife: "Hello! Dr. Buayum? Yes? Come right away. Mr. Little has another one of his spells."

Doctor (half hour later): "Why didn't you send for me sooner? You should not have waited till your husband was unconscious."

Wife: "Well, as long as he had his senses he wouldn't let me send for you."

—New York Evening World.

The professor was walking down the street when accidentally he allowed one foot to drop in the dry gutter. Thinking deeply on some obscure subject, he unconsciously continued walking with one foot on the sidewalk and the other in the gutter. A friend, seeing him, stopped and said: "Good morning, professor. How are you feeling this morning?"

"Well," said the professor, "when I left home this morning I was feeling quite all right, but during the last few minutes I notice I have a limp in my left leg."

—Tit-Bits.

"Had all the watermelon you want, Buddy?"

"No, auntie, but I've had all I can eat."—Louisville Courier-Journal.

Bill: "This blinkin' sea's awful!"
Arry: "Oh, I dunno. It's nice to see froth on something these days!"

—Punch.

The crowned heads of Belgium have been to England in an airplane. We suppose an "ace" took the king and queen.

—St. Louis Star.

"He's a remarkable man."

"In what way?"

"He admits that the people running the war know more about it than he does."

—Le Rire (Paris.)

"I presume," said the conceited fellow, "that you would be glad to have me call again."

"You do," replied Miss Bright.

"I do what?"

"Presume."

Major (to man who has not saluted. "Now, then, my man, what do you generally do when you see an officer?"

Private: "Well, I generally hop it quick. But I didn't see you a-comin'!"

—Punch.

Paregori.....

Giddap.....

—Macon Telegraph.

"Edgar?"

"Yes, mother."

"What are you children doing?"

"Playing royally. I am a Knight of the Garter, and Edwin is Saturday."

"That is an odd name for royalty."

"Oh, it is just a nickname on account of his title."

"What is his title?"

"Night of the Bath!"

—Youngstown Telegram.

On board one of the Florida steamboats, which have to be built with exceedingly light draft to get over the frequent shallows of the rivers, an Englishman accosted the captain with the remark:

"I understand, captain, that you think nothing of steaming across a meadow in the morning when there's been a heavy fall of dew?"

"Well, I don't know 'bout that," replied the captain; "mebbe we do, tho' I reckon we sometimes have to send a man ahead with a watering pot!"

—Tit-Bits.

First Boob (introducing himself): "My name's Warren—one of the Virginia Warrens."

Second Boob: "How-de-do; mine's Nichols, y' know."

First Boob: "Nichols?"

Second Boob: "Yaas—one of the Automat-Nichols."—The Jesters.

"General Allenby, no doubt, will go in due time to the House of Lords, and military men are taking a jocular interest in his selection of a title. Lord Bathsheba might serve, or Lord Hebron, Lord Jerusalem smacks of the jocosé."—Birmingham Daily Post.

For our part we thought "Lord Bathsheba" rather funny too.—Punch

It was the boss talking.

"Miss Flimmer, you are a very pretty young woman."

"Why, thank you, sir."

"You dress neatly and you have a well-modulated voice. I might add that your deportment is also above reproach."

"But I don't understand why you, a man of family, pay me so many compliments of a strictly personal nature."

"For this reason. I want to put you in a cheerful frame of mind before taking up the matter of your spelling and punctuation."—Birmingham Age-Herald.

Eddie Morris, the well-known American comedian now appearing in this country, tells the story of an Irishman who came home one night with a blackened eye, a broken nose, and a split lip.

"Tim Sullivan done it," he told his wife, as he began to bathe the wounds.

"Shame on ye!" Bridget cried; "a big feller like you to be licked by a little hard-drinkin' cockroach like Tim Sullivan! Why, he—"

"Whist," said Pat, from his basin, "don't shake evil of the dead."

—Tit-Bits.

Journalists Spring Meeting

An invitation has been extended by the Topeka alumnae chapter of Theta Sigma Phi, the national journalism sorority, to the chapters of the State university and the State Agricultural college to hold their annual spring meeting and initiation in Topeka early in May.

The alumnae from Lawrence, Kansas City and Manhattan are invited. The Topeka chapter will be hostesses. About fifty active and alumnae members will attend. There will be an initiation in the afternoon and a dinner at night.

The plans for this spring meeting were definitely decided upon at luncheon given by the Topeka chapter Sunday afternoon at the Pelletiers tea room.

Miss Mary Smith, president of the K. U. chapter was a special guest. Covers were placed for Miss Smith, Miss Marjorie Roby, Mrs. J. F. Farrell, Mrs. Margaret Hill McCarter, Mrs. Maurice Wood, Miss Effie Graham, Miss Bertha Schmidt and Miss Annette Perry of Manhattan.

Chi Omega

Miss Josephine Shoemaker spent the week end visiting her sister in Topeka.

Miss Arria Neal spent Tuesday and Wednesday in Clay Center visiting her parents.

Miss Marie Haynes and Miss Carol Haynes of Emporia were dinner guests at the Chi Omega house Saturday evening.

Mr. and Mrs. William Bowman of Chicago announce the birth of a daughter, Sunday, March 30. Mrs. Bowman was formerly Miss Wanda Tetrick, a student in the music department of K. S. A. C. last year.

Alpha Delta Pi

Miss Joe Sullivan returned Wednesday from Kansas City where she spent the week end visiting relatives.

Miss Elsie Cuthbert was a Tuesday evening dinner guest at the Alpha Delta Pi house.

Miss Ruth Lamberton was called to her home in Fairview, Saturday.

Miss Elizabeth Brown spent Wednesday and Thursday at her home in Blue Rapids.

Shamrock

Mr. Ross Hill is out of school this week with the mumps.

Carl C. Vermillion, Regimental Sergeant Major, was transferred from Fort Monroe, Va., to Camp Funston and is there awaiting his discharge. Sergeant Vermillion spent Monday night at the Shamrock house.

Lectures Every Two Weeks

Miss Doris Bugby gave an illustrated lecture on "The Orchestra" at the Manhattan high school Tuesday morning. Miss Bugby gives a lecture every two weeks before the high school chapel.

Sigma Alpha Epsilon

Mr. and Mrs. John R. McCloung and son, Jack, and Mr. L. Winchester were Sunday dinner guests at the Sigma Alpha Epsilon house.

Lieutenant Leslie L. Shaw, '12, is visiting at the house this week. Lieutenant Shaw has been discharged after fifteen months overseas duty and will return to his home in Leavenworth this week.

Mr. Dewey McCormick spent the week end in Kansas City.

Mr. Paul Tupper and Mr. John Cordts will spend the week end in Topeka.

Delta Zeta Dinner

The Delta Zeta sorority gave a one o'clock dinner Sunday at the Gillett hotel. Covers were laid for twenty.

The guests of the sorority were Mrs. Shugart of Lincoln, Nebr., and Ensign Edward Dolcek of Pensacola, Fla.

Miss Edith Wakefield spent the week end in Culver and Salina.

Mrs. Nettie Willis Shugart, National Big Sister of Delta Zeta, who spent the week end at the chapter house left Monday for Baldwin to visit Eta chapter.

Sigma Phi Delta

Mrs. R. G. Taylor, Miss Elizabeth Adams, Miss Edith Biggs, and Miss Maurine Fitzgerald were dinner guests Sunday.

Mr. H. S. Wise spent the week end with his parents in Wichita.

Mr. A. E. Bate returned Wednesday after a few days' visit in Wichita.

Sergeant R. A. Graves of Camp Funston visited here this week.

House Party

Miss Faye and Miss Fern Williams entertained at their home in Gardner last week end with a house party. The guests were Miss Mary Crumbaker, Miss Bertha Biltz, Miss Alice Mustard, Miss Exene Owens, Miss Mable Adams, Miss Dora Grogger, Miss Edna Wilkins, Miss Alma Wilkins and Miss Faye Powell.

Pi Kappa Alpha

Mr. L. E. Whitehead, assistant instructor in zoology, spent the week end in Emporia.

Mr. George Dehn returned to his home in Topeka the early part of this week.

Mr. G. E. Anderson left Tuesday for Cleveland, Ohio. He made the trip in his car.

Alpha Theta Chi

Mr. I. F. Gatz was a dinner guest at the Alpha Theta Chi house Sunday.

Mr. J. F. Brown spent the week end visiting friends at Americus.

The Alpha Theta Chi fraternity announces the pledging of Mr. C. C. McPherson, sophomore in engineering.

Sigma Nu

The Sigma Nu fraternity held for maimal initiation Sunday afternoon for the following.

Clarence Elmer Bleckley, Fred Forsythe Russell, and Daniel Gail Lynch. Neal Anderson of Topeka arrived Monday to take up his work at Riley.

Tom Neely spent the week end at his home in Abilene.

Mr. H. A. O'Brien spent the week end in Topeka.

Much Obligated for Saving the Ice Cream

Have you ever rushed for the ice-cream freezer after dinner on Sundays? It is a common occurrence at some of the houses.

Usually, the two or three boys who dash for the kitchen first are those who succeed. However, there is often company and it is late in the afternoon before anyone can get away.

Recently two of the fellows absented themselves immediately following dinner, but reappeared in a few minutes smiling. No one thought anything about it, until a little later in the afternoon two other boys bethought themselves of the ice cream.

Going down into the cellar where the freezer was generally kept, they found to their dismay that the freezer was nowhere in sight. Only a few empty dishes and the paddle lay on the table.

They searched all corners diligently and were about to give up when they perceived a tell-tale trickle of water coming from beneath a pile of rugs.

"Ah, ha!" cried one. "There it is. I knew those two guys were up to something."

They unearthed the freezer and soon finished its contents. Writing, "Much obliged," on a slip of paper, they then carefully camouflaged the freezer as they had found it.

FEATHERED ACES GOING STRONG

One Chimney Swift Caught 200 Little Enemies For a Single Meal.

The most thrilling battles "Over There" are fought when one airship meets another far up among the clouds. Both aviators fly swiftly about—up and down, to one side and then the other—piercing the air with machine gun bullets while each strives to get into a position to send his enemy crashing to the ground, says today's message from the United States School Garden Army.

Sometimes a hero becomes so adept that he outclasses his fellows. He can fly better and shoot more surely than the others. When he has brought down several enemies he is called an Ace—a term of honor that his mates are proud to give.

The Ace is provided with the best of airships. It is frequently one of the small machines with which he can fly through the air like a swallow, gliding up and down or turning suddenly as suits his fancy.

"We have about our gardens a bird which always reminds me of one of these Aces over the battlefields of France. I mean the Chimney Swift—the most compact bunch of feathers that darts above the earth. You have all seen him winging his way hither and thither—flying low before a rain high at other times—or suddenly dropping out of sight into some convenient chimney," says one of the regional directors of the United States School Garden Army.

"Whether we know it or not these Garden Aces are fighting our battles for us. The other day I caught a Chimney Swift as it was coming down a chimney with a mouthful of insects to feed its young. As gently as possible I got the bird to let me have this particular mouthful, and then let it go to get another breakfast for the birdlings.

"I took the mass of insects to a government scientist in Washington and asked him to look them over. This is what he found. Two hundred insects and three spiders. Among the insects were 56 aphids or plant lice, 59 leaf-hoppers, and 63 two-winged flies. So these three groups of garden enemies made up much the largest part of the morning meal."

If one Chimney Swift catches two hundred garden insects for one meal, how many will a hundred catch for a hundred meals?

Reformed

Mother: "I don't like the looks of that little boy you were playing with on the street today. You mustn't play with bad little boys, you know."

Son: "Oo, but he isn't a bad little boy, mamma. He's a good little boy. He's been to the reformatory school twice and they've let him out each time on account of good behavior."—New York Globe.

Who Is Your Style Authority?

You have to depend on someone for the latest and most correct style; a man doesn't decide these things for himself. If he did, there'd be as many styles as there are people.

You can have the correct information from the world's best style authorities and it doesn't cost you a cent. It's all in the

Spring Style Book by Hart Schaffner & Marx

If you didn't get a copy, tell us; we will see that you have one.

They Are All Getting That Proverbial Habit

Once there was a "cub" reporter who behaved just as he should; Just a good old boy, and simple, And more simple, far, than good. He reported for the "Daily," Bringing in some news each day, Trying hard to do his duty. In his slow and simple way: For this "cub" had many visions Of an editorship rare, Of himself in all his glory Perched in "Sandy's" swivel chair. "T'won't be long" he softly murmured, "Fore they'll know how much I'm worth,

Then, within the Daily office, I will find an easy birth." So he worked and so he labored, Trailing stories every day, Fleet of foot he grew, and nimble, Got in everybody's way. He, who once was fat and flabby, Now had lost some ninety pounds And his figure elongated Where it once was nice and round. Months passed by; still this reporter, Faithful to his duty still, Went his rounds, a graceful shadow, Glorifying in his iron will. "Though they kill my little stories, I'll succeed; just watch me, boys." So he greeted gay companions, Tempting him to share their joys, But one day, while out a hunting For a gem of news quite rare, This was shade of a reporter Floated up into air.

On and up he slowly floated, Wafted by a gentle breeze, Higher, higher, kicking, crying, Soon he flew the trees And when "Sandy" saw his news hound Floating off, a thin balloon, Quoth he, "Ah, I think old faithful's Trying to interview the moon."

They say all work is rewarded, If so, this "cub," thin as air, In the Moon's big Planet office Tilts back in his swivel chair. —Oklahoma Daily.

Doctor: "I found on examination a contusion of the integument under the orbit, with extravasation of blood, ecchymosis of the surrounding cellular tissue, which was in a tumefied state, and abrasion of the cuticle."

Magistrate: "A black eye, eh?" Doctor: "Quite so." —Tit-Bits.

"Oh, Jack, think of coming to ask papa's consent in such old clothes." "That's all right. I've had one suit ruined." —Awgwan.

Bring that Tennis Racket to the Co-Op Book Store to be restrung.

Miss Lelia Whearty, '18, visited college friends here last Saturday and Sunday.

He: "I knew a woman whose hair turned white in a night." Sophisticated She: "My dear, when a woman's hair changes as quickly as that it doesn't run to white." —Sydney Bulletin.

Mrs. Timmid: "John, wake up! There's a man downstairs; I'm sure heard a noise that sounded like a yawn." Husband: "Oh, go to sleep. What you heard was probably the rubber-script."

Professor: "Pat, tell me, now, what is your solution to the world-problem?" Pat: "Well, sor, I think we should have a world democracy—with an Irishman for king!"—Life.

"No one understands me." "That is not to be wondered at, girlie. Your mother was a telephone girl before she married, and your father was a train announcer."—Louisville Courier-Journal.

Small Boy: "My father's got a new set of teeth."

Friend: "What's to become of the old ones?"

Small Boy: "Oh, I guess they's cut 'em down for me." —New York Evening World.

The other day I went to a bakery shop in the West End. While I was waiting for my war-bread, in came a man in khaki who had just returned from the front.

"Why, Lieutenant—," said the bakeress, "are you back? I've been looking anxiously for you every day in the casualty list." —St. Louis Star.

100 per cent. of the Aggie girls are going to subscribe to the Y. W. C. A. Friday, April 4th.

"Judge Flubbub doesn't seem to know half the time whether he is going or coming."

"That is because he has been reversed so much by the higher courts." —Kansas City Journal.

Hippopotamus meat is said to be as good as pork, but the chances are that a lot of hippopotamuses running about would mussy up a back yard almost as much as chickens. —Marion (Ohio) Star.

We sometimes wonder if it ever occurs to Austria that all she has to hope for, even in the event of glorious and complete ultimate victory, is to be bossed around for the rest of her natural life by a beery megalomaniac. —Ohio State Journal.

Storekeeper: "Course you're liable to be drafted, Luke. You ain't thirty."

Loafer: "I tell ye I ain't liable, not as long as I'm dependent on my wife and children."—Wit and Humor.

Willis: "Paw, why do women cry at a wedding?"

Maw: "Because they have been married themselves, my son."

Paw: "You better keep your mouth shut, young man."—Cincinnati Enquirer.

The schoolmaster was giving the boys a lecture on thrift, and pointed out that even animals exercised that quality, instancing how squirrels always stored up nuts for the winter.

Then he asked for another illustration of thrift in animals, and one boy cried out: "A dog."

"A dog! In what way does a dog practice economy?"

"Please, sir, when he runs after his tail he makes both ends meet." —Tit-Bits.

ATHLETIC CARNIVAL TO FROSH

Miss Helen Sloan, Sophomore, Broke School High Jump Record

The Freshman girls won from the Sophomore girls with a score of 452 points to 372 points at the athletic carnival given at the Nichols gymnasium Wednesday evening.

The freshman victory was largely due to the fact that they had about fifteen more girls taking part than the sophs. The sophomores led until the high jump and here the freshmen gained 75 points. In the rope climbing the freshmen won by 4 points.

In the high jump Miss Helen Sloan, sophomore, jumped 4 feet 7 inches, breaking the college record which she made last year of 4 feet 6 inches. Norrine Weddle and Clementine Paddleford, sophomores, jumped 4 feet and 6 inches. Clara Evans was the highest freshman jumper clearing 4 feet 5 inches. Evelyn Glenn jumped 4 feet 4 inches.

The freshmen made 97 points on the rope climbing and the sophs 93 points. Miss Gladys Hartley and Miss Ivaloo Bickle freshman, both climbed to the top of the ropes. Miss Bertha Gwinn and Miss Christine Cool, sophomores, also climbed to the top. A number of other girls of both classes climbed over half.

The relay race given last, was won by the freshman. Ten points were given to the winning team. Ten girls ran one lap. The time per lap of the winning relay team was 18 4-5, 17 3-5, 18 1-5, 18 2-5, 17, 16, 17, 16, 18, and 16.

AGGIE BREAKS WORLD'S RECORD

Gallagher Beat Former Time in 50-Yard Low Hurdles

An Aggie has broken a world's record. At least that is the way things look at present. Cliff Gallagher in the recent K. C. A. C. track meet ran the hurdles in record time. At the time of the meet no one seemed to know just what the record for this event was.

The Kansas City Star and other prominent papers gave the Aggie speedster credit for having run a good race but they seemed to fail to note that the record for the 50 yard low hurdles in an indoor meet was held, according to A. A. U. records, by Bob Simpson of Missouri with the time of 5 4-5 seconds. Gallagher ran the race in 5 3-5 seconds, one fifth of a second faster than the Missouri hurdler.

Two years ago Simpson established the world's record in that event over three hurdles and last Saturday Gallagher beat the record and in addition cleared one more hurdle than did the former champion.

The title to the record has not yet been awarded to the Aggie but Coach Schulz and Coach Clevenger are at present corresponding with the officials of the A. A. U. and are endeavoring to gain for Gallagher the distinction that is due him.

Anderson Tells of Experiences
George E. Anderson of the eighty-third division, a former student, who is spending a few days in Manhattan, has just returned from France. He was stationed in an observation school near Metz, and had many interesting experiences.

Mr. Anderson has accepted a position with a steel company at Shelby, Ohio. While he was in college here he was a member of the Pi Kappa Alpha fraternity.

"The French are the most hospitable people imaginable," said Mr. Anderson, "and certainly treated us royally. Whenever we wanted anything all we had to do was to get chummy with a poilu and he would get it for us if he possibly could."

In speaking of the Germans he said, "Though the Huns were as clever as we were in camouflage and many other things, and fought valiantly most of the time, they were at heart yellow. As long as the odds were with them they were like demons, but as soon as the odds turned they were ever ready to cry 'Kamerad.'"

The Americans showed no respect to the Prussian officers, according to Mr. Anderson. If a doughboy captured an officer, instead of saluting him as the French did, he would dismount the officer, forcing the latter to walk, while he himself rode.

He (watching another couple): "I suppose he feels that he could not live without her."

She: "Yes, and I don't think he'll have a chance to find out that he could."—Boston Transcript.

The late Joseph Choate was master of a wit that flashed like a diamond and stabbed like a stiletto. Nothing verbal could be more delicious than his description of the famous dinners of the New England Society of New York as "those gatherings of an unhappy company of Pilgrims who meet annually at Delmonico's to drown the sorrows and sufferings of their ancestors in the flowing bowl, and to contemplate their own virtues in the mirror of history."

At one of those famous dinners Choate proposed the following toast: "Women, the better half of the Yankee world—at whose tender summons even the stern Pilgrims were ever ready to spring to arms, and without whose aid they could not have achieved the historic title of the Pilgrim Fathers. The Pilgrim Mothers were more devoted martyrs than were the Pilgrim Fathers, because they not only had to bear the same hardships that the Pilgrim Fathers endured, but they had to bear with the Pilgrim Fathers besides."—Musical Leader.

A plumber and a painter were working in the same house. The painter arrived late, and the plumber said to him:

"You're late this morning."

"Yes," said the painter, "I had to stop and have my hair cut."

"You didn't do it on your employer's time, did you?" said the plumber.

"Sure, I did," said the painter; "it grew on his time."—Everybody's Magazine.

Farmer (after the patriot has milked his first cow): "Well, friend, you've learned something you never knew before, hey?"

City Chap: "Verily, brother! I've just learned that the person who says a cow gives milk is a liar! You have to take it away from her!"—Buffalo Express.

Tommy (just off train, with considerable luggage): "Cabby, how much is it for me to Litchford?"

Cabby: "Two shillings, sir."

Tommy: "How much for my luggage?"

Cabby: "Free, sir."

Tommy: "Take the luggage—I'll walk."

—Boston Transcript.

"Well," said the bone-dry worker.

"I guess we've got John Barleycorn on the hip now, sure."

"Well, speakin' for myself," said the unregenerate party, "I've got a little old half-pint of him there."

—Montreal Star.

Mother: "You and Willie have been at the cherries again. I found the stones in your bedroom."

Johnny: "It wasn't me, ma' 'cause I swallowed all the stones of mine."

—Montreal Daily Star.

"This daylight saving scheme is rough on the bashful young fellow who goes courting."

"How so?"

"He hasn't the nerve to drop around until it gets dark, and then it's time to go home."—Louisville Courier-Journal.

"I can't make out daughter's writing. She seems to want something, but I can't just make out what."

"Never mind. Send ten dollars."

"She adds a postscript."

"Send fifteen dollars."

—Louisville Courier-Journal.

Rich Old Aunt: "Robert, I am going to make my will. I think I shall leave you—" (pause).

Nephew (eagerly): "Yes, aunt."

Aunt: "—before long."

—Boston Transcript.

High: "Grumps is sore at the Evening News."

Jinks: "Why?"

High: "He lost fifty dollars in that train hold-up last week, and the News said the bandits got little or nothing."

—Boston Transcript.

Richard: "They say he gave you a black eye."

Robert: "That's the way people exaggerate. I had the eye already."

He merely laid on the color."

—Tit-Bits.

"I see Newpope at the club quite often since his baby came. I thought he was anchored to a home life."

"He was, but at the first squall he began to draw his anchor."

—Boston Transcript.

"Mrs. Haaheigh, my egg is bad again this morning! I cannot possibly eat it."

"Have you tried the other end?"

—Boston Transcript.

CHOOSE SENIOR PLAY SOON

WILL PROVIDE OPPORTUNITY FOR ALL TYPES OF COMEDY ACTING

Tryouts To Be Held Thursday Evening—Sign Up For Tryouts Any Fourth or Fifth Hour

The senior play which is to be given the latter part of May is to be chosen this week.

The play committee have been working hard for the last two weeks reading plays. They have considered plays of all kinds; subtle plays, tragic plays and comic plays but at last it has been decided that the play is to be a comedy. The committee is now trying to make a choice between two or three which they consider the best. Gordon Hamilton is chairman of this committee.

The play is to have a large cast, fifteen at the least. It is to be one which will provide an opportunity for all types of comedy acting.

The tryouts are to be held Thursday evening. The time and the place have not been decided upon but a notice of the time and place will be posted on the bulletin board at the entrance of Anderson hall.

Miss Heizer asks that as many as possible sign up for the tryouts as she wishes to test every senior's acting ability in order that the best possible material may be chosen.

People desiring to sign up for the tryouts may do so any fourth or fifth hour in Miss Heizer's office on the second floor of main hall.

Everyone trying out Thursday night must be prepared to give a short reading or dialogue which will show his special acting ability. Miss Florence Heizer will be one of the judges but the other two have not been decided upon. If possible the dramatic director of Camp Funston will be obtained to act as one of the judges.

As soon as the cast is chosen practice will be started. The play is to be given the latter part of May.

Mrs. Cora G. Lewis, former member of the administration board of K. S. A. C., has been appointed as a delegate to meet the Kansas boys in New York who return from France.

FIRST BASEBALL GAME APRIL 20

Play 41st Infantry at Riley—Return Game Here on 20th

The Aggie baseball team is progressing nicely under the guidance of Coach Clevenger. Saturday a practice game was played in which the team picked as regulars defeated the "subs" 17 to 14. The game was fast and a number of good players were "found."

The first game of the season will be played Friday, April 20, with the 41st Infantry team of Fort Riley. In all probability the game will be played at Fort Riley and the Aggie fans will not have the privilege of witnessing the first game of the season. However, on the following Friday the 27th the same team will play a return game on the Aggie diamond.

The first college game of the season will be played at St. Marys, Tuesday, April 15.

The team is showing up well for the first week of practice. The hitting is good and the fielding especially in the infield is hard to beat. By the time the Aggies are ready to meet their first college opponents they will be going in mid-season form.

A disappointing blow was handed the Aggie coach this week when both Missouri and Nebraska announced that they would have no team this year. Up until the time of this announcement Coach Clevenger had expected to play a series of games with both teams both at home and on their own diamonds. The announcement makes it possible for the Aggies to play more of the Kansas conference teams and gives them a chance to get into Missouri Valley circles.

The first casualty of the season happened Friday night when "Heinie" Hinds suffered a sprained ankle. The injury will keep him out of the first two or three games but the coach hopes that he will be able to get into the college games.

Prof. V. L. Strickland gave an address at a farm bureau organization at Meade, last week.

Notice to School of Agriculture

The "All School of Agriculture" party will be given April 11, on the Country club grounds. The evening will be spent with games, stories, music and other amusements. A campfire and picnic eats will be a feature of the evening.

Don't fail to watch the bulletin board in the hall of the school of agriculture building.

PLAYS FOOTBALL IN FRANCE

Marshall P. Wilder on Team Which Wins A. E. F. Championship

Captain Marshall P. Wilder, a former student here, played on the team which won the football championship of the American Expeditionary Forces in France.

The last game was played at Antuelli France, March 29, when the 89th division of the third army won a victory of 14 to 6 over the 36th division of the first army.

General Pershing witnessed the game, together with Rear Admiral Grayson, personal physician to president Wilson, Lieutenant Hunter L. Liggett, commander of the first army corps, Brigadier General Harry A. Smith, in charge of the civilian affairs in the occupied area of Germany, and Brigadier General F.K. Winn, commander of the 89th division.

Before entering the service Captain Wilder was a junior in the industrial journalism course here.

ATTEND COLLEGE IN FRANCE

40,000 Men May Attend Uncle Sam's University in Beaune

Prof. L. E. Call, head of the department of agronomy, writes from France that his work there "looks better" the nearer he gets to it. He is to teach agronomy in the American army university at Beaune.

Professor Call encloses clippings which describe the university. An article in the Adly Mail of London says:

"The American Army Educational commission arrived and established its headquarters today at Beaune preparatory to the formal opening of the 'university' which has been postponed a week in order to put the buildings in final shape to receive the first rush of 10,000 students from every unit of the American forces in France.

"President Kenyon L. Butterfield, of Massachusetts Agricultural college, is director of the department of agriculture.

"The university is divided into 14 colleges, agriculture, letters and sciences, fine and applied arts, vocations, correspondence, journalism, education, music, citizenship, business, medicine and chemistry, and engineering which includes departments in electrical, civil mechanical and mining engineering.

"There is also a college of cadets—candidates for the United States Military academy at West Point. There are also department in philosophy, psychology, salesmanship, advertising, economics, sociology, public health, hygiene, history, mathematics, books, English, French, chemistry, geography, and instruction of illiterates.

"The university in conjunction with its agricultural college at Allery—a dozen kilometers distance—will form a city larger than its post address of Beaune. When in full operation it will accommodate 40,000 men, housed in nearly 1,000 buildings.

The buildings are semi-permanent structures of brick and concrete of which over 400 will be used for class rooms, laboratories, lecture rooms, and recreation and entertainment halls. The remaining number will be used as dormitories and mess halls.

"One of the largest buildings has been converted into a library, in which there will soon be nearly half a million volumes, furnished by the American Library association, comprising every subject necessary to constitute a university library."

Visit Engineering Department

Representatives of the Moline plow company, the Parlin and Orndorf company, and the International Harvester company visited the farm engineering department last Saturday to inspect the work that was going on and to make arrangements for the loaning of machinery for next year. All expressed themselves as being very much pleased with the prospects and gave assurance of the fullest co-operation along every line in the future.

HIGH SCHOOL MEET MAY 10

STATE HIGH SCHOOL MEET HELD HERE—BEST HIGH SCHOOL TEAMS REPRESENTED

Contestants Must Win First or Second Place in District Meet to Qualify—Twenty or Thirty Schools to Be Represented

Saturday, May 10 is the date set for the state high school athletic association to hold their annual track meet on Ahearn field. On that date between sixty and seventy-five of the state's best athletes will compete for the state honors in track.

It is expected that as usual from twenty to thirty schools will send representatives to this meet. It is not yet known just what schools will send men but as usual a goodly number of young athletes are expected to be in attendance. The rules of the state organization require that, in order to compete in this meet the men shall have won at least one first or one second in some event in the district meets in which the school was represented.

The fifth district meet will be held this year in Clay Center either on April 26 or May 3. Some of the best teams in the state will be represented in this meet including Clay Center, Abilene, Concordia, Marysville, Manhattan, Salina, Belleville, Junction City, Herrington, Frankfort and Solomon. This meet will decide which of the tracksters, from these schools will represent their cities in the state meet, here May 10.

It is expected that the eighth district with Wichita, Newton, and Halstead entered will compete strongly with the first district with Topeka, Holton, Leavenworth and Atchison as representatives in the meet here.

Coach Clevenger hopes to make the meet next year bigger and better in every respect than the meet this year because of the fact that some of the best athletes in the state do not get to attend the district meets in their respective districts, they are not allowed to compete in the state meet here. Coach Clevenger hopes that next year he may be able to give these men the opportunity to enter an invitation meet held perhaps the day before the state meet. The annual invitation meet at Lawrence is often confused with the official state meet held in Manhattan and some of the best athletes in the state do not get the privilege of attending the meet here. It is because of this fact that the coach is desirous of holding the two meets here at the same time.

Vesper Service Wednesday Evening
A candle light vesper service will be held Wednesday evening at seven o'clock in the old chapel.

A feature of the program will be a robed choir of 18 members. Miss Florence Myers will sing some solos and Mrs. L. E. Melchers and Miss Ernestine Bibby will have leading parts in the processional which is being directed by Miss Katherine Kimmel.

The program will be based on the Y. W. C. A. National motto which is "I am come that they might have life and have it more abundantly." This motto will be personified by different characters giving readings, songs, and scriptures.

Every girl is urged to come and bring her friends.

GIRLS!

You are invited to attend the Vesper Services on Wednesday at 7 o'clock at Old Chapel.

"K" SWEATERS TO SEVEN GIRLS

Four Seniors, One Junior and Two Sophs Receive Awards

K. sweaters were given to seven girls Wednesday evening before the athletic carnival. The girls receiving sweaters were Edna Chapin, and Clementine Paddleford, sophomores; Mable Evans, junior; Lucile Heiser, Avis Blain, Clara Higgins, and Gladys Bergler, seniors. Edith Wilson, a former student is also entitled to one.

A girl must have 180 points in order to be entitled to a K. sweater. The girls who have just received sweaters won their points in basket ball, hockey, hikes, perfect attendance, tennis, swimming and by making varsity basket ball and hockey teams.

AGGIE BAND STEPPING HIGH

HAS HAD MANY VARIED EXPERIENCES—PLAYING FOR MINSTREL SHOW LATEST

Also Played for Charlie Chaplin and Other Movie Stars—First to Play Officially for Community Sings—Entertained Royally

The latest stunt of the former K. S. A. C. band that enlisted in June, 1917 and that is now stationed in Quantanamo de Cuba has been to travel with a regimental minstrel show put on by the 7th regiment of the Marines.

At Santiago de Cuba, one of the towns where the show was given, the band was entertained by the governor with a formal dinner and a dance where the boys had an opportunity to enjoy the company of the charming dark-eyed Cuban daughters.

The Aggie band has been in Cuba since last November. Previous to that time they were stationed at Philadelphia where they were sent directly after their enlistment.

The band, which consisted of 28 men, enlisted June 4th, 1917. They then went to Wintrop, Maryland, where 99 per cent of the men qualified as marksmen or better, while on the rifle range. They then returned to Philadelphia and took up their regular routine duty. In the evenings they played at the Y. M. C. A. or at entertainments. It is interesting to note that the Aggie band was the first to officially play for the community sings. Also that they made a record, "Colonel Bogey", for the Victor Talking Machine Co.

While in Philadelphia the boys were the guests of the Musical Art club and a dinner and an opera at the Academy of Music.

Charlie Chaplin, who is a musician as well as a great laugh-getter, opened his Liberty Loan address in Philadelphia by leading the Aggies in a selection. The band also assisted Marguerite Clarke and Douglas Fairbanks in their work for the Liberty Loan drive.

Under the charge of Miss Lillian Russel and Miss Fay Pinkerton, who were recruiting an allied regiment for the Marine Corps, the band made a trip from New York to Pittsburg, Pa. At Buffalo, they were entertained by the Packard Motor Co.

On Nov. 1, 1918, they received orders to be ready to sail. They left Philadelphia on Nov. 3, on the transport Henderson, and went to Quantanamo de Cuba, where they were still receiving intensive over-seas training when the armistice was signed.

Before going to Cuba the band was enlarged to 35 pieces and put under the direction of Mr. C. A. Peacock of Stafford, Kansas. Although the band has kept most of the original personnel, two or three of the members have been transferred to other companies since their enlistment. Mr. Frank Dale was sent to a second officer's training camp and at the close of the war was a second lieutenant under Captain Skinner, also a graduate of Kansas State, and captain of the football team in 1917.

Mr. John S. Gullledge and Mr. W. H. McClure went to marine officer's training camp at Quantico, Va. Mr. Gullledge has since returned to K. S. A. C. and is now enrolled in school here. Since leaving Manhattan, three members of the band have been married. Mr. Lester Bonnett and Mr. Frank Dale married Philadelphia girls and Mr. C. A. Peacock married a girl from Kansas.

Since the completion of their tour with the regimental Minstrel show, they have been stationed at Quantanamo de Cuba.

Dean Farrell Speaks to Tri-K Men

Dean Farrell will speak to the members of the Tri-K fraternity this evening in Professor Call's office at eight o'clock. Visitors are welcome.

R. E. Wiseman, formerly an instructor in Farm machinery here, was visiting at the college Saturday. For the last two years he has been a machinist in the aviation, and is now stationed at Kelley Field No. 2, San Antonio, Texas.

George Gamel of the extension department addressed a parent teachers association at Claybourne, last Friday.

Doctor McCampbell Attends Sale.

Dr. C. W. McCampbell returned Monday from a trip to Kansas City, Coffeyville, and Eldorado. He attended the Central Shorthorn sale at Kansas City, conducted a high school students' stock judging contest at Coffeyville, and on his way back to Manhattan visited at the Robert H. Hazlett ranch near Eldorado. Mr. Hazlett is a Hereford breeder.

STUDENT DIRECTORY PLANNED

Will Be Published by College Instead of By Students as Formerly

Plans for a students' directory are now being made by a special committee appointed by President Jardine. Unlike the Students' Handbook, formerly put out by the students, this is to be published by the college.

Miss Machir, registrar of the college, is to supervise the work. In order that the committee which is to decide upon the forms and contents of the book, may have the benefit of the experience of others, Miss Machir has sent to numerous schools for copies of the directories published by them.

"Our aim is to embody the best features found in the books of other colleges in the K. S. A. C. directory, and at the same time adapt it to conditions here," said Miss Machir.

The directory, which is always of unusual help to new students, will not be published until next fall. Nor will the committee complete definite plans for it until this summer.

AGGIE GRAD IN ARMY Y. M. WORK

Wallace D. Hutchinson Tells of Experiences in France

Sergeant Wallace D. Hutchinson, who was graduated in industrial journalism in 1915, writes of some of his experiences at St. Nazaire, France:

"Yesterday we made a trip to Le Baule and went on a sightseeing tour of that country. We visited five little French towns, and went through a palace once occupied by the Duke of Normandy. It was a very beautiful place, had the high wall around it, the original moat with water in it, and the same old drawbridge they used to pull up when an enemy came to enter the walled castle. The grounds are preserved like they were when the Duke lived there. The grass is always green, the trees were in full leaf, and the roses in bloom.

"From Le Baule we went to the little fishery town of Le Croisic, where all the ships used to land before the days of steamships. It is a quaint old town with its fishing schooners lying in the harbors so peaceful and quiet. The old crumbled houses that are from 500 to 800 years old still remain and the houses have thatched roofs and mud floors. In many places in France gardens are raised on the roofs of the houses.

"Next Saturday I leave for Paris and Belgium. We are going to take in Paris, Brussels, and many of the battle fields. We will be in Paris the same time President Wilson is to be there, and expect to see him if we can. From there we will visit Versailles where the treaty is to be signed.

"I have been directing the men inside the Red Cross and Y. M. C. A. buildings. Each man that goes on the ship is served with cocoa, sandwiches, two bars of Hershey chocolate six packages of cigarettes, and a pack of gum. The Red Cross serves only to the sick and wounded, while the Y. M. C. A. serves to the well men who march through the building, receive their gift, then out onto the gang plank, and then they are bound for home.

"I love the work we are in. It is exciting and we are doing good for the cause we were sent over to help. We see some sad sights but the boys all have a smile for they know they are going home. The Red Cross nurses are wonderful to the boys, giving them any kind of aid they want. Our experiences have made us all stronger and better soldiers."

Ensign Lee Haggart, 18, is here on a furlough. He was in France a short time. The ship on which he came back to America, contained 85,000 German helmets. These helmets are still wrapped in paper just as they came from the factory and have never been worn by the Germans. President Wilson bought the lot for a dollar and they are to be used in the Liberty Campaign.

BEGIN TENNIS PRACTICE

SIX COURTS READY FOR THOSE WHO CARE TO PLAY THE GAME

Women's Department Arranges to Conduct Regular Classes in Tennis As Part of Regular Work

The whiz of tennis balls and the ringing thud of rackets will soon be heard on the tennis courts west of the gymnasium. Today the courts will be finished and ready for the first of the followers of this sort of sport. The women's department of physical education has arranged to conduct regular classes in tennis as a part of their regular gymnasium work. However, it is expected that there will be many that will be crawling out of bed at five A. M. to play before the sun comes up.

There will be plenty of room for all that desire to play the game on the six courts. Nets will be available in the office at any time.

The department of physical education has arranged to give instruction to all who desire it. There will be some one in the office at all times who is ready and willing to teach the beginner and they urge all that can to avail themselves of the opportunity of learning the game. It is only necessary to arrange a time that is suitable with both the student and the instructor.

Later in the season tournaments will be arranged for the college students and the faculty. There will be tournaments for men, for women, and mixed tournaments. Everyone will be given the chance to win the title of "champ" in his or her particular division. A tournament for beginners is contemplated.

As has been the custom in former years the business men of the town have offered medals to winners in the tournaments. E. L. Askren, Palace Drug Company and Elmer Kittell have each offered medals for this purpose. This offer is expected to stimulate more interest in these tournaments.

All of the old Aggie tennis "sharks" are gone now and there is a great opportunity open to the young hopeful to excel in this very exciting and entertaining sport with only a certain amount of practice.

Y. M. REORGANIZED ON NEW BASIS

An All-College Association—Y. Hut Used as Temporary Center

The college Y. M. C. A. which was replaced last fall by the army Y. M. C. A., will again take up its work, organized on an entirely new basis. It is to be an all-college men's association.

A committee from the faculty is considering applications for secretary. He is to be a man of exceptional ability as a leader and organizer. His office will be on the campus.

The old building on the corner of Fremont and Eleventh streets will remain a rooming house and have no connection with the new Y. M. C. A. It was built in 1907. At that time it was the center of the student life. Since then the student center has moved west of the park and the building no longer fills the student need.

The Y. hut will continue to be used as a Y. M. C. A. center until a better place can be located.

The members of the cabinet for the coming year are: Floyd Hawkins, president; Raymond Plyly, vice-president; Walter Gardner, recording secretary; C. N. Smith, Donald Murphy, and V. S. Crippen, members of the board, are Lindley Binford, I. F. Gatz, Lester Gfeller, G. W. Hinds, R. W. Hixon, Ray Knox, M. P. Schaefer, and A. N. Waters.

Prof. L. E. Conrad's class in irrigation and drainage inspected the power plant at Rocky Ford. Those who went were C. E. Beckett, T. W. Bigger, J. F. Grady, L. R. Miller, and A. F. Swanson.

F. C. Lewis a former graduate of the engineering department is now in charge of the farm engineering work at Purdue university, Indiana. He is preparing a thesis for a professional degree in agriculture engineering.

A. F. Turner, assistant county agent attended a farm bureau board meeting today in Clay Center.

CHOOSE SENIOR PLAY SOON

WILL PROVIDE OPPORTUNITY FOR ALL TYPES OF COMEDY ACTING

Tryouts To Be Held Thursday Evening—Sign Up For Tryouts Any Fourth or Fifth Hour

The senior play which is to be given the latter part of May is to be chosen this week.

The play committee have been working hard for the last two weeks reading plays. They have considered plays of all kinds; subtle plays, tragic plays and comic plays but at last it has been decided that the play is to be a comedy. The committee is now trying to make a choice between two or three which they consider the best. Gordon Hamilton is chairman of this committee.

The play is to have a large cast, fifteen at the least. It is to be one which will provide an opportunity for all types of comedy acting.

The tryouts are to be held Thursday evening. The time and the place have not been decided upon but a notice of the time and place will be posted on the bulletin board at the entrance of Anderson hall.

Miss Heizer asks that as many as possible sign up for the tryouts as she wishes to test every senior's acting ability in order that the best possible material may be chosen.

People desiring to sign up for the tryouts may do so any fourth or fifth hour in Miss Heizer's office on the second floor of main hall.

Everyone trying out Thursday night must be prepared to give a short reading or dialogue which will show his special acting ability. Miss Florence Heizer will be one of the judges but the other two have not been decided upon. If possible the dramatic director of Camp Funston will be obtained to act as one of the judges.

As soon as the cast is chosen practice will be started. The play is to be given the latter part of May.

Mrs. Cora G. Lewis, former member of the administration board of K. S. A. C., has been appointed as a delegate to meet the Kansas boys in New York who return from France.

FIRST BASEBALL GAME APRIL 20

Play 41st Infantry at Riley—Return Game Here on 20th

The Aggie baseball team is progressing nicely under the guidance of Coach Clevenger. Saturday a practice game was played in which the team picked as regulars defeated the "subs" 17 to 14. The game was fast and a number of good players were "found."

The first game of the season will be played Friday, April 20, with the 41st Infantry team of Fort Riley. In all probability the game will be played at Fort Riley and the Aggie fans will not have the privilege of witnessing the first game of the season. However, on the following Friday the 27th the same team will play a return game on the Aggie diamond.

The first college game of the season will be played at St. Marys, Tuesday, April 15.

The team is showing up well for the first week of practice. The hitting is good and the fielding especially in the infield is hard to beat. By the time the Aggies are ready to meet their first college opponents they will be going in mid-season form.

A disappointing blow was handed the Aggie coach this week when both Missouri and Nebraska announced that they would have no team this year. Up until the time of this announcement Coach Clevenger had expected to play a series of games with both teams both at home and on their own diamonds. The announcement makes it possible for the Aggies to play more of the Kansas conference teams and gives them a chance to get into Missouri Valley circles.

The first casualty of the season happened Friday night when "Heinie" Hinds suffered a sprained ankle. The injury will keep him out of the first two or three games but the coach hopes that he will be able to get into the college games.

Prof. V. L. Strickland gave an address at a farm bureau organization at Meade, last week.

Notice to School of Agriculture
The "All School of Agriculture" party will be given April 11, on the Country club grounds. The evening will be spent with games, stories, music and other amusements. A camp-fire and picnic eats will be a feature of the evening.

Don't fail to watch the bulletin board in the hall of the school of agriculture building.

PLAYS FOOTBALL IN FRANCE

Marshall P. Wilder on Team Which Wins A. E. F. Championship

Captain Marshall P. Wilder, a former student here, played on the team which won the football championship of the American Expeditionary Forces in France.

The last game was played at Anteuil France, March 29, when the 89th division of the third army won a victory of 14 to 6 over the 36th division of the first army.

General Pershing witnessed the game, together with Rear Admiral Grayson, personal physician to president Wilson, Lieutenant Hunter L. Liggett, commander of the first army corps, Brigadier General Harry A. Smith, in charge of the civilian affairs in the occupied area of Germany, and Brigadier General F.K. Winn, commander of the 89th division.

Before entering the service Captain Wilder was a junior in the industrial journalism course here.

ATTEND COLLEGE IN FRANCE

40,000 Men May Attend Uncle Sam's University in Beaune

Prof. L. E. Call, head of the department of agronomy, writes from France that his work there "looks better" the nearer he gets to it. He is to teach agronomy in the American army university at Beaune.

Professor Call encloses clippings which describe the university. An article in the Adly Mail of London says:

"The American Army Educational Commission arrived and established its headquarters today at Beaune preparatory to the formal opening of the 'university' which has been postponed a week in order to put the buildings in final shape to receive the first rush of 10,000 students from every unit of the American forces in France."

"President Kenyon L. Butterfield, of Massachusetts Agricultural college, is director of the department of agriculture."

"The university is divided into 14 colleges: agriculture, letters and sciences, fine and applied arts, vocations, correspondence, journalism, education, music, citizenship, business, medicine and chemistry, and engineering which includes departments in electrical, civil mechanical and mining engineering."

"There is also a college of cadets—candidates for the United States Military academy at West Point. There are also department in philosophy, psychology, salesmanship, advertising, economics, sociology, public health, hygiene, history, mathematics, books, English, French, chemistry, geography, and instruction of illiterates."

"The university in conjunction with its agricultural college at Allery—a dozen kilometers distance—will form a city larger than its post address of Beaune. When in full operation it will accommodate 40,000 men, housed in nearly 1,000 buildings. The buildings are semi-permanent structures of brick and concrete of which over 400 will be used for class rooms, laboratories, lecture rooms, and recreation and entertainment halls. The remaining number will be used as dormitories and mess halls."

"One of the largest buildings has been converted into a library, in which there will soon be nearly half a million volumes, furnished by the American Library association, comprising every subject necessary to constitute a university library."

Visit Engineering Department.

BEGIN TENNIS PRACTICE

SIX COURTS READY FOR THOSE WHO CARE TO PLAY THE GAME

Women's Department Arranges to Conduct Regular Classes in Tennis As Part of Regular Work

The whiz of tennis balls and the ringing thud of rackets will soon be heard on the tennis courts west of the gymnasium. Today the courts will be finished and ready for the first of the followers of this sort of sport. The women's department of physical education has arranged to conduct regular classes in tennis as a part of their regular gymnasium work. However, it is expected that there will be many that will be crawling out of bed at five A. M. to play before the sun comes up.

There will be plenty of room for all that desire to play the game on the six courts. Nets will be available in the office at any time.

The department of physical education has arranged to give instruction to all who desire it. There will be some one in the office at all times who is ready and willing to teach the beginner and they urge all that can to avail themselves of the opportunity of learning the game. It is only necessary to arrange a time that is suitable with both the student and the instructor.

Later in the season tournaments will be arranged for the college students and the faculty. There will be tournaments for men, for women, and mixed tournaments. Everyone will be given the chance to win the title of "champ" in his or her particular division. A tournament for beginners is contemplated.

As has been the custom in former years the business men of the town have offered medals to winners in the tournaments. E. L. Askren, Palace Drug Company and Elmer Kittell have each offered medals for this purpose. This offer is expected to stimulate more interest in these tournaments.

All of the old Aggie tennis "sharks" are gone now and there is a great opportunity open to the young hopeful to excel in this very exciting and entertaining sport with only a certain amount of practice.

Y. M. REORGANIZED ON NEW BASIS

An All-College Association—Y. Hut Used as Temporary Center

The college Y. M. C. A. which was replaced last fall by the army Y. M. C. A., will again take up its work, organized on an entirely new basis. It is to be an all-college men's association.

A committee from the faculty is considering applications for secretary. He is to be a man of exceptional ability as a leader and organizer. His office will be on the campus.

The old building on the corner of Fremont and Eleventh streets will remain a rooming house and have no connection with the new Y. M. C. A. It was built in 1907. At that time it was the center of the student life. Since then the student center has moved west of the park and the building no longer fills the student need.

The Y. hut will continue to be used as a Y. M. C. A. center until a better place can be located.

The members of the cabinet for the coming year are: Floyd Hawkins, president; Raymond Pily, vice-president; Walter Gardner, recording secretary; C. N. Smith, Donald Murphy, and V. S. Crippen, members of the board, are Lindley Binford, I. F. Gatz, Lester Gfeller, G. W. Hinds, R. W. Hixon, Ray Knox, M. P. Schaegele, and A. N. Waters.

Prof. L. E. Conrad's class in irrigation and drainage inspected the power plant at Rocky Ford. Those who went were C. E. Beckett, T. W. Bigger, J. F. Grady, L. R. Miller, and A. F. Swanson.

F. C. Lewis a former graduate of the engineering department is now in charge of the farm engineering work at Purdue university, Indiana. He is preparing a thesis for a professional degree in agriculture engineering.

A. F. Turner, assistant county agent attended a farm bureau board meeting today in Clay Center.

CAN A GIRL BE ON TIME?

Girls are proverbial "late dressers." Is there any reason why they should be? Boys are every bit as rushed for time. From an afternoon date they dash to the barber shop, then line up at the house for bath tub privileges, and later flock down to dinner half dressed. After dinner they have their hair to comb, shoes to shine, suit to brush, necktie to wrestle with, and the selection of a suitably tinted silk handkerchief to bother them. Nor is that all. They often have from eight to ten blocks to walk before they arrive at the place where their date stays.

Do you think that the girl is usually ready? Any boy would answer with an emphatic "No." After he has rushed himself breathless, forgetting even to read his afternoon mail, he finds that he is doomed to wait in a big lonesome parlor, while his girl friend leisurely dresses herself. She usually dallies around upstairs to glance at the evening paper, re-read letters, or write an important note. Some times she completely forgets that her date is below until she is gently reminded by some of her girl friends.

Is that characteristic in girls commendable? Are they treating the boys square? To find a girl who will always be on time is the dream of more than one boy.

STOP TO THINK TWICE

Stop and think twice before you call anyone a grind. A grind you know, is a bore—a frightful bore—and is not capable of being energetic, entertaining, or enterprising.

But there are many students who, at first thought, appear to be grinds. It may be that one of them eats at the same table with you, rooms on the same floor with you, or works chemistry across the aisle. Before you call them grinds try an experiment. Become friendly with them and learn what their ambitions are, and why they are forced to work so hard, to wear shabby clothes, and keep to themselves so much.

Nine times out of ten you will find that they are ambitious, limited financially, and more alive to their opportunities than you are. Those students that receive regular checks from home, have good clothes to wear, and are free from responsibilities, little realize, that though they have a horror of grinds, they would do well to copy them in some respects. And after all, the grind often turns out to be a great success long after you have sunk into oblivion.

Just two-thirds of the presidents of the United States have been college men. Though more numerous than ever before, college graduates even now constitute less than 1 per cent of the population, according to Prof. Alfred Westfall.—Kansas Industrialist.

How Dialects Are Formed

Dialects of variation in spoken languages are the result of peculiarities of speech, first involuntarily adopted by individuals and then perpetuated and extended by the unconscious imitation of others. They are not premeditated or assignable to any definite cause, except the constant tendency of language to become diversified. The same causes that have produced different languages among different nations tend to produce dialectic variations in the language of every nation. The results are apparent, but the cause cannot be defined.—Indianapolis News.

No Place for Willie Then

Willie—Paw, where are all the talking machines made?

Paw—They are not made, my son. Some of them are born.

Maw—Willie, you get to bed.—Kansas City Star.

"Charley, dear," said young Mrs. Torkins in a tone that was kind but firm, "did you tell me you were up late last night with a sick friend?"

"Yes."

"What made your friend feel sick? Was he a heavy loser?"

—Washington Item.

STUDENT MIND

Dear Editor:

If I could swat the college pests which are the most disagreeable to the sororities I would swat these night owls who have nothing to do in the wee hours but swipe greek letters from the various sorority houses.

These pests should be swatted with a good thick board about 12 inches wide and any convenient length. Of course Greek letters are good looking and perhaps they do make excellent paper weights and wall decorations for the frat house; but we think it is pretty poor for the Aggie frats to decorate their rooms at the sororities' expense.

A sorority has uses for its money other than buying a sign every two weeks in order that some poor chump may amuse himself making away with it. If it is absolutely necessary for the poor things to take these midnight gambols we wish that they would confine their evening pastime to posters and billboards.

Some of the sororities are now having their signs wired with electricity. It is just as a word of warning that we advise the night prowlers to wear insulated gloves, on their next trip. Otherwise greek letters may lose their charm.

LAURA L.

Dear Editor:

When is the May Festival to happen? No announcement of the date set has been made as yet. Just a question. Why couldn't this May Fete be held on the tenth of May when the high school athletes are here for their annual track meet? Is the question of entertainment for these men a question for the Student Council to decide or is it for the Student Affairs committee? Let's get something started and entertain these men right. Dances and so forth are all right but the average high school youth enjoys something more exciting than a dance.

THE SOUL OF A MORON.

Have you a lavender soul,
Or a sky blue pink soul,
Or one that is carmine or cerise
Or dapple gray or heliotrope?
It is an important question,
For you must tune up
Your surrounding to
Match your soul.
So says a prominent decorator.
If you have a mauve soul and you
Live in a house with blue blinds
You are all out of luck.
And not hitting on all cylinders—
Out of tune with the infinite.
If you have a violet soul
And spill orange marmalade
Upon your checkered vest
You are beyond the realms of the aesthetic.

If you have red hair
And the brush and comb set in pale blue
The result is the same.
Tune up your surroundings.
But you can't always do that.
Last night we walked home
With a man who was carrying
A large, dull red, porterhouse steak
And our soul was green—
And our codfish didn't taste right
That evening.

—Columbia Spectator.

Correct

Teacher—You have drawn a very good map, James, but you have left out Germany.

James: "Yes, I made it for my little sister. She won't be taking Geography until next year." —The Northern Central News.

Saving a Nickel.

A man who works in New York, but lives in Brooklyn, has been lecturing his wife on the gentle art of saving, and she after deep pondering, advanced a really bright idea.

Quite often the husband was not able to get home in time for dinner at night. He told his wife that he would telephone her every day as to whether he could leave the office or not. Mrs. Benson was of a very thrifty disposition and the following was her solution of the problem:

"Sam, if you find that you can't be home for dinner, telephone me at exactly 6 o'clock. If the telephone rings at that hour I'll know it is you and that you are not coming for dinner. I won't answer it and you'll save your nickel." —Pittsburgh Chronicle-Telegraph.

Sure!—Bobby, said the minister to a little fellow aged six, "I hear you are going to school now."

"Yes, sir," was the reply.

"What part of it do you like best?"

"Comin' home," was the prompt answer.—Boys' Life.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

LOOK INTO THIS

Percy Atkins: "Oh, I say! This committee on Student Affairs certainly does take a fella' by surprise. By Jove! It is positively explosive! It has exploded several of my pet theories on dancing."

Is Jolly Hard?

Alice: I want to learn to make jolly. Is it hard?

Mable: Oh, my no! It's soft.

A Splendid Opportunity, Girls!

F. Boyd says that when he gets married he will get his wife a wash tub and give her half the profits!

Audacity.

In describing a blast furnace, a student in chemistry had the temerity to state that "hot heat passed through perforated holes."

Editor's Sighs

Sighs of Editor's are a reminder That their lines are not sublime: They have to work like thunder To get the copy out on time.

Leader.

The Poor Fish

Mid-term quiz time now is here. The saddest time of all the year, Except when finals come, alas! I, poor fish, do seldom pass.

—Jenny Juniper.

Keep the Missionaries at Home

Before tight skirts came into fashion we sent missionaries to China to see that the feet of the little Chinese children were unbound so that they could walk.

Pull Your Shades Down!

Bathing is a most exemplary and praiseworthy practice, but gentlemen in fraternity houses should keep their curtains drawn while performing the sacred rite.

Speaking of Profanity!

"Speaking of profanity," says Ellen Jones, "What makes my hair just curl, is the cute, awfully good looking, darling, exquisite, delightful, keen, stunning, wonderful professor somebody has."

No Evidence

Professor Davis: "Can you explain, Miss Rowles, why you did so poorly on this test?"

Miss Rowles: "The only explanation I can give is that I lost my head."

Professor Davis: "Well, there's certainly no evidence of head on this paper."

Professor Out Late

Don't you think that some of the young college professors are setting a bad example to the students by hiking regularly every Sunday to Wild Cat? Of course, if they must hike it would be advisable that they would at least keep an 11:30 date rules, especially when its raining.

Spring Has Come!

Should all other signs of spring have failed, the uncontrovertible sign has appeared. The offices of the Journalism department are all turned about and inside out, the tables decked out in new blotters, and the shelves all neatly piled, showing that house cleaning has "done been and passed."

The Sad Co-Ed

Sad is the shy co-ed,
Pride rules her dress.

She purchased new slippers
Which do her corns press.

Editorial note: The limp in the last line of the foregoing poem is intended to conform to the modern idea that rhythm should accord with the thought.

Wished for Umbrella

An Aggie senior bride who has not permitted herself a single party since her husband went to France, decided to "take in" the senior picnic. She admits that she danced a hole thru her shoe soles, but she had no compensations of conscience until her father appeared on the scene just as she was drinking pink lemonade with two senior boys. Then she wished for an umbrella.

These father and son banquets are a great improvement on the conferences the two used to have in the woodshed.—St. Joseph Gazette.

Fresh Rules

At Colorado

State College

The following declaration is taken from the Rocky Mountain Collegian of March 20 and is self explanatory. Freshmen—Hooting, howling, hard-headed horde—read, head and obey laws and commands of your masters. The Sophomores (Class 2.)

1. Caps of the greenest hue shall adorn that thotless, tactless, top of your tiny think-tank at all times except Sunday, from April 1, 1919, until you board the train in June on your journey home to mother.

2. Appear not upon the sacred campus with childish emblems of your pre-educational institutions. Heed that your cap and modesty will be adornments enuf with which you may decorate yourself.

3. Close your clattering, chattering, clockwork hashtaps when you enter upon the campus, and if bound for chapel, tarry not in the sacred triangle in front of Main, but make due haste for your sun parlor in the south of the chapel that the frail, flittering life in your body may flourish.

4. Never attempt to adorn a seat while an upperclassman stands. Trash bins are to be found at the rear of all buildings.

5. Remember that night belongs to upperclassmen, and after the curfew rings make yourself conspicuous by your absence, or your fellow men will have trouble in locating you.

6. Peddle not on any cyclic conveyance upon our beautiful campus and remember that the sidewalks are for those who are civilized and cultured, and that all rough, ruffless, roughneck rowdies as those of '22 take the roads.

7. Forget not that the grass of our campus is to be beautify the surroundings and not to act as a cushion for those miserable, unproportioned appendages of yours, called feet.

8. Clamartize yourself when in the presence of the fair sex, and beware that your ignorance never makes itself visible, or you will be a member of the "Tell No Tales" club.

9. Remember to never let your hard, helpless hands hang heavily to the handle of a paint brush with which you intend to emblazen your numerals or other signs on the conspicuous objects of the campus, or your poor anatomy, and the covering of such, shall serve as the eraser to remove the same.

10. It is true that you have sinned, and that you have been forgiven but from now on, obey what you have read, and make it your avowed intention to never misstep again, or the knot on the proximal end of your shoulders will be roughly untied.

Read these laws 21 times and remember that you will be dictated to, and you shall not dictate, for if you insist—

The grass that decorates our country fair

Will be disturbed by new made mounds

That represent the bodies of our wilful Frosh

Who then will be peacefully lying there.

REMEMBER "2" REMEMBER.

Deans Keep Records of Personality and Character

If students only realized that a complete record of their personality and character is being kept on file in their dean's office, they might watch their step more carefully, according to one K. S. A. C. professor.

"You would be astonished if you knew what detailed information concerning your work and deportment was on file," said the professor.

"Every instructor is required to fill out a blank, giving his personal opinion of each student, as regards their personality, initiative, ability, attitude towards their work, and general faults. These are only a few of the things catalogued.

"By the time a student graduates, he has a whole raft of information filed to his credit. Is it to his disadvantage or his advantage? That depends. The reputation he has built in the classroom often decides whether the school recommends him for a job or not. Many students have lost chances at good jobs due to unfavorable reports, while others have stepped into fine positions immediately upon leaving school."

Explanation

"How do you account for comets and meteors?" inquired the girl who wanted to seem scientific.

"Now and then," replied the professor who wanted to seem frivolous, "the music of the spheres attempts a little jazz."—Washington Star.

When Is a Man a Man?

(As seen by a H. S. student.)

When is a man a man? The question is often asked in many a round-table discussions by MEN and even by those who have not—by some misfortune or other—the privilege of being classed as such.

But, honest now, when is a man a man? Is he a man when he discards the knee pants and puts on long breeches, with a convincing thought that he is now a man? Or is he a man when he can puff through his nose? Or is a man a man when he can indulge in gambling and other vices? No! He is about as far from being a man as the Kaiser is from heaven.

Yet there is many a fool that thinks that way and for these fools there is only pity for they have blindly chosen the wrong path. They do not know that a man is a man only when he is a man—when he can overcome his difficulties and laugh at the world—when he can face his fellow men without a quiver—when he can look upon the other sex and consider them equal to his own—and when he can shout to the world that he is glad that his hard and honest toil has gained him his livelihood! The fools do not know that he has chosen the right path and can now consider himself a man.—The Manualite.

Till He Comes Home

Little gray cottage nestling there
Where the road turns to the sea,
Resting a moment from former care
And dreaming of days to be;

Dear little house of the many scars
By childish fingers made—
Watched over by sun and stars,
Wrapped in the woodbine shade—
Dream, wee home, till the wand-rer come,

Till a hand shall turn the key
And the walls shall echo the gentle hum

Of the voices yet to be
Hidden away at the turn of the read,
In a corner all alone

Beckon and point like a guiding lode
Till the absent returns to his own.
—R. E. in the Tiger.

The Soldier's Chance

He stopped one day at the office—
A fellow haggard and tall,
And asked if a place were vacant
For clerical work—that's all.

Of course I was awfully sorry,
That at present things were slow
But he only smiled and thanked me,
And then as he turned to go

I noticed an arm was missing,
And said—with a different glance—
"How did it happen?"—he answered—
"Out in the Fields of France."

My hand went up to his shoulder,
Yet he didn't show surprise,
At my sudden change of feeling,
Or the tears that filled my eyes.

You bet I could find him something,
And give him a Soldier's Chance—
For a boy of mine was lying
Out in the Fields of France.

—Nan Terrell Reed in Leslie's Weekly.

Nor deem the irrevocable Past
As wholly wasted, wholly vain,
If, rising on its wrecks, at last
To something nobler we attain.

Longfellow.

Mary Louise K.: "What killed your parrot?"

Carrol B.: "He tried to outtalk the phonograph."

In College Society

Shamrock Formal

The Shamrock fraternity gave its annual spring formal party Friday evening, April 4 at the Elk's hall.

Potted plants, ferns, and evergreen trees were used in carrying out a garden effect in the hall decorations. In the center of the room was an embankment of potted plants and ferns, over which hung a large chandelier which furnished the light for the hall. The orchestra pit was arranged with evergreens and palms. The hall was hung with green and white paper festoons. Over the entrance was a large Shamrock pin which furnished the light for a number of moonlight dances. Sorority skins were also used for wall decorations. In the rooms bowls of red and white carnations carried out the decorations. The music was furnished by Kuhn's four piece orchestra from Kansas City.

Refreshments of fruit punch was served during the evening.

The chaperones were Professor and Mrs. A. M. Doerner. The out of town guests were Mrs. Don Lang and Mr. Dayton Young of Lawrence, Mr. C. O. Braden of Paola, Mr. Carl Vermillion of Tescott, and Mr. H. W. Jones of Arkansas City.

After the dance the party was served with a five course banquet at the Rex Roy. Covers were placed for sixty guests.

Favors of silver dories mounted with the fraternity crest were given to the ladies.

Alpha Theta Chi

The Alpha Theta Chi fraternity announces the initiation of Mr. E. D. McCullom of Bogard, Mo., sophomore in agriculture; Mr. Paul Kovar of Kansas City, Mo., freshman in engineering, and Mr. Wilbur Wilcox, junior in general science.

Mr. V. E. Kovar of Kansas City was a week end guest of his son Mr. Paul Kovar.

Prof. and Mrs. Harry Simmons were dinner guests Sunday.

Shamrock

Mr. Rex Gipprey was a dinner guest at the Shamrock house Thursday evening.

Mr. H. W. Jones who was in school last semester was a week end guest at the house.

Mr. Carl Vermillion, recently discharged from the army at Camp Funston, was a week end guest at the house.

Sigma Phi Delta

Mr. L. E. Johnson of Bethany college was a guest of Mr. T. L. Swenson this week.

Mr. A. J. Hilton visited here Tuesday.

Mr. Gordon Hamilton spent the week end at his home in Salina.

Mr. F. L. Hall was a week end visitor in Topeka.

Basket Ball Feed

The girls of the various basket ball class teams had their annual basket ball feed Thursday evening between six and eight in the Nichols gymnasium. After the feed of sandwiches, baked beans and ice cream the girls had a basket ball game between the brunettes and the blondes. The remainder of the evening was spent in dancing and playing games.

During the evening the names of the girls which had been chosen for the varsity basket ball team were announced as follows: forwards, Miss Florence Banker, Miss Eve Gwinn, Miss Clara Evans; guards, Miss Gladys Bergier, Miss Jo Weldrum and Miss Clementine Paddleford; jumping centers, Miss Minnie Norlin, Miss Ruth Gormley; second centers, Miss Bertha Gwinn and Miss Irene Drake.

Pan Hellenic Dance

The men's freshmen Pan-Hellenic council gave their annual spring dance Friday evening, April 4, at Harrison's hall. The colors of all the fraternities represented were displayed by means of colored streamers suspended from the ceiling to the walls. Maupin's five piece orchestra furnished the music.

The chaperones were Mr. and Mrs. Z. G. Clevenger and Prof. and Mrs. A. M. Patterson.

Sixty couples were present.

Axtex

The Axtex fraternity announce the pledging of F. D. Farrell, dean of agriculture, and Edward Miller of Washington. Mr. Miller is a freshman in electrical engineering.

Mr. Clarence Browning and Mr. Walter Gardner made a business trip to Topeka Friday.

Mr. Sheridan Spangler, Mr. Ray Kellogg, Mr. Everett Powell, and Mr. Jack Evans spent the week end in Abilene visiting friends.

Miss Alphe Christman of Wichita, was a Sunday dinner guest at the house.

Mr. O. B. Burtis of Clay Center was a Saturday and Sunday guest at the house.

Delta Zeta

Miss Ethel Rop spent the week end at her home in Wakefield.

Miss Leah McIntyre spent the week end with her parents in Topeka.

Mrs. James Keys of Beloit was the guest of the Delta Zeta house mother, Mrs. C. E. Sullenberger, over the week end.

Delta Delta Delta

Miss Elizabeth Burgner returned on Thursday from a visit at her home in Burlington.

Miss Grace Ratliff spent the week end at the Tri Delta house.

The members of the Eight Week club met Wednesday at five o'clock to discuss plans for the summer clubs.

Sigma Phi Epsilon

Professor and Mrs. H. W. Davis and daughter, Miss Helen Louise, Miss Grace Hesse and Miss Ethel Jones, were Sunday dinner guests at the house.

Lieutenant R. E. Vermette of Camp Funston was a dinner guest on Friday evening.

Mr. Paul Fetzer spent Saturday in Topeka.

Mr. Siebert Fairman spent last Friday in Baldwin, where he went as a member with the inter-collegiate debate team.

Mr. Morse Salisbury who has been out of school for some time on account of illness, is again able to attend classes.

Prof. Cecil Baker of the architecture department was a Friday evening dinner guest.

Mr. Raymond C. Nichols has withdrawn from school and will return to his home at Buffalo. Mr. Nichols was forced to leave school on account of his eyes.

Mr. Jack Hill spent the week end at his home in Leocompton.

Alpha Delta Pi

The Alpha Delta Pi sorority entertained for the Alpha Psi and Acacia fraternities Saturday afternoon between four and five o'clock.

Miss Jo Sullivan is ill at her home in Wamego.

Miss Alphe Christman of Wichita is visiting this week at the house.

Miss Helen Lawrence entertained with a dinner party at the Gillett hotel Monday evening. Covers were placed for Miss Clementine Paddleford, Miss Gertrude Uhley, Miss Muri Gann, and Miss Lawrence. After the dinner the girls went to the show.

Miss Jammie Cameron is in Junction City this week on business.

Miss Ruth Lambertson returned last Tuesday evening from her home in Fairview.

Miss Margaret Epperson and Miss Ruth Moore were dinner guests at the house Wednesday evening.

K. Dance

The K. fraternity gave a dance Saturday evening, April 5, at Elks Hall.

The hall was decorated in the fraternity colors of purple and white. The lights were shaded with purple paper. The orchestra was seated behind an embankment of potted plants and ferns.

The music was furnished by Maupin's five piece orchestra.

Refreshments of punch and wafers were served during the evening.

The chaperones were Mr. and Mrs. Z. G. Clevenger, Prof. and Mrs. Dykstra, President and Mrs. W. M. Jardine and Prof. and Mrs. M. F. Ahearn.

Twenty couples were present.

Chi Omega

The Founder's Day Banquet of the Chi Omega sorority was given last Saturday evening, April 5, at 6 o'clock. The cardinal and straw colors were carried out in the decorations and the dinner. Following the banquet the freshmen entertained the upperclassmen by presenting a tarce.

Miss Frances Ford spent the week end visiting her parents in Topeka.

Miss Annette Perry of Topeka spent Sunday at the Chi Omega house.

Miss Anna Marie Crocker withdrew from college Friday and left Sunday for her home at Cottonwood falls.

Pi Beta Phi

The Pi Beta Phi sorority announces the pledging of Miss Hibler of Springfield, Mo.

Miss Ruth Moore is visiting at her home in Winfield.

The regular meeting of Panhellenic was held at the Pi Beta Phi house last Wednesday evening, April 2.

Miss Earnestine Biby has been called to her home in Topeka because of the serious illness of her mother.

Miss Gorbey was a Sunday dinner guest at the house.

Pi Kappa Alpha

Mr. Lester Gfeller spent the week end in Lawrence. While there he was guest at a dance given by the Beta Gamma chapter.

Mr. Carl Uhlrich spent the week end at his home in Wamego.

Leut. Ray Gunn who has been overseas for a year is reported to have arrived in New York. He expects to receive his discharge within a month.

Webster

At the regular meeting Saturday night the Webster literary society voted into membership Mr. Erwin Williams, Mr. John Cunningham, Mr. Ira Lewis, Mr. J. M. Ragle and Mr. H. C. Wood.

An interesting feature of the program Saturday night was the war experiences related by Mr. Clell Newell, a former Webster, who has only recently returned from France.

You will soon be carrying an I-P Loose Leaf Note book. Why not get it now at the Co-Op Book Store.

Kappa Kappa Gamma

Miss Marie Haynes and Miss Ruth Epler were dinner guests at the Kappa house Wednesday evening.

Miss Adelaide Lutz spent the week end in Topeka where she visited her mother.

Mr. Charles Lutz of Guthrie, Okla., visited his sister, Miss Adelaide Lutz Thursday.

Mrs. Nadia Corby and Mrs. Gretchen Drake were dinner guests at the Kappa house Thursday evening.

Miss Leah Belle Duff spent the week end at her home in Horton.

Why The Sergeant Was Demoted

Captain: What became of that pacifist who was kicking around here?

Sergeant (colored): He wah convicted of high treason and dey put him in de guard house foh two weeks.

Captain: Well, he was lucky. That's mighty small punishment for high treason.

Sergeant: Yaas! He wah lucky. After two weeks was up dey took him out and shot him.

Mia-Term Exams Interfere With the Movies

It was a warm evening, heavy with the fragrance of spring. Mary Ellis felt an intense desire to do something if it was nothing more than to go to the movies.

"I guess I'll see if Clara Bell won't go with me," she said to herself.

Going into the next room, she found Clara Bell in her study robe, surrounded with a litter of papers and books, and wearing a desperate, determined expression on her face.

"Let's go to the movies," proposed Mary Ellis eagerly. "I simply can't study."

"The movies!" gasped Clara Bell in horrified tones. "I've got three quizzes tomorrow."

From there Mary Ellis went across the hall. Dorothy was sitting up in bed, generously propped with pillows. On a table nearby was an open box of chocolates, and a huge pile of note-books.

No hope there, so Mary Ellis wandered to the end room. Ruth rarely ever studied. Now, however, she was buried in a Morris chair with feet on a stool. In her lap was an open book which she was reading with feverish haste, running both hands through her fluffy hair as if in anguish.

"Well, what may you be doing?" demanded Mary Ellis.

"Cramming for mid-terms, silly," snapped Ruth. "And that's what you ought to be doing, instead of prowling around in this fashion."

"Mid-terms?" exclaimed Mary Ellis. "Why, good gracious, I had forgotten this was mid-term week!"

ANCIENTS WERE REAL DRINKERS

While on a Spree Caesar Is Said to Have Given a Tip of \$80,000

The men of sixty or seventy years ago in America were great drinkers, out for real drinkers we must go back to the ancients. Caesar, on a certain occasion, while drunk on wine, is said to have given Eutychus, his charioteer, a tip amounting to \$80,000, the largest money tip on record. One of the Roman emperors fed his charger on wine and barley in a golden vase. One of his dinners cost 1-2 million dollars. His supper bill for four months was 20 million dollars.

Philip of Macedon was a drunkard. He always left the banquet table staggering. Alexander the Great, his son inherited this weakness for drink. It took him two days and a night to sleep of a royal spree. He died of drink at the age of 32. Dionysius, the younger, tyrant of Sicily, went on sprees that lasted three months at a time. He lost his eyesight through overindulgence.

Tiberius was another of the emperors who was a drunkard. After assuming the purple he entered upon a career of drunkenness so quickly that his troops at once nicknamed him "Biberius," meaning "tippler." He had two cronies, Flaccus and Piso, with whom he went on sprees. At one time Tiberius had a vacancy for the quaestorship and there were many applicants therefor. The man who got the job was he who drank a whole pitcher of strong wine which Tiberius himself had filled. The successful applicant had neither position nor influence, but Tiberius said that the man who could consume that amount of wine was the man for the place.

—Detroit News.

The young bride looked dejected as he set the mince pie before her husband.

"I intended to have some sponge cake, too, dear, but it has been a total failure."

"How was that?" he asked, in a disappointed tone, for he was fond of sponge cake.

"The druggist," she explained, "sent me the wrong kind of sponges."

Present Styles May Eradicate K. U. Women

The present styles threaten to be one of the most serious detriments to college education, that has ever been thrown in the path of female knowledge, according to Prof. I. Seymour Hicks. "The increasing percentage of tardy women students this spring, since the 24-inch skirt has come in vogue, is really alarming," Seymour Hicks explained.

"I have been keeping records of the tardiness among the feminine members of my classes, and these figures in connection with similar statistics gathered by certain of my colleagues in the other important institutions of higher learning, demonstrate a new sociological corollary of the highest importance. This has been written by Prof. E. Z. Mark, of the sociological department of the University of Illinois in the following terms: "The number of female students tardy is directly proportional to the width of the skirt most particularly in vogue at the time, and as the grade decreases regularly with the increase in the amount of tardiness, the present styles, of continued to excess, will result in a complete cessation of the educational activities of women."—University Daily Kansan.

Trouble With Jane.

It was at college; and in college for a large percentage of the youth the dearest wish is to escape all knowledge. Recently, speaking of one of his courses, a young man said: "We have just been reading 'Jane Eyre.'" The older person on whom he was calling said something friendly of Charlotte Bronte's masterpiece. "I don't mean 'Jane Eyre,'" the youth replied, "I mean Jane Adams. I can't hand her much." "What of hers have you read? 'Twenty Years in Hull House'?" "No, 'Pride and Prejudice.'" His hostess refrained from discussing Jane Austen, and turned to topics less embarrassing than English literature.—Leslie's Weekly.

Don't Be Stung!

Hypothesis: Rotten Potato. To prove: A rotten potato is a beehive.

Proof: A rotten potato is a rotten tater.

A rotten potato is a spec 'tater, A spec 'tater is a beholder.

A beeholder is a bee-hive. Therefore: A rotten potato is a beehive.—Q. E. D. —The Round Up.

No Head Needed!

The winds do roar
The breeze do blow
The dirt does fly
But that don't
Close men's eyes,
'Tis a good time

To those one's wife
Stock judging
Is at its height,
Especially calves
Ugh what a whopper
Who lost his toothpick
I'll give her

Ninety eight points
I once thot
Her beautiful
Not so now,
Wind causes broken

Hearts to mend
Many girls lose
Many embraces
On account of
Naughty wind

Woolworths sold
Fishing tackle
Mostly Weights
Don't blame those
Poor men they can't look

The other way always.
—Sport Editor.

Miss Eugene Fairman, '10, who is at Tucson, Arizona, has been seriously ill but is now improving.

The Guest from Of Alabama

A recent convention here which drew many people brought an Alabama man whose clothing showed much wear. He carried a traveling bag bearing evidence of many years' use, and registered at the Deshler.

After jotting his name on the register, with an Alabama address, the clerk with some misgivings asked the visitor if he would have a \$4 or \$5 room. He replied: "It make no difference, sah; the room is done paid foh, as I was sent as a delegate to this heah convention in town."

Upon being shown to his room, he remarked that he had had a "powerful" hard trip from Alabama to Columbus and had not slept a wink all night. The suggestion was made that he should "jump in" and take a hot bath and then go to bed and have a good sleep. His actions indicated he did not know what the first part of the suggestion meant, and he was shown the bathroom, where for his edification the hot water faucet was opened. As he watched the stream rising from the hot water the Alabamian remarked: "Not for me. I would not jump in that place for a million dollars sah."—Columbus Dispatch.

He Leads Us Still

Dare we despair? Thru all the nights and days
Lagging war he kept his courage true.

Shall doubt before our eyes?
A darker haze
But proved the faith of him who ever knew

That right must conquer. May we cherish hate
For our poor griefs, when never word nor deed
Of rancour, malice, spite of low or great

In his large soul one poison-drop could breed?

He leads us still! O'r chasms yet unspanned
Our pathway lies; the work is but begun;

But we shall do our part and leave our land
The mightier for noble battles won.

Here truth must triumph, honor must prevail:
The nation Lincoln died for cannot fail.

—Arthur Guiterman in the Independent.

Flubdub. How are the life-preservers on this boat?

Guzzler: Fine. I've just had three—as good as I ever drank.

Depended.

"Is your place within a walking distance of the cars?"
"I dunno," answered Farmer Cogtassel. "How far kin you walk?"
—Washington Star.

Don't forget. We do cleaning, pressing and repairing. We guarantee satisfaction. A. V. Laundry, Phone 701.

Prof. W. H. Sanders of the farm engineering department was in Topeka last Friday inspecting a new type of the multipedal tractor invented by a California man who is now planning to establish a factory to manufacture these tractors in Topeka.

To Hold Cultivator Show
The farm engineering department in cooperation with the agronomy department is projecting a motor cultivator demonstration to be held sometime the first of June on the agronomy farm.

While the motor cultivator is comparatively rare in Kansas a great number of people have been asking in regard to the practicability of this form of cultivation. It is thought that a demonstration will serve to show what can be accomplished by mechanical cultivation.

Every manufacturer of the motor cultivator has been invited to participate in the demonstration. If all plans mature the demonstration will undoubtedly be one of the most interesting events of the year in social sciences.

Trouble will start when the returned hero suggests giving the first baby girl a certain French name.—Greenville Piedmont.

AGGIES WIN FROM OTTAWA

K. S. A. C. Negative Gets Unanimous Vote in First Round of Pentagonal Debate.

In the first round of the pentagonal debate Friday evening the K. S. A. C. negative won from the Ottawa affirmative by a unanimous vote of the judges. The Aggie affirmative lost to the Baker negative by a two to one decision of the judges.

The negative team which debated at Ottawa is composed of A. J. Englund, S. J. Gilbert, and Selbert Fairman, captain. This team will meet the Washburn affirmative in the college auditorium April 11.

The affirmative team which debated the Baker negative here is composed of L. C. Binford, Lawrence Whearty, and Oscar Steanson, captain. The Baker negative which debated here is composed of C. P. Mills, Miss Margaret Bostic, and C. W. Brewster. The Aggies will debate at the College of Emporia Friday evening.

The question which is being discussed in the pentagonal debates this year is one which is arousing much interest at this time. It is "Resolved, that a league of nations as proposed by President Wilson is a practicable method of assuring permanent world peace."

After the debate while the judges were making their decisions a vocal solo was given by Miss Ada Robertson. The judges for the debate here were H. E. Chandler, principal of the Junction City high school; Prof. J. F. Phillips, Winfield, and Professor F. T. Owens, of the College of Emporia.

Y. W. GETS \$1,525 IN CAMPAIGN

Balance Soon Expected—Cooperation in Drive Splendid

The Y. W. C. A. finance campaign which was conducted last Friday totals \$1,525 to date and it is expected the \$1,600 mark will soon be reached. All day Friday a large clock stood in front of the main hall and as the fund grew larger and larger the hands of the clock moved around showing just how much money had been subscribed.

Splendid cooperation and support was shown throughout the entire campaign and it is remarkable that this amount of money could be raised in one day. The Y. W. C. A. wishes to thank the 24 faculty women, 60 students, and ten town women who assisted in soliciting for the fund.

Of the amount raised, \$530.75 was subscribed by faculty members, \$445.75 by the students, and \$348.50 by the people of the town.

Must Interrupt Economic Circle

If the economic circle is not interrupted the country and its schools will soon reach their highest stage of development, said John Z. White, economics lecturer who spoke in chapel yesterday afternoon on the single tax.

The economic circle when interrupted becomes a social desert. Sixty-five per cent of the best land of our cities is kept off the market, consequently the remainder of the city land goes up in price. The most valuable land of the country is generally left vacant because of a mistaken idea of raising the revenue.

The Americans copied the existing revenue system from the English at a time when their system was at its worst. It is time that the mistake was realized and a change brought about.

Advise To The Love-III

When you fall in love, don't. If you feel that it is absolutely necessary to fall in love, pick on somebody that has not got as much brains as you have. If you cannot find such a person (because to find one would be impossible) change your mind.

Don't fall in love with a popular girl—leave her to the professionals. Don't tell her that you love her the first time you see her. If you do, she will find out that you are bughouse a month before you should.

When you get to fussing stealily, write home for more money. As a stall, you might tell the Dad that you need the coin to pay for the services of a specialist of mental disorders. The chances are that it will be spent in that cause anyway.

When you take her out to dinner, don't order green onions. They cost too much this time of year.

Don't take this advice.—Silver and Gold.

Every child should have mud pies, grasshoppers and tadpoles, wild straw berries, acorns and pine cones, trees to climb and brooks to wade in, sand and snakes, huckleberries and hornets, and any child who has been deprived of these has been deprived of the best part of his education.—Luther Burbank.

Hurray For The Hobble! It Cannot Float

Hats, dirt, straw and skirts were the playthings of the Kansas wind on Tuesday when it swept back and forth over the campus. Poets have often sung of April showers, flowers and birds, but what poet has ever written on the up-to-date subject of an April wind on a college campus?

Nevertheless it is surely worth mention for windy days are exciting days in the college world. New spring bonnets chase each other across the wind swept paths while angry co-eds chase the lost paraphernalia.

Hobble skirts proved to be the most satisfactory for windy days for the hobble skirt cannot float. The unfortunate Miss with a last spring style of skirt found it necessary to seek shelter of windbreaks.

Vells and tortoise shell rimmed glasses were the most popular eye protection from the dirt. However, a few of the out of date Aggies and one Professor wore goggles.

The air was full of everything from hats, skirts and dirt down to silk handkerchiefs and neckties. One girl declares that she lost eight expensive false curls. Many other valuable losses have been reported.

Let the poet rave about April showers, the Aggies believe that April stands for wind and n' everything that usually accompanies it.

The boys say that they don't mind going to college when the wind blows; but the general opinion among the girls is that windy days are a terrible bore.

Editor's note: However, the editor has never yet seen a bore who could keep the girls as busy as a naughty April wind. Such wind seems to add color to their cheeks and speed to their step, and when did a bore ever do that?

MAKE DYNAMITE FROM SUGAR

New Process Converts Molasses Into Alcohol and Glycerin

As the result of experiments conducted by A. B. Adams, a member of the American Chemical Society, a new process has been perfected for obtaining glycerin from sugar and sweets. The experiments were conducted by direction of Daniel C. Roper, commissioner of internal revenue, and they have proved highly successful, according to an announcement that has just been made.

When Dr. Alonzo Taylor was in Germany, about two years ago, he found that the Germans had run short of this from which glycerin is made. It was on this information that a special laboratory was established in the United States Treasury Department and several experts, including John R. Eoff, W. E. Lindner and H. F. Bever, began research work in the method of getting glycerol from sugar and sweets.

Pasteur, the French chemist had discovered many years ago that a small quantity of glycerin developed in the fermentation of sugar, and that it was traceable in wine and beer. The chemist, therefore, fermented sugars and molasses with yeast, and from the mash thus obtained, produced glycerin. This glycerin is really a by-product, and the same fermentation of sugar which yields alcohol, and in fact glycerin itself, is a sweet trihydric alcohol.—New York Journal of Commerce.

He Was Irish

Pershing is fond of telling this story. It happened when the general was on the Mexican border. A regiment was marching by when it met a small, ragged Irish boy holding tight to a donkey, which had become fractious owing to the noise of the regimental band. It was all his small master could do to hold him. As the men swung by somebody in the ranks called out: "Say, kid, what are you holding your little brother so tight for?" "Because," replied this Irish kid, "he sees you guys, and I'm afraid he might enlist."

Natural Deductions

"Can any of you tell me what the ruler of Russia was called?" asked the teacher.

"The Czar," roared the class. "And what was the Czar's wife known as?"

Only two voices answered this time:

"The Czarina."

"Ah!" said the teacher, eying his flock fondly. "That is very good. Now, who will tell me what the Czar's children were called?"

"Czardines!" yelled one little boy.

We must learn to suffer what we cannot evade; our life, like the harmony of the world, composed of contrary things—of diverse tones, sweet and harsh, sharp and flat, sprightly and solemn; the musician who should only affect some of these, what would he be able to do? He must know how to make use of them all, and to mix them; and so we should mix the goods and evils which are consubstantial with our life; our being cannot submit without this mixture, and the one part is no less necessary to it than the other.—Montaigne.

"What's in the mail from your husband today?"

"A couple of needles. He wants me to thread 'em and mail 'em back to him. Got to do some sewing, he says." —Louisville Courier-Journal

A Greater Loss
The worried countenance of the bridegroom disturbed the best man. Tiptoeing up the aisle, he whispered: "What's the matter, Jock? Hae ye lost the ring?" "No," blurted out the unhappy Jock, "the rin's safe eno'. But, mon, I've lost ma enthusiasm.—Youth's Companion.

A Question of Taste
One morning Mr. Smith was heard talking to himself while making his morning toilet in a manner that denoted much perturbation.

"I wonder," said Mrs. Smith, "what's provoked father now?" "Oh, it's nothing much, mother," answered little William. "I just put a tube of sister's oil-paints in place of his tube of tooth-paste."—Tit-Bits.

NO BALL GAME FOR FRIDAY

FORT RILEY TEAM UNABLE TO MAKE CONNECTIONS—AGGIES GOING GOOD.

Schedule Shows Two or Three Games Each Week—Seven Games on Home Diamond—“Dickie” Richardson Back in Suit.

Contrary to the report made in the Collegian of last issue there will be no baseball game today.

For some unexplainable reason the Fort Riley team that was to have played the Aggies today was unable to make connections. However, the game scheduled for the 19th of this month will be played on the local diamond a week from tomorrow.

The team, since it has gone in for the regular practice, has developed some real ability in handling the horsehide. The coach expects them to make a good showing against Ft. Riley next Saturday and at St. Marys the following Tuesday.

“Dickie” Richardson who has held down one of the infield positions on the Aggie team for two years past is again in uniform and playing at short stop. “Dickie” will be remembered as one of the liveliest, and fastest players that has ever graced the Aggie uniform. The addition to the team will be noticed appreciably for Richardson is a fast fielder and a good hitter.

Beginning next week the Aggie team will have a full schedule for the rest of the season. They will play at least two games and some times three games each week. Seven of these games will be played on the home diamond.

Tickets for the baseball games and track meets held on the local athletic field will be placed on sale tomorrow morning in the athletic office in the gymnasium. The ticket sale for these events is expected to be large. The tickets entitle the holder to admission to seven baseball games and two track meets. The state high school meet on May 10th is included. The price is lower this year than any other year previous. The season book of tickets this year will be only \$1.50 which is fifty cents cheaper than was expected on account of the number that was subscribed for when the season was proposed.

LIPPINCOTT IS NEW SECRETARY

Professor of Poultry Husbandry Now Officer in International Association.

William A. Lippincott, professor of poultry husbandry in the Kansas State Agricultural college, is now secretary of the International Association of Poultry Instructors and Investigators. He was elected at an international conference in London, England, March 11 to 15. He succeeds Dr. Raymond Pearl, who has been the world's most famous investigator of genetics in relation to poultry. Doctor Pearl recently resigned.

At the London meeting there were delegates from Holland, Cyprus, the Transvaal, New Zealand, Canada, Scotland, Australia, France, Belgium, Italy, and England. The first world's poultry congress, which was to have been held in Holland at the invitation of the Netherlands government in 1916 and which was abandoned on account of the war, will be held at the Hague in 1921 at the renewed invitation of the Netherlands government. The council of the International Association of Poultry Instructors and Investigators will have in charge the arrangement and supervision of this congress. Edward Brown, fellow of the London society, is president of the association.

Professor Lippincott was also recently chosen a member of the Kansas committee which will cooperate with the National Research council. He is a contributor to the American Naturalist, the Biological Bulletin, and the Journal of Heredity, on subjects pertaining to inheritance in poultry. He is the author of the most widely used college text on poultry husbandry in the English language.

Parliamentary drill is the feature of the program to be given Saturday afternoon in the Web-Buro hall. All Eurodelphians and friends are invited to be present.

Class Visits Camp Funston

Miss Margaret Haggart, professor of Domestic Science, took her senior class in Household Management for a visit to Camp Funston on Monday. There are 52 girls in the class. Miss Josephine Perry, assistant instructor of domestic science, and Miss Flora Monroe, director of the cafeteria went also.

The party was met at the interurban station by General Sage, who is now the commanding general of the camp, Lieutenant Colonel McConnell, and other members of the staff. Trucks and cars were provided for taking the girls over the grounds.

The laundry, bakery and the filtration plant were visited. Members of the staff together with directors of these establishments acted as guides for the girls.

A general fire alarm with drill was given for their entertainment.

The girls were entertained for lunch at the Cook's and Baker's school.

AGGIE TRACKSTERS OUTSIDE

Making Good Showing—Evans Back in Suit—Frost Going Good.

The track men have begun their work outside this week and they have been progressing nicely so far. The dash men have been making fast time on the cinders and the distance men have been accustoming their wind to outside work.

Frost has been doing a great deal of work this week on the high jump and the pole-vault. He has been making good heights in both events and will be ready to meet his first opponent with a good practice height to his credit.

“Jack” Evans has been in a track uniform this last week for the first time since his return to school. Jack was held back on account of two operations that he had recently undergone while in the army. These wounds, having sufficiently healed, he has begun practice with the rest of the tracksters. Evans' entrance into track work will help the Aggie cause along considerably. He was the best man in the state two years ago in his event, the 220 yard dash, and he is expected to hold down his end of the game in the meets in which he is entered this season. This leaves Gallagher with the dashes and the hurdles only to trouble him and with only these two things on his mind the little whirlwind should set a pace that will be hard for his opponents to equal.

In addition to the meets already announced the coach has arranged a dual meet with Baker University of Baldwin. Baker usually stands high in state circles and will undoubtedly put up a good scrap for the Aggies. The meet will be held here May 3.

Engineers Visit Topeka.

The junior mechanical and electrical engineers accompanied by Prof. R. A. Seaton and Prof. R. G. Kloeffer took their annual trip to Topeka last Saturday to visit the manufacturing plants of that city.

The most interesting place they visited was the Santa Fe shops. The engineers saw there many of the things they had been studying about put into practical use. The Topeka Boiler works were also visited in the morning.

They had dinner together at the New cafeteria on Kansas avenue.

After dinner they visited the Capital Iron Works and the state printing shops and the Topeka Edison company.

The mechanical engineers who went were F. F. Anderson, Guy Brown, Clifford Knisely, James Sparks and P. L. Fetzner. The electrical engineers to take the trip were Albert Felch, J. S. Gullledge, James Lucas, H. M. Duphorne, Clarence Browning, Lester Geller, S. W. Honeywell, Frank Sahlmann and C. B. Downer.

Isn't It Awful.

First K Man—“See all these girls decked out in ‘K’ sweaters.”

Second K Man—“Every time I ask a girl where she got it she says, ‘Oh, I earned it.’ She wants every one to know some one didn't give it to her.”

First K Man—“Girls used to consider it an honor to wear a boys’ ‘K’ sweater. I certainly do hate this change.”

Miss Ethelyn Ornstrum spent the week end visiting at her home in Leonardville.

MAY DRAIN AGGIEVILLE

ON ACCOUNT OF POOR DRAINAGE EVERY RAIN CAUSES FLOOD IN AGGIEVILLE.

Chamber of Commerce Has Promised That the Matter Will Receive Immediate Attention—Students Dislike to Wad.

On Wednesday, for the second time in the past few weeks, Aggieville, as well as other parts of Manhattan, was flooded with water. An incompetent drainage system is to blame.

This condition, which causes no small inconvenience and hardship to the students of K. S. A. C. and the residents of Manhattan, occurs practically every time there are heavy showers. It is a state of affairs which can, and should be remedied.

The Chamber of Commerce has promised to take the matter up and see what can be done about it. There probably will be some action taken on it in the next few days. The Chamber of Commerce has been among the best friends of the college in the past and the students may feel that they will be in this matter.

The matter has reached the limit with the students. They may go to college one morning, with an almost clear sky overhead, and later in the day start to return to their rooming places, to find that, due to heavy showers having fallen in the meantime, they are marooned upon the “hill” for the remainder of the day.

They are forced to choose one of two alternatives. They can either stay on the campus until the streets become navigable, or else prepare to wade across streams which are swift, and more than knee deep at some places.

No one likes to ruin a good pair of shoes, an expensive suit of clothes, or any other article of wearing apparel by wading across flooded streets. Nor do they like the chilling effect of cold water swishing about their knees. At least K. S. A. C. students do not.

Many declare that serious colds and attacks of influenza have resulted. There is especial danger to small children in allowing the poor drainage condition to exist. Little girls have frequently been observed across the street from their homes, in a tearful quandry as what to do.

Some day the residents of Manhattan may experience a dreadful rebuke for their carelessness, when a child becomes drowned in the middle of one of their streets. It can easily happen. With the spring rains beginning, the men of Manhattan will do well to give this matter prompt attention.

The Collegian, as the official voice of the student body, requests that the people of Manhattan do something in regard to installing an efficient drainage system, in those parts of town which are flooded by every spring shower, and especially in Aggieville.

Girls Organize Ball Teams.

The girls outdoor base ball teams started practice this week. Teams are to be organized from the four classes and in a few weeks the interclass games will be played.

The Sophomore and Junior girls will practice on Tuesday of each week between five and six o'clock. The freshman and senior girls will practice on Wednesdays at the same time.

All girls wishing to try out for these teams may sign their names on the paper posted on the gym bulletin board. So far 25 Sophomore girls, 20 freshman, 8 juniors and 6 senior girls have signed up for base ball.

This is the first year that the girls have tried to make out for base ball an interclass game. Many girls who are poor basket ball, tennis and hockey players are stars in base ball.

Port. R. H. Brown is in Salina this week at the regular meeting of the Scottish Rite Consistory. Professor Brown is organist at the Masonic Temple there and plays for the regular meetings each year in October and April.

Lieutenant Ivor Mall, '18, has received his discharge from the navy and is spending a week with his parents after which he will go to Kansas City where he has accepted a position with a consulting engineers firm.

AGGIES HOLD TWO DEBATES

BOYS TONIGHT WITH WASHBURN—GIRLS TUESDAY AGAINST PITTSBURG NORMAL.

Both Teams Expect Lively Debates—Boys Eager to Maintain Winning Record—First Debate For Girls.

The Aggie will take part in two talk-fests today and tomorrow. The men are to meet in the second round of the pentagonal Friday evening, April 11. The Aggie girls have a triangular debate scheduled between Pittsburg Normal, Southwestern college, and K. S. A. C. for Tuesday evening.

The Aggie negative composed of A. J. Englund, J. S. Gilbert and Seibert Fairman will debate the Washburn affirmative in the college auditorium, Friday evening at 8 o'clock. A lively scrap is expected as our team won over Ottawa last Friday by a unanimous decision of the judges. The question to be used is the practicability of a league of nations to enforce permanent peace.

The K. S. A. C. affirmative team which debated Baker here last Friday will go to the College of Emporia. The members of this team are L. C. Buford, Lawrence Whearty, and Oscar Steanson. The members of this team have made several changes in their speeches and will be stronger on delivery as they have been working with Professor Burns this week on presentation.

The girls triangular debate will be held April 14. The Aggie affirmative will debate against the Pittsburg normal here. The members of this team have not been decided upon as yet. Miss Mable Bentley and Miss Eloise Morrison are competing for the first speech. Miss Jewel Sappinfield is the second speaker, and captain of the team.

There are only two speakers on each team. The question to be debated is “Resolved, that the President's cabinet should have seats in congress but no vote.”

The girls negative team which will debate at Southwestern college is composed of Miss Ella Stinson and Miss Elizabeth Circle, captain. In this debate each speaker will be allowed 12 minutes for constructive speech and five minutes for rebuttal.

Notice to Seniors

Senior caps and gowns may be ordered Saturday the fourth of hour and the first of next week at the window opposite the post office.

A deposit of \$3.25 must be made at this time, \$1.00 of which will be refunded when the caps and gowns are returned.

This will probably be your only opportunity to order a cap and gown so watch the window opposite the post office next week.

Quill Club Contest Near End.

The closing date of the spring membership contest of the Quill club, which is Tuesday, April 15, is drawing near.

All students who intend to submit manuscripts should be prepared to hand them in to Miss Ada Rice, instructor in English, on or before Tuesday. This contest offers an opportunity for any student of literary talent to gain admittance to the club. A poem, drama, story or essay may be submitted. It must be original. For further information see either Professor Crawford or Miss Rice.

Trees For Soldiers.

The planting of young trees as fitting memorials for those men from Riley county who were in the service has been completed. This work was done by students in the horticultural department. They set out 1009 trees on the slopes of Blumont hill, which is on the north side of Manhattan. Many counties throughout the state have adopted this plan of permanently commemorating those who represented them in the great world war.

The Alpha Beta Literary society will give a freshman program at this meeting next Saturday evening. You are invited to attend.

First Agricultural Grad Returns.

Mr. W. J. Wilkinson who was the first graduate from the agricultural course here, visited friends at the college last week. Prior to the war Mr. Wilkinson did architectural work in San Francisco, Cal. His home is at Piedmont, a suburb of San Francisco. Since the war he has been appointed adjutor of the labor differences, especially in the ship building department. He noted the many changes that had taken place in this department.

Lose Cattle Fed on Wheat.

Several localities in Kansas report losses in live stock among animals that are being pastured on wheat.

It is believed that this may be an infectious disease, the opinion being based on the symptoms reported to the veterinary department. No investigation has been conducted at present.

MUST AID IN RECONSTRUCTION

Home Has Important Problems to Face—Study of Home Important.

The home must take its part in the reconstruction work that is following the war, in the opinion of Mrs. Mary P. Van Zile, dean of women at the Kansas State Agricultural college.

“Grave and tremendously important problems are facing us, problems of labor unrest, of industrial and social readjustment, but in the background of all discussion stands the American home,” said Mrs. Van Zile. “All reaction is determined by the pulse of the home life of the people.”

“An earnest study of our home is therefore important. We must approach the task, serious yet confident, willing to throw aside traditions and seek out new standards and new methods. We must think of the home as the factory for the production of citizens, and in this the woman will still be the great factor.”

Entering Business World

“The natural and inevitable result of the intellectual and economic independence of woman has been her eager desire to share in the world's work, to shoulder her portion of the labor and thought of the time. In her efforts to do this, she had made mistakes, and public sentiment has blamed the decreasing marriage and birth rate, and the increasing divorce and death rate on the fact that women are leaving their homes in large numbers to enter the business world.”

“Many would have you believe that this is due to the changed ideals of woman, but it is not so much because her ideals are changed, but because her attitude toward her work is changed. She is, I believe, recognizing her mistakes, and is beginning to realize that the mother quality in her can find expression in every department of life and that the world needs it.”

“It is not too much to hope that the free woman of the future will give to humanity a new quality because of her love and service.”

Readjusting The Home

“But the woman who meets the demands of the readjustment period will be one who reaches out toward every field of human service. She will be no less a mother or worker in her home because she becomes a worker outside of the home. But before woman is free to share in the world's work, definite readjustments of the home tasks must be made. Readjustment, not neglect, is essential. Too many mothers think only of the material home. When we get the proper readjustment, we will have simpler standards of living, we will think less of the material appointments of our home.”

“The tasks of the home may seem common place, and monotonous, but they are essential, therefore worthy of our best effort. But to do them well need not take all our time. By the application of modern science and modern business methods, by throwing away old standards and traditions, and by better methods and simpler standards of living, time will be left still for the wife and mother to take her part in the world's work.”

The Test of the Home

“Women of clear mental poise, high intellectual attainments, strong character, good judgment, and true womanliness will give to us homes where all members of the family are kept in such a state of mind and body, that they can work at the highest degree of efficiency for the longest period of time. This will be the true test of the home.”

FARM CLASS TAKES TRIP

SOIL SURVEY AND ADVANCED FARM MANAGEMENT STUDENTS LEAVE MONDAY.

To Visit All Types of Farms and Study Methods Practiced, Classes of Soil, and Geological Formations.

Soil survey and advanced farm management students will leave Monday noon for a week's trip under the direction of Prof. R. I. Throckmorton and Prof. W. E. Grimes.

“The trip this year will be more extensive than in former years,” said Prof. Grimes, “and those going are looking forward to it with a great deal of pleasure. All types of farms will be visited, and a thorough study of the methods practiced made. Different classes of soil will also be studied, and interesting geological formations noted.”

“A reporter from the Weekly Kansas City Star will accompany us on the trip. The editor of the Weekly Star, Henry Jackson Waters, expects him to secure material for articles of great practical value. Some of the students are a little excited over the prospect of having a reporter as a member of the party.”

“For the first time, two girls will go on the trip. They are Miss Clara Higgins and Miss Blanche French, seniors in animal husbandry. Most girls probably would refuse to go, but these two are so greatly interested in their work that they would not think of missing this splendid opportunity for a little practical experience.”

The party will make their first stop at Herington, where they will be entertained by Dr. W. H. Mott and Gehrke and Sons. From there they will go to Wichita, at which place the Chamber of Commerce has promised to furnish cars and other facilities for the convenience of the party. At Oswego the Deming ranch will be visited.

As the party approaches Columbus, they will enter the acid soil region. E. J. Whilis, county agent, will take care of their wants there. At Galena they will be among the foothills of the Ozarks. Both Columbus and Galena will afford the classes an opportunity to study the effect of competition of minor enterprises with agriculture for the use of land and labor.

In Kansas City, if the time permits, a tour of the stockyards will be made. St. Joseph will be the next stop, where the Swift Fertilizer Plant will be inspected. Then, after looking over several fruit farms in Doniphan county, the party will return to Manhattan by way of Topeka. If present plans work out, they should be back by Saturday night.

Girls Receive A. A. Pins.

Fifteen girls were given athletic association pins Tuesday noon at a called meeting of the association. The pins are given to the girls who have made eighty points.

The girls receiving pins were, Laverne Webb, Ruth Huff, Ruth Willis, Blanche Sappenfield, Alto Conrow, Mary Crumbaker, Florence Mirick, Clementine Piddleford, Bertha Blitz, Mabel Adams, Gladys Bergler, Grace Gish, Eva Givin, Ruby Ellerman, and Marie Hammerly.

New Y. W. Officers.

The new officers of the Y. W. C. A. elected at the Vesper service held in the old chapel, Wednesday evening, are as follows:

President, Elizabeth Circle; vice president, Greeta Gramse; secretary, Ada Robertson; treasurer, Edna Wilkin.

The chairmen of the committees are as follows: Music, Ina Findley; finance, Marcia Seeber; Bible study and church relationship, Irene Graham; social, Luella Morris; world fellowship, Ruth Peck; Vesper committee, Gladys Ross; big sister, Irene Miller; conference, Hettie Carris; membership, Mildred Arends; social service, Laverne Webb; publicity, Dora Cate.

Herbert Headrick who was in school last year has received his commission at the artillery officers' training school at Camp Taylor, Ky., and is now at his home in Winfield. He will return to college next fall.

Miss Anna White spent the week end at her home in Carbondale.

NEW PESTS ON CAMPUS.

The new pests on the campus now are the dogs. They are barking, barking all the time and everywhere.

People who drive cars are frequently forced to stop or swerve to avoid hitting these beasts. They run out in front of the car, barking till the occupants' nerves are on edge and the drivers would like to shoot them.

Class recitations are also often interrupted by these pests howling loud and long just underneath the window. Who can recite with such a noise going on outside?

Two dogs decided the other day that they had some mail so they spent about ten minutes in main hall near the post office. Then the janitors took them out.

Ex-president H. J. Waters made a ruling that every dog found on the campus should be shot. As this law has not been revoked the owners of these dogs had better find another place for them or they will be killed.

I Am An American

I am an American.
My fathers belongs to the Sons of the Revolution;
My mother, to the Colonial Dames.
One of my ancestors pitched tea overboard in Boston Harbor;
Another stood his ground with Warren;
Another hungered with Washington at Valley Forge.
My forefathers were America in the making:
They spoke in her council halls;
They died on her battle fields;
They commanded her ships;
They cleared her forests.
Dawns reddened and paled.
Staunch hearts of mine beat fast at each new star
In the nation's flag.
Keen eyes of mine foresaw her greater glory;
The sweep of her seas,
The plenty of her plains,
The man-hives in her billion-wired cities.
Every drop of blood in me holds a heritage of patriotism.
I am proud of my past,
I am an American.

I am an American.
My father was an atom of dust,
My mother a straw in the wind,
To His Serene Majesty.
One of my ancestors died in the mines of Siberia;
Another was crippled for life by twenty blows of the knout;
Another was killed defending his home during the massacres.
The history of my ancestors is a trail of blood
To the palace-gate of the Great White Czar.
But then the dream came—
The dream of America.
In the light of the Liberty torch
The atom of dust became a man
And the straw in the wind became a woman
For the first time.
"See," said my father, pointing to the flag that fluttered near,
"That flag of stars and stripes is yours;
It is the emblem of the promised land.
It means, my son, the hope of humanity.
Live for it—die for it!"
Under the open sky of my new country I swore to do so;
And every drop of blood in me will keep that vow.
I am proud of my future.
I am an American.
—Elias Lieberman in "Paved Streets"

STUDENT MIND

Dear Editor:

Why doesn't some one in this college get busy and advertise debate? I went to the debate held here last Friday night and there was not over fifty people there.

I asked my room mate why they did not have a crowd. He said he didn't know there was going to be one and expected that other people were like him. What I would like to know is who are the literary society people who are supposed to be backing it?

A debate should be blazzed forth to the skies. It ought to have as much pep as a foot ball game. The college students should come out in a crowd as they do to oratorical contests. Why don't they?

I would like to try out for debate but if no one gives a thought as to whether you win or lose but remain simply indifferent, what is the use?
A Freshman.

Quick Promotion

The rookie, slightly under the influence, was being taken to the guard-house.

"Quick promotion," he muttered. "I am already in charge of a squad."

A Tommy, lying in a hospital, had beside him a watch of curious and foreign design. The attending doctor was interested.

"Where did your watch come from?" he asked.

"A German give it to me," he answered.

A little piqued, the doctor inquired how the foe had come to convey this token of esteem and affection.

"'E 'ad to," was the laconic reply.
—Toronto Globe.

Take joy home,
And make a place in thy great heart for her,

And give her time to grow, and cherish her;

Then will she come, and oft will sing to thee

When thou art working in the furrows; ays,

Or weeding in the sacred hours of dawn.

It is a comely fashion to be glad;
Joy is the grace we say to God.

—Jean Ingelow.

Mike O'Mara has got a new dog.
We asked Mike yesterday if it was a hunting dog as it came up to us, and Mike in a low voice said:
"Don't talk so loud, he thinks he is."

A. Simp, who's in our college,
Now grins an awful grin.
And we all know he got it
From the girls who's roped him in.

LOOK INTO THIS

Satan Lived in England

In Miss Maclean's English literature class the other day they were having a discussion about Milton's Paradise Lost. One of the girls when asked where Satan once lived woke up from her reverie and said "In England."

Oatcake, Ark., March 28.—William Useless has sued his wife, Mattie Useless, for divorce, the grounds being that she alienated his mother-in-law's affections, thus endangering his means of livelihood. The latter, Mrs. Ihave Gobsofgold, has boasted until recently that her son-in-law had never kissed her, and was proud of him for that reason. But because his wife dared him to do it, Mr. Useless now sues her for divorce. Unless he is fortunate enough to lose the case he will have to seek employment.

Lucile Flufftop says she feels as if she had been to the Zeigfeld Follies every time she dances with Reggie Notagleam, because he smells just like a chorus girl.

There's Always a Way to Get Even

Three pledges who were detailed to make beds this week turned the tables on their prosecutors. Monday night was cold and when the upper classmen sought their downy blankets they found the fold at the top. Rather than pull their beds to pieces while they shivered, they slept between icy sheets. Now every one has a cold.

Purist Too Observing

The eagle-eyed purist observes that the Y. W. C. A. announcement of "eventide vespers" reminds him of the cub reporter who wrote of a fire "occurring at two o'clock a. m. in the morning."

Doty Dimple's diary: In advertising I have learned one thing and that is this: The plea "Husbands Wanted" will not bring noticeable results, but the air of, "Standing Room Only for Suitors," will bring a stampede.

Oh, My!

A reporter in writing up an account of the Freshmen Pan-Hellenic let out the gruesome secret that sorority skins were hung on the wall in profusion.

MANHATTAN, KANSAS

Pi Kappa Alpha.

Mr. Merton Otto spent the week-end at his home in Riley.

Mr. Lester Gfeller spent Saturday in Topeka.

Mr. Ernest Matti of Cottonwood Falls, who received his discharge from the navy last week, spent the week end at the Pi Kappa Alpha house. Mr. Matti was stationed at Great Lakes.

Mr. Harold Woodard spent the week end at his home in Glen Elder.

Mr. John Gullege was a dinner guest Sunday.

Browning-Haycock.

Miss Kathryn Browning of Chanute and Lieutenant Bert Haycock of Butte, Montana, were married Saturday evening, April 4, at eight o'clock at the Presbyterian parsonage.

After the ceremony a nine o'clock dinner party was served at the Pines Food Shop.

Mrs. Haycock is a senior in college and will continue her college work. Lieutenant Haycock has gone to Wichita Falls, Texas, where he is engaged in the oil business.

Kappa Kappa Gamma.

Mr. Russell Davis of Bronson, visited his sister, Miss Mary Frances Davis, on Sunday.

Miss Isabell Hamilton, who was called to her home at Hastings, Neb., last week, has returned to school.

Miss Lola Brethour was a dinner guest at the Kappa house Wednesday evening.

Attack at Dawn

Evening sky
With gold and carmine glowing.
Roaring still
The guns that never rest.
And I—
Stifling one wild aching in my breast
For every flower that's growing
Upon a homeland hill.

And at the dawn will come
Death
To write a roll of fame
Where crimson blood is flowing;
While I look on with half-held breath
And think of Autumn fields at home
Where poppies are aflame—
And wonder will he write my name.
"No man's Land" is a compelling
glimpse of the soul-stirring horror
that may overtake a soldier.—The Independent.

Double Bill

You will soon be carrying an I-P Loose Leaf Note book. Why not get it now at the Co-Op Book Store.

Boys Here's a New Idea For a Music Box

It was near sunset when a student strolled along Yuma street the other day. With hands in his pockets, hat pulled low, and furtive glance, he slouched hastily on. He was evidently there on some mission.

Soon he spied two little darkey's playing marbles. It was to these that he took his trouble.

"Boys," he said, in a friendly way, "You don't happen to know where I can find any cats do you?"

"Cats!" they both exclaimed, as they leaped to their feet and rolled their eyes. "Does we? Why boss, we uns can find heaps of them."

"Bully!" shouted the student, in great relief, as if a heavy load had been lifted off his mind. "Get them quick."

"And let's see," he drawled slowly as they started off. "I'll give you fifteen cents for every one you get me."

The two scampered away with a smile on their faces. They did not often have a chance at easy money.

Soon they reappeared around the corner with a large tow-sack full of squirming animals.

"Hiss! Siss! Me-ow! Out! Ye-ow!" chorused the cats lustily in shrill, penetrating voices.

"Good heavens!" exclaimed the student in alarm. "How much do I owe you?"

"Only a dollar and twenty cents, boss. There's a lot more but we're afraid to put so many in one sack."

With a long face he deviled up the money, and started out with his pack. He found that he was creating such a stir with the music-bag of cats, that when he had gone several blocks, he decided to let some of them out.

Partially relieved of his noisy load, he felt in better spirits, and, with the animals he had collected for use in zoology lab by Prof. Whitehead, held out at arm's length, he went whistling on. As he would be paid thirty-five cents apiece for them by the zoology department, he could still clear fifty cents with the five now in his possession.

Oh, Henney, Be Careful!

Deer Nephew Henney.

Heer I am in this big wikkid city, and last nite I thot I woud go too one of thees nufangled dances. Well, let an old man tel yu mi boy, dancin aint neer ez mutch fun ez it uster be. In the good old days we uster could stand on one foot and balance, and then we'd stand on the other foot an balance, an when the signal came to salute yur partners one an all, everybody wud kiss hiz gurl.

I notised there, aint no sech thrills nowdays. The boys and girls just hug each other, put their cheeks together, and walk.

Your disapoynted unkel, Eb.

meet their classes this week work
in that department is progressing as
usual. Professor Brown and Miss
Abernethy are out of town and Pro-
fessor Westbrook is ill.

Is Deceit a Lie?
Frances and Agatha had been very
carefully reared. Especially had they
been taught that in no circumstances
must they tell a lie—not even a "white
lie."

One day, during a visit made by
these little girls to an aunt in the
country, they met a large cow in a
field they were crossing. Much
frightened, the youngsters stopped,
not knowing what to do. Finally
Frances said:

"Let's go right on, Agatha, and
pretend that we are not afraid of it."

But Agatha's conscience was not
slumbering. "Wouldn't that be de-
ceiving the cow?" she objected.—Har-
per's Magazine.

Lucky
Jones: "Did you go to the oyster
supper at the club?"
Smith: "I did."
Jones: "Were there many there?"
Smith: "I found one!"

Willis: "What is your reason for
buying Liberty bonds?"
Gills: "Well, for one thing, I'd
rather lend it to Uncle Sam than to my
wife's relatives." —Judge.

Sunday School Teacher: "And what
reward was Joseph given for saving
the Egyptians from starvation?"
Smart Boy: "Please, Miss, he was
made food controller."—London Fun.

Freshmen Finally Come Into Their Own—Oh My Yes

The freshman wasn't really to
blame, but the other fellow thought
he was, and so that is where the
trouble started.

The freshman was one of these ver-
dant young things who was green
when he entered college, and the sev-
eral months association with upper-
classmen did not help him to any
great extent. At any rate, he was
still foolish enough after three months
of education on the part of his room-
mate, a junior to believe that he had
a right to wear things that he had
bought and paid for.

One day he noticed his junior friend
coming up the walk with a fine spec-
iman of young girlhood upon his arm.
And horrors! This same junior was
wearing a new and vari-colored knit
tie that belonged to the "freshie" and
also a wonderful new creation in a
silk shirt that also claimed the first
year man as owner. And, looking a
little lower, Aha! his new oxfords and
a pair of black silk socks with white
clocks up the side. Where had he
seen them before? Oh yes, he just
bought them the day before at Kite's.

And the girl, why she was the one
the freshman was rushing in his in-
couth way, and who had but the night
before given him much encourage-
ment. As the pair passed him, he
heard the young girl say, "I do think
you dress so well. I wish your
friends would copy after you." The
young man modestly disclaimed the
honor, but it was too much for the
freshman.

Turning sharply around, he splut-
tered, "Say, H—, it's all right for you
to wear all my clothes, when you want
to wear something besides army duds,
but I'll be darned if you mightn't at
least give a fellow some recognition,
and at least speak to him when he
passes, especially when he is the one
responsible for your appearance."

A sudden drop in temperature was
noticed, especially in the vicinity of
the young lady. Nothing happened
then, but it is rumored that several
things happened when the two loving
brothers met that night. The fresh-
man now thinks, but hasn't ever had
the nerve to express himself, that
the person on the campus who most
deserve Everett True's umbrella is
that same upperclassman.

Prof. Paul E. Nilson to Speak.
"Wanted—One farm manager, two
for dry and desert farming, one vil-
lage school manager, and one farm
business manager."

This advertisement is inserted in a
magazine by a foreign missionary
board and the country calling for
these agricultural experts is India.
There are other calls—for China a
forester to teach forestry, and an
industrial chemist for soaps, dyes
and tanning, and an all around agri-
cultural expert for Syria. This is a
partial list of the needs of one mis-
sion board.

But what have Missions to do with
model farming and agriculture teach-
ing? Why don't they keep to the
business of "saving souls." In the
first place there is a shortage of food
all over the world due to the war. In
Indian and China millions of people
are on the ragged edge of famine all
the time. It is better philanthropy
and economics to teach them to feed
themselves than periodically to send
famine and relief stores. Christian-
ity always establishes among its con-
verts a higher standard of living—and
the missionary must show them how
to get it.

The relief commission which Dr.
James L. Barton of the Congrega-
tional American Board is taking to Tur-
key carries with it a large con-
signment of farm implements, improved
seeds, and trained agriculturists. The
hope for the future of the refugees is
to get them back to the soil. Mes-
opotamia is famous for its cotton, and
its river valleys were once the gran-
ary of the world. With improved
methods, the raising of wheat, bar-
ley and rye promises well. Plowing
has been done with cattle drawing a
curved stick, harvesting with a
sickel.

Prof. Paul E. Nilson, of St. Paul's
College, Tarsus, Turkey, will speak at
the Congregational church next Mon-
day and Tuesday evenings. He will
be available at the college in Ander-
son room 46 for interviews on "In-
vestment of my Life in Turkey." Call
phone 317 for appointments.

THE KANSAS STATE COLLEGIAN

VOLUME XXV.

NUMBER 52.

KANSAS STATE AGRICULTURAL COLLEGE, MANHATTAN, TUESDAY, APRIL 15, 1919.

FOUR PAGES

PRICE FIVE CENTS

HONORS FOR MISS SPOHR

KANSAS STATE GRADUATE RECEIVES INDIVIDUAL CITATION FOR SERVICE

Worked with Charlotte Swift Hospital Here—Later Head Nurse in Chicago Hospitals—In Charge of 176 Nurses at Langres

Miss Louise M. Spohr, of Manhattan, and a graduate of this college, who is now in charge of the nurses at the base hospital unit No. 53 in France, has made her name famous in the world war's history. The fifty third unit was the first base hospital with the American expeditionary forces to receive a citation from the French government. Miss Spohr in special recognition of her individual services was presented with the insignia of the coat of arms of Langres, the French town where the unit was stationed.

Upon the completion of her college work here Miss Spohr became interested in nursing. At one time she was head nurse in the Charlotte Swift hospital. From here she went to Chicago where she was director of the nurses at the Lakeview hospital and later she became an instructor for nurses at the St. Luke's hospital in Chicago.

At the time the war broke out Miss Spohr was at the St. Luke's hospital. This institution was one of the first big hospitals to answer the call for nurses. Two units of graduate nurses were immediately organized for overseas duty. Miss Spohr was placed in charge of these units.

In a letter written to her parents, Miss Spohr tells of the citation of the fifty third unit.

"I am quite proud of the honor to be connected with unit No. 53 as we were handsomely cited last Sunday, March 26, in our Red Cross hut. Our unit was decorated with the colors and I was presented with a beautiful insignia consisting of the coat of arms of Langres. It is very beautifully decorated in colors. We are becoming well known and now we are invited to receptions, entertainments and etc.

"I now have 176 nurses, fourteen having been discharged to the United States. I possibly could go home too but I will finish here what I began."

Miss Spohr now wears on her left sleeve a little round piece of material with the Langres coat of arms embroidered upon it. She received her first stripe for six months service overseas March 9.

LANDSCAPE GARDENING ATTRACTS

Course Has Unusually Good Library—New But Popular

Though courses in landscape gardening are a comparatively recent addition to the curriculum of K. S. A. C. this college has the distinction of having one of the most comprehensive libraries on that subject of any college in this country, according to A. M. Doerner, assistant in landscape gardening.

"We have a certain amount of money each year for the purchase of books, and try to buy the best there are," said Mr. Doerner. "It is difficult to find many good books written in English, as most of them are the product of foreign authors and have not been translated.

"A large number of books are put out yearly which are written by and for amateurs, all of them containing practically the same information. Books with new ideas are scarce. It is those that we are constantly on the alert for.

One reason for this scarcity is that there are as yet few colleges which offer extensive courses in landscape gardening, and it is a field which needs development. Each year more take it up as a profession. For those so inclined it offers unusually opportunities with good pay."

Consider Coast Artillery Unit

Major Fraser of the Coast Artillery was at the college last Friday consulting with the college authorities regarding the matter of establishing a unit of coast artillery here, in connection with the R. O. T. C. of the college. Major Fraser also addressed the men of the engineering division at the four o'clock seminar, Friday afternoon.

R. Goodman Returned from France.

Mr. Robert Goodman, a special in mechanical engineering here in 1917, has returned from France and is now assisting in the tractor laboratory work here for a short time.

Mr. Goodman was a mechanic in the 95th are squadron, first division. Out of the forty-seven victories that division won they had only nineteen casualties. Lieutenant Quentin Roosevelt was among those killed.

Mr. Goodman expects to go to Westmoreland soon where he has a contract for road grading work.

ATHENIAN ALUMNI ORGANIZED

Athenian and Browning Societies Presented with Electric Hot Plate

The alumni members of the Athenian Literary society gave a program in the Athenian-Browning hall Saturday evening. At this meeting the alumni association of the Athenian Literary society was formed. A meeting is to be held in the near future and officers will be elected.

The following ex-Athenians were present, H. E. Dodge, '13, Manhattan; R. W. Kiser, '14, Manhattan; I. E. Taylor, '13, Manhattan; F. A. Smutz, '14, Manhattan; W. E. Grimes, '13, Manhattan; John Collister, Casement ranch; D. V. Webe, Lehigh, and Ross B. Keys, '17, Boyle. Honorary members, Mr. and Mrs. G. H. Kiser.

The alumni association voted to duplicate the amount of money won by Athenian orators in any future intersociety oratorical contest. An electric hot plate was presented by Miss Vera Samuels on behalf of the senior class to the Athenian and Browning societies.

The Browning-Athenian literary society hall is the only one on the campus which has running water in the hall. The new hot two burner plate can be used now in order to have hot lunches in the hall.

After the program refreshments were served by the ex-Brownings and wives to the Athenian alumni. The following Browning alumni were present: Mrs. K. Knaus, '14, Mr. Zeigler, '14; Miss Helen Mitchell, '17; Miss Margaret Robinson, '17; Miss Ethel Arnold, '17; Mrs. R. W. Kiser, '15; and Miss Flora Monroe, '14.

Faculty Members Give Recital

The second of the series of Classical Lecture recitals which are being given by the faculty members of the music department will be presented Thursday in the auditorium at five o'clock. Miss Doris Bugby will have charge and will give the lecture. Everyone is invited to come. Attendance is required of all music students.

Miss Florence Whipple, boys' and girls' club leader from Brown county, has been spending a few days in Manhattan with her parents. Miss Whipple until recently has been with the extension department here.

BEEFSTEAKS ON THE RISE

Doctor C. W. McCampbell Points Out Difficulties in Meat Production

Beefsteaks will raise in price if cattle production does not increase according to Dr. C. W. McCampbell head of the animal husbandry department, in an address to the journalism students. Population is increasing each year two percent; but beef production is on a standstill.

Before beef production can be increased there are two big problems which must be met. First, more stable markets must be maintained. At present the markets fluctuate from hour to hour, the farmer may lose the savings of a life time in a shipment of cattle. Such conditions are not in accord with the law of supply and demand.

The second problem is the cost of production. In the future cattle must be fed more forage crops such as silage in order that the grains may be used for human consumption.

Doctor McCampbell told how K. S. A. C. had built up its animal husbandry department and acquired the fine stock which is now the property of the college, without any financial aid from the state. He also told the students of how the course in agriculture, which was put into the college at first and taught by one instructor had grown and expanded until it now covers far more territory and is divided into the various divisions with a specialist at the head of each division.

GIRLS IN DEBATE TONIGHT

AFFIRMATIVE MEETS PITTSBURG HERE—NEGATIVE GOES TO SOUTHWESTERN

Miss Eloise Morrison and Miss Jewel Sappenfield on Affirmative Team—Miss Ella Stinson and Miss Stinson on negative

The Aggie girl debaters are to meet Pittsburg normal and Southwestern college in a triangular debate tonight. The K. S. A. C. affirmative will debate the Pittsburg negative in the college auditorium tonight at 8:00 o'clock.

The negative team, composed of Miss Ella Stinson, junior in home economics, and Miss Elizabeth Circle, junior in general science, left for Southwestern yesterday. Both of the girls are working for their second debate "K" having debated against Washburn last year. Miss Ada Rice, assistant professor of English went with the girls as chaperon.

K. S. A. C. will be represented here by Miss Eloise Morrison, junior in home economics. This is Miss Morrison's first college debate. The team is captained by Miss Jewel Sappenfield, junior in home economics. Miss Sappenfield debated two years ago against Pittsburg. The question is "Resolved that the President's Cabinet should have seats in congress but no vote."

The Aggie men broke even in the final round of the pentagonal debates held Friday evening. The K. S. A. C. affirmative won from the College of Emporia by a two to one decision, and the Washburn affirmative won from K. S. A. C. negative here by same kind of a decision.

Our negative team which debated here was composed of Arnold England, S. J. Gilbert, and Selbert Fairman, captain. This team won from Ottawa by a unanimous decision a week ago. The Washburn affirmative was upheld by Kelsey Gardner, George Ashford, and Harry Anderson. The Aggie affirmative team which won from College of Emporia is composed of L. C. Binford, Lawrence Whearty and Oscar Steanson, captain.

Judges of the debate here Friday evening were Lieut.-Governor Charles H. Huffman, Superintendent Huesner of Salina, and Superintendent Steen of Beloit. Prof. E. V. James of the department of history, presided and introduced the speakers. A reception for the debaters was given in the Athenian-Browning hall after the debate by Pi Kappa Delta, honorary debating fraternity.

A. A. GRANT IN MANHATTAN

Is Only K. S. A. C. Man to Become an Ace in France

Captain Alfred A. Grant, member of the 27th Aero Squadron, and the only student of the Agricultural college who has the distinction of being an American Ace, besides having won the Distinguished Service Cross and the Croix de Guerre, arrived in Manhattan last week end for a few days visit. He was met at the train by a number of the members of the Sigma Nu fraternity of which he is a member.

The 27th Aero Squadron ranks second among American squadrons in the number of German planes downed. Captain Grant entered the first officers training camp at Fort Riley, where he made application for the aviation department. He was sent first to Canada to be trained for flying. It was in Canada that he joined the British Aero Squadron.

After finishing the course in flying he attended the ground school at Camp Waco, Texas where he received his commission as first lieutenant. Upon arriving in England he was transferred to the American army, 27 Aero Squadron.

Captain Grant received his discharge from the army two weeks ago. He expects to remain in Manhattan several days visiting friends before returning to his home in Denton, Texas.

Easter Cantata

On Sunday evening, April 13, at 6:45, the young people of the Baptist church will give a cantata, entitled "Love Triumphant," by Florence Kingsley. It is a story of the first Easter tide in verse and song. There will be splendid music by the octette.

MUCH REPAIR WORK DONE

TIN ROOFS OF ALL BUILDINGS TO BE FIXED—ROADS TO BE IMPROVED

Fire Escapes by Auditorium Being Painted—Much Work on Inside of Various Buildings To Be Done This Summer

General repair work on the college buildings has already started and the college grounds are now being cleaned up for spring.

The tin roofs of all the buildings are now being repaired. The roof on the gymnasium, which has caused some damage to the literary society rooms, has recently been fixed.

The two large fire escapes on either side of the auditorium have had the paint scraped from them and will soon be repainted.

Some improvements have been made on the roads, such as replacing the stone blocks which had fallen over. More extensive road improvements will probably be made later in the year.

The work that is to be done inside the buildings will probably not be made later in the year.

The work that is to be done inside the buildings will probably not be started until college closes. Extensive plans have been made along this line but as yet nothing definite has been decided upon.

Conduct Passion Week Services

Arrangements have been completed by the College Christian Associations and the Manhattan Ministerial Association to conduct a series of mid-day Passion Week services at the college this week. The committee was fortunate in having the opportunity to use two out of town speakers of considerable experience in mission fields to bring the messages on two of the days. Rev. A. M. Reed of the United Presbyterian church who speaks Thursday has visited the Holy Land and attended a prayer service in the Garden of Gethsemane on Thursday of Passion Week.

There will be special music for each day. The meeting will last just one half hour, and will be held in room 3, Fairchild Hall at 12:30 each day during the week. The program follows:

PASSION WEEK SERVICES

Auspices College Christian Associations and the Manhattan Churches. April 14 to 19, 1919.

Place F-3. Time—12:30 to 1 o'clock each day.

Program—Monday—Speaker, Dr. William Dring, Missionary of Assam.

Solo, Harold O'Brien.

Tuesday—Speaker, Prof. Paul E. Nilsson, St. Paul's College, Tarsus, Turkey.

Solo, Miss Katharine Kimmel.

Wednesday, Speaker, Rev. O. C. Moorman, Christian church.

Solo—P. T. Brainard.

Thursday, Speaker, Rev. A. M. Reed, United Presbyterian Church.

Music—Y. W. C. A. Octette.

Friday—Speaker, Father A. J. Luckey, Catholic Church.

Solo—Miss Pearl Hoots.

Saturday, Speaker, Prof. J. R. Macarthur.

Duet, Miss Robertson and Miss Findley.

Manhattan Street Cars

When conditions are stormy and unpleasant, Manhattan street-cars have an inconvenient habit of being out of commission. Let it rain a little, snow or sleet, and the cars come to a standstill wherever they chance to be.

In other words, whenever the students of K. S. A. C. or residents of Manhattan want to venture forth, when the weather conditions prohibit walking, the street cars lay down on the job.

Is it fair to their patrons? What if the local telephone, telegraph, and railroad service should all go on the blink every time the weather happened to be stormy? There is no excuse which can justify such evident disregard of the comfort of the public. Were it not for the taxi drivers we would be pitifully helpless. Will the owners of the street cars ever awaken to the fact that the cars, to be of any use to the public, should run regularly? Other cities have a reliable street railway service—why not Manhattan?

Brownings Give Special Program.

A program given by the new members of the Browning Literary society was a feature Saturday afternoon.

The program was very clever and full of surprises from beginning to end. Special features of it were the "setting up" exercises, Hawaiian quartet music, "They Were All Out of Step But Jim," dramatized, and the stunt which portrayed a smiling coquette in life.

After the program light refreshments were served by the new members.

COLLEGIAN CONTEST SPIRITED

Miss Paddleford Ahead with 515 Inches—Miss Sloop Second

Miss Clementine Paddleford, although not competing in the Collegian contest is far in advance of any of the contestants in the number of inches of printed matter, her record standing 515 inches at the beginning of this week.

Miss Caroline Sloop is now leading in the contest, with 308 inches to her credit; C. W. McCampbell is second, with 285 inches; and Miss Ione Leith is third, with 229 inches. The other seven who comprise the ten who stand highest are: Miss Mabel Bentley, 223; Miss Geta Lund, 149; Miss Blanche Lea, 128; Miss Elizabeth Dickens, 54; Miss Helen Colburn, 48; Miss Winifred Varner, 44; and Miss Ethel Ruthruff, 36. There are now 22 candidates.

C. J. Medlin, also a non-contestant has a record of 223 inches. Miss Paddleford and Mr. Medlin are barred from entering the contest because they are members of the Collegian editorial staff.

Plans for Student Activities

President Jardine has appointed a committee to make plans for taking up the work outlined by the Collegiate Vocational Guidance association. This committee will work out definite plans for the activities and the extent of the work of the college in connection with this association.

Professor H. L. Kent of the department of education is the chairman of the committee. The other members are, Mrs. Mary Pierce Van Zile, dean of women, and Dean Thompson of the home economics department.

Iver K. Johnston at Fort Riley.

Private Iver K. Johnston, a former student here, visited the college last Friday. Mr. Johnston spent two years in active service in France.

He was with Co. E, 110th engineers, 35th division, and reached the United States March 26. He is now stationed at Fort Riley.

LOCAL PROFS IN A. E. F. SCHOOL

Holton, Wentworth, Mutkowsky and Call on Teaching Force

The Kansas State Agricultural college is well represented among the teaching corps in the American Expeditionary Force University, which is located at Beaune Cote d'Or, France.

Four of the professors from the Kansas State Agricultural college are helping to make this school a success. Professor Holton of the Educational department is connected with the organization of the university.

At the present time, Professors Call and Wentworth of the Agronomy and Animal Husbandry departments respectively, and Doctor Mutkowsky of the zoology department, are on the faculty.

Doctor Mutkowsky has been detached to teach zoology in this university and while only a corporal himself, he has lieutenants and captains in his classes.

The university has about 500 buildings and more than 40,000 students. The work given here is a great opportunity for the American soldiers because they can have the same advantages of an education as at their home schools, and all of their credits for graduation will be applied on their courses in this country.

The American Expeditionary Force university will continue as an institution for there will be a large standing army in Europe for some time to come.

President Jardine, in company with Dean Farrell, Professor Dickens, John Gleissner, and Prof. C. W. McCampbell, attended the Annual Round Up at the Fort Hays Experiment Station, last Saturday.

OPPOSE H. S. FRATERNITIES

PAN-HELLENIC COUNCIL TAKES DEFINITE STAND AGAINST THEM

Are Frowned Upon by State Authorities—Cause Much Trouble in High Schools—Have But Few Good Points

The Pan-Hellenic Council of the men's fraternities of this school has finally taken up the subject of high school fraternities, and has decided to take a stand in accordance with the rules of the state and go on record as opposing these organizations.

Have Caused Much Trouble

This is a question that has bothered both the high schools and colleges of this state and other states for many years. Annually a number of men are expelled from high school for belonging to these groups, and thus they are kept from ever going to college. In the state of Kansas there is a strict law against the high school fraternities, and in many other states they have the same laws. Many large cities legislate against them even when the state allows them.

Need Concerted Action

In view of this situation, the Men's Pan-Hellenic of Kansas State has decided to take up the question and see if the schools in the surrounding country will not help in trying to keep the laws against high school fraternities enforced. If all the fraternities in this section would legislate against initiating members of high school organizations, their disappearance would only be a matter of time, is the opinion of men who have studied the situation.

Letters are to be written to the Inter-Fraternity councils of the following schools: K. U., Washburn, Baker, Nebraska U., Colorado U., Colorado College, Colorado School of Mines, Colorado College, Denver U., Oklahoma U., Oklahoma A. & M., Missouri U., and some others of the smaller schools. If concerted action can be gotten, members of the council say that results will immediately be forthcoming.

Taken Up by National Council

This is a matter that has long been in doubt in the Inter-Fraternity council meetings in New York, where the representatives of all the national fraternities meet to discuss their problems.

This council is the "Supreme Court" of the fraternities of the country, and at their last meeting, they declared themselves to be against the institution known as high school fraternities almost unanimously. The reasons given for this action were that the high school organizations had none of the good points of the college fraternities, were a constant source of trouble to the schools in which they had chapters and were never of any value in forming the character of the members. In fact, they showed that in most cases the outcome of a high school fraternity was detrimental to the average boy of high school age.

Go In a Few Years

It is thought by men high in fraternity matters that it is only a question of one or two years until every national fraternity of any standing will pass laws against initiating any man who has been connected with a high school fraternity. This will mean the death, and will be the final blow to the high school groups.

A study of the conditions attending the high school fraternities will show that the Pan-Hellenic of this school is only antedating the final action that is bound to come by the concerted action of the national organizations within a few years. It is thought that any action on the part of this body and the similar bodies of other schools will serve as a great help to the national fraternities when they take the final step.

Speaks at Federal Prison

President W. M. Jardine will give the commencement address at the graduating exercises to be held at the Federal prison at Leavenworth, Kansas, Sunday, April 20.

The inmates there have been taking correspondence work from about fifteen different courses here through the extension department. About thirty men will receive certificates for having completed the work.

DON'T MAKE A COW OF YOURSELF
Don't cut across the grass. This may be a cow college, but do not take it upon yourself to maintain a cow-path.

If you are late to class snub the temptation to take a short-cut. Remember that if you would forego that last five minutes in bed every morning, you would not only get to class on time, but avoid marring the beauty of an otherwise unusually attractive campus.

Nothing is so exasperating to the authorities, who have striven to make the grounds a model of their kind, as to have students deliberately ignore warnings. Nor do the majority of students take to it kindly. They are justly proud of the college and its campus, and hate to see a few thoughtless persons checker the lawn with unsightly paths.

Keep on the sidewalks. If they hurt your feet, pad your shoes with cotton.

TOOTHPICKS AND CHEWING GUM
The other day a certain boy exclaimed: "Of all the things I abhor, chewing gum and toothpicks are the worst!"

Can you blame him? No one can deny but that it is disgusting to see anyone bring a toothpick to class fifth hour, and deliberately pick his teeth. Somehow it is almost repulsive. You associate toothpicks with foul-smelling restaurants, paste jewelry, and checkered suits—not with supposedly well-bred college students.

Nor does the sight of anyone chewing gum particularly please your sense of the aesthetic. Some students shove two or three sticks of gum into their mouths, start out a breakneck speed, and soon sputter, and foam until anyone in the near vicinity is well-nigh driven insane. Don't you want to scream or commit suicide when sitting next to a gum fiend? It's a wonder someone don't.

Of these two things beware—toothpicks and chewing gum.

Really!—Yep—Worse Maybe!

Determined

The lawyer was sitting at his desk absorbed in the preparation of a brief. So intent was he on his work that he did not hear the door as it was pushed gently open, nor see the curly head that was thrust into his office. A little gob attracted his notice, and, turning, he saw a face that was streaked with tears and told plainly that feelings had been hurt.

"Well, my little man, did you want to see me?"
"Are you a lawyer?"
"Yes. What do you want?"
"I want"—and there was a resolute ring in his voice—"I want a divorce from my papa and mamma."
New York Globe.

Faults

Do not think of your faults; still less of other's faults; in every person who comes near you, look for what is good and strong; honor that; rejoice in it, and as you can, try to imitate it; and your faults will drop off like dead leaves, when their time comes.—Ruskin, in Ohio State Lantern.

STUDENT MIND

Dear Editor:

Some time ago I noticed a letter in the student mind regarding the cashing of checks on the Hill. Now it would seem to me that since the cafeteria handles most of the cash of the students that some arrangements might be made whereby we might have checks cashed on the Hill. The cashier of the cafeteria knows most of the students, and if it should happen that she does not the registrar could get hold of the writer of a bad check quicker than the merchants of Aggieville can.

It does not seem fair to me that the business men of Aggieville should be obliged to be a cash exchange for the students. Is there any one who can answer the question of how we students can get checks cashed at the college?

Another "Sufferer."

Dear Editor:

Have you ever stood in cafeteria line and been jostled and jammed and walked on and then glared on as if you had no business being there.

Maybe you have been next to the person in class who persists in talking all the time that the teacher is trying to bring out some important point and you miss it and consequently flunk a quiz later on. What is the cause of all this—lack of manners.

It has been said the K. S. A. C. is lacking in pep. What about the manners? A person is often judged by his manners not only here at school but when he gets out in the world and if he is lacking in manners not only he, is judged, but the school from which he came.

When people have good manners, they usually have a high moral sense and make better citizens.

K. S. A. C. is not a school of Fine Arts but let's have it a school of good manners.

JOHN B.

Dear Editor:

Who would dare to make the statement now that the student council is a forgotten thing of the past. Many students never knew there was such a thing as a student council at K. S. A. C. until the words, "no more week dances" reached their ears. The orders of this same council are sought eagerly by one of the largest newspapers of the middle west and on the front page of one of them recently appeared the heading "Aggies Can't Shimmy." The spirit of the dead surely walks abroad.

W. L.

Four Aggie Girls Specialize in Farming Courses

Though there are only four girls in college who are fitting themselves to be farmettes, they have the distinction of making grades which are considerably above those made by the average Aggie student.

These four girls are Miss Blanche French, Miss Clare Higgins, Miss Florence Butler, and Miss Luella Schaumburg.

Miss Blanche French, who is a senior in animal husbandry, is from Hamilton. She expects to manage her grandfather's farm. Both Miss French and Miss Higgins have a preference for stock farms, and intend to go into beef production.

Miss Clare Higgins, who is from Hiawatha, also a senior in animal husbandry. She is uncertain as to whether she will run a farm next year, but intends to in the near future. She has recently been awarded a "K" for participation in girls' athletics.

Miss Luella Schaumburg, who is a junior in agriculture, is from La Crosse. She is specializing in dairying, and judging from her grades, she will make a successful dairy maid.

Miss Florence Butler is the only prospective farmette who is not from this state. She is a special in agriculture and from Elliot, North Carolina, where her father, Ex-senator Butler, owns a large farm of several thousand acres. She has not decided what she will do when she finishes school.

A Freshman knows not and knows not that he knows not—Pity him.

A Sophomore knows not and knows that he knows not—Help him.

A Junior knows and knows not that he knows—Show him.

A Senior thinks he knows and knows that he don't know—Don't respect him.—Ex.

One-fourth off on all spring and Easter hats at Aggieville Millinery.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

LOOK INTO THIS

Times Have Changed

Miss Hesse in Spanish: "How many people live in a city?"

Student. "Thousands of brothers." (In Spanish.)

Miss Hesse interrupting: "I know in biblical times we were all considered brothers but it is hardly permissible to say that now."

Another Sort of Homesickness

When the Aggie bachelor professor confessed that he had never known the pangs of homesickness, a student suggested that if he had a home and wife he might then be able to sympathize with the feeling.

"Probably,—if she were here," said he.

There's More Than One Way, Etc.

The Senior: I've just found out why the college authorities always insist on everybody's being assigned to a first hour class. It's the only way they have of enforcing the 10:30 o'clock rule without applying force.

Poor Eats

One of the girls got too large a piece of sodium hydroxide in Chemistry the other day so she bit off part of it. She says, however, that it is a bad policy and advises no one else to follow it.

Truthful Isaac

After being happily married, Isaac Mock is back in school. He says he cannot support a family on his present knowledge.

The Co-Ed's Wish

Flunk! Flunk! Flunk!
On the sad, blue tests—Oh, Gee!
Would that my pen could write
The thoughts that are not in me.

Try It When You Need a Change

Chemistry Prof.: "What kind of a change takes place when nitroglycerin explodes, Mr. B.?"

Mr. B.: "A change of scenery."

The Ultimate

Ellen Jones says: "Some people are even too lazy to try to be clever."

Combs is fat,
And not very simple,
And girls! when he smiles
Just notice the dimple.

Flossie—"What is the breath of suspicion?"

Jimmie—"The one that has cloves on it, Flossie."

Pneumonia or Paddling Freshmen Have Choice

To wear or not to wear it, that is the question that confronts the poor, down-trodden frosh this morning. If he don't wear it he may have to come to class some morning wearing a barrel, for the innocent swiping of frosh clothes, became almost a pastime with the upperclassmen last year. It is a favorite punishment for the failure to decorate one's head in the proper manner, say the upperclassmen. Or, he might find himself exploring the bottom of Potter's lake. This is a favorite trick with the upperclassmen in the School of Engineering.

Then again, if he does wear it, influenza, pneumonia, at least a bad cold may result. Still again. The frosh cap is not a water-shed in the strictest sense of the word, unless the shedding of water down the back of the neck and into the eyes can be considered the function of a water-shed. The precipitation last night and this morning was one and one-half inches, the approximate amount of water which entered the collar of the unoffending frosh was probably one-half inch. The amount that exited from the posterior opening is probably not more than one-fourth inch. Amount absorbed: one-fourth inch.

Now, the weather forecast for today is rain or snow and considerably colder. Don't think dear freshman, that you're getting the worst of it, however, for it is a matter of social history when seniors were freshmen it rained from April 1 to June 2, without cessation.—University Daily Kansan.

A milkman draftee makes a novel complaint. "I like the army life," he writes to the Boston "Transcript," "only it's mighty hard to lie abed until 5:30 in the morning."

RIMES OF A K. YOU STUDENT

CANTO I.

I always go to SPOONER
Along the hour of eight,
And study, study, study,
Until I find a date.
(She was a History student.)

CANTO TWICE

I go to all the dances
You may think me unique,
I sit out all my dances
To study the musiquae.
(She was a Fine Arts student.)

CANTO TRIO

I go to all the buildings
To Profs. I talk some,
For every brainy news Ed
I have to run and run.
(A Newspaper I student.)

CANTO and QUAD

I always stand upon the steps
I am the Freshman's bane,
I very rarely carry books
But on! the mighty cane.
(The Law Student.)

CANTO FIVE

I almost never tie my tie,
I never comb my hair,
I cuss and do must anything,
There are so few girls there.
(Then Engineer student.)

CANTO SEXTET

I go into that funny place
With all those dear chimeys,
The formulas and all the dope
They nearly give me jimmies.
(The Chem. Disciple.)

CANTO SEPTUS

I know the Is that Wasn't
I reason why you are,
Your really aren't after all,
But then—why go so far?
(The Philosophy Shark.)

CANTO OCTET

I study all about my head,
And nerves I will explain,
But know my eyes and ears and
nose,
And know why heat or pain.
(Psychology. s! h-h.)

CANTO THE FINISH

I pass my fifteen hours
To every dance I go
The Senate is my nightmare.
And oh I love it so.
(ALL OF US.)
—University Daily Kansan.

Keep Off The Grass

Keep off the grass! You see these signs on campus grounds and parks:
Man has to be reminded, as upon the lawn he starts,
To walk and tread green nature down until it almost dies,
Without one thought of well-kept lawns,
Or the work involved, caused by the storms,
Of careless ones of various size,
Whose tramp and stamp the lawn destroys.

Keep off the grass! No need for signs, if men would use their thoughts

And keep their feet upon the tracks which are known as CEMENT WALKS:

These walks were made for you and me; the lawn was made for grass;

In vain man's labor and his toil, If you walk and stamp the grass-greened soil;

You are making life a farce By neglecting walks which were made for you,

And taking to grass like an ass.

Keep off the grass! Please bear in mind that fences and barbed wire

Are mostly used by farmers to keep the cattle they acquire, But look unsightly on a lawn to all the folks who pass.

Belittle man's intelligence as he's supposed to know

That walks were made to tread upon, but the grass is there to grow.

So, one and all, JUST WATCH YOUR STEP, and please keep off the grass.

—Edgar Tubby.

She Know

For an hour the teacher had dwelt with painful iteration on the part played by carbohydrates, proteids, and fats, respectively, in the upkeep of the human body. At the end of the lesson the usual test questions were put, among them, "Can any girl tell me the three foods required to keep the body in health?"

There was silence till one maiden held up her hand and replied: "Yer breakfast, yer dinner and yer supper."—Ladies Home Journal.

In College Society

Sigma Phi Epsilon

Dr. J. R. MacArthur and Mr. Paul Fetzner attended the Messiah festival at Lindsborg Sunday.

Mr. Clyde Beckett left Friday morning for Wichita where he will spend a few days.

Prof. R. W. Conover of the English department, was a dinner guest last Thursday evening.

Mr. Jack Hill and Mr. Ship Winter spent the week end at their homes in LeCompton.

Sunday dinner guests were Mrs. P. M. Bushong, Miss Marian Clark, Miss Netta Dubbs, Miss Madge Locke, Miss Winifred West, Miss Bernice Klotz, Miss Garnett Grover and Miss Ethel Roop.

Alpha Delta Pi

The Alpha Delta Pi sorority announced the pledging of Miss Gladys Bushong, sophomore in general science.

Mr. Harold Hiltz of Kansas City, was a guest at the house Friday.

Miss Helen Lawrence spent Sunday in Junction City.

Miss Ruth Lambertson and Miss Ruth Garwin visited Thursday afternoon with Miss Jamie Cameron who is ill at the Junction City hospital.

Mr. and Mrs. George Ferrier were dinner guests at the house Sunday.

Miss Evelyn Glenn and Mr. Ralph Nixon visited Miss Jamie Cameron at Junction City hospital Friday afternoon.

Pi Kappa Alpha

Mr. William Orr was a dinner guest Wednesday evening.

Mr. Coleman McCampbell is away this week on a trip with the advanced farm management class.

Mr. Claire Downing was absent from classes the latter part of last week on account of illness.

Mr. Ralph Nixon spent Friday in Junction City on business.

Mr. Robert Reed of Kansas City, who was a member of the Beta Gamma chapter at Kansas university, was a Friday and Saturday visitor at the Pi Kappa Alpha house. He is a reporter on the Kansas City Star.

Delta Zeta

Delta Zeta entertained the Sigma Nu fraternity Saturday afternoon between four and five-thirty.

Miss Bessie Kennedy of Washington was the guest of Miss Ada Robertson.

Miss Nell Baker and Miss Grace Baker came Friday from Baldwin to be the guests of the chapter for a few days.

Miss Ada Robertson attended the week end house party at the Y. W. Hostess house at Army City given for the members of the first cabinet of the college Y. W. C. A.

Purple Mask Pledges

The Purple Masque dramatic organization held formal pledge services Monday evening at five o'clock for Miss Florence Rowles, Miss Florence Banker, Miss Winifred West, Miss Ella Stinson, Mr. Harold Woodward, Mr. Carol Barringer and Mr. Vorin W. Wahn.

Enchiladas Party

The Enchiladas gave their spring dancing party Friday evening, April 11, at Harrison's hall.

The music was furnished by the "Deep River Jass Band" of Salina.

The chaperones were Miss Katharine Kimmel and Prof. A. E. Westbrook and Mr. and Mrs. Z. G. Clevenger.

Forty couples were present.

Axtex

Miss Alpha Christman of Wichita, who is visiting at the Alpha Delta Pi house was a dinner guest at the house Sunday.

Mr. Dave Wooster spent the week end at the house.

Prof. and Mrs. Hugh Durham were Sunday dinner guests.

One-fourth off on all spring and Easter hats at Aggieville Millinery.

School of Agriculture Party

The school of agriculture gave a party Friday night in the girls' gymnasium.

The evening was spent in playing games and having various contests after which light refreshments consisting of sandwiches, pickles, coffee, and cookies were served to eighty guests.

The chaperones were Dean and Mrs. J. H. Zahnley, Miss Wilma Orem, Miss Margaret Russel, Mrs. Don L. Burk, and Miss Hungeford.

Spring Dancing Party

The Sigma Phi Delta fraternity entertained with a spring dancing party Saturday evening April 12, in Elk's Hall. Pink carnations, ferns and potted plants were used as decorations. The music was furnished by Maupin's five piece orchestra.

Punch and wafers were served during the evening.

The chaperones were Dr. and Mrs. R. R. Dykstra, Prof. and Mrs. Hugh Durham and Mr. and Mrs. Robert Spilman.

Forty couples were present.

Pi Beta Phi

The Pi Beta Phi sorority announced the pledging of Miss Helen Thair of Manhattan.

Miss Louise Rathman of Wichita, was a week end guest at the house. Miss Rathman came to attend the Sigma Phi Delta formal.

Miss Willma Roark spent the week end in Junction City with her mother.

Miss Helen Lawson was a Sunday dinner guest at the house.

Sigma Alpha Epsilon

Mr. D. H. Gish of the University of Nebraska was a guest at the house last week.

Mr. Donald Gorham of Garden City and Mr. Hile Rannals were dinner guests Sunday.

Mr. Roger Day spent the week end at his home in Glasco.

Mr. Joe Sawtell is expected to return this week from his home in Kansas City.

Chi Omega

Miss Alice Dawson, '18, was a guest at the Chi Omega house Thursday.

Miss Annette Perry of Topeka was a week end guest.

Miss Enola Miller left Sunday for her home in Belleville where she will spend the first of the week.

Shamrock

Mr. Charles H. Cloud and Mr. Harold B. Combs spent the week end at Lawrence. Friday evening they attended the Kappa Sigma party.

Mr. Floyd M. Pickrell spent the week end in Russell.

Tri-K Initiation

The Tri-K announce the initiation of C. F. Laude, Karl Quisenberry, G. L. Kelley, G. Y. Blair, and Turner Barger.

Sigma Nu

Lieut. L. G. Gross who has just returned from France was a guest last Tuesday and Wednesday.

Captain A. A. Grant who has just returned from France arrived in Manhattan Friday.

Miss Florence Neely and Miss Dorothy Neely were dinner guests at the house Saturday.

Mr. Clifford Auble was a dinner guest Sunday.

Formal pledging ceremony was held Sunday morning for Mr. Sylvester Joy Coe and Mr. Raymond Covert Pyley.

Mr. Carroll Barringer left Monday morning for a trip about the state with the advanced Farm Management class.

Mr. Ellet Robison spent the week end at his home in Towanda.

Delta Delta Delta

Miss Alma Bauersfeld visited her parents in Yates Center over the week end.

Miss Louise Rathman of Wichita, was a Sunday dinner guest at the Tri Delta house.

Miss Helen Calkins and Miss Winifred Varner spent the week end at their homes in Burlingame.

Miss Marguerite Dodd, '14, who has recently returned from France where she was employed in canteen work, was a dinner guest Sunday.

Miss Mary Haach spent Saturday night at Fort Riley with her sister who is a nurse there.

Luncheon

Dr. and Mrs. J. E. Ackert and Coach and Mrs. Z. G. Clevenger entertained the junior and senior members of Delta Delta Delta with a five o'clock luncheon Sunday afternoon at the Ackert home.

Mrs. Ackert and Mrs. Clevenger are two of the patronesses of the Tri Delta sorority.

The guests were Miss Mary Haach, Miss Ivy Barker, Miss Fay Young, Miss Elizabeth Boon, Miss Adelaide Seeds, Miss Elizabeth Burgnor, and Miss Gladys Woodard.

Apron Overall Party.

The new members of the Webster and the Eurodelphian literary societies who were appointed to clean the store room of the Web-Euro hall made a get-acquainted party out of their work. They invited Miss Florence Hunt and Miss Grace Averill and the new members of both societies to an apron-overall party.

After finishing the work of cleaning, the Websters served sandwiches and ice cream.

Axtex House Dance

The Axtex fraternity entertained Saturday evening, April 12, with an informal dancing party at the chapter house.

Eighteen couples were present.

Sam Simpson, freshman in general science, spent the week end at his home in Salina.

Beta Theta Pi

The seventeenth fraternity district of Beta Theta Pi held its reunion here at the chapter house, Friday, Saturday and Sunday. Representatives from the University of Kansas and from the University of Nebraska and alumni attended the reunion.

The members from the University of Kansas who attended the Beta Reunion were Charles E. Hall, Leonard Williams, Victor Tomlinson, Bernard Jensen and Curtis Nettles. Those who came from the University of Nebraska were Delos Anderson and Richard Triplett.

Clarence I. Spellman was a guest at the Beta house this week end.

Beta Theta Pi fraternity announces the pledging of Mr. Wade McFarland and Mr. Warren McFarland both of Chase.

Mr. Milton Labadie spent the week end visiting his sister at Mexico, Mo.

Mr. George VanderVeen, a graduate chemist from the University of Chicago, has been secured to take the place left vacant by Prof. Louis Andereg in the feed and fertilizer control department. Mr. VanderVeer graduated in 1917 and since then has been employed as a chemist with Armour and Company in Chicago.

Sigma Phi Delta

Mr. and Mrs. Jerry Chapin, Miss Gayle Kobes, Miss Elizabeth Adams, Miss Marine Fitzgerald, Mr. M. C. Rutter, and Mr. Warren Rutter were dinner guests Sunday.

Mr. Donald Droll of Kansas university and Mr. R. S. Calbert of Washburn visited here Saturday evening.

Mr. John Heaton of Norton spent the week end here. Mr. Heaton was a freshman in the college last fall.

Alpha Theta Chi

Mr. N. W. Helm spent the week end at his home in Ellinwood.

Mr. Nat P. Woods spent the week end at his home in Ellsworth.

Student.

"Why is time short in the Spring?"

Second Student. "I guess it's because in the spring the wind blows two or three days out of every week."

U. P. Church Has New Sign Board.

The United Presbyterian church, on the students' pathway to town, has put up a new electric bulletin board, where will be seen the announcements for the Pre-Easter services.

Tuesday, Wednesday, Thursday and Friday evenings at eight o'clock conducted by different organizations of the church will be held. The students are especially invited.

George VanderVeen in Feed Dept.

Mr. George VanderVeen, a graduate chemist from the University of Chicago, has been secured to take the place left vacant by Prof. Louis Andereg in the feed and fertilizer control department. Mr. VanderVeer graduated in 1917 and since then has been employed as a chemist with Armour and Company in Chicago.

Albert F. Yeager, '12, has recently become a horticulturalist of the North Dakota Experiment Station of the Agricultural college of North Dakota.

Takes Scottish Rite Degrees
Professor J. E. Kammeyer, of the
economics department spent several
days in Topeka last week. While
there he took the Scottish Rite degrees
of the Masonic order. He was also
elected president of the class com-
posed of members taking the degrees
at that time. Jacob Lund, superin-
tendent of heat and power, is also a
member of the same class.

Doctor Henry B. Ward Here
Dr. Henry B. Ward, professor of zo-
ology in the University of Illinois,
will address the fifty-first annual
meeting of the Kansas Academy of
Science, Friday evening April 18 in
the domestic science hall. His sub-
ject will be "Conservation of Our
Aquatic Resources."

Dr. Ward is a scientist of some note.
He was formerly dean of the medical
school of the University of Nebraska,
and has been a leader in the move-
ment to conserve fish and keep
streams pure. Dr. Ward will ad-
dress the student assembly while he
is here.

Papers will be presented at the
meeting by President Jardine, Dean
Thompson and Dean Potter.

O'Henry Popular with Students
Out-side of the material used in
connection with the regular classes
here, probably the books that are read
most by the students are those by
Sidney Porter, commonly known as
O'Henry.

This library does not try to keep up
on fiction as a public library does,
and the average student has no time
for reading other than his assigned
work.

Freshmen Sneak Dates Ended Disastrously

At one of the sorority houses sev-
eral nights ago, two of the freshmen
chafing under the strict week-night
rules, decided to have a little sport
all their own.

They linked themselves together by
means of a rope around their waists,
and climbing cut an upstairs window,
managed to gain access to the top of
the roof. There they had a great
time scampering about in the open,
high above the rest of the Greek let-
ter world.

The night was warm and pleasant,
the air fragrant and the sky overhead
clear. They found themselves imag-
ining that they were on the peak of
some western mountain, and soon
were lost in dreams of daring ro-
mance.

Unfortunately though, one of them
received a telephone call about this
time.

"Mary Ellis! Mary Ellis!" called one
of the upperclassmen. "The phone!
The phone!"

No answer.
"Now where can she be?" mused
the upperclassman aloud. "Who
knows anything about her?"

"Not I," answered a dozen or more
in acclaim. And what's more, they
demanded, "where is Clara Bell?"

"Why those two brazen freshmen!"
exclaimed a senior. "I wager they
are having sneak dates."

The two on the roof giggled ever
so softly. They were elated over the
disturbance they were creating. Only
one thing bothered them—how were
they going to get back to their room
without being discovered?

After waiting until the house was
dark and quiet, they decided to try
their luck, and gently lowered them-
selves through the window into their
room.

They had no more than touched the
floor than the lights were suddenly
switched on with a blinding brilliance.
They found themselves surrounded by
a whole sea of accusing faces.

"You would, would you?" tormented
the senior members. "Well then,
follow us below."

There like meek lambs on the exe-
cutioner's block, they were forced to
bend over the table and receive a
severe round of paddling.

Soldiers Worry About Jobs Waiting at Home

The soldiers still overseas are wor-
rying about the job that should be
waiting them at home. They will ap-
preciate a job more than they will ap-
preciate a lot of speeches. This is the
thought of an editorial appearing in
the Cro, for March 3, 1919. The Cro
is a magazine published at Brouges,
France, by the central records office,
and other nearby camps. Tom E. Pow-
ers is the managing editor.

The editorial is quoted in part:
"When the war was declared, it was
up to the soldier to fight it. When he
was sent to the training camp, it was
up to him to make good. When he
was sent to France, it was up to him
to see it thru. When he got to France,
he faced difficulties so colossal that
it defies description, and it was up to
him to overcome them. When the or-
der was given to go to the front and
teach the guerillas some Yankee man-
ners it was up to the soldier to exe-
cute that order. When the command
was given to go over the top, it was
up to the soldier to go over, and—he
did, and it was up to him to win the
war and that too he did, all because
it was up to him.

"But now that it is all over, now
that it is a thing of the past and I
must eat and sleep and take care of
my family—How about a job?"

"Will the answer be 'It is up to you
to find one?'"

"Dead sure! One hundred to one
that will be the exact answer.

"The soldier does not want honors.
He does not care to be heralded as a
saint. All he wants is a square deal.
He wants a job. He has done his duty
in upholding the traditions of his
country.

"He wants a job where he may feel
that it will develop into a future. He
wants a lucrative job where he may
provide for his dear ones and cause
them to be happy. He wants to work,
to resume his normal duties to his
family and to society. That is what's
in his mind just now and as much as
he will appreciate the great welcome
with the brass bands and the acclama-
tions of his fellow men, he will ap-
preciate above all, a chance to get back
to work."—Topeka Capital.

COLLEGE WORKS WITH CITY

ENGINEERING DIVISION IS HELPING PLAN FOR AGGIEVILLE DRAINAGE

Install Water Meter by Bridge of South Gate of Campus to Estimate Amount of Water To Be Carried Off.

The Manhattan Chamber of Commerce has promised the students of K. S. A. C. to take action upon the drainage of Aggieville providing that the engineering division of the college will aid in the working out of suitable plan. This plan must be one which could be worked out at a reasonable cost.

must be taken before drainage work pressed its willingness to meet with the city engineer at any time for the purpose of talking over the matter.

The college has at present no definite plans for this drainage except a few details which were worked out before. However, they are now planning to install a water meter by the bridge at the south gate of the campus for the purpose of estimating the exact amount of water which must be taken care of in case of draining. This is one of the first steps which must be taken before drainage work could be started.

Four hundred and eighty acres drains into the culvert which runs along the south side of the college. Only a small portion of this area drained is college ground. This water has no suitable outlet after reaching the southeast corner of the campus. It takes two courses there, one down Moro street and the other down Blumont avenue. The basements of the stores in Aggieville are often filled with several inches of water and the streets are impassable.

Ray H. Pollom, owner of the Co-Op book store said, "The basement of the store is of practically no use because it is always damp and books and papers which are stored there are sure to mold."

George Schute, owner of the Students Inn, said, "Days when Aggieville is flooded business is stopped for the water is so deep that the side walk in front of the Inn is impassable. Often the water runs into the Inn from both the rear and front doors."

The water always runs into the basements of the homes situated in the low sections of Aggieville. Many of the yards are strewn with flood trash. The streets which flood are always left with a thick sediment of yellow mud, which requires several days to clean up.

The velocity of the water in the ditch across the campus has been measured and it equalled 300 feet in thirty seconds according to specialists in the engineering division. They also assert that water is going at a still greater velocity when it pours thru the ditch along the campus.

Several years ago the students of the college determined the drainage area. It was at this time that the bridge by the south gate was built by the college. Before this culvert was built the entire road was a flood during the rainy season. It was then impossible to reach the campus from the south entrance.

That Aggieville can be drained and should be drained is the belief of specialists of the engineering division. They are willing to talk with the city engineer at any time on the matter. Although they have no plans worked out they are willing to look into the matter with the city engineer and offer suggestions.

The students of the college are really becoming concerned about the problem of the drainage of Aggieville. They are tired of making ducks of themselves every rainy morning. It has become a serious problem among college people, for it means wet feet, no street cars, absences from classes, and innumerable other inconveniences.

Charles Davis Visits Manhattan

Charles Davis, '13, visited in Manhattan last week end on his way to Chicago to join Cimer's Chautauqua band. Mr. Davis is a solo cornetist. They will tour the western states.

Mr. Davis recently received his release from the navy. He was in the Atlantic fleet but at the time of his release was attending Officer's Material School at Palham Bay.

Landscape Gardening Library Exceeds

In an endeavor to find out about other books, Mr. Doerner wrote to several colleges, inclosing a list of the books here, and asking for information regarding any which he might secure for the department. None of the colleges could give suggestions for improvement, while all replies seemed to indicate that K. S. A. C. had an unusually good library.

In looking for books in the library, it is necessary to hunt for them under a number of headings, such as parks, cemeteries, landscape gardening, civic improvements, gardening, forestry, trees, shrubs, flowers, and playgrounds. They are considerably scattered and total 712.

For the amateur Sedgwick's Garden Month by Month is probably the best. Others which are good for beginners are Waugh's Landscape Gardening, several books by Samuel Parson, The Tree Doctor by Navy, Civic Art by Robinson, and a number of other books on special subjects.

SET DATE FOR MAY FETE

Big Festival to Be May 17—Queen's Consort Chosen

Lola Sloop, queen of May, will be crowned at the May Fete which is to be held May 17. She has chosen as her attendants, Rowena Turner and Georgia Moffitt, from the freshman class; Mary Francis Davis and Helen Sloan from the sophomore class; Elsie Cuthbert and Hettie Carris from the junior class; Velma Carson and Sarella Herrick from the senior class; and Vera Samuel and Greeta Gramse. The queen is to choose the men who are to carry the chariot but as yet this has not been done.

Two May poles are to be wound by representatives of the different Literary societies.

Miss Loring has a new idea for the May Fete and says "More elaborate costumes and color schemes will be used this year than last because we do not have to conserve now."

One booth will be the headquarters for ice cream and cold drinks and boys and girls will go among the crowd selling cones and pop.

The ticket sale will begin a week before the Fete and will continue for several days. Admission is to be twenty five cents and reserved seats may be had for a small extra charge.

The May Fete committee is composed of Miss Inskeep and Greeta Gramse, representing the Y. W. C. A.; Miss Loring from the physical training department, Lucile Heizer, representing the Girls' Athletic Association and Floyd Hawkins and Ike Gatz, representing the Y. M. C. A. They promise something new and interesting for this year.

Registrars Meet in Chicago

Miss Jessie MacDowell Machir, registrar of the college will attend the ninth annual meeting of the American Association of Collegiate Registrars which will be held at the University of Chicago on April 24-25.

The program, which will center on college administrative problems which are an outcome of the war, calls for addresses by President Judson and Professor C. H. Judd of the University of Chicago, Registrar W. D. Hiestand of the University of Wisconsin, Dean W. V. Bingham of the Carnegie Institute of Technology, Dean K. C. Babcock and Registrar C. M. McConnell, the University of Illinois, Registrar Raymond Walters, of Lehigh University, Registrar Ross Jewell of Syracuse University, Assistant Registrar E. J. Grant of Columbia University, and Dr. Robert L. Kelly, Executive Secretary of the Association of American Colleges, and J. R. Hanna of the U. S. Bureau of Education.

A feature will be a paper from abroad sent by Professor John Erskine, head of the Army Educational Commission, Paris, on the "A. E. F. university and its work overseas."

C. R. Enlow Home for Easter

Mrs. J. Enlow received a telegram from her son, Lieut. C. R. Enlow that he had landed safe at Charleston, S.C.

Lieutenant Enlow who was a senior in animal husbandry here last year has been engaged in instruction work in aviation in France since last September.

He expects to get his discharge and be at his home in Manhattan for Easter.

Miss Mary and Miss Margaret Crumbaker will spend the week end with their parents Mr. and Mrs. A. J. Crumbaker of Onaga.

ACADEMY MEETING HERE

KANSAS ACADEMY OF SCIENCE WILL MEET HERE APRIL 18 AND 19

Many Prominent Speakers—Dr. Ward of University of Illinois To Give The Principal Talk—Banquet Friday Evening

A number of the members of the faculty of this college will speak at the fifty-first annual meeting of the Kansas Academy of Science, which is to be held here Friday and Saturday, April 18 and 19. The last meeting held here was in 1903.

Meetings will be held in the chemistry lecture room beginning at ten o'clock Friday morning and ending on Saturday afternoon. Everyone is welcome.

Among the most interesting papers to be read are those on "A Study of Influenza in the University of Kansas" by N. P. Woodward and the "Flu" Among the Navajos by Albert B. Reagan.

Several graduates of the college will speak. Robert E. Mohler, who is now at McPherson, Kansas, will give a paper on Alchism and Heredity. W. Knaus will speak on "A New Check List of Coleoptera", and give some notes on Strategus. Elma Bartholomew, who is doing work in Rooks county will speak on Edible Mushrooms in Kansas.

A banquet will be given in the mess hall on the campus, Friday evening at six thirty. The plates are seventy five cents and every one is welcome. L. E. Sayre, dean of the school of Pharmacy at K. U. will be toastmaster. After dinner speeches will be given by President Jardine, Dr. Henry Ward, and others.

The meeting Friday night will be held in the home economics hall at eight o'clock. Dr. Henry D. Ward of the University of Illinois will speak on the subject of the Conservation of Our Aquatic Resources." Dr. Ward was for several years dean of the Medical School at the University of Nebraska.

Among the faculty members who will speak at the meeting are: Prof. R. K. Nabours, Prof. J. S. Hughes, Prof. R. A. Seaton, Dean A. A. Potter, Dean Helen B. Thompson, Prof. J. O. Hamilton, Mr. John Parker, Mr. P. L. Gaine, Prof. L. D. Bushnell, Prof. J. Merrill, Prof. L. E. Melchers, Dr. James Ackert, Mr. S. C. Salmon, Mr. C. O. Swanson, Prof. W. A. Lippincott, Mr. E. A. Stewart, Mr. W. P. Hayes, and Dr. Mary T. Harmon.

K. S. A. C. Men Are Famous in War J. B. Thoburn, '94, is secretary of the Oklahoma Historical society with offices in the State House in Oklahoma City.

He writes "I was just looking over the college honor roll in the Industrialist. I not that Harry Gilstrap, '91, is listed as a captain. Harry has held the rank of Major almost since the time he entered the Federal service, two years ago. His son, Lee F. Gilstrap, was cited for a distinguished service decoration when he was just past his eighteenth birthday. The lad cleaned out a German machine gun nest."

"Major Charles L. Barrett, Oklahoma National Guard, who has been an officer ever since the Oklahoma National Guard was first organized, nearly twenty-five years ago, was a student at K. S. A. C. in 1881-1882. Major is now acting Adjutant General of Oklahoma."

Engineers Visit K. C.

The senior electrical and mechanical engineers went to Kansas City on Thursday to visit places of interest in that place. They were accompanied by Prof. C. E. Reid, of the engineering department, Professor Calderwood, of the steam and gas department, and Professor Fitz of the milling department.

They will visit the Packing Companies, the Loose-Wiles Biscuit Co., the Kansas City Star, the Power House, the Union Terminal Station, the Structural Steel Co., the South Western Mills, and the telephone company.

They will return on Saturday night. John R. McClung, instructor in the department of bacteriology, has not been able to meet his classes for a week on account of illness.

AGGIES TAKE FIRST GAME

ST. MARYS BEATEN IN THE TENTH INNING BY A SCORE OF 12 TO 8

Home Run by Dickie Richardson With Bases Full In Tenth Inning Spelt Victory—Freshmen Out This Week

The Aggies started the baseball season at St. Marys Wednesday with a win to their credit. The game was exciting throughout, although it was not a good exhibition of baseball. An extra inning was necessary to decide who would carry of the honors. Both teams were slow and six errors were made on either side. Magrath, pitching for the Aggies, was saving his arm for the more important games of the year and the St. Mary's team obtained eleven hits off him.

Aggies Good Hitters

The Aggie were the leaders as far as the hitting was concerned, and Coach Clevenger reported that the Purple nine hit much better than he had expected. Two home runs were made in the game, one by "Shorty" Foltz and the other in the tenth inning with the bases full by "Dickie" Richardson. Richardson totaled three hits, Cowell made two and Magrath counted two.

The Aggie lineup was as follows: Magrath, pitcher; Burton, catcher, Clarke, first base, McCullom and Cowell, second base, Richardson, short stop, Hixson, third base, Swingle, left field, Snapp, center field and Foltz, right field.

Score by Innings:

1 2 3 4 5 6 7 8 9 10 R. H. E.

Aggies 0 2 0 5 0 1 0 0 4 12 15 6

St. Marys 1 0 0 3 0 2 0 0 2 8 11 6

First Game Here Saturday

The first game on the home diamond will be played here Saturday with the 10th Infantry team of Fort Riley. The game will start promptly at 4 o'clock on the college diamond. The coach urges all who have promised to buy tickets to do so before Friday night.

The game Saturday will be a test of the strength of the Aggies. The team from the fort is composed mostly of professional baseball players, most of the men having played on some big league at sometime during their civilian life. The star of the team is Van Studdiford, playing at first base. Van Studdiford played last season with the Boston Red Sox and expects to return to this team as soon as he is discharged from from the service.

Both Magrath and Otto will be used on the mound in this game, with Burton behind the bat. Hixson, the regular third baseman will be out of town Saturday and McCullom will be shifted to third with Cowell on second.

This game on the home diamond should call forth all of the baseball fans of the city. Without a city team Manhattan should furnish a fine representation for the college games and it is thought from the way tickets have been selling that the Athletic department will not be disappointed in allowing baseball this season. However, the continuance of the season depends largely on the turnout for this first game.

Freshmen Called Out

Coach Schulz has issued a formal call for the Freshmen who wish to don uniforms to appear on the diamond tonight ready for the initial practice. The freshman class has abundant material to furnish a first class team and it is hoped that a large number of applicants will be out for the first practice tonight. The Freshman team after they have been given their preliminary workout will have a game each evening with the Varsity.

Captain Dudley Attends Oxford

Word has been received from Captain Hugh Byron Dudley, who at present is touring Scotland and Ireland, that he has been chosen as the only representative of the Thirty-fifth division to attend the next term at Brasenose college, Oxford university in England.

He will take up the Modern History course beginning April 21. The term will close June 20 after which Captain Dudley will return to the States.

Karl Knaus attended a district conference at Concordia last Thursday.

Nine Foreign Students Enrolled

Though seven foreign countries are represented at K. S. A. C. the number of foreign students only totals nine.

Mexico, Brazil, China, Greece, Russia, Philippine Islands, and Armenia are the countries represented. E. V. Gomez and I. V. Gomez are from Mexico, Benedicto de Oliveira, and Alvaro V. Ramos from Brazil, Foley Kiang from China, C. D. Calogieris from Greece, A. E. Dabrohotov from Russia, Joaquin B. Martinez from Philippine Islands, and M. M. Muguerditcher from Armenia.

With the exception of two or three they have been sent here at their government's expense, and expect to return to their native lands to apply what they have learned. Though at first they may have felt awkward and out of place, they soon became accustomed to American customs, and are able to adapt themselves to conditions here.

AGGIE GIRLS SPLIT DEBATE

Last Girls' Debate of Season—Two More for Men

The Aggie girls broke even in the triangular debate Tuesday evening. The affirmative team won from the State Manual Training Normal here by a unanimous decision, and the K. S. A. C. negative lost to Southwestern college by a three to one vote of the judges.

The question used was, "Resolved, that the President's cabinet should have seats in congress but no vote. This was the first of a series of three annual debates which are scheduled between the three schools.

The Aggie affirmative team which debated here is composed of Miss Eloise Morrison, and Miss Jewell Sappinfield. The Manual Training Normal was represented by Miss Zue McGonigle and Miss Agnes Crowe. Miss Ella Stinson and Miss Elizabeth Circle upheld the negative for K. S. A. C. at Southwestern.

The judges of the debate here were Warden J. L. Coddington, Lansing; Dr. D. L. McEachron, vice president of Washburn university and W. J. Williams, educational director, Camp Funston. Prof. J. E. Kammeyer, presided and introduced the speakers.

This was the last woman's debate of the season, but the men have two more debates scheduled for this year. They will debate the Kansas State Normals at Emporia May 6, and a dual debate is arranged with Ames for May 9. The question to be used in both these debates is the adoption of the single tax.

The teams have not been chosen as yet. The following men are working on the affirmative squad Turner Barger, A. N. Burditt, Eugene Sweet, E. J. Price, W. R. Horlacher, J. W. Barger, E. W. Frost, Everett Willis, and H. A. Moore. The negative squad is composed of M. J. Lucas, M. A. Graham, C. J. Medlin, and Floyd Hawkins.

GAMMA SIGMA DELTA ELECTS

Twenty-Two New Members for Honorary Agricultural Society

The honor society of agriculture, Gamma Sigma Delta, at the annual meeting for the election of members, elected to membership in the society the following members of the class of 1919. From the Division of Agriculture, James Bell Angle, George Yoe-man Blair, Shirley Blanche French, Everett Jacob Price, Frank C. Wilson.

From the Division of General Science, Frank Swartz Campbell, Miss Stella Maude Harriss, graduate student, was also elected to membership. From the members of this class, Fred Griffie and Floyd Meridith Pickrel have previously been elected to membership in the society.

The society also added to its list of faculty members by the election of the following to membership: J. E. Ackert, R. R. Dykstra, F. D. Farrell, J. B. Fitch, L. W. Goss, W. E. Grimes, J. S. Hughes, H. L. Kent, H. H. King, C. W. McCampbell, E. C. Miller, John H. Parker, S. C. Salmon, R. I. Throckmorton, and H. Umberger.

Miss Johnson to Kansas City

Miss Gussie Johnson withdrew from school Wednesday to take up the work of assistant dietitian in a hospital in Kansas City. Miss Johnson was taking special work, having completed the home economics course last semester.

Professor Dickens spent Wednesday in Topeka on business.

EXCLUSIVE HIKING TABOOED

CHAPERON MUST BE TAKEN ALONG WITH SIX OR MORE COUPLES

Regulations on Dancing Made Clear—Dances at Community House or Well Chaperoned Not Classified as Public

- 1 The student council will not sanction hiking parties composed of less than three couples.
- 2 Hiking parties must return within the city limits by 10:00 P. M.
- 3 Parties composed of more than six couples must have a chaperon.

Approved by
H. A. O'BRIEN,
VERA SAMUELS.

Hiking is not for two or four according to the new rules approved by the student council at a recent meeting. Three or more couples should always go and they should come back at ten o'clock. Some couples in large groups are apt to stray off so in order to make sure that "the gang's all here" a chaperon must be taken when six or more couples are going.

Mid-week entertainments which have been approved by the college may be attended by students. Young men may be permitted to go with the young ladies to these.

About two weeks ago the student council approved by the committee on student affairs passed resolutions regarding cheek to cheek dancing and shimmying. To date four people have been reported to the council thru the student affairs committee for violating these rules concerning mid-week dances. These people were called up before the council and action was taken and recommendation made to Dr. William M. Jardine, president of the college.

To clear the doubt in the minds of some people who do not know what ones they should not go to the student council makes the following statement.

"The college forbids students to attend public dances. Public dances are those that are not chaperoned by the college faculty except those at the community house. These dances are not public dances because they are properly chaperoned.

"Dances at the Woodman Hall, the Elk's hall, Camp Funston and Fort Riley are among those which the students are not permitted to attend during the week. They may attend dances at the community house on Friday and Saturday night and dances at Harrison hall on Saturday night."

New Y. W. Cabinet Entertained

The old members of the Y. W. C. A. cabinet entertained the new members with a house party given at the Hostess House in Army City this last week end. There were thirty one girls present.

The party left on the nine fifteen car Saturday morning and returned Sunday afternoon. Some of the principal speakers and leaders were Miss Winifred Wygal, who has charge of the war work at Junction City, Funston, and Manhattan; Mrs. L. E. Melchers, Mrs. J. V. Cortelyou, Miss Grace Derby, Miss Jessie Machir and Miss Mildred Inskeep, secretary of the Y. W. C. A. here at the college.

After the conference the girls divided into three groups and went over to Fort Riley to the hospital. They visited the different wards and sang and gave the convalescent flowers. After visiting the hospital they had tea at the new Hostess House at Fort Riley and then returned to Manhattan.

Campus Being Improved

The weeds on the campus are being cut, which gives the grass a chance spring days. On the south side of the Dairy building some new shrubs are to be planted to take the place of those that have died. Men are now at work digging out the dandelions, which spread so rapidly that they kill the grass. In several places over the grounds the tulips are in bloom. These are the first set of doors flowers to bloom in the spring, and they add much to the beauty of the campus.

OUR FOREIGN STUDENTS

To the foreign students of K. S. A. C. we owe courtesy, respect, and encouragement. They are here amid strange surroundings, a long distance from their homes, and without that feeling of ease which is natural for a native to feel when among natives.

A smile of greeting, a word of cheer and encouragement. These are small things, but how scarce they have come to be! Don't let these strangers feel that we are cold of heart, highbrow, or unappreciative of their efforts to secure an education. Were any of us to be sent to Mexico, Brazil, or China to college, how greatly we would appreciate any service or favor extended us, be it of ever so little consequence to the donor.

In reality you will not be bestowing a favor. Both parties will be benefited by a closer intimacy, each learning things of new interest. There are unusual opportunities in the chance to mix with students from strange lands, if we will only awaken to them.

SATISFACTION

An Irishman presented himself before a Liverpool magistrate to seek advice.

"Sor," he said, "I kapes hens in my cellar, but th' water pipes is bust, an' me hens is all drowned."

"Sorry I can't do anything for you," said the magistrate; "you had better apply to the water company."

A few days later Pat again appeared.

"Well, what now? What did the water company tell you?" queried the magistrate.

"They told me, yer honour," was the reply, "to kape ducks."—Tit-Bits.
Did the parents of this state send their sons and daughters to K. S. A. C. to make ducks of themselves every time a spring shower comes to town? Or are the merchants of Aggieville trying to kid us?

May Yet Obtain Royal Purple

The Royal Purple staff has ordered a few extra copies of the class book so that if there are any students who still wish copies they may obtain them from Miss Vera Olmstead if they see to it early enough.

A special insert bearing the owners name and address may be inserted in any of the books for seventy-five cents extra and a Morocco leather bound book may be obtained for one dollar extra. The Seniors are not to have leather bound books this year as they always have had before unless they pay the one dollar more than the regular assessment.

Word pictures of the sad and bitter figure of the Kaiser in these days of defeat impel the truly charitable to endeavor to discover some quiet ocean island where the tired War Lord can rest his shattered nerves. —New York Sun.

LOOK INTO THIS

"Or what man is there of you, who, if his son asked bread, will be give him a stone"—Matt. 7-9.

The Collegian, as the official voice of the student body, asked the Student council for leadership and it gave oppression.

Take a Chance

If you
Keep your mouth shut
You have
A much better chance
Of concealing
The fact that
Your head
Is empty.

Like Tom Cats

Some students are like tom cats; they howl at each other and prowl around nights but are always asleep when a mouse is to be caught.

Pretend

When you don't know what a thing is, be scientific and call it a "phenomenon."

STUDENT MIND

To The Collegian:

This is my first, and I hope my last, offense in the open letter field. But I want to petition the imaginative geniuses on the hill to think up some fiendish kind of Hades for the Open Letter hero who opens his epistle with, "We all say that K. S. A. C. doesn't have much pep this year, but—"

To the gentleman or gentlelady who conceals such form of punishment, loyal students of this institution should pay homage and loyalty.
Bruce B.

Social Club Has Last Meeting

The College Social Club held its last meeting of the year Monday in the Domestic Science rest room.

The feature of the afternoon was views of the Arctic Expedition given by Professor M. C. Tanquary, of the entomology department. At the business meeting the club voted to adopt a war orphan, either from Belgium or France. They expect to feed, clothe and give some schooling to this child during the next year.

It was voted to give ten dollars to the Girls' Protective work here, which is under the direction of Miss Watson. Officers were elected for the coming year. President, Mrs. Hugh Durham; vice-president, Mrs. I. V. Iles; secretary and treasurer, Mrs. Z. G. Clevenger.

Light refreshments were served during the social hour.

School of Agriculture Debates

A debate will be held tonight in F-3 between the Philomathean and Lincoln literary societies. This is the first debate in the school of agriculture this year.

The question is, "Resolved, That the daylight saving bill should be abolished." Judges for the debate will be Miss Ina Holm, Dean Z. W. Zahnley and Prof. E. V. James.

Testing Seed Potatoes

An interesting experiment is now being worked out on the campus with seed potatoes.

On the east side of the campus, to the right of the main entrance, is a five acre plot of ground used for testing different kinds of vegetables on the black soil.

Potatoes were planted this week. First, two rows of Nebraska potatoes, and then two rows of home grown seed.

A part of the plot is already sown to celery. Cabbage plants were set out this week, also. The rest of the land will be used for tomatoes.

Down near the river the same test is made with potatoes on the sandy soil.

Findley Home on Furlough

Lieut. Paul L. Findley, junior in '17, is visiting at his home in Manhattan while on a fifteen day furlough from Camp Taylor, Ky., where he was sent from Newport News. He arrived in the United States, March 24.

Lieutenant Findley was sent overseas June 18th and was held as an instructor in the Saumur Artillery school in France. He spent the greater part of his time at this school.

Easter styles for young men

The trim waisted, chest-out appearance that the new waist-seam models give you is just the thing for Easter; stylish; in new colorful patterns. Many touches that are new and different, and that impart an air of dressiness; in all sizes.

Easter clothes for older men

Two and three button sacks in all the rich new fabrics; oxfords; serges; worsteds—you'll like them all. New Frock coats in all sizes; a large selection to choose from. We guarantee fit and satisfaction.

Webs Hold Initiation

The Webster literary society held formal initiation Saturday night thirteen new members.

Organize to Encourage Activity

A school of agriculture society to encourage athletics, social activities and to foster a wholesome school of agriculture spirit was organized last Friday night.

Miss Wilam Orem presided and the following officers were elected: Raymond Frye, president; Randall Hill, vice president; and Herman Metz, secretary and treasurer.

The society has not drawn up a constitution or decided their name yet. They intend to have regular meetings. At their next meeting four members are going to be chosen to act with three officers elected to form the executive committee.

The society will have a base ball team this year and intends to enter into various activities.

Knights Rose Croix Observe Maundy Thursday

Odus H. Burns, Nelson A. Crawford, Robert W. Conover, Adolph G. Schulz and Wylie B. Wendt, Knights Rose Croix, Scottish Rite Masons entertained the Knights Rose Croix of the faculty at dinner at the College Club in observance of Maundy Thursday. The guests were Knights William M. Jardine, Julius T. Willard, Andrey A. Potter, Julius E. Kammeyer, Ralph R. Dykstra, Robert H. Brown, Joseph H. Merrill, Charles W. Hobbs, K. J. T. Ekblaw, John H. Parker, John Gingery, Jacob Lund, Henry H. Fenton, Nathan H. Harwood and William B. Duncan.

Wheat in Advance of Normal Growth

R. B. Medlin, emergency agent for Thomas, Sherman, Wallace and Logan counties visited the college this week. He reported that wheat was in advance a week and a half over the normal growth. The farmers in Thomas county are uneasy over laborers for the harvest work. It is estimated that over three thousand men will be needed.

A movement is now started by the farm bureau department to build permanent headquarters. Mr. A. C. Hancock, a graduate here has charge of the work in Cheyenne county.

Sweet clover is proving a valuable crop in North Dakota, the experiment station of that state announces.

Get your Easter Hat at One-fourth off. Aggieville Millinery.

First roll of film developed free at the Holt Kodak Shop, 1210 Moro Street.

Do you know that Shute is making suits cheaper than ready made, \$30 and up.

First roll of film developed free at the Holt Kodak Shop, 1210 Moro Street.

You owe it to yourself to see Shute's new spring woolens, whether you want a suit or not.

A new line of blouses just received to sell at one-fourth discount all this week. Aggieville Millinery.

If your coat swags in front—and does not fit you around the neck as all hand me downs do, see Shute.

Miss Bessie Russel, who is taking the short course here expects to spend the week end at her home in Muscatine.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

S. J. Molby, instructor in the tractor course during the past winter is doing county agent work in Clarendon county, Okla.

Easter Pageant Sunday 8 p. m. at Congregational church. "The Immortality of Love and Service." Music by the choir under direction of Miss Kim mel.

Prof. John Parker of the agronomy department, is spending the latter part of this week in Columbus, Ohio, and at the Shaw botanical gardens in St. Louis.

A. F. Turner has just returned from Seneca where he organized a farm bureau. While there he visited Mr. and Mrs. Harvey Roots who were former students of this college.

A. F. Turner of the extension department, is in Concordia today attending a meeting of the board of directors of the farm bureau department to make plans for their work next year.

Carl F. Cutshaw, a former student, reports from Brewster that there will be a great demand for tractor operators this summer and asks that any one capable of holding down such a job, write to him.

The orchestra has begun practice on the music for the May Fete. Professor Brown says that although the orchestra is somewhat below par now that they expect to be in fine shape in time for the May Fete.

The high school orchestra under the direction of Professor R. H. Brown will play at the house warming for the junior high school Thursday evening and for the opening of the Eugene Field building Friday evening.

The Methodist choir under the direction of Professor Westbrook will give an Easter song service next Sunday evening. Special numbers will be given by Miss Doris Bugby and P. T. Brainard of the college.

Complete line of I-P note Books, and Supplies, Co-Op Book Store.

Baseball goods. Kittell's.

Simpson Floyd Hacker
Simpson Floyd Hacker, '14, died of pneumonia following influenza December 1 at his home in Atwood.

At the time of his death Mr. Hacker was treasurer of Rawlins county, but had served in that capacity only 15 days before his fatal illness. He was also instructor in agronomy in the county high school. Mrs. Hacker is completing her husband's term as treasurer.

THE KANSAS STATE COLLEGLIAN

VOLUME XXV.

NUMBER 54.

KANSAS STATE AGRICULTURAL COLLEGE, MANHATTAN, TUESDAY, APRIL 22, 1919.

FOUR PAGES

PRICE FIVE CENTS

COMPETE IN JUDGING GRAIN

SILVER LOVING CUP AWARDED TO THE WINNERS OF FIRST PLACE.

Contest Open to all Under Graduate College Students—Important Information on Grain Judging in the Library.

The first annual grain judging contest of the Kiod and Kernal Klub will be Saturday afternoon, April 26. The contest will involve the judging of the market grains grown in Kansas and contiguous territory. It will be under the supervision of the agronomy department and the direction of Prof. C. W. Mullen.

A silver loving cup will be awarded to the winner of first place. Since the primary object of a contest of this nature is educational, bulletins and pamphlets containing the United States standards for judging grains as well as other valuable information will be placed on the reserve shelves of the library for the convenience of students who wish to enter the contest.

The contest will be open to all under graduate college students. A nominal fee of twenty-five cents will be charged all contestants. Those wishing to enter will be given an opportunity to make application sometime before Saturday as it is desirable to ascertain the number wishing to compete.

Any student wishing to participate in this contest may be excused from classes after 1:00 p. m. Saturday, April 26.

Miss Grace Derby is spending a few days at her home in Lawrence.

A. H. BREWER IS ON WAY HOME

Receives a Soldier's Highest French Honor Medal—Wounded at Chateau Thierry.

Word has been received of the arrival of Sergeant Arthur H. Brewer, in Hampton Roads, Va., Sunday, April 20, with a casual company.

Sergeant Brewer enlisted May 11, 1917, with the second regular engineers of the Second division. This division had one-fourth of the casualties of the entire American overseas forces.

Sergeant Brewer has been overseas 19 months and was one of the first 10,000 to go across. He won the Croix de Guerre with Palm and was wounded in the memorable drive at Chateau Thierry.

At the time of his enlistment Sergeant Brewer was a junior in architecture in the Kansas State Agricultural college.

Society Holds Annual Engine Ride.

The annual "Engine Ride" of the Franklin literary society will be next Saturday, April 26.

Captain Sanders who has been the official engineer for the Franklin for a number of years will pilot the members and their friends to their old camping grounds near Rocky Ford.

One of the large Avert tractors hitched to some trucks will be used for the trip. The expedition will leave the campus at 1 p. m. and will return at 9. The actual time in making the trip will be three hours. The rest of the time will be devoted to games, boating, program and a camp fire supper.

This ride is the long established custom of the society. The members always consider it the most important event during the year.

Gives Illustrated Lecture.

Dr. J. R. MacArthur of the department of English will give a stereopticon lecture on "Democracy and Christianity" in the auditorium Thursday afternoon at four o'clock.

These slides are being used in all the schools of Kansas and of the west. They show the industrial and social life of different countries of the world. Everyone is invited.

Study Birds and Hear Calls.

The girls of Miss Alice Brown's Monday morning laboratory class in general zoology hiked to Wild Cat early yesterday morning. The purpose was to study the birds and listen to their calls. An outdoor breakfast of bacon and eggs was also a feature of the trip.

New Organization in School of Ag. Plans for an all-school of agriculture organization were proposed and accepted Friday when a majority of the students gathered for the annual spring party.

This organization is to be formed for the purpose of looking after the athletics, social affairs, and all other matters that affect the student body of the school of agriculture. Preparations and plans for work to be done at the opening of college next fall will be made this spring.

The officers elected were: President, R. G. Frye, '20; vice-president, R. Hill, '20; secretary-treasurer, H. Metz, '20. These officers will appoint an executive committee composed of five members to help in the work next fall.

MAJOR E. L. HOLTON RETURNS

Has Been in France Since Last August Re-educating Wounded Soldiers.

Major E. L. Holton, head of the department of education, and recently head of the educational board of disabled soldiers in France, has been visiting in Manhattan this week end. Major Holton has gone to Washington to continue in the same work of education for the crippled men. Part of his time will be spent in Washington and the rest of the time will be spent in visiting the colleges and vocational schools which disabled soldiers are attending. He will supervise this work.

Major Holton has been in army service since August 16, 1918. He was placed at the head of the educational system of the wounded soldiers with offices in Paris. Until the armistice was signed the education of these men was carried on by the personnel of the Red Cross because the war department would not permit men to leave combat units for this work.

Since the armistice the work has expanded and a better personnel built up with educators from the ranks of the men in the service. Major Holton spent approximately half of his time at his Paris office and the other half in the supervision of the work which was being conducted in the 200 American base hospitals. There were 136,000 men taking this work.

Major Holton had fifty persons working under him and 1600 Red Cross workers gave part of their time.

The work consisted primarily of work which the men would take up in the colleges here when they returned to this country. Practically all courses were taught in commercial, professional and general education courses. Text books were in the form of bulletins sent out from Washington and some printed in France.

Major Holton will probably be sent as the head of a delegation from this country to meet the delegations from all the allied countries in Rome in June of this year for the purpose of discussing the education of disabled and wounded soldiers.

Major Holton has been here at the college since 1910 and was permitted a year leave of absence in 1916 which will be up in September of this year.

While in France Major Holton saw Miss Alice Skinner, formerly of the department of home economics here. She was stationed in a Y. M. C. A. canteen in Nancy at that time.

Haughty Co-Ed Snubs Young College Prof.

During the last rainy season, when Blumont and Manhattan streets were surging floods, a young and attractive college professor, driving up to the college in his automobile, offered a ride to a hobbie-skirted co-ed. The young lady climbed into the rear seat, instead of taking advantage of the front door invitingly held open by the driver.

With a fine feeling of Christian kindness pervading his being, the professor sailed through the deepest currents, up the concrete drive, to the entrance of Anderson, where the passenger climbed out, shut the door, and proceeded up the steps without a word. Somewhat abashed, the professor drove away.

When he parked his car, he found, to his amazement, fifteen cents lying on the rear cushion.

"What shall I do with it?" he pondered. "Did she lose her lunch money or"—as another thought struck him—"darn it! What's the use, anyway?"

ART EXHIBIT ON THIS WEEK

VARIED EXHIBITION SHOWS THE WORKS OF SOME NOTED PREST DAY ARTISTS.

Lecture Is Given on Pictures Every Day From Three to Four o'clock and at Other Times By Appointment.

The Fourth Annual Art Exhibit, in charge of the Home Art department of the college, is being held in the home economics hall from April 21 to 30.

It is a varied and interesting exhibition showing works of some of our most noted present day artists.

Among some of the most characteristic and attractive copies are:

"The Original Sketch," by Arthur Covey, made for the mural decoration in the Wichita Library, and an etching by Covey, a similar print of which has been purchased by the United States government for the Congressional library at Washington. "Juanita in Blue" is a most attractive oil painting by Robert Henri.

"The Spanish Ladies" by F. Luis Mora is another of the interesting oil copies.

A lecture is given on the pictures daily from three to four and at any other time by appointment. The exhibit will be open from 8 a. m. to 7 p. m. each day this week.

Single admission is 15c and a season ticket or 12 admissions for \$1.50. Classes with instructor for study will be admitted free.

This exhibition was assembled by Mr. and Mrs. George M. Richards of New York City. Mrs. Richards was formerly Miss Gertrude Lundborg and taught art in the Topeka high school.

MANY CALLS FOR AG TEACHERS

College Has Been Approved For Training of Teachers of Vocational Agriculture.

The demand for teachers of agriculture is now greater than this school can supply. The salaries are better than they have ever been before. Calls for teachers both from within and from without the state rank as high as \$2,200 a year, according to H. L. Kent, associate professor of education.

For Smith-Hughes positions salaries of \$1,500 to \$1,800 are offered to beginners. Positions to teach normal training agriculture in high schools are open with salaries of \$100 to \$125 a month.

The fact that the federal and state funds are available and will be permanently available practically insures that positions in the Smith-Hughes will continue to pay as good or better salaries in the future and that there will be an increasing demand for teachers each year.

This college has been approved for the training of teachers of vocational agriculture. It is now recognized as a place from which such teachers are to be drawn. To the under graduates of the college who are interested in this type of work an unlimited opportunity is offered. Anyone desiring to take the course may stay for summer school and by so devoting his entire attention to these studies, in one summer can qualify for the work.

Professor Kent advises under-graduates of the college to consider taking the course because of the splendid opportunities it will offer.

Medlin Edits Royal Purple.
Mr. C. J. Medlin was elected editor of the 1920 Royal Purple at the junior class meeting last night. Other members of the staff which were elected were Mr. M. P. Schlaegel, business manager and Mr. Clifford Knisley, treasurer.

Saddle and Siroloin Opens Contest

At a meeting of the Saddle and Siroloin club last Tuesday it was decided to hold the annual stock judging contest, Friday, May 9. The contest is open to all students of K. S. A. C. except any one having won a first, second or third place in a previous contest. Prizes consisting of cups, medals, and ribbons are to be offered. The particulars will be given out later.

FARM CLASS ENJOYS TRIP

TIME WELL OCCUPIED SEEING THINGS INTERESTING AND INSTRUCTIVE.

Good Weather—Lavish Hospitality—Excellent Train Connections—Fine Attitude of Students and Plenty of Things to See.

Tired, sleepy, and travel-stained, but happy, the advanced farm management and soil survey classes returned from their week's trip Saturday night.

"Without doubt," said Prof. Grimes, "it was one of the most successful trips ever taken by the classes. Good weather, lavish hospitality, fine attitude of the students themselves, and excellent train connections all tended to make the trip a success.

"Every minute of the trip was well occupied seeing things which were both interesting and instructive. Then too, wherever we went the people were eager to make us feel welcome and did their best to show us a good time."

At Herington the party was entertained for supper at the Gebke farm. It was a supper that will long be remembered by all of the party, many of the students declaring they would be content to remain on the Gebke farm the remainder of the week. From Herington the party traveled to Wichita where they were met in cars and shown some of the famous orchards for which that section of Kansas is justly famous. Bock's dairy and a wheat farm were also visited.

Wednesday morning was spent on the Deming ranch which is outside of Oswego. Mr. Edwards, manager of the ranch, took the classes out in cars and they had several hours in which to look over this large ranch which is one of the show places of Kansas. The students were particularly impressed with the pure-bred Poland China hogs on the place.

Columbus was the next stop-over. There a truck was hired and a trip to Picher, Okla. made where lead and zinc mines were inspected. A drive into the foothills of the Ozarks was also taken, and the transition from improved farming to unimproved farming noted. Nor was a visit to the stripped coal beds near Columbus omitted.

Thursday night and Friday were spent in Kansas City. Friday morning the stockyards and Loose-Wiles Biscuit Company were visited, while in the afternoon the crowd was entertained by Miss J. K. Patterson of Kansas City with a matinee party at the Orpheum. Miss Patterson is an aunt of Miss Blanche French, one of the two girls to make the trip.

At St. Joseph, Mo. the by-product plant of the Swift Packing company was gone through, and the students were shown how fertilizers are mixed, how glue is made, and how the wool is handled. They were then met by Mr. Dillenback and a few prominent farmers of Doniphan county in cars, and taken from St. Joseph to some of Doniphan county's unusual fruit farms near Wathena and Troy.

The party feels especially grateful to the men of Troy who endeavored to show them such a good time while there. W. M. McCalnan, editor of the Troy Weekly Chief, was one of those to furnish a large car for use of the students, while both M. Brazolton and W. N. Van Bebbler loaned their cars.

The members of the party had many interesting experiences. Wherever they went they created a sensation, being taken for movie actors, a road show gang, speculators, and home-steaders. The soil auger and geological hammer were both looked upon with alarm. It must be admitted that they are dangerous-looking.

The trip was a splendid advertisement for K. S. A. C. as it showed the farmers and inhabitants of the small towns of Kansas that the Aggies are ever on the alert and believe in practical experience. Farmers everywhere expressed their approval of the work and asked many questions regarding the college.

Those who went on the trip were Prof. R. I. Throckmorton, Prof. W. E. Grimes, George Blair, Carol Barringer, Coleman McCampbell, Leo Placek, S. R. Gardener, G. B. Griffith, McNair, Turner Barger, E. M. Gliestad, Miss Clara Higgins, and Miss Blanche French.

Inter Society Council Revised
The inter-society council has elected new members and is going to revise its old constitution.

The new plan is to revise its constitution so it would include the work for the annual oratorical, the inter-society debates and the inter-society farce. Mrs. Mollie Moser is chairman of the committee to do this work and would appreciate any suggestions from students or faculty members. Her box at the post office is 224. The plan will be submitted for the approval of the societies in the near future. Homer Cross was elected president, Earl Frost vice-president and Miss Mary Hill, secretary and treasurer.

MISS DODD RETURNS HOME

Spends Three Years in War Work in France

Miss Marguerite Dodd who graduated from K. S. A. C. in 1914, returned this month from France where she was engaged in war relief work.

In April, 1916, Miss Dodd left America for Paris. There she was employed in the surgical dressing of the American hospital for French wounded. Another prominent workshop where Miss Dodd worked was the Orphelnat des Arts, an orphanage for the children of French artists. Here under the supervision of instructors the children made clothing for the soldiers.

In October of 1916 she went to Mentone, France, located on the Italian frontier of the Mediterranean sea coast. Here she was employed in a canteen. In Mentone, Miss Dodd took to live with her a three year old girl, Francesca Balestra, whose father had been killed in the war and whose mother had consequently been forced to go to work to support herself and the child. The little girl lived a small mountain town with her grandparents who left early each morning for the olive groves. When the baby awakened she breakfasted upon bread and coffee which was left upon the hearth for her. All day long she played on the streets and often dropped asleep in the evenings on a convenient stairway before the return of her grandparents. While she was with Miss Dodd she learned to chatter fluently in French as well as in Italian and also picked up a number of English words. Miss Dodd planned to bring the child back with her but the grandmother objected so strenuously that the plan had to be abandoned. The baby is now in an Italian convent.

The following May, Miss Dodd went to Royat and entered the American base hospital 30, where there were twenty-five hundred patients. On December 26, she left Royat and started home, arriving the last of January.

Among the souvenirs which Miss Dodd brought back from France is a beautiful candelabra which was once in a French cathedral. She presented this to the Tri Delta sorority of which she is a member.

Webster-Eurodelphian.

The Webster and Eurodelphian literary societies held a meeting in the Webster-Eurodelphian hall Saturday evening. After the program the two societies chose sides and had an old fashioned spelling match.

Pellet-Bate

Mr. H. L. Pellet, '93, and Mrs. Pellet of Pasadena, Cal., announce the marriage of their daughter, Ada Lucile, to Mr. George B. Bate, April 2, at Pasadena. They will be at home in San Diego after April 20. Mrs. Bate was a former student of the college.

St. Mary's Game Postponed.
The game scheduled today with St. Mary's will not be played today. However the team may be here Wednesday. Final announcement will be made on the bulletin boards today.
All persons who haven't as yet gotten the season ticket which they subscribed for are urged to see some "K" man or drop in at the athletic office for them.

Bread like mother used to make is more plentiful in Minnesota than in any other state. At least Minnesota leads the nation in the production of homemade bread, according to reports based on the sale of yeast, say extension workers of the United States department of agriculture.

AGGIES BEAT FT. RILEY

TAKE FIRST GAME AT HOME BY 7-1 SCORE—OTTO PITCHES GOOD GAME.

Team Not Yet in Mid-Season Form But Playing Good Ball—No Game Tuesday—Play St. Mary's Again Thursday.

In the first home game of the season the Aggies proved to the fans of Manhattan that they had a winning baseball team and that chances for a winning season were excellent. Otto pitching for the Purple team displayed form and sent eleven soldiers to their bench by the one-two-three method. The support that he received was much better than that shown in the game against St. Mary's last week. The score totaled seven for the Aggies to one for the 20th Infantry of Fort Riley.

The Aggies secured one less hit than the soldiers but the fact that they were well placed and that they were bunched accounted for the extra Aggie scores. Errors were prevalent on both sides but they occurred at times that were very disastrous to the soldiers. Several times the soldiers filled the bases but the Aggies came out of the hole in fine shape.

Aggies Start in the Third.

The Aggies started the scoring in the third inning when Burton reached first after McCullom had grounded out through third base. "Ding" stole second and went to third while Otto was striking out and came home on a wild pitch.

The second score, was made Otto who went to first on a one base hit and went to second on a sacrifice by Foltz and came home on another sacrifice by Snapp.

The eighth inning was the big inning for both teams. It was in this inning that the Fort Riley team made their only score. Duffey the first batter for the soldiers went to first on a safe hit and came home on another hit by Sushan.

In the last half of the inning the Aggies started things when Cowell walked, Snapp sacrificed advancing Cowell to second and Clarke singled bringing Cowell home, Richardson doubled and Johnny raced in, Swingle went out on a grounder to Duffey and McCullom went to first on an error by Suggs, Clarke came home and Burton grounded out to third base.

The game showed the fans that the Aggies have a real baseball team despite the fact that they made numerous errors in the first game of the season. Otto pitched a good game and is expected to show up well in the Valley games this year.

The score:
AGGIES AB R H P O A E
Foltz rf 4 0 0 0 0 0
Cowell, 2nd 4 1 0 3 3 0
Snapp, cf 4 0 0 1 0 0
Clarke, 1st 4 1 1 8 1 0
Richardson, ss 4 1 2 2 1 1
Swingle, lf 4 1 1 0 0 0
McCullom, 3rd 4 0 0 0 1 1
Burton, c 4 1 1 1 1 1
Otto, p 3 1 2 2 3 1

FT. RILEY AB R H P O A E
Baker, rf 4 0 1 1 1 1
Sushan, 2nd 4 0 1 0 2 0
Suggs, ss 4 0 2 1 1 4
Hansen, cf 4 0 0 2 0 0
Mathewson, 3rd 4 0 0 2 3 0

Score by innings R H E
Aggies 001 001 23x-7 7 4
Fort Riley 000 000 010-1 5 5

Umpire: Tuttle, Alabama.

Tuesday Game Postponed.

Coach Clevenger received word yesterday from St. Mary's that the game Tuesday would have to be postponed but that the team would be able to come to Manhattan for the return game Thursday of this week. This game promises to be a good game. In the contest last week the Catholics held the Purple nine to a tie until the tenth inning when the Aggies ran in four scores ending the game with a score of 12-8.

Friday and Saturday the Aggies will go to Lawrence for the first series of games with the Haskell Indians. Haskell has a good team this year and the Aggies have two hard games before them in addition to the game with St. Mary's here Tuesday.

HIKING.

What would a university education amount to without a course in hiking? And without the hiking of the hikers what would the doctors, shoe-men and clothiers of Missoula do? And romance, why there would be no such animal without the wanderings that bring sore feet. Many a man on the traditional hike has found to his woe that every fair maiden has a waist full of misplaced pins. And the woodticks, oh, what would the woodticks do if hiking ceased? A hike usually begins early and ends late. Ask the dean of women. The hiking part of the hike lasts until the outline of the University fades from view and then the romance starts. Many a fair co-ed has returned from a hike with a fraternity pin upon her waist telling the world of education of her conquest. Yea, verily, we must have hiking. Its a poor university that does not foster romance.—Ex.

I'll Say So.

When you ride a thousand "kilos" on a French troop train,
And then tramp a hundred further thru the mud and drizzling rain,
When your pack feels like a load of bricks, your feet and back are sore,
And you haven't drawn a nickel's pay for ninety days or more,
And you haven't got a centime left to buy a fresh cigar—
You're kinder out of luck, fellow—I'll say you are.

When you hit the hay at midnight, as tired as you can be,
Just to rise again at daybreak at the sound of reveille,
When you drill from early morning till the sun is going down,
Then get assigned to K. P. when you crave a pass to town,
And you spend your leisure moments scrubbing kettles, pans and pots,
It's not the kind of life you hoped for—I'll say it is not.

But you are playing a position in the world's great game of ball,
And you wouldn't miss this chance to see the biggest game of all;
So when they call strikes on you, grit your teeth and show some steam,
And remember that you've signed up with the pennant winning team;
And all the knocks, you're getting—army chow, fatigue and drill,
Will make a man of you, old fellow, I'll say it will.
—The Watch on the Rhine, A. E. F., Germany.

Poems You May Have Missed

Out he strode into the wood,
Killed a deer large, fat, and good,
Dressed the juicy, tender meat
In a tempting manner neat.
Then he went out and cut a pole
Growing near the fishing hole.
Tied to it the choicest steak,
Hunted till he found a snake,
And he often poked the steak
In the face of hissing snake,
Until deadly rattlesnake
Many times had hit the steak.
Then the steak he broiled rare,
Brought it to the maiden fair
And requested that she feed
Raven Night as was his will
"For it be against his will
Any hungry man to kill."
Pas-ca-gou-la took the broil,
Laid it gently on the soil,
And remark'd that she would feed
Raven Night as was his need,
In her heart she seem'd to know
Os-ce-o-la as a foe.
And she knew that, jealous, he
Would resort to treachery,
So she said, "I first must eat
Of this choicest bit of meat."
And with knife of flinty stone
Cut a slice from near the bone.
And was just about to eat
Of the tempting, juicy meat,
When, though young in point of age,
Os-ce-o-la, full of rage,
Snatch'd the meat from out her hand,
Threw it down upon the sand,
For a while upon it stood,
Then he kick'd it in the wood.
—Chicago Tribune.

Have your suits tailored to your measure, costs you less than ready made, and they will fit you. See Shute, The Tailor.

STUDENT MIND

Dear Editor:

Cases, no not of influenza, mumps or even spring fever, but these April cases of puppy love are a nuisance in the college world. Yes, cases are a part of the spring time just like the flowers and the birds; but like the flies in the summer time the world would be more comfortable if they were swatted and buried.

Cases are really a bad form of the spring fever and should be always prevented if possible. However, if prevention is impossible cases should always be cured. We advise that the student council prohibit all Sunday hiking and all dancing through the months of April and May. In this way about fifty percent of this epidemic could be stamped out of the school. Then, too, all porch swings should be taken down through the spring months and lights should be wired to all the dark corners of the park.

But these are only a few suggestions, what we really want to make pointed is that if cases must exist and we suppose they always will, we wish that these abominable pairs would eliminate themselves from the campus except during their class ours.

Cases block the steps, halls, and dogways of the buildings; they make paths over the campus by their continued strolling and they spoil the looks of teachers grade book by their zeros. Then cases are detrimental to the parties involved, for the boy spends Dads hard earned money buying after-dinner mints and cokes and the girls ruins her complexion by eating between meals.

Yes, it is a sad state of affairs and the only suggestions we can make is that the student council be asked to take the matter up and swat this spring time puppy love.

Laura L.

Dear Editor:

It seems that things are going to extremes. The student council seems to have revived "too decidedly". Very soon indeed, it will not be possible for a man to walk to school with his best girl unless two other couples are along, and a member of the faculty for chaperon.

We feel it an outrage to be bound by all sorts of rules and regulations, as though we were kindergarten children, incapable of judging for ourselves the propriety of our actions. Take for instance, us poor mortals who have literary on Saturday night. How can we attend an social affairs, any of those properly chaperoned and authorized dances at "Johnnies" or "Community"? Why should we be duty bound not to go to "Johnnies" or elsewhere on Friday night, when it is a "date night"?

A rebellious student.

Ready-Made Baseball suits. Kittells.

Thinking

If you think you are beaten, you are.
If you think you dare not, you don't;
If you'd like to win, but you think you can't,
It's almost a cinch you won't.

If you think you'll lose, you're lost,
For out of this world we find
Success begins with a fellow's will,
It's all in the state of mind.
If you think you're outclassed, you are;

You've got to think high to rise,
You've got to be sure of yourself
Before you can win the prize.
Life's battles don't always go
To the stronger or faster man;
But soon or late the man who wins
Is the one who thinks he can.

Values

She had seven million dollars
Placed in bonds and stocks and rents;
He had seven million dollars,
So they merged their sentiments.
Now they've raised a son who's value
Is exactly thirty cents.
—Boston Transcript.

Dad's Pun.

Willie—Dad, have you ever noticed how often mother says, "And so on, and so on?"
Dad—Oh yes; but it never applies to buttons, my son.—Answers, London.

Simple Enough

First Forester—And how did you contract such a severe case of hay fever?
Second Forester—By kissing a grass widow.—Ex.

"Why are you crying so much, little boy?"
"Cause I'm being so beastly mean and selfish, that I ain't going to give little sister any of my candy."

Who Was Ruby Thinking About

Professor: "A sulky bow drooped over her shoulder." Class, is that a good way to use the word "sulky"?
Ruby: That all depends upon the way you spell beau!

Is The Professor Cynical.

Professor: "A man never gets much enjoyment out of his \$10,000 life insurance policy. His wife's second husband is the one who enjoys it."

The Joke.

She always laughs at the teachers jokes
Whatever they may be
Not because they're funny jokes
The funny part is he.

High Soprano.

One sorority girl says, "Speaking of high soprano voices—our next door neighbor has a cat that easily reaches upper D sharp."

OH, BOY!

The officers dances at the community house will probably be on Friday night hereafter so that the college girls may attend. OH, BOY!

A la Mode.

Spring has come. Isn't it about time for the various frat pins to begin to migrate?

Suggestions Wanted.

Since Lovers Lane has been ruined for all practical purposes and Wild Cat is too popular one might suggest that those with the worst cases ramble out to the hollow on the other side of the Country club.

Dainty Co-Eds Like to Read Snappy Classics

University students will read anything. If you doubt this, just get in a loafing mood, drift into the Varsity shop, and watch the eds and co-eds.

The reporter lounges in, lights a tag, and leans up against a convenient counter. At first he fails to notice anything out of the ordinary. Soon he gets in a pensive mood and throws out a smoke screen as thick as a swamp fog on an August morning. Two sweet young things come tripping in and argue for the chance to pay for a bran mash. After a camouflaged raffle, they learn that the capital stock of the corporation isn't enough to pay for a Coca-Cola it cokes sold for three cents a flock.

Then they go counter shopping. Along the book racks on the wall they find a calm pool and throw in an unbaited hook for a philosopher.

Flossie gives a dainty, Mavis squeak of joy and lunges for her classic—"Love in a Hurry." Agnes is already browsing through "The Ruin of a Princess" and smacks her prim little sun-perch mouth over a tempting passage.

In a moment Archibald breezes in. Archie shoots a clever remark at the co-eds and reaches up for some "Idle Thoughts of an Idle Fellow". He would try "Fear God and Take Your Own Part" if he knew it was a comedy but "Love Insurance" fits his age better.

A shade of a student comes around the corner under heavy tortoise spectacles. He turns up his nose at "Helen's Babies," and continues to nose along until he lands on the lighter "Les Miserables" and "Demosthenes Orations."

Then, one at a time, they all blow out.

Opponent Lost His Head.

James Rowlands, M. P., has the happy knack of being able to parry inconvenient interruptions with some smart retort that immediately squashes the opposition. Some years ago he was speaking at a rather noisy meeting, and after a short time a big chunk of wood was thrown at him. Fortunately the aim was bad, and it fell harmlessly on the platform.

Mr. Rowlands picked it up and showed it to the audience.

"Good heavens!" he exclaimed, in tones of mock anxiety, "one of our opponents has lost his head!"—Passing Show.

He kissed her rosy lips,
He kissed them in the frolic.
Ah it was a dear, dear kiss—
He died of painter's colic.—Ex.

When You Know A Fellow

When you get a know a fellow,
know his joys and know his cares,
When you've come to understand him
and the burdens that he bears,
When you've learned the fight he's making
and the troubles in his way,
Then you find that he is different
than you thought him yesterday.
You find his faults are trivial
and there's not so much to blame,
In the brother that you jeered at
when you only knew his name.

You are quick to see the blemish in the distant neighbor's eye.
You can point to all his errors and may sneer at him the while.

And your prejudices fatten and your hates more violent grow
As you talk about the failures of the man you do not know.

But when drawn a little closer, and your hands and shoulders touch,
You find the traits you hated really don't amount to much.

When you get to know a fellow,
know his every mood and whim,
You begin to find the nature of the splendid side of him;

You begin to understand him, and you cease to scoff and sneer,
For with understanding always prejudices disappear.

You begin to find his virtue and his faults you cease to tell.

For you seldom hate a fellow when you know him very well.

When next you start in sneering and your praises turn to blame,

Know more of him you censure than his business and his name;
For it's likely that acquaintance would your prejudice dispel.

And you'd really come to like him if you knew him very well.

When you get to know a fellow and you understand his ways,

Then his faults won't really matter, for you'll find a lot to praise.

—Edgar Guest.

In these times of spring colds, can we not sing hoarsely with the poet.

Sprig is cubbing, geddle sprig, I hear the early robids sig;

By dose id ruds lige adythig—And il sdows and sdows, by Jig!

And that other poetical gem—was it Edgar All Poe

It wasn't the cough that carried him off,

But the coffin they carried him off in.—Ex.

Miss House:—"How would you punctuate the following sentence:—The man dropped a five-dollar bill as he crossed the street he did not notice his loss and walked on."

Student:—"I'd make a dash after the five-dollar bill."—Ex.

"I see they've invented another automatic machine that takes the place of a man," remarked Miss Peppery. "But they'll never invent a machine that could take the place of a woman."

"Oh, I don't know," replied Knox; "there's the phonograph." —Tit-Bits.

LO! THE POOR PROFESSOR.

The poor professor makes his entrance in a doubly significant way at the beginning of each new course. His sanity comes in for discussion, with some and the more flippant tend to discuss the professors appearance. No one considers the gentleman's salary and therein lies the prosaic rub. Risking damage to the conventional film covering financial affairs, we intend to say a word on the maximum wage of the college instructor and Professor.

The Michigan Daily asserts that during the last 11 years, the professor has not received a raise in salary. It goes farther and states that nine-tenths of the faculty are compelled to do outside work in order to live. The salary which they do receive is proportionately one-half of the undersized remuneration which came to them ten years ago. And still the species persists. Isn't it wonderful?

The fact that American professors are not known throughout the world nor are ranked with the leading scholar of the age is the result of poverty. Their grocery bills demand more attention than their research work ever approaches. They are not financially independent as are many of their foreign contemporaries but, even so, they are still not paid so highly.

We suggest, in view of all this, that somebody take heart and boost the professor, his salary and his community standing. It is plain that he is "in the service" for the betterment of mankind and not himself. Lo! the poor professor has been serving all these years.—Daily Northwestern.

Walter Nelbarger, who was formerly a member of the Collegian staff, is now acting as foreman of his father's paper in Valley Falls. Mr. Nelbarger was forced to take the position on account of the ravages of the "flu."

No Man's Land

I crawled in a spirit-haunted place
Made wild by many a screaming
shell.

And here and there a dead man's face
Lay like a livid track to Hell.

For Night had spread the jagged lands
With covering veil of sable skies;
Yet War still clenched his crimson
hands

And hunted me with gleaming eyes.

I crawled in a spirit-haunted place
Made wild by souls that moan and
mourn;

And Death leered by with mangled
face—

Ah God, I prayed, I prayed for dawn
Sometimes it seems that war hurts
most far away from the battlefield
in the homes where mothers and sisters
and wives are waiting for their
soldiers to come home. Mary Carolyn
Davies, a young American poet,
speaks eloquently for them in "The
Drums in Our Street," published by
the Macmillan Company.

IN OUR STREET

The war has wakened me to see
The greatness in the clerk across the
way.

The high nobility
In my next neighbor whom I never
saw

With anything of awe
Until I knew her sons had gone —
three tall

And awkward youths. She sings about
the hall

And porch, at sweeping and is happier
Than all the town. I sometimes look
at her

And wonder, and wish that I, too,
could be gay.

The lanky clerk who never seemed to
care

About big things—he went. There
was an air

Of being on great projects, in his face
A trace

Of kindness I'd not have thought of
there.

There were songs within him, though
his lips were dumb.

Because of these two, I,
Tho I am cowardly, try
To keep from weeping when no letters
come—

—The Independent.

"Marry in haste—"

"And drive the dressmaker crazy,"
interposed one who was working desperately on a rush order for a trousseau.

—Louisville Courier-Journal.

Unless she has nothing more pressing on her mind than her hair, Flora Deer always has a headache.

The Test of Kathleen

(Ward Muir in the Continental Edition of the London Mall.)

There's a girl I'm sorry for, and her name is Kathleen—or to some of her men friends, Kath, Kitten, Kittles . . . and even the plain initial letter K. For she's a favorite with men, and each of her "fals" (as she calls them and they call themselves) has a special mode of address for her.

Kath—that's my name for her—is fond of having a good time. And what a good time she's been having! The war has been wonderful for girls like Kath; pretty, rather smart suburban girls, who before 1914 had to rest content with home life and the mild sociabilities of local tennis, with a visit to the sea in summer.

First of all Kath was enabled to escape from the suburb and daily enjoy the (to her) privilege of a trip up to town; by the simple process of taking a post in a government office. That was great fun. It brought her an unprecedented amount of pocket money, which meant a widened choice in frocks. It enlarged her circle. She mixed not only with lots of other emancipated girls, but she was also introduced to numbers of nice (at least most of them were nice!) men.

I don't say that Kath didn't do useful work at her office. Honestly, I believe she did. But her office job was a stepping stone to the good time enjoyed out of office hours, a good time unobtainable by any suburban staying girl, however pretty.

The men were out to have a good time likewise. Never was there such a spending of money—especially by juvenile subalterns home on short leave from the trenches and determined to take back pleasant memories. Kath was always in demand for a dinner, and theater or dance. She rarely returned to her suburb before midnight. And she, who aforesaid was thrilled at the prospect of an upper circle seat, had become accustomed to the stalls. She is blasé about the Carlton and Princess, Murray's Club and the Cafe Roys! and a dozen other delightful resorts which were previously, for her, a vain dream.

Now the day of reckoning has come. To begin with, the war is over, and it looks as though Kath won't find new frocks quite so easy to earn as they were. Nor are there so many youngsters on leave anxious to "stand" her an expensive evening's amusement. Dancing goes on, it is true. But . . .

Besides, Kath is soon to be married. She became engaged, at the beginning of the war, to a dear lad who has done fine service on various fronts, but has seldom been home. I think she is truly fond of Jim; and I know Jim adores her. During his absence, however, there was no particular reason why she shouldn't have a good time.

But when she marries Jim there isn't a ghost of a prospect of stalls at the theater or swaggar restaurants. Jim won't have the cash for that kind of thing. He's a splendid boy, but if he drops into a berth at \$2,000 a year he will be lucky. And Kath will have to keep house in poky little maisonette, will probably do the cooking and will certainly not be able to dress as she now dresses or enjoy the round of excitements she has been enjoying.

Love may compensate; but the plain English of it is that Kath (and there are thousands of her in London at this moment) is about to be tested severely.

I repeat, I am sorry for her. But when I saw a slightly discontented expression on her face at the dance the other night because the only beverages were claret cup and coffee, I was sorry for Jim, too.

Baseball goods. Kittell's.

The last tramp found the pantry supplies exhausted, but the mistress made it a rule never to turn any away empty-handed. "Here's a penny for you, my man," she said to the frayed and ragged-looking individual who stood under the porch with extended hand. "I'm not giving it to you for charity's sake, but merely because it pleases me."

"Thankee; but couldn't you make it a bob, and enjoy yourself thoroughly, mum?"

Dolly—You'll never catch me again going out to dinner with an editor.

Her Friend—Was he broke?

Dolly—I don't know whether he was broke or not; but he ran a blue pencil through about half my order."

—Examiner.

HOLDS SPECIAL CONFERENCE

ADVISORY BOARD TO BE PRESENT AT MEETING IN ARMY CITY SUNDAY.

Girls Who Will Do Association Work Next Year Have Opportunity to Learn of Work From Capable Speakers.

An every-committee-member conference of the Y. W. C. A. will be held at the Hostess house at Army City Sunday. This is a one day conference of all the girls who will do association work next year. The training conference for committee members is a new feature of the association work here.

The persons at Y. W. C. A. headquarters are anxious to see how this feature will work out on a local campus and so are sending remarkable speakers such as are used at state wide conferences.

Madame Bernard a French woman, who was a leader in the war work in France was induced to come to this country by the National Y. W. C. A. to bring the women of America a message of the spirit of the French women. Madame Bernard has had a great many experiences during the four years of the war.

Mademoiselle Annie is a Paris girl, who was sent to this country with some French students to study in an American university. She is studying at the University of Indiana. She brings a message from the college students of France to the college students of America. Mademoiselle Janine spoke at the National Y. W. C. A. conference at Evanston, Ill. Both of these French women will speak at the conference.

Dr. Barry, who has charge of the religious work at the base hospital at Fort Riley, will give a talk.

Miss Grace Derby, assistant librarian, will talk on Standards of Conduct. This is made up of the ideas of representative faculty men and women who have given their ideas of these standards of conduct on this campus.

The entire advisory board will be present. The members of the advisory board are: Mrs. W. M. Jardine, Mrs. H. H. King, Miss Jessie Machir, Miss Grace Derby, Dean Van Zile, Mrs. W. W. Ramey, Mrs. H. W. Brubaker, Mrs. B. R. Hull, Mrs. J. V. Cortelyou, Mrs. L. E. Melchers, Mrs. C. H. Paine, Miss Mary McDonald, and Miss Grace Hesse. These women will help lead the committee conference.

Miss Winifred Wygal, who has had charge of the war work at Junction City, Fort Riley, Camp Funston, Army City, and Manhattan will speak. Miss Wygal was formerly in student work at the University of Nevada at Reno. Dean Mary P. Van Zile will lead the closing vesper service.

The girls will leave on special cars at nine fifteen Sunday morning and will leave Army City at six in the evening. The girls will be entertained at tea by the association in the afternoon.

AGGIE GIRL BACK FROM FRANCE

Miss Ellen M. Batchelor, '12, Home After a Year Overseas

Miss Ellen M. Batchelor, '12, arrived at her home in Manhattan, Tuesday from France. Miss Batchelor has been overseas nearly a year and arrived in New York, April 6, on the transport Metepan.

Miss Batchelor had charge of the play grounds and the community canoeing club in Manhattan two years ago. She left her position as Home Demonstration agent for Wyandotte county to become Dietitian for Base Hospital No. 28. On the day the armistice was signed this hospital was caring for 5,000 patients and Miss Batchelor personally inspected all trays for patients on special diet.

Miss Batchelor is one of two women graduates of K. S. A. C. in army service overseas. While over there she made several interesting trips to important points on the battle fields and to the large cities of France. She also visited Italy and Switzerland. Miss Batchelor was adopted by a French family and was the only woman in her unit so honored.

Miss Ethel Ruthuff spent the week end at her home near White City.

James T. Jardine Visits College.

James T. Jardine of Washington, D. C., has been visiting his brother, President W. M. Jardine. Mr. Jardine is one of the field men of the forestry department under direct head of developing the grazing lands of the west. There are more than 2,000,000 million acres of these lands which through his direct supervision and management are said to have increased more than fifty per cent in productivity and during the recent war period has greatly aided in the production of meats.

SIGMA NUS TRIM SIG EPS

After Leading 4 to 0 Team Allows Opponents to go Ahead.

After holding the Sigma Nus runless for three innings the Sigma Phi Epsilons aviated Wednesday afternoon and permitted the Leavenworth street clan to win the first interfraternity game of the season, 5 to 4. The Sig Eps held a 4 to 0 lead on the Sigma Nus in the fourth inning, but a change of pitchers brought on a rally.

Barringer's two doubles were important factors in both the spurts made by the Sigma Nus. He began the fourth inning rally, when three runs were scored, and then came home with the tally which won the game. The Sig Eps batters profited by the generosity of Gummess in the opening innings. Gummess walked some and hit some, and some others smashed out hits, bringing in some three runs in the first two innings.

The score by innings:
Sig Eps 2 1 0 1 0-4
Sigma Nu 0 0 0 3 2-5
Batteries—Janssen, Raymond and Raymond, Janssen; Gummess and Robison.

Appoint Executive Committee

Last Thursday, the executive officers of the School of Agriculture met, for the purpose of appointing the executive committee that will help them during the rest of the year. The committee is composed of Miss Emma Stutz, Miss Sophia Yost, R. F. Blanks, J. R. Smithelsler, and J. H. Meek. The work the committee will do is to get things lined up for next fall.

METHODIST CHURCH AIDS STUDENTS

Prof. R. R. Price Leads in Planning for Soldiers to Finish Education

The Methodist church has recently created what is called the Service Loan Committee. Through this committee worthy Methodist students who have been discharged from the army or navy may secure loans from the church to help them complete their education. This includes members of the S. A. T. C.

Prof. R. R. Price, of the department of history and civics, is a member of this committee and will be pleased to learn of any "old soldier" who might by this means be enabled to complete his college course at K. S. A. C.

This is a new move on the part of the church so far as state institutions are concerned, and should prove helpful during the next few years.

Professor Price has also been appointed chairman of a committee on student affairs of the Methodist church. As much he will be glad to council with any student, especially if from a Methodist home, concerning any question of college life, including social, financial, and vocational plans.

New Book for Library

Mrs. Jessie Gulick is cataloging a new book for the library called "Steep Trails." It was written by the naturalist, John Muir.

The papers brought together in this volume have, in a general way, been arranged in chronological sequence. They span a period of 29 years of Muir's life, during which they appeared as letters and articles, for the most part in publications of limited or local circulation. The book contains about 390 pages and treats of description and travel in the western part of the United States. Two of the chapters that are especially interesting are entitled, "Summer Days at Mount Shasta," and "Bathing in Salt Lake."

Prof. N. A. Crawford will address the class in photography Monday, Apr. 28, at 3 p. m., in C-62, on the subject of "Journalism and Photography." All those interested are invited.

AGGIE MAN SELLS STORY

HARRY A. MOORE HAS STORY ACCEPTED BY AMERICAN MAGAZINE

Article Accepted Was on Life of Verne Sandells, A Manhattan Newsboy—Moore Has Had Many Stories in Other Publications

The life of Verne Sandells, the crippled young man who operates the news stand on the court house lawn, will be given in one of the future issues of the American magazine.

The story includes a sketch of Mr. Sandell's life. The intelligence of his dog, Sport, how Mr. Sandells overcame the handicap of two useless legs and became a successful news boy, and his extraordinary ability to get around over the town and the surrounding country are told in the story.

It was written by Harry A. Moore, a junior in the department of Industrial Journalism at the Kansas State Agricultural college.

Mr. Moore began his journalistic career last year by selling a story, "The Barn Burners" to the Youth's Companion. Next he placed a story "The Plain Cure for Bill Grover" in the Chicago Ledger.

At this time he found it impossible to carry his college work and do short story writing, so he temporarily turned to feature stories.

In this work he was successful. Only one of his stories failed to sell, the second one he wrote. Since that he has sold many others to papers including the Farm and Home Journal in Philadelphia, the Farm and Home Mechanics in Kansas City, The Farmer's Mail and Breeze in Topeka, the Missouri Valley Farmer in Topeka, the Oklahoma Farmer and Stockman, and the Kansas City Post. His last two stories in the Farmer's Mail and Breeze occupied a full page each.

- Art Exhibit Here Rest of Month
- The Art Exhibit which is being held in Main hall will be here the rest of the month. The pictures are explained each day from three till five and the rooms are open every day from eight till seven.

AGGIES PLAY HASKELL TWICE

Indians Have Been Showing Up Well in Other Games.

The Aggies will meet one of their strongest opponents, Friday and Saturday of this week when they play the Haskell Indians at Lawrence.

The games are two of the hardest of the season. The Indians as usual have a fast fielding team and some very good hitters. They have played two games this season, both with Kansas university. One of these games played two weeks ago was lost to the Jayhawkers and the other one played this week was won by the Indians. This shows an improvement, and the Redskins are liable to prove hard pickings.

Otto and Macgrath will work on the mound for the Aggies in the two games. Coach Clevenger has not yet decided which will have the honor of starting the series in the game today. Both have been showing up well in the practice games and chances are good for either of them to pitch no hit games. The rest of the team is working good this week after their two victories. The game Saturday proved to the coaches that their efforts had not been in vain when the Purple nine so completely pounded the horsehide in the Fort Riley game.

The freshmen have been showing up well this week in the practice games but there is not yet enough material coming out regularly for Coach Germany Schulz to get a line on the prospects. Several good men are working with the Freshies and more are expected out next week. Pitches are especially needed on the yearling squad. No one has as yet appeared for this position.

Among the Freshmen trying out are Cowell, Griffith, Morris, Christman, Welch, Poltz, McFarland, Ptacek and Gross. Some of these men have played considerable ball before and they put up a good scrap against the Varsity men.

ROOM TO BE REMODELLED FOR ALL-PURPOSE HALL AND REST ROOM

Retain The Stage—Level Floor—Relight and Redecorate Room and Add Fireplace Are Present Plans as Outlined by President

The Old Chapel room in Andreos hall is to be remodelled so that it will be entirely different from what it is now according to the report given out yesterday by Dr. W. M. Jardine, president of the college.

The floor is to be levelled and a floor of hard wood, probably Maple, will be built in so that the room will be a suitable place for dancing and other college activities. It will be better lighted and redecorated in light colors.

Although the stage will be retained in the front of the room, there will be a fireplace in the rear and the rooms on either side will be remodelled for dressing rooms or rooms which can also be used for other purposes.

This hall when completed will be used for a general all-purpose room in which the students may gather for social affairs, meetings of various kinds, play practices, and club meetings. The girls' rest room will probably be moved over here also and the old rest room in the home economics building be taken for other things.

At the present time the college has no place which can be used as an all purpose room and meeting place as this is intended to be and it is hoped that this plan will further the social spirit of the college and aid the students in getting acquainted with each other and with the faculty.

The work of remodelling this building probably will not be started until after college closes this spring.

War Pictures Attract Attention

Miss Elizabeth Maclean took her first hour English Literature class to see the Art Exhibit Wednesday morning, which is being held in the home economics hall. The class tried to classify the pictures into the realistic and artistic groups. These pictures are works by American artists. The war pictures attracted much attention.

GIRLS IN AQUATIC CONTEST

"K" Swimming Suit Given to Winner—Twenty-Six Entries

Twenty-six girls will compete for the K. swimming suit which is to be given to the winner of the most points at the swimming carnival to be held by the woman's physical training department Wednesday evening at seven thirty in the men's gymnasium.

The carnival will consist of swimming races, fancy diving and aquatic games. One of the games which is especially interesting is a base ball game played in the water. One of the races will be a relay race in which the girls carry lighted candles. Other stunts will be diving through rings, swimming under water and the rescue work. Only the girls with red caps are allowed to compete.

The judges will be Miss Edith Bond, Miss Doris Bugby, Miss Katherine Kimmel and Miss Hess. The girls will be graded on accuracy of stroke, form in swimming and diving and speed in the races.

The girls who have red caps are Lucile Whan, Elizabeth Dickens, Burdette Tegmeier, Marjory Fisher, Florence Banker, Madge Locke, Marguerite Miller, Hortense Caton, Goodner Forsythe, William Roark, Martha Webb, Ruth Goodrum, Ruth Eppler, Esther Wright, Florence Rowles, Gladys Bergier, Josephine Sullivan, Clementine Paddleford, Avis Blaine, Ruth Willis, Mary Haack, Marie Burris, Miriam Harling, Bly Ewalt, Elizabeth Brown and Grace Gardner.

All of the ladies of the college and town are invited to come. This year there will be plenty of room for everybody. In the past the carnival has always been given in the girls gymnasium and as there was only a little room just a few guests were invited.

"Hank" Borland was a college visitor last week. He has recently returned from France and received his discharge from the army.

K. S. A. C. Teach in France

Earl Curry, '18, is now instructor in the A. E. F. university at Beaume, France. He is teaching feeding and managing of live stock. He says that text books are few, reference books and equipment not at all, and the "recall of facts" very meager. He is teaching in the same school as Prof. E. N. Wentworth and Professor Call, formerly of this college.

Lieut. James Williams, another former K. S. A. C. student also is teaching in Beaume, France. The chaplain at this university now is Rev. Robert Lewhew, former pastor at the Methodist church here.

DR. NABOURS LEADS ACADEMY

Is Chosen President of Academy of Science for Coming Year

At the meeting of the Academy of Science held here last Friday and Saturday, Doctor R. K. Nabours was elected president for the next year, and Dr. B. M. Allen, of Kansas university, first vice-president.

The meeting here and the banquet were the best attended for many years. At one time three deans from the Kansas university were present, those from the departments of pharmacy, education and engineering.

Beside the special address given by Doctor Ward, a large number of interesting scientific papers were read and important discoveries announced. Among these discoveries the one that attracted the most attention was that of oil, which Doctor H. W. Brubaker of the chemistry department here, has been securing from the common Kansas sumac seed. He finds that 11 per cent of these seeds consists of useful oil. This oil can be used for making paint and for other purposes.

More than 100 persons attended the banquet Friday evening. Dean Sayre, of Kansas university was toast master. After dinner speeches were given by President Jardine, Doctor Ward, Professor Holton, and Representative Hughbanks. Mr. Hughbanks is an eloquent speaker and is the only blind representative in the Kansas legislature. His home is at Anthony.

JUNIOR HIGH EXHIBITS WORK

Orchestra Directed by Professor Brown Is One of Main Features

The junior high school of the city gave an open house reception at the junior high school building, Tuesday, evening, April 22, for the parents and other towns people.

The different departments of the school showed exhibits of their terms work. The domestic art department showed pin cases, plain towels, circular caps, darned stockings, dresser scarfs, cotton patches, woolen darts, laundry bags, night gowns and bloomers.

The manual training department showed clock shelves, match boxes, necktie racks, coat hangers, broom holders, bird houses, footstools, bread boards, sleeve boards, taboretts and flower boxes.

The domestic science department did not show an exhibit. The girls of this department served the guests with punch and wafers. The girls are getting practical experience however, and are being taught to serve meals. After they learn to cook and serve all the dishes of each course they serve an entire meal.

One of the interesting features of the evening was an hour program given by the senior high school orchestra under the direction of Professor R. H. Brown, head of the music department of the college. Professor Brown has had charge of the senior high school orchestra for two years. At the beginning of this year there were only five members of last year's orchestra back but under the supervision of Professor Brown the orchestra has been built up. There are now twenty boys and girls in it.

It is composed of eight violins, one cello, two flutes, two clarinets, two cornets, two trombones, one drum and the piano. The orchestra practices two evenings each week. The Manhattan high school is noted for having one of the best high school orchestras in this part of the state.

Forum Indulges in Hike.

The Forum, honorary forensic society, will hike to Wild Cat Friday evening. All members be sure and come for a good time is promised to all.

PHI. KAPPA PHI CHOOSES

NAMES OF THOSE ELECTED TO MEMBERSHIP ANNOUNCED IN CHAPEL THURSDAY

Only Highest Ten Per Cent of Students Are Eligible—Faculty Members and The Alumni Also Are Chosen

At chapel Thursday morning the names of the seniors, faculty and alumni who were elected to membership in Phi Kappa Phi, honorary educational fraternity, were announced to the student body.

The list is composed of seventeen seniors, four members of the college faculty and three alumni. Of the seniors chosen for the honors only four were men, two men each from the divisions of agriculture and engineering. Thirteen women will share the honors with these men, one of these women is from the department of agriculture, nine from the division of home economics and three from the division of general science.

Phi Kappa Phi was installed in Kansas State college in 1916, three years ago, by President D. E. Sparks, of Pennsylvania State college. This fraternity, very similar to a number of educational fraternities, covers a much broader field than Phi Beta Kappa which limits their members to students of arts or Sigma Xi whose members are students of science. Phi Kappa Phi accepts members from any educational field.

Students who have during their college career maintained an average as high or higher than the highest ten per cent of the graduates enrolled in their department are chosen near the end of their senior year for membership in this fraternity. It is for this reason, that there are so few men eligible for the honors. So many men have left college to enter the service that there are only thirty graduates in the division of agriculture and twenty in the divisions of engineering while the division of home economics, which is composed entirely of women students will graduate ninety this year.

Faculty members who have distinguished themselves in their work and are at the same time popular with the students and old members of the organization are eligible for their share in the honors. Alumni members are chosen on the basis of their work while in college and their activities in the business, scientific or educational world. At present the records of the alumni are being carefully gone over to pick out men and women who have graduated with honors and who have made success in their life out of college.

The present class will hold their initiation and annual banquet sometime during commencement week. As

(Continued on Page Two.)

FRATERNITY LEAGUE OPENS

Followers of the Horsehide Phil Furnished Much Amusement

The feature games of the season have started. The fraternity league opened Wednesday evening when the Sigma Nus played the Sig Eps. The fraternity games are always interesting not because of the quality of the playing but because of the bonheads that are made during the five innings. The games are being played on the college diamond on Mondays, Wednesdays and Saturdays, of each week until each team has played every other team.

The Men's Panhellenic Council have offered, as has been the custom for many years, a silver loving cup for the winner of the season.

The schedule for the remainder of the season follows:

April 26, Pi Kap. and Alpha Psi.
April 28, Sig Alp. and Beta.
April 30, Sigma Phi Ep. and Pi Kap.
May 3, Sigma Nu and Alpha Psi.
May 5, Pi Kap and Beta.
May 7, Alpha Psi and Sig. Alp.
May 10, Sig Ep and Beta.
May 12, Sigma Nu and Pi Kap.
May 14, Alpha Psi and Beta.
May 17, Sig Ep and Sig Alp.
May 19, Sigma Nu and Beta.
May 21, Pi Kap and Sig Alp.
May 24, Sig Ep and Alpha Psi.
May 26, Sigma Nu and Sig Alp.

WHY THE EDITOR LEFT TOWN

It was because the following items appeared in his paper:

"If the gentleman who keeps the shoe store with a red head will return the umbrella of a young lady with whale-bone ribs and an ivory handle, he will be suitably rewarded."

"The procession of Judge Orton's funeral was very fine and nearly two miles in length as was the beautiful prayer of the Rev. D. R. Swing of Chicago."

"Mrs. Thomas W. Johnson read an article for the Women's Club entitled 'Personal Devils.' Seventeen were present."—The Round-Up.

BASEBALL SUPPORT

Where are all of those men, yes, and women, too, who voted to get out and support the college baseball teams this season? Some of them have been coming out not nearly all of those who voted to support the teams so faithfully.

Don't you think the college ought to support the teams a little bit better than it has been doing in the past?

How Do the Boys Manage To Study

Have you lost a fancy handkerchief, pair of silk hose, powder rag, or sacket bag? From the appearance of their room, two boys seem to be successful connoisseurs of the above mentioned articles.

These various trophies are prominent in carrying out a unique scheme of decoration. Over the desk the multi-colored handkerchiefs are hung out in a straight line that bends at the ends, and is finished off with tassels. Just above this, pink, blue, and lavender sacket bags, many of which have ribbon streamers and rosettes, are promiscuously scattered.

To relieve this brilliant conglomeration of color several large, and necessarily dirty, chemois skins are well placed at regular intervals. On the opposite side of the room silk stockings are tacked up in pairs. A modest person entering the room unexpectedly might find it embarrassing, as one's first impression is that of an assembly of high-stepping chorus girls.

"But," protested one of the proprietors of the room, "they are not meant to represent chorus girls, for those stockings have been collected from the wardrobes of some of the best-dressed and most popular girls in college, and the girls had little to do with it."

On the bureau a goody array of photographs, depicting girls of all types—the baby doll, the fluffy-ruffle kind, and the black-eyed vamp. One wonders how the two boys ever manage to study.

A very young wife, in a strange hotel, trying to find her husband, and thinking he was taking a bath, knocked on the bathroom door and said:

"Honey, are you there?"

And a strange masculine voice replied:

"Madam, this is not a beehive; it's a bathroom." Green Bag.

"Don't you know you will be punished for fishing on Sunday?" asked the shocked minister of the little boy on the river bank.

"Not on your life!" replied the young angler. "Dad's fishing himself a little way down the stream."

—Richmond Times-Dispatch.

Conjuror: "Now, to help me with this next trick, I want the services of a boy—just any boy in the audience—yes, you will do, my little man; come along. Now, you're never seen me before, have you?"

Boy (innocently): "No, father!"

—Tit-Bits.

"You have read my new story?"

"Yes."

"What do you think of it?"

"To be perfectly candid with you, I think the covers are too far apart."

—Puck.

Ralph Heppe Writes of His Experiences

Sgt. Ralph H. Heppe, former student in journalism who is with Company "B", 340th Machine Gun Bn., 89th division, in a letter dated April 2, tells of the time he has been spending in Germany.

"The troops are stationed in little towns of a few hundred population. At first they had to drill but now they are able to obtain leaves so that they can visit France, Italy and England."

Sergeant Heppe had his first leave February 22 to 25. He took a trip up the Rhine river which is famous for its castles and the Lorelei rock. He also went through Ehrenbreitstein, the great fortress across the river from Coblenz.

On March 22, he returned from a fourteen day leave which was spent at Aix les Baines, department of Haute Savoie, France. Aix is located on Lake Bourget, the largest lake in France, in the foothills of the Alps. It is famous for its hot and cold baths. Hannibal's pass through the Jura range of the Alps is just across the lake from Aix. Two miles down the lake from Aix is Haute-combe abbey which was founded about 1126 by Saint Bernard. For six hundred years the abbey was the burial place of Savoyan princes. The abbey and estate of thirty acres is the property of the Royal family of Italy.

Sergeant Heppe won the battalion prize of 50 francs for writing the best history of the company, an essay of 5,000 words. The history is to be used, in large part, as a history of the battalion.

Mr. Daniels, the innkeeper, was being entertained at dinner at the Hoyt home. Little Ralph was allowed to be present.

"Do you always say your prayers at night, my little man?" asked the guest.

"Yes, sir," was the boy's prompt reply, "and mother does, too."

"That's right. And your father says his too, don't he?"

"No, sir," said Ralph, "he don't have to say any prayers."

"Why, what do you mean?" asked the minister.

"He don't have to," repeated the child, "because he never gets home till it's board daylight, an' then what is there to pray about?" —Puck.

The Galloping Goose

"The Galloping Goose" is a slanderous sobriquet which students have bestowed upon the street car that runs on the Fourth street line between the college and Manhattan's movie district.

Gonna cram! What's the use? Here's the Galloping Goose;

Let's take in a movie, Bo!

We'll rattle and bump till our hearts can't thump

And our digestive systems curl up in a lump,

For the Galloping Goose will go humpety hump

Down to the picture show.

You never have mounted the Galloping Goose?—

Well, she's surely a worthy foe;

For she's out for blood, and she'll bang and thud,

And slap low joints and scoot for mud,

And shake out our teeth as we fitfully scud

Down to the picture show.

There are three flat wheels on the Galloping Jane,

It's bang! Bang!! BANG!! they go;

And she runs on a track with a whack and a crack

And a hump on her back and a criminal lack

Of concern for the lives of the movie-mad pack,

Bent on a picture show.

It's a nickel a whirl on the Galloping Girl,

On the Galloping Goose, dear Bo!

And the charge is a shame, for she's blind, halt, and lame,

And she ought to get dollars—a hearse of her fame;

Since Heck was a puppy this Galloping Dame

Has run to the picture show.

—H. W. D., in the Kansas Industrialist.

Vreda Birch wrote a letter to her friend. Part of it is given here. I think he is quite "acute" fellow, but is so "obtuse" sometimes. However, he seems to cut quite a "figure" as one "exponent" in the line "of social circles."

The old fashioned Greenleaf woman who has worn the same hat for nine years, finds herself in style again.—Jewell Republican.

Doggone It Anyway!

Those much talked of campus dogs chose to give their usual performance beside the windows of the subterranean abode of the extension division last week. Following are some of the remarks inspired from the members of that department:

"The extension division is hounded about everything."

"They're trying to make mere puppets of us."

"I'll be dog-goned if I'll stand for it!"

"Don't be dogmatic."

"Every morning some prof. in this institution seems bound to occur."

He'll Prof.

"Hello Prof.," say those two words to A. E. White of the mathematics department, and to him you are a college pest.

"Why is it," asked Professor White, "that when you speak to a fellow as nice as you know how he will invariably answer with a short He'll Prof. That's the fellow I would enjoy swatting with a ten inch board," concluded the professor. "It just makes me sore."

He Is a Sailor

"F." was in the navy and is very proud of the fact. He never misses an opportunity of referring to the water.

In class the other day, he confided to Mike Ahearn, "You know our next lesson is on the treatment of water, and honestly I've read it so many times that—"

"That you've got water on the brain," finished Mike.

Be Up-to-Date

Spring is here and it is time to go fishing. When you do go try the most modern way of catching fish.

Take a quantity of fine cut chewing tobacco along and sprinkle it on the water. The fish will come up and get it. Then let the wind blow your boat around and when the fish come up to spit, hit them on the head with an oar and gather in the reward.

The Sunny South.

The zoology class was discussing the various animals in the Mustelidae family. Miss Brown, the teacher, asked what animal in this group is used some for food.

Mary—Down south they eat skunks, I've heard.

Miss Brown—Miss, you surely mean opossums, surely.

What Did He Mean?

The last bell was ringing when Mr. Peterson walked into his psychology class room and after a five-minute lecture wrote this sentence on the board: "Time flies we cannot their flight is too uncertain."

Not one of the students could read this simple sentence correctly. Can you?

Some Farmers

In the class of Types and Classes of Livestock a few days ago two boys who were raised on the farm ventured to guess on the weight of a Poland China hog. They missed the weight only 315 pounds.

Conflicts

A few of the college students apparently have not found out yet that their clocks should have been turned up an hour and they are having a hard time keeping their regular classes from conflicting with their vacant hours.

A little Irishman was being examined for the army. He seemed all right in every way, except one. The Doc's criticism was: "You're a little stiff."

Quickly the Irish blood mounted as the applicant retorted: "And you're a big stiff."

A little girl said, "Mother, are angels always women? The pictures all show that angels are without whiskers." The mother answered, "If any men get to heaven, it would be only by a close shave."

"Women are not very strong physically."

"So they say. Yet a woman can put the lid on a jar of fruit so that a Hercules can hardly get it off."

—Kansas City Journal.

(Continued from Page One.)

PHI KAPPA PHI CHOOSES

has been the custom in past years some person of note will be the speaker of the evening and will preside at the initiation. The right man for the place has not yet been obtained for the coming initiation.

The honor graduates, faculty members and alumni who have had the honor of election of Phi Kappa Phi are:

Division of agriculture: Miss Blanch S. French, Fred Beaudette and Fred Griffiee.

Division of engineering: John S. Painter and Edwin Adeo.

Division of home economics: Miss Sarella Herrick, Miss Esther N. Latzke, Miss Alpha C. Latzke, Miss Francis E. Russell, Miss Vera L. Olmstead, Miss Ruth Taylor, Miss Vera L. Samuel, Miss Gussie C. Johnson, and Miss Payne Bondurant.

Division of general science: Mrs. Laura D. Moore, Miss Nettie M. Winsmer, and Pearl L. Miltner.

Faculty members: Prof. E. V. James, Miss Grace E. Derby, Prof. Cecil F. Baker, and Prof. J. H. Parker.

Alumni: Alonson L. Hallsted, B. S. 1903, Leonard M. Peairs, M. S. 1905; and Fredric A. Kiene, B. S. 1906.

Oh Waldo

Where is Your Tooth?

A well known Aggie was inveigled into telling what he considered the most embarrassing situation he was ever in and as usual a girl was the cause of the embarrassment.

"When anyone speaks of embarrassing situations I always think of an incident which happened when I was a junior in high school. Up to several weeks previous I had been 'woman-shy'—woefully timid in their presence and not at all wild about them. However, a new curly dream with heavenly blue eyes caused a radical change. I was all attention where girls were concerned.

"This particular night, we were in the main confectionary of the town, indulging in a light lunch. It was my second date with her and I felt that I was making dandy headway. We had been to an excellent high-priced concert—that is locally excellent and high-priced. New York's impregnable four hundred did not hold much for us. We knew that we could 'break in' if we only tried.

"She had on one of those short, pink satin opera cloaks trimmed with an abundance of imitation ermine, while a pert little aigrette sprouted from her golden hair, which by the way was done up for the first time. As for me—I wore my first pair of long trousers. It was a stunning suit of black and white checks. A flaming red necktie girded my neck. Shiny patent leather pumps, belonging to my brother, helped set off my feet. Then, too, I had a purple bordered silk handkerchief which managed to jerk out every second or so. Oh, we were a grand outfit!"

"Wasn't the concert glorious," she confided with a queenly tilt of her head. "You were so nice to take me."

"A bully concert, I say," was my emphatic reply. "But say, you were some nice to come with me. Billy I bet is cussing a blue streak."

"Billy?" she queried. "What of it? I think you're ever so much nicer."

Just then, as I was biting on an olive I felt an awfully queer vacant space in my upper row of teeth. In amazement I cautiously felt it. My tooth was gone! I forgot everything else and began a frantic search for it. I looked on the floor, at my plate, and in my lap—everywhere. A terrible thought overcame me. Perhaps I had swallowed the tooth! Immediately I placed my hand on my stomach, assumed a resigned expression of pain, and groaned:

"My tooth! Oh, my tooth!"

"What is it?" she questioned anxiously. "Everyone is looking at us."

"My tooth," I gasped. "I swallowed it!"

"Oh, no!" she exclaimed, "what will you do?"

"I don't know," I stammered. "I suppose I'll die."

All at once she began to laugh. She became convulsed. I thought she was going into hysterics.

"You-o look so funny," she teetered. "And your tooth—it is in your olive. Look!"

I did look. There were no more dates for me during my junior year, especially with girls who had laughing eyes. Her's confronted me everywhere.

Beta Theta Pi

Sunday dinner guests at the Beta house were Miss Enola Miller, Miss Aria Neal, Miss Margaret Bondurant, Miss Gladys Peterson, Miss Burdett Teigmeyer, Miss Florence Reiner, Miss Isabel Hamilton, and Miss Marie Julian.

Mr. Grover Simpson spent the week end at his home in Salina.

Mr. Charles L. Turley and Mr. C. H. Myers spent the week end with their parents in Hutchinson.

Mr. Mike Ptacek spent Easter with his parents in Emporia.

Mr. Joe Haag spent Easter at his home in Holton.

Mr. Leo Ptacek returned from his trip over the state last Sunday.

Mr. W. D. McFarland of Chase, was a dinner guest Wednesday.

Sigma Phi Delta

Mr. B. B. Bate spent Easter at his home in Wichita.

Mr. Ford Haggerty returned Tuesday from Abilene where he has been making some dairy tests.

Mr. H. S. Wise spent Wednesday in Wichita.

Mr. C. D. Thomas, '17, visited here Monday and Tuesday. Mr. Thomas is engaged in the banking business at Hockerville, Okla.

Mr. E. F. Bailey visited with his parents in Pratt over Sunday.

Mr. C. W. Pratt spent the week end with relatives in Frankfort.

Alpha Delta Pi

Miss Hazel Taylor returned Monday morning from her home in Winfield where she visited over Easter. Miss Taylor is staying with Miss Gladys Bushong until the house is out of quarantine.

Miss Helen Lawrence, Miss Josephine Sullivan and Miss Florence McCall are staying with Miss Inez Backman this week.

Miss Lillian Stewart is ill with the scarlet fever. She was moved Tuesday to 515 Laramie.

Elkhart Club

Miss Gertrude Russel of Junction City, Miss Gladys Addy, Miss Margaret Hulse, Miss Ada Songer, Miss Minnie Scott, and Miss Alene Ware were Sunday dinner guests at the Elkhart club.

Chi Omega

Miss Lorraine Osborne of Rockford, Ill., is visiting Miss Ruby Crocker at the Chi Omega house this week.

Mrs. S. C. Pettit spent a couple of days this week in Topeka.

Miss Fayne Bondurant will spend the week end in Topeka visiting friends.

Hay Rack Ride

There isn't a member of the Alpha Beta literary society who expects to miss the hay-rack ride next Saturday April 26. This ride is given once each year and is always looked forward to with much pleasure. The party will start on this excursion at 1:30 and return late in the evening. A number of amusements are being planned and supper will be cooked over the coals.

Sigma Alpha Epsilon

Captain McMillon of Ohio State college was a guest at the house Wednesday. Captain McMillon is ranking medical officer at Fort Riley.

Mrs. C. F. Waldo of Ellis and her daughter, Mrs. James Branham of Flint, Mich., are guests this week of Mr. Charles Waldo.

Mr. Charles Nichols returned Monday from Tulsa, Okla., where he has been visiting friends.

SMETHURST MUSIC CO.

Everything in Musical Merchandise Latest Popular Music 427 Poyntz Ave. Phone 538

Sigma Phi Epsilon

Mr. William Janssen returned Tuesday morning from Lyons where he had spent the week end at his home.

Captain Kemper and Mr. L. F. Patten were dinner guests Monday evening.

Mr. Richard T. Richards of Lawrence was a week end guest of Mr. Ship Winter and Mr. Jack Hill.

Mr. Claude Owen left Thursday for Wichita. He will spend a few days at his home in Reece before returning.

Mr. Carl Roda was called to his home at Paradise Tuesday by the death of his brother-in-law.

Mr. Orin Hinshaw returned Tuesday from a visit at his home in Eureka.

Dr. MacArthur, national president of Pi Kappa Delta, leaves today for Westminster College at Fulton, Mo., where he will install a chapter.

Zeta Kappa Psi

Zeta Kappa Psi, honorary debating sorority, held its pledge services Monday at twelve in the home economics hall.

The girls pledged were Miss Myrtle Gungelman, Miss Florence Mather, Miss Dorothy Mosely, Miss Christine Cool, Miss Ruth Blair and Miss Eloise Morrison.

Miss Gungelman, Miss Mather, Miss Mosely and Miss Cool represented K. S. A. C. in the Washburn debates. Miss Blair won second place in the annual oratorical contest. Miss Morrison was a member of the debate team which defeated Pittsburg normal.

Formal initiation will be held soon.

Dancing Party

A group of School of Agriculture students will give a dance tonight at the Elk's hall. A large number of invitations have been sent out, and a good attendance is expected. This is the first dance the School of Agriculture students have ever had, and they expect to have hereafter a dance during the spring semester.

The music will be furnished by the Steinberg-Gordon orchestra of Topeka.

Delta Zeta

Miss Corinne Locke of Erie is the guest of her sister, Miss Madge Locke for the week end.

Sgt. John McIntyre, brother of Miss Leah McIntyre, has returned from overseas service. Sergeant McIntyre was one of thirteen in his regiment to be awarded The Distinguished Service cross.

Miss Ethel Dubbs of Ransom is the week end guest of her sister, Miss Netta Dubbs.

Recitals

A studio recital was given by Miss Kimmel's students on Tuesday at five o'clock. Only students were permitted to attend.

Miss Smith's students will give a piano recital on Friday afternoon. This recital is one of the regular studio recitals for students only. A public recital will be given later.

Dinner Party

Miss Olpha Latzke, Miss Esther Latzke, Miss Eloise Morrison, Miss Olive Mitsch drove to Woodbine on Thursday afternoon. They were entertained at a six o'clock dinner at the Mitsch home, and drove back to Manhattan the same evening.

Hamilton Ionian Egg Roast

The Hamilton and Ionian literary societies will have their annual egg roast Saturday. They will meet at the hall Saturday afternoon at three o'clock and will go to Wild Cat.

Delta Delta Delta

Miss Greta Gramse, Miss Josephine Sullivan, Miss Hazel Taylor, and Miss Helen Lawrence were dinner guests at the Tri Delta house Wednesday evening.

Web-Euro Hike

The Webster and Eurodelphian Literary Societies will hold their annual spring hike Saturday, April 26. They will meet at the west doors of the gym at 2:30 and hike to the second Rock Island bridge.

Fishing Trip

The Franklin literary society have planned a fishing trip for Saturday afternoon at Rocky Ford. The chapter ones will be Mr. and Mrs. Daniels and Prof. and Mrs. W. H. Saunders.

Alpha Theta Chi

Mr. W. J. Rodgers spent the week end at his home in Salina.

Mr. Boyd and Mr. Maynard Agnew were dinner guests Sunday.

Loose-Wiles

Biscuit Co. Feeds Aggies

Have you ever felt that you would like the menu of your lunch to contain nothing more than real good candy and fancy assorted cakes? The advanced farm management students when in Kansas City had a chance to satisfy that desire by going through the Loose-Wiles Biscuit company plant.

In the office a guide was furnished. The students were first taken to the room where crackers were being made on a large scale, practically all of the work being done by machinery. The dough was mixed in enormous tubs, set by to rise, then run through rollers, and later pressed into squares which were put on tin trays, and shoved into electric ovens.

From there the guide led the way into the departments where fancy cakes were being made. Not only were generous samples passed around, but the guide urged "Help yourself."

Everyone did. Not a thing was passed up. As the party wandered up and down the aisles with loaded trays on either side, they were not at all backward in taking as much as they desired.

It was not until they reached the candy department though, that the fun began. Many of the boys realizing that this might be their last chance "to graze in the pastures of plenty", surreptitiously filled their pockets with chocolate creams, caramels, and candied nuts. Those who had only a few small pockets at their command were soon at a loss. Several were fortunate in having large patch pockets, but before long even those were bulging out with stolen goods.

When the crowd returned to the hotel and emptied their pockets, they decided that the raid had been extremely successful. Who wouldn't call fifteen large sticks of peppermint candy, several pounds of chocolates, and ten tins of cakes a good haul?

"The only regret I have," moaned a student as the class left the plant, "is that I couldn't eat more. Candy and cakes make a dandy lunch, but they soon fill one. Somebody give me a pickle or black cup of coffee. I need an antidote."

Everybody: "Where do you get your jokes?"

Us: "Oh, out of the air, so to speak; why do you ask?"

The Whole Gang: "Nothing; we just suggest that you go some place where there is fresh air?" —Ex.

Pleasant Contrast—"Mike."

"Phwat?"

"I was just thinkin'. After we get out of the trenches an' back home again how nice an' peaceful that old boiler-factory will sound to us." —Successful Farming.

"Enjoying poor health" is a contradiction in terms, admonishes a language purist. Which shows how little he knows some women.

Akron Times.

To the question "Why are so many dependents months behind in receiving their allotments," a new Kansas congressman who has been down to Washington explains it to us this way: "You see there are 14,000 clerks engaged in sending out the checks for those allotments, and they are crowded so close together that they do not all have elbow room to spread out their books and work at one and the same time. Hence, an unavoidable delay."—Toronto Republican.

The dandelion never confesses defeat. You fight it forty years and it will wait for you to get so old you can't fight, then it will move in.—W. C. Palmer.

Dr. Dernburg says Germany won't give up her colonies. He ought to subscribe to some good daily newspaper.—Ex.

The easiest way to tell what a man is fighting for is to visit and see what he demands after he wins.—Ex.

A. G. Clinger will leave soon for Wichita to assist that city in welcoming of Wichita boys of the 35th. He was directed to go there by orders from W. C. S. headquarters.

Big After Easter Sale of Wearing Apparel

As our stock of Coats, Suits and Dolmans is entirely too large for this season of the year, we have decided to make some very material reductions. This is your opportunity, so be here early

"The Home of Standard Merchandise"

LAPEL BUTTONS TO SERVICE MEN

Soldiers Not Receiving Same on Discharge May Apply By Blank Form.

The Mercury is in receipt of a letter from Major Hayes A. Kroner, adjutant to the camp commander inclosing Circular 187 explaining the Victory buttons which are to be awarded to men who have served 15 days or more in the service in the army, navy or marine organizations with the exception of the S. A. T. C.

These buttons are for wear with civilian clothing and will be issued to officers and enlisted men upon honorable discharge, when there is a supply on hand. For men who were wounded in service these buttons will be of silver and for all others will be bronze.

Those who have been discharged before a supply of buttons was available for issue may secure a button by mailing to the supply officer of the nearest military post, camp or station, including a recruiting station, their original discharge certificate or a true copy thereof prepared on the form provided for the purpose, or, in the case of officers to whom no discharge certificate was issued, their discharge order or a true copy thereof.

Necessary blank forms for preparation of true copies of discharge certificates will be furnished by the war department and may be obtained when the supply is available from the supply officer of any military post, camp or station, including a recruiting station.

No blank form for preparation of true copies of officers' discharge orders will be furnished.

Wounded Soldiers Visit K. S. A. C.

Twenty-five of the wounded men from the vocational training camp at Fort Riley, will spend Friday visiting K. S. A. C. The men will be entertained at lunch at the college cafeteria. Another group of men will probably be sent over in a day or two to visit the college. The excursions are being arranged by the Red Cross officials.

Perhaps the man who lies awake two hours after the sorority serenade has passed isn't the individual after all to comment on the charms of music.—University Daily Kansan.

Disciples of Prof. Pickett Suffer From Queer Malady

Have you noticed bunches of students of late wandering lonesomely about over the campus, and wondered what thus affected them? Perhaps you thought they were taking "campus lab." If you had noticed more carefully you would have observed their opened notebooks and also that they were mostly boys. These observations would have ruined your theory and you would have decided that they were just a bit off.

These wanderers are disciples of Mr. W. F. Pickett of the horticultural department and are taking plant propagation. They go from tree to tree making notes of the scientific names and general characteristics. Members of the afternoon classes report that when the sun is shining frequent recesses are held under the large spreading trees in order to prevent any casualties from over-exercising. Occasionally, due to the intense heat, the members are forced to seek refreshment in Aggieville.

Oh, That Sport Editor.

I like peanuts
The sport editor
Likes to tease me
About liking peanuts
Last night
I was eating peanuts
Two at once
Instead of one at a time
As I usually do
When the sport editor
Turned around smiling
And said
Say Billy
Aren't we awfully late
In starting that old
Annual controversy
As to whether
The cold weather
Has killed the fruit
Which wasn't what
I expected him to say
At all.

Yates says he saw a good one a few days ago where some gink wanted to know if the President and the army were on one side of the ocean, congress and the supreme court on the other side of the ocean, and the navy all over the ocean, where was Uncle Sam.—The Round-Up.

How to Ventilate a Church.

Fresh air in churches is bad form. Only in case of fire or a tenor solo should a window be raised. Of course while the crowd is gathering and the doors are swinging open, windows may be thrown up, but as soon as everybody is seated, outside air should be excluded.

It is a well known fact that fresh air causes a mental alertness that tends to make one pay heed to what the preacher is saying, but air that has been breathed six or eight times enables one to hear every word of the sermon without awakening.

However, for the benefit of those who habitually forget to take a good breath before they enter, some provision must be made. It is permissible to lift two or three windows, whose combined width is not over nine feet, to a height of one-tenth of an inch for every cubic rod of space in the building. This will not interfere seriously with the somnolence of the choir and the worshippers in the first three rows, and what little alertness is caused in the outlying regions can easily be blighted by the average exhorter.

Churches with less than 100,000 feet of carbon dioxide space do not need any ventilation.—H. W. D. in the Kansas Industrialist.

Count You As One!

When troubles o'ertake me,
And all is dark—no sun;
Then who will my friend be?
Shall I count you as one?

When I am in the wrong,
And others by me run;
Who will cheer me with a song?
Shall I count you as one?

When I am thrust aside,
And others by me run;
Who will with me abide?
Shall I count you as one?

When life's glowing ember,
Burns out within this one;
Who will me remember?
Shall I count you as one?

—An N. M. A. C. Student.

"How is it ye've never married, Norah?"

"G'long wid ye, Mike! Shure the man I'd marry ain't been born yet, an' his mother's dead." —Curtiss Flyleaf.

Another One on the Mayor of Chicago

It is interesting to know just how
much some really brilliant men do
not know, when suddenly asked to
perform a simple task.

The United States army has used
plan in the form of a literacy test,
which is destined to take the place of
the entrance examination that has so
long been required by American col-
leges.

Here is one of the problems taken
from a list that was given to the sol-
diers to determine the mental alert-
ness, power of quick decision, and
capacity for clear thinking. Five
minutes was given to produce the an-
swer.

You have two measures con-
taining three and five pints. You
are to get exactly seven pints of
water. Using only these meas-
ures and without guessing at
any quantity, how will you do
it? Fill the five-pint vessel
first. (For older people, this last
suggestion is not usually given.)

Recently when some of the well
educated men of the country were
doing war work in Washington, two
who were considered the best, made
the lowest tests. A. A. Potter, dean of
the division of mechanic arts, was
one of these men. On this same ex-
amination the mayor of Chicago aver-
aged about what would be expected
of a fourteen year old boy

Have your suits tailored to your
measure, costs you less than ready
made, and they will fit you. See

Sergt. Charles Sperry, now of the
zoology department at Kansas univer-
sity, visited the zoology department
here Tuesday. He has only recently
returned from France where he was
wounded in the battle of the Argonne
Forests.

The first Monday in May a new
short course will open for all who
wish to enroll in the mechanical arts
department. Courses in traction en-
gines, auto mechanics, carpentry and
blacksmithing will begin then. The
term length will be two months.

Mr. Ernest Lindholm, who has re-
cently returned with a casual com-
pany from France, spent the first of
the week visiting friends in Manhat-
tan. Mr. Lindholm was a junior in
college last year and expects to re-
turn next fall.

Miss Mildred Emerick spent the
week end with Miss Kathrine Adams
who lives in Topeka.

Miss Duell Maul, Miss Vesta Kin-
yon, Miss Emma Stutz, Mrs. Daisy
Kinyon and Miss Gladys Hartley at-
tended the farmers union at College
Hill Monday evening.

Tramp: "Please, kind gentleman,
could you help a poor blind man?"
Gentleman: "But how am I to know
you are blind?"

Tramp: "Because I called you a
gentleman."
—Froth.

Freshmen Taught to Cultivate the Spring Onion

The backyard gardens of the Greek
letter organizations are thriving. On-
ions, lettuce, and radishes are miracu-
lously sprouting up. Pledges are
kept busy.

All fraternities that are provided
with any available backyard space
have put it to good use by planting
some of the early season, quick-grow-
ing vegetables such as lettuce, on-
ions, beans, peas, radishes, rhubarb,
and turnips. Though last year these
societies were prompted to have gar-
dens through patriotic reasons, this
spring they are doing it because they
find it highly desirable.

Fresh vegetables from one's own
garden always have a superior flav-
or. Then, too, it not only gives the
students a chance to do some prac-
tical work, but affords jobs for pledg-
es. Almost every afternoon several
pledges can be seen industriously
cultivating the gardens, or carrying
water. Nor do they seem to mind
it.

"I like it," said one of them. "It
gives me some exercise out in the
fresh air, and is interesting work.
Makes me want to run a truck farm."
The most popular crop is green on-
ions. Every garden has made ample
provision for them. In fact, many
of the house stewards declare that the
students can not wait for their own
onion crop to mature, but must have
green onions served to them daily.
Some of the more voracious partisans
of this spring delicacy instigate con-
tests at the dinner table. Eleven is
reported to be the largest amount
eaten by one person at a single sitting
so far.

They Do 'em Whether They Believe or Not

The small reporter sank wearily in-
to her chair in the Journalism office.
"Girls, all the joy has gone out of
my life. If I had one ounce of energy
left I should throw myself in the riv-
er, but I haven't the heart to do even
that."

A group of sympathetic listeners
drew near.

"Why, what's the matter Mary,"
said one, "didn't your letter come after
all this time?"

"Oh yes, it came," was the dejected
reply.

"Then what is the trouble?"

"Well, I'll tell you all about it,"—
the audience grew larger, for this
promised to be a good love story—
probably the poor girl had been jilted.

"I have walked all over this cam-
pus, I have visited every place up
here, but the serum plant—I've worn
out my shoes, my feet are just killing
me, I've lost all my religion—my am-
bition and manners and I haven't got
any story to take to class!"

"Why doesn't somebody tell that in-
structor that people don't believe in
doing funny things up her? If we ev-
er have to hunt another funny story I
shall burst into tears for life in this
department is too hard."

Pelican Seen on the Kaw

A couple of K. S. A. C. students
were driving along the Kaw river
about fifteen miles east of Manhattan
and saw an enormous white bird com-
ing across the water. The stopped
and waited quietly until it was within
twenty feet of the car and were sur-
prised to find that it was a pelican.
This is the first pelican that has been
seen in this part of the country in
recent years.

C. E. Workers Hold Convention

A district convention of Christian
Endeavor workers will be held in Man-
hattan at the First Presbyterian
church next Saturday and Sunday.
Some good speakers are on the pro-
gram. A banquet will be held on
Saturday evening.

The man who had made his pile
was at last happy. He had managed
to squeeze himself into a very ex-
clusive golf club. On his first visit
he looked round for a possible part-
ner at a game, and approached a stout
gentleman, whose deportment sug-
gested social standing. "Certainly,
sir," replied the latter, in answer to
the newcomer's invitation. Then, as
they approached the first tee, he went
on:

"By the way, I'm a four man. What
are you?"

The novice was startled, but after
a minute's consideration he said
"Foreman, are ye? Well, I'm a straw
'at manufacturer.'"

AGGIE FARMERS SUCCEED

GRADUATES OF COLLEGE ARE SUCCESSFUL FARMERS, SAYS PROF. GRIMES

Students of Farm Management Class Visited Many Farms Run by Former Aggies—Find Old Grads Acting as County Agents

An unusual number of successful Aggie graduates were met by the members of the Soil Survey and Farm Management classes who took a trip over the state last week. W. E. Grimes, assistant professor of farm management, was much pleased with the showing made by the graduates of Kansas State.

"It is surprising how large a number of Aggie men have made good," said Prof. Grimes. "Of course, there are a few failures, but they are more than offset by those who are a success. Whenever we want farms to visit which demonstrate the desirable type of farming, it is a noteworthy fact that we can nearly always look to Aggie graduates to furnish them."

"There are several things in favor of picking out Aggie farms. The graduates and the college keep in closer touch with each other. A spirit of helpful cooperation is established. Then when the under-graduate students whom we take on the trip view the farms of enterprising graduates, they are given a standard to look up to. They are made to realize what will be expected of them when they leave college."

"On our recent advanced farm management trip, we ran across many former students who are doing great things. At Herington, we found both A. W. Gehrke and George Gehrke helping their father on one of the most profitable farms of that section. They finished the farmers' short-course here, but expect to take more college work whenever an opportunity is offered."

"S. B. Shields, '18, is also on his father's farm near Herington, but expects to start farming for himself soon. In Wichita, we heard favorable thing of Fred Carp, '18, who has a hog farm near there. Due to sickness, conditions on his place were unsettled, and we were prevented from visiting it."

"On the Deming ranch outside of Oswego, we were shown around by L. S. Edwards, '03, who is manager of the ranch—a big man-sized job. On the same place Kelchner, a former student, is engineer. He has charge of the irrigation by tile of 1400 acres, in addition to an eleven mile levee, and all of the machinery. Perkins, also a former student, has a farm near Oswego, which through lack of time we were unable to visit."

"While in Columbus we saw E. J. Willis, '13, who has been the county agent there for two years. At Galena we ran across R. F. Montjoy, former student, who expects to farm in Nebraska soon."

"When we went through the Swift and Co. plant at St. Joseph we heard of the success of N. E. Dale, '18, who is a fertilizer salesman for the concern. Then we were met in cars by F. H. Dillenback, '16, and a few business men of Troy."

"Dillenback is the new county agent of Doniphan county and is a live wire. The first farm we visited in Doniphan county was that of H. E. Togge, '14, and his wife, formerly Elsie Adams, '13. Though they have just started they have some fine pure-bred Duroc-Jerseys, and are making things hum."

"In fact, on the whole trip, every Aggie we came into contact with was either a success or on the way to success. They were all applying what they had learned in college, and evinced the determination and perseverance that is characteristic of Aggies."

Operate Wireless Again

The K. S. A. C. wireless is now in operation again. The government restrictions which have permitted no wireless here for the last two years, were removed last week and work was begun at once on re-establishing the station. The aerial was put up Wednesday. The operators expect to talk to stations all over the country. A message from Arlington, Virginia, was picked up Wednesday evening.

Constitution to School of Ag.

A mass meeting of the School of Agriculture was held Thursday. The constitution was brought before the students, and, after several suggestions and corrections, was adopted. Whether a baseball team should be organized was also discussed, and after much talk, the motion was voted down by big majority because of the fact that there is not much time left before school closes. Plans were made for next year's football season. The meeting was presided over by Mr. Frye, president of the organization.

TEST VACUUM CLEANERS

Professors in Physics Department Carry on Efficiency Test

E. V. Floyd, professor of physics, assisted by Mr. Ethloff, is making a laboratory study of cleaning devices. They are taking one new model of each electrically driven vacuum cleaner sold in Manhattan, and are measuring them as to their scientific and practical value.

The test is made by loading a piece of carpet, the amount of dust being carefully weighed before being applied. The cleaner is then applied to the carpet and the results noted. The carpet is weighed before and after cleaning and in this way the exact amount of dirt removed is accurately ascertained. The bag of the vacuum cleaner is also weighed as a further check.

The results of this investigation will be announced in a bulletin which will be ready by the end of the semester. This bulletin will be of practical use to the housekeeper in selecting a vacuum cleaner.

TELLS OF Y. M. WORK IN FRANCE

Miss Inskeep Will Travel With Mademoiselle Janin Through State.

Mademoiselle Janin, recently of Paris, visited at the college Monday. Mademoiselle Janin was one of the speakers at the Y. W. C. A. committee member conference which was held at the Hostess house at Army City on Sunday. She told of the Y. W. C. A. work in the colleges and universities of France and of the part they played during the war. She visited Miss Grace Hess's French reading class Monday morning and talked to them.

Mademoiselle Janin is a graduate of Sorbonne university in Paris. Since her graduation she has taught in a Scottish grammar school near Glasgow and has taught English in several of the colleges of Paris. She is now a teacher of French at the University of Indiana at Bloomington, where she has a fellowship.

A three weeks leave of absence was given Mademoiselle Janin to talk in the interest of the Y. W. C. A. here in the United States. Miss Mildred Inskeep, secretary of the Y. W. C. A. here, will travel with Mademoiselle Janin this week in her trip through Kansas. Mademoiselle Janin will speak at Salina, Hays Normal school, McPherson and at Lindsborg.

Bride Had 500 Kimonos.

At a fashionable wedding in Tokio, when the daughter of a banker was married to the son of a shipbuilder, the bride's trousseau included 500 costly kimonos, with as many silk girdles, says the London Evening Standard. This is said to be the most lavish trousseau ever got together in Japan. Today the taste for luxury is awake, and the 500 kimonos of Mrs. Kawasaki will be only a nucleus for even more.

"When the wedding gifts were displayed to the guests, two rooms were required for the costumes. Another room was filled with hair ornaments, and the quaint Japanese custom of giving dolls to a bride filled another with marvelous specimens.—Kansas City Star.

Students Make Efficiency Test

The Parlin and Orendorf Company and the Jamesville Machine Company are co-operating with Turner Barger and George Bunnell in their experimental work with farm machinery.

Three types of plow bottoms have been sent out by the Parlin and Orendorf people to be tested to determine which is the more efficient.

R. V. Fisher, representative of the Jamesville Machine company, was here Thursday to offer the services of that firm in any way they may be desired.

TOURNAMENT DATE MAY 12

DATE SET FOR START OF TENNIS TOURNAMENTS—WILL AWARD MEDALS.

Students Will Play Singles For Men and Girls, Mens Doubles and Mixed Doubles—Faculty Members to Play Also.

The tennis tournament starts May 12, according to the present plans of the athletic department. Entries may be made immediately. In fact the department is very desirous that the entries should follow one of the three plans as outlined below as soon as possible.

Whether or not tennis will be a permanent institution here depends largely on the interest shown in the tournament this year. In past years there has been little or no interest taken in this form of sport and this year will settle the question as far as the department is concerned.

Following is given the list of events as outlined by the department:

For Students:
Girl's singles, Men's singles, Men's doubles and mixed doubles.

For Faculty:
Men's singles, ladies singles and mixed doubles.

The department hopes that a great deal of interest will be shown in the mixed doubles and that the men will secure their partners immediately.

Entries may be made in any one of the following ways: Personally at the athletic office, by signing the bulletin board in the west end of the gymnasium or by letter addressed to the athletic department. In written entries care should be taken to state definitely each event you are entering and in case of the doubles, your partner's name.

Entries in the girls singles should be made at Miss Loring's office in the girl's gymnasium.

All entries should be made by May 9 in order that the drawings may be made and the tournament started on time, May 12.

Medals given by the Askren Jewelry company, Kittell Clothing company, and Palace Drug company will be awarded to the ten players of highest standing in the tournament. The judges in the tournament will be composed of a committee of faculty players.

SENIORS, NOTICE!

Seniors who have not ordered caps and gowns may have their measurements taken and leave their orders and three dollars deposit for caps and gowns at the Co-op Book store today and Wednesday. This is the last opportunity that will be given for ordering them.

CALDERWOOD VISITS K. U.

Addressed Mechanical Engineers at Tenth Annual Banquet.

Prof. J. P. Calderwood of the Steam and Gas department visited in Lawrence last week and attended the tenth annual banquet given by the mechanical engineers of that institution.

Professor Calderwood addressed the engineers on "Heat Transmission Through Building Materials." He explained methods of testing insulating materials for refrigerator and heating equipment. His talk described the old methods of testing and compared them with the newer methods which are being used here. Professor Calderwood is considered an authority on this subject and is running an extensive test with the help of two seniors. This will be used as the subject of the theses of these two men.

Senior Rehearsals Begin.

The senior play rehearsals are beginning in earnest this week. Three afternoons each week are to be given over for practice. The cast has not been definitely decided upon as yet. "This week will decide it," said Miss Florence Helzer dramatic coach. "The cast must be announced next week."

The senior boys are all carrying such heavy assignments that very few of them feel that they have the time to take part in the play. This is the reason that the choosing of the cast has been delayed.

AGGIES SCALP HASKELL

INDIANS DEFEATED IN SLUGGING MATCH BY SCORE OF 10 TO 6.

Game Was Slow Due to Muddy Field Neither Team Showing Good Form—Cowell Obtained Three Hits in Five Attempts.

The Aggies won their third game Saturday when they walloped the Haskell Indians to the tune of 10 to 6.

The game Friday was called on account of a muddy field and the ground had not dried as well as it might have by Saturday. The mud did not hinder the Aggies a great deal and they easily piled up a large score against their opponents. Some parts of the game showed real form and others looked as if there was no hopes for either team.

Magrath pitched only a fair game for the Aggies. Magrath struck out ten men but allowed 12 hits. The two pitchers for the Haskell team allowed only ten hits but struck out only seven men. In the fifth inning the Indian pitcher, Whitetree, blew up, allowing two hits, walked two men and hit three men. Busy was substituted in his place allowed only four hits during the remainder of the game and scattered them so well that only two runs were made.

Both teams started the ball rolling in the first stage of the game. Foltz, first to bat, secured a safe hit, was advanced to second on Cowell's single, went to third on another single by Snapp and came home on a sacrifice fly by Clarke. Snapp was caught off first base, Richardson walked, and Cowell came home on a fielder's choice from McCullom's bat. Hixson walked and Burton ended the inning with a grounder to short.

The Indians started with an out via Hixson and Clarke. Hixson caught a foul fly making the second out, but Bowman bagged a safe hit. Kahdot, the star third bagger of the Indians, connected for a home run, scoring two for the home team. Carafel made the third out via the fly route to "Shorty" Foltz.

The Aggies failed to score again until the fifth inning when they ran in six scores on two hits. Foltz secured a pass to first. Cowell struck out. Snapp obtained a single, advancing Foltz to second. Clarke got in the way of a pitched ball and went limping to first. Here the Indian pitcher blew up and Richardson also was able to step into the way of a pitched ball forcing home Foltz. McCullom singled bringing Clarke and Snapp across the plate. Whitetree again tossed a wild one and Hixson went to first nursing a bruised left arm. Burton walked and Magrath struck out. Richardson and McCullom came home on passed balls. Foltz, at bat for the second time in the inning failed to do as well as the first time but waited until Hixson had crossed the pan for the sixth score before he fanned the air for the third strike.

The Aggies did not score again until the ninth inning when McCullom at bat for the Aggies secured a hit and went to second on a fielder's choice. McCullom was caught off second and Burton landed a safe hit. Magrath landed a clean hit bringing Hixson across the bag. Foltz flew out to second base. Cowell made his third hit, a two bagger and brought Burton in. Magrath tried for home but was caught before he touched the plate.

The score:

INTRAMURAL BASEBALL.
The athletic department decided today that not enough interest was being shown in baseball this season to warrant intramural or inter-department baseball. Men who had been appointed as managers of the various department teams are hereby notified that they may discontinue their efforts to get a team together.

WOUNDED SOLDIERS STUDY HERE

Work in Engineering Division Satisfactory to Government Inspector

"More soldiers are expected to enroll in the college work here," said J. T. Willard, vice president of the college.

R. E. McEchom, who is in the rehabilitation service, was here Wednesday to see about the engineering work which the college could offer to the wounded soldiers. He made a great many inquiries in regard to the work here and found it was such that most of the wounded men could take it.

Three men are here now. Elmer L. Palmer and Flieger S. Pemberton are taking work in the school of agriculture. Clell A. Newell is continuing his work here in engineering although he has not received his discharge.

Reports are made monthly to the government as to the work these men are doing. The government pays their tuition and also gives them their regular pay the same as in the army.

C. E. CONVENTION A SUCCESS.

Large Attendance—Mrs. Harriet Warren Gave Interesting Talk.

The Christian Endeavor convention at the Presbyterian church on Saturday and Sunday was well attended by the students.

On account of the rain a number of delegates from out of town failed to come. About 125 were at the banquet Saturday evening. Miss Pearl Hoots and Miss Bess Curry sang for these programs.

In spite of the rain and the early hour, the sun-rise meeting was one of the best of the convention. Miss Maude McConnell of the high school faculty planned this meeting.

Aside from other good speakers, the Endeavors were fortunate in having Mrs. Harriet Bird Warren, who has served as a nurse in France and is now doing reconstruction work in America.

A number of the college people have been taking a study course called the Expert Endeavor Worker. This work will be finished this week and the examinations taken. It is expected that a large percentage will receive certificates of efficiency.

INDIANS TO PLAY RETURN GAMES

Aggies Expect Two Hard Contests—Clarke Men Going Good.

The Aggies will play their second series of games on the home diamond this week, Wednesday and Thursday at 4 p. m.

The Haskell team comes here for the return series of games on those dates and the Aggies are expecting hard fights in both games. The Indians have a good team and had it not been for the fact that their first pitcher blew up the Aggies would have had a hard fight for the game last Saturday.

The two games Wednesday and Thursday are expected to be good exhibitions of baseball and it is hoped that a large crowd will be present to witness the first game of the season in which the Aggies will be matched against a team of equal strength.

"The Aggies have good prospects of a winning team this year," said Coach Clevenger yesterday, "if the students and fans show the proper support. The team needs the help afforded by the bleachers more in this game than in any other form of sport."

Word was received yesterday that Albert Wilson, former student here, arrived in New York from overseas. He stated that his destination was Camp Upton but he expected to return to Manhattan soon.

Y. M. HAS NEW QUARTERS

FORMER HEADQUARTERS TO BE USED ONLY AS ROOMING CLUB HOUSE.

Surveys Made and Committee Appointed to Select Men and Draw Up the Policy for the Association.

Plans for locating the Y. M. C. A. headquarters on the college campus are now under way and after careful consideration it has been decided to consider the former headquarters only as a rooming club as far as the students are concerned.

Shortly before the armistice was signed the war work council decided to send the college Y. M. C. A. a secretary for full time and erect a hut near the barracks. The work had only been begun before the armistice was signed and the unsettled feeling and condition in the school has retarded the work.

Surveys have been made by twenty men of the student body and faculty and a committee has been chosen to select a broad working policy for the local organization. The committee is already at work and is selecting men to help with the work. These men are so chosen that at least one man will represent every collegiate and social group in the college.

The association also hopes to secure a permanent general secretary in the near future.

Not one dollar was asked for last year. Not one dollar will be asked to pay last year's debt. Every bill is paid and there is a small balance to start this year. However, a budget will be asked for this year.

TELLS OF CONDITIONS IN FRANCE

No Family in France Which Has Not Lost at Least One Man.

Mrs. Harriet Bird Warren, the only American woman in the Field Service in France, addressed the students at the assembly Monday morning.

Mrs. Warren told of the customs and manners of the French people, and especially of their patriotism. When she reached France, the women had already taken the place of the men in all lines of work. "I am safe in saying," said Mrs. Warren, "that there is not a family in France but has lost at least one man in the war." Almost every French woman wears crepe, and by the different lengths of crepe worn can be distinguished whether she has lost a father, husband, brother, or son.

French soldiers when leaving for the trenches were heard to say, "Our grand fathers left Alsace-Lorraine in 1870 for us to continue the fight, but we will not leave it for our grand children to finish."

A boy 21 years of age, having been wounded seven times, who after a long illness was ready to go back to the front lines, but was told by the doctors that he should not go, said, "Why so long as I have two hands and two feet I can fight." This American nurse declares that it is not possible to defeat people with that kind of a spirit.

Mrs. Warren went to France during the dark days of the war, and served there two and one-half years. A hospital at which she worked was kept up for three years by voluntary contributions from America at a cost of \$1000 per day.

When the French soldier was wounded, sometimes it was several days before he could get medical aid, while this was not true in the case of the American. For though the sanitary service of the American Red Cross, he was taken by the ambulance or train to the Base Hospital. Often on the way to this hospital, a splint was removed, a fractured bone set, or any thing that could be done to make him comfortable.

While the hospitals were fired upon, the women war workers were protected as far as possible. They were never allowed to go to the trenches, and always worked in safety zones.

City Pan Hellenic Meets

The City Pan Hellenic will meet Tuesday afternoon at four o'clock in the Community house. The members of the college girls Pan Hellenic will be entertained.

WATCH YOURSELF

There are only a few weeks of school left. Don't slacken work on your studies. It is this last lap which often makes the difference between good grades and poor, or passing grades and failures. The weather may make you restless, the hills beckon you, or the movies prove well-nigh irresistible, but remember that a few weeks of abandon and neglect will undo all that has been accomplished in the past two months.

It is the steady student that forges ahead, this is pre-eminently successful, and not the spasmodic, or "study by spells" student. The latter has yet to learn the lesson of perseverance and will-power.

COLLEGE IS AN EPISODE.

College is an episode and not a life. It lasts only four years for most people. After that, then what? What did you come to college for? But more important and more vital is "What are you going to do when you leave college?" Will the prestige of a sheepskin be a magic chest which by means of a few magic motions from you, will transport you to the end of a wonderful career or find you a prince charming. Some sheepskins do that but the quality of the magic is determined by the individual.

HUMAN NATURE.

A don't is as good as a dare and it is hard to withstand a dare. Unconsciously the mind rebels at restrictions. It is more effective to point the way to an activity that is not objectionable or to quietly eliminate the objectionable features of activities that are already indulged in. Constructive measures can accomplish the desired end when in an unobtrusive way, when "must not" and "can not" only incite the individual to elude them if possible.

Labor Meetings To Be Held

The extension division which has been studying the farm labor problem in Kansas, has organized a state wide movement for the discussion of the subject by the affected farmers.

During this and next week meetings in the county seat of fifty-three wheat counties are to be held by the farmers of these counties.

The farmers will discuss the conditions existing and the way to relieve them as soon as possible because due to the large acreage of wheat sown in Kansas this year and the shortage of labor, the lack of harvest hands is going to be felt keenly within two months from now.

Unique Program.

At the Browning literary society Saturday a Jayhawker rhyme program was given. The most interesting part of the program was a discussion as to which was the more useful, the horse or the mule. The main points brought out was that the horse would eat sugar and candy but it was more pleasant to ride behind a mule when you were with a date for it would go real slow and keep in the road.

Troubles A-Plenty

"You should try to cultivate a spirit of optimism," said the tireless moralizer.

"It can't be done in my business," said the harassed looking man.

"What is your business?"

"I have charge of the liquor shipments for an express company."—Birmingham Age-Herald.

LOOK INTO THIS

Am I My Brother's Keeper?

You know these Simpson boys, Grover and Sam. They both part their hair in the middle but otherwise they don't look much alike. However the following happened the other night at the Kappa house.

Grover passed the hall mirror and glanced in. Thereupon he remarked, "Well Sam what are you doing here this evening?"

P. S. Grover is the same one who several years ago rode his horse to town, forgot it, and walked three miles home in the rain.

"Et Tu, Brute."

"Mr. Sylvester Coe, Mr. H. A. O'Brian and Mr. Walter Carey went to Kansas City Monday to hear Caruso."

The above appears in the Society column of this issue. Doesn't it seem strange that it should take an entire week in Kansas City to nerve one's self up enough to hear the greatest tenor in the world? Most people could absorb enough in one hour to last through the evening. Sounds bad for the President of the Student Council, doesn't it.

Question—Does He Worry?

H. W. Davis has become so infatuated by Lucy that we worry about his domestic happiness.

Some Dress!

A sorority girl in this college made the remark that she couldn't wear an evening dress because her ribs showed. We would like to see that dress.

Dream On, Professor

H. W. Davis's idea of heaven is a garden of Sunflowers with Lucy waiting at the gate.

Walk on the grass and save the sidewalk. The state builds the sidewalk and Nature the grass.—University Daily Kansan.

The above appeared for the first time in K. U.'s paper but we feel that the thought is applicable to the Aggie campus as well as to that of the university.

The Deceptive Blonde

"She looks like an awfully nice girl," I said, nodding toward the pretty blonde who leaned diligently over her desk.

"Yes, she does look like an awfully nice girl," acknowledged my friend, "and she would be an awfully nice girl, too, if—"

My friend paused.

"If what?" I questioned.

My friend is an ultra fairminded ultra kind young lady. She is not given to criticism. But—

"If she wasn't a hypocrite!" said my friend.

The blonde girl raised her eyes from her work and glanced in our direction. Seeing my friend she raised a graceful little hand and blew a light kiss from the fingers of it.

"That," said my friend, rather sorrowfully, "is what I mean. Anybody seeing that kiss would think that she liked me. But she doesn't. She told our office manager that I was incompetent—for our office manager told me about it. And she told one of the boys—a man that I lunch with occasionally—that was a flirt. He told me about it the next day. And once, when she made a rather serious mistake in filing and I wasn't in the room she said that the mistake was mine. Of course, it came back to me; things like that always do come back."

The blonde girl paused in her work and nibbled at the end of her pen. One, seeing her, would have thought that she was a demure picture of harmlessness.

"I can scarcely believe it!" I exclaimed.

"It is hard to believe," said my friend to me, "especially when she throws kisses and smiles. I didn't believe it, either, at first."

"She looks," I remarked, "like a fluffy, pettable kitten."

"That," said my friend, "is the reason that she is so dangerous. She's twice as bad as the sort of a person who says what she has to say to your face."—Christian Herald.

STUDENT MIND

Our Campus Beautiful

How many students realize how beautiful the college campus is? Do they know that it has been pronounced by competent judges one of the three most beautiful campuses in North America?

Each morning, now, it looks more beautiful than it did the morning before. The trees have unfolded more leaves, the grass is greener, the vines on the buildings are showing deeper color; the huge sentinel tree at the branching of the walks below the auditorium takes on a greater majesty as its wide spreading arms become clothed with leaves; the lilac grove on the border of main walk shows a greater number of blooms each day, and throws out its sweetness on what is, all too often, desert air.

Ground squirrels venture farther from their homes, timber squirrels scamper from tree to tree, and the birds try to out-sing each other. These and many other daily happenings, pass unnoticed and unappreciated by many students who would find beauty in more of their surroundings if only they would give a little more attention to nature and her works.

A True Situation

Surprising, if not shameful, is the ignorance of the average college student concerning the events that are taking place and are attracting the attention of the world.

The average student neglects reading the dailies, thus failing to learn the most important happenings, and they give as reason for not doing so, that such events do not affect them. It may be that some really do not affect them, but some undoubtedly do.

Without going to extremes, what the average college student knows about the Peace Conference in Europe is little if any.

They know that the armistice was signed November 11 because that same day chanced to be when a "flu" quarantine was raised in our college. They know that Marshall Foch led the Allied Armies to victory, because it is materially impossible to ignore it.

But few, very few, know several facts of prime importance that affect them although it may not appear so.

Dear Editor:

I am a young girl in college. I will be 23 years old my next birthday. I was green when I came here but I have led a straight life.

In my landlady's shining white bathroom hangs a framed list of rules. It hangs right above the towel rack and they have taught me much.

Was I in danger of having a date on a Wednesday night I had only to read the rules which cautioned me to wait until Friday. Did I weakly hesitate on the threshold one wintry night, about to ask him to warm over the radiator before he started north again, even though it were 10:30? I had only to trip up stairs and read the blessed rules and I knew that it was too late at night to have a man in the parlor. I was firm and my reputation was saved.

Oh framed list of rules in my landlady's bathroom, to you I am indebted. And I am grateful. Bad college boys have had no terrors for me for I have been armed with rules. I have been safe. VELMA.

Dear Editor:

The Campus lilac bushes are popular places these dark moonless nights for flower lovers. Every strolling couple comes sooner or later to the blooming lilac bushes along the main drive.

The bushes are beautiful now and the blooms add much to the beauty of the campus and if left unpicked the flowers would remain nice for weeks. So much has been said about keeping off the grass, can't something be said now about keeping off the bushes? GLADYS C.

Where His Money Was

Enpeck, Jr.—What would you do, daddy, if a holdup man caught you out after dark and demanded your money?"

Enpeck, Sr.—(covertly watching Mrs. E.)—I'd give him your mother's address.—Buffalo Express.

Her Specialty

Mistress—Everything you have cooked has been a failure so far. Is there anything that you can cook well?

New Cook—Yes, ma'am. Have you tried me raw oysters?—Awgwan.

Buyer of Birds: "You are certain the parrot talks a lot?"

Fancier: "He ought to. He belonged to a real estate dealer."—Cartoons Magazine.

Honesty—At Best

is a Quality Not Possessed by All

On the recent tour through the Loose-Wiles Biscuit company, one boy through virtue of stealth and persistence, acquired twice as much candy as anyone else. However, at the hotel he inadvertently left it on his bureau, while his roommate lay on the bed asleep? On his return a half an hour later he discovered that his candy had disappeared. As he could not blame it on his roommate, who was still asleep, he blamed the maid.

"Do you know," he exclaimed when he rejoined the bunch later, "that I left my candy on the bureau, and that while I was away, and Jack was sleeping, the darned maid stole it. Goodness knows, there was enough of it to make her sick."

He failed to note the well-fed, satisfied expression on the faces of four members of the party, or else he would have thought of another explanation.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

In College Society

Astex

Miss Lois Edmundson and Miss Helen Brotherson of Kansas City were dinner guests at the house Saturday evening.

Miss Meyers, Miss Lois Edmondson, Miss Helen Brotherson, Miss Marion Bretch, Miss Hortense Caton, Miss Margaret Haggart, Mrs. S. B. Huston and her daughter, Mrs. W. R. Horton were Sunday dinner guests.

Mr. Sheridan Spangler spent the week end at his home in Abilene.

Mr. Arthur McClymonds returned from Dodge City last week end where he has been carrying on experimental work.

Mr. Homer Beatty of Kansas City, spent the week end at the house. Mr. Beatty will be in school next fall.

Mr. Leo Clark spent the week end in Chapman.

Delta Zeta

Delta Zeta announces the installation of Phi chapter at Washington university, Pullman, Wash., and Chi chapter at Oregon State college, Corvallis.

Miss Ethel Roop spent the week end at her home in Wakefield.

Delta Zeta was at home to the Sigma Alpha Epsilon fraternity Saturday afternoon from four till five-thirty.

Miss Bertha Dubbs who has been the guest of her sister, Miss Netta Dubbs, left Sunday for Salina.

Miss Corinne Locke returned to her home in Erie, Monday.

Delta Delta Delta

Miss Marguerite Dodd was a dinner guest of the Tri Delta house Friday evening.

Miss Mildred Smith of Burlingame, arrived Friday for a short visit at the Tri Delta house.

Miss Fay Young and Miss Elizabeth Burgnor spent Sunday at Army City. Sunday dinner guests at the Tri Delta house were Mr. and Mrs. F. D. Merritt, Miss Irene Conroy and Miss Grace Ratliff.

Miss Adelaide Seeds spent the week end at her home in Topeka.

Dancing Party

The Delta Zeta sorority gave an informal dancing party at the chapter house Friday evening, April 25. The house was decorated with spring flowers and foliage. Mrs. Maude Sulenberger and Mrs. West chaperoned the party.

Out of town guests were Miss Corinne Locke of Erie and Miss Bertha Dubbs of Ransom. Twenty couples enjoyed the party.

Alpha Delta Pi

Miss Greeta Gramse spent the week end in Lawrence visiting at the Alpha Delta Pi house. Miss Gramse attended the junior-senior prom given Saturday evening.

Miss Lillian Stewart who is ill with the scarlet fever is getting along nicely.

Miss Helen Lawrence attended a dinner party at Camp Funston last Friday evening.

Miss Josephine Sullivan spent the week end at her home in Wamego.

The quarantine will be lifted from the Alpha Delta Pi house this evening.

Surprise Dinner Party

A surprise dinner party was given Friday evening for Miss Mildred Inskeep at the Gillett hotel, by the advisory board and the cabinet of the Y. W. C. A. Bowls of American beauty roses were used on the tables. Covers were laid for twenty-five guests.

After the dinner a farewell reception was given in the parlors for Miss Inskeep who will leave soon for a year of study in New York City. At the end of the evening a bronze desk set was given to her as a token of remembrance.

Dancing Party

Mr. and Mrs. John C. Hessin entertained the Kappa Kappa Gamma sorority with an informal dancing party Friday evening April 25. The club house was attractively decorated with spring flowers. The music was furnished by colored jazz orchestra. Crushed strawberry punch was served throughout the evening.

The chaperons were Mr. and Mrs. Hessin, Mr. and Mrs. Robert Spillman, Mrs. W. M. Jardine and Mrs. Eoff.

School of Agriculture

The dancing party given by a group of School of Agriculture students last Friday night was very much enjoyed by the thirty-five couples present. Light refreshments were served during the evening. One of the features of the evening was the music by the Steinberg-Gordon orchestra.

Prof. and Mrs. A. M. Paterson, Mr. and Mrs. G. I. Scheu, and Mr. and Mrs. A. M. Rogers chaperoned the party.

Sigma Phi Epsilon

Mr. C. H. Beckett of El Dorado visited his son, Mr. Clyde Beckett and Mr. Claude Beckett the last of the week.

Miss Hortense Caton, Miss Lois Hanna, Miss Goodner Forsythe, Miss Marie Haynes, Miss Ruth Eppler, Miss Marguerite Miller, and Miss Helen Thayer were dinner guests at the Sigma Phi Epsilon house Sunday.

Smoker

Mr. Charles Cloud, Mr. Claire Shellenberger, Mr. Earl Slasson, Mr. Mark Usen, Mr. Hobart May, Mr. Harry Newton Willis, Mr. Allen Green and Mr. Ross Hill of the Shamrock house, spent the week end in Lawrence where they attended a Kappa Sigma smoker and banquet.

House Dance

The Sigma Phi Delta fraternity entertained Friday evening at the chapter house with an informal dancing party. Twenty couples were present. Mrs. Taylor, the Sigma Phi Delta house mother chaperoned the party.

Pi Kappa Alpha

Mr. L. P. Whitehead spent the week end in Emporia on business.

Mr. Merton Otto spent Saturday in Lawrence with the baseball team.

Mr. Carl Uhrlich spent the week end at his home in Wamego.

Tobacco Dance

The Tobacco dancing club gave a dancing party Saturday evening, April 26, at Elks' hall. A four piece orchestra furnished the music. Twenty-four couples were present.

R. O. O. F. Dance

The R. O. O. F. gave a dance at Mrs. G. W. Magee's home at 1404 Fairchild Friday night. The color scheme was carried out in purple and white. Punch was served.

Smart style---have it by all means

There's a perfectly good reason why young men should be so particular about style; it's one of the ways to look young. That explains why so many of the older men like the younger models.

Hart Schaffner & Marx
clothes are stylish

That's why we have them. That's why young men think of this store as style headquarters.

ELLIOT'S CLOTHING STORE

The home of Hart Schaffner & Marx clothes

Sigma Nu

Sigma Nu entertained at a formal dancing party at Harrison's Friday night. The following guests were present.

Prof. and Mrs. Lippincott, Prof. and Mrs. Baker, Prof. Westbrook, Miss Abernethy, Prof. Sewell, Miss Drake, Mr. and Mrs. Ulrich, Mr. and Mrs. Guthrie, Mrs. Bassler, Mrs. Bleckley of Wichita, Miss Dorothy Crewe of Kansas City, Miss Lucille Bomgardner of Topeka, Miss Annette Perry of Topeka, Miss Marguerite Bonduant, Miss Ruby Crocker, Miss Alice Mitchell, Miss Bess Currie, Miss Nell Robinson, Miss Helen Lawson, Miss Marvel Merrilatt, Miss Ruth Goodrum, Miss Phyllis Burt, Miss Ernestine Biby, Miss Lois Hanna, Miss Louise Dawson, Miss Sarella Herrick, Miss Ann Wilson, Miss Nina Burgess, Miss Inez Backman, Miss Elizabeth Heath, and Miss Ella Stinson.

Mrs. E. E. Bleckley of Wichita spent the week end in Manhattan with her son.

Mr. Fred Miller of Wamego spent the week end in Manhattan.

Mr. Sylvester Coe, Mr. H. A. O'Brien and Mr. Walter Carey went to Kansas City Monday to hear Caruso.

Kappa Kappa Gamma

Miss Irene Seery spent the week end at her home in Topeka.

Mr. Louis Duff of the Sigma Chi chapter of Lawrence visited Friday with his sister Miss Leah Belle Duff.

Mr. and Mrs. Bernard Ulrich were dinner guests at the house Wednesday evening.

Miss Isabell Hamilton spent the week end visiting relatives in Topeka.

Pi Beta Phi

Miss Goodner Forsythe and Miss Willmia Roark visited in Junction City Friday afternoon and evening.

Miss Ernestine Biby and Miss Willmia Roark gave an entertainment at Camp Funston Thursday evening for the wounded soldiers.

Mr. H. Mott of Herington spent Friday at the house visiting with his daughter Mrs. Irene Guthrie.

Sigma Phi Delta

The Sigma Phi Delta fraternity held formal initiation services Saturday evening for the following pledges: Mr. A. J. Walker, senior in general science, Mr. N. H. Burgwin, freshman in civil engineering, Mr. William Sartorius, freshman in mechanical engineering and Mr. C. W. Pratt, freshman in civil engineering.

Entertains For Girls

Miss Helen Colburn entertained the following girls at her home Wednesday evening. Miss Bernice Spence, Miss Dorris Crandall, Miss Agnes Handlin, Miss Ione Leith, Miss Margaret Woodman, Miss Josephine Woodman, Miss Vera McClelland, Miss Edna Chapin, and Miss Dora Cate.

Chi Omega

Miss Lucille Bomgardner of Topeka was a week end guest at the Chi Omega house.

Miss Anna Marie Crocker and her mother, of Cottonwood Falls, spent the week end visiting at the Chi Omega house.

Miss Florence Mitchell of Riley, spent Saturday and Sunday at the house.

Mrs. James Branham of Flint, Mich. was a guest at the house Thursday. Mrs. Branham, formerly Miss Betty Waldo, was a student in K. S. A. C.

Miss Mary Collins of Belleville was a guest at the Chi Omega house Friday.

Miss Flora Shoemaker of Topeka, spent the week end with her sister, Josephine Shoemaker.

Shamrock

Charles Hagburg of Clay Center was a dinner guest at the Shamrock house Wednesday evening.

Mr. Ralph Lang spent the week end at his home in Sylvia.

Mr. Harold B. Combs spent the week end at his home in Winfield.

Military Hop

The cadet corps gave its sixth annual spring hop last night at Harrison's hall. This was one of the big dances of the term and was strictly a military affair.

The music was furnished by a five piece orchestra consisting of a violin, drums, piano, banjo and saxophone. More than eighty couples were present. Refreshments of punch and wafers were served throughout the evening. Military decorations were used.

In the center of the hall machine guns and stacked rifles were placed. The chaperons of the evening were Major and Mrs. L. C. Davidson and Captain R. L. Kemper.

The annual spring dance is usually given during inspection but this year the inspector came on a twenty-four hour notice and the hop was postponed until last night.

Miss Frances Stall spent the week end visiting friends on the hill. Miss Stall graduated here last year from the home economics course and is now teaching in the high school at Lindsborg, Kan.

Hamilton-Ionian

The Hamilton and Ionian literary societies held their annual egg roast at Eureka Lake Saturday afternoon and evening.

The chaperons were Miss Grace Derby, "Doc" Wagoner and Mr. Albert Burson, a former Hamilton who graduated here in 1901.

In the afternoon they went boating a while on the lake and then had a basketball game.

After this exercise they fried beef-steak and roasted eggs.

Alpha Psi

The Alpha Psi fraternity initiated the following pledges on Tuesday and Wednesday evening of last week: Mr. Leo A. Magrath, Mr. M. P. Schlaegel, Mr. Fred Williams, Mr. J. A. McKittrick, and Mr. B. B. White.

After the initiation refreshments were served at the chapter house. Dr. R. R. Dykstra was toastmaster of the occasion.

Luncheon

Mr. and Mrs. Guy Varney entertained the Sigma Alpha Epsilon fraternity at a luncheon Sunday evening.

Hundreds of Yanks Abroad Spend Time in Foreign Study

Washington Apr 22—There are 209,000 students on the rolls of the American army educational institutions, according to a cable report from Raymond Fosdick, chairman of the commission on training camp activities received today by the war department. The A. E. F. University at Beaune has 10,000, about 7,000 are attending French universities and 3,000 are at British institutions. The Post schools corresponding to the elementary schools in the United States are teaching 130,000, and 55,000 are attending the divisional education schools which correspond to the civilian high schools. In addition there are about 5,800 men in the specialized vocational schools. Athletic activities are increasing daily, the report said. In February 6,500,000 soldiers were engaged as individual participants in games.

vision, has resigned his position to
take charge of his farm in Lincoln
county.

If your coat swags in front—and
does not fit you around the neck as
all hand me downs do, see Shute.

Miss Gladys Ross recently received
word from her brother, Alvin, that he
had arrived in New York and expected
to be in Camp Funston soon.

Miss Betty Lyman has been assist-
ing the camp dramatic director, L.
Darius, in training the cast for the
extravaganza which is to be given at
the community building for the re-
turning soldiers.

Some Professors Say That it Can't be True

So interested did some of the Aggie
boys who were carrying on an experi-
ment become in their work they
thought they could not stop even for
Sunday.

They were working hard when
about eleven o'clock word came down
to them that the lady who owned the
ground wished they would please
stop.

"We have just an hours work left,"
said Bill, "let's finish."

His pal agreed, so they worked
peacefully on for about half an hour.
Then they noticed a car had stopped
at the side of the road and a lady
was beckoning to them so they went
to the car.

"I want you boys to stop work im-
mediately," said the lady who hap-
pened to be the owner of the ground.
"You shall not work on my land on
Sunday, for the Lord would judge us
both."

Sad-'tis True—But One Needs Must Use Diplomacy in Love

It was just a little cool out doors
but several couples could be seen
strolling over the campus. Mary and
Bill decided they would go down Lov-
ers Lane so they would not be inter-
rupted every few minutes by some
one yelling, "Hello, Bill" or "How are
you, Mary."

Everything was so pretty out there
that they stopped under a tree to look
at the campus. It was spring and
the flowers of the fruit trees, the red
bud, the lilacs and the lovely beds of
blooming bulbs made the world seem
wonderful.

"Say, Mary," said Bill, "I'm going
to propose to you—"

Mary, interrupting, "Oh! Bill this
is so sudden."

"That we have some ice cream—"
continued Bill but he was again
stopped by—

"Oh! I shall be delighted."

Then Bill got to finish, "Some eve-
ning when the weather gets warmer."

We no longer see Bill and Mary
strolling down lovers' lane.

Frosh Realize That They are in College —Fact Starts Rumpus

The freshmen at their meeting last
Thursday night came to life. After
many class meetings where there has
been very little done because they had
no rules of order or a constitution by
which they might do the things that
they really wished to do.

They at last woke up to the fact
that they needed a constitution. A
committee of three prominent politi-
cians was appointed to draw up a
constitution and present it at the next
regular meeting.

The constitution was presented at
the meeting last Thursday night and
a heated discussion followed over the
meaning of one word. One member
became so excited that he made a mo-
tion that he be allowed to resign from
the class roll. At this another prom-
inent member gained the floor and
moved that his resignation be ac-
cepted. The motion passed and he
was allowed the privilege of leaving
the class meeting but upon reconsid-
eration the proposition he was al-
lowed to stay in the class because of
his influencing voice. At present
all is quiet.

Don't Catch Husband by Vamping Him

Valeska Suratt, creator of that
stage and screen specie known as the
vampire, will resign from the posi-
tion of queen of the vampires to get
married. She announces that she ex-
pects to leave her profession of being
the slinkiest exponent of the vampire
colony to become a sweet ingenue at
the domestic hearth, dedded to The
Man, who she says is a big blond
Dane. She imparted the news from
her dressing room at the Orpheum in
Los Angeles last week while the maid
unpacked two great trunks of vam-
pire gowns. Valeska declares she did
not get The Man by vamping.

"Do you know why Geraldine had to
go to the hospital?"

"Yes; she bragged that she could
hold her breath while a couple of
movie-players were kissing, and of
course she failed."—Gargoyle.

STYLE HEADQUARTERS

WHERE Society Brand Clothes ARE SOLD

Double
Breasted

Peace Clothes at Peace Prices

IN this age of reconstruction there are big jobs
ahead for men who have the "sand" to undertake big
things. "Sand" is confidence and good clothes inspire it,
especially clothes that have the style and the tailoring that
give you entrée anywhere. Such are

Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

They rank in highest favor with men who don't want "second best."
Due to the fine hand tailoring every garment receives, the style remains
till the fabric wears out.

Come to "Style Headquarters." The label
"Society Brand" guarantees satisfaction.

CROOK MISSING TWO YEARS

TWISTED STAFF STOLEN BEFORE 1918 JUNIOR-SENIOR PROM.

President Gordon Hamilton Says Class of 1919 Will Not Give an Imitation of Emblem

It is early in the evening of the 1918 Junior-Senior Prom. A flivver comes to a Ford-like halt in front of a sorority house. Two gentlemen alight, enter the house, and return with a bag. From behind the house charge "villains." A fight follows, and in the end the two aforementioned gentlemen are picking themselves up and assembling their different parts, but they are minus the mysterious bag. The "villains" disappear, plus the bag.

That is the brief but well-known story of one of the most exciting incidents of last year's college life. The first two actors were last year's seniors, men of the Class of '18. Who were the others? Well, twenty to thirty men of the class of 1920—the present juniors—have taken the honor unto themselves, while it is said that there is an equally large group of claimants among the men of '21, last year's freshmen.

But what was in the bag? Suffice it to say that with the disappearance of the bag and contents also passed one of the time-honored, revered customs of the college. For without these contents last year's seniors found themselves minus the Shepherd's Crook—nucleus of many an Aggie tradition—and President George Gibbons was unable to present the junior president with the twisted stick.

All of which is interesting for tonight, under normal conditions, Pete Hixson, president of the junior class, would be the recipient of the crook.

For many years it has been the custom of the seniors to present this emblem to the juniors, who, in turn, have handed it down the following year to the third year men.

The life of the twisted staff has been troubled. Many times it has been stolen and each time a new crook has been constructed until last year's emblem was a twisted and lacquered lead pipe. The original crook was cut from the knotted, ancient vines which cling to the walls of Anderson hall.

This year, however, no crook will be presented.

"Last year's seniors were unsuccessful in their efforts to locate the crook," Gordon Hamilton, president of the Class of '19, said yesterday. "There is no doubt but that other classmates, if they wish to perpetuate the custom, will be assured of co-operation by the seniors."

"The true crook never has been presented to the Class of 1919. This will be the second consecutive year it has been missing."

TRACTION LAB. TO BE ENLARGED

To Use Former S. A. T. C. Barracks As Machine Sheds

"A number of changes will be made in the laboratories for the tractor and farm machinery in preparation for the work for next year," says Prof. J. K. T. Eckblaw of the farm engineering department.

"The middle barrack now used as a tractor laboratory will have a new cinder floor put in and bumpers built around the walls so the amateur operators will not drive through the walls. The fuel tanks which have been in the old tractor laboratory are being moved to the new laboratory."

"The barracks just worth of the tractor laboratory will be converted into a laboratory for ignition and carburation and for heavy farm machinery particularly power driven machinery."

"It is planned to install in this building enough locker room to take care of the requirements not only of the regular students in the tractor course but also the heavy enrolment expected in special courses next year."

"A portion of the agronomy breeding plots located in the rear of the tractor laboratory has been set aside as a trial ground for tractor operation. This will be covered with cinders as soon as possible."

The Flag Is Gone

Has K. S. A. C. lost the desire to show that it has a military department?

Last semester K. S. A. C. had a flag that flew at the mast on the gymnasium. The flag should be flown there now.

This college has a strong and well organized R. O. T. C. The old cadet corps won the title of Distinguished Institution for the military department. The D. I. is awarded to but ten school in the United States, most of them strictly military schools.

K. S. A. C. should be proud of such military standing, and should fly the flag over the building which holds the commandant's office—the military headquarters of the institution.

JUNIOR-SENIOR HELD TONIGHT

Arrangements Have Been Made for Entertainment Between Dances

The Junior-Senior Prom. for this year promises to be the most successful that has been held here for many years, is the opinion of Ellet Robison, chairman of the Prom committees.

"All of the committees have entered into the work and spirit of the thing, and are making things hum. The music will be the best we can obtain, and the decorations will be something unusual, although not very elaborate. We are planning for about two hundred couples, and arrangements are being made to take care of the people in an efficient and pleasing manner."

The annual dance this year will be held tonight. The reception will start in Nichols gymnasium at 7:30 and continue until 8:15. At this time, the junior farce will be given in the auditorium. The farce is expected to last until about 9:00. The farce committee have planned an unusual stunt, and startling things are predicted. It is a take-off on someone, or ones, but as to who it is, no one seems to know. Even Dame Rumor, according to some of the curious members of the fair sex, does not know much about the affair. They say they don't like mystery, but according to the committee, mystery is the only thing they will get until tonight.

"Some of the seniors seem to have been worried about not receiving their invitations," Ike Gatz, chairman of the invitation committee, told the reporter. "We have sent out the invitations to all the seniors, but from the reports that we heard, all seniors have not received them. We obtained our mailing list from the Registrar's office, and supposed that the names of all seniors would be upon it."

"If this list was incomplete, we want to tell every senior right now, that he or she is certainly expected to be at the party tonight. If he has not received a ticket, the necessary adjustments will be made at the door. But if they are seniors, they need have no fear of not being admitted."

Arrangements have been made for the entertainment during the dance. These numbers will not be given all at the same time, but will be divided up, and will be given between dances. All of the people on the program have had experience along their own lines, and the prospects point to some clever stunts on the part of the entertainers.

"We want to impress it upon everyone, that the reception tonight starts at 7:30 o'clock, the farce will be from 8:15 o'clock to 9:00 o'clock, and the dancing proper will start at 9:00 and last till 12:00," said Ellet Robison, "and we would like to have everyone there on time, so the party can start without delay."

Doctor Elder in Wyoming

Lieutenant Cecil Elder, having received his discharge from the army, March 15, is now doing research work in animal diseases for the experiment station of the University of Wyoming.

Two years prior to entering the army, Lieutenant Elder was connected with the Kansas State Agricultural college as assistant pathologist.

AGGIES SCALP INDIANS TWICE

The Aggies annexed two more games this week toward a perfect season. The Haskell Indians were the victims this time and the two games were well played and showed good baseball. The scores were 6-3 for the game Wednesday and 5-4 for the game yesterday.

Miss Dorothy Mosely and Miss Grace Turner will spend the week end at Miss Mosely's home in Alma.

ARCHITECTS FINISH PLANS

DRAWINGS OF NEW ENGINEERING BUILDING COMPLETED THIS WEEK

Sketches Go to State Architect Immediately—Build Center Section and Front of West Wing

"The new engineering building plans are finished and will be sent to the state architect at Topeka this week," said Edmund Smith of the architectural department of the college.

The engineering building when completed will be three hundred feet long making it more than triple the present length. A central portion and a new wing are to be added.

The main entrance on the new central part will be a large uncovered stone porch, similar to the one on the library, only the steps will come up either side instead of one place in front. Stone seats will be constructed on this porch. The new wing will have an entrance similar to that of the present engineering building.

On the first floor just back of the main entrance will be a small auditorium with a seating capacity of four hundred and thirty people. All engineering assemblies will be held in this new auditorium instead of in the old chapel.

A large hall will extend the entire length of the first floor. Opening off of this hall will be the offices of all the engineering professors except those of the architectural department. Dean A. A. Potter's office will be at the right of the entrance. In the rear part the drafting laboratories and the class rooms will be located. A new feature of the engineering building will be a ladies rest room which will also be on this floor.

The second floor will be devoted to the engineering extension department. The main point of interest here will be the engineering library. Here, it is planned to keep all the engineering reference books for the use of the students. A librarian will be here at all times during the day.

The third floor is just built over the central part. This floor is to be devoted entirely to the architecture department. There will be two large exhibition halls in which the statuary will be placed. Exhibits which come to the college from time to time will also be put here. A small architectural library will be on this floor for reference books. The office of Prof. C. F. Baker and Edmond Smith are here, also three laboratories and a lecture room.

The basement will be given over to laboratories. The electrical engineering laboratories will be directly under the main part and the auto mechanics and civil engineering laboratories will be under the other new part. Lockers will be put in these rooms for student use.

Styles Say "Stand Up"

Our sympathy goes out to the college girl who went to the Spot Cash Store to buy a skirt and, after choosing one and remarking that she would take it if it fitted her, tried it on, only to find it so tight that sitting down in the said skirt was an utter impossibility as well as a great danger to the skirt.

She decided not to take the skirt. The clerk becoming wrathful over losing the sale cynically remarked that no one but an old fogie would pay any attention to sitting down when she tried on a new style skirt and tried to force the girl to take it for standing room only.

Marco Morrow to Speak Monday

Marco Morrow, advertising manager of the Capper Publications, will be at the college Monday, and will make two addresses in the department of industrial journalism. He will talk to the students in agricultural journalism at 11 o'clock in the morning, and to the student in the four-year journalism course at 4 o'clock in the afternoon.

Both lectures will be in Room 55, Kedzie hall, and will be open to the public.

The feed control department has a case in the federal courts set for May 2. L. A. Fitz and A. E. Langworthy will attend.

To Make Sorority International

One of the important measures decided upon at the national convocation of the Sigma Alpha Iota sorority, in Topeka, was that looking to the internationalization of the sorority. Chapters of Sigma Alpha Iota will be established in foreign countries where musical sororities exist—particularly Canada and England. A charter will be secured from the British government.

Plans are also being made for a musical pan-Hellenic—that is for the co-operation of Sigma Alpha Iota with other national musical sororities.

L. A. Fitz made a business trip to Atchison Thursday of last week.

AGGIES MEET BAKER SATURDAY

Clarke's Men Also Go Up Against the St. Marys Nine

Saturday two big athletic events take place on the Ahearn field. At 2 o'clock the Aggie battle the St. Mary's nine in the second baseball game of the season between these two teams. The game is expected to be a good one for the St. Mary's team held the Aggies down to a low margin in the first game a week ago. At four o'clock the Aggie tracksters are scheduled to meet Baker University of Baldwin in the first outdoor track meet of the season.

The Aggie tracksters are showing up in good form on the cinder-track. The time is better than they have done on the indoor track and the coaches expect some records to be broken.

Cliff Gallagher will undoubtedly set a new record in the dashes. The century race will be his strongest event. Gallagher has been showing fine form in the last week of practice and has a worthy opponent to face in the Baker representative. Cliff is also entered in the low and high hurdles and may set new records in either of these events. He has been skimming the tops of the sticks with Beatty in record time in practice and they are expected to show up as well in the meet as they did in the practice.

Captain Foreman will be at his best in the two mile event. Foreman has taken great care to get in shape for the outdoor meets this year for this is the last chance he has to show his speed.

Watson, the dark horse of the indoor track season is no longer an unknown quantity in the Aggie camp. He is expected to show even greater development on the cinders than he did on the cork.

Beckett and Neely are the entrants in the quarter mile event along with "Ship" Winters. These men are expected to take the event with ease.

Frost and Robison are doing good work on the pole vault and will clear the bar at heights that have not been reached by Aggie vaulters for some years.

All men carrying government insurance are requested to hand in their names to Major Davidson, of the military office. Blanks are to be obtained giving full information as to how the government insurance can be handled. Don't neglect this.

Quill Elects Members

Miss Winifred Varner and Miss Elizabeth Dickens are the new members of Quill club in the annual spring membership contest which closed last April 15, according to an announcement made by the club after their regular meeting Wednesday evening. Miss Dickens is the daughter of Prof. Albert Dickens and a freshman in general science. Miss Varner is a freshman in home economics and a member of the Delta Delta Delta sorority.

Holds Initiation

Scabbard and Blade, honorary military fraternity, held initiation Saturday night for the following: Mr. Harold Woodward, Mr. Raymond Pily, Mr. Clyde McPherson, Mr. Claude Hutto, Mr. Dale Hutto, Mr. Harold Hilliard, Mr. Buckley, and Mr. Scully.

Doctor George A. Dean attended the state entomological commission meeting in Topeka on Tuesday.

COUNCIL IS WORKING UNDER DIFFICULTIES

MEMBERS ARE ELECTED TO REPRESENT THE STUDENT BODY IN ALL COLLEGE ACTIVITIES AND COUNCIL GIVEN NO POWER TO FULFIL THESE OBLIGATIONS

Prof. H. L. Kent in Letter to Student Body Gives Some of Facts in Case and Urges Students to Be Prepared to Vote on Student Government and on a New Constitution for the Student Council

Prof. H. L. Kent in a letter to The Collegian tells some of the conditions under which the student council has been working. The letter is as follows.

To The Student Body:

It has been my pleasure to work with the Student council this semester and because I know what they have earnestly and honestly tried to do I am taking the liberty of writing this open letter so that the whole student body may know.

"Criticisms kind and unkind have been made of the action of the council. Many of them have been unfair and some absolutely without foundation—these I believe should be answered in order that all of us may co-operate intelligently."

"The council was criticised for not being active. They were inactive for a long time. The reason for that inactivity was lack of a knowledge as to who made up the membership of the council. Then the council met and elected officers and examined the constitution under which it was to work only to find that some of its members and officers were not eligible to a place on the council under the constitution. Therefore the council had to remain inactive until the classes elected new representatives and reported the election. Should the council be blamed for this period of inactivity or should the class organizations which were careless in the selection of representatives be blamed? The council could take no action until it was a legally constituted council."

"The council has been active ever since it finally organized. Not a week has passed without at least one meeting. Usually there have been two meetings each week and sometimes three. Surely that is all the time that can reasonably be demanded of the council."

"The council has been criticised on account of the regulations concerning attendance at week end dances not sanctioned by the faculty. The council has never discussed this matter nor has it been asked to discuss it, much less attempt to regulate or legislate. The regulation in question is one which has been in effect for several years and is a faculty and not a council regulation."

"The council has been criticised for presuming (?) to publish in the Collegian rules regulating student conduct. The council at the request of worthy students who wanted to know the regulations concerning hikes had the regulations, made by a previous council and approved by the former President of the college, published in accordance with that request. Is the council to be criticised or commended for complying with such a request from members of the student body which it represents?"

"The council passed and published regulations concerning 'cheek to cheek' and 'shimmy' dancing. This action was taken upon written request of reputable student organizations whose members regularly attend student dances. Did the council exceed its authority or 'but in' when it took action following this request?"

"The council has met twice on matters of discipline. Both cases were reported to the council, through a faculty committee. Should the council have acted or 'side-stepped'? If it should not have acted who should? Do you honestly desire student government?"

"The council with the hearty support and encouragement of members of the faculty has been earnestly laying safe and sane foundations for a student self-governing association. They are working hard on that problem because the present plan leaves the council without powers, duties, responsibilities or rights."

"When the plan for such an organization is properly perfected it will be submitted to the student body for criticism, revision and we hope, for final adoption."

"If you are for student government here be ready to help perfect such plans. If you are not in favor of student government be ready to fight and fight hard for there will be something doing."

"If you want anything like student control of student affairs I believe you must do some of the following things:

1. Put up your little hammer. It is a deadly enemy of College pep. The hammer is not an essential part of the paraphernalia for the development of college spirit.

2. Don't holler because the council doesn't run around to hunt up your pet grievance. They'd be accused of butting in. If you know of something which you feel deserves the attention of the council call their attention to it in a signed statement and your request will receive courteous consideration and no publicity.

3. Assume some responsibility for the conduct of student affairs. You cannot have a self-governing body unless you are willing to obey the laws, and also to help enforce the laws, that is to see that others obey the laws. If student government means government which governs only the other fellow and the other fellow's friends, it won't work. You as individuals must be governed and actively assist your elected governing representatives.

4. Call the attention of the council to things which you believe deserve its attention. Do so in writing and present the facts as you know them. You will get earnest support.

5. Boost! Be active in your support of all things which will be of real benefit to the student body or the college. That is the best expression of the much desired college spirit. "The Student council is active. It is earnest. It is sincere. It is willing. It is constructive. It is not 'yellow.' It is not meddlesome. It is not tyrannical. It is not destructive."

"I am alone and personally responsible for the foregoing. I believe it represents the feeling of the council I am submitting this in a constructive spirit. If the editor of the Collegian sees fit to grant space in The Collegian I will gladly present a statement of things which I believe the student body should undertake to do."

Cordially,
H. L. KENT,
Faculty representative in the Student Council."

The new constitution for the students self governing association has just been completed. It is now being discussed section by section by the students council, preparatory to adopting it.

"Every clause is being carefully considered and discussed from all angles," said Howard O'Brien, president of the student council. "We are trying to form a constitution which will be a success and will be satisfactory to the student body."

After the student council has approved the constitution it will be turned over to the committee of student affairs for their approval. Dr. MacArthur is chairman of this committee. If the committee approves of the constitution it will then be sent to president W. M. Jardine for approval.

The constitution is then to be published in The Collegian in its full form. A student's chapel will be held at which the constitution is to be voted upon, by the students themselves.

It is hoped that by this method of voting and approval that a constitution may be secured which will prove successful and will be satisfactory to the students and the faculty.

The constitution was drawn up by a committee of five chosen from the student council. Clifford Knisely was chairman of the committee.

THOSE BASEBALL PLEDGES

Does your name signed to a little slip of paper amount to anything? In plainer language do you make good your promises? About 287 of the baseball pledges which were made in chapel about a month ago have not yet been redeemed. What does this mean? No, the students and faculty members are not dishonest but they are very forgetful of things which they consider small matters. Some of the most influential members of the faculty are among the culprits. If a list of these people should be published, would they be able to face the criticisms that come from the large majority of students who have redeemed their pledge?

These 287 people have been notified by personal note from the athletic department and now by this earnest appeal through the columns of the Collegian. This should be the last reminder necessary.

ALL TOGETHER NOW

We have been criticizing the student council for not doing things on the hill which should be done. We have accused them of making policemen rather than leaders of themselves. And now we have the gruesome fact revealed to us that the student council which should have control over the student activities in this college hasn't the authority even to lead a pep meeting without first inquiring of the discipline committee whether shirt tails should be worn in or out in the pep parade.

We have chosen this council to represent the student body in all activities. If there ever is any unity of spirit and action in this college it will be through a representative body of the students as is found in the student council. The only power the present student council has is in the little disciplinary action it has taken recently upon request. They are powerless to do any real constructive work.

Let's get together and see that the student council gets the power and authority to represent the student body in other matters than it can now. In other words let us help to make our student council a live organization instead of a little police force. We can do it.

"Muriel feared the girls wouldn't notice her engagement ring."
"Did they?"
"Did they? Four of them recognized it at once."
—Judge.

STUDENT MIND

Dear Editor:

Oh, no, don't advise the students council to try their hand at eliminating cases, for that old disease called puppy love is harmless. Any one who goes through college without at least one case has missed half of his college fun.

Let the students council regulate hikes and dances and the chaperon question, but let cases take their natural course. Perhaps cases do continually block up the halls and doorways, but any one with a sense of humor will overlook this just for the sake of the fun he may get from watching the latest symptoms and developments of the cases.

—Howard H.

The Decline of Walking

One significant phase of the action of forty Philadelphia business men recently in pledging themselves for a five-mile "hike" is that a leading Philadelphia newspaper should have regarded it was. It is a mere incident of the adventure that thirty-two of the forty failed to appear at the rendezvous, but sent excuses instead. It was the eight who walked who gave the item its news flavor—three column spread, and so forth. The thirty-two did exactly what might have been expected of them.

Are we forgetting how to walk? It is estimated that there are 3,650,000 automobiles in the United States. Assuming that each automobile serves an average of five persons, at least upon occasion, there are most than 17,000,000 who have access to the modern means for arriving at a destination. But the destination is not everything, and there is much to be said in behalf of walking purely as a form of exercise. It requires no complicated apparatus, and best of all, it necessitates breathing extra quantities of pure, outdoor air.

The eight Philadelphians who did keep their pledge missed one of the chief benefits of the proposed hike, if all accounts are true. They covered some five and a half miles, "between 2 p. m. and sunset." Now a mile or so an hour is nothing but a stroll, and hardly that. Three miles an hour, at least, should be the mark. It is even better to walk three miles in forty-five minutes and rest a quarter of an hour. The good of walking is derived from vigorous indulgence in it. The canterer tastes none of the joys of accelerated circulation of the tingling of the skin that comes when the pores begin to open, of the delightful lassitude which follows just the right amount of fatigue.

Walking is an exercise not only for the legs, but for the whole body. Even the automobile owner can with profit resort to it occasionally. The walking season is only just beginning. All through the spring and summer and fall the weather will be right for it; and winter, too, when the habit is formed.—Portland Oregonian.

LOOK INTO THIS

Hoping You Are The Same

Honorable Editor:

Yesterday, my roommate snickered up to me with strained honey expression on countenance, and say "Tonight we go and call on honorable girls." "I know no girls, honorable roommate" I exclaim. "But I do," he warble winking Charlie-Chaplin wink. "I introduce you to honorable ladies."

So last night I put on clothes like honorable Fifth Avenue millionaire, and we go to girls' house. After long time in honorable and sugary talk, I am called by telephone. "I show you telephone," she snigger sweetly, and does so. After I talk, she take my hand and spiffle sotti, "Kiss me." And I feel faint and do not.

When my roommate and I are in our honorable room, I expostulate what happen. "Not like honorable Japan," I make argument. "You are honorable darned fool," he expurgate.

Hoping you are the same, I remain,

Your humble servant,
YOKOHAMA BOLO.

Prominent Freshmen

Have you noticed that whenever a motion is made in a freshman class meeting it is always by a "prominent member?"

Let's see, where did we hear that expression before? Our home town has a population of 257 and when we first started reporting for the home paper we had the experience of "covering" a colored convention.

Just Come Right Out

Maw sez in a letter, sez she: "Ef you belong to one of these here sororities, jest admit it right out. Don't say to some folks, 'No, I don't belong to nothin' of that sort,' an' say to other folks, 'Well, you know, really—well, you understand—I don't want to make any announcement—of course you know the situation, politically.'"

A Question.

"Say, girly, I know you pretty well, don't I?"

"Of course."

"Well enough to ask you a personal question?"

"I think so."

"Do you have to build those puffs over your ears every morning or does the original construction last awhile?"
—Kansas City Journal.

A Barber's Plan

"I'm afraid we'll have to charge 25 cents for a shave after July 4," said the barber.

"How's that?" asked the Man in the Chair.

"Well," replied the barber, "men's faces are getting longer and longer every day thinking of prohibition and it is going to take twice as long to shave 'em."—Cincinnati Enquirer.

Useless Occupations.

1. Brushing flies from the fly-wheel.
2. Hunting for splinters in the Board of Education.
3. Cashing baggage checks.
4. Looking for the index in a pocket note book.
5. Unscrambling an egg.
6. Wiping the mouth of a trunk.

FOURTEEN POINTS OF BUSINESS

A Woman Gives the Rules for Making a Success.

Chicago—When a girl enters the business world and builds up a business of \$175,000 a year it's about time the men sat up and found out how. Miss Maude Freeman, with the \$175,000 a year business, gives the following fourteen pointers to ambitious business women:

1. "Apply yourself unremittingly."
2. "Perfect yourself in some one thing; specialize."
3. "Know your old job before you expect a better one."
4. "Make service the keynote of your career."
5. "Be cheerful."
6. "Be courteous. The public demands it and is entitled to it."
7. "Don't make the mistake of never taking a vacation."
8. "Make good use of your spare time."
9. "Don't waste time on movies—grand opera, symphony concerts or good plays are much better."
10. "Don't be superstitious. I got my first position on Friday."
11. "Invest your savings carefully. Government securities are best."
12. "When you get a raise, plan to save more, not spend more."
13. "Set your peg a notch higher every year."
14. "Be a Suffragist." —New York World.

The modest man had bought a horse but after closing the deal he was not exactly satisfied with his purchase.

"There is just one thing I don't like about this horse," he said. "She won't hold her head up."

"Oh, that is only her bloomin' pride," said the dealer. "She will when she is paid for."—Green Bag.

Delta Zeta.

Mrs. George Levitt and son, Grey, of Wilson were the week end guests of Miss Ollie Dotz and Miss Bernice Klotz.

Mrs. W. S. Hoag of Ionia, returned to Manhattan with her daughter, Miss Lyle Hoag, who spent Saturday at home.

Mrs. Elmer Dressler and daughter, Miss Ethel, are guests at the Delta Zeta house.

Miss Leah McIntyre, Miss Ollie Klotz, and Miss Ada Robertson attended the Y. W. C. A. convention at Army City Sunday.

Delta Zeta has issued invitations for their annual spring party to be held May 10.

Mr. George Grover who recently returned from France, and is now stationed at Camp Funston visited his sister, Miss Garnet Grover, Monday.

Miss Ethel Roop has as her guest, Miss Emily Sterling of Wakefield.

Founders Day Banquet.

The Pi Beta Phi sorority gave its first annual Founders Day Banquet, Monday evening, April 23, at the Gilet hotel. Red carnations, which is the sorority flower, and smilax and red candles were used in the decorations. Covers were laid for forty guests. The alumni members present were Miss Laura Duffield of Simpson's college in Iowa and Miss Mispot of Randolph Macon College, Virginia.

Miss Ernestine Biby was toastmaster of the evening. Toasts were given by Mrs. May B. Snider, Miss Sarella Herrick, Miss Hortense Caton, and Miss Mabel Troutfetter.

Sigma Phi Epsilon

Mr. Herbert Grees of Lawrence was a week end guest of Mr. Ship Winter.

Mr. and Mrs. Authur K. Herbert of El Dorado were Tuesday evening dinner guests of Mr. Morse Salisbury. Mr. Herbert has just returned from overseas with the 35th division.

Mr. Claude Owen returned Tuesday morning from a visit at his home at Reece.

Mr. Charles Gulickson of Eureka, was a Sunday guest of Mr. Orin Hinshaw. Mr. Gulickson was a member of the headquarters troop of the 35th division.

Shamrock

Mr. Lawrence Stonge spent Sunday in Clay Center.

Mr. Howard Linsdaley spent the first of the week at Dornwood Farm, Topeka on a dairy test.

Mr. Samuel Rothweiler of Bison, spent Tuesday at the Shamrock house visiting his son, Mr. Warren Rothweiler.

Mr. George Myers and Mr. Harry Myers of St. Joseph, Mo., and Miss Norma West were Sunday dinner guests at the Shamrock house.

Chi Omega

Mr. Sylvester Coe was a dinner guest at the Chi Omega house last Sunday.

Miss Mildred Champion returned to Manhattan Monday after a week's visit with her parents in St. Louis.

Mr. John Andrews was a Sunday dinner guest at the Chi Omega house.

Dinner Party

Miss Florence Butler, of North Carolina, who is a special student in agriculture, entertained on Friday night with a dinner party. Covers were laid for twelve and a three course dinner was served. The dinner was a most unique affair and was enjoyed greatly by all present.

SMETHURST MUSIC CO.

Beta Theta Pi

Mr. Louis Duff who has been attending school at Kansas university spent the week end at the Beta house.

Miss Theodore Harding was a dinner guest Thursday evening.

Mr. John Riddell spent the week end with his parents in Salina.

Mr. Chain Robinson spent the week end in Topeka.

Mr. Milton Labadie spent the week end at his home in Pawhuska, Oklahoma.

Mrs. MacLeol entertained at tea Sunday evening the following guests: Miss Marie Julian, Miss Morine Weddle, Miss Aria Neal, Mr. George Smith, Mr. Grover Simpson and Mr. H. T. Enns.

Mrs. Mary Cushman was a guest Sunday afternoon.

Announce Local Sorority.

A local sorority, Iota Psi, announces its organization. Its members are Miss Lusile Heiser, Miss Vera Olmstead, Miss Ruth Blair, Miss Julia Keeler, Miss Velma Carson, Miss Anne Lorimer, Miss Ella Stinson, Miss Anna Marie Roenigk, Miss Adda Middleton, Miss Luella Morris, Miss Irene Graham, Miss Pearl Hoots, Miss Esther Waugh, Miss Elsie Puckey, Miss Katharine McQuillen, Miss Florence Austin, Miss Marlon Brookover and Miss Orpha Maust. Miss Georgia Moffitt, and Miss Vera McClelland are pledges.

The patronesses are Mrs. L. E. Melchers, Mrs. Mary P. Van Zile, Mrs. L. E. Conrad, Mrs. Ned Kimball, Mrs. F. A. Baldwin.

Kappa Kappa Gamma

Miss Leah Belle Duff left Wednesday for her home in Horton where she will spend a few days.

Mrs. Robert Cushman spent the week end at the Kappa house.

Miss Hester Hackney was a dinner guest at the Kappa house Tuesday evening.

Miss Esther Burt and Miss Mary Rice are spending the week at the Kappa house.

Mrs. Cecil Baker was a guest at the Kappa house Tuesday evening.

Miss Ruth Goodrum and Miss Gladys Ross attended the Y. W. C. A. convention at Army City, Sunday.

Williams-Herman.

The marriage of Miss Florence Williams of Manhattan and Mr. Clifford Herman of Glenwood, Iowa, took place in Topeka, Tuesday, April 24th. Mrs. Herman is well known here having attended K. S. A. C. for some time several years ago. Later she was on the staff of one of the local newspapers of the city.

Mr. Herman has just recently been discharged from the service at Camp Funston. Mr. and Mrs. Herman will live in Tannant, Iowa, where Mr. Herman is engaged in the lumber business.

Alpha Delta Pi

Miss Ruth Martin of Junction City was the week end guest of Miss Jamie Cameron.

Miss Oro Snider of Soldier, is the guest of her cousins, Miss Inez Backman and Miss Dale Backman.

Miss Mabelle Fuller of Houston, Tex., who is president of the Beta province, spent Thursday visiting the local chapter.

Miss Josephine Sullivan spent last Thursday at her home in Wamego.

Pi Kappa Alpha

Mr. Carl Scothorn of Junction City was a week end guest at the Pi Kappa Alpha house. Mr. Scothorn was a member of the Pi Kappa Alpha fraternity while a student at Missouri university. He intends to enter the law school at K. U. next year.

Mr. Cecil Moore and Mr. Loren Van Zile were dinner guests Tuesday evening.

Dinner Guests

Prof. and Mrs. W. E. Grimes entertained Mr. and Mrs. Alden Huse, Mr. and Mrs. Clyde Mullin and children, Mrs. E. L. Knostman and Mrs. Myron Collins at dinner Sunday.

Y. W. finance campledges that were not paid before are due May 6.

Pan Hellenic

The women's city Pan Hellenic entertained Tuesday afternoon at the community building for the Women's Pan Hellenic of the college.

Luncheon

Mrs. W. N. Skourup entertained Mrs. Robert Cushman, Mrs. Louis Ritter and Miss Betty Cotton with a luncheon at the Pines on Monday.

DAVID SHULL GETS DISCHARGE

Tells of Seeing Other Aggie Men in France

Mr. David R. Shull, '16, who has been visiting at the Aztex house, has returned to his home in Kansas City.

Mr. Shull just recently received his discharge from the army. He enlisted September 1, 1917, in the aviation and went to ground school at the University of California. He was then sent to Call Field at Wichita Fields, Texas, where he received his commission as a Second Lieutenant. He was then transferred to Payne Field at West Point, Miss., where he met Charlie Enlow, who has recently returned from France and entered college.

He also met Wright Turner, a former student in college and a member of the track team and Sigma Phi Epsilon fraternity. They all sailed at the same time and were stationed at the third Aviation Instruction center at Issoudun, France, where they learned to fly pursuit planes.

Mr. Shull went up to the Toul sector two weeks after the armistice was signed. He was then a member of the 41st Aero squadron of the Fifth Pursuit group.

While in France, Mr. Shull saw several former Aggie students. Among them was Dick Williams, Don McCallum, who used to play basketball; Chaplain Myron Collins, G. J. Mibect, "Slim" Dewey Fullington who is a ground officer at Issoudun; and Casey Charles, who is instructing in photography at Tours.

Price Davies, a former student in college and a mechanic at the 3rd Aviation Instructor center used to receive the Collegian.

Officers and privates used to get together to read the college news and it surely sounded good. Officers forgot their dignity and mingled with the privates, in an effort to get a little news from K. S. A. C. said Mr. Shull.

Pity The Man

Who Growls

—He Needs it

Why worry? Some students come to school in the morning with a frown and go home with a worse one. They worry in the morning because they don't have their lessons. They worry in the evening because they have to study them. Then even worry about the weather, and who can change the weather?

What if some people do get round-shouldered by wearing a rain coat for a week. They had better do that than be laid up with a cold because they did not wear one. Then think of the bright days ahead when the rain is over.

Worry causes people to become discontented. When they are discontented, they lose faith in folks. When they lose faith, they have no friends. What would people do without friends?

George L. Walton who has recently written a book on "Why Worry", says that the nervous breakdown which eliminates sleep is more frequently due to worry than to work. Not should the sufferer jump too quickly to the conclusion that it is the loss of sleep rather than the worry that makes him wretched. It is astonishing how much sleep can be lost without harm, provided its loss is forgotten, and how much work can be carried on without extreme fatigue, provided it be undertaken with confidence and pursued without impatience. It is, however, essential that the work be varied and, at due intervals, broken.

The college man or woman should do all he or she can do well, without worrying or grumbling.

The Chicago Intercean gives this to its readers:

"There's something kind of pitiful about a man that growls. Because the sun beats down too hot, because the wild wind howls, Who never eats a meal but that the cream ain't thick enough, The coffee ain't been settled right, or else the meat's too tough— Poor chap! e's just the victim of Fate's oldest, meanest, trick, You'll see by watching mules and men, they don't need brains to kick."

A. E. Langworthy, state feed inspector, was in Topeka on business, Wednesday.

Trouble

I look abroad, across the sea, and what I there behold, puts goose-flesh on my marble brow, and makes my feet grow cold. The blooming nations over there don't seem to care for peace; they haven't had enough of war—they hate to have it cease. With chips upon their shoulderblades they paw around and cuss, and seem to hope some locoed gent will start another fuss. I wouldn't care a tink-er's hoot how much those nations fought, if they'd confine their scrapping to their own ten-acre lot, and not expect the outside world to drop its useful tools, and take up swords and guns again, to curb a bunch of fools. Alas, I fear that Uncle Sam will be, in future years, kept busy doing peeler's work in both the hemispheres; when not suppressing Red at home, who would overthrow the law, he'll have to chase some Red abroad, and soak him in the jaw, he'll have to help out ten cent kings and jack up sagging thrones, and every fifteen minutes he must blow a billion bones. The nations all have come to look on Uncle Sam as one who works the scales of justice and looks on the job as fun. I should be proud of this, no doubt, but I'm a mossback jay, and I regret the bygone times, the old contented way, when Uncle Sam was satisfied to run our native land and warble "Hail Columbia," an eagle in each hand.—Walt Mason in the Wichita Eagle.

What Is Inconvenience.

The tall bookkeeper wound about three yards of lower limb around the leg of the table and remarked as he gazed off into space:

"I would like to know what some people's idea of inconvenience is. For instance, the other day a small child belonging to one of our neighbors knocked at our back door.

"What can I do for you, little girl?" I asked.

"Well," she said, 'my papa says he hopes it won't inconvenience you any, but he has sent our ice box downtown to have a new lining put in and he wants to know if you will lend us your refrigerator for three or four days until ours get fixed.' "Can you beat that?"—Pittsburgh Leader.

Go To It, Joe

General Joseph Piludski is to be retained as director of Poland.—News Item.

MANHATTAN TYPEWRITER EMPORIUM
K. W. Hofer, "The Typewriter Man," Mgr.

Too Bad He Couldn't March
United States Senator Howard Suther-
land, of West Virginia, tells a story
about a mountain youth who visited a
recruiting office in the Senator's state
for the purpose of enlisting in the reg-
ular army. The examining physician
found the young man was sound as a
dollar, but that he had flat feet.
"I'm sorry," said the physician,
"but I'll have to turn you down.
You've got flat feet."
The mountaineer looked sorrowful.
"No way for me to get in it, then?"
he inquired.
"I guess not. With those flat feet
of yours you wouldn't be able to
march even five miles."
The youth from the mountains stud-
ied a moment. Finally he said: "I'll
tell you why I hate this so darned
bad. You see, I walked nigh on to 115
miles over the mountains to get here,
and gosh, how I hate to walk back!"

PRICE WINS IN GRAIN JUDGING

Contest Proved a Success—To Be An
Annual Affair

The results of the first annual
grain judging contest put on by the
Tri K club in co-operation with the
department of agronomy were an-
nounced Thursday.

E. J. Price who is majoring in ag-
ronomy won first place with 181
points. Mr. Price was awarded a
silver loving cup by the Tri K. club.
G. Y. Blair who is also majoring in
agronomy won second place with
174.5 points. C. L. Quear with 172.5
points was given third place.

The points won by the next seven
highest contestants were as follows:
J. W. Bellomy, 165.5; W. R. Horlacker
164; E. L. McIntosh, 163.5; C. F.
Laude 163.5; J. F. Brown, 161.5; F. E.
Oaks 154; T. Barger, 152.5.

The contest was under the super-
vision of C. W. Mullen, assistant pro-
fessor of farm crops, who was form-
erly associated with the government
in grain supervision work. Mr. Mul-
len was assisted by Fred Griffey, who
is president of the Tri K. club. The
judges of the papers were Dean F.
D. Farrell, Professor C. W. Mullen
and Professor S. C. Salmon.

The papers were graded on a 240
point basis. In the grading the judges
took into consideration the ability of
the contestant to identify the differ-
ent kinds of grain sorghum and the
different classes of oats and of wheat.
Also the ability to identify the differ-
ent kinds of damages on oats and
wheat and sorghum such as smut dis-
eases and rusts. Identification was
graded on a basis of 75 points.

The judging was also based on the
contestants ability to place samples
of wheat, corn and oats for milling
purposes as well as for seed pur-
poses. Placing was graded on a
basis of 80 points.

The judges also took into consid-
eration the reason for the contestants
placing of a certain grain. In some
cases when the grain was placed
wrong, part credit was given if a
good reason was stated for the plac-
ing. Reasons were graded on a 85
point basis.

This is the first grain judging con-
test that has ever been held in this
college. In the future the Tri K.
club in co-operation with the agron-
omy department intendeds to make
this an annual event.

ICE CREAM SALES GROW

Dairy Building Proves Popular Place
For Hungry Throng

The spring weather has been in-
creasing the demands made upon the
dairy sales room. In this room,
which is hidden away in the basement
of the dairy building, the college has
for sale eggs, meat, regular dairy
products, and ice cream. The lat-
ter article is the most attractive to
the students, but many of them buy
milk.

"I could sell much more of the
cream if I had it," said C. G. Logs-
don who is in charge of the room.
"About 20 gallons of the cream are
made on Tuesday of each week but
much more could be easily sold if it
were available."

Although the accommodations af-
forded by the room are rather meager
for an ice cream parlor, girls, as well
as boys frequent the place for their
afternoon refreshment.

Turn About—

Doctor Jones—Look here! I've paid
you a lot of money to fix this car and
it's just as bad as ever.

THE WHITE ELEPHANT

The white elephant is not what the
word implies—white. It is gray,
with the distinctive marks of the
Albino, that is, light colored iris of
the eye, white toenails, white or red-
dish body hair and pink skin near the
end of the trunk and underneath the
body.

White elephants, so-called, are com-
paratively rare, writes George Pratt
Ingersoll, former United States min-
ister to Siam. Only a few are in
captivity. Years ago, according to
accounts, there was a good deal of
ceremony attending the capture of
one; but there are a good many fairy
tales.

There are four or five white ele-
phants now at Bangkok. I found
them comfortably but not gaudily
housed, with a stout teakwood fence
inclosing a small space about their
stables. The white elephants at
Bangkok are secured by ropes and
chains indoors most of the time, but,
notwithstanding, they look fat and
healthy.—Cleveland Plain Dealer.

Y. M. C. A. PLANS GROW

ORGANIZATION WILL DO PERSONAL AND ORGANIZED WORK AMONG STUDENTS

Employment Bureau to Find Jobs for Boys—To Help New Men Get Rooms and Proper Start in College

It is the plan of the Y. M. C. A. for next year's work to be such a large program as to be of interest to every man of the student body. The members of the cabinet for next year are men from every division and interest in college. They plan to put on such work as will make for a real live growth in the college. Last year there were no funds solicited from the students or faculty for local work. It is necessary though that the work be self-supporting this coming year. If the men students, faculty and town folks will give the necessary financial support to the work in the campaign this spring the work will be a big work next year with an able experienced secretary at the head.

There is what is part of the plan for next year. Employment bureau to get jobs for the boys and boys for the jobs. New students committee to meet the trains in the fall, help new men get rooms and get into the game right. Extension work which will be helping in getting high school students interested in this college and taking some of the benefits of the college out to them. This committee and the new student committee will work together in getting in touch with new students and getting them to come here rather than to some other college.

Religious work and Bible study will be pushed also as a part of the work of the association. The World Forum will take up the subject of business and professional openings in all parts of the world for students of colleges. This will be a real live need.

The social program is a big one and will make an effort to help out in the different phases of social life in the college. With this committee the Fellowship committee will co-operate in keeping in touch with the new men and helping them to keep their heads above the surface.

Next year a new committee will be used in "Vocational Guidance." It will be their work to make available for all men inside information on life work. The educational work will be stressed in educational trips, campus sight seeing, and subjects of general popular interest outside the opportunities of the class room to furnish.

The physical committee under the leadership of one of the athletes of the college will put on a program to get every man in school to get some of the benefits of physical work. This will be in co-operation with the athletic department.

Membership will be upon a purely interest basis and not because of financial support. It is likely that a regular public initiation program will be held and run and profit both result from it. Finances are necessary to keep the association going, but they are simply a means to the end and not the end of the association work. The association can be a real live factor in the college life here if the men of the college want it to be. The cabinet is ready and anxious to do the job if they can get the necessary backing.

Russel R. Cave Returns.

Word has been received that Captain Russel R. Cave, former student, has received his discharge from the army and will arrive in Manhattan, the latter part of the week.

Captain Cave enlisted in the army at the beginning of the war and has been in active service since July, 1917, having served part of the time with the British army in a hospital in England. After entering the army Captain Cave was married to Miss Virginia Meade of Topeka. Miss Meade, formerly taught in the domestic science department of the college.

Mr. and Mrs. M. F. Ahearn entertained with a May card party at the country club Thursday night. There were sixty guests present. The club rooms were decorated with yellow flowers.

K. S. A. C. Picks Up Message.

A message from a station in old Mexico was picked up by the college wireless last week. The message was in Spanish and was directed to some Russian station, and the content dealt with the subject of the peace conference. Wireless operators state that from the way the message came in it was doubtless sent from a very powerful station, and seemed without doubt to be intended for a Russian station.

The Student Assembly, on Tuesday at 10 a. m., will be addressed by Major Hayes A. Kroner. His subject is "The Need of Just Discipline."

STOCK JUDGING DATE CHANGED

Saddle and Siroloin Contest To Be Held May 7.

Due to the fact that the stock pavilion will be needed for the cattle coming here for the sale, May 12, the Saddle and Siroloin club announces the changing of the date for their 17 annual stock judging contest from Friday, May 9, to Wednesday, May 7.

Arrangements have been completed for the contest and a table will be in Anderson hall all day Tuesday and Wednesday morning where those wishing to enter the contest may pay their entrance fee. The fee this year is only fifty cents.

All arrangements have also been made with the Dean of Agriculture to excuse from classes all students in that division who wish to enter the contest Wednesday afternoon. Students in other divisions must be entered by five o'clock Tuesday afternoon if they wish to be excused from their classes.

All contestants will meet in Ag-6 at one o'clock the day of the contest where they will be informed of the rules of the contest. There will be eight divisions of live stock, two divisions of each class of animals kept by the animal husbandry division. All eight divisions will be placed and reasons written for four of the classes. The placing will be done first, 15 minutes being allowed for each class, and the reasons written out after all divisions have been placed. The papers will be graded by men in the department who have charge of the respective classes. Grading will be based 50 per cent on placing and 50 per cent on reasons.

The students will be divided into four sections as they enter and each contestant will be given a number by which he will be known in the contest. He will use this number instead of his name upon all papers handed in.

Prizes, consisting of four silver cups donated by breeders who were former students of the college, will be given to the winner of each class. A silver cup donated by the Kansas City Stock Yards company will be awarded to the person placing first in the contest. Three medals of gold, silver and bronze will be awarded to those getting first, second and third places, and ten ribbons will be awarded for the next ten places.

The date is Wednesday, May 7; the time, one o'clock in the afternoon; the place, the stock pavilion.

Hollister Pep Meeting

A Hollister pep meeting will be held for girls who are interested in Hollister in the D. S. rest room, Thursday at four o'clock. Girls who were at Hollister last year and girls who expect to go this year will talk. Hollister is the summer camp held at Hollister for girls interested in Y. W. C. A. work. Watch the bulletin board for further notice.

Floyd Fletcher

Floyd Fletcher, a former K. S. A. C. student, died in France, March 28, from erysipelas, according to a message received from the war department by his parents. Mr. Fletcher entered the service at Funston, October 4, 1917. He was in the St. Mihiel drive and the Argonne battle. Recently he had been sent, with two other boys from his company, to a university at Paris.

Miss Helen Gott visited at her home near Arlington last week end.

COMPANY D LEADS CONTEST

LIBERTY LOAN CAMPAIGN NETTED \$24,300—COMPANY D STANDS FIRST

Campaign Conducted by Four Commanders of the R. O. T. C.—Takes Turns at Forging Ahead

The latest report of the R. O. T. C. Liberty Loan campaign amounted to \$24,300.

This report shows that company D stands first with \$15,300; company B second with \$5,200; company third with \$2,200; and company C fourth with \$800.

Much interest was taken in the contest all last week. There is great rivalry between companies B and D to see which will stand first in the final count, which comes at the end of this week. The first half of last week company D stood first but Thursday it dropped to second and company B came up to first place. In the count made Saturday company B dropped back to second and company D came up to first again. The campaign is being conducted by the company commander of each of the four companies of the R. O. T. C.

Doctor Macklin Starts New Work

Dr. Theodore Macklin, head of the department of agricultural economics will be in Washington, D. C., May 15 to 17 for a conference on investigations in land utilization. He was invited by Dr. D. F. Houston, secretary of agriculture.

Doctor Macklin is now conducting a series of investigations in land ownership and tenancy in Kansas. He previously did extensive work in this field for Mexico and New Zealand.

Girls Visit Packing Houses

Miss Margaret Haggart, Miss Elsie Smith and Miss Jen L. Cox chaperoned a group of senior home economics student and special institutional students on a trip to Kansas City last Monday. The girls will visit the packing houses and the institutional girls will visit the tea rooms of the city.

AGGIES MEET NORMALS TONIGHT

Debate Squad Expects to Give Emporia Lively Race.

The Aggie debate team will clash with the Kansas State Normals at Emporia to-night. K. S. A. C. will be represented by W. R. Horlacher, junior in animal husbandry, A. N. Burditt, junior in animal husbandry, and Earle Frost, junior in general science.

The question to be discussed is: "Resolved, that a single tax on land should be substituted in the place of all other forms of local and state taxation." The Aggie team will uphold the affirmative side of the question.

This is the first inter-collegiate debate that any of the men on this team have taken part in, but all have had experience on inter-society debating teams. The men have been doing good work in practice and are expected to give Emporia a lively race.

The single tax question will be used in the annual dual debate between this college and Ames, Saturday evening. The affirmative squad which will be composed of J. W. Barger, Eugene Sweet, Everett Willis, E. J. Price, and Turner Barger. The men who are working for a place on the negative team are M. J. Lucas, M. A. Graham, C. J. Medlin, and Floyd Hawkins.

Inter-society debates have been postponed until next fall, but debate try-outs for both men and women will be held in A-60, from seven to nine p. m. May 12 and 15. The question to be used is "Resolved, that the United States should extend a protectorate over Mexico." Five minutes will be allowed for constructive speeches and three minutes for rebuttal. Those interested are asked to hand their names to Miss Elizabeth MacLain, debate coach.

Mr. Leo Ghormley spent the week end with his sister, Miss Ruth Ghormley. Mr. Ghormley has just returned from France with the Thirty-seventh division.

Dan Casement Talks to Club
The Saddle and Siroloin club was fortunate in securing a prominent speaker at their last meeting.

Mr. Dan Casement, one of the foremost live stock men of the country talked on the "Packing Industry." He discussed the questions that are now before the live stock men and the packers. His talk was instructive and he gave the club views from both sides of the question.

It is his belief that the packers should be under government regulation but not government ownership.

Mr. Casement also gave the men an insight into the business of his farms, one a ranch in Colorado, and the other, Juanita farm, three miles north of Manhattan.

MISS WHAN WINS BATHING SUIT

Winner Scores 141 Points—Meet Well Attended

Miss Lucille Whan won the annual spring swimming carnival held in the men's pool Wednesday evening under the supervision of Miss Ethel Loring.

Miss Whan won the meet with 141 points. Miss Elizabeth Dickens won second place with 138 points, and Miss Elizabeth Brown won third place with 104 points. Miss Whan won 103 points. Miss Dickens 98 points and Elizabeth Brown 81 points for the diving. Both Miss Whan and Miss Dickens did 14 different dives. Every girl competing in the contest were capable of doing two or more dives. Miss Margaret Miller made an especially good back roll dive.

Miss Dickens took first place in the races and form of strokes winning 45 points. Miss Hortense Caton won second place in this having 40 points.

The stunts were especially interesting and novel. In the aquatic base ball game, one home swim was made. Miss Caton and Miss Locke won the boat race. In this race the girls blew paper boats with lighted candles across the pool. In the under-water swim Miss Whan swam the entire length of the pool under water.

After the carnival Miss Ethel Bond presented Miss Whan with a K. Bathing suit. One suit is given each year by the physical training department to the winner of the spring carnival.

Two hundred spectators were present. This was the largest crowd that has ever been out to the water carnival. By having the meet in the men's pool instead of in the women's pool the crowd could be accommodated.

The judges of the evening were Miss Edith Bond, Miss Doris Budby, Miss Katherine Kimmell and Miss Hess.

Quill Club Initiation

Tuesday evening, May 13, at seven o'clock, Quill club will initiate three new members: Miss Winifred Varner, Miss Elizabeth Dickens and Mrs. Bernard Ulrich.

The club will meet hereafter on Tuesday evening at seven o'clock in Kedzie hall instead of on Wednesday afternoon.

Mrs. Prentice to Greet Soldiers

Mrs. Noble Prentice visited Mrs. Mary P. Van zile, dean of women, last Thursday. Mrs. Prentice was appointed hostess of the Kansas building during the return of the boys from over seas.

Big Sister Meeting

Sunday, May 14.

Home Economics Rest Room
8:00 (Prompt) Breakfast
8:45-9:45 Program
Methodist Church
10:00-11:30 Special "Big Sister" Sermon by Rev. McClelland.
You are invited. R. S. V. P. Box. Bring car fare.

Dean Farrell Addresses Club

Dean F. D. Farrell is to address the meeting of the Science club which meets Tuesday, May 6, at 8 p. m. in the home economics hall. Dean Farrell will speak on the timely subject, "The National Program of Land Settlement." This is an opportunity for the students as well as the faculty to hear an expert on a subject which vitally concerns the country and the returning soldiers.

TWO STUDENTS LOSE LIVES AT ROCKY FORD

MISS BERNICE RUTH HERING OF STAFFORD AND ALBERT DOUGLAS ZOOK OF FORT SCOTT DROWN WHILE BOATING ON BLUE

Young Couple Loose Control of Boat—Climb Onto Fallen Tree—Tree Comes Loose from Lodging and Dashes over Falls with both Young People Clinging to It

Miss Bernice Ruth Hering and Albert Douglas Zook were drowned at 9 o'clock Sunday morning when the tree upon which they had climbed from a broken boat was carried over the dam at Rocky Ford on the Blue river.

The young people had gone out to the dam with a party of six early in the morning for a picnic breakfast. This couple started for a boat ride 100 yards above the dam. The river was high and when the boat was caught by the strong current one of the oars came out of the socket. Mr. Zook, unable to get the oar back into the socket, gave it to Miss Hering while he made a fight to reach the shore with the other oar.

When twenty feet from the shore he realized that before they could reach the bank safely the boat would be carried over the dam. A large forked tree was lodged on the dam, twenty feet from the bank. It is thought that Mr. Zook knowing that the boat would be carried over before he could pull ashore decided to make a last chance for safety and made for the tree. The boat struck the tree with such force that it broke. He quickly helped Miss Hering into the tree and climbed up after her.

The boat owner saw the accident from the shore and called to them to hold on and he would bring help in a boat. As he turned to go for aid he heard a crash. The tree had come loose from its lodging and was dashing over the falls with both the young people still clinging to it.

Neither of the bodies came up. Mr. C. Thompson, an engineer at the power plant who saw the accident believes that he saw the young man's hands come up once immediately after accident. Watchers have been placed since Sunday morning for more than a mile down the river. The river has been dragged for a mile below the dam, as well as it could be considering its flooded condition. Two truck loads of R. O. T. C. boys went out Monday and helped in the search. The young people with the party were Miss Rowena Thornburg, Miss Clara Evans, Miss Minnie Norlin, Mr. Dewey Huston, Mr. Patten, and

Mr. Lemert. They went out to the dam in cars about six o'clock in the morning for an all day picnic. Immediately after breakfast Miss Bernice Hering and Albert Zook declared they were going boating. The party protested, but they insisted and started down the river toward the boat house. The rest of the party believed that they were only joking about going. Dewey Huston warned them as they were leaving, "Now, don't go on the river."

The other young people did not see the accident, nor did they even know that the couple had gone boating until they heard the story of the drowning.

President W. M. Jardine telegraphed the parents a short time after the accident. Miss Hering was the daughter of Dr. H. W. Hering of Stafford and Mr. Zook was the son of D. Zook, who lives on a farm near Fort Scott. Both young people are 19 years of age.

Dr. Hering, his daughter, Miss Olive Hering, and his son-in-law, arrived Sunday evening. Mr. Zook and his daughter, Mrs. C. Cole and Miss Kathryn Cole and Dr. M. A. Brawley also came Sunday evening.

Miss Hering was a freshman in home economics and had been voted into the Browning literary society but had not yet been initiated. Albert Zook was freshman in agriculture and was initiated into the Hamilton literary society just Saturday evening. Miss Hering roomed at Mrs. George Kiser's at 1648 Fairchild Avenue. Mr. Zook roomed at Mr. J. D. Enlows, 613 North Sixteenth St.

The river was up Sunday about five feet and the current was dangerously swift. Logs, brush wood and rubbish of all kinds floated in the current. The water ran about three feet deep over the dam. After it falls it splashes back more than a foot above the dam. The big rugged rocks below the dam cause many whirl pools, and under currents.

Logs that go over the falls are usually carried a considerable distance under water by hidden currents. These conditions make the finding of the bodies very difficult.

H. S. NEWSPAPERS CONTEST

Second Annual Competition Is Arranged by Dept. of Journalism

Many Kansas high schools have announced their intention of entering the annual high school newspaper contest conducted by the department of industrial journalism and printing, Kansas State Agricultural college.

This contest—the second held by the college—is open to all newspapers published in high schools or academies in the state. Four copies of the paper are submitted in each case, and these are judged by practical newspaper men. The contest will close May 15.

Prizes in the form of handsome wall trophies will be awarded to the schools winning first and second places while certificates will be given to the schools taking the first five places. The awards are made possible thru the generosity of the Central-Topeka Paper company, Topeka, Kan., the Carpenter Paper company, Omaha, Neb., and other friends of the college.

Miss Bugby Assists at Hays.

Miss Doris Bugbey went to Hays, Saturday to assist the college orchestra there in their music festival. The "Messiah" was given Sunday. Miss Bugbey will make a second trip to Hays next week to assist in a repetition of the same performance. An unusual feature of the Hays Festival is that one of their visiting artists is to be Tosca Seidel, the famous Russian violinist.

Professor A. E. Westbrook went to Kansas City Monday morning to attend the Caruso concert which was given in Convocation Hall.

AGRICULTURE OFFERS GOOD JOBS

Demand for Instructors Is Greater Than Supply—Salaries Advance

The demand for teachers of agriculture is now greater than the Kansas State Agricultural college can supply. Salaries are better than they ever have been. Calls for teachers both from within and from without the state offer as high as \$2,200 a year, according to H. L. Kent, associate professor of education.

For Smith-Hughes positions, salaries of \$1,500 to \$1,800 are offered to beginners. Positions to teach normal training agricultural in high schools are open with salaries of \$100 to \$125 a month.

The fact that federal and state funds are available and will be so permanently, practically insures that positions in the Smith-Hughes schools will continue to pay as good or better salaries in the future and that there will be an increasing demand for teachers each year.

This college has been approved for the training of teachers of vocational agriculture. It is now recognized as a place from which such teachers are to be drawn. Anyone having the preliminary qualifications and desiring to take the course may attend the summer school and by devoting his entire attention to these studies, in one summer can qualify for the work. The department of education is anxious to get into touch with any graduates of the college who can qualify as teachers of vocational agriculture.

C. W. Smith of Seattle, Washington visited his brother, A. B. Smith, of the library on Tuesday. Mr. Smith is reference librarian at the University of Washington in Seattle.

THE GRAIN JUDGING CONTEST

On Saturday April 26, the first annual Grain Judging contest of K. S. A. C. was held. It was a decided success in every way. The attendance was fair, the interest of agricultural students aroused, and a purpose accomplished—that of inducing more students to realize the necessity of becoming more thoroughly familiar with the different kinds of grain, and the qualifications of good seed.

Whenever any undertaking is "put over" for the first time, great credit is due to those who launched it. Those students and professors who were responsible for this contest showed commendable initiative, and worked untiringly for something which they believed would be of real benefit to the students of the college. It was of real benefit, and will be in the years to follow.

Chicago Praises Miss Abernethy

Miss Patricia Abernethy recently gave a joint recital at the concert hall at the Fine Arts building in Chicago. A number of Chicago papers spoke very highly of Miss Abernethy's work.

The Chicago Daily Journal said, "Miss Abernethy was heard in Mousorgsky's Pictures at an exhibition. She played with a nice sense of individualizing and differentiating the various sections."

The Chicago Evening Post wrote, "Miss Patricia Abernethy played Mousorgsky's Pictures at an Exhibition with good tone and good technical command of the piano."

Another criticism of her playing taken from the Music News says:

"Pictures at an Exhibition (Mousorgsky) has only been played in Chicago a few times and which we warn you is nothing for amateurs to trifle with, Miss Abernethy being far removed from that classification and having a very facile technique as well as distinctive interpretative idea, was not alone properly colorful and devoted to the prescribed stress and accent of the piece, but she also had a very clear idea of the real inner meanings of the queer pieces comprising the suite, and that she succeeded so well in making them definitely interesting and at times fascinating, is vastly to her credit and marks her, emphatically a pianist of fine parts. Her tone is exquisite, and her facility very great, and as a matter of fact, she grew better and better as the evening progressed, so that, unquestionably, the last group was her best.

"In this she played the 'March Wind' (Mac Dowell) with a thoroughly characteristic swing and immense effect, and in the 'La Campanella' (Liszt) she reached a definite and distinctive point of virtuosity."

FOR FRENCH SUNDAY SCHOOLS

Interchurch Committee Plans to Aid in Their Revival

The Interchurch Committee for Christian Relief in France and Belgium, whose headquarters are at 289 Fourth Avenue, is preparing to undertake on a large scale the revival of Protestant Sunday schools in the devastated district of France. Pathetic appeals for help in this work have been received by the Interchurch Committee from the United Protestant Committee of France, with which it is co-operating.

The French committee has forwarded, it is announced, a list of the Sunday schools whose need is the greatest. Thirty-four of these are connected with Reformed congregations, whose refugee members are reassembling in the former invaded districts and endeavoring to re-establish their regular church services. Many of these congregations are being reconstituted in villages now swept almost bare, in which there is still great danger from the unexploded shells imbedded in the ruins.

—New York Evening Post.

STUDENT MIND

Dear Editor:

There is a new pest to swat—the professor who does not dismiss his class for a varsity baseball game. How can the faculty expect the college baseball to be a success when attendance is thus restricted? Few students relish buying a season ticket to help support the team, and then be prevented from attending any of the games.

So far, the majority of games have been on midweek afternoons at hours when many students are supposed to attend classes. Of course, most professors, being loyal supporters of the team have dismissed their classes and gone to the game themselves. They are the right kind of men. They command the utmost respect, admiration, and good will of the students. For they show by their actions as well as words that they are behind the team, that they have the student's interest at heart, and that they are human like the rest of us.

But what of the two or three crabby professors who insist on having their classes meet, in spite of the fact that a real live base ball game is in progress on the diamond? Do they think that they are too old, too far advanced on the path of learning, to take the time to watch an interesting game? Are they afraid that they will lose their job if they give the students a chance to go?

They evidently believe in letting the other fellow support the students activities, attend the games, and do the cheering. Even though that is a selfish enough view in itself, they must commit the additional offense of causing others to withhold their support, which is so essential for the greatest success of any student enterprise.

—Charley H.

Dear Editor:

Not long ago, I heard someone remark that to be cosmopolitan is disloyal. Upon being asked why so, he said quite pretentiously, "A patriot can have but one nation."

Friends, that gentleman had misinterpreted cosmopolitanism, he had confused cosmopolitanism with internationalism. He did not know what he had said.

Why, loyal Americans, Abraham Lincoln was a great cosmopolite. One of his wise sayings, "I would have all human races your friends and mine," is sufficient proof. And Woodrow Wilson is a strong devotee of cosmopolitanism. In his address to the Italian parliament at Rome he said, "There is only one thing that holds nations together, if you exclude force and that is friendship and good will; therefore our task at Paris is to organize the friendship of the world."

Coincidentally, President Wilson has spoken to the world for the Association of Cosmopolitan clubs. For what he said, "Goodwill and friendship," is the constitution of the association. "To organize the friendship of the world," is its aim. Our motto is "Above all nations is humanity." America has fought and will fight on for this motto, if need be.

What is the importance of a cosmopolitan club in a college like this?

Dean Farrell said in his address to the students assembly last Thursday that provincialism is an infectious disease. Some of the symptoms are narrow mindedness, ignorance and liberality. Cosmopolitanism is undoubtedly the only and sure treatment for provincialism. One of the best commendations of the cosmopolitan movement that I know of is a class of ambitious students in San Francisco who were studying the immigration problem last summer. In concluding, they drew up a program of 13 recommendations. The third plank in their platform reads as follows:

"That such organizations as the Cosmopolitan clubs in our universities be cherished through these troublesome times. The serious problems of reconstruction and international relations will demand of our children and present student bodies greater understanding of foreign peoples than we have had."

I am wondering if the article entitled "Our Foreign Students" in the Kansas State Collegian of April 18, 1919, is acceptable to the whole student body of K. S. A. C.

FOLEY KIANG.

WAR OPENS POSITIONS TO WOMEN

Dr. Mary T. Harmon Tells of Opportunities in Zoology for Women

"The war has opened up more opportunities for women in the department of zoology," said Dr. Mary T. Harmon, associate professor of zoology.

"There are more positions open for women in zoology in the teaching profession than in other lines of zoological work. Not long ago it was quite difficult for a woman to get a place as an instructor in this subject."

For a number of years previous to the war, Doctor Harmon was the only woman in the zoology department at K. S. A. C. Now of the eight employed in this department five are women.

"Of course there are other opportunities than teaching for women in zoology. Some of them are taking up research work. Doctor King of the Wistar Institute has been employed a number of years in making a scientific study of the breeding of rats with the view of discovering the principle of breeding, which knowledge may be applied to the breeding of any animals.

"The government work in zoology is also attracting women. There is ample opportunity for application of the knowledge gained from the study of zoology in the inspection of food to aid in enforcing the pure food laws of the United States.

"There is no reason, why women cannot go into the work of economic zoology more extensively than they do now. The study of birds attracts them, and while most of the bulletins recording scientific and economic research on these subjects have been written by men, there is an opportunity for women in this. The study of injurious mammals should not be any more irksome than the study of birds. The study of some such mammal as the prairie dog, the gopher, the mice and rats of the field would take a woman out of doors among all kinds of surroundings and in all kinds of weather. Yet it is only a matter of viewpoint that keeps any woman interested in such from doing these very things.

"The study of zoology is also a stepping stone to medicine. Medical institutions are opening their doors more and more to women, and each year more women are entering that profession. The study of zoology is necessary for admittance to these schools. While it is not a prerequisite in the nursing profession, it should be. It is required in this institution as a prerequisite to the study of physiology, which is necessary in the study of nursing.

"The study of zoology also open up a field for women in the making of illustrations for scientific magazines. Also in the work of making slides and the preparation of material for supply houses that are engaged in securing laboratory materials for use in high schools and colleges.

"In fact, there is no reason why women should not enter into any work in zoology that is open to men."

PI Kappa Alpha

Mr. Ralph Nixon is spending the week at his home in Council Grove.

Prof. and Mrs. R. I. Throckmorton were Sunday dinner guests.

Mr. Carl Libby of Glen Elder was a week end guest at the Pi Kappa Alpha house. Mr. Libby graduated last year and is now practicing veterinary medicine at Glen Elder.

On Friday, May 9, the Pi Kappa Alpha fraternity will entertain with a Mother's Day banquet.

Tri-Delta Initiation

Formal initiation was held last Wednesday evening for Miss Marie Burris, Miss Elizabeth Heath, and Miss Burdette Tegmeier. The Tri-delta degree was given on Tuesday and the Stars and Crescent degree on Wednesday evening. After initiation a luncheon was served.

Birthday Dinner

Mrs. Mary P. Van Zile, dean of women, and Mrs. Ned Kimbal entertained with a birthday dinner for Mrs. Harriet Ward Wednesday evening.

Apron-Overall Party.

The annual sophomore-freshman spring dance was given Saturday evening, May 3, in the Nichols gymnasium. Instead of making the party a dress affair as usual an overall-apron party was given.

The decorations were the same as those used for the junior-senior prom which was given on Friday night. Punch was served throughout the evening. During the intermission refreshments of brick ice cream and wafers was served.

One of the features of the evening was the presenting of the key by Ray Watson, last year's freshman president to Morris Salisbury, the freshman vice president of this year. After the presentation of the key Miss Hortense Caton gave a solo dance.

The chaperons of the evening were President and Mrs. W. M. Jardine, Prof. and Mrs. Cecil Baker and Dean Mary Pierce Van Zile. On hundred and twenty-five couples were present.

The sophomore committee was Miss Mary Dudley chairman, Miss Kathryn Kinman and Mr. Lloyd Hamilton. The freshman committee was Miss Alice Mitchel, chairman, Miss Evelyn Glenn and Mr. C. Cox.

Tri-Delta House Party

Delta Delta Delta entertained last week end with a house party for a number of the older members of this chapter and out of town guests. The guests were Miss Gladys Elliot, Miss Dorothy Brown and Miss Wincell Yauslin of the Baker chapter of Tri-Delta, Miss Fern Skaer of Augusta, Miss Edna Pugh of Junction City, Miss Buena Meyers of Clay Center, Mrs. D'Elise Bryan-Taylor, '15, of Chapman, Miss Mildred Smith of Burlingame, Miss Helen Shannon, Mrs. G. T. Woodward and Mrs. C. L. Higgins of Kansas City; Miss Marion Bradley of Kansas university; Miss Faith Ernest, '16, and Miss Ruth Beggs, of Washington, Miss Dorothy Norris, '18, of Glen Elder, Miss Pauline Richards '18, of Olathe; Miss Glays Hoffman, '18, and Miss Hilda Harlan, '18, of Manhattan, Miss Agnes Curry of Abilene, and Miss Grace Ratliff of Ogden.

Eurodelphian.

The Eurodelphian Literary society gave an interesting program last Saturday evening for its members and their guests. At the business meeting the following girls were elected to membership: Miss Doris Mell, Miss Georgia Belle Cribfield, Miss Alice Mustard, and Miss Gladys Love.

TRACK MEET EASY FOR AGGIES

Frost Broke College Pole Vault Record by Four Inches

In the first outdoor track meet of the season the Aggies completely outclassed the Baker athletes on the cinders Saturday by winning the dual meet from them by the score of 66 to 42.

Jack Frost in the pole vault won the event and beat the former school record of 10 feet 11 inches by four inches. Frost cleared the bar at eleven feet three inches easily and could have gone higher had he not been entered in the high jump.

Gallagher was the highest individual point winner of the meet gaining eighteen of the Aggies 66 points. His running in the dashes and the low hurdles was especially good. In the 220 low hurdles "Cliff" came to the finish wearing only one of his spikes, having lost the other on the first stick.

Wilcox and B. Wellborn of Baker tied for the honors of high man for their team. Each won a first and a second making eight points each.

"Jack" Evans made his first appearance in an Aggie uniform Saturday and ran Gallagher a close race in the 100-yard dash. Jack, according to Coach Schulz, will be a whirlwind when he has fully recovered from the effects of his operation and has trained down to weight.

Foreman in the two mile event ran away from his two Baker opponents and finished over a half lap ahead of Mitchell, the Baker runner.

On account of another meet in which Baker is entered this week they forfeited the relay race to the Aggies when they found that it would not win them for them. The Aggies have a good relay team in Neeley, Gallagher, Winters and Foreman and would have put up an exciting race for the Bakerites.

Neeley in running the quarter forced his opponent by cutting too close in front of him and was for this reason disqualified from the race. At the finish Neeley lead the field by quite a margin.

Watson showed up well in the mile taking a lead of several yards early in the race and keeping it throughout.

Why ready made

You wouldn't buy a car on the strength of steel pistons, or leather upholstery that were shown you. You wouldn't buy office equipment on the strength of a piece of oak or mahogany.

You want to see the finished product; you want to know what you're getting.

That's the beauty of coming to us for Hart Schaffner & Marx ready made clothes. You see the finished product on you; you know what you're getting before you buy; satisfaction guaranteed.

Sigma Alpha Epsilon

Mr. George D. Kimball, supreme treasurer of Sigma Alpha Epsilon, was the guest of the house last Wednesday.

Sergeant Oliver Barnhart of Kansas City who belongs to the 110th engineers was a week end guest at the house. Sergeant Barnhart was in the Argonne drive.

Mr. Leon Taylor of Chapman and Mrs. Giles Sullivan of Wamego were week end guests at the house. They came to attend the Tri Delta formal dance which was given Saturday evening.

Mr. Halfred Moody of Riley and Mr. Paul and Mr. Harvey Martin of Junction City were Sunday dinner guests.

Afternoon Tea

The Sigma Phi Delta fraternity entertained with an afternoon tea at the chapter house between four and six o'clock Saturday in honor of their house mother, Mrs. R. L. Taylor and their patroness, Mrs. Hugh Durham. The house was decorated with baskets of ferns, carnations, palms and potted plants. On the tea table large baskets of carnations and lilacs were arranged. The guests were the house mothers of the various sororities and fraternities and two girls from each sorority.

Aztec.

Mr. Francis Welch spent the week end at his home in Arkansas City.

Mr. Homer Beatty of Kansas City has returned to school and has again taken out an assignment.

Mr. Fred Layton visited at the house Monday evening.

O. B. Burtus of Clay Center spent the week end at the house.

Mr. Dave Schull of Kansas City has been visiting at the house for the past week.

Class Party

Prof. and Mrs. Hugh Durham and Dr. and Mrs. C. R. Hepler entertained the Christian church Bible classes composed of the young people taught by Mrs. Hepler and Professor Durham, at a party Monday evening at the Hepler home, 307 North Sixteenth street. The evening was spent with games and music. Light refreshments were served by Mrs. Hepler and Mrs. Durham to thirty guests.

Dinner Party.

Prof. and Mrs. William Pickett and Prof. and Mrs. A. M. Doerner entertained the Shamrock seniors with a dinner party Thursday evening at the home of Prof. Pickett. Covers were laid for Mr. Mark Upson, Mr. Floyd Pickett, Mr. Homer Willis, Mr. Howard Lindsley, and Mrs. Ralph Westcott.

Sigma Phi Delta.

Mr. A. E. Dyatt of Topeka visited the house Saturday and Sunday.

Mr. C. D. Hultgren spent the week end at the house. Mr. Hultgren is with the Bell Telephone Co. of Topeka.

Prof. and Mrs. Durham were dinner guests Sunday.

Home Demonstration Tea.

A home demonstration tea was given Thursday afternoon at the Community building by Mrs. Marjory Kimball, assisted by Mrs. C. W. Bryan and Mrs. Alka Olson. Forty ladies were present.

Delta Zeta.

Delta Zeta was at home to the Sigma Phi Delta fraternity Friday afternoon from four till five-thirty.

Delta Zeta held initiation services for Miss Garnett Grover, Thursday, May 1st.

Hike to Wild Cat

The Philomathian literary society hiked to Wild Cat Saturday afternoon. After a parliamentary drill and a business meeting a picnic lunch was served.

Afternoon Tea.

Miss Alberta Rosworm entertained at her home, 512 Bluemont avenue, with a tea Friday afternoon from 2:30 to 5 o'clock for twenty of her college friends.

Junior-Senior Prom.

More than two hundred couples attended the tenth Junior-Senior prom which was given Friday evening, May 2, in the Nichols gymnasium. The reception began at 7:30 and continued until 8:15 after which the Juniors gave a short farce in the auditorium.

The farce was a take off on the Seniors called "All the World's a Stage." It was supposed to represent the tryouts for the Senior play.

After the farce the party went to the gymnasium where the prom began. The gym was uniquely decorated, the entire affect being that of a flower garden. The high lights were placed on drop cords and were shaded with pink flower festoons. At regular intervals about the over hanging race track a trolleys of green was placed, this was interwoven with blooming rose vines. The goal baskets on the basketball courts were hung with green vines and in each basket was a potted plant.

The orchestra was seated in the center of the room behind a trellis of blooming vines. Potted plants and large floor vases containing pink flowers were arranged artistically about the gym.

The music was furnished by Maupin's six piece orchestra. Punch was served throughout the entire evening by the sophomore girls. Refreshments of brick ice cream and wafers were also served during the evening in the Athenian club room.

During the intermission Miss Gladys Woodard gave a solo dance and the Sigma Nu quartet sang several numbers.

The patrons, patronesses and chaperons were Governor and Mrs. Henry Allen, Mr. and Mrs. E. W. Hoch, Dr. and Mrs. W. N. Mason, Mr. and Mrs. C. W. Green, President and Mrs. W. M. Jardine, Dean and Mrs. J. T. Willard, Dean and Mrs. F. D. Farrell, Dean and Mrs. A. A. Potter, Dean Mary Pierce Van Zile, Dean and Mrs. E. L. Holton, Dean and Mrs. H. L. Kent, Dr. and Mrs. R. R. Dykstra and Prof. and Mrs. C. F. Baker.

The junior-senior committee which had charge of the party was Mr. Ellet Robison, chairman; Miss Anne Lorimer, Miss Ella Stinson, Miss Hattie Carris, Miss Mary Gorham, Mr. Leo Magrath, Mr. Ike Gatz, Mr. Stewart Hunt, Mr. Grover Simpson, Mr. Calvin Medlin and Mr. Clifford Knisley.

Prix and Xix

The girls honorary society of the junior and senior classes, namely, Prix and Xix announced their membership of this year at the Junior-Senior prom Friday night.

The Xix members are: Miss Vera Samuels, Miss Vera Olmstead, Miss Velma Carson, Miss Ruth Blair, Miss Lucile Helzer, Miss Mary Mason, Miss Fayne Bondurant, Miss Evalene Krammer, Miss Lucile Halleck, Miss Betty Cotton, Miss Mary Crumbaker, Miss Ruth Thomas, Miss Hattie Droll, Miss Greeta Gramse, Miss Hazel Dora Taylor, Miss Gussie Johnson, Miss Lola Sloop, Miss Sarella Herrick, and Miss Martha Webb.

The Prix members are Miss Anne Lorimer, Miss Ella Stinson, Mrs. Irene Mott Guthrie, Miss Elizabeth Circle, Miss Hattie Carris, Miss Mildred Arnds, Miss Mary Gorham, Miss Ada Robertson, Miss Edna Wilkins and Miss Dora Cate.

Weible-Sweet

Mr. and Mrs. W. R. Weible, 938 Morris Ave., Topeka announce engagement of their daughter, Mary Elizabeth, to Captain Joseph Burton Sweet. The wedding will take place in June.

Miss Weible is a graduate of the Topeka high school with the class of 1913 and of the Kansas State Agricultural college, class of '17. For the past two years she has been a teacher of domestic science and domestic art in the Bloomfield seminary and Wheelock academy, both government schools for Indian girls in Oklahoma.

Captain Sweet is also a graduate, '17, of K. S. A. C. At the time of his enlistment two years ago he was doing graduate work in the University of Wisconsin. He received his commission at Fort Sheridan, Ill., and is now stationed at Camp Gordon, Atlanta, where he is a captain in the Forty-fifth infantry.

Alpha Delta Pi

Miss Oma Bardwell of Excelsior Springs, Mo., is visiting this week at the house. Miss Bardwell was a freshman in general science here last year.

Mr. and Mrs. Harold Goble of Riley were Sunday dinner guests.

Alpha Delta Pi entertained with a tea at The Pines Thursday afternoon in honor of Miss Mabelle Fuller of Houston, Tex., who is president of the Beta province.

Tri-Delta Formal

The Delta Delta Delta sorority gave its annual formal dancing party last Saturday evening at Elk's hall.

The decorations were carried out in the sorority colors of silver, gold, and blue. Festooned from the chandeliers were ropes of these colors. Palms and ferns were banked around the walls and at each corner of the room stood tall vases of roses. On one wall was placed a large copy of the sorority pin which aided in lighting the hall.

Kuhn's orchestra from Kansas City furnished the music.

The chaperones were Prof. and Mrs. J. E. Ackert, Mrs. E. N. Wentworth, Mr. and Mrs. A. M. Patterson, and Coach and Mrs. Clevenger. Forty five couples were present.

Sigma Phi Epsilon.

Mr. Donald Macgregor spent the week end at his home in Topeka.

Mr. Z. A. Nevins and Mr. Frank Husted, Sigma Phi Epsilons of Baker, were week end guests.

Mr. Orin Hinsham spent the week end in Topeka on business.

Mr. Harold McGinley has moved into the house.

Sunday dinner guests were Coach Schulz, Dean and Mrs. Potter, and Professor Burns.

Mr. Harold Nye, Mr. Chas. Mitchell, and Mr. Frank McDonald, members of the Baker track team and Sigma Phi Epsilons of Baker, were Saturday evening dinner guests.

Pi Beta Phi

Mr. Fred Young was a Saturday dinner guest at the house.

Miss Willma Roark spent the week end in Kansas City with Miss Dorothy Crue.

Miss Majorie Fisher was the Sunday dinner guest of the chapter.

Mrs. Tom Christman of St. Louis was the guest of Miss Kathryn Kinnan last week.

Miss Helen Blank and Miss Marie Haynes spent the first of the week in Kansas City.

Miss Sarella Herrick spent the week end in Paola visiting her sister, Miss Genevieve Herrick.

Acacia

Earl Woods spent Sunday with his parents in Topeka.

Harley Ryan and "Bob" Hansfield spent the week end at the White Hotel in Kansas City.

Harley Ryan was in Junction City Sunday.

HIGH SCHOOL STARS TO COMPETE

Many Entries Already in—Expect
Biggest Meet Held Here

They will be here Friday—some of
them—the rest of them will be here
Saturday. But at any rate about 85
or 90 of the state's high school track
men will be much in evidence Satur-
day afternoon when the State high
school track meet takes place on the
Ahearn field.

Every city of any size in the state
that supports a track team will be
represented here at that time. The
requirements of entrance are that the
representative win a first or second in
a district meet. All of these meets
have been held and the winners will
meet Saturday to find which team is
the better.

The affair is expected to be one of
the largest of its kind that has been
held here. A great many schools
have already sent in their entrants
and more are expected up until Sat-
urday. Some of the schools will un-
doubtedly not correspond with the
athletic department until the last min-
ute. It has been the custom, how-
ever, to allow the schools to enter up
until the time of the beginning of the
meet.

Preparations are being made by
several of the fraternities to entertain
the visitors. Several men will be
taken to each of the various fratern-
ity houses and be entertained over the
week end. Some of the organizations
have made preparations to entertain
over the week end. Some of the or-
ganizations have made preparations
to entertain at dancing parties and
other social occasions for the ath-
letes.

NUMBER 121 FRIDAY MORNING—
MORE EXPECTED BY TIME
OF MEET

Representatives of 32 Schools Entered—Biggest High School Meet
Ever Held in Kansas—Meet
to Start at 2:30 Saturday Afternoon

Tomorrow is the big day of the year on the athletic field. The Kansas High School Athletic association holds its annual track meet tomorrow on the athletic field at 2:30 o'clock.

This meet will be one of the largest meets of its kind that has ever been held in Kansas. Already over thirty schools have been entered and more will be coming in today and tomorrow morning. The entrants that have already been made are from many of the high schools of the state and the entries range from one to ten men from these schools.

Up to the present time the following schools are entered:

Salina High School—H. Morgenstern, H. Clark, S. Markely, W. Woodworth, W. Wigley.

Abilene—Engle, Shadinger, Rice, Kauffman, Smith, Gish.

Larned—H. Wiley.

Esbridge—Wm. Smith, C. Logan, P. Flack, L. Anderson, G. Marrs, Wm. Robertson.

Norton—Gleason, Laws, Chappell, Böhner, Dobbie, Rhodes, Fraine, and Munn.

Logan—Clapp.

Goodland—Blaine and Sparks.

Wathena—E. Beard.

Kansas City, Kans.—Henre.

Burrton—Collins, Galloway and Warner.

Leavenworth—O'Connor, Rouse, Stacey, and Edwards.

Wamego—B. Schulz and P. Johnson.

Neodesha—Blockstrum, Cutmyser, Gröckert, Vandaveer, Morrison and Hill.

Ozawie Rural High—Fowler, Burton, Marker, Ripley, Puderbaugh.

Norcat—Sebaugh and Ward.

Colby—Wallace.

Florence—Pinon, Scherer, Hedrick, Williams and Rosiere.

Solomon—Butcher and Kennison.

Fort Scott—Whitner, Orr, Landers, Ober, Bright, Strader, and Womble.

Perry—Matthias.

Norway—Eastvedt, McGregor, Gile, Backoven and Stensaas.

Wichita—Mounts, Young and Sailor.

Spring Hill—Tisdale.

Valley Falls—Stewart, Schindley, and Lewis.

Burlington—Griffin, Tipton, Norris, and Bell.

Osage City—Sahlsberg.

Minneapolis—Constable and Larkley.

McPherson—James, Jones, Stansel, Staplin, McLean, Wampler and Hiebert.

Newton—Riley, Stueby, Ewan and Wismer.

Pleasanton—Long, Hinds, Abbey, Wright, Porter, Halloren, and Tucker.

Ottawa—Branaman, Cochrane, Snyder, Hewitt and Halloren.

Topeka—Rewster and Simpson.

Pratt—McKown, Simms, Stokes, Mawdsley, and Jones.

COLLEGE LISTS FORMER AGGIES

Farm Management Department Hopes
To Locate All Alumni and
Former Students

The farm management department is carrying on an investigation in which they hope to locate all alumni and former students of K. S. A. C. who are now residing in the state of Kansas. The purpose of the investigation is to find out what these graduates and former students are doing, how successful they have been as farmers, and whether or not they are taking an active part in community affairs.

County agents are cooperating with the department by gathering all the information they can. Prof. W. E. Grimes, who is helping collect this data, has heard from a number of graduates. All information received thus far has been exceedingly gratifying, indicating that college men are playing an unusual part in community activities everywhere.

Lieutenant Payne Sends Pictures
Lieut. Amos O. Payne, former student in college is now stationed at Le Valdehor, France, near the Switzerland border. Lieutenant Payne is an observer at the Artillery Observation school. He sent some pictures to his mother, Mrs. Mary E. Payne, '91, of cloud scenes taken between 800 and 300 meters above the ground.

TENNIS TOURNAMENT ON MONDAY

Entries Have Been Slow—More Mixed
Double Teams Wanted

According to the Athletic office, Saturday is the last day that entries will be accepted for the college tennis tournament to be held this year. The drawings will be made on Saturday and the play will start Monday.

After the drawings are made, notices will be sent to each entrant stating who his opponent is, and the time when the match is to be played. The entries for the mixed doubles have been slow in coming in. This is a feature of the tournament, according to the old timers, that is the most interesting of all. They all say that the entries should be large for this tournament, if only for the pure love of the sport.

In a late issue of The Collegian, it was stated that medals would be given to the first ten to place in the meet. This was a mistake, as medals will be given only to the winners, but a ranking of the ten best players will be made. After the tournament, a list of the ten best men players, and also the ten best players among the girls, will be published.

The tournament among the faculty members, which is usually a strong drawing card, has not had many entries so far. "Germany" Schulz is much surprised at this, and wants to know what is the matter with the old heads. He suggests that they all get busy and enter.

The Athletic office also wishes to announce that entries can still be presented by Mrs. Van Zile after the names in, or by placing the names on the bulletin boards in the gymnasium.

GIRLS SELL MAY FETE TICKETS

Loving Cups to Be Given to Two Girls
Who Sell Most Tickets

The ticket sale for May Fete will be Wednesday and Thursday of next week. The new committees, of the Y. W. C. A., will have charge of the ticket sale this year instead of the different organizations as has been the custom heretofore. There will be eleven teams of twelve girls each or one hundred and thirty-two girls. Any girl is eligible to sell tickets in the individual girl contest.

The winning team will be given a line party to the show, a hike or whatever form of entertainment that they wish. Two loving cups will be given as first and second prize to the two girls that stand highest in the individual girl contest. The loving cups will be on display in main hall the first of the week. The cups will be made up to Saturday, either by mail-crowning of the queen. The girls who win the cups will be in the procession.

The town is to be divided into sections and the girls will draw for sections of the town in which to sell tickets.

Members of the publicity committee will talk before the clubs of the town and in the schools and Sunday schools.

There will be 400 reserved seats sold at the ground. Tickets are twenty-five cents for reserved seats. Posters are being made by the photography class. Pictures have been taken of the girls in costumes and will be tinted by Miss Hunt and Miss Averill of the department of color and design.

Address Parent-Teachers

Prof. M. F. Ahearn and Miss Marion P. Broughton gave talks in Kansas City last Friday to the Kansas branch of the National Congress of the Mothers' and Parent-Teachers' association.

Professor Ahearn, who is head of the landscape gardening department, spoke on Gardening for Kansas school children, while Miss Broughton, who is emergency demonstration agent of the extension department, spoke on Canning Clubs as a Means to Community Education.

AGGIES DEFEAT NORMALS

DEBATORS TAKE LAURELS FROM
EMPORIA BY UNANIMOUS
VOTE OF JUDGES

Men Showed Splendid Team Work—
Dual Debate Between Ames
College and Aggies This
Saturday Night Is
Final Test

The Aggie talt-fast's won by an unanimous decision of the judges from the Kansas State Normal school at Emporia, Tuesday evening. The college was represented by Earle Frost, junior in general science, A. N. Burditt, junior in animal husbandry, and W. R. Horlacher, junior in animal husbandry and captain of the team.

The question used in the debate was, "Resolved, that a single tax on land should be substituted in the place of all other forms of state and local taxation." All of the men on the Aggie team were working for their first "K" in debating. They showed splendid team work and were strong in rebuttal, as is shown by the fact that they were awarded a unanimous decision.

Annual dual debate between Ames and the Aggies will be held in the college auditorium, Saturday evening beginning at eight o'clock. The "single tax" is to be discussed. These two colleges representing the largest agricultural colleges in the middle west have made it a custom to debate each year some question of vital importance to the farmers. Last year they debated the tenancy question.

The affirmative team which will debate here is composed of J. W. Barger, freshman in agriculture, Everett Willis, freshman in agriculture, and Turner Barger, senior in agronomy. Mr. Barger is working for his second debate "K", and is captain of the team. No admission will be charged at the debate and every student is urged to attend.

The negative team which leaves for Ames today is captained by C. J. Medlin, junior in industrial journalism. The other members of the team are M. A. Graham, freshman in general science, and Floyd Hawkins, junior in industrial journalism. Both Mr. Hawkins and Mr. Medlin have taken part in several intercollegiate debates.

Miss Elizabeth Maclean, assistant professor of English has been coaching the men in this debate. The team has also had the assistance of the departments of economics, agricultural economics, and farm management. Prof. O. H. Burns is coaching the members of the teams in delivery.

Purple Masque to Have Studio

The Purple Masque Dramatic club is making plans for a dramatic club studio. An attic room in the engineering building has been chosen by the club, which expects to make of it a typical studio with appropriate furniture and attractive draperies. There will be dramatic and theatre magazines for the use of the students. Dramatic try-outs and all social and business meetings of the club will be held there.

The furnishing of this room has been delayed by a lack of funds. On account of war conditions the annual fall play was not given this year and the money from the play given festival week went into the festival week fund.

Mr. Bruce Wilson, '08, and Mrs. Venus Kimble Wilson, '08, announce the birth of a son, Byron Kimble, on April 15th.

A Welcome to the High School Men

Some of the best high school athletes in the state of Kansas will be the guests of the college this week end and to these men the students of the Kansas State Agricultural college extend a hearty welcome.

One hundred and twenty-five of these men are coming here to compete in the track meet. The college students are interested in them and are watching every record they make.

Many of these men are seriously considering the choice of a college for next year, and the Aggies hope to make K. S. A. C. so interesting for them while they are here that this

FAST MEET IS EXPECTED

MANY HIGH SCHOOL STARS
ENTERED HAVE MADE EXCEL-
LENT TIME BEFORE

Strong Competition Expected in All
Events—Entries in Dashes, Quar-
ter, Half and Mile Have All
Shown Up Well in Dis-
trict Meets

Many of the high school athletes entered in the meet Saturday have made records for themselves in the recent district meets held over the state. Some of these men will undoubtedly establish records that will be hard to beat at this meet.

The events that will take place are the usual events and the records made in the past are as follows:

100-yard dash. Record held by Collier of Marquette, 1915, and Evans of Osage City, 1917, 10 1-5 sec.

50-yard dash. Record held by Jack Evans, 1917, 5 2-5 sec.

120-yard high hurdles; record held by Brown of Alma, 1914, 16 3-5 sec.

220-yard dash. Record held by Jack Evans, 1917, 23 sec.

220-yard hurdles. Record held by Butler of Hutchinson, 1913, 26 4-5 sec.

440-yard dash. Record held by Farmer of Scott City, 1918, 52 4-5 sec.

880-yard run. Record held by Rodkey of Irving, 1913, 2 min. 6 3-5 sec.

1 mile run. Record held by Rogers of Topeka, 1917, 4 min. 41 3-5 sec.

1 mile relay. Record held by Topeka high school, 1917, 3 min. 6 3-5 sec.

Some of the athletes entered in the meet Saturday are expected to lower these records. This year the men are on the average older and more mature than in preceding years and some of the college records may be equalled.

In the dashes Mounts of Wichita, who was one of the strong competitors last year and O'Connor of Leavenworth will show up well according to reports from the eighth and second district meets.

Herbert Morganstern of Salina, and Griffin of Burlington will be two of the strongest competitors for the medals in the quarter mile.

Engle of Abilene has already established a name for himself in the dashes and the hurdles and will undoubtedly make some fast time in these events.

Clapp of Logan, Smith of Abilene, Matthias of Perry, and Henre of Kansas City will all be in strong competition for the honors in the mile.

The half mile will lie between Matthias of Perry and Henre of Kansas City if present indications mean anything. Both these men set records in the respective district meets held this last week.

In the field events there are numerous entries who should show up well. Blaine of Goodland and Constable of Minneapolis are both high jumping above five and a half feet. Constable vaults around 10 feet six inches and broad jumps close to 20 feet. Sahlsberg of Osage City is one of the best weight men in the state. At the district meet in which he was entered he tossed the shot 46 feet and 10 inches.

Randells in Hospital in Chicago

Word was received from "Stiff" Randells that he is stationed at the U. S. A. General Hospital in Chicago and does not know when he will receive his discharge. He writes that "Chicago is sure some city because there is always some place to go and something to do."

Whistle Daily Announces Troops

Do you know that the whistle which has been blowing so often recently, is announcing the arrival of the Kansas-Missouri national guard division?

Many of the boys in this division are former Aggie students and have many acquaintances in Manhattan. Camp Funston, where the men are being discharged, now presents an atmosphere of greater activity than it has for many months past.

SIGMA DELTA CHI INITIATES

Honorary Journalism Fraternity
Takes in Five New Members

Sigma Delta Chi, honorary journalism fraternity, held formal initiation services Tuesday evening at Harrison's hall for Charles Dillon, managing editor of the Capper farm publications; Franklin Boone, special in Journalism; Floyd Hawkins, H. T. Enns, and Harry A. Moore, juniors in Journalism.

Mr. Dillon, the founder and first head of the journalism department in K. S. A. C., is responsible for the establishment of farm journalism department in other agricultural colleges of the United States. He was elected to honorary membership.

Bruce B. Brewer and Carl P. Miller, the only active members in the school during the past few months, were assisted in the initiation by Prof. N. A. Crawford, Prof. H. W. Davis, and J. E. Gleissner. Professor Crawford and Professor Davis are honorary members and J. E. Gleissner was a member of the chapter at Kansas university.

Following the initiation services, a banquet was given in Harrison's dining room. Short talks were given by Mr. Dillon, Professor Crawford, Professor Davis, and Mr. Gleissner. Floyd Hawkins was elected president of the chapter for the coming year.

Miss Alice Loomis, '05, head of the department of home economics at the University of Nebraska, has been appointed a member of the committee on preparation of dietitians by the Nursing Service of the Red Cross. Miss Loomis met with the committee in Washington, D. C., in January.

FARM CLASS GOES TO HAYS

Time Will Be Spent in Studying Different
Kinds of Soils

Carrying blankets and prepared to sleep in the hay mow, advanced farm management and soil survey students left this morning for Hays experiment station. This is the second trip these classes have made this spring, both trips being under the supervision of Prof. R. I. Throckmorton and Prof. W. E. Grimes.

The party will make their first stop at Ellsworth, where the afternoon will be spent studying the different types of farming practiced there, and the various classes of soil to be found in that region. That night the party will arrive in Hays where they will be entertained at the Hays experiment station during their stay.

Saturday morning will be spent in looking over the station proper and considering it as a unit and the way in which it is handled. That afternoon three farms of widely different types will be visited, one being medium-sized and well diversified, the second a cattle ranch, and the third a wheat farm. The classes also plan to get out in the hill region and note grazing conditions there.

Some of the time Sunday morning will be used to view the extensive experiment projects of the station which deal with efficient live stock production and the various phases of raising cereal and forage crops under dryland farming conditions. The party will return to Manhattan Sunday night.

Three girls will make the trip, Miss Blanche French, Miss Clara Higgins, and Miss Florence Butler. Miss Higgins and Miss French are seniors in animal husbandry and made the first trip. Miss Butler is a special in agriculture.

Mr. Frank P. Root, '14, has received his discharge from the army. He and his wife and small son are temporarily located at Iola but expect to go on a farm south of Iola soon.

Miss Alice M. Shofe, '97, is now residing at 1612 Wood Ave., Colorado Springs.

ST. MARYS COPS LAST GAME

POOR AGGIE DEFENSE RESPONSIBLE FOR DEFEAT—MAGRATH
STRUCK OUT 17

Clarke Men Obtained Only Two Hits
—Could Not Connect in Pinches
Aggies Won Tuesdays Game
9 to 3—Purple Hitting
Featured

The Aggies received their first drubbing of the year on the diamond from the St. Marys aggregation Friday afternoon by the tune of 5 to 2.

The beating was not so bad, but the showing of the Aggies was the factor that disheartened the crowd. Magrath pitched wonderful ball for the Aggies, striking out 17 men. Even his superb pitching could not win, however, as his support was of the poorest sort. The St. Marys men secured seven hits during the game, but at least four of these were of the scratch variety. They could not be counted as errors against the Aggie fielders due to slow fielding.

The Aggies were also woefully weak in the hitting department, as they only garnered two singles from the St. Marys pitcher during the whole game. In several innings, the Aggies had the bases sagging with farmers, but no one could connect for the safe single needed to bring in the runs.

The first Aggie run came in the second inning. After two were down Hixson was given free transportation to first. He stole second, and went on to third on a bad peg by the St. Marys catcher. A passed ball then sent him home, denting the plate for the first Aggie score. The second and only other run came in the Aggie division of the sixth stanza. Foltz, first up for the Farmers, drew a pass. He stole second and went to third on Cowell's sacrifice. He romped across the plate when Burns fumbled Stapp's hot grounder to the pitcher. This ended the scoring for the Clarke men.

St. Marys started their scoring in the second inning, a walk, an error and a clean single giving them a counter. Two more were counted in the third, one in the eighth and another in the ninth.

Burns, of St. Marys, pitched a good game for the Catholics, allowing only two hits, and striking out six men.

The summary:

	AB	R	H	E
AGGIES

Umpire, Tuttle, Kentucky.

Won Tuesday

In the Tuesday's game with St. Marys, the Aggies were hitting a mid-season stride, and succeeded in coping the long end of a 9 to 3 score from the Catholics.

The Aggies played a clean game in the field, making only two errors. Otto was also pitching air-tight ball, striking out 12 men and allowing only four hits.

The clouting of the Aggies was the principle feature of the game. They connected for a total of 12 hits, five of them triples, and two doubles. Richardson connected for two of the three-baggers, while Snapp connected with one bearing the three base label, and another which spelled home run, but it hit a tree and he was forced to slow up at the second station.

Hollister Pep Meet Is Success

A Hollister pep meeting was held in the D. S. rest room Thursday afternoon at four o'clock.

The girls who have been to Hollister and the girls who are planning to go this year came in singing Hollister songs.

After the singing Miss Grace Derby gave a short talk on "Why Advisory board and faculty members should attend summer conference," and why students should attend.

Elizabeth Circle, who was at Hollister last summer spoke on the subject, "What it meant to me to go to the summer conference."

Grace Gish and Irene Graham, who expect to go this year, told what they expect to get out of going to Hollister.

Sunday May 11, is Big Sister Sunday. Every Big Sister, every little sister and every girl who is spending her first year at K. S. A. C. is expected to be present.

At eight o'clock promptly a breakfast will be served in the home economics rest room. Immediately following the breakfast a short program will be given.

At nine forty-five the girls will go down town on the street car to the Methodist church. Rev. J. M. McClelland will give a special "Big Sister" sermon. Seats will be reserved for the girls.

The girls are asked to send your acceptance to Box 92 at the college post office if they expect to attend.

"Won't you be nice to one of my young men's evening? You should always be careful of what company you keep. One becomes like one's associates, you know."

"I don't know so much about that, mum. Why, I've been sociated with fish all my life, and I can't swim a stroke."

"That new recruit must have been a bookkeeper."

"Why so?"

"I just noticed him trying to put his bayonet behind his ears."

—Boston Transcript.

Some of the men entered in the meet tomorrow have been here before and have shown themselves up to a good advantage. They are expected to carry away with them some of the best prizes awarded.

Engle of Abilene is one of the fastest hurdlers in the state high schools and unless some unknown has developed this year he should be watched, for last year he carried away first in both the 120 high hurdles and the 220 low hurdles. Both races were done in good time.

Smith, also from Abilene, is again entered in the high school meet. Last year Smith took second in the pole vault and was going good. He is expected to show improved form this year.

Stewart of Valley Falls is one of the fastest dash men that appeared in the meet last year. He took first in the hundred, second in the fifty, and third in the 220. He will be back this year and will show some good form if reports that are coming into the Athletic office are correct.

Pinon and Rosiere of Florence, Mounts and Young of Wichita, are re-entered in the meet this year. Reports say that these men are improving and that they are coming up with the intention of winning one or more medals.

A Tape Line Is Waiting
For you at the Kittell Clothing Stores; 320 Poyntz and 1222 Moro St.

Shute, The Tailor has 75 suits made special for college men, at reduced prices. Made to stay up in front and to positively fit you.

Assistant Scorer, C. E. Beckett.

Announcer, C. H. Myers.

Marshalls—C. O. Roda, Joe Bogue

I. P. Gates, J. A. Clarke, G. Hinds.

G. Jennings, W. Winchester, S. Coe
and H. G. Beatty.

Assistants—Jack Evans, T. J. Neely
Cliff Gallagher, Ray Watson, M. S.

Winters, L. A. Magrath, E. R. Cowell
Depuy, W. Cowell, Counsell Huston,
and Frank Young.

Custodian of Prizes—G. A. Foltz.

RELAY MAY AGAIN DECIDE MEET

Two Teams Entered—Rivalry To Be
Unusually Keen

Coach Schulz has received entry
blanks from ten schools who have re-
lay teams that they wish to enter in
the meet Saturday. This will mean
that if all these teams wish to com-
pete for the relay prize, heats will
have to be run.

The relay is one of the hardest
races of the meet and the coach is
well pleased with the interest shown
in this race. The teams entered for
the final event of the meet are Pratt,
Florence, Salina, Abilene, Leaven-
worth, Neodesha, Ozarkie Rural high
school, Newton, Norway and Valley
Falls.

In former years, the result of the
relay has often been a deciding fac-
tor in the outcome of the meet. From
the strength of the various teams en-
tered this year, it looks as if it might
again decide the winner.

STYLE HEADQUARTERS

WHERE Society Brand Clothes ARE SOLD

"Ace"

Style

SOCIETY BRAND style, like a triangle, has
three dependent sides; the first is attractive patterns woven
into fine fabrics; the second is the smart design of the model;
the third is the tailoring of the clothes.

Each side is perfectly developed to meet the other two;
that's why the effect is a finished whole—and the longer you
wear a Society Brand suit the better you'll know it.

ABILENE WINS STATE MEET

TWO RECORDS BROKEN AND TWO TIED—FAST TIME WAS MADE

Hope of Garden City Takes Second Place For His School and Individual Cup—Mile Relay Fast

Abilene high school was the winner of the state high school track meet Saturday, May 10, with 21 points. Garden City, ably represented by only one man, was the winner of second place. Hope, the Garden City runner, made 13 points and was individual point winner. Osage City drew third place with 12 points and Eskridge, Pratt and Perry tied with 11 points. A total of 36 schools were entered in the meet and 126 athletes took part.

Two records formerly established were broken and two were tied. Matthias of Perry ran a very pretty race in the mile and broke the record, held by Rogers of Topeka, made in 1917. Matthias ran this race in 4 minutes 41 1-5 seconds, 2-5 of a second faster than Rogers. McKown of Pratt set the record in the pole vault at 11 feet 2 inches, three inches higher than Axline also of Pratt, made in 1915. Engle of Abilene tied the record in the 220-yard low hurdles, held by Butler of Hutchinson, at 26 4-5 seconds. Hope of Garden City tied the record in the 120-yard high hurdles, held by Brown of Alma, of 16 3-5 seconds.

Hope, with 13 points, was the individual point winner, followed closely by Matthias of Perry and Engle of Abilene, who were tied with 11 points for second place. Hope won, in addition to his first in the high hurdles, a second in the pole vault, and first in the broad jump. Matthias, the only Perry entrant, won the half mile in a very pretty race from Henre of Kansas City and the mile from Blockstrom of Neodesha. He finished strong in both races and could have easily broken the record in the mile had he started his final sprint soon enough. In addition to these firsts, Matthias took fourth place in the broad jump. Engle, tied with Matthias for second place, took second in the 100-yard dash, second in the high hurdles and first in the low hurdles.

The relay was the most interesting event of the meet. The Norton team lead out with a strong lead followed closely by McPherson. This lead was maintained until the last lap when Engle, the Abilene star, took his turn and passed the other runners on the final lap.

The summary.

50-yard dash—Won by Robertson of Eskridge; Clarke of Salina, second; Gleason of Norton, third; Mowdsley of Pratt, fourth. Time, 5 4-5 seconds.

100-yard dash—Won by Robertson of Eskridge; Engle of Abilene, second; Kennison of Solomon, third; Clarke of Salina, fourth. Time, 10 3-5 seconds.

Mile run—Won by Matthias, Perry; Blackstrum, Neodesha, second; Stokes of Pratt, third; Rice of Abilene, fourth. Time, 4 minutes 41 1-5 seconds, breaking record of 4 minutes 41 3-5 seconds.

120-yard high hurdles—Won by Hope of Garden City; Engle of Abilene, second; Allyea of Atchison, third; McKown of Pratt, fourth. Time, 16 3-5 seconds.

220-yard dash—Won by Longhoffer of Woodbine; Pitts of Pittsburg, second; Gleason of Norton, third; Mowdsley of Pratt, fourth. Time, 24 3-5 seconds.

440-yard dash—Won by Riley of Newton; Longhoffer of Woodbine, second; Schultz of Wamego, third; Fowler of Ozawie, fourth. Time, 54 4-5 seconds.

880-yard run—Won by Matthias of Perry; Henre of Kansas City, second; Bryan of Osage City, third; Smith of Abilene, fourth. Time, 2 minutes 7 2-5 seconds.

Relay—Won by Abilene (Smith, Kauffman, Rice and Engle); Norton, second; McPherson, third; Ozawie, fourth. Time, 3 minutes 45 and 4-5 seconds.

Pole vault—Won by McKown of Pratt; Hope of Garden City, second;

Constable of Minneapolis, Woodworth of Salina, and Smith of Eskridge, tied for third. Height, 11 feet 2 inches, breaking former record of 10 feet 11 inches.

12-pound shot-put—Won by Sahlsburg of Osage City; Butcher of Solomon second; Wiley of Larned third; Munn of Norton fourth. Distance, 43 feet 8 1-2 inches.

High jump—Won by Blaine of Goodland, Constable of Minneapolis second, McKown of Pratt, Woodworth of Salina and Brunton of Ozawie, tied for third. Height, 5 feet 8 inches.

Broad jump—Won by Hope of Garden City; Stansil of McPherson second; Smith of Abilene third, Matthias of Perry fourth. Distance, 19 feet 8 inches.

Discus—Won by Sahlsburg of Osage City, Stansil of McPherson second, Beard of Wathena third, Wiley of Larned fourth. Distance, 99 feet 10 inches.

TICKET SALE BEGINS TOMORROW

Loving Cups will be Given to Two Persons who Sell Most.

The May Fete ticket sale contest begins Wednesday. The eleven new Y. W. C. A. committees consisting of twelve girls each will sell tickets and then there will be the individual girl contest. Any girl in college is eligible to enter this contest.

The two girls selling the most tickets will be given loving cups. The presentation of these cups will be a part of the May Fete program. The cups are on display in Main hall now.

The rules of the game are that there shall be absolutely individual work in the sale of tickets in the contest. Any just criticism reported to the committee of unfair sale of tickets will bar the individual from the contest. Twenty-five tickets will be allowed to each contestant at one time. More tickets may be checked out on receipt of the money from the sale of the previous twenty-five tickets.

The standing of the highest in the contest will be posted at intervals in main hall.

Last year Helen Giles won first prize by selling 201 tickets and Grace Ratliff won second prize by selling 175 tickets.

The admission price is twenty-five cents for children and adults. There are to be four hundred reserved seats for which an extra charge of fifteen cents will be made. Seats are being reserved this year because there has been a complaint that formerly persons have had to come several hours early in order to obtain a seat so that they can see. Reserved seats will not be sold in advance.

S. Haskell to Address Students

On Friday night, May 16, in Dr. Call's office on the second floor of the new Ag building, Sidney B. Haskell, manager of the soil improvement committee of the national fertilizer association, will speak to the Tri-K society on Sources of Potash and Potash as a Fertilizer. All agronomy and agricultural students are urged to attend. Mr. Haskell, whose headquarters are at Baltimore, is an agronomy man of national importance and his talk will be well worth hearing.

L. E. MELCHERS IS PROMOTED

Instructor in Plant Pathology is now Head of Botany Department.

L. E. Melchers, instructor in plant pathology, is now head of the botany department. Professor Melchers is a graduate of the Ohio State university, and also took his master's degree there.

He came to this institution in 1913. At that time the work of plant disease and control was not considered of much importance in this college, as only one man was employed for this work. Under the enthusiastic influence of Professor Melchers the work has grown until it now occupies the full time of six people. Besides this the regular work of the department is being kept up.

Mr. Melchers is considered as authority on the black-stem rust. Thru his investigation Kanrad wheat is found to be resistant to black stem rust, and the farmers are being urged to plant it all over the state.

Mr. Melchers is a comparatively young man, and his appointment is a tribute to his ability.

SOLDIERS TO SEE MAY FETE

ONE HUNDRED WOUNDED MEN WILL BE ENTERTAINED BY COLLEGE SATURDAY.

Many of the Men are from the Eighty-Ninth Division and Saw May Fete Here Last Year.

One hundred soldiers from the base hospital at Fort Riley will come to Manhattan Saturday to see May Fete in Mother Goose Land. They are to meet the "Old Woman who lived in the shoe and had so many children she did not know what to do," "Jack and Jill," "Mary, Mary, Quite Contrary," "Little Bo Peep" and see real white mice with "Cindarella" and her pumpkin carriage.

Entertainment has been taken to the soldiers in the hospital but this time the soldiers are to be brought to the entertainment. When the May Fete committee was discussing the plans with some of the medical officers of the hospital they discovered the fact that quite a number of the men were from the 89th division and had attended May Fete here last year and were asking when the Fete was to be held this year and were eager to come.

It was impossible for the committee to furnish more than admission and reserved seats so they obtained the co-operation of the Red Cross, the Y. M. C. A., the Chamber of Commerce, and the Community War Work service.

There are over nine hundred soldiers at the hospital but only one hundred that are able to come. The community house will bring the soldiers over in special cars early in the afternoon so that they can rest. They will be served tea there before the May Fete. The Chamber of Commerce is furnishing automobiles to bring them to the college.

A section of one hundred seats will be reserved for them at the May Fete. There will be four hundred other reserved seats.

The Y. M. C. A. and the Red Cross at Fort Riley got permission for the men to come and are working with the May Fete committee in their plans to help give the soldiers a good time.

Games Have Been Postponed.

The Kansas-Aggie baseball games which were to have been played on the diamond here Friday and Saturday have been postponed to Monday and Tuesday of next week.

WILL K. S. A. C. BE REPRESENTED AT CHICAGO

There is an old jingle that runs like this. We have the men, we have the opportunity and we have the money, too. At least "Pete" Hixon, Joe Bogue and Ike Gatz, who are canvassing the faculty and student body say we will have the money to send "stars" to Chicago, June 7, to represent the college at the "Big Ten Field and Track Meet."

"Geramny" Schulz modestly admits that we have the men and the faculty and student body admit that the opportunity is knocking at our door. It will be a great boost for our athletic teams to have representatives at such an important gathering because this is the biggest outdoor event of the season in the west. Naturally, the supporters of the Aggie track team believe that they should have a delegation on the grounds when the starter's pistol is fired for the century dash.

It is the first time in the history of the college that we are in a position to send track athletes who are certain to give a good account of themselves at any track meet in the country. In Gallagher and Evans, the big coach has two speedsters who are hard to catch in the dashes, while in the distance events, Captain Foreman and Watson have formed the habit of opening up a big streak of daylight between their heels and the other fellows' noses. "Germany" has several other cards up his sleeve, however, and the more liberal response to the solicitors appeal the more men he will be able to take with him to Chicago.

Such teams as Illinois, Michigan, Wisconsin and Ohio will have a large delegation at the meet and this is the

COUNCIL COMES TO LIFE

INTER-SOCIETY ORGANIZATIONS COMBINE TO FORM ONE STRONG GOVERNING BODY

New Constitution Is Drawn Up and Ratified by Eurodelphians, Ionians, Brownings, Athenians, Websters and Franklins

The oratorical board and the debating council have combined with the intersociety council and have drawn up a new constitution, the object of which is to promote literary and social activities, college spirit and other matters pertaining to mutual interest of the literary societies and of student life in general.

The council is authorized to arrange for and conduct the annual inter-society oratorical contest, and inter-society and inter-collegiate debates. It will also take the initiative in any matter that is of like interest to all college literary societies. The annual dramatic performances will be arranged for and conducted, after this by the council.

The members of this council shall consist of a senior and a junior of each of the college literary societies. Absences of any member from the meetings will be reported to the president of the society which they represent. The members shall hold office for the term of two years.

The officers of this council will be the president, vice president, secretary and chairman of the following committees: Oratorical committee, debate committee, dramatics committee and college spirit committee. The president must be a senior and the vice president a junior. The officers will be elected for one school year.

The council will convene every other week throughout the college year beginning the second week of each semester. Special meetings may be called by the president or at the request of four of the societies.

It is thought that more efficient work can be done by combining these different organizations because their work is all along the same lines. This constitution has been ratified by the Eurodelphian, Ionian, Browning, Athenian, Webster, and Franklin societies.

Miss Bernice and Miss Eugene Huff of Chapman spent the week end in Manhattan visiting their sister, Miss Ruth Huff.

J. White Returns with Souvenirs

Lieut. Jesse White, a former student of this college, who saw service on the front with the 35th division, is now at Camp Funston awaiting his discharge. On the day the armistice was signed, Lieutenant White says his division was preparing a big drive on Metz. Lieutenant White brought back a trunk of souvenirs, having had good luck in collecting them. He has an especially large number of different makes of rifles.

Lieutenant White is a member of this chapter of the Acacia fraternity. He is exceedingly glad to get back to Kansas and greet old friends.

Senior Girls Will Preside

The Y. W. C. A. Vesper services which will be held Thursday at four p. m. will be the last at which this year's senior girls will preside.

There will be an interesting surprise in the program and a number of short talks will be given by the senior girls.

LIVE STOCK MEN HOLD MEETING

Speakers of Note to Give Addresses on Live Agricultural Subjects

The Kansas live stock association hold its annual convention at the college today. There will be addresses by leaders in livestock work in Kansas and other states. Results of experiments conducted by the animal husbandry department of the college during the year will be presented.

Indications are that the attendance will be large. George Donaldson of Greensburg, president of the association, will preside. The morning program, which begins at ten o'clock is as follows:

Address of welcome—Dr. W. M. Jardine, president Kansas State Agricultural college. Addresses by L. D. Hall, bureau of markets, U. S. D. A., Ed Houx, president of Kansas City livestock association, and J. H. Mercer, Kansas livestock sanitary commissioner.

At noon luncheon will be served by the Saddle and Siroin club in the livestock pavilion, and will be followed by the afternoon session.

The first address of the afternoon will be given by J. C. Hopper of Hutchinson on the Problems of the Cattle Producer. This will be followed by an address on Livestock Production in the Future, by Dr. H. J. Waters, editor of the Weekly Kansas City Star. Dean Farrell will give an address on the Relation of Livestock Production Problems to Marketing.

A review of the livestock experimental work at the college will be given by Dr. C. W. McCampbell, professor of animal husbandry. This will be followed by an inspection of the experimental and breeding herds. The convention was preceded by a Hereford sale on Monday.

Notice to Junior and Senior Girls

This evening at five o'clock, Miss Hoopes, who has been doing cafeteria work in Wichita will speak to the junior and senior girls on the "Opportunities of Cafeteria Work." The meeting will be in the reception room of the Home Economics building.

The Y. W. C. A. is in need of cafeteria directors and is presenting its work to the girls of the agricultural colleges.

All girls are invited to attend this meeting.

WILDER WINS CROIX DE GUERRI

Former Aggie Also Distinguishes Himself in A. E. F. Athletics

Marshall P. Wilder, '18, in the division of general science, has been awarded the Croix de Guerre according to reports received from Kyllburg, Germany, under date of May 6. The honor was conferred at the time of the organization of the War Society of the 89th Division.

Not only has Mr. Wilder distinguished himself in actual war service but he has made a name for himself one of the leading athletes of the American Expeditionary forces. A dispatch from Paris under date of May 10 speaks of him as one of the seven athletes of the 89th Division who have given up the opportunity of coming home with their comrades in order that they may participate in the A. E. F. track championships and inter-

(Continued on Page Two.)

J. MONTAGUE PLACES FIRST

JUNIOR IN ANIMAL HUSBANDRY WINS HIGH PRIZE IN JUDGING CONTEST

Eighty-Eight Students Take Part — Trophies Are All Given by Former Students of the College.

J. D. Montague, junior in animal husbandry, won the annual stock judging contest which was held under the auspices of the Saddle and Siroin club. E. Martin, senior in animal husbandry, won second place, and N. Pierson, junior in animal husbandry, won third place.

The fifteen highest men graded as follows: J. D. Montague 499, F. Martin 492, N. Pierson 489, W. W. Weaver 478, L. D. Leach 471, K. D. Thompson, F. G. Welch 464, Clara Higgins 455, E. Williams 455, Blanche French 452, P. E. Neal 452, Lael Porter 450, S. R. Gardner 450, G. F. Brown 447, E. J. Price 445.

The highest winners in the horse judging contest were as follows: J. D. Montague 133, A. D. Weber 124, Jack Hill 124, W. W. Weaver 124. In the cattle judging contest H. R. Guilbert won first place with a grade of 145. The next highest was N. Pierson 135, H. B. Combs 130, R. K. Nichols 130, Blanche French 130, A. L. Weber 130.

The five highest contestants in the hog judging contest were as follows: R. M. Kilbourn 139, Clara Higgins 137, Lael Porter 131, F. J. Welch 131, E. J. Price, 131. In the sheep judging contest E. Williams won first place with a grade of 136. The four next highest contestants were S. R. Gardner 134, J. Evans 134, K. D. Thompson 133, and E. Martin 132.

The judges of the contest were Prof. A. M. Paterson, Prof. E. F. Ferrier, Prof. H. B. Winchester and Prof. F. W. Bell. The grading was done on the 600 point basis. Fifty per cent was given on placing and fifty per cent on reasons.

Four classes of stock were graded on places alone and four classes were graded on places and reasons. The reasons were all in written form. These were graded by members of the animal husbandry department. The grades on placing ranged from five per cent to fifty per cent according to the closeness of the correct placing.

The trophies were all given by former students of the college. The cattle judging trophy was given by Park Salter, banker in Wichita. The horse judging trophy was given by H. B. Lamer of the Pioneer Farm, at Lindsborg. A. L. Stockwell, an extensive farmer and sheep raiser at Larned, gave the sheep judging trophy. The swine judging trophy was given by the Gwin Brothers of Morrowville. The Kansas National Live Stock show association of Wichita, gave the trophy to the contestant having the highest total grade.

The contest was open to any student in the college and in the school of agriculture who have not won prizes in previous contest. Eighty-eight students took part. The contest started at one o'clock Wednesday afternoon and the contestants worked steadily until five. More interest was shown in the work this spring than in previous years. Last year the contest was won by L. B. Ritter.

Applications Are in Order

The board of directors of the Kansas State Collegian will receive applications for the positions of business manager and editor-in-chief of The Collegian, to take office at the beginning of the coming college year. Applications must be in the hands of N. A. Crawford, head of the journalism department, before Friday, May 23. Applications may be accompanied by recommendations, specimens of writing, or any other material the applicant wishes to submit. Any elections will be subject to such rulings as may be made by the student self-government association, now in process of organization.

WE'LL ALL BE THERE

Tell all of your folks to come to the May Fete, Saturday, May 17. If the old woman who lives in a shoe can get all of her children ready it ought not be such a hard job for the rest of us. Poor old thing has such a hard time keeping sole and shoe together, but she is just that determined that even though the house is down at the heel she is bringing it, kide and all.

Cinderella will be there in her pumpkin coach. She thinks she isn't coming and she is home weeping in sack cloth and ashes. But of course, everybody knows that with a godmother like she has hanging around, rats, mice or something will haul her in at the last minute. It will probably be safer for the rest of us to buy tickets.

Mother Goose has hopes of bringing most of her best known characters. Awfully sweet of the old lady to waste her time on the grown ups when there are still so many children to be kept amused. The queen, Miss Lola Sloop, is lucky to be able to call in these people from the land of childhood fancy. Governor can be coaxed, senators influenced, and kings hired but when you were little did you ever expect anybody could be powerful enough to bring before you Jack, the Giant killer?

VOCATIONAL TRAINING NEEDED

Prof. H. L. Kent Calls Attention to Need for Skilled Workmen

Conditions following the war have made vocational training more necessary than before, believes H. L. Kent, acting head of the department of education in the Kansas State Agricultural college.

"Skilled workmen are needed," said Professor Kent. "In order to supply the demand opportunities must be given for training along all lines."

"The calling of its trained men to fill positions in the east has left the middle west confronted with the problem of developing its natural resources. It takes skilled men to develop these resources to the best advantage. As was shown during the war, there is a vast amount of food and other supplies in the United States which should be made available for use. In some of the Kansas coal, zinc, and lead mines new inventions are being introduced, inventions which require skill in operation. The more general use of electricity, the growth of the oil refining industry, improved farming methods, and increased production along all lines demand skilled workmen. The men are needed. Why not train them?"

"The best method for offering such training depends upon the locality, upon working conditions, and upon the individual. The short intensive courses in well equipped institutions have proved their practical worth. In some cases, employers allow time off from work and furnish an instructor. In other cases, night schools enroll large numbers of workers. The courses include related science, shop arithmetic and organization, manual training, mechanical drawing, English, book keeping, agriculture, and home economics. The purpose of the work is to lay before the students possible fields of industry, and to aid and advise them in their choice of vocations."

Wednesday is the day—Be ready!

Looking Ahead

"That young man doesn't seem to know when to go home!" exclaimed the grouchy father.

"It was my carelessness," declared Gwendolyn. "I asked him to explain the League of Nations."

"What has that to do with it?"

"You know it always takes three or four hours to explain the League of Nations, and even then there will probably be a great deal that remains to be said on future occasions."—Washington Star.

Wrapped puttees, all wool regulation 9 ft. for \$2.00 at Kittells.

FARM CLASS VISITS WILD WEST

Trip to Hays Experiment Station Proves Exciting

Students who made the soil survey and farm management trip to Hays experiment station experienced some real wild west thrills, and though disagreeable weather conditions were encountered, they considered the trip a great success.

"In spite of the rain and cold," said Professor Grimes, "we had a very satisfactory trip. Of course, we did not get to do all we had planned on doing. But even so, the time was well spent. I feel certain that none of the students were sorry they made the trip."

The party spent Friday afternoon at Ellsworth. There they hired a truck and made a sight-seeing tour of the hills in the surrounding country in order to note the typical Dakota limestone formations. A salt mine was visited also and proved unusually interesting.

At Hays the party was met by Geo. Gibbons and a truck. In fact, the success of the trip was largely due to Mr. Gibbons, who arranged for the entertainment of the classes during their stay at the station. Mr. Gibbons who graduated from K. S. A. C., is assistant superintendent of the experiment station.

Saturday the party had an all day outing in the Smoky Hills. They took their lunch with them, and ate it picnic fashion around a camp fire near a deserted shepherd's hut in the midst of the hills. It was great fun for them to hunt wood, build a fire, fry bacon, and heat coffee.

The exciting part of the trip though came when the party had found the examples of rock concretions they were seeking, and decided to return to the Meserve ranch by a short cut. George Gibbons led the way. Every member of the party soon offered thanks that they were in Ford cars.

Up hills, over ledges, down canyons, across streams, and through fences the expedition wended its way. Nothing seemed to stop the sturdy Fords permanently. It is true that six blow-outs, a few deep mudholes, and several perpendicular slopes made the journey a little slower than it would ordinarily have been. In fact, this bold cutting across valleys and climbing of miniature mountains produced thrills akin to those depicted in wild west movies, and proved to be a venture for those accustomed to ordinary modes of travel.

Nevertheless, the party arrived at Meserve ranch none the worse for the jaunt. The Meserve ranch is owned and operated by Frank Meserve, father of Miss Velma Meserve and Arthur Meserve, both of whom are students here. The ranch consists of approximately five thousand acres and is considered one of the foremost purebred Galloway ranches of the west.

Sunday morning the party donned rain-coats and in a truck were shown the main experimental projects of the experiment station. The downpour of rain could not dampen their ardor to see and learn. A. L. Halsted, director of dry land farming, and R. E. Getty, director of cereal crops experiments, accompanied the party and explained the different projects. At eleven-thirty that morning the classes left for Manhattan.

Some black, Cordavan and nickel ladies silk hose just in at Kittells.

Not a Gay Place

Slocumbe Pools is not a gay place, and the commercial traveller was hard put to it to discover some means of whiling away the evening. In the bar of the only hotel he entered into conversation with its solitary occupant, a railway porter.

"Anything going on here just now?" he asked; "picture-palace, lecture, political meeting, or anything amusing?"

The porter stroked his chin reflectively. "Well—er—no; nothing of that kind. But—Ah, now I come to think of it, we're shunting a goods train this evening down at the station at about ten o'clock, if you care to come and look on!" —Tit-Bits.

Don't fail to make your pledge to-morrow, Aggie Men!

Mrs. Comeup (proudly): "I guess it was my daughter. She can make any of them French thin."

Belmore Sun.

LOOK INTO THIS

Sworn Affidavit

State of Kansas,
Kiley County, ss:

I, John Doe, being duly sworn on oath, depose and sayeth that on or about May 1, at 11 p. m., two girls, unknown to me, rang the door bell of a rooming house which is situated on or about fifteenth and Fairchild, which upon being answered was found to be the announcement of a May basket. Whereupon, I, the aforementioned, John Doe, ran out into the night and looked around me. But as my eyes were fresh from the chemistry page they saw little and perceived less. However, in the region of a coal house, I heard whispers and giggles of unmistakably feminine voices, whereupon a hot chase ensued in which I, the aforementioned, John Doe, waded through rose bushes, plum trees and strawberry patches, but which resulted in the capture of the females. As they were overtaken, one was heard to whisper in a disappointed tone, "Oh, it isn't Charles." Whereupon the old custom was fulfilled and the girls released.

Now, I, John Doe, do appeal to the general public to aid in the apprehension and identification of the aforementioned females in order that it may be known who perpetrates such offences, for under existing circumstances a man can never know when he is free from danger.

And further affidavit saith not.

JOHN DOE.

Subscribed and sworn to before me this 7th day of May, 1919.

I. B. BONEHEAD.

My commission expires July 4, 1921.

Advertisement

Even if you do think a lot of him, are you going to advertise it by dancing a straight program?

The following is taken from the Rocky Mountain Collegian:

For Sale: A Guernsey cow; gives good quality milk; also rope, pulleys, stoves and refrigerators.

And on the very week end on which we were trying to advertise the college to the best advantage for the sake of the high school visitors, some hoodlums came along and painted the fire escapes on the auditorium a flaming orange.

STUDENT MIND

Foolish Traditions

Dear Editor:

Traditions are desirable, of course. But they should be discarded when they're uncomfortable and ridiculous.

It is ridiculous to forbid smoking on the campus. Formerly it wasn't but ideas on the subject of smoking among students have changed. Education and religion have become dissociated and it was religion which put the ban on smoking.

Smoking on the campus will make for fellowship and comradeship.

If students are old enough to go to France and fight Germans, they ought to be old enough to be allowed to smoke if they choose.

Smoker.

For Military Reasons

Girl O' Mine: Perhaps you wonder why you have not heard from me. At first I hesitated to state the reasons, but as President Wilson has declared himself for pitiless publicity, it only seems logical that I, one of his soldier boys, should share his dislike for secrecy; and I therefore write to tell you that I am sojourning in the guard-house.

Having, at different times during my career as a soldier, scrubbed floors, polished windows and done K. P., what is more fitting than that I should round out my military education by sampling life in the guard-house? I will be honest with you, however, and admit that I am not here of my own volition. In pointing out that my guardhouse experience will round out my military education I am merely viewing the matter philosophically.

How did I get here? As it is only in line with my Wilsonic aversion for secrecy, I shall tell you, although I must admit that the facts are not very much to my credit. It happened one day that I was in the company of my father and mother, who were visiting the camp. I was showing off my knowledge of military matters and my parents were becoming terribly impressed with the fact that their son knew everything about the army it was possible for any one to know, when along comes a sergeant and yells, "Hey, you rummy, you've got your leggings on wrong!"

Normally I should have thanked him for his fatherly interest in my appearance, but these were not normal circumstances. Consequently I walloped him one; and here I am in the guardhouse—the proper place for a soldier who doesn't know enough to put his leggings on right.

The sad story of my imprisonment is set forth in the following parody which I have written on "The Long, Long Trail." I have entitled it "The Strong, Strong Jail."

One day I felt very strong and
Punched a sergeant's head;
So a guard said, "Come along," and
Here's where I was led.

In the guardhouse with the rough-necks,
And I hope my dear,
That you'll not
Forsake me on the spot
When the sad, sad news you hear.

CHORUS

There's a strong, strong, jail a-standing
In camp, and that's where I dwell,
It's the place they put a soldier
When he raises H—

There's a strong, strong jail a-standing
And there I dream when I'm blue
Of the day when I'll be going from
That strong, strong jail to you!

My principal duty as a prisoner is to walk around with a paper-picking pole and pick up all the papers in creation. I pursue this work with great industry. This is because there is a guard behind me, gun in hand, to see that I do it.

One day I picked up a dollar bill on the end of the pole. The guard insisted that give it to him. And, being most respectful of his gun, I complied. But not before I had told him what I thought of his exorbitant methods. "Tut! tut!" he replied, "if you doubt my fairness, listen to this proposition: In appreciation of your turning over to me all the dollar bills you pick up, you may keep all the cigar coupons you happen to spear."

My arm is tired from picking up papers, so I'll have to quit.

Your jailbird lover,

JIMMIE INBAD,

E. A.

—The Merritt Dispatch.

WILDER WINS CROUX DE GUERRE

allied games. He is referred to as "a pentathlon star."

According to Coach Schulz of the department of physical education, a pentathlon athlete is one who participates in five events. These are usually a hurdle event, two dashes, discus throwing, and javelin throwing.

Wilder will be remembered as one of the leading Aggie athletes. He holds the college half-mile record at 2:01 3-5 and ran the hurdles in fast time. Besides, he was a prominent halfback in 1915 and 1916.

Wilder is a member of the K fraternity, the Quill Club, and the Sigma Phi Epsilon fraternity. He expects to return to college next fall.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

TESTAMENT SAYS HIS LIFE

Corporal Kenneth Donnell Tells How Book Moderated Injury of Bullet

"I would not trade this for anything in the world," said Corporal Kenneth Donnell, 137th Infantry, 35th division, while holding out a Testament which, perhaps, made it possible for Donnell to be back in God's country and tell about his experiences overseas.

Corporal Donnell went to France more than a year ago with the 35th Division, and once there he was one of the few sent to the trenches immediately. He was sent to the Amiens sector held by British troops just before the great German offensive of March began, and here was where Corporal Donnell first went "over the top," but only it was "over the back."

"The fighting was hot around Amiens for several days, we were forced to give ground as we were greatly outnumbered. All the territory given away, once a flourishing district of France was nothing but ruins."

After several days of continuous fighting Corporal Donnell was wounded and was taken back to a British hospital where he was known as "Sammy Kansas" during his stay, being discharged from the hospital a few weeks later and returned to his division, then holding sector. They were moved to St. Mihiel, where they were in reserve, and after the clean-up of that salient, they were taken to the Argonne, where his division took active part.

The fourth day of the drive Corporal Donnell was "hit" by a bullet which went through his wrist, and later on the same day, a German bullet went through his chest and right lung, after going through the Testament that is believed to be the factor that saved his life.

Speaking of France and the French Corporal Donnell said: "France is all ruins. It is cloudy there and rains all the time. The French people were very kind to us, and the French soldier is excellent."

Corporal Donnell speaks with that simplicity and modesty characteristic of those who "went through." He was recently discharged from the Fort Riley base hospital, where his wounds were being cured. Now he is completing his preparatory work in the college and expects to be a freshman next fall.

Miss Justin Writes from France

Miss Margaret Justin, '09, who is in canteen work in France is now located at Montpelier, one of the oldest university towns in France. She is serving as hostess in a large university club started by the "Y" for those men of the A. E. F. sent to school in France at the expense of the United States government.

Miss Justin writes of Montpelier:

"The city is about as old as the Roman age and is very interesting. It is in the heart of Royalist France. It has a population of 80,000 aside from the refugees. The hospitality is wonderful and the 700 men sent here to school find it very enjoyable."

"The Aqueduct built by Louis IX is one of the interesting sights. From the steps you get a wonderful panorama of snow stopped mountains and a distant shimmer of the sea."

"Here and there a mutilated soldier learning a new trade to be self supporting reminds one of the tragedy of the past four years."

"The bunch of men with whom I work are very fine. I have met Lieutenant Potter and Lieutenant Henney from K. S. A. C."

Wolf Advanced to Sales Manager

George Wolf, '05, has been advanced to sales manager for the Kellogg Switchboard and Supply company with headquarters in Chicago. Mr. Wolf worked as line man and office assistant with the Garden City and Manhattan telephone companies before entering college in 1900, and was instrumental in showing the need for special training in telephone work as a part of the electrical engineering course here.

After graduation he spent two years with the Western Electric company, in Chicago and New York, was with the Duplex Metals Company of New York for two or more years, and in 1910 entered the engineering department of the Kellogg company. Their aim has been standardization and Mr. Wolf has had a large part in thus making their telephones, switchboards and other apparatus more available and profitable to the telephone man.

Lucius Spodum on the League of Nations

"As I see things," said Lucius Spodum, president of the Broader Thought Conversation club in the village of Needmore, "the League of Nations is too diabolical to articulate surreptitiously in an unmitigated conglomeration of diverse circumstances, which condition, I reverbstrate, obtains both spasmodically and perennially in an inhibitory degree over all the major astronomical spots on earth. Human confubium, as I always maintained, were at yet too periphrastic for cooperative mutuality."

Ed. Note: Mr. Spodum claims to be the only prose vorficist west of the equator. He seems to talk good sense, provided you don't try to understand what he says.—H. W. Davis in Kansas Industrialist.

In College Society

Mouse Party

Delta Zeta entertained last week end with a house party for the out of town guests and alumni members of the chapter. The guests were Miss Mildred Johnston and Miss Marian Burns, of Eta chapter at Baker; Miss Sadie Rothaltz, Miss Mabel McAdams, Miss Pearl Taylor and Mrs. Nettie Willis Shugart of Zeta chapter at Lincoln, Nebr.; Miss Marian Mowry, of Nu chapter at Lombard college; Miss Louise Mowry of Galesburg, Ill.; Miss Bess Sloan, of Salina; Miss Blanche Baird of Valencia; Miss Marjory Teasley, of Glasco; Miss Nell and Miss Grace Baker, of Baldwin; Miss Edythe Wilson, of Lincoln, Neb.; Miss Norma West of Kansas City; Miss Trixie Knight and Miss Ila Knight of Emporia; Miss Mary Hazel Phinney of Russell; Miss Edith and Miss Pearl Parkhurst of Kinsley; Miss Kate Summers of Coffeyville; Miss Dorothy Hadley of Delta; Miss Ruth Milton of Stafford; Miss Lydia Johnson of Salina; Miss Barbara Murray and Miss Ruth Davis of Ash Grove, Mo.; Miss Nelle Roop, of Wakefield; Mrs. Marguerite Collins Haegs of Belleville; and Mrs. Maude Hassler Hollinger of Chapman.

Phi Phi Spring Party

Thirty couples attended the Phi Phi spring dancing party given Friday evening, May 9, in Harrison's hall. Kuhn's orchestra of Kansas City furnished the music. A canopy of pink streamers covered the ceiling and spring flowers and potted plants decorated the room. A hanging basket covered with ferns and illuminated electric bulbs in the sorority colors, wine and blue, hung from the center of the ceiling.

The chaperons of the evening were Mr. and Mrs. S. L. Watson, Mrs. Mae Snyder and Mrs. George Klammer. The out of town guests were Miss Jean Hanna and Miss Jeanette Sleeper of Clay Center, Miss Molcelen Campbell, Miss Marcia Ellsforth, Miss Winifred Clough, Miss Faye Ryan, Miss Mary Carey and Miss Marita Hipple, of Hutchinson, Miss Francis Pierce, and Miss Marion Montgomery of Junction City, Miss Corinne Richards of Kansas City and Miss Genevieve Herlick of Topeka.

Alpha Theta Chi

Dinner guests Sunday were Professor and Mrs. E. F. Ferrin, and Mr. H. W. Spink of Minnesota. Lieut. C. S. Goldsmith, '14, was a guest at the house Friday and Saturday.

Mr. Fred Steen, Mr. Ray Bachman and Mr. Lyle Gray were guests at the house Saturday. They have just returned from France where they have been the past year with the 130th Artillery.

Mr. Rufus Leiter of Protection, was a week end guest at the house.

Chi Omega

Miss Margaret Curry of Norton spent the week end visiting her sister Miss Bess Curry.

Miss Lucile Bomgardner of Topeka was a week end guest at the Chi Omega house.

Miss Alice Rice returned Sunday night from Topeka where she spent the week end visiting her parents.

Mr. and Mrs. H. E. Halsey and son Edward of Independence, spent a few days last week with Miss Helen Halsey.

Miss Florence Mitchell of Riley was a week end guest at the Chi Omega house.

Miss Lois Burton returned Sunday from Emporia where she had been visiting her mother.

Miss Hilda Threlkeld, a Chi Omega official, was a guest at the Chi Omega house several days last week.

Miss Ruth Robinson of Towanda, and Miss Alva Boggs and Miss Barbara Abergast of Wichita, were guests at the Chi Omega house for the week end.

Mrs. A. Q. Miller of Belleville spent Friday with her daughter, Miss Ecola Miller.

Shamrock

Mr. Loyal Saum, '18, of Norton, spent the week end at the Shamrock house.

Mr. Earl Chapell and Mr. Ralph Adams of Norton spent the week end at the Shamrock house.

Mr. Floyd Pickrell spent the week end in Russell.

Mr. Floyd Laws, Mr. Harry Gleason, Mr. Glen Rhodes, Mr. Lysle Munn, Mrs. Earl Chapell and Mr. Ralph Adams of the Norton high school track team were Friday dinner guests.

Mr. C. O. Braden of Paola was a week end guest at the Shamrock house.

Mr. Harry Larr was a dinner guest Saturday evening.

Mr. Edward Eastman of Lawrence was a dinner guest at the Shamrock house Friday evening.

Afternoon Tea

The Chi Omega sorority entertained at afternoon tea Saturday between two and five o'clock for rushees. Bouquets of tulips and bridal wreath decorated the rooms. The afternoon was spent very informally with music and dancing. Mrs. L. M. Bowman gave several very delightful readings. Tea and wafers were served.

Luncheon

Mrs. W. N. Slocum and Mrs. D. C. Stephenson entertained at one o'clock luncheon at the Pines Food Shop today for the Kappa Kappa Gamma chapter and house party guests. A yellow color scheme was carried out in the menu, and baskets of nasturtiums decorated the table. Covers were laid for forty-four guests.

Alpha Delta Pi

Miss Gertrude Uhley and Miss Jamie Cameron and Mrs. Ned Kimble motored to Leonardville Saturday afternoon.

Miss Ruth Garvin spent the week end at her home in Lawrence.

Miss Mildred Arends was the week end guest of Miss Alpha Christman at her home in Wichita.

Miss Helen Lawrence, Miss Josephine Sullivan and Miss Mable Troutfetter were the week end guests of Mr. and Mrs. Harold Goble at their home in Riley.

Mr. H. Brown of Blue Rapids was the guest Friday of his daughter, Miss Elizabeth Brown.

Mrs. Evelyn Kelly and Mr. George Gross of Junction City were the guests of Miss Helen Lawrence Friday.

Spring Dance

Fifty couples were present at the Delta Zeta annual spring party which was held at the Elks' Club Saturday evening, May 10. Spring flowers and foliage were used for decorations. Festoons of flowers and smilax hung from the chandeliers. Palms and ferns were banked around the orchestra platform and at each end large flower baskets held bouquets of roses. The reception rooms were decorated with ferns and palms. Light refreshments were served throughout the evening.

Maupin's orchestra furnished delightful music. The chaperons were Dr. and Mrs. I. E. Downs, Mr. and Mrs. A. A. Potter, Mrs. B. West and Mrs. C. D. Klotz.

Sigma Phi Epsilon

Mr. Alvey of Atchison was a guest on Friday and Saturday.

Lieutenant Walp of the Iowa Beta chapter was a visitor on Saturday evening.

Mr. Riley and Mr. Streub, visiting athletes of the Newton high school team, spent the week end at the chapter house.

Mr. L. N. Thrall and Mr. F. W. Ott of Hamilton, attending the Hereford scale at the college, were guests on Tuesday.

Mr. Hope of Garden City visited Roger Abbott on Sunday.

Sigma Phi Delta

Mr. and Mrs. R. B. Spillman, Mrs. W. Bucklee, Miss Margaret Epperson, and Mr. Hollis Hope were Sunday dinner guests.

Mr. T. T. Swenson spent the week end at his home in Lindsborg.

Sgt. R. A. Graves of Camp Funston was a Sunday visitor. Sergeant Graves has received his discharge and intends to reenter school next fall.

Mr. C. L. Hultgren of Topeka was a week-end visitor.

Mr. E. S. Bacon visited friends in Randolph over Sunday.

Aztec

Mr. Bill Martin of Winfield was a week end guest at the house.

Mr. Martin has just received his discharge from the aviation.

Mr. Donald Vincent of Clay Center was the guest of Mr. Warren Cowell on Thursday.

The Aztec fraternity announce the pledging of Mr. Leonard Morris, freshman in agriculture.

Sunday dinner guests at the house were Mr. and Mrs. W. A. Cochel and Miss Pearl Hoots.

Saturday dinner guests were Mr. Ethan Gilb and Mr. John Bollin.

Lawn Party and House Dance

The Beta Theta Pi fraternity entertained Saturday evening with a lawn party and house dance. The rooms and lawn were strung with vari-colored Japanese lanterns which furnished shaded light. Ice cream and wafers, coffee and punch were served to thirty-five couples. The honor guests were President and Mrs. W. M. Jardine, Professor and Mrs. A. M. Paterson, Mr. and Mrs. Stanley Smith, Mr. and Mrs. J. B. Gingery, Mr. and Mrs. Fielding and Mrs. MacLeod.

Dinner Party

The Shamrock fraternity entertained with a Mother's Day dinner party Sunday. Covers were laid for twenty. The table was decorated in red and white carnations. The guests were Mrs. R. A. Willis, Mrs. W. H. Shellenberger, Mrs. R. E. Deniston, Mrs. J. W. Hill, Mrs. G. L. Davis and Mrs. M. U. May, of Manhattan.

Birthday Dinner

Miss Emma Larson entertained at a birthday dinner party Wednesday evening in honor of Miss Lois Schlaegel. The guests were: Miss Irene Pieratt, Miss Stella Horchem, Miss Emma Stutz, Miss Alice Bobek, and Miss Clara Larson.

Engagement Announcement

The engagement of Miss Edythe Wilson of Boulder, Colo., to Major H. F. Thoesen of St. Paul, Minn., was announced Saturday at the Delta Zeta house.

The announcement party was in the form of a pink and white buffet luncheon. A miniature bride beneath a shower of pink hearts was arranged as a center piece on the dining table. Engraved betrothal cards were cleverly tied in with the sandwiches. Decorations throughout the rooms were in pink and white, large baskets of pink roses adding to the effect.

Miss Wilson is a graduate of K. S. A. C. with the class of 1919. She finished her college work at the end of the fall semester and at once accepted a position as dietitian in Green Gables hospital at Lincoln, Nebr. She was active in college circles, a member of Enchiladas, Women's Athletic association, Y. W. C. A., and was one of three girls who won K sweaters this year. She was a week end guest at the house.

Major Thoesen, who was recently discharged from the army, is associated with the Hanna Coal and Dock company, of St. Paul, Minn.

The marriage will take place early in the fall at Miss Wilson's home in Boulder, Colo.

Sigma Alpha Epsilon

Mr. Paul Martin of Junction City spent the week end at the Sigma Alpha Epsilon house.

Mr. Milton Eisenhower, formerly associate editor of The Collegian, returned to his home in Abilene after spending the week end at the Sigma Alpha Epsilon house.

Members of Sigma Alpha Epsilon were delightfully entertained Saturday noon by Mrs. E. Brown who has spent much time in giving readings to soldiers at the different posts. Mrs. Brown and her daughter were the guests of Mr. Shannon Brown.

Mr. Ronald Smith of Abilene was a dinner guest at the house Sunday.

Spring Party

The Chi Omega sorority entertained with a spring dancing party at Elks hall, Friday evening, May 9. The hall was decorated with spring flowers and ferns. Maupins five piece orchestra furnished the music. During the evening light refreshments were served to thirty couples. Fruit punch was served throughout the evening.

The party was chaperoned by Dr. and Mrs. L. M. Bowman, and Mrs. S. C. Pettit. The out of town guests were Mrs. J. O. Robinson and Miss Ruth Robinson of Towanda, Miss Barbara Abergast and Miss Alva Boggs of Wichita.

Mother's Day Banquet

The Pi Kappa Alpha fraternity entertained with a Mother's Day banquet Friday evening at 6.30 o'clock. Covers were laid for eighteen. Baskets of red carnations and pansies decorated the table.

The guests were Mrs. Eugene Woodward of Glen Elder, Mrs. U. S. Timmons, Mrs. A. S. Goble and Mrs. S. C. Otto of Riley, Mrs. J. P. Kelley of White Cloud, Mrs. S. Van Vleet, Mrs. S. M. Paddleford, Mrs. R. H. Swanson and Mrs. Mary P. Van Zile of Manhattan.

Sigma Nu

Sigma Nu announces the pledging of Mr. Ross Mowry, sophomore in engineering, Mr. Everett B. Cain, sophomore in agriculture, and Mr. Lindley C. Binford, sophomore in general science.

Mr. Walter B. Carey, Mr. Howard O'Brien, Mr. Prior Falls, and Mr. Dick Coe, spent the week end in Kansas City. They attended Caruso's concert last Monday.

Mr. Fred Russell and Mr. Clarence Bleckley attended the Sigma Nu district convention in Kansas City Friday and Saturday.

Ensign Arthur Sahlburg was a week end guest. He received his discharge from the navy last week. He expects to be back in college next fall.

Mr. Paul Gaiser of Wichita spent the week end at the chapter house. Miss Nellie Carey of Hutchinson, and Miss Mosceline Campbell of Hutchinson were dinner guests at the Sigma Nu house Sunday.

Mrs. J. C. Robison and daughter, Miss Ruth Robison, visited with Mr. W. E. Robison over the week end.

Several high school track men spent the week end at the chapter house. Mr. and Mrs. A. Q. Miller visited with their sons, over the week end.

House Party

The Kappa Kappa Gamma fraternity entertained nine out of town guests with a house party last week end.

\$500.00 and Expenses

Exceptional opportunity for college men and women. Congenial and interesting work. Application must be made at once. State age, class and department. International Press, College Department, 1010 Arch Street, Philadelphia.

Kappa Kappa Gamma

Mrs. W. N. Skourup and Mrs. L. T. Stevenson entertained the members of Kappa Kappa Gamma, their guests and patronesses with a one o'clock luncheon at the Pines on Saturday.

The tables were attractively decorated with bright spring flowers, the color scheme being used throughout the luncheon.

After the luncheon the guests attended a line party at the Warehouse theater.

Filling Up Nicely

There was once a certain vicar who had long been eager to see an extension of the parish burying-ground. At length his wish was gratified.

Soon after the opening he felt called upon to speak a few words of condolence to a widower who was setting out tributes of flowers.

"Good afternoon, my dear sir," said the vicar, approaching breezily, "good afternoon." He gazed around in a contented way. "Our new cemetery," he went on, "seems to be filling up nicely."—The Argonaut.

Y. M. CAMPAIGNS FOR FUNDS

Cabinet-Elect Includes Men from Every
Organization in College

Sixty students and twelve faculty
men will campaign tomorrow for the
student and faculty portion of the
new Y. M. C. A. movement budget
for next year.

Money is needed to carry out the
plans for the coming year, if they
are to be a success. Finances are
necessary to keep the association going.
However, they are simply a
means to the end and not the end of
the association work.

The members for next year's cabinet
are men from every division and
interest in college. This new cabinet
will do its best to enlist every man
in the institution in backing the new
Y. M. C. A. policy by financial aid.
Work such as is outlined for the new
students, the fellowship plan, and the
social program cannot be estimated
in dollars; but its operation will cost
money.

The secretarial committee is now
trying to secure a secretary for next
year who will be well fitted to carry
on the work. The man demanded for
this place cannot be obtained for
less than three thousand dollars.

Every man who goes out on the
campaign work tomorrow is a busy
man so Aggie men be ready to sub-
scribe liberally and at once. The
money pledged does not need to be
paid until next fall. If any one de-
sires to pledge who will not be in
school next year the money may be
mailed to the Y. M. C. A. treasurer
at any time. The main object of the
campaign tomorrow is not to pay it
now, but say it now.

Last year there were no funds so-
lited from the students or faculty
for local work. It is necessary that
the work be self supporting this com-
ing year. If the men students, fac-
ulty and town folk will give the ne-
cessary financial support to the work
in the campaign this spring the Y. M.
work next year will be a big one
with an able and experienced secre-
tary at its head.

The Y. M. C. A. men are doing their
part. It is up to the Aggie men to
do theirs. The slogan of the cam-
paign is, "Boost, Aggie men, boost!"

cents. We make 'em snappy. Crow-
der's Cleaning and Dye Works, Cash
and Carry. 1110 1-2 Moro, and
Phone 503.

Save time and trouble. Send your
dry cleaning with your laundry. We
can please you. A. V. Laundry. Use
Phone 701.

STYLE HEADQUARTERS

WHERE Society Brand Clothes ARE SOLD

Style

SOCIETY BRAND style, like a triangle, has
three dependent sides; the first is attractive patterns woven
into fine fabrics; the second is the smart design of the model;
the third is the tailoring of the clothes.

Each side is perfectly developed to meet the other two;
that's why the effect is a finished whole—and the longer you
wear a Society Brand suit the better you'll know it.

Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

One standard of tailoring—varying costs of materials alone
make a difference in the price of these clothes, otherwise they
would all be one price.

An Indian

Captain: "You say this man called
you a hippopotamus four weeks ago.
Why report it now?"

Sergeant: "Because I only seen a
hipperpotamus for the first time yes-
terday, sir!"—London Opinion.

Why Should He.

Willis: "Ten years ago that man
was in the gutter; he was so low
that he didn't care a rap what people
said about him."

Gillis: "And now?"

Willis: "He has straightened up
and made a lot of money; now he is
so high that he doesn't care a rap
what people say about him."—Judge.

Birger Sandzen Here Friday

The Art exhibit which is being held
in room 67 of Anderson hall shows a
number of the paintings of Birger
Sandzen, professor of aesthetics and
dean of the school of Fine Arts in
Bothany college, Lindsborg.

Professor Sandzen was born in
Bildsberg, Sweden and studied under
Zern and Bergh in Stockholm, and
Aman-Jean in Paris. He will lec-
ture on his paintings Friday after-
noon in Anderson hall.

The pictures on exhibit here show
many scenes of western Kansas and
Colorado. There are 12 oil paint-
ings and 30 wood cuts and litho-
graphs.

MANY ATTEND CONVENTION

MORE THAN FOUR HUNDRED CATTLEMEN MEET AT COLLEGE TUESDAY.

President Jardine Points Out That Future Success Depends on Livestock Industry in Kansas.

More than four hundred cattlemen attended the annual convention of the Kansas Live Stock Association which was held here Tuesday.

The morning program of the convention began at ten o'clock. It was presided over by George Donaldson of Greensburg who is president of the association. The address of welcome was given by president William M. Jardine, who spoke on the future success of the livestock industry in Kansas.

Future Depends on Livestock.
"The future success of the livestock industry in Kansas depends on the application of modern principals of business efficiency," said president Jardine. "No longer will it suffice to use a hit or miss system. The stockman of today must study the markets, must seek to aid in evolving a better marketing system for livestock as well as for all agricultural products. He must also keep an eye out for all unnecessary expenses and especially must he endeavor to eliminate waste in production."

Edward Kennedy of the Kansas City office of the federal bureau of markets next told how market information is disseminated and how stockyard activities are supervised by authority of presidential proclamation.

J. H. Mercer of Topeka, president of the Shippers league, state live stock sanitary commissioner and secretary of the Kansas livestock association, who also spoke in the morning session, emphasized the importance of unity on the part of livestock men in meeting common problems. He cited several instances where combined effort had produced better conditions.

Farmers Must Use Silos.
E. W. Houx, president of the Kansas City Livestock exchange in a short talk urged the use of silos. He said, "I will not say that a farmer cannot prosper without the use of a silo; but I do say that he cannot get the best results from his farm operations without a silo."

At noon luncheon was served to the association by the Saddle and Sirlin club in the live stock pavilion.

The first address in the afternoon session was on the problems of the cattle producer and the banker, by J. C. Hopper of Hutchinson. He spoke of the identity of interests between the farmer and the banker and how cooperation helps both.

Dr. Waters Urges Conservation.

H. J. Waters, of Kansas City, editor of the Kansas City Weekly Star, told of America's opportunities to export large quantities of meat to European nations. He urged conservatism in the era of prosperity to provide against unfavorable conditions which frequently have followed years of plenty.

The last address was given by F. D. Farrell, dean of Agriculture. He spoke on the relation of live stock production problems to marketing.

Dr. C. W. McCampbell then gave a review of the live stock experimental work which is being carried on by the college. This was followed by an inspection of the experimental and breeding herds.

Beta Theta Pi.

Miss Faye Ryan and Miss Winifred Croubott of Hutchinson were Sunday dinner guests.

Mr. Ernest Plack of Lawrence was a guest the first of the week.

Mr. Rudolph Morganstern of Salina spent Monday at the Beta house.

Mrs. J. P. Kelly and Mrs. Scott MacLeod were dinner guests Wednesday.

College to Aid Disabled Men

Every week from twenty to fifty men are brought over to the college from the hospital unit at Camp Funston for the purpose of getting acquainted with facilities of the college.

These men are soldiers who are incapacitated in service in the American expeditionary forces and the college authorities are trying to aid them in choosing the proper vocation.

Demonstrate Threshing Machine

Representatives of the farm engineering department and the extension division together with the manufacturers of the threshing machine will give a series of threshing demonstrations during the last week in May.

There will be two teams of four men each sent out. Prof. W. H. Sanders and J. W. Lundeen of this college will go. The first meetings of the teams will be at Wichita, May 23. The towns at which the demonstrations will be given beside this one are Great Bend, Dodge City, Abilene, Hays, Mankato and Norton.

Andrew Lyon spent the week end at his home at Detroit.

FIVE RECITALS TO BE GIVEN

First is by Mrs. E. T. Keith, Contralto, Monday Evening.

Five recitals, to be given by students of the Music department, will be given in the next two weeks to complete the series of spring recitals. The first one will be given by Mrs. E. T. Keith, contralto, and Robert Allingham, pianist, Monday evening at 8 o'clock in the auditorium.

A general recital of Miss Smith's piano students on Wednesday, May 21 at five o'clock will comprise the second number.

On Friday at five o'clock the third of the series of lecture recitals will be given by the faculty members. These have proved most popular so far and Miss Bugbey, who has charge, promises an unusually interesting program.

The fourth number will be a joint recital by Miss Inez Backman, pianist and Bess Curry, soprano, to be given Monday, May 26, at 8 p. m.

The final program presented by Miss Abernethy, will be Wednesday, May 28, at five o'clock and will be a general recital by her piano students.

May Fete Practice.

May Fete practice tonight at five o'clock. This is to be the last practice before the fete. Everyone who expects to take part must be there.

SANDZEN'S LECTURE POSTPONED

His Paintings Are Still on Exhibition in Anderson Hall.

The lecture which was to be given by Professor Sandzen Friday, has been indefinitely postponed. His paintings, however, will remain on exhibition for the rest of the week.

Birger Sandzen, professor of aesthetics and dean of the School of Fine Arts in Bethany College, Lindsborg, has an exhibition of his paintings in room 67 in Anderson hall.

Professor Sandzen is represented in the National Museum, Stockholm, Sweden; Lund Museum, Sweden; Library of Congress, Washington; and Art Institute, Chicago.

His works exhibited here include oil paintings, lithographs, and wood engravings. They are largely pictures of Kansas and Colorado scenery and are typical of his work.

Of his paintings the American Magazine says: "He is essentially a modern and an independent, but in the best sense of these words. He draws and paints with force and individuality; he follows none. His pictures are personal interpretations, rendered with much directness and great virility. He has something to say and he says it strongly. The Kansas country is not considered picturesque, but he has found it so, and has made others see its beauty. The Colorado border region he has also found immensely attractive, and his pictures painted there set forth its beauty of beauty."

Fred Dodge Discharged.

Lieutenant Fred Dodge who spent several months overseas in the signal corps, has been discharged and will have a position at Camp Funston in the quartermaster department during the summer. He plans to re-enter K. S. A. C. at the beginning of the fall semester. Mrs. Dodge, who has been at Turner visiting her sister, has returned to be with her husband here.

Phonograph Has New Job.

The Physics department is installing a new phonograph for the purpose of experimenting in the tone qualities of the instrument, with the view of discovering how they may become more like the original.

Bridge Party

Mrs. K. J. T. Ekblaw entertained at bridge Saturday afternoon at her home, 1825 Leavenworth. May baskets of sweet peas and daisies were used as decorations. The color scheme of pink and white was also carried out in the refreshments.

MISS JUSTIN IN CANTEN WORK

Writes of Having Met Lieutenant Potter and Lieutenant Henney of K. S. A. C.

Miss Margaret Justin, '09, who is in canteen work in France, is now located at Montpelier, one of the oldest university towns in France. She is serving as hostess in a large university club started by the Y. M. C. A. for those men of the A. E. F. sent to school in France at the expense of the United States government.

Miss Justin writes: "Montpelier is about as old as the Roman age and is very interesting. It is located in the heart of Royalist France. It has a population of 80,000 aside from the refugees. The hospitality is wonderful and the 700 men sent here to school find it very enjoyable. The Aqueduct built by Louis IX, is one of the interesting sights. From its steps you see a wonderful panorama of snow-topped mountains and a distant shimmer of the sea. Here and there a mutilated soldier learning a new trade to be self-supporting reminds one of the tragedy of the past four years. The group of men with whom I work are very fine. I have met Lieutenant Potter and Lieutenant Henney from K. S. A. C."

Applications Are In Order.

The board of directors of the Kansas State Collegian will receive applications for the position of business manager and editor-in-chief of The Collegian, to take office at the beginning of the coming college year. Applications must be in the hands of N. A. Crawford, head of the Journalism department, before Friday, May 23.

Applications may be accompanied by recommendations, specimens of writing, or any other material the applicant wishes to submit.

Any elections will be subject to such rulings as may be made by the student self-government association, now in process of organization.

Bridge Party

Mrs. K. J. T. Ekblaw entertained at bridge Saturday afternoon at her home, 1825 Leavenworth. May baskets of sweet peas and daisies were used as decorations. The color scheme of pink and white was also carried out in the refreshments.

MOTOR SHOW IS PLANNED

USE OF DIFFERENT TYPES OF MACHINES WILL BE DEMONSTRATED ON JUNE 3.

Work Is Being Done Under Auspices of Farm Engineering and Agronomy Departments.

The motor cultivator demonstration concerning which a tentative announcement was made some weeks ago, has been definitely set for June 3. Thirty acres of land on the agronomy farm has been set aside for use of the demonstration, and from all indications, the affair will be a very interesting one. The demonstration is being held under the combined auspices of the farm engineering and the agronomy departments.

A short program is planned for the morning in which a general discussion of the principles underlying good cultivation will be given. Time will also be given over to discussions of the various cultivators participating in the demonstration. The actual demonstration will occur in the afternoon, beginning at two o'clock.

It is not intended that this shall be in the nature of competition. It will simply be an opportunity for manufacturers to demonstrate what their machines can do under conditions in Kansas and for everyone interested to observe the results.

The demonstration is being advertised through the various county agents all over the state and it is expected that a considerable number of manufacturers, representatives and dealers will attend.

See Blanch Bates and Hobert Bosworth in a picturization of Zane Grey's greatest story, "The Border Legion," at the Wareham theatre tonight.

LOVE FLIERS THRILL DALLAS

K. S. A. C. Man Leads in Dare-devil Stunts of Aviation.

The Dallas News writes of the thrills given the Dallas citizens by five Love Field fliers in the recent victory loan celebration there. The airmen were led by Captain Harold McClelland, a graduate of the class of '16. The most dare-devil stunts known to aviators, every risk possible, was staged by the four over the business section of Dallas.

The planes used were all the Curtiss H-model. The ships approached in a ragged V formation and as soon as they were over the city, broke formation and "treated the onlookers to one of the most thrilling exhibitions of aerial jazz that has been seen in Dallas for many a day."

At great risk to themselves the pilots "cut off" the corners of buildings, and many times passed over them at a speed of 90 to 100 miles an hour, with only a clearance of a few feet. Loops and tail spins were staged regardless of altitude. The four pilots were of the most expert aviators and old to all the tricks of flying.

Captain McClelland has been stationed at Dallas for several months and was for some time in charge of the field training there. He has attained the rank of one of the most expert fliers at Love Field.

BROWNING WIN BOTH DEBATES

Defeat Ionians in Both Affirmative and Negative Sides of Question

In the dual debate that was held Saturday between the Ionian and Browning literary societies the Brownings won both debates.

The question for debate was, Resolved: That the United States should establish a protectorate over Mexico. The debates were held in the Browning and Ionian halls.

The girls on the Browning affirmative team were Miss Vera Cate, Miss Gladys Addy, and Miss Mary Gilbert. The negative team was Miss Caroline Sloop, Miss Edith Wheatley and Miss Lucratic Scholer.

The Ionian teams were Miss Luella Morris, Miss Irene Graham and Miss Bly Ewalt on the affirmative and Miss Marian Harling, Miss Vera McClelland and Miss Grace Merrill on the negative.

MISS HARLING IS IN LEAD

SELLS 123 TICKETS—MISS GLADYS BUSHONG IS SECOND WITH 92.

All of Tickets Have Not Been Turned in Work of the Contestants Must Be Individual.

Miss Merriam Harling was leading in the ticket contest at five o'clock last evening. She sold 123 tickets. Miss Gladys Bushong with a sale of 92 tickets was second.

Miss Irene Graham's committee with a sale of 244 tickets was in the lead of the committee contest. Miss Loverne Webb's committee with a sale of 169 tickets was second. There was a total sale of 872 tickets. Not all of the tickets were turned in. The contest will close at one o'clock today.

The rules that are followed are that there shall be absolutely individual work in the sale of tickets in the contest. Any just criticism reported to the committee of unfair sale of tickets will bar the individual from the contest.

The rules that are followed are that there shall be absolutely individual work in the sale of tickets in the contest. Any just criticism reported to the committee of unfair sale of tickets will bar the individual from the contest.

Last year Miss Helen Giles won first prize by selling 201 tickets and Miss Grace Ratliff won second prize by selling 178 tickets. Last year votes were sold with the tickets and gave more of an incentive to work.

The two girls standing highest in the contest will be in the May Fete procession and after the crowning of the queen will be presented loving cups by Dean Mary P. Van Zile.

The committee standing highest in the contest will be given a line party, hike or any other form of entertainment that they wish. These committees are the eleven new Y. W. C. A. committees for next year.

Tickets are on sale this morning and will be sold at the gates on Saturday afternoon.

Dairy Club Holds Contest.

The Dairy club will hold its annual stock judging contest in the stock judging pavilion on Saturday afternoon, May 17. The contest will start promptly at one o'clock in order that those who wish to attend the May Fete afterwards may do so.

Four classes of mature cows, one of each of the four breeds in the college herd, and two classes of heifers will be judged.

The winners will be given medals of gold, silver and bronze. Contestants will be judged 50 per cent on placing and 50 per cent on reasons.

The contest is open to all college students. The entrance fee is fifty cents.

SWEDEN OFFERS FELLOWSHIPS

Four K. S. A. C. Men Will Be Given Opportunity for Foreign Study

Students of the college, through the American-Scandinavian Foundation, are offered an opportunity to obtain fellowships for technological study in Sweden, according to word received by President William M. Jardine.

President Jardine has been asked to nominate candidates for the fellowships, to be considered with applicants from other schools by a committee of prominent educators.

The Foundation hopes to apply the fellowships to studies in which Swedish science offers especial advantages—physics and chemistry, hydro-electrical engineering, metallurgy, forestry and lumbering. Each fellowship is for one academic year, and provides \$1,000.

Graduates are preferred, but other "promising young men" will not be excluded. President Jardine is asked to nominate four. Funds to maintain the fellowships have been pledged by Americans who wish Sweden to understand American ideals better.

Word Comes from C. H. Sanders

Carew H. Sanders who has been in France writes from Camp Lee, Va. that he hopes to be in the western section of the country soon to get his discharge. Nothing definite has been arranged however. Mr. Sanders was a sophomore in mechanical engineering here in 1917.

SACRIFICE TIME FOR STUDENTS

Instructors Express Willingness to Act as Chaperones for Students

"Who will be willing to chaperon?" This question has been asked continually of the student council. In order to answer the question the council has made up the following list of persons who will be willing to chaperon student dances, parties and hikes.

The chaperons for any occasion do not necessarily need to be chosen from the following group. For these persons are only a few of the many who would be glad at any time to chaperon students affairs. The list is given for the benefit of those students who are not acquainted with college people and are at loss as to whom to ask to chaperon their parties.

The following persons are willing to act as chaperones when they are asked if it is possible for them to go: Mr. and Mrs. Cave, Prof. and Mrs. C. F. Baker, Prof. and Mrs. A. M. Patterson, Prof. and Mrs. E. V. James, Prof. and Mrs. A. H. King, Prof. and Mrs. M. C. Sewell, Prof. and Mrs. J. E. Ackert, Mrs. Don L. Burke, Miss Alice A. Doisy, Mrs. Jessie Gulick, Miss Grace Derby, Miss Mabel Baxter, Miss Grace Hess, Miss Helen Clark, Miss Florence Hunt, Miss Ethel Loring, Miss Edith Bond, Miss Rena Faubon, Miss Gold, Prof. O. H. Burns and Prof. E. S. West.

Omicron Nu Elects Officers.

At the Omicron Nu meeting Friday officers were elected for next year, and Miss Edna Wilkins was chosen as a delegate to a meeting in Albany, N. Y., this summer.

The following officers were elected: Miss Edna Wilkin, president; Miss Gladys Love, vice-president; Miss Helen Dawley, secretary; Miss Jessie Hibler, treasurer; Miss Lavern Webb, editor, and Miss Gladys Ganshird, marshal. The council members appointed were Miss La Vern Webb, Miss Gladys Ganshird and Miss Ina Cowles.

Miss Callie Jennison, a former student, who enrolled in the Student Nurses' training corp last fall, is now located at Fort McPherson, Atlanta, Ga.

May Queen Chooses New Path

Loving Cups Presented to Winners of Contest After Queen Is Crowned.

The May Queen and her procession will go around in front of the whole audience this year instead of following the usual line of procession down the main walk and coming up from the east. After all of her subjects have formed around her the queen will be crowned.

Then the loving cups will be presented to the winners of the ticket selling contest.

A little girl, one of the queen's subjects, meets her good fairy, who entertains her for a day. She meets imps and fairies and then after a strenuous time falls asleep. She dreams of different characters in Mother-Goose land.

The costumes are made of new material and are in beautiful color combinations especially suitable to the characters. Miss Hunt of the department of Home Art has charge of the costuming.

Professor R. H. Brown, directing the band and orchestra, will have charge of the music. Some special music has been obtained.

The dances are all new; some are especially graceful. Miss Ethel Loring and Miss Ethel Bond of the department of physical training, are directing the dances.

The programs are in the form of Mother Goose rhymes.

NELSON'S TEAM WINS FIRST

LEADS BY SECURING PLEDGES AMOUNTING TO \$510.30.

Total Pledge For Coming Year Is \$2400.30—Y. M. C. A. Will Have New Secretary.

In the Y. M. C. A. contest for next year's funds, Nelson's team won first place by securing pledges to the amount of \$510.30. The teams all worked up to the last minute and when the time for the contest was up at nine o'clock last night, they had secured a number of pledges totaling 2400.30.

The other teams secured the following amounts. Team No. one, \$290.50; team No. two, \$459; team No. three, \$33; team No. four, \$442; team No. six, \$378.50.

The teams were organized at a dinner given Tuesday evening at which about twenty-five representative college and faculty men were present. Six teams were formed with the following captains: V. S. Crippen, team No. one; Percy DePuy, team No. two; Rollo W. McCall, team No. three; H. E. Mather, team No. four; O. F. Nelson, team No. five, and E. J. Price, team No. six.

Each team was composed of twelve men, and following the dinner the different teams made their pledges on what they themselves would give. Nelson's team headed the list by promising \$118.50 and Mathers' team ranked second with a pledge of \$115. Crippen's team pledged \$107, DePuy's \$87.00, McCall \$82.00, and Price's \$101.50. Nelson's team was given \$20.00 because of their high pledge.

The canvas for the funds reached every man in college. A list of the names of all of the men in school was divided up among the members of the teams and each team member was held responsible for his list. The teams report that only a few men refused to pledge for next year's work.

The "Y" is hoping to raise a sum of \$5,000. Many people have been wondering what the association was going to do with all of the money. "The old college 'Y' is a thing of the past and the new organization is to be for all of the men in the student body and not a few students that represent the pure religious element," said one of the faculty men.

Doctor MacArthur is the chairman of a committee that is attempting to secure a big secretary to take charge of the big new "Y" program. He says that to secure such a man it will be necessary to pay a salary of \$3000. The committee has a man in view who has done a great deal of such work in Michigan, but several other colleges are attempting to secure the same man.

Is Courtesy Passe?

Time was when men took off their hats when a woman entered the elevator, but it is rarely done these days. And when a woman entered a street car where every seat was occupied some man rose to offer his seat, but that thing is of infrequent occurrence these days. The hotel clerk used to be gracious, even unctuous, but now it's "take it or leave it." The citizen having a question to ask at his city hall picks up the telephone and from the other end of the line comes in suffragized feminine voice. "What do you want?" Step to the postoffice stamp window to ask for an airplane stamp and the clerk says, "Ain't got it try next window;" clerk at next window says ditto; clerk at third window varies the refrain only to say, "Try first window." Why is it? Is courtesy passe?

"Personal service," is the slogan of the busy business man. Many years ago the spirit of "public be damned" was discarded in big business and the spirit of "public be pleased" was substituted. Courtesy, thoughtfulness, consideration, co-operation have been taken up as commercial assets; and can it be that their commercialization, so to speak, has tended to oust them from the realm of everyday? Can it be that the entrance of women into politics and into the work-a-day world has robbed her of man's deference? Can it be that the assumption by the government of control over many and varied lines of activity has undermined the very foundation of

inherent courtesy? It is true Detroit has grown to be a very large city, and it is equally true that Detroit has grown to be a very impolite metropolis.

Some time ago a Northern woman in the South remarked: "Where is this Southern gallantry I've heard about? The men are more polite in the North." But the speaker had not reckoned on the modernity of the big, bustling, pre-occupied North as found in Detroit in 1919. Men are polite to the women of their own circle of acquaintances, but where is that old-fashioned politeness of men to women because they are women?

Business has found politeness to be an asset. It is just as much of an asset to a metropolis. Courtesy isn't passe; it's merely been overlooked.—Detroit Free Press.

Ye Feeble Prophets

Ye feeble prophets, impotently yapping, Uttering vacuous words ceaselessly Carping, berating and rapping—Hither and yon, helplessly, You irritate me.

Ye suave oily demagogues, raucously spilling, Deafening the crowd with your ranting, Intent on disturbance and ill-feeling, You irritate me.

Ye reformers, who in everything see evil, Morbidly seeking unwholesomeness, Labeling joy license, spreading suspicion, You irritate me.

So many ants, busily hastening, Sometimes you irritate, sometimes amuse, Mannikins all, really you're funny, You cause laughter.

R. J. Davis Visits College

R. J. Davis, '12, of the bond department of the National City company of New York, was on the campus Wednesday. Mr. Davis holds a responsible position as this is the largest bank in the country. Its president, Mr. Vanderbilt, gave an address at the students assembly here about two years ago.

LOOK INTO THIS

Army Made a Mistake

The American army made a mistake in not taking along with it to France several regiments of ground hogs, as they would have been valuable in opening the way through the barb wire entanglements.

The ground hog that belongs to the college museum has again escaped. Each time that he has gotten out of the cage, he has cut the wire in two. A common characteristic of these animals is that they are able to bite through hard surfaces.

STUDENT MIND

Dear Editor:

"A Smoker", under the head of "Foolish Traditions" has put forth a question that is discussed every day among those present at the bridge lab. class during the chapel hour and other periods of the day.

Of course, everyone has a right to think as he pleases, and "A Smoker" has given his opinion on this subject. While we hate disagreements in general, we are proud to disagree with him in this case. We do not see anything foolish in the tradition against smoking on the campus, and it is our opinion that it is one that denotes the respect of the students toward the institution.

The writer himself is a reckless user of the weed, and there has been many a time when he has felt the inconvenience of the custom and has experienced hardship of having to hike outside the campus every time he wishes to enjoy a smoke. But he's more than willing to do that much. What else are we doing toward the same end? We have so few traditions as it is—so many less than most other colleges, especially in the east. Are we becoming too listless, too inconsiderate, too fond of our own selfish ease to uphold even one?

"A Smoker" says that the custom was established from a religious motive. Now whether it was or not—and we doubt its having been—it should be preserved as a tradition, and honored as such. It is moral, it makes the student look upon his school with more respect, and it keeps our beautiful campus free from the dirt and disorder which we all must admit is the result of smoking.

Alpha Delta Pi

Alpha Delta Pi will observe mothers' day on Sunday, with a banquet at the house for the mothers of the chapter.

Miss Gladys Newton of Kansas City will be the week end guest of Miss Jamie Cameron.

Mrs. Bernard Lafer and son, Bernard Junior visited Tuesday and Wednesday at the house.

Miss Anne McMillin of Topeka will spend the week end at the house.

Miss Helen Swope of Kansas City will arrive Friday to visit for a few days with Miss Clementine Paddelford.

Mrs. Elmer Heinz of Pratt spent Wednesday and Thursday at the house. Mrs. Heinz was in school here last year.

Mr. Giles Sullivan of Wamego was a luncheon guest Tuesday.

Miss Mildred Meserve of Ellis will spend the week end with her sister, Miss Velma Meserve.

Miss Helen Lawrence and Miss Josephine Sullivan spent Tuesday at Miss Sullivan's home in Wamego.

Afternoon Party

Mrs. George A. Dean entertained informally Saturday afternoon from three to five o'clock at her home at 325 North Seventeenth street. Bouquets of snowballs, fleur-de-lis and spirea were used in decorating the rooms.

Each guest had been requested to bring a girlhood picture of herself. The identification of the pictures provided a great deal of merriment. Mrs. Dean assisted by Mrs. H. W. Brubaker and Miss Joy Andrews served brick ice cream, cakes, mints and coffee. A color scheme of pink and white was used throughout the menu, favors and decorations.

The guests were Mrs. H. Perry, Mrs. J. M. Parker, Mrs. J. B. Mudge, Mrs. E. H. Greeley, Mrs. Mary Robinson, Mrs. E. M. Irish, Mrs. W. E. Lumb, Mrs. C. O. Swanson, Mrs. J. C. Carroll, Mrs. A. J. Whitford, Mrs. L. L. Allis, Mrs. J. T. Willard, Mrs. J. Lund, Mrs. Harry Hougham, Mrs. Ada Q. Perry, Mrs. Jonathan Davies, Mrs. William Baxter, Mrs. Emma H. Bowen, Mrs. Long, Mrs. Laubman and Mrs. Gardiner.

Acacia Initiation

The Acacia fraternity held initiation at the Masonic Temple Saturday afternoon, May 10, for Mr. Jesse A. White of Willis, Mr. George G. Hedrick of Gardner, Mr. Embert H. Coles of Seneca, and Mr. Glenn O. Hoffhines of Marquette.

Delta Zeta

Miss Blanch Baird returned to Topeka Wednesday after a visit of several days here.

Miss Georgie McBroom of Washington, was a guest at the chapter house Tuesday and Wednesday.

Dr. O. L. Edgerton of Randolph visited his daughter, Miss Lenore Edgerton, Wednesday.

Miss Pearl Parkhurst left Tuesday for Kansas City for a short visit before returning to her home in Kinsley. Miss Parkhurst came to attend the dance given Saturday night.

Gordon-Ricketts

Announcement is made of the marriage of Miss Marie Campbell Gordon and Lieut. Robert A. Ricketts, both of Washington, D. C., which occurred in Washington, September 28, 1918.

Lieutenant Ricketts, formerly lived in Topeka. He attended the Topeka high school and the Kansas State Agricultural college. He enlisted at the beginning of the war and received his commission at the officers training school at Jacksonville, Fla. At present he is employed as a government engineer in Washington with the rank of First Lieutenant.

Sigma Phi Epsilon

Formal initiation services were held for Prof. H. W. Davis and Prof. R. W. Conover, Tuesday evening.

Dr. MacArthur left Thursday morning for Norton, Kan., where he will give a commencement address.

Sergeant Glenn Oliver was a guest Tuesday and Wednesday. Mr. Oliver who is now stationed at Fort Riley, has just returned from overseas with the Third division. He expects to be discharged soon.

Alpha Theta Chi

Mr. Paul Gwin, '16, was a guest at the house Tuesday.

Mr. Ralph E. Weaverling of Lincoln, Nebr., was a guest at the house Tuesday.

Mr. Nat. B. Woods of Ellsworth has withdrawn from school. Mr. Woods has not fully recovered from a recent operation.

Y. M. C. A. Dinner

The Y. M. C. A. gave a dinner Tuesday night for the boys who were going to work on the campaign Wednesday. Covers were laid for sixty-five people.

The toastmaster for the evening was Ray Knox. Speeches were made by Dr. John MacArthur, Prof. H. W. Davis, Prof. L. A. Fitz, and Prof. Hugh Durham.

Alpha Zeta

Alpha Zeta held initiation services Thursday for F. D. Farrell, dean of agriculture and director of experiment station; H. Umberger, acting dean of the division of extension; L. E. Melchers, professor of botany and in charge of plant pathological work here at this station; J. T. Ekblaw, professor of agricultural engineering; H. H. King, professor of chemistry; Theodore Macklin, professor of agricultural economics; A. M. Doerner, charter member of the Oregon chapter, assistant in landscape gardening.

A banquet was held following the initiation in the mess hall for the honorary initiates and the following active initiates: Mr. Menton Otto, Mr. G. C. Anderson, Mr. A. D. Weber, Mr. R. B. Watson, Mr. W. R. Horlacker, Mr. Nevels Pearson, Mr. C. F. Laude, Mr. W. W. Rodewald, Mr. Leo Placek, Mr. E. D. McCollum.

Prof. M. F. Ahearn acted as toastmaster. Interesting talks were given by Prof. J. H. Parker, High Scribe; President W. M. Jardine, Prof. W. A. Lippencott and Dean F. D. Farrell.

PI Kappa Alpha

Mr. U. G. Woodard of Glen Elder was dinner guest Tuesday evening.

Mr. Louis Timmons of Riley was a Wednesday visitor at the PI Kappa Alpha house. Mr. Timmons has just returned from France where he saw service on the front with the 35th division. He expects to get his discharge this week.

Mrs. J. L. Kelley and Mrs. Scott McCleod left Wednesday for their home in White Cloud after a week's visit with Mr. G. L. Kelley.

Mr. John Fredenberg of Council Grove was a guest Tuesday night.

Mrs. J. P. Kelley and Mrs. Scott McCleod of White Cloud, and Miss Trixie Knight of Emporia were dinner guests Sunday.

Founders Day Banquet

The Acacia fraternity celebrated Founders Day Sunday, May 11. The guests present were: Dean J. T. Willard, Prof. H. L. Kent, Prof. J. H. Parker, Prof. Ekblaw, Mr. George S. Murphy, Mr. Jacob Lund, Mr. George Alexander, '14, Mr. Omar O. Brown, '16, Mr. Horace Chittenden, '14, Mr. W. R. Bolen, '16, Mr. Albert H. Akre, '21, Mr. George Hedrick, '22, Mr. Alfred Byarley, '13, Mr. George A. Boles, '20, Mr. Glenn O. Hoffhines, '21, Mr. Embert H. Coles, '22, Mr. Ralph C. Erskine, '16, Mr. Henry J. Adams, '17, Mr. Jesse A. White, '20, Mr. George C. Ferrier, '16.

Delta Delta Delta

Miss Marie Burris returned Tuesday from a visit to her home in Chanute.

Miss Fannybell Beggs spent last week end at her home in Washington.

Miss Helen Webb from the Baker chapter of Delta Delta Delta is a guest at the Tri-Delta house this week.

Mr. James C. Quinlan was a dinner guest Wednesday evening.

Quill Club Initiation

Quill club held formal initiation services Tuesday evening for Miss Elizabeth Dickens, freshman in journalism, and Miss Winifred Varner, freshman in home economics.

After initiation, light refreshments of ice cream and wafers were served.

Shamrock

Mr. J. Jones of Stanley was a visitor at the Shamrock house Tuesday evening.

Mr. Ross Hill is sick at the Charlotte Swift hospital. He was operated on Tuesday evening for appendicitis.

Mr. C. O. Braden who has been visiting for the past week at the Shamrock house, left Wednesday on a trip through the western part of the state.

House Party

Miss Ruth Crowson entertained the girls of the Alpha Bet literary society at a house party over Saturday and Sunday. The girls were Miss Grace Turner, Miss Eva Gwin, Miss Bertha Gwin, Miss Olive Legerstrom, Miss Dorothy Mosely, and Miss Hazel Rusk.

Pie Feed

The Lincoln and Philomathian literary societies of the School of Agriculture held their annual pie feed at Hackberry Glen last Saturday. A tractor and hayrack were used for transporting the party which left the campus at two o'clock and returned late in the evening. Miss Hungerford acted as chaperon.

Sigma Phi Delta

Mr. E. S. Bacon returned Wednesday from Randolph where he has been visiting friends.

Sergeants W. A. Geeslin and F. G. Horn visited the house Tuesday. They have just received their discharges after serving overseas with the 35th.

Mr. R. A. Draft of Philadelphia, Pa. was a dinner guest Tuesday evening.

J. B. Floersch, Pres. F. A. Floersch, V-Pres
C. E. Floersch, Cashier.

Have you ever tried on a
Hart Schaffner & Marx
waist-seam?

Then you haven't any idea of how becoming they are; almost every man and young man looks good in them. They're not just a fad, either; there's too good a reason for them; they give men the well set-up appearance, erect, full chested; narrow thru the waist.

That's why you'd better let us try one on you; there are variations here for everyone

FRANKLIN REUNION SATURDAY.

Home Coming Program Will Follow
May Fete.

The Franklin Literary society at
the college has made arrangements
for a home coming program to be given
the evening of May 17, following
the May Fete Festival. Many of the
former members are expected to be
present.

Among the former members who
will participate in the home coming
event will be Professor R. A. Seaton,
one of the charter members and an
early president of the society; Mrs.
A. R. Fehn, '06; Ellen Batchelor, '11;
Lelia Dutton, '19; Mr. and Mrs. J. S.
Daniels, '07; Lois Witham, '16; Al-
bert Mack, '12, and Nora Nicolay.
Miss Ellen Batchelor has just returned
from France as a Red Cross nurse
and will tell of her many experiences
in the war zone.

The Franklin Literary society was
organized December 14, 1901 and re-
ceived its charter from the state in
1903. Arthur F. Swanson is the pres-
ent president.

EMPORIA HAS IT.

The problem of bringing good the-
atrical productions to a town that has
no theatre has been solved at Em-
poria by the use of the auditorium in
the new Administration building of
the Kansas State Normal School of
that city. Frank A. Beach, director
of music at the school, has added to
his efforts on behalf of the people of
Emporia and the students, since the
completion of the new building, by
handling several large theatrical pro-
ductions. In the past two weeks he
has managed two Savage productions
"Everywoman" and "Pom-Pom" and
Margaret Anglin in "Billeted," all
playing to crowded houses. Otis
Skinner is booked to play at the Nor-
mal Auditorium May 19 in "The Hon-
or of the Family." Maude Adams,
through illness, had to cancel her con-
tract, but has made another for next
season.

Three Students men or women,
wanted for traveling position during
vacation. Position permanent if de-
sired. Applicant must have pleasing
personality and be able to meet the
public. Address "M. C.", care, Col-
legian, College.

ma Clark of White City, visited with
Miss Edna Kohler and Miss Lillie
Kohler Monday and Tuesday.

Miss Quinta Cates, who received her
degree at the close of the fall sem-
ester, and is now teaching at Hum-
boldt, Neb., will instruct at the State
Normal at Emporia during the sum-
mer session there this year.

We do dyeing. Don't throw your
faded garments away. We can make
them look like new. Crowder's
Cleaning and Dye Works, Cash and
Carry, 1110 1-2, and Phone 503.

M. C. Tanquary, associate professor
of entomology, has just returned from
a trip to Leavenworth where he in-
spected a shipment of imported nur-
sery stock. According to law, nur-
sery supplies must be inspected when
they come from one state into an-
other.

Girls Plan

Courses to
Suit Weight

If you are too thin or too fat for
your age and your height and want
a remedy, inquire of some of the
home economics girls who are study-
ing dietetics, for they can easily an-
alyze your case and prescribe a prop-
er diet.

Or at least they should be able to
as they have each worked out their
own individual problem of diet. The
girls are placed in different groups
according to their weight, height and
age, then by following the table given
by Symond in the text they are able
to estimate about what their weight
should be. In this way the girls can
judge whether they are over weight,
under weight or normal.

If a girl is under weight or over
weight she then works out in calori-
es a diet to suit her own case. The
girls are supposed to carefully fol-
low the rules and perscription which
they have worked out, throughout
their course. If this is done in most
cases the girl of under weight with-
in a month begins to gain and the
girl of over weight begins to reduce.

One day of this week was given
over to the preparation of three meals
which were supposed to represent the
ideal diet for the various groups. The
class was divided into three groups.
Group one was made up of girls who
were over weight and required a re-
ducing diet. Group two was girls
who were under weight and required
a fattening diet. The girls of group
three were of normal weight and re-
quired a varied diet depending upon
their size and activity.

The girls within the group were in
turn divided into groups of five. Five
girls were allowed forty-five cents
per capita apiece for the day. The
menu for the three meals, breakfast,
dinner and luncheon was supposed to
be well balanced and pleasing to
each of the girls in the group.

The day the experiment was carried
out the girls were on the hill at sev-
en o'clock in the morning to prepare
their breakfast.

One girl was heard to remark, "It
was awful hard getting up but we
"sure" had more to eat than I'd have
had at my boarding house."

Hats cleaned and blocked. Only
real hatter in Manhattan. We know
how. Crowder's Cleaning and Dye
Works, Cash and Carry. 1110 1-2
Moro, and Phone. 503.

Harry M. Zeigler, '14, attended the
cattlemen's convention held here last
Tuesday. Mr. Zeigler is now wes-
tern editor of the Farm and Home
paper.

Why be satisfied with anything but
the best. We can satisfy you. Give
us a trial. A. V. Laundry, Phone 701.

WENT TO FRANCE TO SERVE

Y. M. C. A. DID NOT GO TO FRANCE TO WIN NAME FOR ITSELF.

Chaplain Ray Anderson Tells of Eighteen Months Overseas Service and Experience With Y. M. C. A.

"The Y. M. C. A. went to France to serve, not to win a name for itself. Soldiers criticize the 'Y' because they are soldiers. The sinner in France was the soldier who was selfish." These are a few of the statements made by Chaplain Ray Anderson, former Aggie graduate, when speaking to a crowded house at the Presbyterian church Sunday night.

Chaplain Anderson, who has returned from eighteen months overseas service with the twenty-sixth division, spoke with a conviction, enthusiasm, and informality that captured his audience in much the same way as the speech in the college auditorium last year by Lieutenant Parigot.

"All the criticism we hear about the 'Y,' said Chaplain Anderson, 'is directed against its work overseas. No one is kicking about the way the 'Y' handled conditions in the local camps. Nor is any one complaining of the service received on the boats going over."

"First, I am going to ask what is there that the soldier does not criticize? He criticizes the government, officers, France, England, and everything in general. It's the way of a soldier. Yet he will die for the very things he criticizes. In this case, he blamed the government and officers for about everything he could, and needed something new to furnish him with material for criticism. Naturally it was the Y. M. C. A.

"Two of the things the Y. M. C. A. is accused of, is that it overcharged and that the men who acted as agents for it should have been in the front line trenches. As for the first, there were freight rates to pay on most of the supplies which made them a little higher in price than they would have been in the United States. Then there were other expenses. As it is the 'Y' overseas huts were run at a loss, which fact itself should refute any silly inference that the Y. M. C. A. went across to get rich.

"As for the second, the men who served in the huts should not have been in the trenches. Almost without exception, they were men who were above age, physically weak, short leg arm, or foot, or else blind in one eye. These men were serving from patriotic reasons. They gave their all in the most strenuous kind of service, and not to evade the draft either.

"Taken man for man, these men were the equal or even superior to the American officer, and God only knows, they did twice as much for the maintaining of the morale and winning of the war, as many officers. A few years from now the very men who are criticizing the 'Y' the most will be its greatest boosters. They will realize that even though it was faulty, it undertook the work at the request of the government, and did even more than could have reasonably been expected of it.

"For all their grumbling and their roughness of manner, the doughboys were the most wonderful men in the world. When one thinks of the places they slept and ate, what their food was like, the hardships they had to bear, and the foolish orders from thoughtless officers they had to obey, and through it they bore themselves like heroes and laid down their lives cheerfully, one cannot but marvel at them. No praise is too great for them.

"With the doughboy the sinner was the one who was selfish, the soldier who drank the last drop from the canteen, who ate more than his share, who disregarded the comfort of others, who shirked duty. Drunkenness and gambling were minor sins in comparison to selfishness."

Tri-K. Elects Officers
At their meeting last week the Tri K. fraternity elected officers for the next year.
The following officers were elected: E. L. Lyons, president; Carl Trace, vice president; K. S. Quisenberry, secretary; L. G. Kelly, treasurer and Mr. Rodewald, sergeant-at-arms.

Zoology Class Goes Hiking

Prof. L. P. Whitehead took his zoology lab. classes on a hike to Wild Cat Friday. The students spent the time in collecting material. They were very successful, securing many kinds of snakes, toads, bugs, crickets lizards, and roaches. The specimens gathered will be studied in the laboratory. At present a thorough study of the anatomy of the cat is being made.

Assembly Today at Two

One of the last assembly programs of the year will be held next Tuesday at 2 o'clock. It is the kind of meeting that all students like to attend. Lieutenant Chester H. Guthrie of Camp Funston will lead the songs and everybody will sing. Are you coming?

DEBATE UNDER DIFFICULTIES

Student Body Is Not Educated Up to Full Appreciation of Debate

"It is difficult for Aggie debaters to compete with debaters from Ames and other large schools," says Dr. Theodore Macklin, "because conditions here are not as favorable as they should be. The student body as a whole is not educated up to a full appreciation of debates and their value. The stimulus necessary to create real debaters is lacking.

"At other colleges like Ames the band turns out, the auditorium is packed, and great enthusiasm is shown. Cheers are given for members of both teams as they appear on the program. Under those conditions students are given an incentive to work for several months to win, because they know that when they win it will be a triumph for themselves and the college, and that other students will appreciate the victory.

"What is needed here is organized support. More students should try out for debating teams or else get practice in the various literary societies. The student body as a whole should attend debates and show their interest in the live questions of the day."

BAKER ADDRESSES D. S. CLUB

Professor of Architecture Divides Pictures Into Three Classes

Cecil F. Baker, professor of architecture, discoursed on "What Pictures Mean to Me," at the last meeting of the Domestic Science club. Professor Baker divided pictures into three classes, the symbolic, the realistic and the imaginative.

The symbolic picture is often religious and one can get more from the spiritual meaning patronized than from the surrounding, pointed out Professor Baker.

"The realistic reproduces as much as possible and its favorite subjects are such as flowers, fruits or fish," said Professor Baker. "It is the least of the high types of art."

"The majority of good pictures have the imaginative quality and some have all three. The more one studies the imaginative picture and the more one enters into the spirit of the artist, the more he can see. A picture lives because the people like it. One seldom has the chance to see the great pictures but may enjoy prints and reproductions.

"Color is desirable in pictures and often a picture value lies only in its color, but the people of Latin or tropical countries have a keener appreciation of vivid colors than the people of this country. A picture may depend more on its drawing and other qualities than on color. Everyone likes the human element—a pretty face, a mother and child."

There are three types of prints, the wood cut, the lithographic, and the etching. Professor Baker showed examples of all three from his private collection.

"Etchings are the most common and the most popular," said Professor Baker. "Many great artists are etchers and their work is voluminously displayed in art galleries. For commercial reasons they usually destroy the plate after printing, usually from 35 to 150 etchings. Etchings give a direct impression of the artist as much as do oil paintings. Whistler is one of the most famous etchers, as is McLaughlin, in America.

"There is chaos in art just now, as well as in civilization, with which art always keeps pace. A happy medium will likely take place between the conservative and the new."

MAY FETE UNUSUALLY GOOD

MAY QUEEN LED PROCESSION OF GAILY CLAD PEOPLE AND FAIRIES

Miss Betty Lyman Played Part of the Leading Fairy and Miss Dale Bachman Played Part of Little Girl.

One of the best May Fetes which the college has ever given, was held Saturday afternoon on the campus from 4.30 until 5.00.

The May Queen, Miss Lola Sloop, and her whole retinue, passed around in front of the audience this time instead of going directly to the throne, and the people were afforded a much better view of the procession and the crowning than formerly.

Miss Betty Lyman, as leading fairy, lead Miss Dale Bachman, the little girl, to all the beautiful parts of the day, as represented by the different groups of dancers. Miss Lyman's dance was the most difficult of the entire entertainment and was well given.

The "Spring Time Dawn" and the "Dance of the Birds" were followed by the "Weaving of the Daisy Chain" which was a dance that appealed to everyone. "The Shepherds Romance" was unique and "Sundown" was one of the most artistic dances in both color scheme and movement, that was given.

After this the fairy and the little girl went to sleep, and they dreamed that they saw the characters of Mother Goose land, including Jack and Jill, Mary Contrary, The Old Woman's Children, Dutch Dolls, and the Imps of Mischief. After they awoke, the May Poles were wound.

Cinderella, as usual, came in at the last moment just in time to see the queen crowned but not in time to participate in the dance.

Those who acted as the Queen's attendants were: Miss Elsie Cuthbert, Miss Sarella Herrick, Miss Hettie Carris, Miss Velma Carson, Miss Greta Gramme, Miss Rowena Turner, Miss Georgia Moffit, Miss Mary Frances Davis, and Miss Helen Sloan.

Miss Florence Hunt should be given much credit for she had charge of the costumes which added much to the beauty of the play.

Just preceding the Fete, Miss Merriam Harling and Miss Gladys Bushong were presented with silver loving cups, having sold the largest number of tickets for the program. Miss Harling sold 123 tickets. Miss Gladys Bushong was awarded second place, having sold 92 tickets.

Aggies Are Successful Farmers

An unusual number of Aggie graduates and former students are successful farmers. The farm management department is daily receiving letters from county agents telling of the success of Aggie men.

"Following a recent article in the Collegian this department was requested to locate all graduates and former students of this college who at present reside in Kansas," said Professor Grimes. "We sent out mimeograph letters to all the county agents requesting them to send in all the information that they could. A large number of replies have been received, and they are still coming in.

"I'll only name a few of those I happen to think of offhand. In Fredonia there is W. J. Burris, '87, former member of the state legislature, who is now a successful farmer. W. R. Tulloss, '99, of Rantoul, who was at one time state senator from his district, is also a successful farmer. "B. Needham of Lane is a substantial farmer with a well improved farm who is a leader in his community. He is state Grange master. R. J. Linscott of Holton, former student, is a banker, and prominent feeder of purebred Jersey cattle.

"J. W. Linn of Manhattan, '15, entered in partnership with his father in the purebred Ayershire business. He has made an enviable record, and is now secretary-treasurer of the Kansas breeder's association. Carl Miller of Belvue, '07, who was a great baseball player when here, is successfully producing pure-bred Hereford cattle. J. W. Berry of Jewell City, '33, and O. O. Browning of Linwood, '16, are both successful farmers."

REPAIR WORK IS BEGUN

LABORATORIES IN ENGINEERING BUILDING ARE BEING WORKED OVER

Special Work in Auto Repairing Will Be Offered This Summer—A Large Attendance Is Expected

The engineering building is being rebuilt. The auto mechanics laboratory is being enlarged one and a half times its present size, and a new entrance is being put between the carpentry and machine shops.

"We expect many people to come this summer who will be interested in automobile work," said A. A. Potter, dean of engineering. "So we are making ready to give them the best equipment possible."

The pipe fitting and pipe machine rooms are being made over into new auto mechanics laboratories. The machinery from those rooms is being transferred to the new barracks. The third barracks will now be headquarters for pipe machine work. This will give much more room for the automobile work.

A new passage way is being cut between the carpentry shop and the machine shop. This will be a great aid to the students who use iron corners and other things made in the iron shop in their woodwork as they will not have to go outside to get into the machine room.

The plans for the new wing and central part of the building are now in the hands of the architect and work on the new part of the building will probably begin soon after school is out.

PROF. SALMON GLAD TO RETURN

Writes That He Is Enjoying Work in France With First Army

In a letter to Prof. S. C. Salmon, Professor Call writes from France that even though he is enjoying his work and probably having one of the experiences of his life, he will be glad to get back to Kansas where the sun shines, for just as everyone says, "it is rainy and cold in France."

Professor Call is with the first army now, but expects to soon be with the third army of occupation in Germany. Classes for those interested in agriculture are held twice daily in vacated huts, tents, barns, or any available place. The school is run on much the same basis as the usual farmer's institute.

Professor Call also expects to take some of his students to visit the Rothamsted experiment station in England, the oldest station of its kind in the world, and one to which agriculture as a whole is greatly indebted.

NOT TOO LATE TO GIVE BOOKS.

Good Interesting Fresh Fiction Is Desired.

Have you made your contribution of books yet for overseas soldiers? It is not too late, but the books given will be sent very soon. What is most wanted now is good, interesting fiction. You can spare that Zane Grey or O. Henry book that you enjoyed, for a soldier whose time hangs heavy. Make a selection of books that you will give, and if you cannot bring them to the public library yourself, notify the librarian, and they will be called for. Do it now.

Will Speak on Alfalfa

F. D. Farrel, dean of agriculture, C. C. Cunningham, assistant professor of cooperative experiments, and R. I. Throckmorton, professor of soils, will be gone this week on a trip to southeastern Kansas. They will speak at Carlyle and Iola on alfalfa. Every year Allen county has an "Alfalfa day."

Final Vesper Service Thursday

The final Vesper service of the term will be held Thursday evening at four o'clock. The summer service club will have charge of the meeting. Mrs. Grace Hesse will preside.

Mrs. Emil Kohler of White City, spent the week end with her daughters, Miss Edna Kohler and Miss Italian Kohler, who are students in the school of agriculture.

Doctor Macklin Returns from Trip.

Dr. Theodore Macklin returned on Monday from a trip to Washington where he attended an agricultural economics convention. Thirty men convened at the conference to discuss subject matter and plans for investigation in land economics. Dr. Macklin was appointed on a committee to make outlines of the subject matter to be investigated. The results are to be published and used to get Congress to grant funds for agricultural economics work.

A pleasant feature of the trip was a dinner at the Cosmos club with G. I. Christy and Doctor Taylor. Dr. Macklin went to college under Dr. Taylor who is one of the leading agricultural economic men of the country, at the University of Wisconsin, and the two are great friends.

MANY ALUMNI ATTEND SALE

All Express Themselves Well Pleased with Progress of College

There were many alumni and former students of K. S. A. C. who attended the Hereford sale and Kansas cattlemen's convention last week. Prof. W. E. Grimes, who is president of the alumni association, met a number of those who returned.

"They all expressed themselves as well pleased with the progress of the college," said Professor Grimes. Many of them are successful farmers, and prominent in community life."

Among those whom Professor Grimes noticed were: H. A. Avery of Wakefield, class '91, who is a farmer, prominent in alumni affairs, and was formerly a member of the state legislature; George Blythe of White City, class '12, who successfully practices general farming; Russel R. Doderidge, '12, also of White City; Paul Gwin of Morrowville, class '16, who raises pure bred Duroc-Jersey hogs, and offered a trophy to the student ranking highest in the judging of hogs in the recent stock-judging contest; H. B. Lamer of Lindsborg, former student, who gave the trophy to the man ranking highest in the judging of horses; F. M. Layton of Blue Rapids, class '15, who is a successful farmer; and John Poole, '96, of Manhattan, who had cattle in the Hereford sale.

WAS IN EVERY LARGE BATTLE

Lewis Timmons Tells of Experiences During Eighteen Months Service Overseas

Lewis Timmons, former student of K. S. A. C. who has seen eighteen months service overseas with the 42nd division, received his discharge from Camp Funston, Thursday. Mr. Timmons was in practically every large drive on the front, being in the battles of Verdun, Chateau Thierry, St. Mihiel Rheims and Argonne.

"For the private," said Mr. Timmons, "it was difficult to collect souvenirs unless one could secure sufficient postage stamps to send them home. The doughboy wanted his pack to be as light as possible. One of the souvenirs which I value most highly is a German trench knife, six inches long which is carried in a scabbard. It is something like an Italian stiletto.

"The mortality of horses was exceptional high. We never had enough on hand. The veterinarians had a comparatively easy job of it. Practically the only remedy they were called upon to give was to shoot disabled animals. There was no time to spend in taking care of them. Many horses died from lack of water. Often what little water might be available was contaminated with dead bodies and would be so foul that the horses would refuse to drink it until nearly famished."

In speaking of parades and the like Mr. Timmons said: "We were required to put on a show during our entire trip home. It got mighty tiresome towards the last and one would think that the people would tire of it themselves, but they don't seem to. They all ask if we brought German helmets back with us. If they had seen as many of the things as I had, they wouldn't ever want to see another."

Mr. Timmons lives at Riley. He is a member of the local chapter of the Pi Kappa Alpha fraternity.

Miss Emma Whitton, who has been teaching at Ada, has returned to Manhattan and will again take up her studies at the college.

K. U. DROPS 1 TO 0 OPENER

MAGRATH'S PITCHING GIVES AGGIES FIRST GAME OF THE SERIES

With Willis on Second in Second Stanza, Burton Singled Bringing In Only Run of the Contest

The Aggies have beaten Kansas one game, the first of the two game series and the first conference game of the season. Today at 3:30 o'clock the second game of the series is to be played and it is the hope of the fans and all of the supporters of athletics in the college that a representative crowd will be present with strong voices to root for the winning team.

The best game of the season. Such was the opinion of the few fans who braved the chances of rain yesterday afternoon and watched the Aggies win the first conference game of the season from Kansas university. The game was good from the start and the Aggies crossed the pan for the first and only time of the game in the second inning. The final score was 1 to 0.

Magrath for the Aggies pitched one of the best games he has had the privilege of playing in this season. The lanky twirler allowed only four men to see first base, two of these men getting clean hits, one a base on balls and one unfortunate was hit by Mac's spitter.

Marxon for the Jayhawkers tossed a good game but allowed a total of four hits which were widely scattered. Several times with two men on bases the big pitcher and football star pulled himself out of the hole. Both pitchers were good at striking out batters. Marxon fanned five and Magrath sent eight to the bench with his speed and curved balls.

Only Two Errors

A feature of the game was the absence of errors which have been so prevalent especially on the Aggie team this year. Not an error was made by the Purple team, while Kansas got away with but two. Marxon in tossing the ball to second base once allowed it to slip from his hand and it landed in center field. Lonberg let one slip that accounted for the one run of the game and advanced Burton to second base after he had obtained a hit.

Chances looked bad for the Aggies in the first of the first inning when the Kansas team succeeded in getting two men on bases with no one out. Keller got a hit the first man up, Bunn walked, Smith of slugging fame, flew out to Magrath, Lonberg sacrificed to Magrath and Lashley went out via third base.

Burton's Hit Scores Willis

The Aggies came back in the second inning and made the run that won the game. "Dickey" Richardson walked, McCollum sacrificed, Willis knocked a hot grounder to short stop which was not recovered in time to get Willis at first but which caught Richardson at second. Burton went to bat and secured a safe hit. "Dutch" Lonberg muffed the ball and allowed Willis to race home. Magrath fanned and the winning inning was over.

Several times after that the Aggies got two men on bases but each time Marxon pulled himself out of the hole in fine shape.

The lineup:

AGGIES	AB	R	H	E

A Changed Man

The reporter, his fresh young face alight with enthusiasm, was interviewing the colored man who had lived 110 years. And the colored man, with fame perched on his doorstep, in a straw hat and with ready pencil, was doing his best.

"No, sah," replied the colored centenarian plus. "Ah used to 'member seein' Lincoln. But since I jined de African Methodist Church Ah doan 'member seein' him no moah."—San Francisco Chronicle.

So the Germans Thought

An old colored lady, in company with her spouse was witnessing the parade of one of our returning divisions.

Uncle Rastus—"Is dis here 'vision got any medals?"

Aunt Chloe—"Go 'long, niggah! Don't you all know dat dere is de mos' medalsome bunch in de whole army?"—Camp Merritt Dispatch.

Indisposed.

"Hubby, I'm ill today."

"I could get my sister to come and nurse you."

"Thanks, but I don't feel well enough to entertain her."—Kansas City Journal.

Could Take Care of Themselves

Little Tommy—"Do your folks ever have family prayers before breakfast?"

Little Willie—"No; we only have prayers before we go to bed. We ain't afraid in the daytime."—Pearson's Weekly

Two Strings to Her Beau.

He—"If you could have two wishes come true, what would you wish for?"

She (frankly)—"Well, I'd wish for a husband."

He—"That's only one."

She—"I'd save the other wish until I saw how he turned out."—Boston Transcript.

Long Distance

"But Mabel, on what grounds does your father object to me?"

"On any grounds within a mile of our house."—Ex.

Perhaps Next Week

Bridget, says Mr. Rich, have you seen Helen's new French Plance?

No Mum, said Bridget, I don't think it was the wash this week.

—Stray Shots.

In Ole Kentucky

"My father was killed in a feud."

"I never ride in one of those cheap cars."—Ex.

"What we want now is reconstruction."

"I don't know," replied the weary little woman. "I'm getting kind of tired of making over my last year's clothes."

—Washington Star.

Young Wife (in the country)—

"This is a nice place you've brought me to. We've been here for four months and I haven't seen a new face."

Hub—"No new face! Why, my dear, we've changed our help eight times."

—Boston Transcript.

Soldier from Over There—"Yes, sir; went over the toy three times—and got hit twice."

Soldier from Over Here—"Huh! I carried 1,000 mules and never got a kick."—Life.

Magistrate—"You certainly committed this burglary in a remarkably ingenious way; in fact, with quite exceptional cunning."

Prisoner—"Now, yer honor, no flattery, if you please; if there's one thing I 'ates, it's flattery."—Tit-Bits.

Milly—"I suppose your idea of a perfect woman is one who has no faults." Billy—"No, merely one who acknowledges them."—Judge.

"Well," said Uncle Si Higgins after a solo by a fashionable church choir tenor, "if that ain't the rudest thing I ever saw. Just as soon as that young man began to sing, every other member of the choir stopped. But he went through it, and I must say I admire his spunk."

STUDENT MIND

Dear Editor:

A young lady hung a May basket for the R. O. O. F. boys one day last week. After hanging the basket she hid behind a tree in the yard while eight of the boys rushed madly past.

She had no sooner started in the opposite direction when Foreman, the speed king, started in hot pursuit. The chase led through all of the allies and streets in the west end of Manhattan. She thought that she was making a safe get-a-way when she ran headlong into the other boys.

Even then she might have eluded them had not a wire interfered and sent her headlong into the grass. The pursuers rushed up only to find the skirt gone and a pair of boys trousers in its place. Mr. Foreman thought that he had found a member of the fair sex that would be a help to the tract team; his dreams vanished when he found that the mysterious young lady was one of the boys at the house.

A. R. O. O. F.

A soldier in France sent the following code to his sister to express his admiration for the "Cootie."

A June bug has wings of gold,
A lightning bug, wings of flame,
A cootie has no wings at all
But he gets there just the same.

"Having a bum time?"

"Bored to death."

"So am I. Let's sneak away somewhere."

"Can't. I'm the host."—Illinois Siren.

What's the idea of starting this new sensational investigation?"

"Well," replied Senator Sorghum, "it seems necessary to do something to take people's minds off a lot of other investigations that there doesn't seem to be any way to finish."

—Washington Star.

"Their meeting it was sudden,
Their parting it was sad,
She gave her young life meekly
For it was the only life she had
She's hid beneath the willows
She's sleeping peacefully now,
And this is what always happens,
When a freight train meets a cow."

—Ex.

"Why do you keep this man? He doesn't seem to know anything about the business."

"He's our expert witness."

—Louisville Courier-Journal.

"His wife never seems to care how late he stays out nights."

"If you were married to him, would you?"—Detroit Free Press.

"Here's an applicant for a Cabinet office."

"Good! What qualifications does he lack?"—Life.

"She says she married her husband to reform him."

"I was sure she had some secret sorrow."—Kansas City Journal.

"Play poker with a dentist? No sir!"

"Why not?"

"He's too blamed expert at drawing and filling."—Boston Transcript.

Son (looking up from newspaper)—

"What's meant by 'carrying coals to Newcastle,' dad?"

The Oracle—"Means that some gimp lost a fool election bet."—Buffalo Express.

It seems that there is an unneeded

"I" in "Flume."—H. W. Davis in Kansas Industrialist.

The war won't be over until the war correspondents are no longer able to sell their stories.—H. W. Davis, in Kansas Industrialist.

People who can't even get along with their neighbors should go slowly about germinating new world thoughts.—H. W. Davis in Kansas Industrialist.

If you have a little presidential boom anywhere in your system now is the time to trot it out and give it exercise.—H. W. Davis in Kansas Industrialist.

Mrs. Hive: "Why are children so much worse than they used to be?"

Mrs. Bee: "I attribute it to improved ideas in building."

Mrs. Hive: "How so?"

Mrs. Bee: "Shingles are scarce, and you can't spank a boy with a tin roof."

—Awgwan.

"I've got to practice on the piano five hours a day."

"What for?"

"Cause pa and ma don't like our new neighbors."—Boston Transcript.

LOOK INTO THIS

Police 'Em.

One evening, not long ago we noticed the beauty one of the bushes on the campus that was loaded with snowballs. The next morning we passed by the same bush, and what a change—

The flowers were all gone—some women may have needed them for a May basket or some man wanted to donate them to his lady friend and forgot that the beauty of the flowers belonged to the whole student body.

We would suggest that the student council appoint a guard to keep off of the campus the persons who try to destroy its beauty.

No Head Needed

The Hamp-Lo cake feed is an annual event at which the Ionians who have been married within the last year furnish the cakes. If an Io marries a Hamp she furnishes two cakes. Engaged couples donate the cream and suspects do the manual labor.

At the Hamp-Lo cake feed this spring, two cakes were sent in with only the signature, "You may find out by the time school is out where these cakes came from." As yet all but the guilty ones are still in the dark about the matter.

Hook Worm Out

Yes, the hook worm is all over the campus, and it is also whispered about that the kissing bug has also come out of his winter quarters, or maybe he never goes into hibernation. "Let the Golden Period reign."

Oh! You Student

An instructor on the hill recently remarked that too many students on the hill reminded him of calling day experiences: viz, NOBODY HOME!

What is worse than seeing a worm in an apple?
Seeing half a worm.

George and Molly

George and Molly, full of folly,
Wed in haste and thought it jolly,
Life was mistletoe and holly—
Moll loved George and George loved Molly.

Years rolled on—such years, oh, jolly!

First boy was a reg'la Cholly,
Girls went in for jazz and folly—
Moll jawed George and George jawed Molly.

Y: who read this tale of folly,
Learn ye this from George and Molly:

Cupid's car oft jumps the trolley,
Married life is melancholy.

—H. W. Davis in Kansas Industrialist.

There are at least three things left that you can interest nobody in: detachable cuffs, Villa, and grammar.

—H. W. Davis, in Kansas Industrialist.

Officer (as his car bumps over pedestrian's legs): "Hey, there! Look out!"

Tommy (picking himself out of the Flanders mud): "What yuh goin' to do? Back up?"—Gargoyle.

Battledore and shuttlecock, backward and forward,
Strings on the loom, you don't know why,
Color of pattern, thinking so little,
You bring laughter.

Lucy's Suitor.

About all anyone needs to take along when he fares forth this delightful spring of 1919 is a light raincoat, a heavy overcoat, a suit of different weight underwear, a palm leaf fan, another suit of clothes, two pairs of shoes, a dozen quinine tablets, a blood thinner, and a weather-proof disposition.—H. W. Davis in Kansas Industrialist.

"He's a man of the highest ideals."

"So?"

"Yes, but notwithstanding that he manages to enjoy and share in all the fun that's going."—Detroit Free Press.

He: "Where have the cooties gone since the war?"

She: "Search me."—Great Bend Tribune.

Tex Likes

to Kiss the Cook

The ringing of a doorbell, the clatter of feet, the barking of dogs, and a mingling of shouts and screams.

"Why what's that, Jack?" questioned "Tex" of his roommate. "Do you suppose there's anything wrong?"

"Wrong?" mused Jack, in an absent minded way. "Well, by Jove, this is May basket night. No wonder."

"May basket night?" queried "Tex".

"What do you mean?"

"Don't you know?" demanded Jack in surprise. "Then follow me. We'll hide behind some bushes and watch the fun."

The two sneaked out the back door, and crept around to the front where they secreted themselves among the shrubbery.

They saw five girls being chased by some eight or ten boys. One girl was made captive a few feet from where they were hid.

"So you thought you'd get away, did you?" teased the boy. "I'll claim the forfeit now."

"Oh, don't," pleaded the girl, as she covered her face with both hands. "I'll never speak to you again."

"That's what they all say," replied the boy, as he bent over and gave her a hasty kiss.

Nor did she remonstrate to any great extent.

"Well, I'll be darned!" exclaimed "Tex". "Do you think any one is going to hang May baskets on our front door? I sure hope they do."

Half an hour later their door-bell rang. Downstairs, four steps at a time, Jack and "Tex" rushed. There on the porch lay a huge, peculiarly fragrant bouquet. Picking it up, "Tex" slams it down again with an exclamation of disgust. "Spring onions as I live."

But what attractive him was the sight of a girl some hundred yards down the street.

"There she is!" declared "Tex".

"Watch me, kid."

Like a streak of lightning, he darted after the retreating form.

"Out!" sputtered the person thus suddenly attacked. "What yer think you're doing, man? Git away from me or I'll knock that sassy block of yern off."

"Tex" peered cautiously at the face he had so hastily kissed. "Great heavens!" he muttered, on verge of a collapse. "If it isn't our boarding house cook!"

Stickin' 'Em On.

They're puttin' 'em on with stickers, Bud.

Sticklers! Yes, that's what I say.

They're puttin' 'em on with stickers. Like they do no the Rue de la Paix.

Remember how we bragged, Bud.

That the girls we left back home wore clothes that covered 'em up

And kept us guessin'—some

When we saw 'em in London and Paris, Bdd.

Wearin' 'em, oh so low,

We sure were glad we'd left our girls

Where they couldn't hear or know.

But now it's stickers they use, Bud.

Sticklers! That's what I say.

They're puttin' 'em on with stickers.

Like they did on the Rue de la Paix.

Two Nuisances

The Bird

Who is Always

Borrowing Our Money

Is almost as great

A Nuisance

As the Fellow

Who never has

Any to Lend.

—Rocky Mountain Collegian.

"How did Noah occupy himself in the Ark?" asked the Sunday-school teacher.

"He occupied himself fishin'," said the little boy.

"A very reasonable answer," said the teacher.

"But he didn't catch nothin'," said the little boy, scornfully.

"No?" said the teacher. "Why not?"

"Hadh't enough bait," said the little boy. "Only two worms."

—Clippings.

"As I look into your eyes," he murmured, "I see much happiness in store for us."

"I fear there's nothing to it. Oswald," she replied, not unkindly. "Pa-pa has been looking into your rating."

—Kansas City Journal.

Snappy—I see here in the paper that the Germans shot a ton of lead in a single shot.

Happy—That's nothing. Our boys shot Teutons.—Ex.

American Slang.

American slang has naturally been setting fresh puzzles for Europeans freshly in contact with it, but respectable American locutions also perplex the foreigner. He, cannot understand, for example, our use of "Bourbon" and "Bourbonism."

The ordinary Frenchman supposes that we mean by it what he means by "royalist." And we even find the Manchester Guardian remarking:

It is a curious instance of the persistence of labels that Americans are now talking of Bourbonism as representing that state of affairs in Europe which statesmen are now laboring to destroy for ever. One would have supposed that Czarism or Kaiserism, both of which have been used in this country pretty frequently, would have been chosen, for the poor Bourbons, with all their crimes and follies, have been extinct for the purposes of depotism these many years.

As a matter of fact, of course, the American says Bourbonism without thought of any particular Bourbon. It pressed on the question of reigning families, he could make a display of index-learning and state that he knew well that the only Bourbon King now living is in Spain—and he has very little Bourbonism about him.

With us the phrase is simply an historic one out of which actual history has been lost. It means a man or a party that forgets nothing and learns nothing. Any good dictionary would show the American usage. Perhaps our English friends would understand us better if, instead of Bourbon, we simply said "moss-back."

Athletic Work

Princeton, N. J.—Greater stress than ever before is now being laid upon the required athletic work of freshmen at Princeton, and the department of hygiene and physical education has made new provisions regarding the freshman swimming tests which all first year men, except those physically unfit, must pass before the college closes in June.

In addition to the regular 100-yard swimming test which 369 freshmen passed last year, a life-saving test has been instituted and must be completed satisfactorily by all yearlings before the end of this term. The test consists of a surface dive in seven feet of water, bringing up a human subject, three breaks, three carries, and the Shaefer method of resuscitation. Elementary classes will be held daily to train men in this rescue work.

The relative popularity of the seven sports open to freshmen for credit—baseball, boxing, crew, life saving, swimming, tennis, and track—can be judged by the number of students enrolled in each of these branches of athletics. Tennis, which for the first time is recognized as a form of exercise for which credit will be given, leads with 105 freshmen enrolled. Ninety-seven youngsters are practicing either with the 1922 baseball squad or with the scrub teams. Next in favor is rowing, with fifty-four candidates, which has made possible the formation of five freshman crews.

The track squad has fifty members and live saving and boxing have twenty-one and fifteen men enrolled, respectively. From time to time it has been urged that this system of compulsory athletics for freshmen ought to be extended to include sophomores.

—New York Evening Post.

Billy Sunday recently converted a Japanese who was a butler. The next day his master had a large dinner party, and the Jap was told to do his best. Course after course came on, and the guests were delighted with the dinner. At last the Jap brought a huge cake, as a final touch, and remembering that Billy Sunday had closed his service with prayer, the Jap figured out that he should close the dinner with a religious sentiment.

Not knowing much of the language or of the Bible, he decided to choose the phrase which converted him. So the guests were amazed to find on the cake in sugared writing: "Prepare to meet thy God."

—Town Topics.

There had been a fire in a big block of flats, with heavy loss of property and many narrow escapes.

"Were there any acts of conspicuous heroism?" queried the reporters.

"Yes," said one of the victims. "With a self-abnegation never before witnessed in a case of this kind, sir, we all turned in and helped to carry out the piano that was on the second floor."

—Green Bag.

"That young man stayed very late again, Edith."

"Yes, papa: I was showing him my picture postcards."

"Well, the next time he wants to stay late, you show him some of my electric light bills."—Boston Transcript.

Stage Fright

is that Wierd Feeling Around the Conscience

"Stage fright" is generally supposed to be the natural timidity manifested by an individual making a first appearance before an audience. But anyone connected with a playhouse or associated with stage performers could tell you otherwise. "Stage fright" is just as likely to attack actors and actresses of experience, even of long years of experience.

Henry Irving always was extremely nervous on the opening night of a new play, and it is told that when "The Lyons Mail" was first produced, at the Lyceum Theater, in London, in 1877, with the actor-manager in the role of Lesurques and Dubosc, he quite forgot his entrance lines, but, in an effort to stumble through, he improvised a speech and invented some "business" which proved so effective that the alterations were heartily approved by Charles Reade, the author of the piece, who straightway incorporated them in the manuscript.

When Beerbohm Tree first played Prince Maleotti in "Forget-Me-Not," with Genevieve Ward, in 1880, he had a scene where he was to pour out a glass of wine, but on the opening night his hands trembled so violently that he spilled the wine and then dropped the glass. In the beginning of his theatrical career Tree made a hit as Grimaldi in "The Life of an Actress," but following the first performance the stage manager asked him why he had sat down after his entrance, when at the rehearsals he had always stood. Tree replied that he had not intended to sit down, but his legs had given way under him and he simply collapsed.

Those of us who recall Mrs. Kendal as a matronly figure in "The Ironmaster" and "The Elder Miss Blossom" can scarcely realize that as a child she played Little Eva in "Uncle Tom's Cabin," and yet one who remembers the performance

In College Society

Sigma Phi Epsilon.

Dr. J. R. Macarthur spent Saturday and Sunday in Ottawa.

Mr. and Mrs. F. C. Knisely and Miss Virginia Knisely were the guests of Mr. Clifford Knisely Friday and Saturday.

Mr. Clyde Beckett spent the week end in Wichita.

Mr. Herbert Gress was a dinner guest Sunday.

Mr. Phil Platt, Mr. Clifford Knisely, and Mr. Harold McGinley spent Sunday at Funston.

Mr. Robert Platt and Mr. Ship Winter motored to Topeka Sunday afternoon.

Mr. Claude Owen spent the week end at his home in Eureka.

Mr. Jack Hill spent the week end at his home in Leocompton.

Delta Zeta.

Mrs. R. H. Brainerd and Mrs. A. K. Kline of Kansas City were the guests of Miss Viola Brainerd Wednesday.

Miss Nell Baker and Miss Grace Baker who have been the guests of the chapter returned Monday to their home in Baldwin City.

Miss Barbara Murray and Miss Ruth Davis left Monday for Kansas City to spend several days before returning to their home in Ash Grove, Mo.

Miss Ollie Klotz spent the week end in Lincoln, Neb., attending Zeta chapter's spring formal and house party.

Miss Lenore Edgerton has as her guest Miss Esther McArthur of Topeka.

Delta Delta Delta.

Mr. and Mrs. S. N. Higinbotham and daughter, Miss Mary Higinbotham were dinner guests last Sunday.

Miss Elita Boller of Junction City and Miss Grace Ratliff of Ogden spent the week end at the Tri Delta house.

Miss Buena Myers of Clay Center is visiting at the Tri Delta house this week.

Miss Elizabeth Boon is ill at her home in Junction City.

Mother's Day.

The Alpha Delta Pi girls entertained their mothers at a four course dinner party Sunday, May 18, at the chapter house. Spring flowers and ferns were used as decorations. The guests present were Mr. and Mrs. K. J. T. Eckblaw, Mrs. S. M. Paddelford, Mrs. H. Zeller, Mrs. John Backman, Mrs. P. M. Bushong, Mrs. J. R. Burgess of Manhattan; Mrs. Charles Gramse of Perry, Mrs. Henry Brown of Blue Rapids, Miss Mary Sullivan of Wamego, and Mrs. Lambertson of Fairview.

PI Beta Phi.

Mrs. W. Bibb of Topeka visited her daughter Miss Ernestine Bibb and attended the May Fete on Saturday.

Miss Margaret Epperson spent Sunday in Emporia with Miss Harriet Baker.

Mrs. Herrick of Topeka spent the week end with her daughter Miss Sarella Herrick.

Miss Pauline Blank of Emporia visited her sister Miss Helen Blank over the week end.

Miss Alma Messing visited her cousin Miss Kathryn Kinnman last week.

Miss Edith Biggs and Miss Elizabeth Adams spent Friday in Maple Hill.

Mr. Mott of Herington who is visiting his daughter Mrs. Guthrie was a Wednesday evening dinner guest.

Mrs. Roark of Junction City spent Saturday with her daughter Miss Wilma Roark.

Sigma Alpha Epsilon.

Mr. Clarence Harris who is doing reconstruction work in Cheyenne, Wyo., spent the week end at the house.

Mr. Dewey McCormick spent the week end visiting relatives in Wamego.

Mr. Roger Day spent the week end at Fulton, Mo., where he visited with his sister who is attending William Woods college.

Lieut. Jack Duke, a Sigma Alpha Epsilon at the University of Texas, and Lieutenant Bate who is a Sigma Alpha Epsilon at the University of California, spent the week end at the house. They belong to the aviation squad at Love Field, Tex., which is at the camp this week.

House Dance.

The Freshmen members of the Shamrock fraternity entertained with an informal house dance for the senior members on Saturday evening, May 17, at the chapter house. The rooms were decorated with spring flowers and ferns. During the evening a light two course luncheon was served by the freshmen. Fruit punch was served throughout the evening. Twenty-five couples enjoyed the dancing, the music for which was furnished by a three-piece orchestra. The chaperons for the evening were Prof. and Mrs. A. M. Doerner, Prof. and Mrs. William Pickett, and Mrs. B. West.

Forensic Banquet.

The Forum, honorary forensic society, will give its annual debaters' banquet next Friday night at Harrison's hall.

House Party

Kappa Kappa Gamma entertained nine out of town girls with a house party last week end.

On Friday evening a dinner party was given for the guests. The tables were decorated with sweet peas. The color scheme of rose and silver was used throughout the dinner.

Dr. and Mrs. Colt entertained the chapter and their guests with an informal dance at the Country Club on Friday night. The rooms were decorated with a profusion of snowballs and spirea. Thirty couples were present. Refreshments were served during the evening.

On Saturday Mrs. W. N. Skourup and Mrs. L. T. Stevenson entertained with a one o'clock luncheon at the Pines, after which the guests attended a line party at the Wareham.

On Saturday evening a dinner party was given at the house. Green and white decorations, and favors of flowers and nut baskets were used.

Dance at Country Club

The Alpha Delta Pi chapter was entertained with an informal spring dancing party at the country club, on Friday evening, May 16. The club rooms were decorated in green and white. Spring flowers were used in carrying out this color scheme. The fireplace and mantel were banked with ferns and snowballs. Four favor dances were given. Grape ice was served throughout the evening. The music was furnished by Kuhn's orchestra from Kansas City.

The chaperones of the evening were Prof. and Mrs. K. J. T. Eckblaw, Prof. and Mrs. W. E. Grimes, Mr. and Mrs. George Ferrin, Mrs. Emma Pasmore, Mrs. Alice Marcott, and Mrs. Alice A. Doisy. The out of town guests were Mr. and Mrs. Harold Goble of Riley, Miss Ora McMillan of Topeka, Miss Helen Swope, Miss Gladys Newton, and Miss Gladys May of Kansas City.

Chi Omega

Mrs. D. E. Bondurant of Ness City, is spending a week at the Chi Omega house visiting her daughters, Miss Fayne and Miss Rita Bandurant.

Miss Flora Shoemaker of Topeka, was a week end guest of her sister, Miss Josephine Shoemaker at the Chi Omega house.

Miss Helen Halsey spent the week end at her home in Independence.

Miss Esther Andrews and Miss Ardis Atkins were dinner guests of Miss Josephine Shoemaker Wednesday night.

Miss Frances Ford returned Sunday night from Topeka where she spent the week end visiting her father.

Mrs. Burton of Emporia spent several days the first of the week visiting her daughter, Miss Lois Burton, at the Chi Omega house.

Webster

The Webster Literary society entertained the Eurodelphian society in their hall Saturday night. A special feature of the program was a short farce given by the students from the Manhattan junior high school.

Among the visitors present was "Hank" Borland, a former Webster, who gave an interesting talk concerning his army experience in France.

In Honor of Mrs. Winters.

Miss Francis Brown of the extension division gave a dinner in honor of Mrs. Winters of the extension division, who is leaving to take up extension work at the University of Wyoming.

Dinner Party

The new Y. W. C. A. cabinet entertained last year's cabinet and advisory board members at a dinner party Monday evening at the home of Miss Mildred Inskeep, 830 Blue-mont. Yellow roses and ferns were used as decorations.

Mowry-Husted

Miss Marian Mowry and Mr. Ward Husted both of Gallisburg of Illinois, were married Sunday afternoon, May 10th, by Rev. Drury Hill Fisher, at the Delta Zeta house. The rooms were decorated in pink and white, snowballs, spirea and pink carnations. The lights were shaded with pink.

At one o'clock Miss Ada Robertson sang a solo, after which Miss Louise Mowry, a sister of the bride, played the wedding march. The ring service was used.

After the ceremony a five course wedding dinner was served at the Gillett hotel. Places were laid for forty.

Mrs. Husted is a member of Nu chapter of Delta Zeta at Lombard college, Galesburg. Since her graduation she has been employed as a chemist in the flour mills at St. Joseph, Mo. She has no near relatives other than her sister and one brother, who is in college here, a member of the Sigma Nu fraternity.

They left Sunday evening for a short visit in Kansas City. They will make their home in St. Joseph for the present.

Alpha Delta Pi

Miss Ora McMillan, 16, of Topeka, spent the week end at the Alpha Delta Pi house.

Miss Mary Sullivan of Wamego spent the week end with her niece, Miss Josephine Sullivan.

Mr. and Mrs. Charles Gramse and Miss Lucille Gramse of Perry were the week end guests of Miss Greta Gramse.

Miss Gladys May of Kansas City, was the guest of the chapter over the week end.

Miss Oma Bardwell who has been visiting here for the past two weeks, returned Sunday to her home in Excelsior Springs, Mo.

Mrs. Philip Lingenfelder was the dinner guest of Mrs. Alice Marcott, Tuesday evening.

Shamrock.

Mr. Lee Josephson of Sylvia spent Wednesday at the Shamrock house visiting Mr. R. E. Lang. Mr. Josephson was recently discharged from the army at Camp Funston.

Mr. H. J. Sturgeon of Eureka was a visitor at the house Tuesday.

Mr. Marhofer of Ransom spent Wednesday afternoon at the Shamrock house.

They Challenge Tennis Players.

Where are the tennis sharks of K. S. A. C.? Professor W. B. Wendt and Miss Doris Bugbey have challenged anyone on this hill to play them and the challenge is yet unaccepted. Are faculty members the only good tennis players or do they play such a swift game as we have heard.

Alpha Theta Chi

Mr. Roy E. Brogard and Mr. R. F. Rippe were dinner guests last Thursday.

Mr. J. F. Brown spent the week end visiting friends at Marysville.

Mr. Dale Lund and Mr. Carroll Lund spent the week end visiting friends at Clay Center.

THOUSANDS WITNESSED FLYING

One of Flyers Room-mate of Captain Harold McClelland—Fly Again This Afternoon.

Thousands of people attended the flying exhibition Sunday afternoon at Camp Funston, hundreds of cars being driven over from this community. Six De Havilland machines too the air about 4:30, being the ones engaged in the Dallas to Boston flight to promote enlistment.

These planes are too heavy for fancy flying, but an excellent exhibition showing what may be done with the machines was given, illustrating zooming—flying downward and then sharply upward—banking—flying on end—and flying upside down. Because of the great horse-power of the engine in these machines, said to be 400 horse-power, they can fly upward very rapidly when they have worked up their speed.

One of the aviators in the party is the room-mate at Lovefield, Tex., of Capt. Harold McClelland, son of Rev. and Mrs. McClelland, and he, with some of his friends, have visited the McClellands here. A telegram from Captain McClelland, stating that he will be here today or tomorrow, has been received.

Passing Ye Moderne Florists Shoppe. (Ye Ladye to be Cavalier.) Send me a more a rosy wreath! It would not honor me Send something I can sit beneath—A spreading shrub or tree, A lacquered trellis six feet high With roses climbing over, Augmented by a strip of sky And bees attached to clover. A forest tied with tulle. Such fairy tokens prove your love Is of the modern school. —M. S.

Paragrapher (Looking up from an exchange)—"This here literary doctor, advises a correspondent to 'take a complete rest in bed for a couple of weeks.' Wonder what question I could frame in order to receive a similar answer—to show the boss?" Snake Editor—"Simply say, 'What's the remedy?' and inclose a sample batch of your latest paragraphs." —Tale Express.

Mrs. Diff—"How's your good husband getting along?"

Mrs. Biff—"Fine! Gone to work again at good pay."

Mrs. Diff (astonished)—"But I thought he had Saint Vitus' dance?"

Mrs. Biff—"He has; but he learned to play a saxophone and then got a swell job with a jazz orchestra in a cabaret."—Buffalo Express.

Uncle Ezra—"These city fellows will find it mighty hard to go without their booze."

Uncle Eben—"Yep, and it takes years of experience before a fellow gets to know just which patent medicines contain the most alcohol." —Judge.

"There are two sides to every question."

"Yes," replied Senator Sorghum. "And too many of us chaps who pose as powerful thinkers don't take the trouble to get to the inside." —Washington Star.

"Why don't you discipline your son by making him live without his allowance for a while?"

"Goodness! I can't even make him live within it."—Boston Transcript.

"I understand she married him for his money."

"Did she get it?"

"Finally, in the form of alimony." —Detroit Free Press.

In Arid Territory

Officer—"Your honor, I can't find out where he got the liquor."

His Honor—"Leave him to me, and I will—ahem—see what I can do."—Life.

Sentry: "I caught her makin' that sketch of the Fort, Cap'n. She says she's a Art student."

Captain: "How do you know this is meant to be the fort, Sentry?" —Judge.

"It always gives a man confidence," remarked the popular candidate proudly, "to know that a vast body of people are behind him."

"Not if they are coming too fast," murmured the horse thief judiciously. —Puck.

Mrs. Nextdore: "Professor Adagio called at our house yesterday, and my daughter played the piano for him. He just raved over her playing."

Mrs. Pepprey: "How rude! Why couldn't he conceal his feelings the way the rest of us do?" —Catholic Standard and Times.

To a Maple Nut Sundae

I pray thee, thing of sweetness, sour thou not,

Be ever near when I am hot;

Thy cream so icy cold, so deep in goo, Weren't not for thee, what would I do?

Sweeter and soother far than chocolate fudge,

Till thou are mine I cannot budge;

Flesh of my flesh thou't be, bone of my bone,

Come rest in my, my ownest own. —Lucy Wonder.

A Wedding! Whose Can It Be?

They, the young man and his fiancée, had come to Manhattan for the week to attend a dance given by one of the sororities. While here, they conceived of the idea of getting married.

"Let's go to the justice of peace tomorrow morning," he proposed, as the two of them set in a swing on the porch.

"But," objected one of the girls, who happened to be near, "you're not going to be married by a justice of peace! Why not wait until you return home?"

"We haven't any home," they both admitted. "We're strangers in St. Joseph."

"Then we can have the wedding at the house," suggested the girl, cordially. "Won't that be much nicer?"

"I should say it would!" they both agreed, delightedly. "It's wonderful of you to do it."

"Not at all," protested the girl. "It'll be heaps of fun, but listen, don't mention it to a soul and we'll surprise them all."

So while the other girls chatted, danced, and had a general good time, a certain few made arrangements for the wedding at noon. When all was ready, one of the organization's officials, who happened to be among the guests, announced: "Girls, come into the living room, all of you. We're going to have an open meeting for everyone."

The first thing that attracted attention was the elaborate floral decorations, but they were soon forgotten in the talk that followed.

"Girls," began the speaker, "one of the best things about a sorority is that it is an attractive home for girls who are at college. It should be made as home-like as possible, and guests and strangers should be made to feel truly welcome. Always be cordial, hospitable, and thoughtful of others. In a few minutes, you are going to have the privilege of making this the temporary home of a girl whose parents are dead. Let's see if we can't make her wedding the happiest event of her life."

"A wedding!" they all gasped in amazement. "Whose can it be?"

Just then, one of the girls sat down at the piano, and played a wedding march. The front door opened, and in marched the minister, the bride and the groom, the bride carrying a dainty bridal bouquet.

"Oh!" everyone exclaimed appreciatively, as they recognized the visiting couple. "How beautiful!"

In a few minutes the ceremony was over, and the newly wedded couple found themselves surrounded with an attractive bevy of girls, each eager to offer congratulations.

"We can never thank you enough," the pair murmured, gratefully. "You have given us a real home wedding."

It is a great pity that the drug stores can't furnish ready-made dispositions to harmonize with the delightful complexities they have for sale.—H. W. Davis, in Kansas Industrialist.

"It's a pity you never took music lessons," said Mr. Rafferty. "So's I could sing more?" inquired Mr. Dolan.

"No. A study of music might have improved your taste so that you'd quit tryin'."—Washington Star.

Nothing improves the ethics of a situation so much as your own interests.

You Horrid Thing—It's a Mouse!

At the beginning of the first dance of a recent spring party, a student confided to his partner: "Say, Ann, I've got something for you. My mother gave it to me when I was a youngster, and told me to keep it until I was twenty years old when I could give it to my very best friend. I am twenty years old today, and am going to give it to you."

"Oh, what is it?" exclaimed the girl. "I'm crazy to see it."

"Never mind," he said. "Wait until the fifth dance and see."

"Well, we'll compromise and make it the end of the third dance."

The third dance seemed awfully slow in coming, but she managed to survive.

"And after this dance, you're really going to give it to me?" she questioned anxiously.

"Oh yes," he assured her. "Don't fear."

He reached into one of his pockets on the sly, and removed something from a queer-appearing box and placed it in the palm of his left hand.

When the music started, away they sped across the floor. Before they had gone half-way around the room, she felt something soft pressing against her hand.

"Why, Jack, what have you got in your hand?" she asked.

"That is what I am going to give you at the end of this dance."

"Oh, it is," she inquired, eagerly. "Please let me see it now? Won't you?"

"Well, if you insist," conceded Jack, as if granting a great favor. "Take a good look at it, for there it goes." "OO-OO-OO! You horrid thing! It's a mouse!" she sputtered, as she jumped wildly about. "And to think that I've been dancing with it all this time!"

"What kind of a player is Mr. Jones?"

"Jones! Why, he's a duffer. Can't play a stroke. Why do you ask?"

"I'm going to play against him tomorrow in the visitors' handicap."

"Too, bad, old chap! I'm afraid you're in for a beating!"

—Boston Transcript.

Miss Lois Schlaegel spent the week end at her home in Olsburg.

Attend school this summer at Manhattan Business College. Phone 64.

Miss Marie Johnston, '18, of Rossville, attended the May Fete Saturday.

Miss Edith Curtis, and Miss Nellie McComb of Topeka attended the May Fete Saturday and spent the week end with Miss Mabel Bentley, junior in general science.

We do dyeing. Don't throw your faded garments away. We can make them look like new. Crowder's Cleaning and Dye Works, Cash and Carry, 1110 1-2, and Phone 503.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

Attend school this summer at Manhattan Business College. Phone 64.

Ross B. Keys, '17, of Boyle, visited with college friends last week end.

Have that new suit made to order by Shute, The Tailor. He is a real Tailor.

Mrs. John Norlin of McCracken is here visiting her daughter, Miss Manlio Norlin.

Miss Lucy Huff of Claffen, spent the week end with her sister, Miss Ruth Huff.

Miss Helen Baker of Abilene came up to visit her sister, Miss Jeanne Baker and to attend the May Fete.

Miss Pearl Mauzey, Miss Estella Robinson and Mr. Ellis Robinson of Nortonville, spent the week end visiting Miss Lola Sloop.

Wanted—10 good husky young men for highly profitable work during summer vacation. Applications must be in by Saturday evening, May 24. See M. A. Graham, or phone 116.

Three Students men or women, wanted for traveling position during vacation. Position permanent if desired. Applicant must have pleasing personality and be able to meet the public. Address "M. C.", care, Collegian, College.

"Talk about optimists," said Furbiston; "have you heard the story about Woolby?"

"No," said his friends. "Well, the folk in the town where he lives are getting up a raffle in aid of charity. There are to be ten thousand tickets at sixpence each, and the prize is a motor car. Woolby took one ticket. Now he's busy erecting a garage."

"Not bad," said Johnson. "It reminds me of Joe Kelly. Ever heard of him?"

"No," said the others. "Well, Joe was poor, but he often used to go to a fashionable restaurant without a halfpenny in his pocket, and order a fine oyster supper. He calculated upon paying for it with the pearls he hoped to find in the oysters." —Tit-Bits.

Our lady bus-conductor can generally hold their own with their would-be facetious customers. A young man gave a hail, and when the vehicle pulled up he inquired:

"Is there any room in this Noah's Ark of yours, or are you full up?"

The conductress bravely replied.

"Well, we've got all the animals except the donkey; you'd better step inside." —Tit-Bits.

Two Irishmen chanced to go into a ship-building yard, and one of them stood staring at an anchor lying on the ground.

One said, "Come on, Pat, ye 'av' stood there long enough."

"Yis," said Pat, "and never a foot do I shift 'til I've seen the man that uses this pick." —Froth.

She: "Wat's de English speakin' peoples, Chimmy?"

He: "Us an' dem Chonny Bulls, you mutt!" —Judge.

VS.

AGGIES

Tuesday, May 20

College Field, 3:30 o'clock.

The Aggies have a good team this spring, having won seven out of eight games played. Kansas also has a good team, thus assuring Aggie followers two good games

Come out and give us your support.

Admission 55c including war tax.

Every Loyal Aggie Will Vote For Student Government

HOLD MEET IN LAWRENCE

DOUBLE DUAL MEET TODAY IS BETWEEN K. U. HASKELL AND K. S. A. C.

Seventeen men from K. S. A. C. will undoubtedly return with at least one of two meets.

A double dual meet between Kansas university, Haskell and the Aggies is to be held today in Lawrence. This is the postponed dual meet between the Aggies and Kansas university which was to have been held in Lawrence last Saturday.

The athletic department will send about seventeen men to this meet and these men will undoubtedly return with at least one of the two meets and possibly both of them.

The Haskell team has some very promising men this year in the distance races and in the shot put. The quarter, half and mile will all be closely contested.

Kansas also has a good team but the Aggies are confident of victory especially since the Kansas-Missouri meet of two weeks ago. The Kansas men made a poor showing in that and the Aggies feel that their team is equal to the Missouri team.

Gallagher and Evans are expected to take the dashes. They will be pitted against Haddock and Clift. Both of these men are fast dash men and they took first and second respectively in the 100 and 220 yard dashes against Missouri.

Tom Neely and Ship Winters will run against O'Leary and Clift in the quarter mile event. This will be one of the events in which the Kansas team will undoubtedly get in on the Aggies for five points.

Beckett and Horiacher will run against Rodkey in the half mile. Rodkey has a very good record in this event and is expected to take the race with little effort.

Watson and Gardner will be entered against Dewalt in the mile and this is another race that the Aggies expect to carry away. Watson has not been beaten this year and his prospects for a successful season are very good.

Foreman is expected to take the two mile race as easily as he has in the past from Ehler. This is the first season for Ehler and his running is a thing that has not yet been discovered. However, Foreman is expected to finish his customary half lap ahead of the field.

Beatty, Gallagher and Totten will be the entrants in the hurdles against Haddock and Rodkey. Beatty who last year cleared the high sticks in good time has only recently returned from the army and was in a suit for the first time at the Baker meet. He has been practicing consistently since that time and is now in good form and is expected to bring back his share of the honors at the meet Saturday.

In the field events the following men have been entered. Shot put, Billings and Enlow; Discus, Billings and Enlow; High Jump, Beatty and Frost; Broad Jump, Gallagher and Beatty; Pole Vault, Counsell and Frost.

"GREEN STOCKINGS" A SUCCESS

Practically No Seats Left For the Evening Performance of H. S. Play.

The afternoon presentation of "Green Stockings," annual H. S. senior play, showed the results of the careful preparation made to make the play a success in every respect. While the house was not crowded to capacity the enthusiasm of those who saw the play and their recommendation of the same would indicate that it is one of the best if not the best ever staged by the school.

A feature of the show was the mazurka given between the acts by six senior girls, Eva Dittmar, Esther Folsom, Ruth Rannells, Rae Frank, Elsie Dennison and Irene Hatter. These girls were supervised for this dance by Miss Louise Hughes.

The following seniors made the cast: Elizabeth Fraser, Frances Johnston, Edith Haines, Gladys Howenstine, Eva Brady, Merlin Kistler, Frank Linn, Don Pickerrill, Ralph Peters, Andrew McKee and Bert Cameron.

Grade Blanks Should Be In
Blanks are being sent to all the organizations of the hill to get the grades of the members. Special effort should be made to get these returned as soon as possible so the standings of the organizations may be determined as soon as possible.

- Important Senior Class Meeting
- The members of the alumni body, at the request of President Jardine, are to present to the senior class at a meeting at seven o'clock Tuesday evening, the matter of a memorial to the soldiers who served in the war.
- All seniors are requested to be present. The class will take action on this matter of a memorial Tuesday night so that the alumni may be better prepared to act on the same at their regular business meeting.

Miss Hazel Mary Watson of Wichita spent the week end visiting college friends. Miss Watson was a freshman in home economics last year, but is now studying music in Wichita.

AGGIE-KANSAS SERIES TIED

Both Sides Played Exceptionally Good Ball—Jayhawkers Had Rabbits Foot

The Aggie-Kansas series ended in a tie when Kansas beat the second game of the series Tuesday afternoon by the score of 2 to 1.

Both sides played exceptionally good ball but the Jayhawkers had the "rabbits foot" in their pocket and imbibed in a ninth inning rally that won the game for Kansas. The score stood 1 to 1 from the first inning to the first of the ninth when the Kansas aggregation succeeded in putting the last man over the plate.

Bunn and Oyster made the winning runs for the visitors and both secured the majority of hits for the Red and Blue team. Dutch Lonberg also added two singles to his list. Only five hits were allowed either pitcher. Slawson for the Kansas team allowed only two hits and Otto for the Aggies allowed four men to reach first base by this method.

The Aggies secured their run in the first inning after the Kansas team had gotten the first score of the game. Foltz went out via Slawson and Harms. Cowell secured a safe hit, stole second and came home on a hit by Snapp. Snapp stole second and Clarke sacrificed him to third. This was one of the Aggie's best chances for the second score. Richardson drew a walk but McCollum was unable to get the ball over the second baseman's head and he went out second to first.

In the fourth inning the Aggies again had wonderful chances for a score when after Clarke had struck out Richardson and McCollum both gained hits Willis flew out to first base on a foul and Burton walked. Otto with three men on bases grounded out to the pitcher.

The winning score, in the ninth inning was made by Oyster after he had gone to first on an error by Clarke and to second on a fielders choice by Harms. Weltmer struck out and Harms was caught at third. Slawson also got on a fielders choice and he was caught between second and third when trying to steal third.

This game was the last of the home games this year. The Aggies go to K. U. on the 22 and 23 of May for the return games.

OMICRON NU HEADS LIST

GRADES SHOW SCHOLARSHIP STANDING OF THIRTY-NINE ORGANIZATIONS

Honorary Sorority in Home Economics Has Standing of 88.23 for First Semester of This Year

A compilation of the grades of the different college organizations for the fall semester of 1914 and 1915, has just been made in the registrar's office. Omicron Nu, honorary home economics sorority, stands at the head of the list of the 39 societies with a grade of 88.23.

Following is a complete and classified list of the standing of the organizations for the first semester:

HONORARY SOCIETIES	
Honorary societies.	
Quill Club	83.90
Purple Mask	82.46
Forum	82.15
Women	
Omicron Nu	88.23
Theta Sigma Phi	86.16
Zeta Kappa Psi	82.26
Men	
Alpha Zeta	85.41
Saddle and Siroin	84.04
Sigma Tau	82.51
Pi Kappa Delta	81.01
Athletic K.	79.89
Society of Civil Engineers	78.78
Alpha Psi	78.60
A. S. M. E.	78.25
Sigma Delta Chi	68.87
Sororities	
Alpha Delta Pi	83.00
Chi Omega	82.40
Pi Beta Phi	81.08
Kappa Kappa Gamma	79.58
Delta Delta	79.55

Eurodelphian	81.61
Browning	80.95
Webster	80.43
Hamilton	79.01
Alpha Beta	78.47

DEBATE SQUADS ARE PICKED

Eighteen Women and Sixteen Men Chosen for Teams Next Fall

In the spring debate try-outs which closed Tuesday night 18 women and 16 men were chosen for the debate squads next fall. A total of 61 persons entered the try-outs. Most of the men who were chosen will probably be used in the fall dual debate with the Kansas State Normals. The women will debate in a triangular against Washburn and Ottawa universities.

The women who were chosen are Miss Edna Wilkins, Miss Lucretia Scholer, Miss Irene Grahams, Miss Vera Cates, Miss Gladys Addy, Miss Caroline Sloop, Miss Florence Mathers, Miss Gladys Hartley, Miss Christine Cool, Miss Alice Mustard, Miss Bly Ewalt, Miss Edith Wheatly, Miss Doris Mell, Miss Dorothy Moseley, Miss Marie Hammerly, Miss Eva Platt, Miss Mable Bentley, and Miss Grace Turner.

The following men were chosen, A. C. Ramsey, Ervius Williams, E. W. Frost, C. F. Swingle, R. W. McCall, S. J. Gilbert, A. N. Burditt, M. A. Graham, Lawrence Whearty, J. W. Barger, A. J. Englund, P. B. Pedrick, C. H. Howe, Robert Lush, H. Karns, and E. H. Willis.

Persons who have made two or more "K's" in debating are eligible to the debate squad without entering the try-outs. Under this ruling Miss MacLain, debate coach, states that the following persons are also considered on the squad: Miss Blanche Sappenfield, Miss Jewell Sappenfield, Miss Elizabeth Circle, Miss Ella Stinson, H. A. Moore, Floyd Hawkins, Calvin J. Medlin and Oscar Stinson.

Miss Iva Mullen of Labette is visiting friends here this week.

Dr. Marlatt Visits College
Dr. C. L. Marlatt of the National Entomology department at Washington, D. C., is visiting here with his brother, F. A. Marlatt.

Dr. Marlatt is a graduate of the 1884 class. At the present time he is assistant chief of the National Entomology department.

He is on his way to California to confer with some of the leading entomologists of the west in regard to diseases of plant life. He is acting chairman of the horticultural board and is especially interested in protecting our plant life from foreign diseases.

Yesterday Dr. Marlatt visited the college and he says it looks somewhat different than when he was a student here.

Miss Josephine Perry, Miss Marion Harrison, and Miss Helen Greene went to Topeka Saturday to hear Otis Skinner.

Miss Edith Payne, '12, of Muskogee, Okla., has been visiting Mr. and Mrs. Charles Stants of Owasso, Okla. Mrs. Stants, before her marriage was Lucy Platt, '12. Mr. and Mrs. Stants Natural Gas company.

are both employed by the Kansas

"STOP THIEF" GIVEN JUNE THIRD

Play Is Replete with Fast and Furious Action and Thrilling Experiences

The senior play which is to be given June 3 has been chosen and practices are going on every day.

"Stop Thief", a farcical comedy in three acts by Carlyle Moore, is the play which has been chosen. It was first shown in the Gaiety Theatre, New York, with such stars in the original cast as Vivian Martin, Mary Ryan, and Richard Bennett. There are 16 characters in the cast, five of whom are women. Each character part has its own individual idiosyncrasies and every player has a chance to do a bit of real acting.

The theme of the play is built around the disease of Kleptomania, which seems to be prevalent in the absent-minded family which cries "Stop Thief" at the climax of the story. "Stop Thief" is replete with fast and furious action, humorous incidents, and thrilling experiences. The plot cannot be disclosed yet but suffice it to say that a dozen laughs a minute are promised for the audience.

Miss Florence Helzer who is coaching the play has been decidedly successful in choosing the cast. At first, owing to the war vacations taken by so many of the senior men, they found their work too heavy to allow them to take on the added burden of daily practices but through the cooperation of many of the college professors this difficulty has been overcome. In order to insure against last minute illness or similar disasters, ruining the production, many of the characters have understudies. During the time left the cast will practise every day which will insure a finished production.

Webb Committee in Lead

- Miss La Verne Webb's ticket
- selling committee won first place in the May Fete contest,
- having sold 271 tickets.
- Miss Irene Graham's committee was second having sold 269 tickets. Miss Graham's committee was in the lead until near the end of the contest.
- The two committees are to be given a line party by the Y. W. C. A.

STUDENTS GIVE MUSIC RECITAL

The advanced students of piano, under Miss Elsie Smith of the K. S. A. C. music department gave a recital at 5 o'clock Friday afternoon in the auditorium. The piano students who appeared on the program are: Misses Nell Robinson, May Abbott, Alma Bauersfeld, Mildred Thornburg and Marie Burris. An unusually good recital was given. Three vocal students, Misses Pearl Hoots, Fae Williams and Florence Myers, also gave vocal numbers. A lecture will be given Friday at 5 o'clock in the auditorium. The lecture will be given by Miss Doris Bugby of the theory department, and other members of the faculty will assist by illustrating different phases of the lecture by playing or singing. This recital will be particularly interesting and instructive.

COUNCIL OUTLINES STUDENT GOVERNMENT

PLANS HAVE BEEN DRAWN UP AND APPROVED BY STUDENT COUNCIL AND COMMITTEE ON STUDENT AFFAIRS -TURNED OVER TO COLLEGE BODY

Everyone is Requested to Read Constitution Carefully and Be Ready to Vote On It At General Assembly Which Will Be Held Early Next Week

The Student Self-Government Constitution has been drawn up and adopted by the present Student Council and the Committee on Student Affairs, and is now given to the students of the college for consideration. Every student in the college is requested to read this proposed constitution carefully and be prepared to discuss it, and vote on the adoption of it at a general assembly which will be held the first of next week, if possible.

The general plan of the constitution, and not necessarily the exact copy as it now stands, is what has been approved by the Student Council and the Committee on Student Affairs. It can be a success only with every student in the college in it and supporting it fully.

The constitution is as follows:

PREAMBLE.

This Association, composed of the students of the Kansas State Agricultural College, exists for the control of all matters of general student concern.

Constitution of the Student Self-Governing Association of the Kansas State Agricultural College.

ARTICLE I.

Name and Membership.

Section 1. The name of this organization shall be The Student Self-Governing Association of the Kansas State Agricultural College.

Sec. 2. All regularly enrolled students of the college shall be active members of The Student Self-Governing Association, provided such membership has not been forfeited by nonpayment of the annual assessment described in the following section, or otherwise.

Sec. 3. An assessment to cover the privileges of each college year shall be levied on each member at the first meeting of the college year. Such privileges shall include: (1) Subscription to the Kansas State Collegian for one year; (2) Admission to all meets and games held on the campus under the auspices of the Athletic Association; (3) The Annual May Fete given by the Y. W. C. A. (4) Intersociety Oratorical Contest; (5) Festival Week. (6) Aggie Pop Night given by the Y. W. C. A. (7) Artists' Series. (8) All entertainments held on the campus under the auspices of The Student Self-Governing Association. (9) All rights and privileges in the association for one year. Rebates and excess charges are to be apportioned by the executive committee.

Sec. 4. The said assessment is to be paid by the regularly enrolled student at the time of his enrollment. New students enrolling in the second semester shall pay in proportion to the amount set by the executive committee of the association.

Sec. 5. No student who has not paid this assessment shall be a member of the association, nor hold any office whatsoever on the campus.

ARTICLE II.

Officers.

Section 1. The officers of the Association shall be a President, a Vice-President, a Secretary, and a Treasurer.

Sec. 2. The President shall preside at the meetings of the Association, and shall be ex-officio chairman of the Executive Committee, and a member of all other committees. He shall be the official representative of the Association. Both the President and Vice-President shall be seniors.

Sec. 3. The Vice-President shall perform the duties of the President during the absence of the President.

Sec. 4. The Secretary shall keep and record a record of the proceedings of the Association and the Executive Committee, and shall attend to the correspondence of the Association.

Sec. 5. The treasurer shall keep a record of all moneys of the Association and be Chairman of the Finance Committee.

ARTICLE III.

Standing Committees.

Section 1. The standing committees of this Association shall be the Executive Committee; the Finance Committee; the Mass Meeting Committee; the Point System Committee; the Collegian Committee and all other committees as may be formed by the President with the consent of the Executive Committee.

Sec. 2. The Executive Committee shall consist of the President, Vice-President of the Association, one member of the Faculty Committee on Student Affairs, one senior member elected at large, one junior member elected at large, and two mid-year members elected at large who shall be juniors, and one alumnus of the college not a faculty member. It shall be the power of this committee to legislate on all matters of the Association.

Sec. 3. The Finance Committee shall have charge of all matters of finance. This committee shall be composed of five members.

Sec. 4. The Mass Meeting Committee, which shall be composed of five members, shall have charge of all mass meetings of the Association and shall, upon consent of the Executive Committee, call special mass meetings.

Sec. 5. The Point System Committee shall have charge of all matters connected with the point system. This committee shall be composed of three members.

Sec. 6. The Student Affairs Committee shall consist of one representative from each of the following organizations, together with the President of the Association: Junior Class, Sophomore Class, Freshman Class, Inter-Society Council, Men's Pan-Hellenic Council, Women's Pan-Hellenic Council, Y. W. C. A. and Y. M. C. A., and a member from the Faculty Committee on Student Affairs, and one School of Agriculture student who shall sit in all meetings but have no vote. It shall be the power of the Student Affairs Committee to make and regulate rules concerning conduct of students, and to recommend to the President of the college and action they may see fit to take concerning the conduct of any student in matters of discipline. It shall have the power to call before it any student whose conduct has been questioned.

Sec. 8. The Collegian Committee shall consist of two seniors and two juniors, and the head of the Journalism department. This committee shall select the Collegian staff which shall not consist of less than ten members, exclusive of reporters. It shall concern itself with all matters regarding the Collegian, subject to the approval of the Executive Committee.

ARTICLE IV.

Elections.

Section 1. No student, who is not an active member, shall be eligible to hold any office, elective or appointive, in the Association. No student who has not been an active member during at least one-half of his college course shall hold any office, elective or appointive.

Sec. 2. Active members only shall be granted the privilege of voting at any election or meeting of the Association.

Sec. 3. The President, the Vice-President, the senior class representative, and the junior class representative of the Executive Committee shall be elected by the Association in the month of April each year. The two mid-year members shall be elected by the Association in the month of January of each year. The faculty representative from the Committee on Student Affairs shall be appointed by the President of the College.

The alumnus member shall be selected by the Alumni Association.

Sec. 4. The members of the Student

THE SUMMER VACATION

Two more weeks, and the lessons and all of the examinations will be over. By that time bags and trunks will have been loaded on the train, and the boys and girls will have spent their last cent for a ticket home. The year has been full of good things—but what about the summer? Will you give to the folks back home some of the fruits of your toil, or will you take it easy, and wait for the fall to come with its school times again,—having put nothing into your community for what you have gained? Think about it.

Dwelling in Harmony.

How difficult it is, just to get along with people!

Every one of us is such a bundle of sensitiveness, with so many sharp corners of prejudice and opinion, such clamorous and undisciplined desires and headstrong tastes, that it is a wonder we can live together at all.

Honestly, now, is there any human being in all the world, with whom you have had any degree of intimacy, and with whom you have not at times jarred and jangled?

Even love cannot remove all the little repellancies, nor can the utmost loyalty obliterate the many small hurts and scratches that two souls must needs inflict upon each other.

There is no mortal man or woman with whom you do not have to exercise a certain self-restraint, if your intercourse is to be peaceful.

Brothers and sisters clash, parents and children have their clouds of misunderstanding, husband and wife must continually be on their guard against the ever recurring points of anger and difference, and how often are you out of patience with your best friend?

With how few can you indulge in perfect self-expression, be glad or mad, gay or gloomy, as your mood may be, and know that you are so well understood and so loyally loved that no offense will be taken!

Of course, cultured folk do not use loud language nor come to blows, but my lord and lady have as many real soul clashes as the cab driver and his wife, who strike and scream.—Kansas City Star.

Nothing in Being a Vamp

Here are some of the things Valeska Suratt says about "vampires":

"There is nothing in this vampire thing. Men never liked the vampire type; they never fell for her.

"Any woman really knows more than any man, of course.

"Men like cuddlesome women—the sweet little kitten around the fire-side.

"Women do not like the vampire. Some fear, some envy, but no woman loves her.

"Outside of Kipling, Burne-Jones and myself, the vampire never was."—Ex.

Mrs. Flatbush. "So this is the new baby?"

Mr. Bensonhurst: "Yes, that's our new little angel."

"Who does the dear take after?"

"Oh, her mother. The likeness is very striking."

"I can't see it."

"Well, watch her awhile and you'll see she keeps her mouth going all the time without saying anything."—Yonkers Statesman.

Close Friend—"I hear your husband has cases enough to keep him busy for two years."

Lawyer's Wife—"Two years? My dear, don't tell a soul, but he's got enough in the cellar to keep him as busy as he usually is for the rest of his life!"—Buffalo Express.

"This furniture is antique?"

"Yes."

"Did you inherit it?"

"In a way. My grandfather bought it from a man on the instalment plan, and I took over the payments."—Louisville Courier-Journal.

Willis—"The British plundered Washington in the war of 1812."

Gillis—"Why didn't they get elected to Congress and do it in a nice respectable way?"—Judge.

STUDENT MIND

Dear Editor:

Many professors have an increasing tendency to make their final exams unduly long—longer than an ordinary student in a single hour can handle with anything approaching justice. It is true, a few of the "exceptions" may pass with flying colors, answering every question with the exact number of words and right interpretation.

But what of the class as a whole—the students who compose the bulk of the student body? Is the class being conducted for the benefit of a few who are extraordinary, or for the common group? Some professors too often cater to those two or three who are specializing in their subjects. Their lectures are worded for them, and exams planned to show them off. Of course, many professors do this unconsciously, unaware that they are not only teaching above the heads of three-fourths of the class, but are sadly neglecting their proper instruction.

Make the exams fair. They should cover the points which have been emphasized in the classroom. They should be suited to the needs of the average student, rather than to the needs of a couple of stars. The purpose of all exams should be to get the students to express themselves intelligently on the most important features of the course, and not to confuse or muddle them. When a student faces an exam which he feels is unjustly long and complicated, he is usually in no frame of mind to write a good paper.

Charles R.

Dear Editor:

There seems to be a rule here at the college that all examinations should be given at the last meeting of the class. If the student council is to act as a medium between the students and the faculty, I wish they would tell the faculty that the majority of the students do not like that ruling.

How can a student be expected to do justice to himself or to his work when he gets up Tuesday morning to take a final in English first hour, Spanish second hour, Industrial Writing third hour and geometry fourth hour. Then he has a three hour lab. period after dinner which means a long quiz.

That is a hard day but that is not all. The next day is Wednesday and we have school till noon. So Wednesday first hour there is a final in current history and then three hours zoology.

The weak fall but the strong survive only to be blamed by their friends who have come up for commencement for seeming so lifeless.

Caroline W.

Dear Editor:

There are certain school activities here that should receive the support of the entire student body but which, as a matter of fact, are only attended by those intimately concerned.

One of these is the debates. They have had only small crowds and they have merited large ones. Debates are a part of the regular school activities and should be supported as such.

Why don't more of the students attend the recitals given by the department of music? Lately those attending have been almost entirely people in that department. These recitals are always enjoyable and instructive and persons giving them should receive the support and encouragement of a good crowd.

Helen R.

Dear Editor:

We have read "A Smoker's" and "Another Smoker's" opinion of smoking on the campus. While we agree with the latter to a certain extent, we have an idea to compromise.

In many of the large schools of America a club or a room in some building is given over to the students in which they may smoke. This plan would eliminate the little spoken of in "Another Smoker's" article.

As the new Engineering building is going to be built this summer here is a good chance to get the faculty interested in such a proposition. We think this plan would meet with favor among the students and others.

A Student.

Church—"I see my neighbor has got a three-thousand-dollar car."

Gotham—"Where did he get it?"

"The car?"

"No, the three thousand dollars?"

"Oh, he hasn't got that yet."—Yonkers Statesman.

Being a college professor wouldn't be so bad if you didn't finally get to looking like one.—H. W. Davis.

LOOK INTO THIS

Cold Water.

Miss Callie Jennison, a former student in journalism, who enrolled in the students' army nursing corp last fall writes from Fort McPherson, Ga., of her experience as a nurse.

It is part of her duty to watch the boys who have just undergone an operation, while they are coming out from under the influence of the ether. She says they often say funny things and have queer fancies.

One of these boys, while in such a condition begged so pitifully that she would not leave him, that she states she became quite conceited over this tribute to her professional skill, and although she knew quite well that he did not know what he was saying, she remained with him all she possibly could.

After a while it was dinner time, and thinking he might not take it so hard if she asked his permission to leave, she inquired if he might go.

"Yes, nurse," was the astonishing reply, "you may go any blanket, blank place you please, as long as it is out of here."

"By that time," writes the nurse, "I realized he didn't know what he was talking about and I beat a hasty retreat, all my conceit rather dampened."

An Announcement.

In the dinner work which all the senior girls in home economics take, the hostess is supposed to introduce herself to the host and guests.

Recently Professor Crawford was a host. When the time came for introductions the girl hostess was plainly embarrassed to tears. In introducing herself this is what she said:

"Mr. Crawford, I'm—ah—I'm Miss Crawford."

Conservation.

One of the freshman students was working out his first unknown in chemistry. After washing the first precipitate he carefully saved the washwater.

"Professor Newman," asked the freshman "shall the water be saved?" "Are you in the habit of saving your washwater at home," replied Professor Newman.

Now or Some Other Time.

On the way to school the other morning a student noticed a tall lanky boy surrounded by a crowd of pretty girls. Just then another girl rushed out of the house.

"Oh, Jack," she exclaimed, "I'm so glad to see you back. Shall I kiss you now, or shall we wait until we are alone?"

Even He.

"Here is a difficult unknown for you to work out Miss Butler," said Mrs. Alice Dolsy in the chemistry lab class. Florence looked at the unknown for a moment and replied, "hu—m I can see right now that there is enough baking powder in that stuff to give anyone, even Professor West, indigestion."

A Person We'd Like to Pan

The hostess who is constitutionally unable to let bad enough alone.

The students in technical journalism seem to have difficulty in understanding the assignments made by the instructor. One day several members of the class were grouped around the bulletin board trying to make out the meaning of a sentence that read as follows: "Bring to class a two or three paragraph story, like those previously handed in."

One of the students remarked that he did not remember of ever having turned in a story. The head of the journalism department overhearing this statement replied: "Well, perhaps at least one member of the class has handed in a story. Compare with him."

Real Fresh

"My daughter is positively delighted with her new piano," said Mrs. Petts. "She's quite familiar, you know, with all the classic music composers."

"Familiar?" exclaimed Mrs. Peppery. "Why, she is positively flippant!"—Philadelphia Bulletin.

"Does Cholly live on the avenue?"

"No, Cholly lives on his father, who lives on the avenue."

—Boston Transcript.

(Continued from Page One.)

COUNCIL OUTLINES STUDENT GOVERNMENT

Affairs Committee shall be selected by the respective organizations during the month of April of each year.

Sec. 5. All committees other than those provided for in Article IV, sections 3, 4, and 11 shall be appointed by the President of the Association with the approval of the Executive Committee.

Sec. 6. Voting shall be by the Australian ballot system and shall be in charge of a special committee appointed by the President of the Association.

Sec. 7. No person shall be declared to be elected to any office of The Student Self-Governing Association of the Kansas State Agricultural College unless he shall have received a majority of all votes cast for the office for which he is a candidate. If at the regular election, no candidate shall have received such majority, it shall be the duty of the Executive Committee to fix a date and make the necessary arrangements for another election; provided, that the date so fixed shall be within three days after the regular election; and the two candidates for each office who have received the highest number of votes at the regular election shall again stand for election; and that candidate receiving a majority of the total votes cast for his office at this second election shall be declared duly elected; provided, that no candidate who shall have received a majority of the votes cast for his office at the regular election, shall be required to stand for election at the second election but shall be declared duly elected after the first election.

Sec. 8. A meeting for the purpose of making nominations shall be held at least three college days before any election, and shall be duly advertised for a week. At this meeting, candidates for various offices for this Association may be placed in nomination from the floor by any active member thereon.

Sec. 9. Nominations shall be posted on the main college bulletin boards by the Secretary for three college days before election.

Sec. 10. Officers shall take office immediately upon election or appointment and qualification, if not otherwise provided for in the constitution, and shall hold office until their successors qualify.

Sec. 11. All vacancies in offices shall be filled by the Executive Committee until a general election can be called.

Sec. 12. The four student members of the Collegian Committee shall be elected by the Association at large at its regular meeting in April. The head of the journalism department shall automatically become a member of the committee.

ARTICLE V.

Recall.

Section 1. Any officer, elective or appointive, may be recalled or any member may be expelled, by a two-thirds vote of the members present, provided, a two-weeks' notice of the meeting and its purpose has been given.

ARTICLE VI.

Meetings.

Section 1. Regular meetings of the Association shall be held between the first and fifteenth of April and during the first two weeks of January. Special meetings may be called by the President of the Association or the Mass Meeting Committee. Upon petition of any active twenty-five members, the President shall call a meeting. Ten per cent of the members of this Association shall constitute a quorum.

ARTICLE VII.

Amendments.

Section 1. This constitution may be amended in the following manner only: The proposed amendment must be signed by at least fifty members of the Association and may be handed to the Secretary by any one of the signers. The President shall at once call an election, fixing the date for the same. Notices for the election, with the full statement of the amendment, shall be posted not less than one week previous to the election. Voting shall be by secret ballot, and a favorable vote of two-thirds of those voting on the amendment shall be necessary to the adoption of the amendment. Amendments are to take effect immediately upon their passage by the required majority.

ARTICLE VIII.

Point System.

The Point System Committee shall be governed according to the following apportionment of points. The purpose of this system is three fold: (1) to afford opportunity for active participation in the affairs of the Association to a larger number; (2) to prevent the monopoly of student activities by a few over-burdened students; (3) to develop greater efficiency in the Association.

No freshman, sophomore, or junior shall at any time carry more than ten (10) points.

No senior shall at any time carry more than ten (10) permanent points and five (5) floating or temporary points, making a total of fifteen (15) points.

The number of points given to the various campus activities is in accordance with the honor and time connected in the fulfillment of such activities.

Ten points—

President of S. S. G. A.
Editor-in-Chief of Royal Purple.
Business manager of Royal Purple.

Eight points—

Vice-President of S. S. G. A.
Editor of Collegian.
Business manager of Collegian.
President of Y. W. C. A.
President of Y. M. C. A.

President of Inter-society council.

Six points—

Treasurer of Y. W. C. A.
Vice-President of Y. W. C. A.
Y. W. C. A. Big Sister.

Treasurer of Royal Purple.
Vice-President of Y. M. C. A.
Assistant Editor of Royal Purple.

President and Treasurer of Classes.
Other members of Executive committee.

Business Manager of Artists' Series.

Five points—

Sport Editor of Collegian.
Society Editor of Collegian.
President of literary societies.

Presidents of social fraternities and sororities.

Other members of Y. W. C. A. cabinet.

Treasurer of Inter-society council.
Secretary of Y. W. C. A.

Four points—

Associate Editor of Collegian.
Snap shot editor of Royal Purple.
Treasurer of Literary societies.

All other members of standing committees in S. S. G. A.

Major parts in plays.

Three points—

Secretary of classes.
Members of varsity teams.
Big Sister captains of Y. W. C. A.

Inter-society council members.
President of Women's Athletic association.

Two points—

Minor parts in plays.

One point—

Secretary of literary societies.

ARTICLE IX.

Special Enactment.

Section 1. This constitution shall go into effect immediately upon adoption, but the members of the present student council shall serve until the close of the present year June 5, 1919.

Sec. 2. Members of the Executive Committee, Collegian Committee, and officers of the Association may be elected before the close of the college year June 5, 1919.

By laws of the Student Self-Governing Association of the Kansas State Agricultural College.

I. Rules of Order.—On all Questions not settled by the constitution and by-laws, Roberts Rules of Order shall govern the Association and its committees.

II. The Executive committee shall meet weekly at the regular time and place to be determined by it at the first meeting during the college year. Five members shall constitute a quorum.

III. Any member absent a month from the meetings of the committee or which he is a member shall be considered to have vacated his office, unless leave of absence is granted by the committee.

IV. The Executive committee shall make a report to the Association at the regular meetings.

V. The Association assessment shall be collected by the business office of the College and together with the treasurer of the Association this office shall apportion to each activity the amount as decided by the Executive committee.

VI. The student affairs committee shall meet at least once every two weeks and such other times as the chairman shall see fit.

VII. The Collegian committee shall be governed according to the following points, besides those already stated in the constitution:

(1). The Collegian committee shall elect a Business Manager of the Collegian who shall serve throughout the college year. He shall receive a salary of \$400 for the year, to be paid in ten equal installments on the first of each month, beginning October 1st and ending July 1st. He shall give a bond of \$1,000 for faithful performance of his duties and for presenting a true account of the finances of the Collegian.

(2). All moneys received by the Business Manager shall be immediately deposited to the account of the Kansas State Collegian, and no expenditure from them shall be made except by check signed by the Business Manager and countersigned by the Head of the Department of Industrial Journalism and Printing or such person as he may designate as his representative for that purpose. The Business Manager shall keep a true and careful account of all receipts and expenditures. In conference with the Head of the Journalism Department he shall appoint such assistants as he needs.

(3). The Collegian committee shall also elect an Editor-in-Chief who shall have pursued successfully at least eight hours of work in Journalism in college courses or whose qualifications shall meet the approval of the Head of the Journalism Department. The Editor-in-Chief shall serve for one term, and shall be ineligible for a second term. The terms shall be: from the opening of college to the Christmas vacation; from the close of the Christmas vacation to the first of April; from April 1st to the close of the regular college year. The selection of the Editor-in-Chief as well as the rest of the Collegian Staff shall be made by the Collegian committee at least two weeks before the expiration of the term of the preceding staff. The Editor-in-Chief shall receive a salary of \$4 for each issue of the paper.

(4). The Editor-in-Chief, the Business Manager, and his assistants, and the editorial staff of the paper shall meet at least once in two weeks to discuss the policy of the paper. The members of the Journalism faculty may be present at these meetings, but only for purpose of conference, and the final responsibility for the policy of the paper shall rest upon the Editor-in-Chief. At any meeting any faculty member or student desiring to offer complaint or suggestion shall be heard by the staff, it being the intention that the paper shall be representative of the entire student body.

(5). Aside from the Business Manager and Editor-in-Chief no person on the paper shall receive any salary, but the Collegian committee shall ap-

propriate \$100 a year, or a larger sum if it shall see fit, for prizes for successful work on the paper, the details to be determined by the Editor-in-Chief.

(6). The Business Manager or the Editor-in-Chief may be removed from office by the Collegian committee for neglect of duty, inefficiency, or misconduct in office, but only after a public hearing upon specific charges previously presented in writing to the person accused.

(7). The Editor-in-Chief and the Business Manager shall make such expenditures as will improve the paper.

(8). The paper shall be printed by the College, which agrees to charge the lowest price consistent with good workmanship and which also agrees to furnish all assistance possible in copy-reading, proof-reading, and other matters.

(9). All surplus money left over from subscriptions or advertising which is not used in paying salaries, prizes, and other expenses connected with the publication of the paper shall be used for the improvement of the paper as may be directed by the Collegian committee.

VIII. All other committees not already provided for shall meet at the call of the chairman or upon request of the executive committee.

IX. Only students having a senior assignment shall be permitted to participate in any manner whatsoever in senior sneak day.

X. The sophomore class shall determine the insignia to be worn by the freshman subject to the approval of the Executive committee. Any freshman refusing to wear said insignia shall forfeit all right to hold any office elective or appointive in any organization on the hill during his entire college course. The secretary of the association shall keep a record of all offenders and after approval by the student affairs committee shall have said names published in the Collegian.

XI. Any Special or School of Ag. student shall be allowed the privilege of paying the association assessment and enjoying the privileges thereof except that they shall not have any vote in the association.

XII. In all matters concerning freshmen the freshman class may look to the junior class as its sponsor class; and likewise the sophomore class may look to the senior class.

XIII. It shall be necessary for the treasurer of each senior class and the business manager of the Royal Purple to have their financial reports and all accounts of moneys taken in or received and expended, audited by the business office. It shall further be necessary for each outgoing senior class to designate how its surplus funds shall be used before it disbands. The said funds shall be deposited in some college fund until called for by the committee appointed for that purpose.

XIV. Any amendment to the by-laws may be made by two-thirds vote of the Association at a regular or special meeting.

Card Party.

Mr. and Mrs. John H. Parker entertained with a card party Saturday evening at their home 1809 Leavenworth street.

Throughout the evening cards were played at five tables. The hostess served refreshments later in the evening, the color scheme being carried out in yellow and white.

The guests of the evening were: Mr. and Mrs. K. J. T. Ekblaw, Mr. and Mrs. W. E. Grimes, Mr. and Mrs. William A. Lippincott, Mr. and Mrs. Calderwood, Mr. and Mrs. R. I. Throckmorton, Mr. and Mrs. H. W. Davis, Mr. and Mrs. C. W. McCampbell, Mr. and Mrs. Mullen, Mrs. Wentworth, Mr. Malcolm Sewell, and Mr. and Mrs. Cave.

Pi Kappa Alpha

Mr. Lester Gfeller spent the week end at his home in Junction City.

Mr. C. W. Hasselbrook of Riley was a Sunday visitor.

Sergt. Russel Knapp of Camp Funston was a week end guest.

Mr. Lee Randells spent Monday at the Pi Kappa Alpha house. "Stiff" who is stationed at a general U. S. A. hospital in Chicago is spending a ten day furlough in Kansas.

Mr. Ralph Nixon who was forced to spend several weeks at his home in Council Grove is now back in school and able to resume his studies.

Mr. Carl Trace was dinner guest Tuesday evening.

Shamrock

Lieutenant Clarence Siegler was a visitor at the Shamrock house Tuesday and Wednesday.

Mr. Robert Burns of Kansas City was a visitor at the house Wednesday.

Mr. George Davis spent the week end at his home in Clay Center.

Mr. Calvin Medlin was a dinner guest at the Shamrock house Tuesday evening.

Informal Party

Mrs. Alice Marcott, chaperon of the Alpha Delta Pi sorority entertained informally Wednesday evening between eight o'clock and eleven o'clock for the house mothers of the various sororities. At nine o'clock the Alpha Delta Pi girls gave a minstrel show and several special dances.

A light luncheon was served by the girls during the evening.

Sigma Phi Epsilon

Formal initiation services were held for Mr. Earl W. Frost, Wednesday evening.

Mr. Arthur Williamson, Mr. Maurice Sears, Mr. Claude Beckett, and Mr. Roger Abbott motored to Camp Funston Monday afternoon.

Mr. Peter R. Owen returned from his home at Eureka Monday.

Lieut. R. E. Vermette and Sergeant Glen Oliver of Funston visited at the house Sunday.

Owl Bake.

The annual Browning and Athenian Owl Bake will be held next Saturday evening at Hackberry Glen. A large number of owls are expected in for this bake. The chaperons are Mr. and Mrs. George H. Kiser, Mr. and Mrs. R. W. Kiser; Miss Ellen Nelson and Miss Selma Nelson, '12, of Chicago.

Slumber Party

Instead of the regular meeting of the Eurodelphian Literary society the girls will have a slumber party, Saturday evening. All the Euro's will meet in the Web-Euro hall at six o'clock. From there they will go to the Nickleson farm where they will spend the night.

Alpha Zeta

Alpha Zeta, honorary agricultural fraternity elected officers for the coming year at their last meeting.

The officers are as follows: Mr. E. S. Lyons, chancellor; Mr. Charles Swingle, censor; Mr. R. B. Watson, scribe; and Mr. B. F. Agnew, treasurer.

Hamilton Reception

The annual meeting and reception of the Hamilton alumni will be held in the Hamp-Io hall Saturday evening, May 31. A program will be given by the graduating class. All the ex-Hamps are urged to be present.

Alpha Theta Chi

Dinner guests Sunday were Miss Ruth Rodgers, and Miss Gladys Bergier.

Mr. Walter Morlacher spent the week end in Kansas City.

Delta Zeta

Mrs. O. A. Hoag of Ionia, is visiting her daughters, Miss Leona Hoag and Miss Lyle Hoag at the Delta Zeta house.

"OH SPRING" SAYS LUCY

PROF. H. W. DAVIS FEATURES EFFUSIONS OF FAT POETESS IN NEW BOOK

Sunflowers and Lucy Wonder Poems on Love, Spring, and Allied Subjects Appear in Volume Just Out

"Sunflowers," written by Prof. H. W. Davis of the English department, will be on sale within a few days at all three Manhattan book stores. The book will contain paragraphs from the Sunflower column which appears weekly in the Industrialist. The Sunflower column has a large list of appreciative readers, and is one of the best and most widely copied columns of its kind.

In addition to humorous miscellany from the Sunflower column, the book will have within its covers a generous number of Lucy Wonder's poetic effusions. Lucy will express herself in that inimitable way of hers on love, spring, and allied subjects. Her utterances can always be counted upon as interesting and amusing, if not instructive.

A special cover design has been drawn for the book by Miss Julia Keeler, senior in journalism. Miss Keeler has done considerable art work this year, drawing all the clever Royal Purple and Y. W. C. A. posters which have attracted so much attention. The design is done in yellow and black on a background of green.

The Sunflowers are published in book form, primarily for the students and readers of the Industrialist. The edition will be limited, so all who intend purchasing a copy should do so at once. Practically every student will want one. A student does not often have the opportunity of buying the work of an author with whom he is personally acquainted. Copies will be sold at fifty cents each.

Professor Davis is one of the most talented members of the faculty, being a frequent contributor to Life and other magazines, as well as being on the staff of Judge. Since his connection with the college he has been prominent in the work of the journalism and English departments.

Sigma Nu

Sunday dinner guests at the Sigma Nu house were Mr. and Mrs. A. H. Brewer, Mr. and Mrs. H. H. Haymaker and son, Mrs. W. C. Maupin of St. Joseph, and Mr. Bill Tuttle.

Mr. W. E. Robison spent last week end in Lawrence and Kansas City.

Mr. W. B. Carey spent Sunday at his home in Hutchinson.

Mr. C. P. Miller and Mr. Tom Neely spent Friday and Saturday in Lawrence.

Mr. Marvin Harms and Mr. Arthur Lonberg of Lawrence spent the first of the week at the Sigma Nu house.

Letters have been received recently from Capt. Harold Bixby and Lieutenant Kirschner, both with the Army of Occupation and also a letter from Capt. Byron Dudley stating that he has been trying out for a place on the Rowing Crew at Oxford.

Sigma Nu announce the initiation of Mr. Raymond C. Plyley and Mr. Sylvester Joy Coe.

Alpha Delta Pi

Miss Lillian Stewart who has been in quarantine for scarlet fever is again in school.

Miss Miriam Van Horn of Topeka called at the house Sunday afternoon.

Miss Helen Swope of Kansas City, who was the week end guest of Miss Clementine Paddleford was a Sunday dinner guest at the house.

Miss Helen Lawrence will spend Saturday in Junction City.

Mrs. L. Lambertson of Fairview is the guest of her daughter, Miss Ruth Lambertson.

Mrs. A. Arends will arrive Friday to spend the week end with her daughter, Miss Mildred Arends.

Sigma Phi Delta

Mr. Hubert Dawson of Topeka spent the week end here.

Sigma Phi Delta held annual Founder's Day hike Saturday.

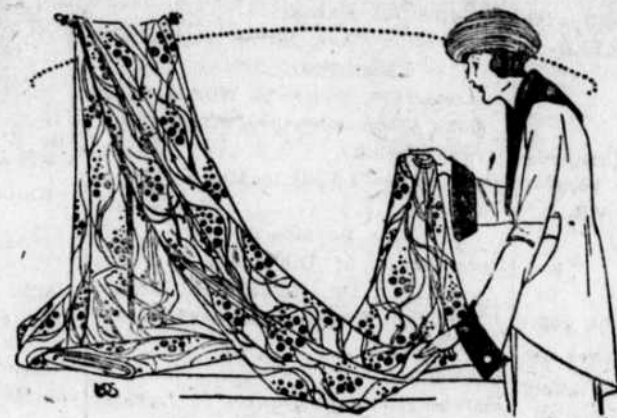

Miss Esther MacArthur, Miss Edith Biggs, Mr. Warren Rutter, and Mr. A. E. Dyatt were dinner guests Sunday. Sergeant Van Groover of Quitman, Ga., was a week end guest.

Ford Haggerty spent the week end here.

Johnny came home from Sunday school quite thrilled by the lesson. "It was all about the Midnight," he said.

"The what?" asked his father.

"The Midnight," repeated the boy. "Teacher told us how Gideon fought the Midnights and knocked the daylight out of 'em in no time."—Boston Transcript.

TEN WILL BE GRADUATED

SCHOOL OF AGRICULTURE TO HOLD COMMENCEMENT EXERCISES THURSDAY

Students Are Required to Complete Three Years Work in Some Vocational Course—Walter E. Wilson Is Speaker

Walter E. Wilson, state bank commissioner of Kansas, will deliver the commencement address at the school of Agriculture graduating exercises which will be held at eight o'clock Thursday evening, May 29, in the auditorium.

The ten students who are to receive diplomas are Reul Vernon Barrington of Sedan, Emilio Vazquez Gomez of San Antonio, Tex., Ben Abraham Thompson of Densmore, Thomas Glen Betts of Detroit, Miss Myra Lorena Blue of Detroit, Miss Alice Lillian Bobek of Caldwell, Miss Stella Horchem of Ransom, Miss Cordelia Estella Masterson of Corning, Miss Irene Kathryn Pieratt of Hartford, and Miss Lois Wilma Schlaegel.

To graduate from the school of agriculture the student must complete three years of work in some vocational course. This year for the first time there are more girl graduates than boys. Last year nine boys and two girls completed the school of Agriculture work compared to the six girls and four boys who completed the work this spring.

The commencement program is as follows:

March Watson

Andante Delbruck
College Orchestra
Invocation, Rev. Drury Hill Fisher,
Pastor of First Presbyterian Church
Manhattan, Kansas.
Vocal Solo—"Ave Maria".....Schubert
Miss Pearl Hoots
Address, Hon. Walter E. Wilson, State

..... MacDermid
Miss Bernice Spence
Presentation of Diplomas.....
..... Dr. William M. Jardine
President Kansas State Agricultural
College.
Benediction.
March—"Gallant Zouaves".....King
College Orchestra

Left Wondering
Pemberton Billing, who has been devoting a good deal of attention recently to the problem of rural housing, tells an amusing story concerning a small country village that for two or three weeks had been billed with notices of a "Lecture on Keats," says Pearson's Weekly.
"At the last moment the chairman who was to preside at the lecture was taken ill, and his place was taken by a local farmer, who, after introducing the lecturer, remarked:
"And now, my friends, we shall all very soon know what I personally have often wondered—what are keats."

Sure Enough
A certain lady called up her grocer by telephone and after she had scolded the men, she added: "And what's more, the next order you get from me will be the last."
"It probably will, madam," said the voice at the other end of the wire. "You are talking to an undertaker."

Ernest B. Stewart, former student in college, has returned to his home in Morganville after a week end visit in Manhattan.

We do dyeing. Don't throw your faded garments away. We can make them look like new. Crowder's Cleaning and Dye Works, Cash and Carry, 1110 1-2, and Phone 503.

The Lincoln Literary society gave an Open House program in their hall Saturday night. A special feature of the program was a short play given by the students of the Manhattan Junior high school.

N. L. Towne, '04, is now at Bozeman, Mon., and is engaged in general livestock and grain farming. He is much pleased with the Gallatin Valley in respect to climate and agricultural possibilities.

STYLE HEADQUARTERS

WHERE Society Brand Clothes ARE SOLD

"Ace"

Style

SOCIETY BRAND style, like a triangle, has three dependent sides; the first is attractive patterns woven into fine fabrics; the second is the smart design of the model; the third is the tailoring of the clothes.

Each side is perfectly developed to meet the other two; that's why the effect is a finished whole—and the longer you wear a Society Brand suit the better you'll know it.

Society Brand Clothes

FOR YOUNG MEN AND MEN WHO STAY YOUNG

One standard of tailoring—varying costs of materials alone make a difference in the price of these clothes, otherwise they would all be one price.

Y. W. HAS NEW SECRETARY

MISS IRENE DEAN WILL ACT IN MISS INSKEEP'S ABSENCE

Woman Chosen Has Had Wide Experience with Girls and Comes Splendid Recommendations

Miss Irene Dean has been appointed Secretary of the Y. W. C. A. for next year. Miss Dean is to take the position now held by Miss Mildred Inskeep. Miss Inskeep expects to leave in the fall for New York where she will attend the National Y. W. C. A. training school for nine months. Miss Dean graduated from Washburn college in 1914 and was president of the association there. The Y. W. C. A. at Washburn is one of the largest in the state and the largest without a secretary. Its membership is usually about 300. It takes a college woman with a strong personality to be president of the association.

After graduation from Washburn, Miss Dean took graduate work at Chicago university in the summer. For the last three years she has been teaching in Abilene and was assistant principal of the high school this last year. She has had a great deal to do with work with girls in the high school at Abilene and especially with the Victory girls in the War Work campaign.

The Y. W. C. A. became interested in Miss Dean and her work among girls. The national Y. W. C. A. urged her to take up association work.

Miss Dean will attend the summer term of the national training school held in New York City by the National Y. W. C. A. and will come to Manhattan the latter part of August about two weeks before school commences, to take up her duties here.

The girls who are going to Hollister this summer are planning to have Miss Dean go with them if she can arrange her work. She will then be able to meet some of the girls and become acquainted with the work before college begins.

Miss Dean was chosen from a number of applicants and although she has not been in the work before she has had experience with girls.

When speaking of her, Miss Inskeep said, "Miss Dean is very attractive and from her splendid recommendations we know she has a depth and strength of character and a personality that will enable her to carry on the work in the Christian association here."

BASEBALL TEAMS ARE CHOSEN.

Lineups Show Girls of Ability on Each Three Teams.

The girls baseball teams for the freshmen, sophomore and junior classes have been chosen. The lineups are as follows. Freshmen—Irene Drake, Madge Locke, Bell Hagans, Minnie Norlin, Miriam Harling, Mable Dial, Esther Waugh, Marion Brookover, May Abbott, Netta Dubbs, Grace Griffith, Grace Hendrick, Clarice Kendall and Mable Worster.

The lineup for the sophomore team: Clementine Paddleford, Helen Sloan, Harriet Glaver, Edna Chapin, Mary Coffman, Gladys Filippo, Joe Shoemaker, Ruth Goodyear, Elsa Brown, Corinne Thiele, Elva Price, Grace Turner, and Edna Barnes.

The lineup for the junior is as follows: Bertha Bilts, Hazel Howe, Dora Groger, Grace Gish, Loverne Webb, Bess Burkdoll, Ruth Ghormley, Florence Mirrick, Mable Adams, Hazel Dyer, Blanche Sappenfield and Joe Meldrum.

NEW PLANS ARE COMPLETED

Construction on Building Authorized by Legislature to Start Soon

Plans for the extension to the engineering building voted by the Kansas legislature to the agricultural college are now in the hands of the state architect. Construction will be started at an early date.

The erection of the addition will be of much value to a number of college departments, now greatly crowded. The increase in the number of students in engineering, together with the many public service activities performed by the engineering faculty, is largely responsible for the need for more room.

Alumni Day.

Wednesday, June 4, 1919, will be Alumni Day. The annual business meeting will be held at 4 o'clock in the old chapel. From 7:45 to 9:30 in the evening the Manhattan alumni will be at home in home economics hall, especially for the purpose of becoming acquainted with the graduating class. From 9 to 12 an informal general reception to all of the students, former students, and faculty will be given by the alumni association in Nichols gymnasium. Be sure to be there!

DEBATE SCHOLARSHIP AWARDED

Miss Jewell Sappenfield and Oscar Stinson Said to Be Two Best Debaters

The debating scholarships for this year have been awarded to Miss Jewell Sappenfield and Mr. Oscar Stinson. Dr. J. R. MacArthur, head of the English department, made this announcement at the "K" banquet last Friday night.

"To be eligible to this fellowship in debate," said Miss Elizabeth Maclean, debate coach, "the candidate must be a double 'K' debater and have done particularly good work in debating. This scholarship is awarded for one year only. This last ruling, however, was dispensed with last year because the girl who held the scholarship in '17, was much superior to the other debaters so she received it again in '18."

The decision was awarded by Miss Elizabeth Maclean, debate coach, Prof. O. H. Burns, coach in public speaking, and Dr. J. R. MacArthur, head of the English department. They considered that Miss Sappenfield and Mr. Stinson had done the best debating work of those eligible. The scholarships last year were awarded to Miss Lola Sloop and Mr. Calvin Medlin.

Mr. Stinson is a member of the Hamilton literary society. He was captain of the affirmative team of the pentagonal debate this year. He is strong in debate work.

Miss Sappenfield is a member of the Browning literary society. She was captain of the affirmative team in the girls triangular debate this year.

The girls debating scholarship is comparatively new. This is the fourth year it has been awarded. The first year it was held by an Ionian member and the other three years by Browning girls.

C. W. McCAMPBELL LEADS CONTEST

Senior Journalism Student Writes More Than 100 Inches in a Week

C. W. McCampbell, senior, holds the week's record for inches of space in The Collegian, his stories for last week amounting to 104 inches. The highest previous record was 99 inches Miss Clementine Paddleford's count for two weeks ago. Miss Caroline Sloop had a rating of 97 inches the week before.

McCampbell's count for last week gives him a strong lead in The Collegian contest, with 588 inches to his credit. Miss Sloop is second, with 497 inches.

Miss Clementine Paddleford is leading in the Industrialist contest with 273 inches to her credit. Miss Nellie Thornburgh is second, with 259 inches and Mr. McCampbell third with 232 inches.

ENGINEERS DIRECT EDUCATION

Operators Will Receive Instruction According to Nat'l. Ass'n. Plans

Beginning July 1, the Kansas State Agricultural college will direct the educational work for the operating engineers in Kansas power plants, of whom there are several hundred. Action to this effect was taken by the state branch of the National Association of Stationary Engineers.

The educational work will include visits to the plants, practical talks to the engineers, and power plant problems handled by correspondence.

A. A. Potter, dean of engineering, who is a member of the educational committee of the national organization, heads the state committee on education. The other members are Professors H. H. Fenton, G. R. Pauling, and J. P. Calderwood of the college.

LUCY IS NOT RESPONSIBLE

DENIES THAT SHE WROTE SOME OF MATERIAL WHICH APPEARS IN HER BOOK

She Began To Grow Fat and Poetical at an Early Age — Friends Tried to Dissuade Her

A Statement by Lucy.

Darling Reader:
I want it clearly understood that I am in no way responsible for any of the remarks in this book about girls or men or women or marriage or profane-ness or anything. I love everybody and everything—ardently. The Sunflowers are used here only for ballast, and I assure you that I hold them, and the hand that wrote them, in utter contempt. (Imagine anyone holding hands that way!)

Yours harmoniously,
Lucy.

Miss Lucy Wonder was born in the little town of Nippentuck, Kansas, on the first day of January, 1900. She has kept up with the twentieth century ever since, although at the present time (1919) she is still in her eighteenth year.

At an early age Lucy began to grow fat and poetical. Her parents, relatives, and friends did all they could to dissuade her from such a hazardous existence, but the Muse and Poria, the goddess of rotundity, have week by week tightened their hold upon her. At the present time Lucy stands 5 feet 2 in her French heels and weighs 180 in her pink voile. And there is hardly a day passes but that she gains an ounce or two and commits a quatrain.

Notwithstanding her handicap, Miss Wonder is willowy and impressionistic. She usually writes on spring and allied topics, for her heart thumps boisterously in that direction. Upon occasion, however, she treats of love, courtship, marriage and the consequences, and other big issues of the day. She abhors prose, nut sun-dae, pagan viewpoints, efficiency, and similar forms of gross materialism.

Lucy's favorite diversion is to take her dollar fountain pen, her gold wrist watch, and her middy suit, and dally over the downs that play around the enterprising little village of Nippentuck. It is on these joyful pilgrimages that she gets next to nature and produces some of her most startling poetry.

As a usual thing, Miss Lucy Wonder cares little what the world thinks of her poetry. She is perfectly willing that it stumble along on its own merits, and she is ever born up by the trust that she will some day produce a poem that will be much worse than anything she ever did before. It looks very much as if she will go on writing and writing until she is married, or loses all interest in life some other way.

The only hour that could be obtained for a general student assembly this week is at 1:00 p. m. Saturday. Any other time conflicts with final examination periods. However arrangements have been made for a student assembly for that time and it is hoped that every good Aggie will be there.

The Student Self-governing Association Constitution will be discussed at that time and it is thought that, although the entire constitution as it now stands will be thrown open for discussion, its final adoption by the student body cannot be made until next fall and it will probably necessitate one or more student assemblies at that time.

The meeting Saturday is for the approval of the general plan of the constitution subject to change next fall, and for the election of the officers of president, vice-president, secretary and treasurer if the plan is adopted.

COLLEGLIAN HAS NEW STAFF

FORMER ASSISTANT EDITOR OF PAPER BECOMES EDITOR-IN-CHIEF

Acting City Editor of Manhattan Daily Nationalist Becomes Business Manager of College Paper

Milton Eisenhower of Abilene was elected editor-in-chief of the Collegian for the fall term of the coming school year at the regular meeting of the Collegian board yesterday afternoon at five o'clock. At the same meeting Lindley C. Binford was elected business manager of the paper for the coming school year.

Mr. Eisenhower, who was assistant editor of the Collegian last semester, is at present editing The United Telephone Voice in Abilene and has had experience on the Abilene Reflector which is edited by Charles M. Harger, former dean of journalism at the University of Kansas. Mr. Eisenhower has had some work in journalism at the university. Although he is the first freshman who will have held the position of editor-in-chief of the college paper, Mr. Eisenhower's previous work on the paper was exceptional and won special mention from President Jardine. He is a member of the Sigma Alpha Epsilon fraternity.

Mr. Binford, who is acting city editor of the Manhattan Daily Nationalist and associate editor of the Collegian has shown a great deal of ability in managing both positions. He had the first part of his college work at Friends university in Wichita and is a member of the Forum, Hamilton literary society, Sigma Nu fraternity and a newly elected member of Pi Kappa Delta, forensic fraternity. He is a live wire and the kind of a man that is needed for a business manager.

The Collegian will have a larger staff next year than it has had previously but the rest of the staff has not been chosen yet.

NEW FEATURE IN CLUB WORK

Canning Demonstrations in Outline of Work for Boys and Girls

The canning demonstration to be held at Sioux City, Iowa, is a new feature of the boys and girls club work this year. Twelve states compete here for the canning championship.

The first demonstration of this kind was held two years ago and only four states competed. Last year there were ten states competed. This year the competition will be greater because there are twelve states to enter.

"Kansas was in the contest last year," said Otis Hall of the boys and girls club work department, "but we did not know much about what was expected of us. This year we are going after it with as good a chance as anyone and we expect to get a place. Three places are awarded. The people of Kansas seem very enthusiastic."

The inter-state fair association pay all the expenses of the girls who are eligible to go. They stay in Sioux City for a week.

In order to get the best girls for this the different counties in Kansas have a contest. The twelve best counties send representatives to the fairs at Topeka and Hutchinson. There are six teams composed of three girls each go to each place. As the Hutchinson fair is the same time as the Sioux City fair the girls who compete at Topeka will be the only ones eligible to enter the state contest.

The Hutchinson demonstration will be in both canning and baking bread. This contest is held September 15-20. The winners here compete with the winners at Topeka at Wichita, the first week in October for the state championship.

City Pan Hellenic Holds Picnic.

The City Pan Hellenic will hold its annual picnic in the city park at five o'clock this evening, May 27, unless bad weather prohibits, whereupon the meeting place will be the community house.

Miss Florence Rowles attended the Alpha Phi garden party in Topeka Saturday night.

Important Senior Meeting

Don't forget that there is to be an important Senior Class meeting tonight at seven o'clock in F-3.

Plans for a senior memorial are ready to be presented to the class and it is important that every member of the class be there to vote on these plans.

Friday Is Fish Day

The graduating journalists are hunting jobs in fishing districts. They feel that their sojourn in Keadle has fitted them for the atmosphere.

T. VINCENT IN CHAUTAUQUA WORK

Active Member of 1912 Class Is Making Record for Himself

Preaching, singing, lecturing and talking daily are ways in which Terence Vincent was called upon to pinch-hit for the Redpath Chautauqua at Waycross, Ga., this week according to the local committee.

Mr. Vincent formerly lived in Manhattan and was a student here in college. He was president of the 1912 class in its sophomore year, manager of the class track team two seasons, treasurer of the debating council, and was a member of the Athenian literary society.

"The work I did in public speaking classes and in school activities there at school," Mr. Vincent explains, "and in school activities is invaluable in my present work. I never dreamed your public speaking courses would be of so much value—both on the platform and in private conversation. Most of all it taught me to be ready."

He walked into the Redpath Chautauqua office in Chicago, April 15, for the first time, being interested in working with that firm in some capacity. Raymond Harrington, the chief promotion man, talked with Mr. Vincent a few minutes, then asked him to be ready to go to Georgia within two hours. The usual preparedness permitted Mr. Vincent to get away that day on time.

In Columbus, Georgia, he spent two days with H. E. Ray, an experienced advance man, in learning the work, doing effective publicity work while there.

He arrived at Waycross, Ga., Saturday morning, April 19, and met the committee and boosted the chautauqua plans, and was engaged to sing in two churches the next day. The preacher failed to arrive, so after his solo, Mr. Vincent occupied the pulpit, delivering the Easter sermon in the First Baptist Church.

ROAD MATERIAL BEING TESTED

More Than 130 Samples Tested in Laboratories Since March First

More than 130 samples of road material have been tested since March 1 of this year in the laboratories of the Engineering Experiment Station at the Kansas State Agricultural College, according to Prof. R. A. Seaton, who is in charge of this work. These samples have been sent in by county engineers of the state in order to determine their suitability for use in hard surface roads. The materials tested include brick, cement, sand, gravel, stone, steel, asphalt, tar and road oil.

It is vitally necessary to know that the material used in hard surface roads will give satisfactory service, because of the very large sums of money involved. This can be determined only by carefully conducted tests with special apparatus.

The laboratories of the college are equipped with the most modern machinery and apparatus for testing all kinds of road materials. They were designated as the official testing laboratories for the State Highway Commission by the state legislature in 1917, and should be an important factor in securing a good quality of hard surface roads in this state.

Girls Dance Before Judges.

The following girls won ten points toward a K sweater for folk dancing before judges: Mildred Arends, Eva Platt, Clarice Kendall, Charlotte Ayers, Marguerite Hammerly, Gladys Bushong and Nell Robinson.

Phi Kappa Phi Meets Wednesday.

Phi Kappa Phi will hold an important meeting at eight o'clock Wednesday evening, May 28, in the Home Economics hall.

K. S. A. C. COPS TWO MEETS

WIN FROM JAYHAWKERS AND INDIANS BY BIG MARGIN

Watson and Foreman Were High Point Men for Aggies — Haddock Took Most Points

The Aggies took two important meets Saturday when they went to Kansas university and copped the double dual meet between Kansas university, Haskell Indians and the Aggies. The Aggies won both meets by a good margin taking the one from K. U. by the score of 62 1-2 to 46 1-2, and from the Haskell Indians by the score of 74 1-2 to 34 1-2. At no time during the meet were the results in doubt. The distance men, Foreman and Watson, were the principal point winners for the Aggies.

Haddock of the Jayhawker team was the individual point winner of the meet winning fourth in the 100-yard dash, first in the 220 yard dash breaking the record established by his brother several years ago, and second in the discuss.

Gallagher and Evans finished so close together that the judges called the 100-yard dash a tie. The time of the race was 10 seconds flat which is very fast time for this sort of a meet.

Clift of Kansas won the quarter in a walkaway. Tom Neeley took an easy second in this event. Totten finished fourth and the Aggies took six points in this race.

Gallagher after a disastrous fall while nearing the last stick finished second to Rodkey of Kansas in the low hurdles. Had it not been for the fall Gallagher would have annexed another five points for the Aggies.

Totten and Beatty ran the high hurdles for the Aggies and finished first and second in the event. Beatty has just returned to school from the army and has had very little training in his event. Totten is only a new man at hurdling race and showed up wonderfully well in his first race.

Coach Clevenger was very desirous of winning the half-mile and for this reason put Ray Watson in to run the race instead of his usual race, the mile. Ray did fine work and took the race for the Aggies in good time. The mile was run immediately after and Watson was in no condition to run the race so Foreman was substituted and took an easy second from Patison of the Haskell team. In the two mile both Foreman and Watson were put in to fight it out and Foreman took the race as usual closely followed by Watson.

The field events saw the Aggies annexing their share of the points. Billings took second in the shot put, Enlow took first in the discuss, Gallagher took second in the broad jump, Frost took first in the high jump and Beatty tied for fourth place in the same event. Frost tied for second in the pole vault.

Neeley, Gardner, Depuy and Cullom ran the relay race for the Aggies against Rodkey, Clift, Haddock and Welty of Kansas.

The summary:
100-yard dash—Won by Evans of Aggies; second Gallagher, Aggies; third, Clift of Kansas; fourth, Haddock of Kansas. Time, 10 flat.

220-yard dash—Won by Haddock of Kansas; second, Evans of Aggies; third, Gallagher of Aggies; fourth, Clift of Kansas. Time 22 flat.

120 yards, high hurdles—Won by Totten of Aggies; second, Beatty of Aggies; third, Welty of Kansas; fourth, Davis of Haskell. Time, 16.4.

220 yards, low hurdles—Won by Rodkey of Kansas; second, Gallagher of Aggies; third, Kircher of Haskell; fourth, Totten of Aggies. Time, 27 flat.

Quarter mile—Won by Clift of Kansas; second, Neeley of Aggies; third, Winnie of Haskell; fourth, Bates of Haskell. Time, 51.1.

Half mile—Won by Watson of Aggies; second, Winnie of Haskell; third, Bates of Haskell; fourth, Rodkey of Kansas. Time, 1:59.2.

Mile—Won by Patison of Haskell; second, Foreman of Aggies; third, Dewall of Kansas; fourth, Bluffingbear of Haskell. Time 4:35.

Two miles—Won by Foreman of Aggies; second, Watson of Aggies;

ONLY METHODS HAVE CHANGED

It is interesting to note how similar the "outside work" of the late war corresponded to that of the Civil War. During that war there was no Red Cross as we know it today. There was, however, a United States Sanitary commission which was a national society to care for the needy and injured soldiers. This society worked by way of supplement to the Medical department of the United States army. It received no financial aid from the government, but depended entirely on private means.

The United States Christian commission took the place of the Y. M. C. A. in the war of the rebellion. Money was raised for these organizations in much the same way that it has been raised in the last two or three years. Often the public schools had "onion days" or "potato days" for the army. Money was raised by school programs, and newspapers frequently collected funds. In a small mining town in Nevada, a sack of flour sold at auction, brought \$5.300.

The canteen workers were then unknown, but impromptu receptions, as they were called, were held at the stations, and meals furnished to soldiers passing through a town. There were also 25 soldiers' homes maintained by the United States Christian commission in the leading cities of the North and South where passing soldiers received meals, lodging, and rest.

Our methods have changed but the spirit is the same.

LOOK INTO THIS

Estimating Paint Requirements

While the quantity of paint required varies somewhat with the nature of the surface to be covered and the conditions under which it is applied, yet the following method of measurement will serve as an accurate guide:
A good grade of prepared paint will cover at least 350 square feet to the gallon, two coats.

First, measure the distance around the house and multiply by the average height; then divide by 350 and the result will be approximately the number of gallons to buy. Of this quantity one-fifth will represent the paint required for trimmings, cornices, etc.

The same rules may be applied in estimating face paint and epidermal whitewash, except in the case of peroxide blonds who should always multiply the amount by three.

An Envyable Position

Prof. H. W. Davis, in one of his business English classes, recently gave as an assignment the writing of a letter of application. The class had a great deal of difficulty in deciding just what sort of positions they should apply for. Such jobs as soda dispenser, ditch diggers, and so on were suggested but did not seem to be what was wanted. Finally one bright member of the class said he believed he would apply for a position as listener for Long Island Sound.

The Honor System

As soon as the honor system is well established in college it would be a good thing if we would carry it out in our home communities and have our neighbors sign a pledge not to steal chickens.

Bertha B. Lauser, '16, has gone from Lindsborg to Chicago where she is in the Training School for Nurses. Her address is 2043 Cleveland Ave., Chicago, Ill.

In College Society

Pi Kappa Alpha

The Pi Kappa Alpha fraternity announces the pledging of Mr. Carl Trace of Commerce, Okla., who is a junior in agronomy, and Mr. Floyd Rats, freshman in veterinary medicine.

Lieutenant Crookes of Fredonia, who is at Fort Riley awaiting his discharge, was a dinner guest Friday evening.

Mr. Harold Woodard spent the week end in Perry as a house party guest of Miss Greta Gramse.

Mr. Frank Hoath and Mr. Lowell Kelly spent Saturday in Topeka on business.

Prof. and Mrs. W. E. Grimes, and daughters, Miss Sara Anna Grimes and Miss Rose Ethel Grimes, were dinner guests Sunday at the Pi Kappa Alpha house.

Sigma Alpha Epsilon

Sergt. Harold Bates, '13, of the 117th ammunition train, has just returned. Sergeant Bates was the guest of the house last week.

Lieut. Vernon Bates of the 354th Infantry of the 89th division landed in New York City Friday.

Mr. Herbert P. Miller, '17, of Kansas City visited last week at the house. He has just received his discharge from the navy.

Mrs. D. Z. McCormick of Kansas City was the week end guest of her son, Mr. Dewey McCormick.

Mr. Guy Waldo of Ellis was the week end guest of his brother, Mr. Charles Waldo. He is a member of the Alpha Tau Omega chapter at the University of Kansas.

Dinner Party

The Iota Psi sorority entertained their patronesses Friday evening at a six o'clock dinner at the chapter house. The guests were Dean Mary P. Van Zile, Mrs. L. E. Conrad, Mrs. S. E. Baldwin, Mrs. Marjory Kimble and Mrs. Melchers.

Shamrock

Mr. Garneet Reed spent the week end in Wilson.

Mr. George Davis spent the week end at his home in Clay Center.

Mrs. M. Sullenberger was a dinner guest at the Shamrock house Saturday evening.

Mr. Clarence Slegler, who spent last week visiting at the Shamrock house, returned to his home at Baileyville.

Mr. Dale Swartz spent the week end at his home in Randolph.

Mr. Lawrence Stonge spent Friday night at his home in Riley.

Alpha Theta Chi

The Alpha Theta Chi fraternity announces the initiation of Mr. Thomas W. Lee of Yates Center, sophomore in engineering.

Mrs. George M. Helm and daughter, Miss Kathrine Helm, spent the week end in Manhattan visiting Mr. Norman Helm.

Mr. Lorin Moore, Mr. Herbert Mering, Mr. Fred Hiss and Mr. J. B. Angle spent the week end at the house, attending the spring homecoming and dance.

Delta Zeta

Miss Ruth Erwin of Sylvan Grove was the guest of Miss Ollie Klotz last week.

Delta Zeta was at home to the Shamrock fraternity Saturday afternoon from three till four-thirty o'clock.

Miss Ethel Roop spent the week end at her home in Wakefield.

Miss Trix Knight and Miss Ila Knight of Emporia were guests of the chapter for the week end.

Camping Party

The annual Ionian camping party was held Saturday and Sunday. The girls left on the Blue Valley train for Stockdale and from there went to "Doc" Wagner's farm where they pitched camp. They returned Sunday.

Sigma Phi Epsilon

Mr. and Mrs. W. R. Essick of Kansas City were dinner guests at the chapter house Saturday evening. Mr. Essick finished school here last spring.

Mr. Jack Hill spent the week end at his home in Lecompton.

Mr. Maurice Sears spent the week end at Lawrence visiting friends at the university.

Sunday dinner guests were Prof. and Mrs. C. W. McCampbell, Prof. and Mrs. H. W. Davis, and Prof. R. W. Conover.

Miss Stratman and Miss Splitter of Bushton were guests of Mr. Jannsen over the week end.

Miss Ellet of Towanda was the guest of Mr. Earle Raymond over the week end.

Mr. Reed Crooks of Fredonia was a dinner guest at the house Saturday evening.

Dancing Party

Mr. and Mrs. R. P. Evans entertained the Shamrock fraternity with a dancing party at the Country club house Friday evening, May 23. The rooms were decorated in the fraternity colors, green and white. During the evening a light two course luncheon was served. The music was furnished by Maupin's orchestra.

The chaperones for the evening were Mr. and Mrs. R. P. Evans, Prof. and Mrs. A. M. Doerner, and Mrs. G. West. Out of town guests were Mrs. Aldman of Independence, and Lieut. Clarence Slegler of Norton. Twenty-five couples enjoyed the dancing.

Fruit punch was served throughout the evening.

Iota Psi

Miss Bess Caldwell of Newton was the week end guest of Miss Vera Olmstead.

Miss Dorothy Mills and Miss Florence Heizer were Sunday dinner guests at the house.

Miss Crystal Wheeler of Garden City was the week end guest of Miss Ora Maust.

Dinner guests at the house Wednesday evening were, Miss Ruth Rick, Miss Carol Knozman, Miss Lois Hanna, Miss Ruth Eppler, and Miss Doris Mell.

Dancing Party

The Freshmen of the Sigma Phi Delta fraternity entertained Friday evening with a house dance. Potted plants and bowls of pink carnations were used in the decorations. Refreshments of fruit punch were served during the evening.

The chaperones were Prof. and Mrs. Durham and Mrs. Taylor. Twenty couples were present. Out of town guests were Mrs. H. C. Duggan, Mr. R. A. Graves, Mr. Hubert Dawson, and Mr. George Corzine.

Dinner Guest

Prof. and Mrs. P. J. Newman had as their guest Tuesday evening, Dr. C. E. Goodell, president of Franklin college at Franklin, India. Dr. Goodell was formerly connected with the college here as professor of history and economics.

Reverend and Mrs. Lewis Jacobson and Mrs. Margaret M. Newman were among the dinner guests. A number of friends of Dr. Goodell, called during the evening.

Pi Beta Phi

Mrs. R. Herrick has returned to her home in Topeka after visiting here for a week with her daughter, Miss Sarrella Herrick.

Mr. L. Mott of Herrington spent the week end visiting his daughter, Mrs. Paul Guthrie.

Mrs. Maude Sullenberger was a dinner guest at the house Sunday.

Miss Martha Webb spent the week end in Peabody.

Alpha Delta Pi

Mr. L. Glenn of Medford, Okla., was the week end guest of his daughter, Miss Evelyn Glenn.

Mrs. Alice Marcott spent the week end at her home in Concordia.

Mrs. Alice Dolsy acted as chaperon at the house over the week end.

Miss Mary Barcafer of Kansas City was the week end guest of Miss Mildred Arends.

House Party

Miss Greta Gramse entertained the Junior and Senior girls of the Alpha Delta Pi sorority with a house party over the week end at her home in Perry. The guests were Miss Gertrude Uhley, Miss Muri Gann, Miss Josephine Sullivan, Miss Hazel Taylor, Miss Opal Wishard, Miss Ruth Borthwick and Miss Velma Meserve.

Artez

Sunday dinner guests at the house were Miss Helen Rennells and Professor West.

Mr. Hargis of Emporia was the guest of the chapter Friday evening.

Mr. Sheridan Spangler spent the week end at his home in Abilene.

Mr. Jack Evans visited at his home in Osage City over the week end.

"Game to the Core"

That's the quality young fellows like to see—the "stay-with-it" spirit; in baseball, on the track, in football—in a dog or horse.

They'll find that quality in the clothes we sell it goes deeper than looks—it's in the stuff they're made of

Hart Schaffner & Marx

use all-wool because they have the lasting power; they use the best tailoring; the finest inside materials. These clothes "stay-with-it" longer than others and look better while they're doing it. They have what you like—and want.

Elliot's Clothing Store

The home of Hart Schaffner & Marx Clothes.

Sigma Phi Delta

Mr. and Mrs. S. L. Hunt were Sunday dinner guests.

Mr. George Corzine of Wichita and Mr. Hubert Dawson of Topeka visited here this week end.

Mr. and Mrs. A. W. Walker were guests for Sunday dinner.

Mr. H. N. Hudson of Topeka spent the week end here with his son, Mr. Harry Hudson.

Six O'clock Dinner

Mr. and Mrs. S. A. Baldwin entertained at a six o'clock dinner Tuesday evening in honor of Mrs. P. H. Pierce of Lawrence. Covers were laid for six.

A Bargain

SONG RECITAL WELL RECEIVED
Mrs. Helen Keith Pleased Audience
with Interesting Program

The senior song recital given by
Mrs. Helen Keith on Monday evening
was most successful and well received
by the audience. Her program
was a varied one and interesting to
the last. Two MacDowell numbers
and "The Star" by Rogers were used
as opening numbers. Brahms, "Sdp-
pis Ode," and "My Heart Is Weary,"
by Thomas furnished the second
group, four songs of lighter charac-
ter were used.

Mrs. Keith has a rich contralto
voice and sings with great ease. She
was ably assisted by Mr. Robert Al-
lingham, pianist.

ANHEUSER-BUSCH

ST. LOUIS

Don't Miss the Biggest Chapel of the Year--Saturday

PROGRAM IS ALL ARRANGED

SEATING ARRANGEMENTS WILL BE GIVEN ORALLY TO CLASS

All Seniors Are Requested to Wear Caps and Gowns for the Baccalaureate Sermon

All seniors are to meet in Anderson hall not later than 3:15 Sunday afternoon, June 1, and on Thursday, Commencement day, not later than 9:15 in the morning. The President, board of administration, deans and invited guests will assemble in the president's office not later than 9:30 Thursday.

The signal to fall in line for the commencement exercises will be given promptly at 9:40. The following formation will take place in the old chapel. The home economics and the post graduate groups in the center section will stand and face north or south as follows: those seated in odd numbered rows face south; those in even numbered rows will face north. The agricultural group face south. The engineering and general science group will face north.

The first row of each group leaves first, then the next row and so on in regular rotation. The groups in the north and south sections leave simultaneously, followed immediately and in their respective columns by those in the center section.

Promptly at 9:55 the signal to start will be given. The line of march to the auditorium will be as follows: Leave by the north door of Anderson hall and march north to the southwest corner of Denison hall, thence east to its main entrance where the board of instruction will join the procession, and then south in a direct line to the main entrance of the Auditorium.

When the head of the column reaches to auditorium, the signal to halt will be given. The columns of seniors will then face each other and stand near the outer edges of the walk while the board of instruction and presidents group march between them. After they pass in the lines will close up again with seniors and they will march into the auditorium. All seniors are requested to wear their caps and gowns for the Baccalaureate sermon. Seating arrangements will be given orally to the class. The march to the auditorium will start at 3:55.

Commencement Calendar

June 1 to 5, 1919

Baseball Game

REV. W. E. McCULLOCH

The Rev. Dr. W. E. McCulloch, pastor of the Homewood United Presbyterian church of Pittsburg, Pa., will give the Baccalaureate sermon to the graduating class of 1919 at four o'clock, Sunday afternoon, June 1, at the college auditorium.

Doctor McCulloch was formerly moderator of the United Presbyterian general assembly. He is probably the most widely known man in his denomination.

The title of his sermon is "The Sign of Life"

BASEBALL SEASON IS OVER

Batting Averages of Team Are Low For College Team

The Aggies have finished the baseball season and it has been a very successful one from every standpoint. The team was never better supported by the students and townspeople than it has been this season according to Coach Clevenger. Out of the twelve games played both at home and on foreign soil only three were lost. Two of these games were lost to Kansas university after the Aggies had beaten them in the first game of each series. This leaves the team with a standing of .750 for the season.

The batting averages of the team have been figured and they are as a whole low for a college team. Snapp leads the list with an average of .369 and is closely followed by Cowell at .347. McCullum and Richardson both got above the 200 mark while the remainder of the team are all below .200. The average of the team is .226. The averages as figured by the Coach's office is as follows:

Snapp	.369
Cowell	.347
McCullum	.333
Richardson	.231
Hixson	.192
Clarke	.191
Swingle	.182
Otto	.177
Foltz	.170
Magrath	.167
Willis	.167
Burton	.150

Should Get Membership Cards

Tennis Club Community League girls wishing to play tennis should register with Miss Hatch of the Community house before Monday and receive membership cards.

PHI KAPPA PHI INITIATES

Reception for New Members Is Given in Home Economics Hall

Phi Kappa Phi held initiation last Wednesday evening May 28, for the following: Miss Blach S. French, Fred R. Beaudette, and Fred Griffie from the division of agriculture; Glenn G. McCracken, G. S. Painter from the division of Engineering; Mrs. Laura Duell Moore, Miss Nettie May Wisner, and Miss Pearl L. Miltner from the division of general science; Miss Sarella Herrick, Miss Ester N. Latzke, Miss Alpha C. Latzke, Miss Frances E. Russell, Miss Vera L. Samuel, Miss Vera S. Olmstead, Miss Ruth Taylor and Miss Fayne Bondurant from the department of home economics. The faculty initiates are Prof. E. V. James, Miss Grace E. Derby, Prof. C. F. Baker, and Prof. J. H. Parker. One alumnus, Frederick Arthur Kiene, was initiated.

After the initiation services a reception for the new members was given in the home economics rest room.

Dr. Guernsey Jones of the University of Nebraska will give the annual Phi Kappa Phi address Monday evening, June 2, at 8:15 in the home economics hall, in "Boishevism". The address will be open to the public.

SENIORS LEAD MOVEMENT

CLASS VOTES TO FURNISH ROOM IN THE NEW MEMORIAL HALL

Prof. H. L. Kent Outlines The Plans for Hall to Be Built in Honor of K. S. A. C. Soldiers and Sailors

The seniors at their class meeting Wednesday night voted to furnish one of the rooms in the new memorial hall which is to be built on the campus. This room will bear the inscription "Room of the class of 1919." Prof. H. L. Kent outlined at the meeting the plans for the memorial hall. The first two floors are to be devoted to memorial halls for receptions. A cafeteria is to be established in the basement. The third floor is to be a big dance hall which will accommodate from two to three hundred couples.

The class went on record as favoring a hall as a suitable memorial for the dead and living men who served. A permanent committee is to be appointed by the senior president, Gordon Hamilton, to administer these appropriations when the hall is built.

At the meeting several individual pledges were made. At present these amount to about four hundred dollars. The committee to receive individual pledges are E. T. Williamson, Turner Barger and Miss Mary Crumbaker. The proceeds from this senior play are also to be added to this fund.

Miss Vera Olmstead was appointed secretary for the alumni affairs of the class of 1919. She will send out the notices for the meeting of the alumni.

Pledge Must Be Paid

Owing to the busy time and failure to see many of the men the campaign committee for the Y. M. C. A. was unable to complete their work in the two days set.

Pledges have continued to come in until they had reached the following Wednesday morning: Students \$1885, faculty \$579.50, others assisting \$37., a total of \$2501.80.

Many have not turned their pledges in yet and they are urged to do so at once. The finance committee wishes to have a complete report from the hall before they go to the town people, alumni, and other friends.

Although none of these pledges need be paid before the next school year nearly \$300 has come in cash.

Bee Inspectors Meet

The Kansas State Bee Inspectors met Wednesday and Thursday of this week with Dr. J. H. Merrill, State Apiarist and head of this department at the college.

These men are appointed and paid by the state to inspect all the colonies over the state for the purpose of preventing disease and for instructing the owners in the care of bees.

W. R. Worthington, '15, of Bluefield, W. Va., has been in a county agent for the Macer company since he left school. He has also done some private work along with this.

Attend Chapel Saturday

Every student in the college should show his loyalty to the school by coming out to chapel Saturday and voting on the plan for student government.

Arrangements have been made for a student assembly at 8 o'clock and it is hoped that every good Aggie will be there.

The Student Self-governing Association Constitution will be discussed at that time and it is thought that, although the entire constitution as it now stands will be thrown open for discussion, its final adoption by the student body cannot be made until next fall and it will probably necessitate one or more student assemblies at that time.

The meeting Saturday is for the approval of the general plan of the constitution subject to change next fall, and for the election of the officers of president, vice-president, secretary and treasurer if the plan is adopted.

PLAY TENNIS FINALS TODAY

MCGREGOR AND DOWNING ARE PLAYING FOR CHAMPIONSHIP

Mixed Doubles, Men's Doubles and Faculty Matches Will Be Finished Early Next Week

The finals in the college tennis tournament will be played at the City Park at 4 p. m. today unless rain should prevent. McGregor and Downing have come through the semi-finals and will battle for the championship in the finals tomorrow.

At the same time Miss Willis and Mr. Hinds play against Miss Brown and Mr. Brown in a semi-final of the mixed doubles, and Miss Chapin meets the winner of the Wheatley-Muir match in the semi-finals of the girls' singles.

Beautiful loving cups will be given to the winners in each set. The cups are being donated by local business men. This year there has been a great deal of competition in the match and it has taken several weeks to eliminate and be ready for the finals as they now are.

McGregor won the semi-finals from A. St. John, who surprised everyone by defeating Dewey Austin, while Downing won over Barnes and Breese, the latter forcing him to play his limit.

The mixed doubles, men's doubles and faculty matches will be finished early next week.

Wednesday Hinds and Huston won their semi-final in the men's doubles over Breese and Williams after a hard battle, the match going 9-7, 6-8, 9-7. In the mixed doubles Willis and Hinds defeated Cuthbert and Newton, 7-5, 4-6, 8-6; Brown and Brown won over Teichgraber and McGregor 3-6, 6-3, 7-5, and Chapin and Huston won over Paddleford and Downing 6-1, 6-1.

CHANGE BARRACKS INTO LABS

Dairy, Agronomy, Zoology and Chemistry Departments to Have Room

Plans are being drawn to remodel one of the barracks into laboratories for the dairy, agronomy, zoology and chemistry departments.

The lower floor is to be divided into two parts. The dairy department will have one part of it and the front part will be devoted to other laboratories.

Doctor Eckart of the zoology department will have his office in the front of the building. We will also have a laboratory there where he can carry on his experimental work on parasites. His laboratory will reach across the building and be thirty-two feet long.

The chemistry department will have the next space, thirty-two feet long. Here they will carry on animal nutrition work. It is so warm in the attic of the Chemistry where this work has been done that it cannot be carried on efficiently until it has been changed.

Prof. L. D. Bushnell of the bacteriology department will have the next space. Bacteriology work and work in genetics will be done in the rest of the space on the ground floor.

The second floor will be devoted entirely to agronomy work. Half of it will be given to exhibiting samples of class work done by the students. The other part will be used in making the different exhibitions.

Prof. H. H. King is chairman of the committee to allot the spaces and have the plans drawn. The real work will start soon so the chemistry department at least can have the use of that building this summer.

Miss Andrews Leaves College

Miss Joy Andrews of the zoology department has resigned her position here, and will do graduate study toward her doctor's degree in the University of Wisconsin next year. Miss Andrews has done effective work here and will be missed in the department.

Openings for the Summer

Many demands for summer work for architects are coming into the office now, according to Prof. Smith of the architectural department. There will be openings for the men who wish to work during the summer vacation.

Y. Helps Find Positions

The Y. M. C. A. employment committee is cooperating with the extension department in locating anyone who wishes to go to the harvest field. Application blanks and particulars have been mailed to each man student. Any other man wishing to go will find application blanks and instructions on the Y. M. C. A. bulletin board in the Anderson hall.

Fill out one of the application blanks and drop it in the post office. Prompt action will almost insure work just where you wish to go. Fifty to sixty cents will be paid per hour including board and lodging during rainy days as well as while at work.

Will Visit Other Schools

F. A. Smutz and Stanley Smith, instructors in the architectural department here expect to attend the Boston Technical school this summer. They plan to start east as soon as school is out and stop at some of the universities. They expect to visit the University of Illinois and the Pennsylvania university.

Girls Should Register Now

Girls of the Community League should register now for tennis. The Club membership is limited.

The club will have use of the private courts in the city park. Club members will have opportunity to play Fort Riley convalescents.

SENIOR PLAY IS EXCITING

"Stop Thief" Will Be Treated To All Who Enjoy Laughing

Come and laugh with the crowd at the Senior play, "Stop Thief" to be given in the college auditorium next Tuesday night June third.

The plot is ingenious and all the comedy is good, clean fun. On the eve of the wedding of an absent-minded man's daughter to a youth who is troubled with fits of kleptomania, a new lady's maid is introduced. The bride and the best man know this one fault of the groom and try to keep it a secret. To add to the excitement, the ladies maid happens to be advance agent for a thief, the man she is to marry. He arrives after she has looked over the place and together they lay ingenious plans for relieving the house of heavy burdens of wedding presents. The thief finds it easy going for the groom believes him to be the detective he has sent for, and accuses him of moving the valuables that have already begun to disappear. The absent minded parent gives all his money to the thief and his wife tells him where all the valuables of the house are kept. Just as the two thieves have got all the valuables of the house together and are ready to escape a capitalist enters who demands certain stocks which he has given to the absent-minded parent as collateral for a loan he is now ready to pay. The stocks can not be found. The capitalist's money disappears and threatening punishment for everybody, he goes out in search of a warrant.

The officers enter with the warrant and the warrant is stolen and carefully deposited in the absent-minded-one's pocket.

Then follows the most exciting and laughable scene in the play, in which the officer, waiting for another warrant to appear, holds the whole house in insurance while the thieves are trying to escape. The kleptomaniac is trying to evade the consequences of his innocent depredations, and the wife is trying to find out what the absent-minded one has concealed about his person. The money is eventually found in the possession of the minister; the thieves hold up the whole party at the point of a pistol, and, to conclude, the absent-minded parent re-enters with all the booty, which he, single handed, has recovered.

Tickets for the play will be on sale at the Palace Drug store down and the Co-Operative Book store Saturday. Monday and Tuesday they will be on sale at the Co-Op erative Book store only. There will be no advanced ticket sale. It will start at eight o'clock each day. The tickets cost fifty and seventy-five cents each.

Address on Bolshevism

The subject of the address to be given by Dr. Guernsey Jones, at the home economics hall before the Phi Kappa Phi next Monday evening is "Bolshevism." This address will be open to the public.

AGGIE FANS WIN AND LOSE

FIRST GAME IS TWELVE INNING BATTLE WITH AGGIES VICTORS.

Second Game Was Good Considering Condition of Field--Only Five Errors Made--Three by K. S. A. C.

The Aggies won and lost in the last series of the season at Lawrence last Monday and Tuesday. The first game was a twelve inning battle in which the Aggies came away victorious with the longest end of a 1-0 score. The Jayhawkers copped the second game, which proved to be a mud-slinging contest, to the tune of 5-0.

The first game was an exhibition of real baseball and the two teams were very evenly matched and fought a very hard battle from the start. The winning run was made in the twelfth inning when Clarke, who was the first man up, landed a three bagger over the second baseman's head. Richardson, up next, fanned, and McCullum laid down a but and Johnnie came home on the most perfect squeeze play that the locals have pulled off. McCullum stole second and was on third when Willis flew out to the pitcher and Burton grounded out to third base.

In the sixth inning it looked bad for the Aggies when Bunn obtained a three bagger. Foster knocked a line drive to Johnny Clarke who tossed the ball to Willis on third catching Bunn on his way home. At no other time during the game did the Kansas team have a chance to score.

In the second inning with two outs McCullum got a single which was closely followed by a single by Willis. Burton walked filling the bases but Magrath fanned and the inning was over.

The score:

AGGIES	AB	R	H	E
Foltz rf	5	0	0	0
Cowell lf	5	0	0	0
Snapp cf	5	0	1	0
Clarke 1b	5	1	2	0
Richardson ss	4	0	0	1
McCullum 2b	4	0	2	1
Willis 3b	5	0	1	0
Burton c	4	0	1	0
Magrath p	4	0	0	0

Total

KANSAS	AB	R	H	E
Keeler lf	5	0	0	0
Bunn 2b	5	0	4	0
Foster 2b	4	0	0	0
Lonberg 3b	5	0	0	0
Smith rf	5	0	0	0
Lashley rf	4	0	1	1
Oyster cf	3	0	1	1
Weltmer c	4	0	0	0
Marxen p	3	0	0	0
Total	38	0	6	1

The Second Game

Kansas started the second game with a three bagger from the first man up. Bunn followed with a walk. Stem Foster grounded out to first and Dutch Lonberg got on first through error by Hixson. Lashley struck out with the bases full but the next man, "Sluggo" Smith, who failed to get a hit, while in Manhattan beat the horsehide for two bases bringing three men in. Oyster grounded out to the pitcher.

The Aggies started to go in the next inning but failed to make it after McCullum hit. Willis fanned and Hixson doubled. McCullum came home but was caught sliding. Burton flew out to second base and the Aggies lost their only chance to score. Kansas made another score in the second inning when Weltmer drew a single and was sent to second on a sacrifice by Slawson. Keeler grounded out Bunn's hit, and Weltmer came home.

Weltmer again started the ball rolling in the fourth when he hit and Slawson walked Keeler went out on a fielder's choice that caught Weltmer at third and Bunn hit again bringing Slawson home. Lonberg and Lashley fanned.

The second game was played in the mud and all of the players were tired out before the game had reached the fourth inning. Considering the condition of the field the game was very good. Only five errors were made during the game three of which were

THEIR HONOR SYSTEM

The fundamentals of the honor system which the Student Council proposes to inaugurate at DePauw University are as follows:

1. No faculty surveillance to be maintained during the conduct of examination and quizzes.
 2. Protection against dishonesty in written exercises to be provided by students engaging in said exercises.
 3. Investigations concerning alleged dishonesty on the part of any student or students and the determination of guilt and assessment of penalty shall be handled entirely by an honor court.
 4. The constitution of the honor system shall be enforced and upheld by the honor court.
- The constitution of the system would have the honor court consist of seven members; the president, vice-president and secretary of the student council, and one representative each from the four classes of the college of liberal arts.—The DePauw Daily.

A COLLEGE PIPE ORGAN

This college should have a pipe organ so that the students who are taking pipe organ work will not have to go to the churches down town to practice and take their lessons; also that the musical functions given at the college and enjoyed by the whole college may be made still better.

Hardly a large college in this part of the country, and especially a college the size of K. S. A. C. is without

a pipe organ. This college can easily afford an organ.

The stage in the college auditorium is so small that it is difficult to give a play on it. This stage should be enlarged, a pipe organ put in and more room given to the music department in this end of the building. Why should this thing not be asked for when the next appropriation is made for K. S. A. C. by the Kansas Legislature?

K. S. A. C. In the Limelight

Professors, students, and graduates of K. S. A. C. were directly responsible for an unusual number of articles in May 21 issue of the Weekly Kansas City Star. The college or some of its students and professors were mentioned in no less than sixteen stories which occupied 231 inches of space. Such extensive notoriety speaks well for the standing of the school as well as for the usefulness of the work being carried on.

Can Make Fall Pigs Pay and Get a Start on Hoppers were written by E. F. Ferrin, professor of feeds and feeding, and G. A. Dean, head of the entomology department, respectively. Farmers Must Play Safe was written by Ivar Mattson, former student of the college, and a feature article on women as leaders at K. S. A. C. was also in this number.

Dr. H. J. Waters, editor of the Weekly Star and former president of the college wrote on When to Cut Alfalfa. The other articles were based on the Cattlemen's convention and various activities of the college. Practically all of the faculty connected with the agricultural department contribute to the Weekly Star during the year as well as to other agricultural papers.

A Correction

The Collegian printed in a recent issue a report that Miss Bugby and Mr. Wendt had challenged the tennis players of the college. This is a false report which was given to one of the Collegian reporters and the Collegian wishes to correct the same with apologies to Miss Bugby and Mr. Wendt.

In the average childless home the wife usually plays the part of baby—unless her husband beats her to it—H. W. Davis.

LOOK INTO THIS

History Stude's Psalm

I. Victor Isles is our teacher, we shall not pass;
He giveth us long assignments each day;
He maketh us to read long references each day;
He maketh us to write long reports;
He expresses our ignorance to the whole class.
Surely goodness and mercy shall come to us some day,
And he shall make our lessons a trifle shorter.

Refined Looking

The refined-looking little blonde walked rapidly out of the classroom and seized the arm of the tall brunette.

"Take it from me, girlie," exclaimed the refined-looking blonde, "I wish had the nerve to spit in that old cat's eye."

Lost The Race

Who are the young man who on Tuesday afternoon was seen chasing a young lady across the campus?

The chase started at the chemistry annex and ended southeast of the Physics building where the young man gave up and went back for his hat and books.

Ask Mike.

Some Consolation Anyway

"Well, there's one consolation," remarked a student who is working his way through college, "If I never amount to anything or never get anything out of my college course, it won't cost anybody a d-m cent but me."

Notice, Examination Crooks!

Doctor Eckart of the zoology department is to have a new laboratory in which to carry on his experimental work on parasites.

A True Smile

Twinkle, Twinkle, little star,
How I wonder what you are;
Up above the world so high,
Like the price of things we buy.

Will He Live?

Frosh—"What's the matter with that horse?"

Senior—"He has an exostosis of os corona and os pedis that impedes his locomotion."

Frosh—"Gee! Will he live?"

Piano Students Give Recital

A recital was given Wednesday evening by the advanced piano students of Miss Abernethy assisted by vocal students of Miss Kimmel and Mr. Johnson. Those taking part were: Miss Bess Curry, Miss Alice Rice, Miss Inez Bachman, Miss Doris Howenstein, Miss Mary Sachau, Miss Hazel Mason, Miss Wilma Roark, Miss Faye Williams, Mr. Robert Allingham, and Mr. Joe Thackery.

Miss Inez Bachman gave a piano recital Monday evening in the auditorium. Miss Bess Curry, who was to have appeared in joint recital with Miss Bachman was unable to give her part of the program on account of illness.

Alumni Hold Annual Meeting

The annual meeting and picnic of the Manhattan Alumni of the Kansas State Agricultural college will be held this afternoon, at five o'clock on the slope just east of the College auditorium. All Alumni and former students and their families are urged to be present.

A picnic lunch will be provided by the Association so that no one will need to trouble himself with preparing a lunch for the occasion. Everything will be furnished and all are guaranteed a good time.

In the past this annual picnic has proven to be one of the most enjoyable occasions of the year. It is particularly important that everyone attend this year since there are many questions coming up for the Alumni Association which are of interest to all Alumni and former students of the institution.

The picnic will afford an opportunity to exchange ideas on these matters and hear of the latest developments in connection with them. It will also afford an opportunity for the renewing of old acquaintances and the making of new ones. Those are nearly 300 Aggie Alumni residing in Manhattan and nearby vicinities.

Students Make Portable Garages

"The students in carpentry are doing especially good practical work in making portable garages," says Prof. W. W. Carlson, of the shop practice department. "We have more orders for garages made in the shop here than we can possibly fill this semester."

"In making these garages the men get all the problems in making doors, windows, beams and many other problems they will have in the construction of any building. The garages are made in such a way that they may be easily torn down and put up again."

"This work fits the men for work in construction. One man who took a semester here in the carpentry work is now working in Kansas City. Here he draws seventy-five cents an hour."

"The Y. M. C. A. building here on the campus was planned and constructed by the men taking work in the shops. It shows on a small scale what they can do."

After all, nobody ever expected Germany to like the peace terms. If the Allies had wanted Germany to like 'em they wouldn't have licked the tar out of her the way they did.—H. W. Davis.

Class Picnic

Miss Margaret Haggart, professor of home economics, entertained her classes in household management and home nursing on Wednesday evening at 5 o'clock with a picnic lunch at Wild Cat.

The classes met in the Domestic Science building and walked to Wild Cat. A truck had previously taken the good things to eat, and when the guests arrived fires were already made. Toasting "weenies" and marshmallows became the chief diversion for some time.

After enjoying a bounteous picnic dinner, the crowd "hiked" and climbed, and took kodak pictures. The picnickers ended their revelry with nine "rahs" for Miss Haggart who has so many times this year, proved her ability as a hostess.

In College Society

Delta Delta Delta.

Miss Mildred Sterling is out of school now on account of a sprained ankle.

Mrs. Martin Dempsey and daughter, Eleanor, were dinner guests at the Tri-Delta house Sunday.

Miss Gladys Scott went to Topeka last week end to attend the Alpha Phi spring formal.

Mr. Warren Hestwood, Mr. Carol Barringer and Mr. Gail Lynch were Wednesday evening dinner guests.

Miss Patricia Abernethy and Miss Louise Hughes were Wednesday evening dinner guests at the Tri Delta house.

Miss Gladys Burris of Chanute is visiting her sister, Miss Marie Burris.

Thimble Party.

Miss Ina Holroyd gave a delightful thimble party in honor of Miss Bess McKittrick, Saturday afternoon from three till six, at her home at 1001 Moro street.

The guests were Mrs. Mary Pierce Van Zile, Mrs. Helen B. Thompson, Mrs. Remick, Miss Rothermel, Miss Elizabeth Maclean, Miss Russell, Miss Rice, Miss Leonard, Miss Florence Hunt, Miss Grace Averill, Miss Jessie Machir, Miss Frances Brown and Miss McKittrick.

Chi Omega

Miss Florence Mitchell of Riley spent the week end at the Chi Omega house.

Miss Alice Craig of Emporia was the guest of Miss Lois Burton for the week end.

Miss Lucile Bomgardner of Lawrence was a week end guest at the Chi Omega house.

Miss Elreen Mercer of Topeka spent Monday and Tuesday visiting Miss Ruby Crocker.

Miss Annette Perry of Topeka was a guest for the week end at the Chi Omega house.

Beta Theta Pi

Mr. Ralph Andrew Van Trine who is now working at Abilene was a guest this week end.

Mr. Clayton Smith spent the week end at Topeka where he attended a party given by the Alpha Phi sorority.

Mr. Milton Labadie spent the week end at his home in Pawhuska, Okla.

Mr. Raymond Gross went to Salina on business last Friday.

Mr. Sam Simpson spent the week end at his home in Salina.

Miss Rebecca Haag and Mr. Clarence Schirmer, both of Holton, Mrs. Etta Horn of Sedgwick, Miss Hazel Chain of Wichita, Mrs. Robinson of Towanda, Miss Bell Moore, Mrs. Betty Ritter, Miss Isabell Hamilton, and Mr. William Bergh were Sunday dinner guests.

Lieut. Elmore Walters was a guest Sunday afternoon.

Mr. Leo Ptacek drove to his home in Emporia last Saturday.

Sigma Alpha Epsilon

Sergt. Robert Curtis of the 117th Ammunition Train has received his discharge and is now at his home in this city.

Captain Ralph Lucier, '15, of Abilene was a guest at the house Monday night.

Mr. Hilas Rannels will entertain the chapter and the Manhattan alumni with a dancing party at the Country Club Saturday evening.

The week end guests at the house will be Marion Hitchcock and Mr. Edward Temple of Hutchinson, Mr. Chas Cordts of Overbrook, Mr. Albert Teed and Mr. Harold Bates of Kansas City, and Mr. Paul Jeffcoat and Mr. Milton Eisenhower of Abilene.

Owl Bake

The annual Browning-Athenian Owl Bake was held Saturday evening at Hackberry glenn. The hikers left town about five o'clock. A few games were played then the new Athenian members were sent after wood to build the fire for supper. After supper a short program was given, the main feature of which was a stunt called "The Freshman Go Owl Hunting."

The chaperons for the evening were Mr. and Mrs. George Kiser. Among the ex-members present were Miss Ada Songer, Mr. Williamson, and Mr. Perell, '12.

Engine Ride

The twelfth annual Engine Ride of the Franklin literary society was held Saturday at Rock Ford.

About fifty couples went out to Rock Ford in trucks. The afternoon was spent playing games. After supper a short program was given. The chaperons were Mr. and Mrs. J. S. Daniels and Mrs. W. H. Sanders. Among the old members present were J. Lush, Miss Lois Nicholes, Miss Comfort Neal, Miss Marie Johnson, Miss Lela Dutton, and Albert Mack.

Formal Dinner

The under classmen of the Alpha Delta Pi sorority gave a formal dinner Wednesday evening for the girls who are graduating this spring. The table was decorated in the sorority colors, blue and white, violets and smilax were used in carrying out this color scheme.

Between courses toasts were given by Miss Gertrude Uhley, Miss Jamie Cameron, Miss Inez Bachman and Miss Evelyn Glenn. Miss Josephine Sullivan acted as toastmistress.

Alpha Beta.

The Alpha Beta Literary society had its annual hay-rack ride last Saturday. At two o'clock the young people started to Eureka Lake, and there they spent the afternoon and evening in boating and playing baseball. This was followed by a good program, and the lunch without which no picnic is complete. Prof. and Mrs. Hugh Durham, and Prof. and Mrs. H. W. Brubaker chaperoned the party.

Shamrock

Mr. Fred D. Butcher of Lawrence spent Wednesday and Thursday visiting at the Shamrock house.

Mr. Harold Combs spent Thursday in Lawrence where he attended the University Popularity Ball Thursday evening.

Mr. Guy James of Eldorado was a dinner guest at the Shamrock house Thursday evening.

Mr. Ross Hill who has been ill at the Charlotte Swift hospital for the last two weeks is now able to be out.

Mrs. J. V. Cortelyou and Mrs. L. E. Melchers gave a lawn party Wednesday evening for the religious meeting and conference committees of the Y. W. C. A.

Prof. Cecil Baker was in Topeka Wednesday inspecting the plans for the new engineering building. He expects the plans to be completed by Thursday and ready for the contractor.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

R. L. Fisher of Kansas City, a representative of the Jamesville machine company was at the college Wednesday giving some of the advanced students pointers in plow adjustment and operation.

Miss Lee Winter spent the week end at her home in Leocompton.

If your coat slops back in front, take it to Shute, The Tailor, he knows how to alterate it.

Ross Maltley of Salina was called home this week because of the illness of his mother.

Miss Lucy Howard spent a couple of days this week visiting her sister, Miss Clara Howard, sophomore in home economics.

M. E. Johnson who will graduate this year from the architecture course has accepted a position in the office of Charles Sharen, '14, in Salina.

Born, to Dr. Theodore Macklin, head of the agricultural economics department, and Mrs. Macklin, at 1719 Fairchild, Sunday, May 13, a son, Theodore Macklin, Jr.

Mr. Merton H. Swanson, former student in college and a member of the Pi Kappa Alpha fraternity, has received his discharge from the navy and is now at his home in Manhattan. Mr. Swanson was stationed at St. Louis in a recruiting office a short time before his discharge.

In Doctor Macarthur's class in English, the seniors gave talks on what they thought the college needed. The majority of them left the advice to the freshman to get more into the social activities of the college. To organize a students club, they thought would be an ideal way to give freshmen this training.

Bethany Banquet

The Bethany Circle gave a banquet Thursday evening at six o'clock at the home of Rev. O. C. Moomer for the senior girls.

The room was decorated in green and white. On the table and in the windows were large bouquets of daisies the Bethany flower. A four course banquet was served.

The toastmistress for the evening was Miss Eloise Flanders. Rev. Moomer gave a toast to the senior girls and Miss Vera Samuel and Miss Orland Vandivert responded to it. Miss Orlena Baker gave a toast to the senior's past. Miss Gerda Olson gave a toast to the senior's future.

MacDowell Club

A special meeting of the MacDowell club was called Tuesday evening at the Tri Delta house. Plans for the coming year were discussed. The following members were present: Miss Katherine Kimmel, Miss Patricia Abernethy, Miss Louise Hughes, Miss Doris Bugbey, Miss Elsie Smith, Miss Marie Burris, Miss Alma Bauersfeld, Miss Pearl Hoots, Miss Helen Colburn, Miss Bess Curry, Miss Alice Rice, and Miss Lois Hanna.

Luncheon

Mrs. Mary P. Van Zile, Dean of Women, and Mrs. Harriet Allard gave a luncheon, Thursday noon in honor of Mrs. Ned Kimbal. The guests were Mr. W. M. Jardine, Mrs. L. R. Akin, Mrs. A. A. Shepard of Kansas City, Mrs. C. M. Brink and Mrs. M. Ahearn.

Engagement Announced

Mr. and Mrs. Chas. W. Bellomy announce the engagement of their daughter, Lois, to Mr. Fred Griffie. Miss Bellomy graduated in 1916 and has since been teaching at St. George. Mr. Griffie graduates this year.

New Soft Collars at Kittell's Two Stores.

Club Elects New Officers

Saddle and Siroin held the last regular meeting of the year Tuesday evening. The officers elected for the following semester are: President, J. D. Montague; Vice president, H. S. Woodard; secretary, J. Farr Brown; Board of Directors—H. Wise, Merton Otto, H. R. Guilbert, Marshal, D. M. Howard; and Assistant Marshal, N. Pearson.

Gonna Harvest

Get your work clothes at Kittell's.

Mr. Wilson Inspect College

Mr. Walter Wilson, state bank commissioner, who delivered the school of agriculture commencement address made a trip over the college farm inspecting the livestock and experiment plots. Afterwards he visited the engineering plant and the college shops.

A dinner was served at the mess hall for Mr. Wilson, the representatives of the banks, the deans, the Chamber of Commerce, Prof. C. W. McCampbell, Prof. W. W. Carlson and Professor Samol.

ADOPT SELF GOVERNMENT

COLLEGE STUDENT ASSEMBLY VOTES TO ACCEPT NEW CONSTITUTION

Fee System Is Adopted and Will Go Into Effect When Students Enroll This Next Fall

The student self-government association constitution plan was accepted by the student body of the college at the general assembly held at one o'clock Saturday. The student council with its faculty advisors is dead and a new student self-governing association with President, Clifford Kniseley at its head has now taken its place.

The other officers elected were Hutto, vice president, Miss Hettie Carris, secretary, and W. E. Robinson, treasurer. These officers are to hold their office till the regular election can be held next fall.

There were only two hundred and twenty-five people out at chapel. An active interest in the student self-government association was shown by these. Several "peppy" speeches were made. Prof. H. L. Kent was there at the request of the president to answer questions that might arise.

The meeting was called to order by H. A. O'Brien, president of the student council. He explained briefly the plan. Clifford Kniseley, chairman of the committee that drew up the constitution explained that by the fee system the college activity expenses would be reduced from \$16.50 to \$11.40.

The fee system was adopted and will go into effect when the students enroll next fall. A fee of approximately five dollars and seventy cents will be charged when the students enroll next fall providing the board of administration approves of it. This fee will be levied at the first of every semester. Payment of this fee is not compulsory but unless a person is a member of this association he can not hold any office in any organization which comes under the control of this association. The payment of this fee will admit the student to all athletic events as track, football, basketball, base ball, festival week programs, artists series, Aggie Pop night, May Fete, inter-collegiate debates and oration contests. Inter-society debates and oratorical contests will not be included in this.

The constitution may be amended at any general assembly next term by a two-thirds vote of those present. The constitution will be revised this summer according to suggestions made at this meeting. It will then be presented to the student body next fall.

It is believed by the adoption of the self-governing plan that a much more active interest will be in evidence for all inter-collegiate activities. This will be done if every loyal Aggie boosts the officers and help them carry out this plan.

Students Resort to Old Indian Methods Again

All students like to go hiking. Some like chocolate when it is cold and drizzly. But how many have the nerve to tie a Holstein cow to a tree and milk a felt hat full of milk to use to make chocolate over a camp fire?

Sunday two students did that very thing. Several couples of them were out in Wildcat and it began to rain and get chilly. Of course the girls wanted something warm to drink. One of the boys, Bill —, espied a cow roaming leisurely on the crest of a nearby hill. It took but a few minutes to ascend the hill and grab hold of a rope which was wound around her horns. Bill cupped his hat into a receptive shape, and got to work. He met with great success and soon had a hat brimming full of foaming milk.

When he returned to the group around the campfire with his booty, one of the other members of the party became possessed of a desire to try his luck. He took the coffee pot. However, he did not find the cow in any too docile a mood for a second milking, so it was necessary to tie her to a tree. Nevertheless, he obtained a pot of milk and every member of the party had chocolate to drink.

Forum Elects Officers

At the meeting of the Forum last Wednesday night officers were elected for next year and the debaters were presented with their "K" for this year's debating work.

The following officers were elected: Miss Christine Cool, president; W. R. Horlacker, vice president; Roland McCall, secretary; Wheeler Barger, treasurer and Calvin Medlin, marshal. Those elected to membership are Samuel J. Gilbert, A. N. Burdette and Miss Dorothy Moseley.

"K's" were presented to Miss Myrtle Gunselman, Miss Dorothy Moseley, Miss Eloise Morrison, Wheeler Barger, Arnold Englund, M. A. Graham, Samuel J. Gilbert, Miss Florence Mather, Miss Christine Cool, W. R. Horlacker, Earl Frost, A. N. Burdett, L. C. Binford, Lawrence Whearty and Mr. Willis.

CAMPUS IS TO BE IMPROVED

Drives Are To Be Built—Shortening Routes Now Necessary

"Plans are being made for new roads to be made on the college campus for next year," said Prof. A. M. Doerner of the horticulture department. "A drive way is to be made so people may drive over the campus and get a good view of the buildings and go to the auditorium without having to walk about a half block. Cars are no longer to be parked in front of Kedzie hall.

"The new driveway to the auditorium will go in front of the gymnasium and then over by the west entrance to the auditorium and come back by the south side of the library. This will make a nice drive by the main entrance of the gymnasium as well as a drive to the auditorium.

"The road to the back entrance of the gymnasium is to be moved west toward the tennis courts. This will do away with the sharp curve there now.

"The road back of the domestic science hall now comes very close to the corner of the building giving a very poor chance for the drivers to avoid hitting each other as they go around this corner. This road is to be moved out toward Kedzie hall and then follow the present road to main hall. There will be a new road go back of the cafeteria over to the engineering building.

"The road in front of the library will extend to the sidewalk. At present there is a little parking there. Just enough to get students shoes muddy when it is bad weather. This parking will be taken out.

"A new road will be made to go in front of the new engineering building. The cinder piles and the coal heaps will be moved. A gravel base will be put on this road for the materials for the new building to be hauled over to pack it down. Then the road will be macadamized. This road will go south out Seventeenth street and another road will go from this out by the athletic field.

"Several new places will be made to park cars. They may be parked back of the cafeteria. This is to be the main place. The others have not been decided upon yet. No cars will be parked in front of the cafeteria as they are now.

"Later the ground around the athletic field will be beautified. Shrubs and trees will be planted around it and some flower beds will be put along the driveway."

L. H. BAILEY TO GIVE ADDRESS

Well Known Agricultural Writer Will Talk to Graduating Class

Liberty Hyde Bailey of New York will give the Commencement Address to the graduating class of 1919 at the College auditorium on Thursday morning.

Mr. Bailey is the best known writer on agriculture in the world. He is the author of 20 books on agriculture and editor of many more. He was for a number of years dean of agriculture at Cornell university. For the last few years he has devoted his time to literary work.

He edited the Cyclopaedia of Agriculture and the Cyclopaedia of Horticulture. His works take up mostly horticulture, which was his original field of work, and the philosophy and economics of rural life.

His subject is "Aspirations Towards Democracy."

Miss Emma Bobek, former school of agriculture student, is visiting her sister, Miss Alice Bobek this week.

TENNIS HONORS DECIDED

CHAPIN WINS GIRLS SINGLES—DOWNING TAKES MENS' SINGLES

Best Ten Men and Women Players Are Picked by Judges, According to General Average

The tennis tournament championship in the girls singles, men's singles, and mixed doubles was decided in the games played last Friday and Monday in the City Park.

The girls singles was won by Miss Chapin who took the semi-final from Miss Muir, Friday afternoon then won the finals from Miss Arends immediately afterward.

Downing won the men's singles in a stiff battle against McGregor, mainly because of his better condition as McGregor seemed to have the advantage otherwise.

Chapin and Downing defeated the faculty champions, Bugby and Wendt by a fair margin, thus establishing themselves school champions.

Three faculty members and the winner and the runner up in the singles, each turned in a list of the best ten players according to their order of ability as players. These lists were averaged and arranged by the judges as follows:

- Girls**
1. Edna Chapin
 2. Elizabeth Brown.
 3. Mildred Arends
 4. Edith Muir
 5. Edith Wheatley
 6. Elsie Cuthbert
 7. Clementine Paddleford
 8. Grace Gish
 9. Ruth Willis
 10. Miriam Harling.

- Men**
1. Downing
 2. McGregor
 3. R. St. John.
 4. Huson
 5. Breese
 6. Hinds
 7. Barnes
 8. Williams
 9. Enns
 10. Newton.

The mixed doubles will be played off this week, Willis and Hinds, Arends and St. John and Chapin and Huston still being in the race.

McGregor and Miller play St. John and Cosad to see which team plays Hinds and Huston for the championship in men's doubles.

FIFTEEN GO TO HOLLISTER

Conference Begins June 17 and Lasts Till June 27

Fifteen girls have signed up to go to Hollister this summer to the Y. W. C. A. conference. The girls who have signed up to go are Charlotte Russell of Winfield, who was here in school last semester, Carrie Foote, Elizabeth Circle, Irene Graham, Minnie Augustine, Marcia Seiber, Christine Stebbins, Grace Gish, Ada Middleton, Anna Neal, Lucile Heizer, Irene Miller, Gerda Olson, Helen Dawley and Charlotte Ayers. Mrs. Melchers will go as representative of the advisory board. Miss Dean, the new secretary is planning to go.

The conference begins June 17 and lasts until June 27.

Classes are led and addresses given by men and women whose study and experience have given them special qualification to deal with the subjects entrusted to them.

The recreation is in the hands of students who are specially qualified to plan good times so that they play a real part in the life of the conference.

The conference is organized in its daily life under the care of an undergraduate student government committee.

The girls from K. S. A. C. have a little booklet of songs containing songs about Kansas and Aggie songs.

If you would fall into any extreme, let it be on the side of gentleness. The human mind is so constructed that resists rigor, and yields to softness.—St. Francis de Sales.

If the remarks in congress are to be cabled to President Wilson at Burlington rates, we might as well begin saving up for a new bond drive of ten or twelve billion.—H. W. Davis.

Announcing a New Fraternity

Phi Delta Tau announces its organization as a local fraternity, located at 1447 Anderson. The charter members are Mr. A. B. Schmidt, Mr. Walter F. Law, Mr. Oliver D. Howells, Mr. O. H. Karns, Mr. O. Deane Gardner, Mr. Oscar L. Cullen, Mr. Glen Longley, Mr. Ennie Cooley, Mr. Harry J. Staib, Mr. Ralph R. McFadden, and Mr. L. B. Micklish.

The Phi Delta Tau announces as a pledges: Nelson Boyle, Earl E. Wintermute.

Miss Bugby Gives Recital

The third of the series of Lecture recitals was given by Miss Bugby in the Auditorium Friday afternoon at five o'clock. Miss Bugby was assisted by Miss Smith, Miss Abernethy, Miss Kimmel, and Mr. Johnson. Music of Beethoven and from the opera "La Boheme" was discussed.

COLLEGE TO HELP DRAW PLANS

Chamber of Commerce Will Work on Drainage Problem

Nothing will be done towards the draining of Aggieville until engineering experts of the college devise a feasible plan and submit it to the town authorities, according to a prominent downtown business man.

"We can easily tell the city street commissioner that Aggieville needs draining, but unless we can at the same time offer practical suggestions, our words will have no effect," said this business man. "Sentiment is becoming more and more in favor of the proposition. All it needs is sufficient publicity to get the majority of voters interested.

"It is true that the city funds are low due to the building of an excellent community house, but then this is a thing which should be attended to, and the money can be obtained if the project is pushed hard enough. In the past the city has been generous in its support to the college and it will continue to do so.

"Only recently enough money was readily secured by donations from the business men to send the K. S. A. C. track team to Chicago. And by George, it is a track team worth sending, too. We look for it to do great things. Then there's the Student's Loan Fund. With a little canvassing we soon raised 2800 dollars. We expect to increase that to at least six thousand. At present all on hand is loaned out to needy students. We trust the individual integrity of the students, and I have every reason to believe that they will not disappoint us. As soon as the fund has helped a large number of students, those who have contributed to the sum will become even more enthusiastic and augment the sum that much more.

"This fall we expect to inaugurate a campaign to build a creditable stadium for the college athletic field. It is a well known fact that Kansas Aggies have the poorest equipped athletic field of any large college in the west. I think the people will be willing to give towards something permanent. I wish some of the graduating classes would become interested with the same idea and help out."

The drainage of Aggieville is something which can be accomplished, contrary to the opinion of many, and The Collegian is anxious to see definite steps taken towards remedying a condition which in time of heavy rains is a menace to the students, as well as to the merchants of Aggieville and inhabitants living near the college.

At present the engineering department is making arrangements to put in a drainage meter at the lower end of the campus to measure the amount of water which in time of heavy rains drains from the campus. When the volume is estimated it will be easy to ascertain the size of pipes which will be needed to establish efficient drainage. All that remains for the college to do is to draw their plans and submit them to the town authorities, who can then have something definite to work on.

Send Names of New Girls

Slips telling about the work of the Y. W. C. A. and the Big Sister movement are being sent out in the letters sent to girl graduates by the deans of the different divisions.

New girls are requested to send in their names so that a Big Sister may be provided for them.

The "Bear Cats" one of Manhattan's amateur baseball teams bought baseball outfits of Kittell Saturday night.

AGGIES WIN VALLEY CHAMPIONSHIP

HOME TEAM LEADS MISSOURI UNIVERSITY BY TWO POINTS—GRINNELL AND IOWA TIE FOR THIRD PLACE

Sylvester of Missouri Took Individual Honors with One First and Two Seconds Totalling Eleven Points—Missouri Defeated on Account of Failure to Place in Short Races

For the first time in the history of the Missouri Valley conference the Aggies won the annual Valley track and field meet at Ames, Saturday. The Aggies scored a total of 28 1-2 points. Missouri University with a total of 26 1-2 points was the Aggies closest competition. Grinnell college and Iowa State College tied for third place with 24 points and Nebraska, Kansas, American School of Osteopathy, Simpson, Drake, Des Moines and Southwestern State Normal followed in the order named.

On account of the high wind that was raging at the time, the meet was slower than it was expected to be. Only one record was broken and that was in the discuss. Bohm of the American School of Osteopathy tossed the discuss 128 feet 6 1-2 inches beating the old record of 126 feet 10 4-5 inches.

Sylvester of Missouri took individual honors with one first and two seconds totalling eleven points. Bohm of the American School of Osteopathy and Haas of Grinnell tied for second with a total of 10 points.

Grinnell College, doped as the winners of the meet were slower than expected and depended too much on their fast dash man, Haas for points. Haas took firsts in both the 100-yard dash and the 220-yard dash, but the rest of the team failed to measure up to his standard.

Missouri was defeated on account of their failure to place in the short races. Sylvester was their principle mainstay. Missouri has lost the meet only once in the last seven years of competition and this meet came as a blow to the followers of the fast Bon Simpson.

The Aggies were supporting a well balanced team and scored a majority of the many second and third places. Only two firsts were scored by the Purple team. Foreman in the two-mile and Gallagher in the 220 low hurdles were the only Aggies to score a first. Watson took second in the two mile and second in the mile. Frost took second in the high jump and tied for third in the pole vault. Evans took third in the 220 yard dash and fourth in the hundred. Gallagher placed third in the hundred. Enlow took third in the discuss.

The Aggie team will have their next meet at Chicago, June 7, when they compete with the Big Ten conference.

The Aggies were supporting a well balanced team and scored a majority of the many second and third places. Only two firsts were scored by the Purple team. Foreman in the two-mile and Gallagher in the 220 low hurdles were the only Aggies to score a first. Watson took second in the two mile and second in the mile. Enlow took third in the discuss.

The Aggie team will have their next meet at Chicago, June 7, when they compete with the Big Ten conference.

She Has Habit of Flirting

"Stop Thief," one of the most interesting, humorous plays that has been staged in the college auditorium is to be given tonight at 8:45.

C. H. Myers plays the leading man's part. He is a young bridegroom who thinks he is a kleptomaniac. Come and see if he really is. His bride Madge, played by Miss Ruth Thomas, has the habit of flirting with other men which makes the young groom very jealous.

Madge's parents have mortgaged their home in order to obtain money enough to give Madge one of the finest weddings in the city. They have also employed a detective to see that none of the presents are stolen. Interesting incidents follow each other where presents disappear and are found in unthought-of places, as in a minister's pocket.

"The seniors have been doing fine work on the play for tonight," said Miss Florence Heizer who is coaching the play.

Cast of Characters

Joanne Carr Miss Ruth Blair
Mrs. Carr Miss Velma Carson
Madge Miss Ruth Thomas
Caroline Carr Miss Hilda Moore
Nell Miss Myrtle Vanderbilt
William Carr Floyd Works
James Cluney C. H. Myers
Mr. Jameson Frank Young
Doctor Willoughby Donald McGregor
Rev. Mr. Spelain E. T. Williamson
Jack Doogan Lewis Rothford
Joe Thompson W. C. Janssen

ference teams in the annual affair of that part of the country. They are expected to show up well in this meet and return with several medals pinned to their track uniforms.

The summary of the meet is as follows:

Two-mile run—First Foreman, Kansas Aggies; second, Watson, Kansas Aggies. Time, 10 minutes, 3-5 second.

Running high jump—First, Paige, Iowa State; second, Frost, Kansas Aggies. Height, 5 feet, 9 inches.

880-yard run—First, Johnston, Des Moines; second, Watson, Kansas Aggies; third Merriam, Iowa State; fourth Parker, Missouri. Time, 1:59 2-5.

One mile relay—First, Nebraska; second, Grinnell; third, Missouri. Time, 3:27 1-5.

Shot put—First, Bohm, American School of Osteopathy; second, Wagner, Iowa State; third, Ebert, Drake; fourth, Lewis, Missouri. Distance, 40 feet, 1-2 inch.

220-yard dash—First, Haas, Grinnell; second, Haddock, Kansas; third Evans, Kansas Aggies. Time 22 3-5 seconds.

220-yard low hurdles—First, Gallagher, Kansas Aggies; second, Sylvester, Missouri. Time 25 seconds.

Half mile relay—First, Grinnell; second, Kansas.

Broad jump—First, Sylvester, Missouri; second, Anderson, Southwest State Normal; third, Paige, Iowa State; fourth, Marshall, Missouri; and Vinsel, Grinnell, tied. Distance, 21 feet, 6 1-2 inches.

One mile run—First, Stone, Iowa State; second, Mitchell, Iowa State. Time, 4:33 3-5.

440-yard dash—First, McMahon, Nebraska; second, Barlow, Missouri. Time, 50 1-5.

120-yard high hurdles—First, Hendrickson, Simpson; second, Sylvester, Missouri. Time 16 1-5.

Discus throw—First, Bohm, American School of Osteopathy; second, Lewis, Missouri; third, Enlow, Kansas Aggies; fourth, Haddock, Kansas. Distance, 128 feet, 6 1-2 inches.

100-yard dash—First, Haas, Grinnell; second, Haddock, Kansas; third, Gallagher, Kansas Aggies; fourth, Evans, Kansas Aggie. Time 10 1-5.

Pole vault—First, Lewis, Missouri; third, Hendrickson, Simpson and Frost, Kansas Aggies. Heiser, Kansas, tied. Height, 11 feet, 8 inches.

Major Harbord Is Promoted

Major General James G. Harbord has been relieved of his duties as head of the Service of Supplies of the American Expeditionary Forces and detailed to chief of staff of the Expeditionary forces.

The appointment of Major General Harbord to this position is one of a series of distinguished advancements achieved by the former Kansas man since he acted as Emergency Commander for the United States Marines in the famous Chateau Thierry battle. He graduated from the Agricultural college in 1886, where he completed a course in telegraphy after which he enlisted in the army at Fort Riley as a private.

Lo Camp

The Ionia Literary society boarded the Blue Valley train Saturday at 2:30 to go to "Doc" Wagoner's farm where they held their annual lo Camp. Saturday afternoon the girls went hiking in the hills and in the evening return to cook supper by an enormous bonfire of logs.

They went to bed in the hayloft and nobody slept because of the unusual night sounds, such as the chirping of crickets, the horses down below munching their hay and the chorus of cats and dogs.

In the morning the freshmen get breakfast and the sophomores washed the dishes. They returned to Manhattan on a hay rack.

THE KANSAS STATE COLLEGIAN

The Students' Publication

Published every Tuesday and Friday of the college year.
Entered at the Postoffice of Manhattan for transmission through the mails as second class matter.

The End of The Year.

The year is at its close. Another nine months have passed into obscurity, but into life. It has been a wonderful year,—in the beginning full of fears, disappointments, and good-byes. In the end, full of pleasures and hopes. There have been many lessons, both in school and out. Lessons that have required brains and honest toil; others that have required manhood and womanhood. The lessons that we have learned will stay with us and do us good.

No one of us will go home with the same conception of life that we came to school with last fall. Some will have new ideals and new plans. Others, who are striving toward the same goal, will have bigger visions, greater faith.

Not all of the teacher's compensation should be money. How many a boy will go out from K. S. A. C. this year to call himself a man, because some teacher has awakened in his life what he did not know was there. How many a girl will give her influence for all that is good, because some teacher has instilled into her life thoughts that are pure.

Then there are the college friendships. How many people have we met this year that have been real to our souls? Some of them have loaned us a note-book, or went on an errand for us; others have helped us to spend a pleasant evening. There are still others that we may call "just plain friends." And what is dearer to the heart of a college man or woman than a friend? They are worth all that we can give them. May we be worthy of them.

And so we go home, feeling that life is at its best—that tomorrow will bring only what is best for us.

It May Be So

That home is sweet even to a hoptoad is perhaps not generally known. Nevertheless several remarkable instances of the homing instinct in these little creatures are delineated in "The Overland Monthly," by F. H. Sidney. This writer, it appears, has made an extensive study of animal and bird life, so that their "loves, hates and tragedies" are as an open book to him! His description of the return of Teddy the Toad runs as follows:

"There is a big toad in my garden whom I call Teddy. I thought I would try and see whether Teddy would make his way back home if carried any distance away. Consequently I placed Teddy in a box one night and carried him on a train to Boston, ten miles from my home, Wakefield, Mass. At Boston I transferred to the Boston elevated and rode to Sullivan Square, a mile outside the city.

"It was just 10:50 p. m. when I opened the box at the junction of the Perkins Street footbridge and Haverhill Street, Charlestown, Mass., near the signal tower where I am employed. Teddy blinked at the arc lights as though sensing direction, then he turned deliberately around and headed directly for home.

"He hopped along by the curbing. I followed him until he turned the corner at Mystic Avenue and crossed the bridge, headed in a straight air line direction toward Wakefield, a different route from which he had come. It was then 11 o'clock at night; while Teddy hopped homeward I went on duty in the tower.

"At exactly 6:15 the next afternoon, as I was playing the hose on my garden, a dusty looking toad, with a small tag hitched to his hind leg trailing along behind him, came hopping down the driveway. He hopped under the faucet and cooled himself with the drippings. I examined the tag; yes, sure enough, it was my Teddy. The tag was the same one I had tied to his hind leg, with my name and address written on it. Teddy had hopped the distance of ten miles to get back to me."

But Her Words Ended Harmony

Nan—Did you notice how dreadfully that piano needs tuning?

Fan—Why, no dear; I thought it harmonized perfectly with your voice. (From the Edinburgh Scotsman.)

STUDENT MIND

Dear Editor:

It is said that the grades of the different honorary fraternities as given out by the Registrar each semester do not show the true relative standing of these different college honorary societies. For instance, if one divisional honorary fraternity always holds the highest grades does this mean that the grading standards of this said fraternity are higher than those of any other honorary fraternity on the hill. At first thought one might conclude that such is the case but studying these grades from a different point of view one might be led to draw other conclusions.

The statistics given below will point out the unfairness of the present grading system insofar as the honorary fraternities are concerned. These statistics were secured from the Registrar's office, home economics, engineering, and agriculture are the only divisions represented here because these three divisions constitute a large majority of the student body.

On the honor point basis which is in use here, in the year 1914-15 the grades of the honorary fraternities of these three divisions were as follows: Omicron Nu, 1.44; Alpha Zeta, 1.21; and Sigma Tau, 0.93. Now, in as much as these honorary fraternities consist of juniors and seniors, let us consider the average grade of all of the juniors and seniors in each of these divisions. This list is to include all of those who are in the above list. The average honor point grade of the junior and senior home economics students for the year 1914-15 was 0.85, for the agricultural students it was 0.79, and for the engineers it was 0.439. The next step is to determine the percentage relation between the grade of all the juniors and seniors of each division and the grade of the honorary fraternity of its corresponding division. This relation shows that the Omicron Nu grade is 169 per cent higher than that of its division considered as a whole, the Alpha Zeta grade is 161 per cent higher, and the Sigma Tau grade is 212 per cent higher.

Making the same calculations from the grades of last semester will give still more striking differences. The Omicron Nu grade was 1.023, the Alpha Zeta grade was 0.741, and the Sigma Tau grade was 0.451. The junior and senior grade of the home economics division was 0.338, of the agricultural division it was 0.339, and of the engineering division it was 0.110. The percentage relation shows the Omicron Nu grade as being 301 per cent higher than that of the junior and senior home economics division considered as a whole, the Alpha Zeta grade 218 per cent higher, and the Sigma Tau grade as 410 per cent higher.

The above figures show that the honorary engineering fraternity has a relatively higher standard of grading than that of the honorary fraternity of either of the other two divisions. It is evident, therefore, that the grades as published each semester may tend to discredit some honorary fraternity when as a matter of fact this same fraternity should be given credit for doing relatively better work than any of the other honorary fraternities. Hamilton.

Dear Editor:

In the last issue of the Collegian I note with interest an editorial suggesting that K. S. A. C. should have a pipe organ. Possibly there is nothing which the college needs worse. I understand that recently the college has established what is termed a full music course. Do you suppose that prospective students will even consider K. S. A. C. in comparison to other colleges when they find out that the music department does not even have a pipe organ?

The stage is also much too small to give a good play. Those who do give plays are under great handicaps. Why not put in a pipe organ which will be a credit to the college, enlarge the stage, and give the music department more room above the enlarged stage? Then the students can give their pipe organ recitals at the college instead of at the Presbyterian church. They will also find the new pipe organ more convenient to practice on.

The money for this should be asked for in the next appropriation made the college by the Kansas legislature. We want at least to rank with schools in Kansas not one half as large as this one.

A Student who is Interested.

People who go in for mind control should have a little of one or the other to start with.—H. W. Davis.

LOOK INTO THIS

Some Worse

A group of students were seated on the lawn under a big shade tree when one of the girls began teasing her roommate by accusing her of talking in her sleep.

"Huh!" declared Dewey McCormick. "When a woman can't talk enough in the daytime, but must keep on talking at night in her sleep, it looks pretty bad, I say. I can't think of anything worse unless a centipede was to have chilblains."

Wouldn't It Be Awful

Prof. Baker to his wife over the phone: "Have you seen Sweetie? I haven't seen him for a whole half hour."

Mrs. Baker. "No, I haven't dear. He hasn't been here this afternoon."

Prof. Baker. "Oh, my goodness! Wouldn't it be awful to lose the only child we ever had?"

"Here, Binks, I wish you'd take my garden seeds and give them to your hens with my compliments. It will save them the trouble of coming over after them."—Life.

But Really no Wish is Too Severe

I wish Jones were more like me—not so eternally precise. He sets too good an example for the neighborhood.

In winter when the snow is on the ground I wake up in the morning prepared to find his walks clean, and momentary thankfulness on the faces of all early risers who are scurrying by to their work. In the summer, his lawn is always neatly mowed, not a weed is to be seen in his garden or along the alley fence, and his flower beds never lack attention.

Think what a nuisance such a neighbor as mine is to the peace of the husbands of the neighborhood! An ambitious wife sees what this man has done, and soon you begin to hear comment like this across the breakfast table.

"It seems to me, John, that you could find time to do half the things for me that Mr. Jones does for his wife. The gutter at the front of the house is leaking, the grass is getting so long that I am beginning to be afraid of snakes in the yard and the weeds in the back yard are big enough to cut for stove-wood. Mr. Jones is a model husband; he doesn't make his wife ashamed of her home. I don't see why I ever married a man like you."

But even in upsetting the tranquility of home life in his neighborhood, Jones is not at his worst. He insists on "rubbing it in" so politely about improving the community in general that you wake up from sound sleep in the middle of the night, wondering if you will feel like starting a household improvement campaign, around your own home early the next morning. You hate to admit it, but Jones has driven you into a corner.

Personally, Jones is too well fortified against criticism for me to attack him. He swears, smokes, plays a good hand at bridge, mixes with his fellows, keeps a bird dog and has an occasional quarrel with his wife. He is not effeminate, and I cannot laugh at him because he is peculiar or find fault with him for anything he does in private life.

I wish Jones had not been born so perfect. I wish he would be content just with being an ordinary man like the rest of his men neighbors. I would like to see one dandelion in his lawn, a row of weeds along his back fence, purslane growing in his garden in riotous confusion with the beans and the beets and the onions, and the gutter on his house leaking after every rain. There is no hope I hold so dear as to find snow on his walk some winter morning and pedestrians looking at the drawn curtains in disconcerted amazement. I think I would improve the surroundings of my own household more cheerfully and go to breakfast with a satisfied feeling, that, for once, I could talk about the affairs of the Jones family in peace.

I do not want to be considered violent in my wishes about my neighbor; but no wish is too severe when a man is hampered by the influence of such a neighbor as Jones.

POINTS OUT WAY TO SAINTHOOD

Dr. W. E. McCulloch Brings Message to Class of 1919

Strive to attain the saintly life, urged the Rev. W. E. McCulloch, D. D., pastor of the Homewood United Presbyterian church, Pittsburgh, Pa., in the baccalaureate sermon Sunday to the members of the class of 1919.

"Self surrender, struggle, humility, knowledge of God, sympathy, consecrated activity, are the marks of sainthood," Doctor McCulloch stated. The saintly life includes the simple, the strenuous, the separated, the victorious and the blessed life.

Defining sainthood, the speaker pointed out the error of supposing that saints are necessarily separated by the disposition and habit from the world and from other people. In the middle ages, he said, there doubtless were saints answering to this description, but the great majority of medieval saints were "men and women of exceptionally noble character, who loved devotedly the Lord Jesus and who through the influence of their lives have made the world immeasurably better." The twentieth century conception of sainthood, however, he went on to say, is even higher than the thirteenth, fourteenth, or fifteenth century conception.

"In the lives of all true saints," said Doctor McCulloch, "there has been manifested an earnest whole hearted desperate striving after the ideal. To reach the place that is near to Christ there must be a fierce fight with evil in one's own soul. Furthermore, there must be a battle with the powers of darkness, a hand-to-hand conflict with the forces of hell. That this is true is practically the universal testimony of the saints.

Read the seventh chapter of the Epistle to the Romans. There are honest differences of opinion with regard to its interpretation, but we are certain of this much; that particular chapter is the record of the heroic struggle of a soul.

"When we think of the battlings and strivings of the saints, does not much that passes as modern Christianity look cheap and weak, easy going, and practically spineless? It shuns anything that looks like conflict. It would rather remain on the low levels than to storm the heights. Now and then at religious conferences we are regaled with a sort of pious sentimentality which urges us to cease striving and to assume a passive attitude and just allow the Lord to do everything for us. It is certainly true that without God our case is hopeless and that God does mighty things for us. We believe, however, that the Lord wants us to do a lot for ourselves. 'Work out your own salvation with fear and trembling.' 'Fight the good fight of faith.' These are the stirring exhortations of the Old Book. God pity us if we cease to fight, if we lose the militant spirit, the spirit that battles heroically against all forms of evil within and without.

"Humility marks the true saint of God. Did you ever think how suggestive it is that the greatest Christian of the ages should speak of himself as the chief of sinners? Paul never posed before his fellowmen as a marvel of sanctity. He was the humblest of men. The real saints of all the ages are a humble company and the reason is that they attained unto the place near to God."

Our Modern Man Trap—the Family Hotel

The greatest sport at a family hotel, next to kicking about the heat or water supply, is picking wives for the eligible bachelors. It serves to relieve the deadly monotony of life for the matrons, young and old, the grass widows and the spinsters, who also reside at the hotel.

Every family hotel seems to have two or three more or less handsome, more or less wealthy and consequently more or less eligible bachelors and many, many would-be advisers of these same bachelors. There is some ancient, but still strong instinct in woman that makes her yearn to find a mate for each and every one of her bachelor friends. She looks upon them as poor, lonely creatures, utterly bereft of the supreme joys of existence, and she nobly betakes upon herself the burden of getting them started right—by getting them a wife. No matter whether the poor bachelor is willing or not, he's just got to get married.

Mrs. Jeems and Mrs. Looks and Miss Tibby, having an idle hour or so before them and lacking a fourth hand for bridge, decide to take up the case of one Mart, an irreconcilable bachelor.

"I see Mr. Mart, has a new car," remarks Mrs. Looks, by way of giving

impetus to the discussion. "Yeh, isn't it a shame that he is single. Such a nice, gentlemanly man, too, and makin' good money," comments Miss Tibby.

"He could be so romantic if he only would. That touch of gray at his temples and his rathered bored air giving him such a look of the man of the world," says Mrs. Jeems.

"Poor fellow. He would make an ideal husband, I do believe. Really, girls, we owe it to him, to find some sweet girl for him," declares Mrs. Looks, unctuously.

Thereupon the conspiracy against the peace and happiness of one Mart is inaugurated.

"Don't you think Miss Tucky would be just the right kind of a wife for him?" suggests Mrs. Jeems.

"Oh, girls, why haven't we thought of it before? I know they would be charmed with each other. We really must arrange for them to meet," enthusiastically affirms Miss Tibby.

"You call her up, Blanche, and have her come down here to visit you this evening. Then we'll just happen to be out on the veranda when he drives up. Neither one will know of the plan and we can introduce them and speak of his new car and then a little later remark how far she will have to ride on the street car to get home. Why, it can't help but work; he'll just have to volunteer to drive her home and that ought to be enough of a start for her. She surely will be able to do the rest," outlines Mrs. Looks, who has a strategic mind.

"Oh, I think it's such a dear idea. I'd planned to go to the movies tonight, but I'll gladly stay here just to help the plan along," volunteers Mrs. Jeems.

And poor Mart, dreaming at the office of a quiet evening at home with only his favorite magazine and a good cigar, walks right into the trap.

A gentleman, crossing a rustic bridge one day, observed a Simple Simon carefully playing his rod and line into a bed of roses.

"Ah!" said the gentleman, as he slipped a sixpence into the simple one's hand. "And how many do you intend to catch?"

"Well," was the reply, "you're the fifteenth!" —Tit-Bits.

"The terpsichorean absurdities of youth," says Lucius Spodium, "are as infernally diabolical to the ratiocinative abandon maturity as rime is to a modern poet—which is some diabolical." —H. W. Davis.

Alpha Delta Pi

Miss Evangeline Casto, '18, of Wellington, Miss Gertrude McQuade, '18, of Fairbury, Nebr., Miss Grace Dickman, '18, of Postoria, Mrs. Harold Goble of Riley and Mrs. Bernard Lamer of Salina will be the guests of the house over commencement.

Mrs. Alice Marcot will leave next week for her home in Concordia. Mrs. Marcot will be the Alpha Delta Pi house mother again next semester.

Mrs. Boggs of Concordia who has been visiting for the past week with her mother, Mrs. Alice Marcot has returned to her home.

Mrs. Harold Goble was a Friday evening dinner guest at the house.

Mr. Harold Woodward was a luncheon guest at the house Friday.

Miss Greta Gramse spent the week end at her home in Perry. Mr. Steward Hunt was a Friday evening dinner guest at the house.

Sigma Phi Epsilon

Mr. Albert Metz of Anthony visited the chapter Wednesday and Thursday. Mr. Metz will be in school next fall.

Dr. MacArthur went to Riley Thursday evening to give a Commencement address.

Mr. Peter R. Owen was in Topeka Wednesday on business.

Mr. C. O. Granfield, '17, of California, is visiting at the house this week end.

Kappa Kappa Gamma

Miss Adelaide Lutz spent the week end at her home in Guthrie, Okla.

Miss Betty Cotton visited her father at Wamego on Sunday.

Miss Hazel Chain of Wichita and Miss Pauline Ellett of Towanda spent the week end at the Kappa house.

Sarvis-Andrews

Miss Fae Sarvis of Norton and Mr. Benjamin M. Andrews, '16, of Norcatur, were married Sunday, May 11, at Schenectady, N. Y. They will reside at 8 Willow Avenue, Schenectady.

Delta Delta Delta

Miss Alice Nelman, '18, who has been teaching in Tecumseh, Neb., this year, is visiting at the Tri Delta house.

Miss Pauline Richards, '18, and Miss Marjorie Anne Richards arrived Sunday for a visit at the house.

Mr. and Mrs. P. H. Halleck of Abilene will spend the week end in Manhattan and will attend the commencement exercises of their daughter, Miss Lucile Halleck.

Mr. and Mrs. H. E. Seeds of Topeka will attend the commencement exercises of their daughter Miss Adelaide Seeds.

Delta Zeta

Miss Ollie Klotz and Miss Bernice Klotz returned Sunday from their home in Wilson.

Miss Lenore Edgerton and Miss Viola Brainerd spent Friday in Randolph.

The Delta Zeta sorority will hold its annual formal banquet Wednesday evening at the Pines. Several alumni members are expected to attend.

Miss Lois Litchfield arrived Friday for a visit of several days at the Delta Zeta house.

Party

Mrs. A. A. Potter entertained with a supper party Wednesday evening for the members of the Delta Zeta fraternity and a few other friends. Covers were laid for Mrs. C. E. Sulenberger, Mrs. L. E. Downs, Mrs. W. A. West, Miss Evalene Kramer, Miss Lenore Edgerton, Miss Ollie Klotz, Miss Ada Robertson, Miss Leah McIntyre, Miss Edith Wakefield, Miss Winifred West, Miss Leona Hoag and Miss Izil Polson.

Dinner Party

The MacDowell club will entertain with a dinner party at the Gillett hotel Tuesday evening. Decorations of smilax and daisies will be used. The fourteen members of the club will make up the party.

Chi Omega

Miss Davida Dow of Salina spent the week end at the Chi Omega house.

Miss Glenna Morse of La Cross, Ks. arrived Sunday and will visit at the Chi Omega house till the close of school.

Miss Alice Dawson who graduated from K. S. A. C. last year and has been teaching the past year at Meriden, arrived Sunday for a few days visit at the house.

Miss Lucy Inge and Miss Margaret O'Connell of Independence were week end guests at the Chi Omega house.

Miss Florence Hitchell of Kansas City is spending the week at the house.

Miss Beulah Smith of Osborne, formerly a student here is spending the week at the house.

Miss Ruby Crocker spent Saturday in Topeka.

Miss Bess Curry spent the past week in Norton visiting her parents.

Sigma Phi Delta

Lieut. and Mrs. W. R. McReynolds of Camp Funston, were dinner guests Friday evening.

Mr. P. J. Paxton of Topeka was a week end guest.

Dr. and Mrs. Leinhart, Miss Lucile Heiser, Mr. B. Bate, and Mr. Nell Puetze were Sunday dinner guests.

Mr. R. E. Steffe was a week end guest.

Mr. H. L. Hudson, 116 Engineers, visited his brother, Mr. Harry Hudson, here Sunday.

Sigma Phi Delta will hold their annual alumni banquet at the Gillett hotel Wednesday evening.

Sigma Phi Epsilon

Sigma Phi Epsilon announces the pledging of Mr. Hubert J. Counsel of Garden City.

Formal initiation services were held Sunday morning for Mr. Harold G. McGinley.

Mr. Earl Taylor was a luncheon guest Saturday.

Miss Irene and Miss Marion Brookover were dinner guests Saturday evening.

Mr. Fritz Hill of Lecompton was a guest at the house Saturday and Sunday.

Mr. and Mrs. J. W. Hinshaw and Mr. Waldo Hinshaw of Eureka are visiting Mr. Orin Hinshaw this week.

Pi Kappa Alpha

Lieutenant Crooks who is at Fort Riley awaiting his discharge was a dinner guest Friday evening.

Mr. Sherman Bell of Perry is spending the week at the Pi Kappa Alpha house.

Mr. Harold Goble of Riley was a Friday evening visitor.

Mr. Wiley Whitney of Troy will be a guest at the Pi Kappa Alpha dance to be given Wednesday evening.

Pi Kappa Alpha

The Pi Kappa Alpha fraternity held formal initiation Sunday for the following: Mr. Horace Randels of Anthony, freshman in agriculture; Mr. Carl Trace of Commerce, Okla., junior in agronomy; Mr. Cecil Moore of Manhattan, freshman in engineering, and Mr. John Gullledge of Siloam Springs, Ark., junior in engineering.

Delta Zeta

Miss Lois Litchfield of Blackwell, Okla., is the guest of the chapter for a few days.

Miss Lenore Edgerton spent the week end at her home in Randolph.

Delta Zeta will entertain with a Farewell banquet at the Pines Wednesday evening.

Co-eds are

Wonderful Speculators

That a co-ed's mind reaches out to not only the practical, but the mysterious and awful would be the conclusion of an unobserved listener in Miss Brown's class in general zoology.

All the mysteries of evolution are discussed and eagerly the girls speculate on the possibilities of man becoming extinct, on what his further evolution may involve and whether he would be conscious of the fact if the monkeys were really superior to himself.

They enter into heated discussions of whether the cow can lose her cud, and how to restore it, how to tell a horse's age by its teeth, how to skin a tail and the value of skunk's flesh as food.

No barefoot lad studying the inmates of the wild ever asked more questions than these eager co-ed's do as they struggle with the mysteries of animal life on the earth.

We fear that the world is going to be sadly disappointed in the shimmy wiggle. It isn't half as bad as it has been painted; and aside from nauseating the onlookers, it ought to work little real harm.—H. W. Davis.

CLASS ANNUAL WELL BOUND

BOOK CONTAINS 480 PAGES WELL PRINTED AND ENCLOSED IN STRONG COVERS

Not All of Humor in Royal Purple Was Intentional—Many Students Were Misnamed

The 1919 Royal Purple just out contains 480 pages, well printed and enclosed in fine strong covers. However, as little Benny said in his notebook,

"You can't blame the author if you don't like the cover, But you can if you don't like the inside."

"For though the covers are very important

To know where to end and to start, Everybody who has ever read much Looks inside for the instructive part."

And, by the way, the instruction contained in this annual is great and varied. One girl found her name spelled differently with every picture or her that was used in the annual, and there were several cuts used. One of the sophomore class officers found that when her picture appeared in the group of officers she had unconsciously taken upon herself the name of one of the young men in the school. And she never even had a case with him.

The section devoted to the college athletics is labeled, "GAMES" and a baby boy's picture adorns the title page. One might easily imagine that the college had been playing "Simon says thumbs up," "Pussy wants a corner," or "Patty Cake."

But when he glanced at the first picture, he would have changed his mind and thought that probably Coach Clevenger and Coach Schulz had only been up to the clever stunt of coaching games in some girl's seminary. Coach Clevenger's picture is placed on the right hand side in the position belonging to the assistant coach.

The members of the men's Pan-Hellenic council, since seeing their pictures in the annual have probably had quite a hard time indeed to discover just exactly who they are, anyway. The names and pictures of the men are all there but not in corresponding order.

Seniors who have held some of the highest all-college honors in this school and who turned in these lists of honors after their names for the annual, have seen their names come out in the annual without mention of these all-college honors while the names of others are loaded down with lists of unimportant committees, and things that the majority of the students never heard of.

Much unfavorable comment has been expressed on the cartoon of President Jardine and the comment accompanying it. Representative students point out that Doctor Jardine is one of the most popular college presidents in the Missouri Valley, and that the cartoon and write-up constitute an unwarranted attack, devoid of humor and of any basis in fact. Such material, they state, will cause injury to the institution which the book is supposed to represent.

One part of the book which is indeed a credit to the college is the section devoted to the K. S. A. C. boys who have given their lives in the World War and to other 1919 men who were in the service. Every Aggie will treasure this remembrance of his friends and will be proud of it.

The instructive part of the book ends with the following stanza:

"Thanks,
Everybody—
And if you hear
of a job
Any place
Tell the boss
That
We have had
EXPERIENCE."

Both Sides Holding Firm

"Why don't you get rid of that mule?"

"Well, suh," answered the negro laborer, "I hates to gib in. If I were to trade off dat mule, he'd rega'd it as a pus-n-l victory. He's been tryin' foh de las' six weeks to get rid ob me."

—Ex.

A physician, passing by a stonemason's shop, called out:

"Good morning, Mr. Jones. 'Hard at it, I see. I suppose you finish them as far as 'In memory of,' and then wait to see who wants a monument next?"

"Well, yes," replied the old man, "unless I hear somebody's ill and you're attending them, then I keep right on."

—Passing Show.

A True Vet

"Hello, Sam, haven't seen you for a long time. Where have you been?" asked an old acquaintance.

"Ah's been ovah in France wid de United States Vetahnahy Fo'ces."

"Veterinary? I guess you mean veterans, don't you, Sam?"

"No, Ah reckons Ah means just what Ah says—Vetahnahy. Ah jest naturally been a vetahnahy—feedin' them 'German' dogs' gunpowder for they distemper."

—The Open Window.

Lucy Grows Moderate

Had I an hundred eyes of blue,
They all with love would glow
Should Percy's self sail in my ken—
He's such a darling beau.

If Percy's love were breathed to me
Out underneath the moon,
Had I a thousand thousand hearts,
They'd madly beat in tune.

—Lucy Wonder.

Life is an awfully dull and tiresome proposition between bridge parties, ain't it?—H. W. Davis.

Save time and trouble. Send your dry cleaning with your laundry. We can please you. A. V. Laundry. Use Phone 701.

Miss Charlotte Morton of Ellsworth will attend the Commencement exercises this week. She will be the guest of her sister, Miss Alice Morton, senior in general science.

We have successfully cleaned several garments in the past week that other cleaners had pronounced hopeless. If you have anything of this kind give us a trial. A. V. Laundry, Phone 701.

Students at Kansas Military School Ask to be Killed

Such is the startling announcement contained in a recent number of the Literary Digest. The explanation is as follows: Just to prove that most people will sign a petition without reading it over first a bright young upper classman at St. John's Military School recently circulated a petition calling for the decapitation of those signing. He obtained fifty signatures. In the petition the words HOLIDAY, and TUESDAY, FEBRUARY, were typewritten in capitals and stood out from the rest of the petition. These are the words that did the work.

At a dance given at the school the same evening the names of the signers were called out and the cadets were told to form a line in the center of the floor. After they had done this, the petition which all had signed was read in full, much to their consternation. The text of the petition follows:

St. John's Military School, Salina, Kansas, Feb. 3, 1919. To the Faculty of St. John's Military School:

"We, the undersigned, do hereby respectfully submit the following petition:

"That in view of the fact that the cadet corps has been unusually conscientious in the performance of its duties and obligations and that the school spirit heretofore displayed has been a great credit to the institution, and since the officers have been very punctilious in the performance of their duties to the great assistance and relief of the faculty.

"Be it hereby respectfully petitioned that if

A HOLIDAY be considered on TUESDAY, FEBRUARY 4, the faculty postpone the

same indefinitely as an unworthy reward for the above-mentioned excellencies and virtues.

"As a more fitting recognition of our achievements, we beg that something be granted which will not soon be forgotten. On the date mentioned, we request that we, the undersigned, be conducted to the rear of the gymnasium and be there noisily decapitated.

"The formality of notifying our parents can be done away with, as it will not be worth while. All our belongings, such as text-books, old shoes, pants, jerseys, kite-strings, photographs, marbles, shiny clubs, pennants, paper airplanes, and chewing-gum we dedicate to the school, hoping thereby to preserve the memory of otherwise useless lives.

"All of which we humbly petition."

—Ex.

Lord Hardinge tells a somewhat gruesome and yet distinctly humorous story about an epitaph he once noticed in a cemetery in one of the hill stations in India. A British officer had been murdered there some years previously by his native servant, and the men of his company had subscribed for a memorial stone. On this they had caused to be recorded the manner in which the deceased had met his death, followed by the text, chosen under the circumstances with truly marvelous maladroitness: "Well done, thou good and faithful servant."

—Tit-Bits.

Just Like Dad's

"Now, my little man," said the barber, "how would you like your hair cut?"

"Just like Papa's," little Eddie promptly replied, "with a round hole at the top."

Don't forget. We do cleaning, pressing and repairing. We guarantee satisfaction. A. V. Laundry, Phone 701.

At a Venture

(In a Country Store.)

Silas, I wuz a-readin' about that feller from Germany that delivered his answer ter th' Alleys while he wuz a-settin' down takin' things easy 'round th' peace table at Versigh; an' he says, all flushed up, that et wuz a peace made in hate an' don't show no E. Z. Marks on th' part of them as attacked Germany in th' middle of th' night, an' treated th' flower of her youth mighty rough while they wuz defendin' themselves. Silas, wuz them Germans expectin' th' Alleys wuz a-goin' fer ter fall on their necks, weepin' copiously, regardin' them as prodigal sons that wuz repentin' 'cause they near had ter eat husks, by gosh!"

"Not 'tall, Reuben; not 'tall. Yer see et iz this way with them Germans. They kin never realize that a coin hez two sides, an' ever'thin' is jest heds fer them, an' they says ter themselves, them Alleys will be so happy ter think they hev' escaped th' scalpin' an' slow burnin' Kultur we wuz a-gettin' ready fer ter inflict upon them that they will fergive ever'thin', jest like yer fergive everybody when yer hev' a big golden weddin' an' air beamin' all over with joy 'cause yer air still livin'. So when that feller was a-readin' th' fust article of them peace terms, an' found they hed ter pay considerable, he wuz feelin' mighty bad an' says, scientific-like, 'Accordin' ter international law, which is sacred from now on, yer can't make us pay fer what we wuz a-goin' ter do ter yer, an' what we hev' done ain't nothin' ter what we wuz a tryin' fer ter do; so what we hev' done is so small, measured by what we intended ter do, that ef yer want ter settle in proportion, yer owe us, by gosh!"

"But, Silas, I don't understand what makes them Germans feel we ought fer ter love 'em."

"Why, Reuben, mebbe they figger like th' feller Pat what wuz up ter th' hotel bar last week, with his friend Dennis. Says Pat, 'Air ye me frind, Dennis?' An' Dennis wuz a leetle slow answerin', so Pat give him a punch in th' face yer could hev heard down ter Rockaway, sayin', 'Air ye me frind, Dennis?' Finally, when they wuz both beat ter a pulp, things wuz turned 'round, an' Dennis wuz on top punchin' Pat, an' he says, 'Pat, air ye me frind?' An' Pat gasp-

ed, 'I am,' an' Dennis says, 'Let's hev' a drink an' talk it over.' An' while they wuz a-drinkin' Pat says, 'I'm th' best frind yer ever had, Dennis, an' yer ought ter love me better'n your wife,' an' Dennis says, 'How's thet, Pat?' An' Pat says, 'Why, Dennis, ef I hedn't stopped when yer wuz a-punchin' me, yer would hev kilt me dead, by gosh!'—A. S.—New York Evening Post.

Crawford—"Since he became a mag, nate his expenses are enormous."

Crabshaw—"No wonder. He hires a doctor to keep him out of bed and a lawyer to keep him out of jail."—Life.

E. J. MOFFITT
